

A Life Upside Down Chapter 425 – 427

Chapter 425

Everyone present was shocked, and all were dumbfounded!

Nearly three thousand pounds of fist strength, they had never heard of it before, if an elephant could be killed.

Connor's face is full of arrogance and pride. Since he accepted the baptism of the water of life, his strength has been greatly improved. Now he feels endless energy. If Wayne Lin is still here, he can easily punch Can be killed!

As the boxing champion of Great Britain, he was actually defeated by a Chinese man, which is a great shame to him!

With his arrogant character, it is simply suffering, so during this time, he exercised frantically.

Of course, he had such a big breakthrough within a period of time. It was not because he exercised himself, but because he was baptized by the water of life.

This made him even more in awe and admiration for his boss Jax!

The water of life is the most advanced scientific and technological achievement in the contemporary era. It can transform the human physique and achieve a terrible existence!

And the most amazing thing about the water of life is that it has no side effects and no stimulant ingredients. It can't be detected at all. You can still go to the game as usual.

The only drawback is that the water of life is too expensive, and the baptism costs one billion at a time. If it is not for the support of the boss, just relying on his financial resources, it is impossible to be baptized at all!

And he learned from the boss that the water of life he used for this baptism is still very ordinary. If the effect is really amazing, the value of one baptism will be tens of billions!

What a terrible thing this is.

As far as he knows, his boss reached his current state only after baptizing the water of life worth tens of billions.

Therefore, he disdains the so-called Chinese Kungfu from the bottom of his heart. What era is it now? In the 21st century, the era of the explosion of science and technology, Chinese people still practice the practice of ancient times? Too outdated!

Now it is about science and technology. No matter how mortals practice, they cannot break the limit. Only by relying on the power of science and technology, through the baptism of the water of life, can they pursue a higher realm!

Smith came out, squeezed Connor's muscles, and exclaimed: "Oh my God, Connor, your physique is so strong, it's terrible, presumably that Chinese monkey is definitely not your opponent, haha."

Connor said with disdain: "That is inevitable, I can easily screw off his head now."

"That's great!!" Smith was extremely excited. When he thought of Wayne Lin's neck being broken by Connor, he was so excited that his face flushed.

At this moment, a tall figure came out and said lightly: "Connor is not yet the opponent of that Chinese."

Hearing this voice, Connor's face suddenly tightened, turned back hurriedly, bowed deeply at the other party, and shouted respectfully, "Boss!"

When Smith and the others saw each other, they also showed expressions of awe and admiration. The white man in front of him was Connor's boss and a supernatural power!

The boss is tall, but the muscles are not particularly strong. He looks like an ordinary white man, but everyone present knows his horror!

He is the boss and Connor's coach.

After the boss walked over, looking at the numbers displayed on the force measuring machine, he nodded in satisfaction and said, "Not bad. It seems that you absorb the water of life very well."

Connor was particularly excited by the praise from the boss, but he immediately asked: "Boss, with my current

The strength of the Chinese monkey is not my opponent, right? "

He said this obviously unconvinced.

The boss asked, "Why, don't you believe me?"

Connor shook his head quickly and said, "No, no, I didn't mean that."

The boss snorted coldly, and then said: "According to your description last time, I suspect that he is a superpower of China. At your current level, he is not his opponent."

"Superior?!" Connor's expression changed immediately when he heard this.

"It's just suspicion." The boss sneered, quickly full of cold arrogance and disdain, and said: "Even if he is a superpower, he is not my opponent."

"That's that!" Connor hastily flattered, and Smith and others are also all kinds of fancy flattering.

The boss feels better, with a more smile on his face, and said: "Connor, you are a good seedling. This time the Chinese is a good target for your trial. As long as you kill him, then return Great Britain, you are qualified to challenge the Supreme Golden Belt!"

Connor heard this and he immediately opened his eyes wide, extremely excited.

The supreme gold belt is the highest honor in their industry. It contains much higher gold content than his champion gold belt. If he can become the winner of the supreme gold belt, his commercial value will increase sharply!

"Then I won't let you down, boss!" Connor clenched his fists and said with a creaking sound, very excited.

The boss nodded and said: “When you agree to the Chinese people this time, after returning to China, I will arrange a few games for you to get your ranking up. Then, when your value comes out, you will arrange the Supreme Gold Belt Challenge. , You can make a lot of money. Connor, I have great expectations of you. Don’t let me down, you know?”

Connor nodded quickly, a horrified light burst into his eyes, and nodded quickly, “Boss, rest assured! I will never disappoint you.”

“However, boss, you just said that Chinese is a supernatural person, I may not be able to beat him?” Connor thought of this and said with some embarrassment.

There was a flash of light in the boss’s eyes, he did not answer immediately, but turned around and punched the force measuring machine seemingly casually, and suddenly there was a loud bang!

The steel plate on the force measuring machine was actually directly punched by the boss with a fist mark two centimeters deep!

And this force measuring machine was about to fall apart, it made a beeping alarm, started to smoke, and it was blown out by a punch!

This scene scared everyone and was dumbfounded.

On the display, a number appeared, 7985!

Seeing this number, there was a huge chilling sound at the scene.

What is this concept?

And the boss just hit it at random.

In an instant, everyone looked at the boss with fear in their eyes.

The boss was very satisfied with everyone’s reaction. He said proudly: “Even if it is a supernatural person, he is also an ant in front of me. Connor, what are you afraid of when I will be in charge?”

After listening to Connor, he calmed down immediately. Yeah, he knows the boss's toughness. As long as there is a boss author, the Chinese is just an ant.

At this moment, Wayne Lin had already tracked the two bodyguards, Tony and John, and came in this direction. He planned to bring Connor and Smith together.

Chapter 426

Tony and John didn't even know that they had been followed by Wayne Lin. They were particularly embarrassed, thinking that their whereabouts were very secret and would never be discovered.

When they returned, the two guards at the door frowned and said, "Tony, John, what the hell are you two doing, what are you doing to bring the Chinese to us?"

"Ellen, what are you talking nonsense? How can we bring Chinese people back."

"Yes, crazy."

Tony and John are both masters of stalking, how could they have been stalked yet I don't know, so they think the two door guards are purely teasing them.

The guard named Allen pointed behind them and said angrily: "Damn Tony and John, you two are still quibbling, then you explain, who is this Chinese!?"

Now Tony and John were a little confused. When they saw Alan's appearance, it really didn't look like a joke, so when they looked back, they saw a Chinese face, smiling at them, and still saying hello. "Hi."

In an instant, their reaction was great, their eyes widened! Isn't this guy exactly Wayne Lin!

Seeing Wayne Lin's appearance clearly, their scalp was numb. They were originally tracking Wayne Lin, and they saw Wayne Lin go to the company with their own eyes. Why did they follow them in a blink of an eye? The strangest thing is that they have no idea about it!

“You, you, damn Chinese monkey, when did you follow us!?” Tony widened his eyes and cursed.

John reacted and sneered, “Damn the Chinese monkey, huh, we are going to teach you, but I didn’t expect you to take the initiative to send it to the door. This is better and saves us a lot of things!!!”

The two guards were taken aback when seeing this situation, and then said in a little shock: “This Chinese is the Chinese whom Smith and Connor want to avenge?”

John nodded and said: “Yes, this Chinese dare to come to the door, he is dead, hahaha...”

As they spoke, the four foreigners’ eyes met and surrounded Wayne Lin, with sneers and joking all over their faces.

In terms of physique, they were far beyond Wayne Lin, sandwiching Wayne Lin, like an eagle surrounding a chicken.

The smile on Wayne Lin’s face did not change, but he said to Tony and John, “Last night, you wrote about the Chinese sick man on my bodyguard, right?”

He spoke a fluent foreign language, and the other party understood in an instant, he laughed, “Yes! We did it, you are the sick man in China, your bodyguard is weak, too weak, even we can take a punch. No, hahaha.”

“The Chinese sick man is the best name for you Chinese.”

They laughed, and the two guards were also taunting. They looked at Wayne Lin as if looking at a piece of rubbish, being ravaged by them at will, and did not notice that Wayne Lin’s eyes were getting colder and colder.

Finally, at this moment, Wayne Lin made a move. He slapped it with two slaps. Tony and John only felt that they were slapped in front of them, and their faces were hit, as if they were hit by a helicopter propeller. , His huge body flew out directly, half of his teeth were actually knocked out, and the pain caused them to scream.

This scene surprised the other two guards. They were furious, “Damn Chinese, you are looking for death!”

“court death!!”

They shot together, took out the two electric batons around their waists, energized them, and slammed Wayne Lin’s head fiercely.

They want Wayne Lin’s life.

&

nbWayne Lin’s eyes were cold, without turning his head, he kicked out with two feet, and with two feet, he directly kicked the two 200-jin foreigners against the wall behind. With great strength, he made a bang. With two dull vibrations, there were a few cracks in the thick wall!

The two foreign guards spouted two mouthfuls of blood, their faces were full of pain, and their eyes were full of fear.

They felt that their bodies were kicked and fell apart, much more serious than being hit by a car!

Even their vision began to blur, their heads tilted, and they passed out directly.

This movement was not small, and it shocked many people inside.

Wayne Lin walked over, grabbed Tony and John, and directly tore off their clothes, then buckled a cement block from the side wall and began to write on them.

It is Wayne Lin’s method to treat his body with his own way.

The few foreigners who just happened to be driven out saw this scene, their eyes widened and furious.

Tony and John wanted to struggle, they were raised by Wayne Lin with one hand, and then shook easily like a pillow. The bones and joints of the whole body fell apart directly, and there was a sound of clicking.

With their screams...

The foreigners who had been driven out from the inside saw this scene, their eyes staring the size of a lantern, completely stunned.

They had never seen such a picture, especially Wayne Lin with a smile on his face, like a spring breeze, which made their scalp numb even more.

“This Chinese is a devil...”

“Damn the Chinese, dare to attack us, the sin is unforgivable!”

“Who is this Chinese, so courageous, he is desperate!”

“Go and stop him!”

With weapons in their hands, they started rushing towards Wayne Lin, the first to bear the brunt, with a machete in his hand, and slashed directly at Wayne Lin’s body.

This is the territory of the Chinese nation. As a foreigner, they dare to kill the Chinese people, which shows their arrogance!

And their aura is very fierce, with their natural tall body, if they change to a general martial artist, encounter this kind of situation, they really have to hate.

It’s a pity that the person they provoke is Wayne Lin, the top master of the Innate Realm, who has already broken the shackles of mortals, and can be called a superhero in science fiction movies.

Before his knife hit Wayne Lin, his whole body flew upside down like a ball. He flew for more than ten meters. When he fell, he had already died of breath, and appeared on his chest. A terrifying hole looked like it was bombed by a shell, but it was actually caused by Wayne Lin’s kick.

It can be seen how terrifying the power of Wayne Lin’s kick is!

Wayne Lin is not a cruel person, but when it is not necessary, he will not make such a heavy hand and kick someone to death.

This group of foreigners had already offended his inverse scales, and he didn’t need to be merciful.

Others were stunned when they saw Wayne Lin kick his companion so far with one kick, and for the first time fear appeared in the eyes of Wayne Lin.

Wayne Lin finished kicking his kick and didn't stop. He still wrote on Tony and John, but smiled gently in his mouth, "In our country of China, there is a saying: The body, this foreign trash, I sent it back to you."

A big sharp stone, engraving on them, caused them to die and beg for mercy.

Chapter 427

But no matter how they begged for mercy or how they screamed, Wayne Lin still kept engraving on them over and over again. After a while, they were already covered in cuts and bruised flesh and blood.

This scene looked too scary, and the remaining foreigners were all scared. They asked themselves to be relatively cruel people, but compared with Wayne Lin now, it was still too far away. Especially when they heard the screams of Tony and John, their scalp numb and trembling.

Finally, Wayne Lin filled them with the three characters'foreign trash' before he stopped satisfied.

Now that Tony and John are both miserable and miserable, they can no longer exert a little effort, and at the same time, they are extremely afraid of Wayne Lin!

I also regretted it in my heart. I knew that Wayne Lin was so violent, and they would not dare to abuse the bodyguard like this.

Wayne Lin looked back at the foreigners and said, "Do you want to be written by me too?"

Hearing this, all of them were shocked and shook their heads quickly.

"I heard that you are looking for me, good, I'm here, take me up." Wayne Lin smiled like a spring breeze, the image of Young Master Pian Pianjia, but in the eyes of those foreigners, it is even more scary, like Shura of hell!

They dare not fail, so they have to lead the way.

When Wayne Lin followed them in, Wayne Lin glanced invisibly at five o'clock, with a mysterious smile on his face.

Until Wayne Lin followed the foreigners in, two people appeared in the grass at five o'clock, a man and a woman, wearing dark green uniforms, obviously national personnel.

Moreover, there is a slaughter aura in them that ordinary people don't, and they know that their cultivation base is very high.

Among them, the man frowned and said, "Did the look in Wayne Lin's eyes spot us?"

The woman nodded and said: "It is possible. According to the information, Wayne Lin is a master of the upper level of the Innate Realm. Even such extraordinary powerhouses as Brian Gu and Wu Meizi are not his opponents."

Some light flashed in the man's eyes, and he said, "It's a bit interesting. I didn't expect such a Tianjiao to appear in this small place in Hwadrid City. He is now in the building, wondering if he can come out alive?"

The woman said: "Look, if he can get out all over his body, it will be valuable to us."

After speaking, they hid again.

So did Wayne Lin spot them just now? The answer is yes, and he still feels that these two people are masters of the innate realm.

At first he thought he was here to stop him, but now it seems that this is not the case. That's right, he can show his talents and give these foreigners a lesson!

At the same time, Smith, Connor and others were chatting happily. In addition to them, there were also many Chinese people. The women were quite beautiful and were being molested by them. As for other Chinese men, they were doing it for them. Serving, mopping the floor, and moving things are all like slaves.

There was a man in his twenties who was slow at work. He was kicked by Smith and pointed to his nose and cursed: "How do you work, do it quickly!"

The kick was not light, and he kicked the man twice on the ground, with a painful look on his face, and said grievously and angrily: "Mr. Smith, I have not eaten for a day and I am very hungry. You have to feed me so that you can work hard. Besides, you have already owed me three months of salary!"

Several other Chinese couldn't help saying, "Yes, boss

, You said that the salary was paid to us yesterday, but now it has not been paid, we have no money. "

Their postures are very humble, and their waists are slightly curved. Now they also regret it. They had known that these foreigners were so domineering and rude. They shouldn't have come to work in the first place. As a result, they worked for nothing. They have not been paid yet, and the foreigners are very irritable, and use them to vent their anger from time to time.

They are almost unable to survive this kind of life.

"Boss, when will you pay us wages? If we don't pay wages, we won't do it."

"Boss, you agreed to pay us monthly salary. Now you have been delayed for three months."

"Mine has been delayed for almost half a year, and we will not be able to resist any longer..."

All of the Chinese people began to vent their dissatisfaction. They were all poor. They came to work because they were paid relatively high wages. As a result, they felt angry every day and did more work than anyone else. The wages remained constant. Drag and not send.

boom!

Connor slapped the table with a slap, slapped the table apart, and pointed at all the Chinese swearing, some ugly words.

With some Chinese swear words, it was so arrogant and nasty that the two bloody Chinese couldn't stand it. He threw the rag down hard and shouted, "You foreigners, I don't do it. Now I will go to the labor bureau to sue you!"

“I don’t do it anymore!!”

But they hadn’t walked two steps before they were blocked by two strong foreigners, staring at them coldly.

The two Chinese were only 1.7 meters tall. In front of the two 1.9 meters foreigners, they looked particularly weak. The surging mood immediately became a lot of counseling, and they couldn’t help swallowing.

“Go back to work for me, or I’ll beat you up.”

One of the foreigners spoke in a bad Chinese language.

“Damn it, unless you pay us a salary.” One of the younger Chinese said stiffly.

However, as soon as he finished speaking, the foreigner grabbed his collar and pressed it against the wall. He said fiercely, “What did you say?!”

In an instant, the young Chinese was stunned, and both feet were shaking uncontrollably.

“No, nothing said...”

“Hmph, damn it, go back to work!” The foreigner slammed him to the ground.

The other foreigners laughed loudly, very rampant and domineering.

The young Chinese man burst into tears and felt extremely humiliated. He wanted to resist, but he didn’t dare to resist. There was no way, these foreigners were so tall that he couldn’t beat them.

When other Chinese people saw this scene, they were extremely disappointed and humiliated. This is not the first time this happened these days.

In the first two days, another Chinese was beaten into the hospital, but the foreigners did nothing.

Even if they are too angry and unwilling, they have to grit their teeth and endure it and continue to work.

Smith and Connor saw that they were working again, with disdain and contempt in their eyes, thinking that the Chinese were cowardly and humble, hahahaha.

At this moment, the closed door suddenly opened.

Two foreigners ran in in a panic, pale and full of fear, "It's not good, the big thing is not good..."

A Life Upside Down Chapter 428 – 430

Chapter 428

Liu Jie is a college student from the countryside. Ten years ago, he came out to work in Hwadrid with lofty ambitions. He believed that with his hard work and wisdom, he could work hard in Hwadrid.

But it turned out that reality gave him a slap in the face. After he came to Hwadrid, he was frustrated everywhere, and his original blood was poured out. Then slowly, he confessed his fate, especially when he invested in a business two years ago. His failure caused him to owe a debt. Several times he thought of giving up on himself, but for the sake of his wife and children, he could only stand through his teeth and go to work.

But at his age, he has no special expertise, and he can only get paid by selling his labor.

This way money is too slow, too slow...

Finally, four months ago, he saw the recruitment here and said to hire a cleaner, with a monthly salary of 13,000 yuan! This salary, in Hwadrid City, was considered a middle-level income. In an instant, he was moved to work, and he signed the contract without seeing it clearly.

He originally thought this was the beginning of his good fortune, but he never expected that this was just the opposite, it was the beginning of his nightmare.

There are more than 20 foreigners here, all of them are sturdy men who are tall and mammoth. They are very arrogant and domineering, and they like to curse at every turn. They are also extremely ugly, and sometimes they beat people.

Several times he thought about quitting his job, but for the 13,000 yuan monthly salary, he gritted his teeth and stood up.

But as a result, this group of foreigners actually refused to pay their wages, so they paid one or two thousand yuan every month to hang them!

Especially what happened today made him feel desperate. He hated this group of foreigners so much. He had thought more than once that a powerful Chinese compatriot would appear, and he would severely teach these arrogant foreigners!

He is not the only one who has this idea. Almost all Chinese people have had this idea, but they all know that it is unrealistic.

But what they didn't expect was that such a person actually appeared, appeared strong, and beat a few foreigners, especially the two named Tony and John, it was too miserable.

When they came back to their senses, they were extremely excited and clenched their fists, especially when Wayne Lin yelled that sentence, their whole body began to boil with enthusiasm!

Liu Jie was even more excited and shed tears. He felt that the blood that had disappeared deep in his heart was awakened by Wayne Lin!

He threw the rag in his hand vigorously and yelled, "Well said! You foreign devils, who gave you the courage to bully my compatriots on my Chinese territory!!!"

Liu Jie stared at all foreigners including Smith and Connor.

His performance has awakened the passion of other Chinese people. As for those foreigners, their expressions are even more ugly.

In the eyes of these foreigners, Liu Jie was just a beast at work, and he even dared to resist them, almost looking for death!

Immediately there was a tall white man, pointing at Liu Jie and cursing: "Liu Jie, Hua Guozhu, you dare to offend our noble white man and look for death!"

Chapter 429

With that said, he was about to act on Liu Jie.

However, the other Chinese beside Liu Jie now stand up together, and forcefully throw away their working tools, rags, brooms, and mops all on the ground while they stand in front of Liu Jie. Straighten your chest and face the white man, it means you dare to move Liu Jie together.

When the white man saw this scene, some fear flashed in his eyes and he dared not act rashly.

Wayne Lin's eyes were deep. At this moment, he felt a kind of national meaning, and the blood on his body was boiling. This was something he had never experienced before.

In the past, China was backward, and it was indeed bullied and beaten by foreigners. But now, after a hundred years, China has become stronger and the nation's blood

Sex, backbone, and pride are all revived at this moment, so why not fear foreigners!

"Good! Good! Good!"

Wayne Lin said three good words and walked over to Liu Jie and his fellow citizens, his eyes filled with appreciation and excitement, "You dare to stand up and resist, it's all good."

They were praised by Wayne Lin, and they became proud inexplicably, and their chests became even more straight.

But in the next moment, I heard Connor's cold snort, looking at Wayne Lin and the dozens of Chinese with a stern look, tilted his head and said: "Just because of you cowardly Chinese, also Dare to stand up and resist us? Looking for death!"

As his voice fell, the more than 20 foreigners present began to surround Wayne Lin, Liu Jie and others, staring at them.

Immediately, Liu Jie and more than a dozen Chinese people suddenly changed their expressions and began to panic.

I have to admit that compared with these foreigners, their body is really a lot worse, not at the same level.

Guru!

Many people gulped heavily and became scared.

Smith and Connor walked over, their eyes swept across the faces of all the Chinese people with cold and contempt, and finally fell on Wayne Lin.

“Cowardly Chinese, a despicable nation like you, dare to resist our noble white people?!”

“You Chinese people are born to be slaves, working for us white people, and serving us white people! Do you think that you can compete with us if you learn a little bit of the so-called Chinese kung fu? You can’t help yourself!”

“Your figure is a dwarf in our country, rubbish.”

They all said extremely arrogant and insulting words, which made all the Chinese people angry to the extreme, but they did not dare to act rashly, but were very frightened, because they were afraid of these tall and arrogant foreigners.

Wayne Lin’s eyes were getting colder and colder, and a ball of fire flashed in his eyes. He was completely angry. Even when facing Wu Meizi, he was not so angry!

Connor felt his anger and sneered. Now that he has been baptized by the water of life, his strength has greatly improved. Facing Wayne Lin, he has no fear, thinking that Wayne Lin is just a weak chicken, and he easily defeated him. .

“Hua Guo monkey, last time I was in the octagonal cage, I was in a bad condition, and was successfully attacked by you. Today, I want to defeat you! Then break your limbs and make you a waste!”

“Connor, what you said is wrong, he was a trash, hahaha...” Smith laughed, unusually arrogant.

Not only him, but many foreigners present also began to laugh wildly.

They had just seen Connor’s punch, which was close to three thousand pounds. They didn’t think that this thin Chinese man could withstand Connor’s angry punch.

Besides, Connor’s boss, the ultimate boss is also there, and he just hit the force measuring machine and scrapped it. With him in charge, to abuse this weak Chinese, isn’t it a matter of hand?

The faces of Liu Jie and others became more and more ugly, more and more frightened, some of them were less courageous, and now their blood faded, and their hands and feet began to become cold.

“What, what should I do?”

“These foreigners are going to kill us...”

“Yes, especially this one named Connor, he can hit more than 2,800 pounds of power in one punch!”

“This is over, we shouldn’t be really killed.”

“I, I don’t want to die yet...”

For a while, all the Chinese people except Wayne Lin began to cry.

Chapter 430

Smith, Connor and others saw their panic and scared look, their mocking voices became louder, and they looked down on them from the bottom of their hearts.

Wayne Lin sighed inwardly. He realized that most Chinese people still fear foreigners in their bones. Who makes whites so much taller than Chinese.

He was not discouraged, and felt that the responsibility on his shoulders became heavier. He had to reverse this situation!

So he turned his head back, his eyes were sharp, and he said very seriously: "Don't be afraid. With me, these foreigners can't hurt you anymore. I hope you harden up. Our nation is no longer the nation that was beaten a hundred years ago. Now we stand up. We don't have to fear them at all!"

They looked at Wayne Lin's impassioned look, their fears were reduced a lot, but they still didn't have much confidence in Wayne Lin, "Boss, did you call other helpers over?"

Hope appeared in the eyes of other people. If Wayne Lin called a helper, there was still hope to defeat this group of arrogant foreigners!

But immediately, Wayne Lin's answer disappointed them. Wayne Lin shook his head and said, "Without a helper, I came by myself."

"what?"

"That's it..."

"You are alone, how can you beat so many foreigners?"

"Yeah, they are all big and big, and one punch can spit us up blood."

"Hey, it seems that we can't leave this time."

"I knew I shouldn't have come here to work. I don't know how these foreigners would abuse us, alas!"

Two foreigners who understood Mandarin stood up and said, "Do you now know that you are afraid? It's very simple, kneel down for us, kowtow to apologize, and admit that you are the Chinese sick man. We can consider letting you go."

"Hahaha..."

Smith walked out, stared at Wayne Lin, and said arrogantly and threateningly: "Wayne Lin, you are dead today. Connor has been baptized by the water of life, and now his strength is so strong that he can kill you with one punch!"

water of life?

Wayne Lin frowned slightly, and he soon realized that this was the way for the West to improve its strength, which he had heard from the clown.

In the East, including China, they all use cultivation to improve their cultivation. In the West, they believe in the power of biotechnology and use various drugs to stimulate physical growth.

Among them, they call the strong in the innate realm the supernatural.

Now Wayne Lin can also see that Connor's strength has indeed improved a lot compared to the last time, especially in terms of physique. He is very strong, and is already at the peak of the day after tomorrow.

If it were for Wayne Lin that had not been promoted to the Innate Realm, facing Connor like this, it would be a bit difficult to deal with it. But now, it's just an ant, and it can be easily defeated.

But he is a little interested in this so-called water of life.

"Really? Then you can try, can you beat me to death with a single punch." Wayne Lin said lightly, hooking his finger at Connor to signal him to attack.

Connor walked over immediately. He is now over 1.9 meters tall and his body is extremely strong. As soon as he exerts force, the tendons on his body harden, and the visual impact is extremely huge!

Those Chinese people were too scared to speak.

Wayne Lin's expression remained unchanged, with some contempt in his eyes.

At the same time, his gaze swept across all the foreigners present, and he said, "One, two, three...twenty-four, twenty-five...hmm? There is one more, which is a bit interesting..."

Wayne Lin looked at a certain direction behind Connor and showed a meaningful smile. He noticed it. In that room, there was a master of Innate Realm, who was called a supernatural power in the West.

Even across a wall, Wayne Lin could feel the strong aura of the opponent.

Connor snorted, his eyes suddenly became red and bloodshot, and he licked his tongue, full of bloodthirsty feeling, and then he shot suddenly, very fast, he weighed more than two hundred catties, He was actually as agile as an ape. In the blink of an eye, he was already in front of Wayne Lin, making a boxing posture, and attacking outright, with a straight punch, fiercely hitting Wayne Lin's face.

past.

He knocked Wayne Lin out with a punch!

The Chinese people behind Wayne Lin felt Connor's power, and their faces paled with fright. They rushed back, and their hearts tightened with fear.

When Wayne Lin faced Connor's punch, he seemed to be frightened. He stood motionless and didn't know to dodge.

The corners of Connor's mouth rose, revealing a sneer. This punch used 90% of his strength and more than two thousand pounds of power. He had absolute confidence that he could break Wayne Lin's neck with one punch!

Smith and others were also extremely excited, thinking that Wayne Lin was going to be knocked out.

With a bang.

Actually hit.

Connor was stunned for a moment. He fought Wayne Lin in an octagonal cage last time, knowing that although his punch is fast, Wayne Lin should be able to avoid it. But now, Wayne Lin didn't hide? What's happening here?

When Liu Jie and others saw Wayne Lin being hit, or hitting his face, their hearts sank and they felt hopeless.

But the next moment, there was a very strange scene, Wayne Lin was not beaten by Connor, he still stood there casually, without any painful expression on his face.

Even, he didn't leave any scars on his face.

At this moment, Wayne Lin spoke, "This is what you call a punch that killed me? It's too weak. Give me a massage."

"What? This is impossible!"

Connor's eyes widened and he looked like a ghost. He knew the weight of the punch just now, and he couldn't break the opponent's neck! But in the end, the other party was unscathed?

On the contrary, he felt pain in his fist. The punch just now seemed to hit an iron plate.

As for Smith and others, their eyes were staring, and hallucinations appeared later!

The Chinese including Liu Jie and others were also dumbfounded, their brains blank, looking at Wayne Lin who was unharmed in front of him dumbfounded. How could this be possible? They all felt the power of Connor's punch just now. Especially not long ago, they saw Connor hit more than 2,800 pounds in one punch!

Wayne Lin twisted his neck, looking at his appearance, it seemed that he was just bitten by a mosquito, nothing happened.

This scene is really weird and unscientific, and it has subverted everyone's cognition.

Many people even begin to suspect that Wayne Lin is not a person, but a ghost, a monster!

Wayne Lin hooked his fingers to Connor, put his hands behind his back, and said with a smile, "Come again."

Connor felt that he had been insulted like never before. The whole person was burned with anger. With a roar, he turned into a beast, rushed to Wayne Lin, and punched out a set of fierce combination punches, like a cannonball, venting in Wayne Lin Body.

Everyone in the audience felt Connor's anger and ferocity. Even an elephant would have to be beaten to death by Connor!

However, Wayne Lin still stood steadily there, with both hands on his back and without fighting back, he accepted Connor's stormy attack, punching him one after another.

He appeared extremely laid back and relaxed, even blinking his brow.

This scene looked extremely weird and terrifying. Kang Na was obviously two times older than Wayne Lin, but he couldn't touch Wayne Lin. It seemed that he was really massaging Wayne Lin.

He fought for more than three minutes, more than 500 punches in total, but Wayne Lin was still standing there, without any injuries on his body.

Finally he was also tired and panting.

Wayne Lin smiled and said, "Why, can't you move? Then it's my turn."

Suddenly, Connor felt a huge crisis, and just wanted to avoid it, but it was too late...

Wayne Lin made a punch that seemed to be very casual, right in the middle of Connor's strong chest, and suddenly, there was a dull and extremely dull sound. Accompanied by the sound of broken bones, Connor's bear-like body flew out heavily. He slammed into the force measuring machine behind him and knocked over the force.

At this moment, the audience was silent, and everyone looked at Wayne Lin with extreme fear, and the needle could be heard.
