

Chapter 441

“This gentleman must also be the young master of some wealthy family, but I don’t know what to call it when I look at him?”

“Yes, I also rarely see a young man who can talk to Zhang Zhenren so much. It’s just that we are ignorant and don’t know such a young and promising young man.”

“Yes, we are all in a circle, we all know each other. If I can be invited by the Lin family, I must be a big family in the south.”

The five wealthy men in their twenties, all of them followed the first person to say hello to Qin Ming, and got in touch with each other.

They believe that the Lin family’s current environment requires money to regroup, pay liquidated damages, and fill up the purchase price. As long as they pass this barrier, the Lin family can re-emerge in the future.

Once they can’t make it through, the Lin family’s vitality will be greatly injured.

The Lin family has already borrowed a lot of money through various efforts, but the funding gap is still large, and the invitation to them this time is to borrow money in various ways, ranging from several billion to as many as tens of billions.

Qin Ming was able to come, proving that his family was very wealthy, coupled with the fact that he knew Zhang Quanzhen so well, it immediately aroused their curiosity.

When Qin Ming asked them, he said modestly: “I am from the Mu family in Guangshi.”

“Oh, it turned out to be the grandson of Mr. Mu.” One of the men in black suits suddenly realized: “Old Mr. Mu Hairan was also a prominent figure in the north of our country. Now I still occasionally hear of Mr. Mu’s majestic timing.”

“I heard that Mr. Mu has a very good relationship with Zhenren Zhang. No wonder you just talked with Zhenren Zhang so speculatively.”

“Guangshi Mujia, I have heard that investment and real estate are very strong. You should be Mu Zhaoyang? We are still alumni, and I am from Peking University.”

“Mr. Mu, this is my business card.”

Qin Ming was a little embarrassed when they heard that they had mistakenly identified him as Mu Zhaoyang, but he also felt that the rich were rich and famous.

He looked at the business card handed to him, and didn’t know whether to accept it or not. He didn’t have the habit of preparing.

Mu Xiaoqiao came over, took Qin Ming’s arm, and said, “He is not my brother, he is my husband, and his name is Qin Ming. He is still a student.”

Qin Ming also answered, “I am not Mu Zhaoyang, I am the son-in-law of the Mu family. My name is Qin Ming.”

As soon as the voice fell, the atmosphere suddenly changed. These people saw Qin Ming’s eyes no longer friendly and admiring, but contempt and disdain, with a direct disdainful nostril.

The few business cards that had been handed in front of Qin Ming were all taken back. Qin Ming’s hand just raised a little so hung in the air, looking at the retracted business cards, it was very embarrassing.

Mu Xiaoqiao was also startled, why did she change her face?

“Hey, you are the son-in-law again? There are so many men nowadays that they are the son-in-law of the door?”

“Didn’t you hear? It’s just a student, ho ho, maybe he has good grades and potential. Master Mu doesn’t want his granddaughter to marry away.”

“Hey, isn’t the Lin family caused by the door-to-door son-in-law? When a man has no dignity, no matter how much he talks about it, it’s nonsense. Sooner or later, problems will arise.

“Shhh, he just cut Zhenren Zhang’s beard, Zhenren Zhang wouldn’t be able to do it because of the face of Mr. Mu? Hoho, this kid will be miserable afterwards.”

“Forget it, it’s just shabby stuff, let’s wait for Boss Lin to come over.”

These wealthy and wealthy young people didn’t care about the faces of others in their words, and they directly disliked Qin Ming, because Qin Ming was the son-in-law at the door.

Qin Ming didn’t take it seriously, just do what they like?

Mu Xiaoqiao felt that these people were too much and wanted to defend Qin Ming, but Qin Ming was holding him down, and said, “Forget it, don’t make extravagances in other people’s turf.”

Before long, Lin Yurou walked in with a few people wearing local folk costumes and carrying a few plates.

Lin Yurou said: “Zhang Shao, Bai Shao, Ma Shao, He Shao, Huang Shao, Mr. Qin, Zhang Daochang, I very much welcome you to our Lin Family Village to help my Lin family tide over the difficulties. My dad is coming back from the Worm Valley. , It may take some time. You can help when our Lin family is the most difficult, and I, Lin, thank you on behalf of the Lin family.”

With that, Lin Yurou pointed to the things her companion was holding, and said: “This is one of the few beauty insect pastes we have now. It is much more useful than hyaluronic acid, collagen, autologous fat, and botox.”

The first Zhang Shao who talked to Qin Ming said, “Yes, this is it. My mother often buys it. It’s too expensive every day. A bottle costs more than ten million, which is terrifying.”

puff!

When Qin Ming was drinking tea, he spouted a mouthful of water.

He is curious that the thing is so exaggerated, and it is still beautiful? Isn’t it the same as any beauty needles on the market? How strange can it be? Is the unit in Vietnamese Dong?

It turned out to be strange, more than 10 million bottles, wipe your face? How many times can I wipe it?

Qin Ming’s surprised action attracted everyone’s attention. He asked, “Miss Lin, are you kidding? This bottle costs more than ten million? Is it an immortal medicine?”

“Ho ho, turtle, it’s worth more than immortal medicine.”

“Forget it, the home is a son-in-law, or a student, poor knowledge, we are all people with identities.”

“This kind of thing is only circulated among our Chinese giants. Ninety-nine percent of people in the world can’t use it. He is a door-to-door son-in-law. He must have never been in contact.

Lin Yurou was startled. Why did these people target Qin Ming just like that for a while?

She later explained: “Mr. Qin, this beautiful insect paste is the mouth fluid of a special kind of Lin’s Gu insect. It is not easy to collect this vial, time and manpower, and the cost of raising insects. They are all very high. But the effect is absolutely good. The most important thing is natural, no side effects, and the whole body has an effect. A Lang, go call Shui Ma over.”

An errand runner left, and soon a young aunt with a white face was brought over.

“Miss, you call me, something is going on?” Shui Ma is as the name suggests. Although she is a little older, she still has her charm, especially the white and tender panel, which compares favorably with such beauties as Lin Yurou and Mu Xiaoqiao.

The most important thing is not the paper white, the white of the chemicals that are applied with too much cosmetics on the market, it is just like the delicate skin of a girl.

Lin Yurou said, “Mr. Qin, guess how old is Shui Ma?”

Qin Ming looked at Shui Ma, could there be a “mother” pressing herself down, she must be in her early 50s, right?

He understood that Lin Yurou wanted to prove to him the effect of their beautifying insect paste, Qin Ming said conservatively, “Forty-six?”

“Hahaha...” The people around laughed.

The rich and powerful Kuo Shao ridiculed: "Turtle, I haven't seen the treasure of the Lin family."

"Haha, you deserve to be a son-in-law, shameful."

"Let's not talk about it, let him guess, see how he guesses, it's the time to guess the age of the water mother, which is popular."

Qin Ming felt a little uncomfortable listening to these people's cynicism. What happened to him? He hadn't seen it before, so naturally he didn't know.

Qin Ming carefully looked at the water mother this time. Her hair was a little dry and she had gray hair, but she had few wrinkles on her face and her body was obviously obese. She had a typical figure of a square aunt, but her hands were not too old, so she should have been smeared with insect paste. The chest droops severely.

In fact, at first glance, Qin Ming felt like a middle-aged woman in her thirties. He said that forty-six had exceeded his expectations, and he had guessed wrong.

Those few Kuo rare Qin Ming stared at him for a long time, then couldn't sit still, and laughed: "We, Huang Shao, guessed the fastest at the beginning. We guessed four times."

"Hahaha, Turtle, forget it if you can't guess."

"Unseen waste, this kind of natural treasure, if you don't enter the wealthy family, I'm afraid you won't see it for the rest of your life."

"Miss Mu, come and guess, you have already bought it? You don't know the effect, right?"

“Yeah, why doesn’t Miss Mu help you come to your husband? You have become the son-in-law of the door, and it proves that you have no abilities.”

Mu Xiaoqiao said with a cold face, “What if you guessed wrong? My husband is young and doesn’t need these things. I don’t know what’s so strange? When you first met, did you guess right? How many guesses? ?”

Mu Xiaoqiao’s words made these wealthy Kuo Shao immediately shut up in embarrassment, and they were no better than Qin Ming.

Qin Ming stared at Shui Ma for a long time, and said, “Sixty-nine?”

“Huh?” Everyone was startled.

Chapter 442

Although it was just a very common age guessing session, Zhang Shao, Huang Shao and the others still looked down upon Qin Ming, terrapin, and ignorant, which made Qin Ming very unhappy.

So Qin Ming made a lot of judgment this time.

He didn’t judge from Shui Ma’s panel, but from Shui Ma’s figure, her eyes and eyebrows, ears, mouth, teeth, and feet under the slippers.

Qin Ming said, “Shui Ma should be sixty-nine, right?”

Lin Yurou was startled and said, “Mr. Qin is so good, he guessed it the second time.”

Shui Ma also smirked: "It seems that so many people guessed my age these years, Mr. Qin was the first one, and the second time I guessed my actual age."

Mu Xiaoqiao was overjoyed and said, "Look, how many times have you guessed? My husband won the guess as soon as he was serious."

Qin Ming pretended to be dignified and scolded: "Well, what's worth bragging about in such a trivial matter? It's just for fun. If others are not educated, can we follow it?"

Qin Ming's words of "Holy scolding" refer to Sang Huai, scolding a few wealthy and wealthy people for being ignorant, but it is true, they can't refute it, especially they boasted that they had guessed it four times and Qin Ming was the second one. Guessed it this time.

The most important thing is that his door-to-door son-in-law scolded Mu Xiaoqiao. Mu Xiaoqiao nodded obediently and said seriously: "Well, my husband is right, we are well-educated people."

Shao Zhang and Shao Huang froze in their smiles. Unexpectedly, Qin Ming guessed it right the second time, and even laughed at them for being ignorant, even being laughed at by a door-to-door son-in-law for being ignorant?

One by one was holding fire in their hearts. In their eyes, Qin Ming's door-to-door son-in-law was not qualified to sit in the same room with them. Seeing them, they only deserved to bow their heads to give way.

This is not whether the matter is important or whether it is serious. Even if it is a bit of a big mess, but if they lose, they will lose face and be humiliated by Sang Huai by Qin Ming. They don't have the confidence to fight back, and they feel uncomfortable.

Huang Shao's face was gloomy, and he said disdainfully: "Ho ho, I guess I got it right."

Zhang Shao also said: "Yes, good luck."

There was an unpleasant noise here, Lin Yurou immediately finished off and asked: "Mr. Qin, why did you guess it the second time? Zhang Zhenren guessed it five times."

Qin Ming smiled faintly, and said: "There is nothing special. I discovered the characteristics of this beautifying insect paste. It is just pure skin care, it is a skin care product. The figure of the water mother, the panel of the feet, the eye sockets and ears, and The panels are quite different, as if they are young women's skins, wrapped around the bodies of old people."

"I made a comprehensive estimate. It should be around sixty-nine years old."

Lin Yurou said: "Mr. Qin is really careful, combining so many factors."

Zhang Quanzhen praised, "Details determine success or failure. Although it is just a very common guessing age, it also reflects Xiao Qin's attention to details."

Zhang Quanzhen's praise is undoubtedly very weighty. He supported Qin Ming and made the five rich and young people stop talking. No matter how cynicism is, it is boring.

However, Qin Ming understood the power of this glamorous insect paste, and turned an old lady into a young woman in her 30s. It was really scary, no wonder it was so expensive.

Lin Yurou said: "However, our beauty insect paste has shortcomings. The more you use it, the worse the effect. Generally, the third use will have no effect. It can last for more than five years while maintaining youth. It is pure natural, whitening, and will not be effective. People can see the anomaly, and the output is scarce. Just a few people who are willing to help the Lin family tide over the difficulties, each give a bottle. Our Lin family has something wrong this time, it will not be possible to buy it in the future. Up."

Tsk tsk, tens of millions in one shot, the Lin family deserves to be a giant in Xiangxi, wide enough.

After Qin Ming took it, he handed it to Mu Xiaoqiao, and said, "You can keep it for use."

Mu Xiaoqiao was slightly surprised, because this was a gift to Qin Ming, and Qin Ming was caring about her. A woman loves beauty. She naturally accepted it and used it when she was old. Now her face is full of collagen. There is no need for this kind of thing at all to get water.

Lin Yurou gave a gift and invited Qin Ming to talk outside.

Lin Yurou said: "Mr. Qin, I can help you get rid of the gu worms in your body now. However, you have let down our women in Lin's village. I hope that I will make the decision and you can let go of your past suspicions."

Qin Ming squinted his eyes, and everything else was okay, except for this.

Having said the truth, what should Lin Yurou do if he wants him to be responsible? What is her identity? The eldest lady of the Lin clan, who was ruined by Qin Ming for nothing and misunderstood someone else, went to the old Qin's house in the sea city to ask for an explanation, and was humiliated. Her past experience should have been uncomfortable.

If I knew that Qin Ming was the man who slept with her, would he be afraid that he would run away?

Although Lin Yurou also has something wrong, but this knotty point, absolutely can not say.

Qin Ming pretended to say deeply: "Miss Lin, it was a misunderstanding and a mistake with her. She didn't like me at all. If we meet, I'm afraid it will ruin my trip this time. So Miss Lin, let it go. If I have to meet, I have to negotiate business with Boss Lin."

Lin Yurou frowned. She thought Qin Ming was a typical scumbag?

This is to threaten her with tens of billions of business.

But the Lin family can't help it. The Lin family is currently in distress at home and abroad, the insect valley has been bombed, and a large number of valuable insects have died. They are faced with various high-priced default orders and urgently need funds to tide over the difficulties.

Lin Yurou hesitated for a long time, and finally compromised: "Well, Mr. Qin invites you to come with me, but only you and me are allowed."

Qin Ming didn't have any comments, afraid that she would not be a weak woman?

Qin Ming came to a small wooden house where he burned a strange spice, which made people uncomfortable.

Qin Ming sat opposite Lin Yurou. She picked up a few leaves that Qin Ming couldn't name, and chewed them in her mouth, as if eating raw weeds. The small mouth she made was full of green juice.

But soon, Qin Ming had a feeling in his body, ***, uncontrollable **, and Qin Ming felt that the endocrine had been out of balance by the bug again.

Lin Yurou looked at Qin Ming's eyes a little strangely, as if she had some strange thoughts, her legs were quietly clamped.

However, after she refused, she spit out the strange leaves in her mouth and handed it to Qin Ming, saying: "You put these in your mouth and chew, and when you vomit, the gu worm will be induced to vomit out."

This.....

Qin Ming's face was dark and reasonable, all of which was her saliva.

Although Lin Yurou is pretty, she is on par with Mu Xiaoqiao in terms of appearance, her voice is sweet, and her small round face is also cute, but the leaves she has chewed are swallowing, which is really disgusting.

Lin Yurou said: "Hurry up, I can't help it."

Can't help it? What do you bear?

Qin Ming saw her legs rubbing together, wouldn't it be wet?

Qin Ming was terrified in his heart: "Turtle, you can feel just staring at me in this small house? Is it so powerful?"

Qin Ming didn't understand, didn't know, didn't dare to ask, gritted his teeth, in order to get rid of the insects, bear with it.

Qin Ming took it, closed his eyes and put it in his mouth to chew, unexpectedly there was no bitterness, but a strange fragrance, which was not difficult to chew.

However, Qin Ming chewed for a while, and there was no change or abnormality in his body.

"Uh...Mr. Qin, are you okay?" Lin Yurou felt uncomfortable. She was almost lying on the table, pinching her feet, rubbing back and forth, her breathing became rapid, her complexion crimson, her small fists clenched. , It seems really unbearable.

Qin Ming was stunned. Lin Yurou, who was so serious just now, suddenly became so beautiful?

Suddenly, Lin Yurou raised her head and looked at Qin Ming: "What's the matter with this smell? Is this the smell of the king of insects?"

Qin Ming was shocked, awful, did it take too long to be discovered by her?

Chapter 443

"What's the matter? This is the taste of the king of insects?" Lin Yurou looked up at Qin Ming in surprise.

Lin Yurou knows very well that the worms of love Gu are a pair, a male and a female. Once the men and women who are parasitic with Gu worms stay together in bed for long enough, the worms will adapt to each other's smell, and they will no longer be affected by other love worms. The smell affects.

Among the mysteries of the Lin clan in Xiangxi, love is the most mysterious and the most taboo.

It is also a very small number of people who would use it under very extreme circumstances. Qin Ming's situation of being secretly guilty was also accidental.

Because female worms can control male worms well, they are suspected of servicing people as slaves, and they are usually the last resort of infatuated women in order to keep the changed lover, and for this they have to bear many punishments.

The male worms in Qin Ming's body obviously did not adapt to the smell of any female worm, so they could be affected by the smell of all female worms.

But during the process of attracting the insects, Lin Yurou suddenly felt that the smell of this male insect was a bit wrong, quite strong, much stronger than ordinary male insects.

The taste of love worms affects the diffusion of human pores through endocrine, that is, diffuses through the human body to enhance the taste.

Therefore, whether Lin Yurou or Zhang Quanzhen, they are not dog noses, they can be distinguished only if they are familiar with them.

But Qin Ming was almost chewing, and finally felt a feeling of vomiting like a car motion sickness. He frowned and suddenly opened his mouth with a “vomit”. The vomiting continued, and a pool of stomach acid was thrown out.

But there was nothing in the liquid, and it was hard to tell what Gu worm was with the naked eye.

However, Qin Ming’s strange feeling of ** disappeared.

Qin Ming stepped on it immediately, still rubbing a few times on the ground.

“Wait a minute.” Lin Yurou breathed a sigh of relief suddenly, her expression relaxed, but she was already sweating, and it seemed that her help had drawn a lot of energy just now.

However, once the male worm of Love Gu leaves the human body, the smell becomes very subtle and unpleasant, so the worm cannot be allowed to die.

But as soon as Lin Yurou yelled, Qin Ming stepped a dozen feet on the puddle of things that came out.

“...” Lin Yurou was stunned, the cultivation of a Gu worm was time-consuming and laborious, especially the insect king, which is not the value of money.

But Qin Ming had already eaten the weights, and he was determined to destroy the evidence.

Qin Ming said: "Ah, I'm sorry Miss Lin, I'm so scared, I'm afraid that the bug will come back again, can I swallow it for others?"

"..." Lin Yurou waved her hand, pointed at the door, forced her inner dissatisfaction, and said: "Mr. Qin, you can go out and leave me alone."

Qin Ming also guessed the caress, and felt that all living creatures deserved to die, so he said apologetically and left.

After leaving the wooden house, Qin Ming suddenly felt refreshed and breathed the fresh air of nature. The whole person was much more relaxed. The big things that had been accumulated in his heart were put down, and no one could control him in the future.

However, after this time, Qin Ming was also full of admiration for the Lin family's Gu worms. It was an extremely mysterious thing, and it didn't do much better than the various black technologies in the movie.

Now that the Lin clan is in a big crisis, he can talk about a big deal.

When Qin Ming returned to the Diaojiaolou, those people were still chatting with each other.

Seeing Qin Ming's return, Zhang Quanzhen twisted his short beard and smiled: "It has been resolved at this time. As expected, with a talent like Xiao Qin, why should you take other detours?"

Qin got a look at this bad old man, you didn't come here for a routine Laozi? But thinking about Zhang Quanzhen's help this time, he didn't say so much.

Mu Xiaoqiao was the happiest, and said, "Husband, it's really okay? How can I get rid of the insects? Is there any bad effect on the body?"

Qin Ming didn't want to say that he had eaten what Lin Yurou had chewed, and said casually: "It has no effect on the body, and the process is nothing special. Give me something and I just pulled it out like shit."

Sure enough, as soon as she talked about Shit Mu Xiaoqiao, she was not interested.

The people didn't wait long before Lin Yurou came in again, but this time she changed her clothes and put on the clothes of the local village, which also had a special style. The men present couldn't help but look more.

But when Qin Ming and Lin Yurou looked at each other, recalling what happened in the secret wooden house just now, the double play was quite embarrassing.

"Is this really wet?" Qin Ming couldn't help but reverie when seeing her changing clothes.

Lin Yurou said: "Everyone, my dad rushed back just now. I also know that several elder brothers are Pepsi-ridden. They make money every day and don't waste everyone's time. Please go to the lobby of the main building together."

After listening, Zhang Shao and the others shook their clothes and said, "Since Boss Lin is back, it's time to talk about business. But some people came to join in the fun and got a bottle of beauty insect paste for nothing."

Shao Bai also said: “Yes, as far as I know, the Mu family is now headed by Mu Hao. This son-in-law is obviously here to join in the fun, and a bottle of valuable beauty insect paste is really cheeky.”

Huang Shao said, “I guess he can get one billion at most after waiting. It’s going to be the best. Maybe it’s up to his wife.”

He Shao said: “Huang Shao, you are not talking nonsense? How much money can a student have? Let alone Miss Mu, Mu Hao is here in person, and he may not get more than tens of billions of funds. After all, the money belongs to the company. Doing a project doesn’t mean taking it.”

Mu Xiaoqiao bit her mouth very unhappily, and hummed, “No one looks at me.”

Qin Ming said plainly: “It’s okay, it won’t affect me.”

When the group came to the lobby of the main building, they saw a farmer-like man with bare feet and muddy feet, but a sturdy figure, shaved a small flat head, sweating profusely.

Lin Yurou walked to the uncle’s side, and Qin Ming also guessed that the shameless man should be the head of the Lin clan and the village head, Lin Yuanwang.

Looking at the person, Lin Yuan went straight to Zhang Quanzhen, took Zhang Quanzhen’s hand, and said happily, “Oh, Zhang Zhenren, it’s really my sin to let you wait for me all day. It’s really a matter over the Worm Valley. A little loss can be recovered, even a little bit.”

Zhang Zhenren said, “Xiao Lin, I’ve heard your dad tell me about your family. Your dad called me over, can I come empty-handed? Look, I found you the boy who lost money.”

With that, Zhang Quanzhen pointed to Qin Ming.

Lin Yuanwang looked at Qin Ming curiously. He felt that this young man was familiar, but for a while, he couldn't remember where he had seen him.

To tell the truth, Qin Ming admired Zhang Quanzhen.

He has meticulously calculated his serial routines, and he has a good message, that is, he has brought Qin Ming routines to the Lin family to talk about business. Qin Ming hasn't made any mistakes and can't get angry.

He not only helped Qin Ming solve the Gu worm problem, but also helped the Lin family find a capable helper, and at the same time let Qin Ming continue to be the son-in-law of the Mu family.

Qin Ming believed that if he had no Gu worm, Zhang Quanzhen would have other ways to fool him over.

This involves the judgment of human nature, especially the character analysis of Qin Ming and Mu Xiaoqiao, and the final arrangement and the clever means made Qin Ming amazed.

This kind of admiration from the bottom of my heart is that Qin Ming followed Chang Hongxi to learn the way of doing business last time, and Zhang Quan is really doing things with people, each has its own differences and has its own merits.

Sure enough, ginger is still old and spicy.

This gave Qin Ming the idea of earning him under his command.

Zhang Quanzhen is in the same age as Mu Hairan, but he is a monk, cultivating Taoism, and keeping in good health is his strong point, and he has a good life.

Lin Yuanwang stretched out his hand towards Qin Ming and said, "I don't know what the young man is called? Which rich man's brother? Forgive me for Lin Yuan's clumsy eyesight, but he didn't recognize it."

Qin Ming was about to introduce himself, and Zhang Shao and the others intercepted and spoke: "Boss Lin, what kind of rich man is this? Just come to the door of the son-in-law."

He Shao said contemptuously: "It's probably here to join in the fun, the son-in-law of Guangshi Mu's family."

Bai Shao echoed and said: "Yes, boss Lin, you still don't waste time with him. He is only a student and a door-to-door son-in-law. How much money is there? You can't pay the penalty for one of your orders."

The hand that Lin Yuanwang was about to stretch out was deadlocked in the air, his brow furrowed, the son-in-law of Guangshi Mu's family? He had also asked the Mu family for help before, but was rejected by Mu Hao at the time.

Here again? Doesn't this tease him? How much can the Mu family get?

Really rich, Mu Hairan will not send his son Mu Hao? No matter how bad it is, send his grandson Mu Zhaoyang to send a son-in-law?

Chapter 444

Lin Yuanwang retracted his hand, which Qin Ming hadn't expected.

Isn't it that Lin Yuanwang is outrageous and likes to make friends? Why did he change his face when he heard that he was a son-in-law or a student without money?

Lin Yuanwang changed the gesture of shaking hands to holding fists, and said, "Hello, hello, please sit down."

After finishing speaking, Lin Yuanwang also greeted several rich and young people to sit down together, and ignored Qin Ming.

Yes, Qin Ming doesn't even need to report his name.

He Shao passed by Qin Ming and laughed: "Hoho, did you see it? You don't have money to join in the fun? If you usually come here, you can fool Boss Lin, now? It's really a shameless typical."

Bai Shao also said, "No, I have used Boss Lin's good-tempered personality these years to come to build relationships, and there are too many people who cheat benefits. You are still speculative in times of crisis, you are really shameless."

Young Shao Huang is taller, with his chin held up and his nostrils looking at people: "Still staying? Ho Ho, you won't shed tears if you don't see the coffin, wait to see how you make a fool of yourself."

These wealthy and wealthy men launched an offensive against Qin Ming as soon as they seized the opportunity. For nothing else, they felt that the door-to-door son-in-law of Qinming district was unworthy to sit on an equal footing with them, so he had to step on a few feet if he was unhappy.

Mu Xiaoqiao was very annoyed. She admitted that she had looked down on Qin Ming before, but she couldn't look good. Qin Ming used his ability and ability to conquer her, and she had already admired Qin Ming's ability.

Now Qin Ming said that he is still the vice president of the Greater China region of a multinational company, and he can even make acquisitions or the wealthy Xu family in the market. He still can't spend tens of billions of dollars in investment?

So seeing her seeing that Qin Ming was underestimated, she was very annoyed, and said, "Does my husband have any money? You have the final say? You are not taking the money from the family?"

Zhang Shao and Ma Shaohao, who were lagging behind, smiled: "If you have money, who would dare to slander Mu's son-in-law for not having money? A few hundred million? A few hundred million is worth a shit. A few hundred million will come to the Lin family to fight the fire. Are you kidding? Not enough to pay an order penalty."

"Miss Lin, I suggest that you pee on the bed tonight to wake up your husband, don't let him come out every day ashamed. It shamelessly humiliate the prestige of Father Mu. Hahaha."

"You guys!" Mu Xiaoqiao masked Hanshuang, and wanted to slap her hands, but was held back by Qin Ming.

Qin Ming said calmly: "Don't be impulsive, don't be insightful with some dudes."

Mu Xiaoqiao said unhappy: "But they humiliate you like this."

Qin Ming smiled calmly: "I don't know who humiliated whom. Let's see who has the last laugh."

Before Lin Yurou was anxious, she knew that Qin Ming was able to put out tens of billions of dollars. She walked over and wanted to say something to Lin Yuanwang.

Lin Yuanwang didn't know how to tantrum at his daughter: "Do you think I didn't ask the Mu's family for help? Two months ago, I went to the Mu's family and was sent directly by Mu Hao with 300 million yuan. Mu Hairan couldn't see him in person. Now, how many years of old friends, huh, now send another door-in-law to ease the relationship?"

The sound is not loud, but the main building is quiet and everyone can still hear it.

It turned out that Lin Yuanwang had approached the Mu's family for help two months ago and had run into a wall.

However, two months ago, when the Mu family was really in distress, Mu Hairan was seriously ill, and Mu Hao looked for a solution everywhere. It is not an exaggeration to say that the Mu family was also a mud bodhisattva crossing the river, and it was hard to protect herself.

Although Qin Ming was a little uncomfortable, he could understand that after Lin Yuanwang's accident, Lin Yuanwang should have been running around a lot, and he might have experienced the scorching state of the world.

There is so much icing on the cake these years, but less charcoal in the snow.

In order to help the Lin family tide over the difficulties, Lin Yurou went on a blind date with the wealthy and young people of the old Qin family. As a result, Qin Ming became a key factor in the trouble, and Lin Yurou was ashamed and lost her reputation.

Even before the Lin family was saved, Lin Yuanwang might have been holding on, just the last straw that crushed him.

After everyone was seated separately, Mu Xiaoqiao couldn't help but ask Zhang Quanzhen, "Zhang Zhenren, does it really take so much money to save the Lin family? Ten billion is already very impressive, but tens of billions?"

Mu Xiaoqiao is a business person. She knows very well that one billion is not a small number. Ten billion is an exaggeration. What's more, tens of billions are needed?

Many wealthy families in Guangzhou have no net worth of tens of billions, not to mention that this is still working capital. Everyone does business not to open a bank.

Qin Ming muttered to himself, "Is it a lot of tens of billions?"

But he thought that the size of the Universe Century Group was different, so he couldn't pretend to be compelling.

Zhang Quanzhen said: "Miss Mu, you don't know anything about it. If you really want this number, Lin Yuanwang's family, as the village head, must guarantee the profit of each villager of the clan. This is not a small amount, otherwise he, the head of the clan, will also be driven down."

"Secondly, the person who bombed the Worm Valley was Qin Weiyuan, Lin Yuanwang's son-in-law, and he was the most responsible for the incident within the Lin family."

"The insects in Chonggu are very valuable. Many of them are used for medicinal materials, beauty, scientific research, and special purposes every year. Just when Qin Weiwang bombed the Chonggu, it was about to be shipped, but the Lin family only shipped the goods every few years. Disastrous, with a total value of more than tens of billions."

"The total amount of liquidated damages for orders that cannot deliver goods exceeds 20 billion. At first, Lin Yuanwang wanted those merchants to be able to accommodate for a few years, but the other party was not at all able to do so, and directly demanded that the compensation be paid according to the contract, within three months at the latest. Pay it off, otherwise the Lin family is required to hand over the tips for raising insects as a mortgage. Isn't that the lifeblood of the Lin family? There are only a few days left this month."

"The last thing is to rebuild the insect valley ecology. This not only requires time, but also money. Re-cultivating all kinds of rare insects also requires a lot of capital, manpower and material resources. This also requires money, not less than 20 billion."

“I also said before that Lin Yuanwang used to be a benevolent person who likes to make charitable donations and likes to make friends. He does not have much liquidity in his own family. The villagers in the village are quite wealthy, but Lin Yuanwang can't take a knife. Force the villagers to pay?”

“So, Lin Yuanwang has nowhere to go.”

Mu Xiaoqiao said: “Two months ago, our family was also in danger. Thanks to Zhang Zhenren for your help to get through the difficult situation. Boss Lin is about to misunderstand Qin Ming.”

Qin Ming sneered, this girl is fighting this because of his grievances.

He said: “It's okay, I am born with a black physique, and I am looked down upon everywhere I go.”

Mu Xiaoqiao curled his lips and said, “People rely on clothes and horses and saddles. If you wear this suit every day, you will be misunderstood. Of course, I will buy you several famous brand suits. Why don't you wear them? Tens of thousands, you will never be looked down upon when you come out.”

Zhang Quanzhen smiled: “Actually, the prejudice in people's mind is a mountain, and it has nothing to do with what you wear. Just like a celebrity Einstein said, before he became famous, no one knew what he wore. No one knows who he is when he wears everything.”

Qin Ming gave Zhang Quanzhen a weird look. As a Taoist priest, this stinky old man even knew Einstein, which was a bit funny.

“This is impossible!”

With a violent roar, the attention of the three was drawn away, but Lin Yuanwang yelled at the scene.

Lin Yuanwang said, "Zhang Shao, are you kidding me? You want a batch of worm eggs, and you want me to help you raise them? If everyone has gone to your place, then you don't know all of our Lin family's insect breeding techniques. Yet?"

Zhang Shao tilted Erlang's legs and said faintly: "Boss Lin, what you said is wrong. I was holding 10 billion to help you. I finally came with my dad, and you had trouble with the old Qin's family. After turning it over, everyone knows. Even the bank is afraid of offending the old Qin family and not lending you a loan. Everyone knows that many rich and wealthy people are unable to help you, and everyone knows."

Everyone knows the left sentence, and everyone knows the other sentence, so Lin Yuanwang's face twitched, his legs were weak, and he had to sit back.

Zhang Shao continued: "Our Zhang family is in the beauty business. We really need your beautification insect paste. We have to lower the price to have more room for making money. This tens of billions of dollars is for me to take a risk. Come to talk to you, are you going to give me insect pulp in batches for 20 years? Is that different from the empty glove white wolf? This is 10 billion. Do you think toilet paper?"

Lin Yuanwang's expression was extremely ugly and fell into silence.

"Would you like to listen to my opinion?" Bai Shao on the side interrupted, and said, "I also put out 10 billion, but don't want your Lin family's insect breeding technology. After all, our family sells natural gas, and these can't make a lot of money. Money, but I want people."

Everyone heard, there is still a matter of buying and selling people?

Chapter 445

Bai Shao pointed to Lin Yurou and said, "I'll give out 10 billion as a betrothal gift to marry Miss Lin. Yurou, we have known each other for many years, and I have been chasing you for three years. This

time, I am trying to sever the relationship with my family. , The family gave me 10 billion, please trust my sincerity.”

Lin Yurou’s face condensed, and Lin Yuanwang also didn’t have a good face.

Lin Yuanwang snorted: “Young Master Bai, I am very happy that you can come to help, but as a junior, you may not know what happened between me and Bai Jingting. I will not marry my daughter into Bai’s family.”

Qin Ming’s heart moved, Bai Jingting? Isn’t that Bai Yuchun’s biological father? I only found Bai Yuchun before, and brought Bai Yuchun back to Beijing to live.

In fact, Bai Yuchun also contacted Qin Ming from time to time. After all, the two have added WeChat to each other, but they are all greetings in life, and they don’t have much deep friendship.

Qin Ming occasionally watches the content shared by Bai Yuchun’s circle of friends, which is all about her learning to cook or making new friends. It seems to be having a good time.

Unexpectedly, this Young Master Bai was still Bai Jingting’s son. Qin Ming probably wasn’t the same mother.

Shao Bai said: “Boss Lin, it’s all about the old calendar. Why should our generation involve the previous generation? I can move out and not live in the big house. I really like Yurou. Please make it happen.”

Lin Yurou resolutely said: “Thank you for your love, but as I have said for three years, I am not worthy of Bai Shao, and I will not hinder Bai Shao’s happiness and future. Please Bai Shao forget me.”

Lin Yuanwang looked at his daughter dozingly and resolutely said: “Thank you, Young Master Bai, for your love, but the little girl will not marry for the time being. Moreover, I still doubt the motives of your Bai family.”

Young Master Bai became unhappy, and said with a sullen mouth: "If you don't marry into my Bai family, who else can Lin Yurou marry? Two months ago, she failed to have a blind date with Qin Zhongbai in the country, and was replaced by a civet cat for the prince. Body. Come back to China and ran to the old Qin's house to beg for justice. What a joke? Who doesn't know? This is already a scandal and a joke among the big wealthy. Lin Yurou, you are already a torn shoe, I don't dislike you, you still dislike it. Here comes me? Is my Bai family's status in Beijing worse than your Lin family?"

That Zhang Shao also said: "Yes, Miss Lin, I also saw you that day, Qin Zhongbai's mother scolded you as shameless in public. She was asleep and wanted to cling to the old Qin's house. This is no secret. Bai Shao doesn't mind. Cuckold, you can see his sincerity."

As soon as Qin Ming heard this, he touched the fake beard on his face with a guilty conscience, as well as glasses without prescription, and warned him not to show his stuff.

At the same time, she felt that Lin Yurou was really pitiful. All of this was the price of her first bad thoughts.

However, Bai Shao's words were more hurtful, a little arrogant, and a little bit shattered, which also exposed his ulterior motives in marrying Lin Yurou.

Lin Yurou paled with anger. She held back her tears and rebuked: "Bai, Bai Haocheng, don't spray people with blood. I, Lin Yurou, marry anyone who wants to marry. You don't have to worry about marrying a dog."

Lin Yuanwang really wanted to drive people away, and these rich and powerful dudes wanted to take advantage of the fire.

But he can't. In more than two months, he only raised 5 billion yuan, which is not enough to pay the liquidated damages. The shipper will send someone to hate the liquidated damages in a few days. If there is no liquidated damages, he will use the Lin family's conservative insect breeding technology for generations. As a mortgage, the Lin family would really suffer annihilation.

Despite the humiliation, Lin Yuanwang still endured it hard.

He said: “Young Master Bai, should I borrow in other ways? For a five-year period, with a one-off repayment of principal and interest at maturity, how about the loan interest rate 1 higher than the bank?”

After hearing this, Mu Xiaoqiao shook his head straight: “This boss Lin is too humble.”

Young Master Bai knocked on the table impatiently, and said, “Uncle Lin, do you think I am like a person who lacks money? I just want to marry Lin Yurou, why don’t you agree? She is a ragged shoe, a joke among the rich, in the future. Who dares to marry her? Except for the mysterious man who slept with her, who dares? Do you want your daughter to be a nun forever?”

Lin Yuanwang gritted his teeth and said, “Bai Haocheng! Thank you for your kindness. But as a father, Lin Yuanwang doesn’t sell a girl for glory. If you want to talk about her going to a blind date, I will tell you too. I opposed it. She saw that I was under too much pressure and ran away on her own. She was in a situation where people and wealth were empty. She was responsible for her own sake, but it does not mean that my daughter should endure your humiliation. If you don’t want to help, please go back. .”

Qin Ming’s heart moved, this Lin Yuanwang was a good father, who sold iron but not girls.

Here, Zhang Shao and Bai Haocheng didn’t have a successful conversation. One wanted unique insect breeding skills, and the other wanted to marry Lin Yurou, but he didn’t know what his purpose was.

And Shao He immediately came out and finished the game, saying: “Boss Lin, stay safe, we can come with all sincerity. I don’t want your Lin family’s insect-raising skills, and I will not marry Miss Lin, who is already fucked. ”

Lin Yurou was itchy with anger, she didn’t say anything good, she had to say “**”, this arrogance made her feel a tingling heart, but she still had to bear with it, and the sins she committed had to bear.

Lin Yuanwang also eased his emotions a little, and asked, "He Shao, what do you want?"

He Shao said: "Didn't Boss Lin say that just now? For a five-year period, the principal and interest are paid together. I also happen to only have 15 billion here, but the annual interest rate of the loan is 30. What do you think?"

"Excessive!" Qin Ming said in unison with Mu Xiaoqiao.

This double the bank's annual interest rate is tantamount to loan sharks, and the Lin family will fall into a bottomless pit of debt repayment in the future.

This act of demolishing the east wall to make up the west wall is of no use to Lin Yuanwang, as the creditor has changed individuals.

Lin Yuanwang didn't say anything, he was not stupid, he knew that this would not save the Lin family at all.

The conditions of Huang Shao and Ma Shao are similar, they both want money and the technique of raising Gu worms, especially Love Gu.

As a wealthy family in Xiangxi, the Lin family's love gu is taboo, and it is a lot of trouble to use it by the family, let alone spread out, it is impossible.

After some conversation, Lin Yuanwang was tired physically and mentally. He sat on the wooden chair and sighed in despair, feeling that the Lin family was about to die.

Qin Ming didn't want Lin Yurou, he didn't want to take advantage of the fire, not to mention the secret recipe for raising insects. He only wanted some mysterious Gu worms, like that beautiful insect paste, with amazing effects. He wanted as many as he wanted.

Qin Ming got up and said, "That boss Lin, actually I..."

Lin Yuanwang waved weakly and said, "Enough, you group of robbers who took advantage of the fire, you all want to get benefits. You don't care about the life and death of my Lin family. Get out of me and get out!"

what? Qin Ming is depressed, he hasn't had a chance to speak yet.

He said, "Boss Lin, please listen to me first."

Lin Yuanwang interrupted Qin Ming and said, "How much money can you have as a door-to-door son-in-law? Don't try to routine me anymore? How much money can Mu Hao have, why don't I know? It's the best thing for me to spend one to two billion in working capital. Now, can't you bring it all? Yurou, let me see you off, I'm tired."

After speaking, Lin Yuanwang walked away with his tired body, and no longer wanted to say a word to everyone.

Lin Yurou also endured anger and tears, and made a gesture of asking: "Everyone, please go back to the Diaojiaolou first."

Qin Ming asked for a boring one. He followed Zhang Quanzhen out and said, "Old man Zhang, you see that boss Lin has nowhere to go, but he doesn't seem to want me to help. I still want to make this stable profit business. I should Can earn a billion and some precious bugs, but Boss Lin doesn't want to talk to me."

Zhang Quanzhen shook his head and said: "This situation in the Lin family was also caused by Lin Yuanwang's own volition. He refused the help of the old Qin family in Haishi, and fell out with each other. Many rich and powerful people did not dare to interact with the Lin family anymore. Stinky boy, I don't have enough heart to swallow an elephant, so I just want to take advantage of the fire. It's too dishonest."

Qin Ming said: "No matter, I don't want to have a hot face and a cold ass. Let's go, anyway, my bugs have been removed, I am not at a loss."

"Ho ho..." Zhang Quanzhen smiled mysteriously, as if he was planning something again.

No, before the three of them returned to the Diaojiaolou, Lin Yurou quickly followed and said, "Mr. Qin, please wait a moment. My grandfather wants to see you in private."

Qin Ming was startled, Lin Yuanwang's father? Why?
