

Chapter 481

Qin Ming knew that it couldn't be delayed, and faced Liao Qingjing's unreasonable request, he could only swallow his breath and accept it.

With the heart that I will not go to hell and who will go to hell, he saved the "innocence" of the ** girl Sun Changxi, at the expense of the spirit of his hue, he decided to fight.

Qin Ming grabbed Liao Qingjing's fragrant shoulders, and had to say that dancing women's shoulders are really weak and boneless, and the figure is really slender. Not to mention the waistline, the figure is also free of fat, giving a light body and easy to push down feel.

The key is not to have some muscles like Sun Changxi.

The last time he embraced sports-loving Nie Haitang, Qin Ming felt such a superb figure.

"Hmm..." Qin Ming was about to kiss his lips, but he was actually a little excited in his heart. He didn't know the smell of Liao Qingying's lips.

Snapped.

As a result, Qin Ming was woken up with a slap.

"Qin Ming, what are you going to do while I'm drunk?" Liao Qingjing suddenly regained his senses, with a "vicious" look, patted Qin Ming's face with his hand, and said: "You kid, young and bad at school. Oh? I'm your elder, so I'm doing bad things to me?"

Qin Ming was wronged and innocent, and said, "You said that if you don't kiss you, you don't save your life. Am I not satisfied with your request? I am so in a hurry, rushing to help, you have to get drunk and play with you."

Liao Qingying hummed: "Fart, how could I say such a boring request? Wouldn't I give you benefits for nothing? You are full of guns, concealing your own insignificance?"

Qin Ming wanted to cry without tears, and said, "Master, it is really important to save my life now. You have to cooperate later..."

As soon as Qin Ming said the matter, Liao Qingjing washed his face and became sober a little before he realized that he had misunderstood Qin Ming.

Liao Qingjing smiled playfully and said, "Oh, you bad boy, you soaked in other girls, spent the night outside, and your parents came to your door? Tsk tsk, I can't see it all, you are so honest, so bold?"

Qin Ming had nothing to say now, because he really did that and couldn't refute it.

He said: "Old Master is not what you think, can you help? Human life is a matter of life."

Liao Qingjing held his head and said, "Alright, I said she slept with me last night. However, I don't welcome strangers into my house, I will go out and talk."

Liao Qingying supported Qin Ming's arm and walked out staggering. As soon as he walked to the door, he was full of alcohol and Aunt Yang frowned.

Liao Qingjing said, "What's the matter? A bunch of people are blocking my door. If you have something to say, I want to sleep."

Aunt Yang asked: "Hello, did my daughter stay at your house last night? We made a special trip to thank you for the inconvenience. I'm sorry."

After speaking, a bodyguard next to him brought a box of wild ginseng as a gift.

Qin Ming saw that this Aunt Yang could speak and do things, and would not cause any dissatisfaction. On the other hand, Huang Shaohao's emotional intelligence was far short of it.

Although soft, Qin Ming is an acquaintance.

Liao Qingjing didn't go to see the gifts and said, "Oh, I remember, it was too late last night. The kid Qin Ming brought a friend over and said that it is not convenient for girls to stay outside. Let me stay for one night. What's wrong? Do you have any questions? I don't have any video surveillance at home, believe it or not."

Aunt Yang smiled and said, "No problem, I think you are familiar. Are you a dancer who danced on which TV station before?"

Liao Qingyong was startled, his expression was a little sober, and he said, "Forget it, I did go to the Spring Festival Gala when I was young, and got some false names. Now I am an old teacher at Guangxi Opera University. Why? Don't believe me? My name is Liao Qingyong, you You can investigate my information."

Aunt Yang hurriedly said: "Oh, the famous old teacher Liao, no, no, no, I didn't have that idea. I just didn't expect the famous old teacher Liao to come to the south to develop. I thought you had been following the old teacher. Let's delve into national dance together."

famous? Qin Ming was puzzled. He didn't expect Liao Qingjing to be so famous. It's no wonder that people who knew her before were quite rich.

Sure enough, people want to be famous as early as possible.

Liao Qingying hiccups with alcohol and asks: "My teacher, she is too old, she has stopped teaching dancing. Don't worry, I didn't lie, hiccups...what else do you have?"

Qin Ming said, "Have you heard? It's late now, so don't bother Master Liao and rest. If you don't believe me, I don't care. If you bother me, I'm going to go crazy."

Aunt Yang got the confirmation and smiled knowingly: "I have really disturbed you for a long time, Master Liao is very embarrassed, my daughter disturbed you last night, next time I will come to thank you again."

Liao Qingjing waved his hand and said, "It's okay, it's nothing."

Qin Ming sent the people back, and Liao Qingyong lay on the bed and said dazedly: "Qin Ming, this is what you owe me. I lied for you. I really... I never lied."

Qin Ming said: "Master, you can go to sleep, I will lock the door for you, thank you this time, and invite you to dinner next time."

"Um..." Liao Qingyong fell asleep in a daze: "Which time did you ask me to eat, which time I did not make it for you."

Qin Ming went out and found that these people were still there.

"What are you doing? What else do you want to do?" he asked.

Huang Shaohao said with a black face, and immediately said, "Qin Ming, you slept here last night, right? The gate monitoring of the community, you only left this morning. You slept here last night, the house is

two bedrooms and two living rooms. , Your old teacher sleeps in one room, you Changxi sleeps in one room, you sleep in the living room, is it possible for you in the middle of the night...”

The following words were not finished, but the meaning was self-evident, suggesting that Qin Ming climbed onto Sun Changxi’s bed in the middle of the night.

Sun Changxi paled with anger, and said, “Huang Shaohao, what are you trying to express? I...”

Aunt Yang said immediately: “You shut up!”

Sun Changxi didn’t dare to speak immediately, holding her arms in an aura.

Qin Ming was also taken aback. Is this Huang Shaohao endless?

Qin Ming could understand that he assumed the attitude of Sun Changxi’s future husband, and found that Sun Changxi hadn’t returned all night. I was afraid and worried in his heart. He was very worried that Sun Changxi had sex, so he must break the casserole to verify it.

But this is too much, it has risen to the point of insulting Sun Changxi, then the gain is not worth the loss.

Aunt Yang asked: “Student Qin Ming, where did you sleep last night? Since you have all found here, you should also prove yourself, what will happen after saving, OK?”

Qin Ming coldly snorted: “Really, you have to prove this and that. Isn’t it annoying? If it proves that I am innocent, what should I do? I want sister Changxi to accompany me to a movie. How about this condition? ”

Qin Ming's move is to retreat for advancement. It seems that he is very rude. He is asking to watch a movie with Sun Changxi to take advantage of it. In fact, it seems that he did not get any advantage from Sun Changxi and secretly protected Sun Changxi.

Huang Shaohao said: "Ho ho, you wishful thinking, the toad wants to eat swan meat."

Sun Changxi said, "Qin Ming, just tell me."

Qin Ming couldn't help but shook his head, and said, "Really, my elder brother's house lives next to him. I lived with my elder brother's house last night."

With that, Qin Ming took out the key and opened the door.

It happened that Qin Chaoyang was watching TV in the living room. When Qin Ming came in, he said, "Hey? Xiao Ming, are you here? Did you bring friends? Ouch, I have to clean the living room."

"Brother, it's okay, they won't come in." Qin Ming turned around and said, "I'm so tired that you want me to prove this, prove that. Where are you guys cool off, stop harassing me."

Bang, the door is closed, leaving the embarrassing people behind, the original home lives here.

Sun Changxi saw that the proof was almost complete, and said: "Now you believe it? I just fell and hit my stomach. I was walking in a wrong posture, so I said that I had a relationship with someone else, huh, this one-sided word, Huang Shaohao, you can't say it can be said. You also took my mother to find someone to prove this and prove that, what do you think? Or, call your brother to come out and prove that Qin Ming slept here last night?"

Aunt Yang said faintly: "It has been proved that you are innocent. Chang Xi, don't blame Huang Shao, he is just worried about you. You have to know that there is something that is not obvious in our circle. It's going to be spread all over."

Huang Shaohao had finished the proof after seeing it, and felt relieved, knowing that Sun Changxi was still innocent, and a smile appeared on her face.

He hurriedly accompanied the smiling face and said: "Yes, Chang Xi, I am worried about you too. I must believe you in my heart, but I am afraid that you will suffer. It's fine now, Chang Xi, I'm sorry, I will never again Up."

Sun Changxi lost her temper and said, "Hmph, I'm going back, you guys continue to spend it here."

When I got in the car, Sun Changxi's phone rang, and Qin Ming's message came: "Sister Changxi, the movie you just said is not enough? Let's watch "Nezha" together?"

Sun Changxi smiled, and finally took a stride today, and did not let the family find out what happened to her and Qin Ming last night, otherwise she can't eat around at home, and the old father in her family is afraid it was not for her. Little life.

Sun Changxi didn't feel that she was at a disadvantage with the incident last night. It was originally Zhou Yu who fought Huang Gai.

She can't shamelessly say that it is all Qin Ming's fault, right?

Therefore, Sun Changxi just wanted to treat it as a "beautiful encounter", and then she could forget it.

As for the future? Sun Changxi wouldn't worry about not being able to marry. Although she was sorry to have sex, not all men in China would care about that layer of film. She would not marry Huang Shaohao, a straight man with advanced cancer.

In the community house, Qin Ming was holding a cell phone and received a message from Sun Changxi: "No, I will give you all the food. I am afraid that I will be pregnant when I watch a movie?"

"Hahaha..." Qin Ming laughed, and it seemed that things were handled well tonight.

Qin Ming was planning to accept his mobile phone, and then took a break. At this moment, Liao Qingjing called.

Qin Ming's heart moved: "Huh? Old Liao? Isn't the teacher asleep? Why..."

Chapter 482

"Um... Qin Ming, I'm so uncomfortable... I called you so many times, how about you?" Liao Qingjing was talking on the phone.

Qin Ming sighed, how did Liao Qingjing be a good teacher? I get drunk every other time.

He had to go back to the next door and found that Liao Qingjing was lying in the living room again, pouring a bottle of red wine into his throat.

I also vomited on the floor of the living room, and the vomit on the floor was sour and smelly.

Qin Ming is really a little angry. Drinking like this will kill him?

But for the face of mentor, Principal Liao, Qin Ming couldn't ignore it.

He stepped forward to grab the red wine and said, "Liao Qingjing, what are you doing? Don't drink the liver anymore?"

Liao Qingjing said embarrassedly: "Uh, uh, give me wine. I still want to drink... when I am drunk, I can do whatever I want. There are luxury cars, good Chanel, Ferrari, and awards..."

Qin Ming said annoyedly: "You really want to drink into the hospital, how can I face President Liao? She helped me so much and can't watch you fall for it."

"Qin Ming, give you a kiss, you give me wine." Liao Qingjing hugged Qin Ming's thigh, drunk crazy, and said, "Kiss wherever you want."

Qin Ming kicked away and said, "Go, I won't give you a drink. You know you are a lie if you kiss."

Qin Ming took Liao Qingjing back to the room, and Liao Qingjing hooked Qin Ming with a pair of jade arms, and said, "Qin Ming, am I very heavy?"

Qin Ming said: "You are not heavy, what's the matter?"

Liao Qinghuang smiled and poked Qin Ming with his hand, and said: "No, hum, can talk, no wonder she can deceive the girl not to go home at night."

Qin Ming's face turned dark, and it was true that she said just now that the kisses were all deceitful. This woman is really getting more and more crazy when she gets drunk.

Qin Ming got another boiled water for Liao Qingjing, who cleaned the living room again. After working for a long time, Liao Qingjing was already asleep in the bed.

Qin Ming was very speechless, why did Liao Qingjing inform him of something?

To be reasonable, he has experienced this situation several times. The last two times, Liao Qingjing grabbed his hand and didn't let him go.

Qin Ming thought about it and said, "Oh...Sleep on the sofa."

"Qin Ming, I'm so difficult...Should we women want this?" Suddenly, Liao Qingying was muttering in his sleep.

Qin Ming was taken aback and asked, "What is it difficult for you? Didn't you settle for a rich little lady?"

"Woo... I was deceived." Liao Qingying muttered in a daze, a line of tears flowed from the corner of his eyes.

Qin Ming was very surprised and was deceived? How did you get cheated?

But it was impossible for him to ask questions. Liao Qingjing had already started snoring. His charming face was white and tender. Although the wine was not good, his sleeping appearance was really good.

Qin Ming was a little concerned about what Liao Qingjing said. Qin Ming was a man of love and justice. He regarded Liao Qingjing as a friend, and his friend was in trouble, so he was naturally willing to help, as if Liao Qingjing had just lied for him.

Qin Ming walked to the sofa in the living room and fell asleep directly.

There was nothing for the whole night. When Liao Qingjing woke up the next day, he touched his body, his clothes were good, and he muttered to himself gratefully: "Nothing bad, not bad, good boy."

Liao Qingjing walked to the living room and found that Qin Ming had already made it early, and said, "Master Liao, get up? Come and eat."

Liao Qingjing sniffed the noodles with his nose, and said, "There is too much salt. The taste is average, so it's okay."

Qin Ming grinned: "That's definitely not as good as you did."

Liao Qingyong asked in surprise: "Don't you need to go to class? It's past nine o'clock, ah... I'm late for class again, forget it, let someone replace me."

The corner of Qin Ming's mouth twitched. How could this woman become a college teacher? I'm late and don't care.

Liao Qingjing held his head and asked as he ate, "I was drunk last night. Didn't I say anything strange to you?"

Qin Ming joked: "Yes, you said you want to kiss you."

Liao Qingjing suddenly made a red face, and Xiafei covered her cheeks quickly, and said, "This...I am drunk. Is there anything else?"

Qin Ming said: "Also, you said you were deceived. Teacher Liao, who was deceived by you? Tell me, I will help you settle the account."

Liao Qingyong shook his head and said, "Forget it, you are a little kid, I can't help you. You are in your senior year, and you have graduated well. Let's find a good job. My business...Oh..."

When Liao Qingjing talked about sad things, he went to the refrigerator to find beer.

Drinking this early?

Qin Ming immediately held down the refrigerator and said, "Liao Qingjing, I will solemnly declare that I am not a kid. I am 21. Teacher, aren't you only 26?"

"25!" Liao Qingyong corrected immediately, and said angrily: "Xu-year-old is 26."

Liao Qingjing lifted his hair and said, "Anyway, I am an old teacher, you are a student, and you are a kid. You can't help me with my affairs. And it's not a terrible thing, it's a house affair."

Qin Ming took a bottle of wine and said, "If you don't tell me, you can't drink it."

Liao Qingying looked at Qin Ming in a mixed mood. Last time she was harassed by Zhang Jundong, a gray tycoon in Guangzhou, and Qin Ming was involved at that time. Later, Qin Ming enlightened her and didn't worry her too much.

Later, I didn't know who helped her, got that Zhang Jundong settled, and made him pay a huge amount of 50 million yuan. All of a sudden, Liao Qinghuang became a little rich woman from debt.

Later, Liao Qingjing asked many people to find someone to help her solve her troubles, but he didn't have any information. Instead, he vaguely felt that Qin Ming was related to these things.

But she has no evidence, isn't Qin Ming just a student?

Qin Ming said, "Master Liao, I've been waiting for you all night, so you just say it. One more person has one more idea, and two heads are worth half of Zhuge Liang. Hey, you forgot? Last time you had trouble. I'll tell you the fortune-telling and get good luck. I'm more capable of fortune-telling now."

Naturally, Qin Ming can't tell fortune-telling, but when he read Zhang Quanzhen's autobiography, many so-called fortune-telling is to ask the victim to do something weird and forceful, and pray for God's blessing, and then Zhang Quanzhen secretly made a coincidence and a result, And the result is what the victim said and prayed for.

After doing three or five things like this, Zhang Quanzhen's fame has risen.

Qin Ming also has some thoughts in this regard now, and he should be experienced, after all, this is the most basic of Zhang Quanzhen's ability.

Seeing Qin Ming's persistence, Liao Qingjing sighed and said, "I didn't make a small fortune, but finally established my own company? I also did a few shows and just gained some fame."

Qin Ming asked, "Well, what's the matter? Who in your family lied to you?"

"My dad." Liao Qingjing clenched his fists in pain, and tears filled his eyes: "He lied to me that his company is experiencing difficulties and needs a large capital turnover. He wanted to borrow from my company as a mortgage, he told me for a long time, I relented and agreed to him. As a result, he lied to me. His so-called company was just an empty shell. He transferred all the public accounts of my company, gave it to my brother, and opened a new company...My company Finally it was seized by the bank."

"?" After Qin Ming heard this, he was full of question marks, and asked, "Why does your dad do this?"

Liao Qingyong said in pain: "Because my dad is patriarchal! Because my brother talked about a rich and beautiful friend, and the wife's family disliked my brother for nothing, and cheated on the old man. My dad took my dreams and hard work and gave it all to me. My brother. How else would my mother divorce him because he prefers sons?"

“Woo...Qin Ming, I don't have anything anymore, why? I'm so hard. I bought the Ferrari last month and I haven't paid the debt. What should I do?” Liao Qingjing said to his sadness. Hesitating and helpless, he leaned on Qin Ming and cried loudly.

Qin Ming's heart moved, could this count as a family affair? It is clearly a scam.

He thinks Liao Qingjing is so pitiful, how can he be upset now? Comfort?

Chapter 483

“Woo...erh...” Liao Qingjing leaned on Qin Ming's solid chest, crying faintly.

However, Qin Ming enjoyed Liao Qingjing's soft and warm fragrance. With her thin waist of willow, she felt the two balls on her chest through her clothes. A faint scent came out of her nose. Well, there was also an overnight scent of alcohol.

Liao Qingjing's figure is very sensational, the lines are particularly slender, but the development is so good, Qin Ming almost can't stand it.

He handed the toilet paper to Liao Qingjing.

Liao Qingjing turned around, wiped away his tears, and said awkwardly: “I'm out of shape, Qin Ming, don't take it to heart.”

Liao Qingjing's gaffe also proved that she really cared about the company she had set up with her own hands, and it just disappeared.

Liao Qingyong calmed down and said, "My dad is a very traditional man. He is machismo and patriarchal. Although he has a successful career, these problems cannot be corrected. Especially the patriarchy. My mother just can't bear this. I divorced him when I was in junior high school."

"Actually, it was this education issue that was arguing. My mother is an educator. She insisted not to spoil my brother excessively, but she ignored me. My dad said that boys will be sensible when they grow up, but my mom doesn't understand a little woman. ."

"Actually, I was very naughty when I was a kid. I still like my dad to leave me alone. He said that girls will marry sooner or later, and it's okay to be crazy anyway."

"That's why my mother often quarreled with my dad, and divorced too much."

"After all these years, my dad has been getting along well with me and caring about me."

"Actually, I don't have much dissatisfaction with him. Although he prefers my brother, I also live well on my own. I don't envy my brother or anything."

"But he actually lied to me, scammed my money, mortgaged my company, took the money and turned around to start a company for my brother. He also said that if my brother gets married in the future, he will let me go to my brother. The company is vice president, ho ho."

"Now I still have contracts with three large-scale stage shows on the TV station. The people under me are still waiting for my salary, and I just bought a Ferrari to pay, and now there are only more than one hundred left. Ten thousand is not enough."

"Qin Ming, do you think there really is such a father in the world? I don't care about my daughter's life or death, for the sake of my own son, and completely ignore my daughter."

Liao Qingyong confided to Qin Ming in a melancholy and helpless manner. She had been aggrieved by this matter for several days, and she had a special relationship with Qin Ming, so she said it out.

Qin Ming squinted his eyes, this is indeed a bit too much, he said: "Call the police, Master Liao, this is already a fraud."

Liao Qingjing shook his head and said, "Then I personally sent my dad to jail and ruined my brother's marriage?"

Qin Ming said incomprehensibly, "Then they ruined your life like this. If you don't help you with such relatives, they will cheat you. The more patience you are, the better they will be."

Liao Qingyong still resisted and said, "But...Qin Ming, this matter is my business, don't mix it in. I'll take it for granted. I really can't really send my dad to jail."

Liao Qingyong escaped and didn't want to make such a painful decision.

What is the meaning of eating a sting and gaining wisdom? This shows that the heart is too soft.

In fact, in Liao Qingjing's heart, she has always been raised in a single-parent family. Although her parents were divorced, Liao Qingjing had a good relationship with her father and eldest brother since she was a child. Although she was not cared much, she was taken care of by her mother and she was old. Be gentle and become a famous dancer in the country.

As a successful person in society, he is the protagonist of Zhongxing Pengyue. Liao Qingyong does not lack anything. He does not have too much hostility in his heart. If he is a dance teacher, he has a better mentality, except that he lacks the desire for family. It is her inner desire.

Therefore, Liao Qingyong has no resentment towards the family, but often regrets that he is a single-parent family.

She believes that relatives are more important than money.

A woman's nature and maternal brilliance are easy to tolerate, especially when she makes mistakes with her family, she would rather suffer the crime, but also want to wait for the moment when the family will come back and rehabilitate.

Looking at this choice of Liao Qingjing, Qin Ming recalled the content of Zhang Quanzhen's autobiography, and thought that what he said was not bad.

The current Liao Qingjing is too much for the Virgin. In order to maintain a "relative" who does not take her seriously, it is not worth it to suffer alone.

Ding Dong... Suddenly the doorbell rang.

Liao Qingjing also walked to open the door slightly unexpectedly. At the door stood a middle-aged obese man with a Chinese character face. He was very gentle and fair, and he felt like a business man at first glance.

Liao Qingjing said unexpectedly: "Dad? Why are you here? Aren't you in Beijing?"

The visitor was Liao Qingjing's biological father, Yuan Bing.

Liao Qingjing was later followed by his mother's surname.

Yuan Bing's fat-headed and big-eared national character face, walked in and said, "Yes, Xiaoying's affairs this time, don't blame your dad for hiding from you, you are a sensible child. You should know that your brother is almost 30 Now, it's hard to marry a daughter-in-law. There can be no mistakes. Can you bear to watch your brother be bachelor for the rest of your life?"

“Moreover, the woman is very rich. Although our man is inferior, we can’t lose face. The dowry will have one or two hundred million. If you return the money at that time, it will be fine? You should treat it as a short-term investment.”

“I...” Liao Qingjing said in agony.

Qin Ming couldn’t help it, and said, “Uncle, Liao Qingjing, it’s not easy for her to make money. She still has a program contract with the TV station. If she doesn’t have the money to do the program, she is in breach of contract, and the payment for breach of contract is not a small amount.”

Yuan Bing was taken aback, looked at Qin Ming, and said, “Do you have friends here? Hey, this young man, you don’t know, my Xiaoying has the skills, and the TV stations are all acquaintances. Contracts can be changed. Isn’t it just a word from the director? Besides, she can’t. Her mother is also a university president, and she can say a few words. It’s not a problem at all. You are young and don’t understand this society. It’s a society of personal affection.”

Qin Ming squinted. He was indeed young, but he knew the society too well. He sold his daughter for his own benefit.

If Principal Liao really does favoritism for her daughter’s affairs, then she will have a handle in the future, including Liao Qinghuang. Once she owes favors and handles, she will be subject to others everywhere.

“Hoho.” Qin Ming gave a dry smile with disdain.

Liao Qingjing feared that the two would quarrel, and hurriedly said: “Qin Ming, you have finished eating noodles, walk around, and go back to your school for class.”

Qin Ming sighed.

Liao Qingjing asked again: "Dad, what's the matter? Is it the eldest brother and sister-in-law about to get married? Just call me and let me know, why bother to come over in person."

Yuan Bing rubbed his palms and said, "Oh, it's your brother's business? Originally, the gift money and other things have been agreed, and the house has been bought in Beijing, but your sister-in-law suddenly said that he would come to Guangzhou to work hard and start a company. I need a good car so that I can go to work later."

Liao Qingjing wondered: "So what? I have no money."

Yuan Bing said, "Didn't you say that you ordered a Ferrari? The down payment has already been paid. Let's give the car to your brother, and the subsequent repayments will be paid by Dad, so you don't have to pay. In addition, you let's borrow this house in Guangzhou to let your brother-in-law live there for a while after getting married. It seems that our family can afford a house in a good location like Guangzhou."

Liao Qingjing said aggrieved: "This is not good, this house is given to my brother, where do I live?"

Yuan Bing said sternly, "Aren't you a college teacher? Your school didn't allocate a dormitory? It's not a long-term stay. Why are you so stingy? Your brother can't be ashamed. It seems that our Yuan family has real estate in Beijing and in Guangzhou There are also real estate, and you can afford to drive a luxury car, otherwise your sister-in-law will press your brother in the future, so how can you fix it?"

Qin Ming was so angry that he was going crazy, so what happened? The ghost knows how to fix it? Your son can't hold his daughter-in-law, so he used his daughter to pit him, tsk tsk, Qin Ming didn't see it with his own eyes, he really didn't know there was such a weird father.

He saw that Liao Qingjing was very tangled and helpless, and he didn't know what to do.

Chapter 484

Liao Qingjing finally agreed to her dad Yuan Bing's request. Ferrari gave it to her brother. The down payment was just a waste of water. The house was temporarily lent to her brother and sister-in-law. It was regarded as a place to stay temporarily after marriage, and it seemed to have face.

Because my sister-in-law wants to start a company in Canton, after all, Canton is a first-tier city in China, with a very developed economy and trade. At present, we are vigorously promoting technology and information industries, which can be said to be gold everywhere.

Yuan Bing meant that the company of Liao Qingjing's eldest brother merged with the company started by her sister-in-law. After all, her brother is not good at doing business and is easy to lose money. Let his wife work, so her brother can be a big boss behind her.

After everything was on the right track, Liao Qingjing joined the company as a vice president to help her brother watch.

In addition, it is a waste of money to buy a house, and Yuan Bing has already spent a lot of money to manage the marriage. Originally, he bought a house of tens of millions in Beijing, but the woman didn't want to live in Beijing, so she had to come to Guangzhou. City entrepreneurship.

The old father had no choice but to find his daughter who worked hard in Guangzhou for the sake of his son's marriage.

Although Liao Qingjing's house is only a two-bedroom house, the urban Lvdao community has a good location, a good environment, and housing prices have been rising, and it is also about to reach the ten million level.

Yuan Bing looked around the house and said, "The decoration is very stylish, very good, and does not lose face."

Liao Qingjing held his forehead speechlessly and asked, "Dad, how many days do you want to live with brother and sister-in-law? There must be a deadline, right?"

Yuan Bing said: "It won't be long, at most half a year. They have a house in Beijing and won't want your house. This time Dad didn't lie to you. If it wasn't for your brother to beg a daughter-in-law, I would hug my grandson earlier. You won't be able to do anything like this. Xiaoying, Dad knows that you are the most sensible. Would you not help your father and your brother this time?"

"It's not that I don't want to help, it's just..." Liao Qingjing has a headache. If his father really does what he said, he will return the money if he makes money in the future, buy a house and move out, and give her everything back, she sacrifices a little Point is not impossible.

But she has no confidence.

But she just didn't have the confidence, but she couldn't refuse. The word "No" was in her throat, especially when facing her old father, Liao Qinghuang's decision-making power plummeted.

This may be the elders.

Yuan Bing vowed to say: "Don't be so unconfident. Yes, Dad admits that he prefers your brother, because your brother is not sensible. As the old saying goes, raising a child is a hundred years old and worries about ninety-nine, right? But you are too. Dad's own flesh and blood, our company did have a difficult turnover recently, and I bought your brother a house in the first ring of Beijing, and I had money on hand."

"Your sister-in-law is Bai Fumei, and the family is rich. We can't let your brother lose face, right? Your brother can't control your sister-in-law, and his life will be difficult in the future. Then your sister-in-law's dowry will be difficult to take, no Take it, it's not easy to pay you back, right?"

“Don’t worry, Dad won’t hurt you, Xiaoying, you are a sensible child. You have to think about the overall situation. We are a family and we should support each other and overcome difficulties together.”

“When your brother takes your sister-in-law’s dowry in the future, I’ll be the master and I will definitely return the money to you. Is it still tens of millions of dollars behind you? Right?”

After Yuan Bing continued to persuade, Liao Qingjing finally had no objections, and agreed to hand over both the car and the house.

Qin Ming stood at the door watching, and shook his head secretly. It would be unlucky for a woman to stand on a family like this.

This is someone else’s family affair, and Qin Ming has nothing to do with him. He and Liao Qingjing are at best good friends. Liao Qingjing does not speak, he is not good to intervene directly.

Qin Ming returned to the next room. Qin Chaoyang and Xiaoli were still there, and they seemed to have just finished taking a shower. Are they still wearing pajamas? Is it vacuum inside? The flesh on the chest flickered across the pajamas.

What bath did you take this morning? Two wash together?

Why did Xiaoli hide in the room when she saw Qin Ming?

Qin Ming looked at his eldest brother Qin Chaoyang again, his face was ruddy, and his shirtless dark panel, because he still had quite strong muscles at the construction site all year round, he was very attractive.

Qin Ming leaned over with a smile and asked, “Brother, get the moon first near the water tower, is this taken? I am about to have a sister-in-law?”

Qin Chaoyang made a big red face and smiled honestly: "Why are you coming back suddenly? Don't make any noise, Xiaoli has a thin face, you are embarrassing."

"Oh, brother, do you think I am coming back?" Qin Ming said with a smile, "Okay, I will transfer the house to you later, I won't come back later."

Qin Chaoyang asked suspiciously: "Isn't this house owned by your boss? It's for your boss's secretary, but after so long, I haven't seen your boss's secretary come over."

Qin Ming said: "My boss said that I did a good job recently. He asked me what I wanted as a reward, so I asked for this house, and he gave it to me."

Qin Chaoyang immediately shook his head when he heard it, and said, "That's good? But it's not good, brother, it's not easy to have a house in Guangzhou. You have to cherish it. This house is big, so you won't have to worry about marrying a wife in the future."

Qin Ming-ho-ho smiled, eldest brother is still worried about him marrying a daughter-in-law in the future?

Qin Ming said: "Brother, if you don't have this house, you might not be able to marry a sister-in-law, do you believe it? Look at you, you are not too young, so please accept it with peace of mind. You have a career, a big house, and later. I'll get you a Benz, and I will ensure that my sister-in-law will be married home smoothly, so that our parents can carry the grandson, right? But..."

Qin Chaoyang heard Qin Ming keep saying this to him, and he was very touched, but he felt ashamed of it, and was about to decline, but when he heard Qin Ming say it, his mind was suspended.

"But what?" Qin Chaoyang asked.

Qin Ming looked at the door of the room, his face sinking, and said, "But the sister-in-law's family don't know what is going on? If the character is not good, they are all sharp-eyed, like a miser..."

Qin Chaoyang said: "If Xiaoli is such a good girl and can have such a good tutor, will his family's morals be poor?"

Qin Ming shook his head and said, "This is not true. Brother, don't worry about getting married. Find a chance to meet with Xiaoli's family. Try to appear poor. If Xiaoli's family still agrees, then I have nothing to say. ."

Qin Chaoyang asked: "Then what do you mean?"

Qin Ming lowered his voice and said, "Brother, do this first... and then, look at the reaction of your sister-in-law's family. If everything goes well, these houses will be yours in the future. As a gift for you and your sister-in-law."

Qin Chaoyang frowned, "Brother, isn't this bad? It feels a bit deceitful."

Qin Ming said: "Brother, listen to me, it's true. The relationship that can't stand the test is all plastic."

Qin Chaoyang said, "Well, then Xiaoli and I will move out today."

Qin Ming nodded, and he glanced at the door again. He was quite satisfied with the secretary of the eldest brother. He hoped that she could stand the test and cultivate a positive result with his eldest brother.

Qin Ming went out, touched the phone, raised the corner of his mouth, and said, "Liao Qingjing is about to call me, right? Three, two, one..."

As soon as the voice fell, Qin Ming's cell phone rang, and it was indeed Liao Qingjing's call.

Liao Qingjing said very tiredly: "Qin Ming...Well, if you have something to do, please, can you, can you take me in for a period of time?"

Qin Ming pretended to be stupid: "Why? Old Liao? I was a student, so why did you take in you? How about you tell President Liao?"

Liao Qingyong gritted his teeth and said: "Can't tell my mom? My mom will definitely come to quarrel with my dad. Then, my brother's wedding will be gone. Isn't your brother and your sister-in-law living next door? I often see them both in and out. Yes, can you do me a favor and let me live for a few months? Just a few months. I promise not to disturb their private lives."

Qin Ming hesitated and said, "Uh, it's not impossible. My brother just happened to have something to move out recently. It's okay to ask you to take a look at the house. But what good is it for me?"

Liao Qingjing suddenly became angry, and said, "Hey...you kid, you can't help the old teacher, but you can't do a good job? I'll give you the head office for rent? Do you really want to kiss? You bad boy. ."

Qin Minghao smiled, and said, "Well then, I can help you, but you have to..."

Chapter 485

"Qin Ming, you don't want to hit me and pay attention?" Liao Qingying said angrily, "If you want to help me, I will find someone else."

Qin Ming said amusedly: "Old Master, can you think of others, would you still look for me first? Don't you tell Principal Liao about this matter?"

“Uh, uh...” Liao Qingjing puffed up her mouth and clenched her small fist. She really didn’t have a good place to go. Friends did, but how could there be an empty house? As a male friend, the safest and most reliable, she thought of Qin Ming.

She didn’t live in the school dormitory, and she kept getting subsidies. Mom couldn’t go there, otherwise she would have a fight.

After thinking about it, Liao Qingyong thought of the older brother Qin Ming who lives next door. The house is big, and he wanted to take care of the relationship, temporarily borrowing, but never thought that Qin Ming would ask her.

Liao Qingjing said: “I’ll always pay you rent, right? You can help the old? Can you teach me? You bad boy.”

Qin Ming said, “Liao Qingjing, where do you want to go? I can help you, but you have to...”

Qin Ming deliberately lengthened his accent, and Liao Qingjing felt flustered, wanting to take advantage of her? This bad boy is very bad.

Qin Ming finally smiled and said, “You have to deal with this house. This house will be used by my elder brother in the future. It is very important. You should take a look at the house and do the daily cleaning. Do you understand?”

When Liao Qingjing heard this, isn’t this a normal requirement? But she was so frightened that she thought Qin Ming wanted to ask too much.

“Let me just say, he deliberately teased me, he is really a nasty bad boy.” Liao Qingjing felt happy, and he liked Qin Ming a little bit higher.

Liao Qingjing said: "Yes, where are you? I'll talk to your brother. Haha, Qin Ming, you are the best. Every time I have trouble, you can help. You deserve to be my mother's proud pupil."

Qin Ming said, "I'm right downstairs. Come down and talk."

Liao Qingjing fell downstairs and said, "You bad boy, what do you do for me? Actually waiting here."

Qin Ming said: "Liao Qingjing, you let out your house and car. Isn't this too great? I can't watch you sleep on the street?"

Liao Qingjing heard something in Qin Ming's words and explained: "My dad gave me a guarantee. He said that he will return the money to me. Now my brother is going to get married. In a critical period, I will sacrifice nothing. Family members should support each other. . Can't I even believe my dad? I rent your brother's house and will take care of it. Don't worry."

Qin Ming was speechless, what's the meaning of such a promise of son supremacy?

Liao Qingjing was too easy to lie.

Qin Ming nuanced his mouth and said, "That will work. But Master Liao, I'm serious. I recently went to a fortune-telling teacher, who is very good at fortune-telling. I think about your brother's marriage and you borrow a house. This matter hasn't gone so smoothly. If you need it, ask me to calculate your luck, and maybe it can help you alleviate disasters."

Liao Qingyong said with no anger: "I need to look at my palmistry again? Even if I play, do you think I really believe you? Okay, is your brother here? I'll talk to him."

Qin Ming said, "Yes, they will move elsewhere today."

Not long after, Qin Chaoyang called a moving truck and planned to move the things of daily life to the rented house in the city village where the secretary Xiao Li used to be.

The urban villages in Guangzhou are poorly managed, and there is a mixture of dragons and snakes next to the smelly ditch. The environment is far worse than that of the community. This change in treatment after moving in is not affordable for ordinary people.

But Qin Ming made this arrangement deliberately to test Xiaoli's family.

Qin Chaoyang sleeps with his secretary. Based on his understanding of the personality of his elder brother, this should be the first woman in his life. He is also approaching the age of three, and he probably wants to marry Xiaoli home.

If he is a younger brother, he must help his eldest brother to check, otherwise he will rely on his honest parents to help the bosses in the countryside to tide over the difficulties, how can he manage so much.

If you are a good woman, then you can marry home quickly, if there is a problem, then divide it earlier, so as not to grind.

Qin Ming was a bit completely as though he was a younger brother, but he wanted to be the "father" of this family.

Wang Xiaoli now sees Qin Ming, it is more natural, nodded slightly: "Boss Xiao Qin."

Qin Ming said, "Sister Li, I'm sorry, I have other uses for this house."

How dare Wang Xiaoli have any opinion on Qin Ming, but she is the boss, she said quickly: "No, nothing. We just want to rent a house outside, and it's not expensive."

Qin Ming helped his eldest brother move, and helped Liao Qingying move there. After a lot of hard work, he said to Qin Chaoyang: "Brother, it's time for you to see your parents. No matter what, let sister Li's family see you first, you I'm taking it back to my hometown and seeing my parents. Are you satisfied with it?"

Qin Chaoyang nodded and said, "I know, pretend to be poor. At the beginning, Wang Feng despised me for being poor, and he ran away after talking about it for four years. He would rather sell it than sleep, and use money to humiliate me. I always remember. Xiaoli, I feel good, I still have a job now, since she is willing to follow me, it shouldn't be a big problem."

After Qin Chaoyang moved away, Qin Ming returned to the house to see that Liao Qingjing was counting his clothes.

Liao Qingjing asked curiously: "Eh, Qin Ming, I don't need your brother's room. The guest room is full of clutter and there is no bed. But who is the master room? That bed is so beautiful, it seems that nobody lives."

Qin Ming said: "My. Old Liao? Master, should you sleep in my bed."

Liao Qingjing hesitated and said, "Isn't this bad? Haven't you done anything strange in bed?"

Qin Ming laughed and said, "What's wrong? I'm not a kid? What are you shy?"

"I'm so shy, hey, you little boy." Liao Qingjing gave Qin Ming a blank look and said, "Okay, I'll sleep in your room."

Suddenly, when the door opened, the old father Yuan Bing came in, and when he saw Liao Qingjing, he walked in without saying hello, and said, "Oh? This house seems to be more spacious and nicely decorated? Wow, is this crystal cabinet real? It's worth tens of thousands, right?"

The decoration of this house is of course good. Song Ying thought that Qin Ming wanted to live in. The decoration materials are the best. The decoration cost is more than 500,000 yuan. There are also various expensive furniture and electrical appliances. The grade is better than that of Liao Qingjing next door. The house is much better.

Qin Ming said: "I am the landlord, I rented the house to Master Liao."

Yuan Bing heard it and said, "Eh? Xiaozhu, you rented it? That's not right? Let's use this house as a wedding room. The one next to you is a bit small. In this way, it seems that we have two houses here, this house. Now the appreciation is fast, how much do the two houses cost? You can use it to brag about your brother."

Liao Qingjing said speechlessly: "Dad, this is someone else's house. Does it make sense to lie like this? Sooner or later I will be known and not even more embarrassed? Is my sister-in-law trying to make money for our family?"

Qin Ming wasn't annoyed, and said with a smile: "When I bought this set, it was more than 5 million yuan, and it was more than 6 million yuan for the decoration. Recently, the house price has risen rapidly, and then I will estimate the increase in the next few years, which will be more than 10 million. Together, the two sets are estimated to be 15 million. If a young man can buy it for a year or two, he can blow it up."

Yuan Bing said with satisfaction: "Well, it's good, it's good, you and I want to go together, you can lose everything, you can't lose face. Boy, you can buy a house at a young age?"

Qin Ming said: "Why, my elder brother. He let me take care of it. Uncle, you want to rent? Yes, I will rent it for you, but the things in this house are used up and you have to settle accounts separately. How?"

Yuan Bing was a little moved. Qin Ming's house is indeed too high-end, and his house in Beijing is not as good as this one.

His son is going to show up. He is 30 years old, has his own company, has tens of millions of assets, has Ferrari, and has two houses in Beijing. There are two houses in Guangzhou, worth ten million, and there is an old father behind him. , There is also a company that makes money, and it is a successful person.

Liao Qingying held his head speechlessly and said: “Even if he deceives himself and others, Yuan Haohua has transformed from an old man who eats and waits to die to a promising young man with tens of millions of his own assets. If you don’t learn well, if you wear it, you still have to lose face.”

Qin Ming said humbly: “Oh, Teacher Liao, don’t you understand this? If you want to marry your daughter-in-law home, you have a big belly. What can you worry about? The woman still wants to divorce and remarry?”

“Eh!” Yuan Bing said in surprise: “The young man thought of going with me. Oh, Xiaoying, my dear daughter, your brother is getting married now. When you marry a daughter-in-law, you can’t just marry a factory girl or a village girl, right? Go to Gaoli. , Our Yuan family only has face. Understand? This house is good, rent, I want to rent it. Boy, can you make a price?”

Qin Ming gradually smiled and said: “Oh, wherever uncle speaks, it’s his own family. I’ll rent it to you cheaper. But I have a condition.”

Liao Qingyong completely collapsed. She felt like Qin Ming was going to do something. He would negotiate terms for everything.
