

Chapter 2694

It was Donna, the Senior Sister of Celestial Wood Altar.

Darryl was overjoyed to see her. He remembered when he joined the Celestial Wood Altar, he pretended to be a fisherman and everyone looked down on him. Donna was the one who took good care of him.

Donna was also a rare beauty and she had become even more charming since the last time they met three years ago. She was wearing a long, light yellow skirt that showed off her exquisite figure. Her beautiful hair fell over her shoulders like a waterfall; she looked like a fairy.

Darryl was about to greet her, but Donna interrupted him.

"Who are you? Why are you trespassing in

the Holy Saint Sect?" Donna asked calmly.

After Darryl spent three years in the Wild Deserted Secret Region and gained three scars on his face, his appearance and temperament were very different from before. That is why Donna failed to recognize him.

Darryl was embarrassed that the Senior Sister could not recognize him anymore after having not met for three years. Then again, it turned out good for him!

Darryl clasped his hands together politely. "My name is Sandhurst. Darryl, the Elysium Gate Sect Master, sent me to look for Empress Chang Er. I have something important to tell her."

He decided to go along with it since his Senior Sister failed to recognize him. There were grievances between the Ryukin Gold Altar and Darryl. They would probably plan something against him if they found out

about his return.

Darryl was eager to see Chang Er and he did not want to waste time and effort dealing with unrelated matters. Moreover, his Senior Sister always treated him well. Donno would treat Sandhurst well if she knew Darryl sent Sandhurst.

Donna's eyes lit up. "Did Junior Brother Darryl send you? Please come in!"

She quickly led Darryl through the stone formation. Donna always saw Darryl as her Junior Brother even though he was famous in The Nine Continents. She did not emphasize her superior status, but she thought it was a friendly gesture.

Soon, Donna guided Darryl to the forbidden land behind the mountain. Along the way, many Holy Saint Sect disciples eyed Darryl curiously, especially the female disciples.

"Who is he? He's dressed like a beggar. He

looks so dumb and silly!" they giggled at him.

Darryl was not bothered by their remarks.

Donna gave him a nod of approval secretly as she admired Darryl's response.

Indeed, he is someone sent by Junior Brother Darryl. His temperament is so much better than any other disciples from the other sects. The Holy Saint Sect was a well-known yet low-key sect in The Nine Continents. Usually, visitors who came into the sect would be fearful.

'Surprisingly, Sandhurst is carrying himself with composure,' Donna thought.

"Sandhurst, the Holy Saint Sect has strict rules. You can not run around here and don't talk nonsense when you arrive at Chang Er's resting place, got it?" Donna reminded Darryl.

Darryl smiled and nodded. "Understood!"

While they were talking, a sexy figure walked towards them. She was about the same age as Donna, but she wore a pink dress that accentuated her beautiful features. She looked fascinating but had an arrogant expression.

It was Tina, the Senior Sister of the Ryukin Gold Altar!

'F*ck!' Darryl frowned suddenly when he noticed it was Tina. 'Why do I have to bump into her?'

Darryl could not forget the time when he first joined the Holy Saint Sect. Ryukin Gold Altar had always been found fault in him because of their grievances with the Celestial Wood Altar. There was a time when Tina tricked him and lured him to the back of the mountain and almost killed him.

Tina had also spotted Darryl and Donna. She first glanced at Darryl contemptuously

and then turned to look at Donna.

Donna wanted to show Darryl the beautiful scenery around them, but when she saw Tina, her good mood was gone!

"Sandhurst, let's go," Donna said softly as she walked faster.

It was obvious she wanted to avoid talking to Tina! However, sometimes things do not turn out as expected.

Chapter 2695

Tina's mean voice came from behind them after they were a few steps past each other. "Donna, why are you walking so fast? Are you so scared to see me?"

Donna stopped and looked at Tina. "Why should I be afraid of you?"

Tina chuckled and looked Darryl up and down. "Who's this? He looks like a dirty beggar. Why did you bring an outsider into the forbidden land? Have you forgotten the rules?"

Darryl frowned secretly. Tina had not changed at all. Three years had passed and she was still annoying.

Donna was fearless as she looked at Tina rudely and said, "Tina, I don't need to report what I'm doing to you. This person is here

Chapter 2695

to see Empress Chang Er. Don't cause any trouble and just go!"

Tina smiled with contempt. "He's here to see Empress Chang Er? Donna, are you crazy? Empress Chang Er is like a fairy; not everyone can see her as they please! Look at how he's dressed. Who knows where he's from?"

"Let me guess, this man must be your boyfriend, right? Are you trying to bring him in and join the Holy Saint Sect, so that you both can be together forever? Haha, don't forget our Holy Saint Sect's rules. You'll be expelled from the sect if the Sect Master finds out!"

Tina's face was mean when she said that!

Donna was so angry, she quivered. "Tina, mind your words. Darryl sent him to deliver a message to Empress Chang Er!"

'He's Darryl's messenger?' Tina was taken

aback at first, but then her eyes lit up.

Tina stared at Donna with a sarcastic look in her eyes. "Tsk. Tsk. I was wondering why you were so worried and overprotective over him. It turns out that he was sent by Darryl. When Darryl was a disciple of the Holy Saint Sect, you two were behaving abnormally. Later, when you learned that Darryl was the Elysium Gate Sect Master, you were so delighted that you looked like you could not wait to dive into his arms! Now, you're treating Darryl's follower much better than you treat your own seniors and juniors in the sect! You are so anxious to help Darryl. Do you want to be the Elysium Gate Sect Master's wife?"

Tina was bitter and mean. Those words of hers gave a full account of her character.

"You..." Donna stomped her feet angrily, her face flushing. For a moment, she did not know how to respond to Tina.

Though she had a good impression of Darryl, it was nothing as exaggerated as what Tina said.

Darryl could not stand Tina's taunts anymore. Tina was disgusting. Both Donna and Tina were beautiful, but why was Donna so kind and Tina so vicious?

Then, he tugged Donna and said slowly, "Take me to see Empress Chang Er first. There is no need to be worried over someone that's dying."

Darryl threw Tina a nonchalant glance. He noticed Tina was holding a coreopsis plant in her hand. The plant had Yang energy and was beneficial because it nourished blood, and qi. However, Darryl remembered that Tina practiced a Yin energy cultivation method.

Obviously, Tina had reached a bottleneck in her cultivation journey and the Yin

energy in her body was too strong, so she had to use the coreopsis plant to suppress the Yin energy. However, Yin and Yang worked against each other, and in her case, using too much coreopsis plant would be dangerous and life-threatening.

Darryl could see from Tina's face that she had used a lot of coreopsis plants and her body had experienced a lot of side effects. Hence, he said that.

Tina's face changed and looked like a cat being stepped on its tail the moment she heard Darryl.

"Do you know who I am? How dare you curse me?" she yelled.

Tina had always been respected as she was the Ryukin Gold Altar's Senior Sister. She could not let it slip that a random person said she was dying.

Donna was anxious as she tugged on Darryl's

s sleeve. "Sandhurts, don't talk nonsense."

'Oh, gosh. I just told him not to talk any nonsense yet he went off and said something to Tina. Tina is the most vengeful person on earth. How could he get himself in this situation?' she thought.

Chapter 2696

Their argument attracted quite a few onlookers!

A dozen people dressed in the Ryukin Gold Altar's uniform approached slowly. The one who headed the group was Alan, the Ryukin Gold Altar Master, who had an imposing face and aura. "What's up?"

Alan had just tested the progress of his disciples' cultivation. He was passing through the area when he heard Tina arguing with someone and stopped by to check it out because he was curious.

Tina greeted Alan when she saw her master with her Junior Brothers. "Master?"

At the same time, she threw Donna a complacent stare. Donna's expression changed as her heart pounded fast.

'The Ryukin Gold Altar Master is here. Tina would be even more arrogant? What do I do?' Donna thought.

Alan came and asked Tina, "Tina, what are you doing here?"

His voice was not loud, but it sounded firm. At the same time, he eyed Darryl contemptuously.

Tina was full of confidence once her master arrived. She pointed at Donna and said, "Master, Donna from Celestial Wood Altar has taken an outsider into the forbidden land and violated the rules. I tried to talk some sense into her, but she refused to listen and called me a busy body."

Tina looked at Donna defiantly.

'What?' Alan frowned.

"Is that right?" he asked.

The Ryukin Gold Altar and the Celestial Wood Altar have always been on bad terms. As the Ryukin Gold Altar Master, Alan naturally did not approve of Donna, the Celestial Wood Altar disciple.

Donna bit her lip and tried to argue, "Don't listen to her one-sided nonsense. I didn't bring anyone into the forbidden land. This man was sent by the Elysium Gate Sect Master, to see Empress Chang Er for an important matter."

"Your disciple, Tina, is so stubborn. She tried to stop me even after I tried to reason with her." Donna remained calm.

She was not afraid of being persecuted as there was no reason for her to be fearful of Alan or even the Sect Master if she did nothing wrong.

Alan and everyone around him was stunned to hear that, especially Alan.

Alan and everyone around him was stunned to hear that, especially Alan.

His brows furrowed as his face suddenly turned ugly. 'So, Darryl sent this kid? In that case, he can't be allowed to see Chang Er.'

When Darryl disguised his name and joined the Holy Saint Sect, he put Alan in a bad light several times. Alec was embarrassed and humiliated; he would never forget what Darryl did to him.

The Ryukin Gold Altar disciples also locked their hostile eyes on Darryl. Since Darryl's appearance had changed a lot in three years, the disciples like Donna, could not recognize him like Donna.

Darryl frowned secretly when he noticed Alan's expression. 'Damn it, Alan and I aren't on good terms. He would definitely ruin my plan once he finds out that I'm involved in this.'

Finally, Alan calmed down and he studied Darryl. "Kid, did Darryl send you?"

Darryl smiled and nodded. "Yes!"

Alan sneered, "Darryl disguised his identity back then and joined the Holy Saint Sect. We haven't even got over that matter yet. Now he wants to see Empress Chang Er again? He thinks he's good huh? I tell you what; it's impossible for you to see Empress Chang Er without the Sect Master's approval."

Tina approached Darryl and jeered, "You heard that, kid? You aren't supposed to be here. Get out of here!"

Chapter 2697

Then, Tina thought of something and said to Alan, "Master, this kid is rude. He just cursed me to death..."

Then she explained the situation to Alan.

All the Ryukin Gold Altar disciples chuckled. "Haha, who does this kid think he is?"

"The entire Ryukin Gold Altar knew about our Senior Sister's situation. Speaking of which, Altar Master is the one who recommended the use of the coreopsis plant. If there is a hidden danger, wouldn't the master know about it?"

"That's right. I think this kid doesn't know what he's talking about. He must be dissatisfied because Senior Sister blocked his path, so he used this method to scare

Chapter 2697
her."

Darryl was an object of ridicule and Alan displayed a disdainful smile.

The next second, Alan glanced at Darryl and said, "Kid, since you're a guest, I won't do anything about you, but I want you to watch your words next time. You ought to know that there's always someone that is better than you."

Then, Alan signaled to Tina.

Tina understood Alan's instruction and she glanced at Darryl triumphantly. Then, she urged her internal energy to absorb the spiritual power of the coreopsis plant in her hand and integrate it into her energy field.

Her face turned extremely red, obviously due to the Yang energy of the coreopsis plant. However, she failed to integrate the plant's spiritual power into her energy field with her own strength.

Buzz!

Alan walked behind Tina, raised his hands and put it against her back to help her with the integration.

Time passed by slowly by the minute.

Two minutes later, Tina's face gradually returned to her normal shade.

"Thank you, Master!" Tina took a deep breath.

Then, she raised her eyebrows and said to Darryl, "Hey, kid, did you see that? You said I can't successfully integrate the power of the coreopsis plant, but you didn't know that Master would help me every time so I wouldn't suffer from any side effects."

The other Ryukin Gold Altar disciples also nodded in agreement.

"Yes, he's just a hillbilly. How could he

possibly understand such profound knowledge?"

"He thinks he knows everything just because he's Darryl's follower."

"Kid, are you in a daze? Hahaha."

Alan smiled when he heard the compliments from the disciples.

Then, he looked at Darryl and smiled. "How about it? Kid, what else do you want to say?"

Darryl smiled but did not respond!

Donna, who stayed silently at the side, tugged on Darryl's arm and said in a low voice, "Sandhurst, he's the Ryukin Gold Altar Master. He's not someone you can trifle with, so quickly apologize. Don't you have something to report to Empress Chang Er? You should look at the important things."

Donna bit her lip, feeling conflicted.

Chapter 2697

Ryukin Gold Altar and Celestial Wood Altar had always been on bad terms. Donna had always tried to stay away from the Ryukin Gold Altar people. Usually, she would never submit to them so easily, but she decided to hold back her emotions because she knew Darryl must have got something important to tell Chang Er.

Darryl nodded secretly after hearing Donna out, beckoning her not to panic.

The next second, he looked at Tina, then at Alan and chuckled. "Altar Master, it's undeniable that you have really powerful internal energy. If you use this method yourself, it will be okay, but you have overlooked something.

"Tina cultivates Yin energy techniques, and she hasn't reached your level of cultivation realm. It seems that things are moving smoothly after you helped her to integrate the power of the coreopsis plant, but in

Chapter 264

fact, the residual Yang energy poison from the coreopsis plant hasn't been completely dispelled. It went deep into her energy field.

With that, Darryl glanced at Tina and suggested, "If you don't believe me, try to stimulate your internal energy, and inject it into your Wind Nervus Acupoint and Yin Spirit Acupoint and see what happens. You'll soon find out if I'm right."

He never wanted to be nosy, but he became enraged when he saw Tina's proud look he became angry. He could not help it, especially when he was reminded about how she almost killed him.

The audience was in an uproar! All the Ryukin Gold Altar disciples, as well as Alan, frowned and looked at Darryl coldly.

'This kid just won't stop, will he?'

Chapter 2698

Donna stomped her feet anxiously! 'Can't Sandhurst keep his mouth closed? Why must he say this?'

Tina sneered and looked at Darryl in contempt. "You sure are Darryl's follower. You've really got thick skin. You have seen my master's technique, so how dare you say that? Do you think that you are so great? Well, I'll try what you said and see if I die immediately!"

Tina began injecting her internal energy into her Wind Nervus Acupoints and Yin Spirit Acupoints.

Everyone's eyes were on her. Alan stood there smiling and looking extremely pleased with himself.

He believed that the person in front of him

was babbling away. He had helped Tina to integrate the Yang energy into her body, so how could it be poisonous?

Ten seconds had passed and Tina's expression remained the same. Nothing went wrong.

Tina's Junior Brother could not help it anymore and yelled at Darryl, "Kid, what else do you have to say? Are you trying to act smart in the Holy Saint Sect? I think you've come to the wrong place!"

Many people around him echoed his opinion.

"Yeah, hurry up and send this person away!"

"He dresses like a beggar, yet he dares question our Master? It's ridiculous!"

Alan wasted no time and said to Donna, "Donna, no matter who this person is, you've made a mistake and violated the sect's rules by bringing him to the forbidden land.

I can't condone this. I'll give you a chance to send him down the mountain immediately! Remember, if you do this again, I'll punish you according to our rules."

Donna bit her lip, feeling embarrassed. 'How can I send him away? Darryl sent him here, but then...if I don't agree, I'll be in trouble with the Ryukin Gold Altar. After all, I am just a Senior Sister of the Celestial Wood Altar and I can't challenge Alan.'

Darryl noticed the helpless look on Donna's face. He smiled and assured her in a low voice, "Don't worry. They'll come to ask for my help soon."

Darryl looked serious when he said this. He could see that Tina was fine for the time being, but things would go wrong after a while. It was dangerous for her to inject internal energy into her Wind Nervus and Yin Spirit Acupoints.

"Stop talking!" Donna pleaded to Darryl

Chapter 2650

helplessly.

'Isn't he being a little overconfident although he's Darryl's follower?' she thought.

Although Darryl spoke softly, Alan and the others heard him!

"F*ck, what are you talking about?"

"Do you think we'll beg you?"

"You must be daydreaming!"

Tina and the other Ryukin Gold Altar disciples were furious.

'This kid must be crazy. He's about to be sent down the mountain, yet he said that we would beg him?'

Alan lost his patience and his face turned pale as he said coldly, "Donna, what are you doing? Hurry up and take him away. Send him down the mountain!"

Donna trembled, then breathed a long sigh. She nodded and said, "Alright. Thank you Altar Master!"

With that said, she was about to pull Darryl away!

Donna had thought it through. It would be impossible for her to take Darryl to see Chang Er when Alan was around. She better go see her Master later, then get her Master to arrange for Darryl and Chang Er to meet.

Darryl remained indifferent!

"Sandhurst, let's go!" Donna whispered.

Donna was about to leave with Darryl. Suddenly, Tina, who stood to the side with a smug expression, groaned in pain and clutched her belly. Then, she collapsed to the ground.

Chapter 2699

Tina's face was extremely pale as she trembled and dripped in a cold sweat.

Alan and the disciples around were stunned! 'What's going on? Wasn't she fine earlier?'

Several disciples reacted and rushed to surround Tina.

"Senior Sister!"

"Senior Sister!"

"Senior Sister, what's wrong with you?"

Everyone was shouting. Alan looked solemn as he walked over to Tina quickly and grabbed her wrist to check her pulse!

Alan's expression changed when he sensed the changes in her body. He was shocked.

He sensed that Tina's internal energy in her

energy field was in severe disorder. At the same time, a gush of Yang energy force surged in her meridians.

'This is impossible. I've obviously helped her to integrate the Yang energy completely.' Alan frowned.

He looked horrible and puzzled.

"Master, what's the matter with Senior Sister?" a disciple asked, panicked.

Alan's face was gloomy and he did not respond!

Tina laid there, grimacing.

"Master, I'm so uncomfortable. My body is so hot... I feel really sick," she said weakly.

She felt as though she was being roasted on a fire and she felt extremely uncomfortable.

Donna trembled at the awful sight. She

stared at Darryl in shock.

He was right about Tina having a problem. Like everyone else, Donna thought that Darryl was talking nonsense. She was surprised to see it happen so quickly!

Tina was in so much pain, she almost fainted. "Master, I... am I going to die?"

Alan was flustered as he comforted Tina, "No, don't be silly!"

Alan ordered several disciples around him, "Quick! Help your Senior Sister to the pavilion. I want to help her recuperate her internal energy immediately!"

A few disciples quickly helped Tina up and brought her to the pavilion not far away. Then, Alan began to help her dispel the Yang energy poison in her body.

A few minutes passed and soon, Alan's forehead was covered in beads of sweat. He was so anxious; he did not know what

to do.

He felt the Yang energy poison in Tina's body had been left behind by the coreopsis plant. The poison was embedded in the depths of her energy field, but he had never noticed it.

'F*ck, how did the kid know?' Alan wondered.

The next second, Donna asked Darryl, "How did you know so much about Tina's situation?"

Darryl scratched his head and smiled as he responded casually, "I've had some medical training before. Medical diagnosis is all about checking the symptoms and I can see them clearly from Tina's face."

"Then, do you know how to save Tina?"

"Yes. It depends on whether they're willing to let me do it or not," Darryl responded calmly as his eyes looked indifferent.

The truth was that Darryl hated Tina a lot. When he was at the Holy Saint Sect, Tina had deliberately lured him to the back mountain and made him fall off a cliff. If Darryl were not so lucky, he would have died from the fall.

Donna's eyes flickered when she heard Darryl's answer. She could not help but look closely at Darryl.

'He looks confident, just like Darryl,' Donna thought, but she did not have time to dwell in her thoughts.

She looked at the pavilion, checking on Tina's condition.

Over at the pavilion, Alan tried several times to save Tina but failed every single time.

Alan tried several times to save Tina, but he failed, in the end, every single time. Tina had used too much coreopsis plant in the

past two years, which has caused a heavy buildup of the Yang energy poison in her energy field. Although Alan had reached the Heaven Ascension level, he failed to get rid of the poison completely.

Chapter 2700

The Ryukin Gold Altar disciples were anxious when they noticed Tina's situation.

'Oh, no. Is Senior Sister in danger now that even Master doesn't have a solution?'

'Could it be...'

Suddenly, someone thought of something and turned his head to look at Darryl standing not far away. 'Since this kid diagnosed the problem accurately, does he have a way to cure her?'

Soon, someone said to Alan, "Master. Maybe, let that kid come and help—"

Alan interrupted before that person could finish speaking. "What about that kid? What does he know?"

Alan was sweating profusely as he yelled

nervous and kept saying, "Jet, please help her!"

Among the many disciples Alan had, he doted upon Tina the most. He treated Tina like his own daughter so he would not want Tina to be in trouble.

Jet pondered for a moment, then shook his head and said, "Alan, Tina's situation is very bad. She's dying. There's nothing I can do about it!"

With that said, he looked at Tina and continued, "She was practicing Yin energy technique. When she hit the bottleneck, it seemed like a perfect way to use the coreopsis plant to balance the Yin internal energy in the body, but it's a pity that her physique cannot completely get rid of the Yang energy from the coreopsis plant!

"Even if you help her, it'll only treat the symptoms but not the root cause. The Yang energy poison of the coreopsis plant

nervous and kept saying, "Jet, please help her!"

'What? This... I thought I was helping Tina, but I never thought that I would be hurting her!' Alan was stunned.

The Ryukin Gold Altar disciples were also stunned.

Tina laid there in despair, feeling anxious and afraid. She almost fainted.

At the same time, Donna bit her lip and said to Darryl, "Sandhurst, can you help Tina?"

Even though Tina was mean and had always found fault in Donna, they were still sisters from the same sect. Donna could not bear seeing Tina being tormented by the poison.

"You want me to save her?" Darryl was surprised.

Donna sighed and nodded. "Although Tina's mean to me, we're still sisters from the same."

Darryl groaned and nodded. "Well, I'll help you, but I don't know if those people from Ryukin Gold Altar would let me help her."

Donna walked towards the pavilion without hesitation.

When she arrived at the pavilion, Donna said to Alan, "Altar Master, why don't you let Sandhurst try?"

"Donna, what are you talking about?" Alan asked grimly.

Donna hesitated and pointed at Darryl. "Darryl sent him here and he has a way to save Tina. Besides, he was the one that found out about Tina's situation, was he not?"

Alan was furious. "That's absurd, Donna!

How can you believe in an outsider? I think you want Tina to die.

"Altar Master, maybe he really does have a solution?" Donna panicked.

Alan sneered, "Even Jet and I are helpless. What can he do for Tina?"
