

## Chapter 760

Loomis suddenly threw away his phone in anger. His bodyguards were taken aback!

What was going on?

Who had called Loomis?

Why was he so mad?

"Sabina, Sabina!"

Loomis was roaring, and his bodyguard understood what happened.

Chuck also understood.

When Loomis answered the call earlier, Chuck thought it was his mother who called him, but he didn't expect that it was Sabina instead.

Then, what exactly happened over at the Yeager family?

Chuck was puzzled.

Wasn't Sabina seriously injured?

Why did she suddenly call Loomis?

It could only mean that Sabina was declaring war with Loomis!

The only thing that relieved Chuck was that Sabina was fine!

"Loomis, what's wrong?" A bodyguard mustered up the guts to ask this.

Loomis was ferocious. "D\*mn it! Now she is trying to snatch away my throne. I'll definitely torture her to death!"

Loomis was burning with rage.

He was not a fool. He knew what it meant to call him at that time.

He knew it very well!

Meanwhile, Sabina must have taken control of the Yeager family!

"Consider yourself lucky this time, Chuck! I don't want to enjoy your death today. I'll let you live this time!"

Loomis turned around and fled. He really wanted Chuck's life.

However, Chuck's life was nothing compared to the position of the head of the family. He had made a choice!

"The four of you kill Chuck for me, and the rest of you follow me!"

It was not easy for him to get the position of the head of the family.

How could he give it up so easily?

Being the head of the Yeager family meant that he could be the head of the greatest family in the entire world!

The temptation was too great.

Loomis would never allow that luxury to be taken away from him.

Absolutely not!

He knew that the four bodyguards he had left behind could not defeat Chuck.

However, he had no other choice. If he did not leave those four bodyguards behind, Chuck would easily catch up with him!

The four bodyguards stayed behind and stared at Chuck coldly, buying time for Loomis.

Meanwhile, how could Chuck let Loomis flee so easily?

He dashed forward!

"Ah!"

Even with four bodyguards besieging him, Chuck dodged them all. His target was Loomis!

Chuck managed to pass through the four bodyguards.

"Chuck, you still want to chase me?"

Loomis laughed sinisterly. "I'll wait for you. I'll deal with you after I'm done with my business! Just you wait!"

Rumble!

Loomis had already charged out.

Chuck was one step behind. After Loomis left in his helicopter, Chuck's eyes turned cold. He actually let him escape.

Chuck turned his head to look at the four bodyguards!

It ignited his fury in an instant!

If it weren't for those four people stopping him, he would've been able to catch up to Loomis!

What a pity!

Kill!

A fierce battle broke out in an instant!

Five minutes later, Chuck gasped for air and stopped. Four corpses were lying on the ground!

There were a lot of scars on their bodies. Some of them were stabbed to death by Chuck while some were chopped into pieces.

Chuck killed all of them!

They didn't expect that they would die in his hands!

Sophia rushed over and held Chuck tightly in her arms.

The man had appeared at the most crucial moment of her life.

Tears once again welled up in her eyes.

The two of them hugged each other silently.

Chuck didn't know what to say, nor did he know how to comfort her.

Her only daughter, Elise, was dead.

She couldn't bear the humiliation, and she killed herself!

Chuck knew it must be hard on Sophia at that very moment!

He didn't have to say anything to comfort her. Hugging her was enough.

After crying for a moment, Chuck could feel Sophia's sorrow.

Chuck let out a sigh and thought, "What can I do?"

"Sophia, I'll bring you and Elise away." Chuck was exhausted.

He had been beaten up for so long. He had even killed four combat experts. Chuck was already out of breath.

They would only be safe if they got out of there.

"I..." Sophia shook her head. She did not want to leave that place.

Because her daughter died there.

She wanted to stay with her, and in fact, she didn't want to live anymore. She just wanted to die with her daughter...

It was what Sophia was thinking at that moment.

She didn't want to part with Chuck, but her only daughter was dead. She couldn't get over it.

She would not be able to live for the rest of her life. Instead of suffering for the rest of her life, Sophia would rather die!

"I know what you're thinking. You must live!" Chuck could tell what she was thinking.

"I... won't be able to live with it." Sophia was in unbearable pain.

Chuck sighed and gently touched her forehead. He walked over to Elise who was tied up with her head lowered.

Chuck didn't know what to say to that girl.

No matter how cheeky she was, she was still Sophia's daughter. What could he say?

Chuck also felt distressed and sad seeing that she died at such a young age.

Chuck let her down and tried to take her away. He wanted to give her a dignified burial.

Suddenly, Chuck held her in his arms. "She's... still warm!"

Chuck was busy looking for any signs of life in Elise. There was still shallow breathing!

Her suicide attempt was unsuccessful.

"Sophia, come over. Elise is still alive!" Chuck shouted.

Sophia, who was standing with her back to Chuck, wanted to commit suicide. But when she heard that, she trembled and couldn't stop her tears from streaming down her face.

What?

Her daughter was still alive!

She was crying.

They were tears of joy!

Sophia rushed toward them like a maniac. She tried to listen to Elise's breathing. She cried so hard that her voice could barely be heard.

She held Elise in her arms tightly, her only daughter...

Chuck caressed Sophia's cheek and said, "It's alright now. My mom should be here soon..."

Under this circumstance, Elise needed first aid immediately. Chuck's mother was a master in that field.

They waited.

Chuck went out and saw a plane approaching. It was his mother's plane.

Chuck heaved a sigh of relief. Three people got down, his mother, Willa, and Yvette.

All of them were in good health!

Chuck breathed a sigh of relief at that moment.

Willa was about to rush over, but Yvette ran over first and held Chuck in her arms. It was a long hug!

Chuck felt at ease. Everyone was alive.

"Mom, Elise tried to end her life by biting her tongue, but she's still breathing. Please go in and take a look," Chuck said quickly.

"Alright." Karen ran in. The situation was critical.

Meanwhile, Chuck and Yvette were hugging each other.

Willa stood at a distance. Then, she also went in dejectedly. At that moment, she really couldn't control herself. She wanted to rush forward to hug Chuck and even kiss him.

But...

Willa sighed sadly in her heart, "I can't disturb them. I can only just keep quiet. It doesn't matter..."  2

## Chapter 761

"Hubby, you scared me." Yvette held Chuck tightly.

Chuck also hugged her and asked her about what happened in the Yeager family.

After listening to Yvette, Chuck was taken aback.

He didn't expect that Sabina would end up being the one who gained from all of it. That shot really changed her.

"But I didn't shoot her," Chuck sighed.

What?

It was hard for him to prove his innocence.

"It wasn't you? That gun?"

Yvette also felt that it was wrong. But, how could someone have been willing to drop their gun?

Chuck told her everything, and she would definitely believe him. What was going on?

Was it just a coincidence or was he being framed?

Sigh!

Meanwhile, Sabina hated him so much. Since she had become the head of the Yeager family, it was not going to be that easy for them.

Meanwhile, Loomis should be arriving at the Yeager family soon. How would Sabina confront Loomis?

Chuck was still worried about Sabina!

Chuck wasn't sure if he could solve the misunderstanding between Sabina and him.

If possible, Chuck would like for the two of them to reconcile.

But what if that was not possible?

Then there would only be one possible outcome. They would fight until one of them died!

After a moment, Karen brought Elise out and boarded the plane.

Seeing her situation, she had to use the medical equipment on the plane.

She must operate on Elise's tongue as soon as possible. Karen had to be meticulous in that kind of precise surgery.

Everyone got on the plane together!

Karen seemed to realize something.

She glanced at Willa and indicated to her to fly the plane.

Karen looked away and started operating on Elise.

"Mom, what were you looking at just now?" Chuck asked.

Karen sighed, "You!"

She did not say much, but continued the operation on Elise! It wasn't an easy operation.

Chuck and Yvette glanced at Sophia.

Yvette observed the surgery. She wanted to learn.

When she noticed how good Chuck and Yvette looked as a couple, Sophia's heart sank. She sighed in her heart...

.....

"Ridiculous! Karen was a step ahead of you! Outrageous!"

On the other end, Adriana was piloting a stealth aircraft furiously.

She was flying at a high speed but it seemed that Karen had still beat her!

"Miss, please calm down. Isn't Chuck still alive?" Nelson said cautiously.

"It's good that he is alive, but?" Adriana calmed down.

She felt at ease as well. Her sole purpose for flying all the way there was to save Chuck.

"Now that Chuck is safe, what should I do?" She thought.

Adriana felt uneasy. She should've been the one to save Chuck.

She should be the one bringing Chuck out!

She had been mad for a long time. After snorting coldly, she regained her composure.

"Chuck, Chuck, don't you die. I won't allow you to die..."

Nelson was cautious and did not dare to speak.

If he said something, wouldn't he be bringing trouble upon himself?

He dared not!

"Karen could get there so quickly, it was just as I expected..."

"Miss, what do you mean?" Nelson asked carefully.

The more he thought about it, the more confused he became.

"Sabina is quite smart. Under the circumstances, if it was me, I would surely make use of Karen's ability... Now, it seems that Sabina has made good use of Karen, and Karen has become one of her pawns." Adriana was intrigued.

It seemed like Sabina had the same plan as her. It meant that she was as capable as her.

Nelson's face turned pale with fright. He understood what Adriana meant. Could Sabina actually have planned that?

"Meanwhile, Loomis should be in the Yeager family now. Let's see how Sabina deals with this matter. It should be..." Adriana smirked.

It was obvious that Loomis was the loser!

All this while, she had frowned upon Loomis.

"Interesting," Adriana said lazily. "Let's head back!"

Nelson ordered the pilot to turn around.

The plane began to turn around.

"Chuck must be seriously injured this time. Send him the best medicine," Adriana ordered.

"Yes!"

"Sabina is now the head of the family. What follows is going to be interesting. Sabina has a misunderstanding about Chuck. When the time comes, she will definitely deal with Chuck. When I come out at the most critical time, Chuck will definitely be moved..."

Then, she smiled, but after a while, she was worried and sighed absent-mindedly, "Chuck, I miss you..."

.....

In the Yeager family!

The members of the Yeager family were all waiting for someone's arrival!

It was Loomis, the person who killed Grandpa!

Sabina looked dignified. Suddenly, she frowned and walked in front of Loomis' father, and kicked him. Crack!

His ribs were broken!

Thomson screamed!

"Ah!"

He took out his cell phone and called Loomis' number. After a moment, he answered the call.

"I've roughly estimated your location. You should have arrived by now. Why are you not here? Are you scared?"

The mocking voice of Sabina echoed throughout the hall of the Yeager family's house!

It was the authority of the head of the family!

Everyone in the Yeager family could hear every word clearly.

"Don't dare to come over?"

"I guess he doesn't dare to. For the sake of being the family head, he actually killed Grandpa. He's just insane!"

"I'll definitely watch him die! I'll avenge my grandpa's death!"

Everyone said ruthlessly.

Ten kilometers away from the Yeager family!

It was true that Loomis was still on the plane. When he got out of the plane, he was so furious that he swore he would kill Sabina!

"She dares to steal my position?"

She was looking for death!

However, he had to regain his composure. If he went in so hastily, would he still be able to live?

As the old saying went, "Where there is life, there is hope!"

He chose to retreat and regather his strength. He wanted to find an opportunity to kill Sabina!

All the bodyguards had the same expression. Loomis was furious.

They had mixed feelings!

What kind of person did they follow?

"By the way, I'm not coming! I'm not coming today!" Loomis was so mad!

How he wished he could kill Sabina that day!

"I'll find you!"

"I'll go to a place where you can't find me. Don't even think about finding me!" Loomis laughed.

"From today onwards, you are no longer a descendant of the Yeager family. I will take back everything you have because I am now the head of the Yeager family!" Sabina said word by word.

The Yeager family was stunned!

Sabina was so terrifying that Loomis didn't even dare to show up. He

was surely guilty.

Thomson's face turned pale. "Son, don't you care about your father anymore?"

"I'll be back," Loomis said in a ferocious tone.

"Okay, I'll wait for you!"

Thud!

Sabina hung up and said, "Go! Ten kilometers to the east, ask someone to chase after him by plane!"

"Yes!"

Some people ran out.

Sabina took a step forward, her imposing manner was astonishing. "From now on, I'm the head of the Yeager family!"
