

Chapter 757

Sabina could never forget the time when Chuck shot her. Her hand was almost disabled from that incident. If it was anyone else, that person would never be able to endure the pain.

Even though Sabina was tough, she had to endure the pain when she performed the surgery on herself.

Karen was taken aback. Willa and Yvette also didn't expect that.

"My son shot you?"

Karen frowned. When Chuck returned previously, he never mentioned anything about the shot because his sole purpose was to save Black Rose.

"Yes. He shot me right here!" Sabina sounded extremely livid.

She felt that it was very ridiculous. So what if Chuck understood her? In the end, he still pointed a gun at her.

Friend!

How ironic!

He only used her!

Karen was speechless. If it was really Chuck who shot her, she couldn't do anything about it. Why did Chuck shoot Sabina?

"Sabina, could it have been a misunderstanding?" Karen asked.

"Misunderstanding? Do you think it's a misunderstanding?" Sabina squinted her eyes.

"I mean, it might be a misunderstanding."

"I saw him holding the gun with my own eyes. Do you think it's a misunderstanding?" Sabina replied coldly.

Karen, Willa, and even Yvette were silent.

The three of them knew how important a gun was to a marksman. It was like a car lover who would not let anyone else touch their car.

Therefore, it was unlikely that someone had dropped their gun and coincidentally Chuck picked it up.

Karen thought that the possibility of that happening was too unlikely. At least, she would not drop her own gun.

Because her gun had been by her side for more than twenty years, she would never lose it or replace it.

"With this shot, we've cut off all ties! I don't have anything to do with him anymore!" Sabina said.

"Alright, let Yvette go!"

Karen looked dignified. She knew very well what Yvette meant to Chuck.

If something happened to Yvette, she might not be able to face her own son.

Willa reached out for her gun.

"Don't move! Don't underestimate me," Sabina said coldly.

Willa's expression was stiff.

Sabina had already surpassed her in some aspects, thus it would be dangerous for Yvette.

"Willa, don't move. Sabina can react swiftly," Karen said slowly.

They couldn't afford to make a mistake with Yvette's life on the line!

Otherwise, she would not be able to face Chuck!

"Yes, I know." Willa didn't say anything to Sabina but continued to keep an eye on the Yeager family.

"What do you want?" Karen asked.

"Is this the kid that grandpa has raised outside? She's all grown up now."

"So what? She was the one who killed Grandpa!"

The Yeager family was glaring furiously at Sabina.

"Hush! No matter what, she's still a member of the Yeager family. Perhaps she's here to save us?"

The Yeager family members whispered.

At a time like that, did it matter if Sabina was responsible for killing Brooke?

It didn't matter.

The important thing was that Sabina might be there to save them!

Immediately, all the Yeager family members were filled with hope.

"You know what I want!" Sabina uttered.

"Yes, I can promise you anything you want, but you have to let me make a phone call first because Chuck is currently in Loomis' hands. If this call is delayed, Chuck might die..."

"Die? What does that have to do with me?" Sabina's gaze turned cold.

Karen was stunned.

"He shot me, so why should I care if he lives or dies?" Sabina sounded stone cold.

"Even if you don't care, I do. He is my son!" Karen's voice was gruff.

"It has nothing to do with me! Today, I'm here to take back the position that belongs to me! That is, to be the head of the Yeager family!"

Her voice echoed in the hall.

Everyone was dumbfounded. What?

Sabina was going to be the head of the Yeager family?

"Sabina, you want to be the head of the Yeager family?"

An elderly man spoke up and asked.

"Yes, the position belongs to me!"

"But you killed Grandpa, why should you be the head of the family?"

"I didn't kill him. Loomis was the one who killed him!"

Sabina enunciated each word clearly.

There was much hatred in her voice when she said it!

There was an uproar among the Yeager family!

"Loomis killed him?"

"How is that possible?"

"Loomis dared to kill Grandpa?"

"I think it's possible. Loomis indeed killed a few people in the house. He was the one behind the death of my cousin."

"Really?"

"Of course. Think about it. All the other candidates to be the head of the family are dead, but Loomis is still alive, and he has succeeded in becoming the family head. What does this mean? Are you guys still not getting what I mean?"

"Why didn't you speak up that day?"

"Do you think I dared to say anything?"

Everyone was suspicious in the first place, but after someone had spoken up, there was an uproar.

Everyone was clamoring!

Thomson was furious. "You're talking nonsense. How could my son do such a thing? Even if you want to be the head of the family, you don't have to slander my son!"

"You clearly know whether it's slander or not!" Sabina

said coldly.

"I'm not sure. You're the one who killed my dad!" Thomson would definitely take Loomis' side!

"I killed Grandpa and let you hunt me down? I'm the successor to the head of the family anyway. Is there a need for me to do that?" Sabina sneered.

"That's right. When Grandpa was in a coma, I heard him saying Sabina's name. Grandpa was trying to tell us that she was the next heiress. There was really no need to kill Grandpa."

"I think so too."

As the Yeager family discussed, everyone started to suspect Loomis.

Thomson became anxious. "Sabina, you are so vicious. You actually dare to slander my son. You want to be the head of the family, but it's impossible. My son has already taken the position. And you, you've killed my father, and my son will come to hunt you down for revenge!"

"I didn't kill Grandpa, and I have nothing to say. Today, whoever wants to stand on my side, I'll save you. I won't force whoever that stands on Loomis' side!" Sabina didn't have to argue anymore.

Meanwhile, she had taken Yvette hostage and could easily save all of them. Was there anything else for them to say?

Would it be better if all of them remained neutral and let the both of them fight among themselves for the position?

The Yeager family looked at each other in dismay!

After all, it was a choice of life and death.

"I'll stand on Sabina's side!"

"Me too!"

"Me too!"

Many people began to express their opinions, but only a few people remained silent. Thomson was shocked and furious. "You... you... When my son comes back, you will be doomed!"

"Hmph! Where is Loomis now?"

"We just want to live!"

"That's right!"

Basically, all the Yeager family members stood by Sabina's side.

It seemed like the tide has turned!

Karen's eyes narrowed. "Sabina, honestly, you have really surprised me!"

Chapter 758

"It's your son who changed me! Ask him yourself!"

Sabina answered coldly.

"Everyone, be quiet!" Sabina shushed everybody.

Everyone fell silent!

They all looked hopefully at Sabina.

She was their only hope to survive!

Thomson was furious!

Sabina suddenly appeared in the nick of time to save them. Of course, everyone would take her side.

She won back the hearts of the Yeager family with ease!

Sabina was very cunning.

"Karen, leave with her and I'll let her go!" Sabina said coldly.

Meanwhile, everyone had decided that she was going to be the head of the family. What more did she want?

All she needed was just to have a nice chat with Loomis!

"I have not called my son yet!" Karen's voice suddenly became gruff.

"It's none of my business. Leave! Don't force me!" Sabina said coldly.

Karen approached step by step!

Sabina frowned. "Karen, don't make me do it. The moment I pull the trigger, I will kill her!"

Karen said for the first time, "There are some things that I don't want to say out loud. I let you go last time, and consider this time as me returning a favor. Let Loomis' father call him!"

Usually, she would not mention what she had done. However, it was related to Chuck's life at that moment!

She had no choice but to say it.

"It's just a call! Is it that hard?" Karen stared at her.

Sabina was expressionless.

She suddenly frowned while she was pinching Yvette's shoulder. Yvette suddenly turned around forcibly and stared at her. "Kill me!"

She was not afraid of death.

It was the only opportunity to save Chuck. Chuck could have been saved by then, but Sabina had somehow intercepted.

"You think I won't?"

Sabina glared at her furiously!

She wanted to play reverse psychology!

Yvette remained expressionless. "I don't care if you kill me. My only intention is to let Chuck survive. I don't care about anything else!"

Sabina snorted, "Why should I let him live? He almost killed me with that shot!"

"I don't care. I only want him alive!" Yvette said coldly as she stared at Sabina.

Meanwhile, the gun was already pointed to her chest.

Yvette was going to die if Sabina pulled the trigger!

But Yvette was not afraid!

Sabina's eyes were cold. She turned to stare at Karen. "This is the last time! Make the call!"

"Okay! Call now!"

Karen knew what that meant!

"Karen, tell Chuck that I'm not dead, and I'll be looking for

him!"

Karen was silent for a moment and also understood what she meant.

It was unexpected!

What happened that day could have been solved very quickly. They could've just banned the Yeager family as the hidden family!

Due to Loomis' lack of ability, the Yeager family became less powerful.

However, with Sabina's ability, the Yeager family could improve by leaps and bounds.

In fact, the possibility of a break-in happening at night would basically be non-existent.

In other words, it was time for someone else stronger to deal with Chuck and Karen.

Karen understood her the moment she said it!

Sabina took out her phone and called Loomis, "I... I'm waiting for you at your house!"

Without waiting for Loomis to reply, Sabina hung up!

Karen frowned. The time was too short to buy Chuck some time!

She stared at Sabina.

"Karen and Willa, you two can leave now. As for Yvette, I'll let her go! Don't force me to do anything!"

Sabina warned!

"Auntie, Auntie Logan, you guys leave first!" Yvette was relieved.

The earlier call was enough to make Loomis anxious. If he panicked, Chuck would seize the opportunity to fight back.

Even if he didn't catch Chuck, Loomis wouldn't kill him.

He would spare Chuck's life first as precautionary measure!

With that, they could save Chuck!

It was just that their distraction had failed that day!

Karen and Willa did not move.

Sabina narrowed her eyes, not saying a word!

"Willa, let's go first!"

Karen uttered.

Willa was silent for a moment and agreed.

The two of them left.

At the entrance, Karen turned her head and said, "I'll wait for Yvette for a minute. If she doesn't come out, I won't let it go!"

Sabina frowned!

Karen and Willa left!

The Yeager family heaved a heavy sigh of relief.

"Sabina, don't let her go! Let me kill her!"

"Yes, she can't escape. We have a lot of bodyguards in our house, they can't escape!"

All of them started talking.

They were unwilling to let them off the hook, as they wanted to kill them moments ago!

"Do you think you can stop Karen?" Sabina said coldly.

"Sabina, we still have..."

The Yeager family was dumb!

"What else? If Karen can march in here, she can definitely escape. There's no way we can stop her. But the next time when she barges in, there's no way she can leave!" Sabina sounded extremely cold.

Loomis' management was not good enough, and there

were loopholes. Karen could get in because she had taken advantage of the loopholes!

After Sabina became the head of the family, she would have a completely new layout of where the bodyguards would need to keep watch!

Because she knew these things!

"Yes, she is right!"

Everyone nodded and said, "It's a pity that we let Karen and Willa go."

"Then we can kill this woman! Don't let her go."

"It's important to honor your words!" Sabina said coldly, "Go!"

Yvette stared at her with her cold and beautiful eyes. "I won't let you catch me twice!"

Yvette was too worried about Chuck earlier. She did not pay attention for a moment and was suddenly subdued by Sabina.

"There are no more chances. Next, I'll play with you guys. I don't know if you can endure it!" Sabina said with a sneer.

Yvette was furious, but she was worried about Chuck, so she left quickly!

Sabina stared at all the members of the Yeager family!

It was astonishing!

They were family, but no one dared to look at Sabina!

Including Loomis' father!

Sabina walked toward Thomson. Everyone moved aside and no one dared to stop her.

Thomson was terrified...

"Loomis, Loomis..."

Karen and Willa waited at a corner. Willa was

worried. "Will she let Yvette go?"

"She's changed, but I don't think there'll be a concern."

Karen shook her head, "It's just that I was careless this time. I let Sabina become the head of the family. I didn't expect that Chuck would've actually shot her..."

Meanwhile, someone ran out. It was Yvette.

The two of them heaved a sigh of relief.

The three of them didn't say anything and quickly left the place.

When they arrived at the location where the plane was, they boarded the plane and headed straight to Chuck!

Chapter 759

"No, Chuck..."

Sophia screamed in despair.

Chuck's arm was moving. He was holding the dagger that she had given him.

The dagger was crafted by her and was so sharp that it could cut through iron. With that cut, he could sever his entire arm.

In just a second, Chuck's arm would be severed, which meant that he would die there.

"Hurry up!" Loomis couldn't help but laugh hideously.

He had waited for this moment for far too long.

Everyone else was watching.

To them, it should be interesting to see someone sever his own arm.

Chuck's dagger was about to cut his arm off when he suddenly stopped!

"Chuck, what are you doing? Hurry up! Don't you want me to let go of Sophia? If you want me to let her go, then continue with it!" Loomis interrupted while he was indulging in his enjoyment.

He was furious!

That kind of bloody scene should be done in one go. How could he just stop halfway!

"Five!" Chuck blurted out a number.

Everyone was taken aback.

"D*mn it! What did he say?"

"Four..."

"Oh my gosh! Is he counting down? Is he saying goodbye

to his arm?" Laughter sounded all around.

Everyone was laughing at him!

"Three! Oh, it should be one!" Chuck looked up.

Loomis smiled hideously. "Enough stalling! End this right now!"

However, he couldn't finish his words.

Suddenly, there was an explosion from outside!

Boom!

In that cave, it suddenly shook violently like an earthquake!

An explosion filled the air, it was deafening to the ears!

All of them fell down due to the sudden quake. They were all shocked!

"Whoosh!"

Someone moved!

It was Chuck!

When he came in just now, he had planted a bomb. The time was set! He had been keeping track of the time!

It finally exploded!

"Oh no, Chuck!" The man closest to Sophia was dumbfounded!

"Chuck was about to sever his own arm. How could he be so quick!"

Meanwhile, while he shouted, Chuck threw the dagger!

It hit right in the middle of his chest!

He fell to the ground in shock. He couldn't believe that he could be killed with a single blow.

Chuck ran over and pulled out his dagger, then used it to cut the tie that bound Sophia.

Once the tie was loosened, Chuck helped Sophia up and

ran toward the exit!

The door was closed, but Chuck managed to save Sophia!

"Chuck, you scared the hell out of me..." Sophia cried. She hugged Chuck and cried out loud.

"I'm sorry. I'm going to save you!" Chuck said gently.

Sophia had suffered so much, thus Chuck felt sorry for her.

"Ridiculous!" Loomis' expression was distorted.

The strong explosion blew him to the ground! It was all Chuck's doing!

Fortunately!

So what if Chuck saved Sophia?

There were so many people, not to mention that Chuck was severely injured earlier. They could still lock the place down and hunt them down!

It was just a pity that he couldn't indulge in seeing Chuck get beaten up.

There were even more interesting things he could do, that was to order all of his subordinates to hunt him down at once!

With a few punches and kicks, Chuck would be beaten to death!

"Do you think I didn't prepare for this at all?" Chuck's gaze turned cold.

"So what if you've come prepared? I'm going to close the door and beat you up!"

"I don't think so!" Chuck stepped forward.

His aura was still the same!

The three men who had beaten him up earlier were puzzled.

"Why is Chuck's gaze still so stone cold?"

"Shouldn't he be on the verge of death?"

The three men punched and kicked Chuck who had been wearing protective clothing all the while. The bashing was all shielded, which greatly lessened his injury.

"How is this possible!" Everyone was puzzled.

"Damn it, are you three so weak! How did you hit him!" Loomis kicked each of them in anger.

"He's wearing the protective clothing of his mom's company. That must be why..." someone said in surprise.

"That's right. Otherwise, I wouldn't have been able to get up just now." Chuck shrugged.

Sophia wiped away her tears. So, that was what happened. She had thought that Chuck was about to be beaten to death.

"Even if you're not injured, do you think that is going to do you any good? I have so many people here, and they are still going to beat you to death! Go, go!" Loomis laughed sinisterly.

His muscles were twitching. He couldn't wait any longer. He had to see Chuck die!

His bodyguards surrounded Chuck, each carrying an aura of coldness!

How could a person single-handedly face a dozen guards at once!

Such a thing could never happen!

"Sophia, take a step back!" Chuck said.

"Okay. Be careful!" Sophia stepped aside. Meanwhile, she knew that she should not be a burden to Chuck and drag him down!

Chuck was relieved. He was certain to bring Sophia out of there!

Swoosh!

Chuck sprung into action!

All of his opponents were all highly skilled martial artists. Chuck was not afraid nor was he thinking of retreating. The only thing on his mind was to fight!

The whole place was chaotic!

Dozens of people were punching and kicking at Chuck!

Loomis laughed out loud!

He was enjoying this!

Suddenly, Chuck ran.

"You want to run? Seize him and beat him to death!"

Loomis roared angrily.

"He's running away. He's trying to hide!"

"He's too scared of getting beaten up. Catch him!"

"Is hiding going to do you any good?"

The people laughed as if they were a cat chasing after a rat, with a playful smile on their faces.

In their eyes, Chuck was a rat!

He suddenly ran away!

It was so hilarious. He was afraid of being beaten up.

It happened all of a sudden!

A man suddenly stopped and looked down at something on the ground. It was round, like a glass ball!

However!

"Ah, a bomb!"

He cried out in shock!

Boom!

The bomb exploded among the people!

Like a huge wave that crashed over everyone!

Everyone fell on their backs and cried out in pain!

Dozens of people were caught in the explosion and most of them couldn't avoid the blast!

There were many people lying on the ground, bleeding profusely!

They were traumatized! Who were the rats now?

Loomis was alarmed and infuriated. "You useless brats, get up!"

Those who didn't get blown up, gathered around Loomis immediately.

He looked ferocious and his face was distorted. He didn't expect that Chuck would do that. Fortunately, only half of his subordinates were dead. There were still twenty people left, and they were still enough to kill Chuck!

"Loomis, one of us is going to die here!" Chuck said as he approached coldly.

Chuck's anger was fueled by Elise's death and Sophia's suffering!

At that moment, he wanted his revenge by killing Loomis!

"Do you think you are invincible just because you killed some of my men? Do you really think you can survive? Dream on!" Loomis laughed.

All of a sudden, his cell phone rang.

He answered it casually. After three seconds, he was shocked and furious. "Hey, hey!"

Thud!

Loomis smashed his phone!

Everyone was puzzled. What was going on?
