

Nothing to Give but My Heart Chapter 1390 – 1399

Chapter 1390

Hearing, Liang Yahe slapped her head and smiled and said: “It is also true. Look at my mind and just care about you, completely forgetting that today is a wedding.”

Marry Jiang smiled shyly.

The door was pushed open, and Phillip and Xiao Mingzhi walked in together.

“Are you all ready?”

When the words were over, Phillip looked over towards Marry Jiang.

Today’s Marry Jiang is wearing a light green dress with a short coat of pearl white outside, and her legs are white and slender.

She stepped on a pair of light-colored high-heeled shoes with high heels. She doesn’t know how much. But seeing such high heels, Phillip subconsciously frowned, “You wear such high shoes, will it be convenient to walk?”

Hearing that, Marry Jiang was taken aback.

“You usually wear flat shoes. Are you sure you can walk?”

Before Marry Jiang could reply, Liang Yahe next to her rushed out and said, “How do you talk? It’s not normal for girls to wear high heels? Why is it inconvenient to walk? If it is inconvenient to stay, you will be more. Hold Marry a little bit, Marry is your girlfriend, don’t you have this awareness?”

Phillip didn't expect that he would just ask a random question, then he was scolded and rubbed his nose in a whisper.

Okay, he shouldn't speak.

His mother is too protective of Marry. They are only girlfriends now. What if the two are real boyfriends and girlfriends and marry home in the future, should Liang Yahe not scold himself for Marry?

Thinking about it made people tremble, and Phillip didn't speak any more.

"Auntie, it's okay, let's go."

"Let's go."

Phillip drove by himself. Marry Jiang wanted to sit behind and hand over the co-pilot to them, but Liang Yahe directly opened the co-pilot's door for her and let her in.

She was too embarrassed to go in, so she went in and fastened her seat belt.

After the car drove out, Liang Yahe began to talk from behind.

"Marry, Phillip, my cousin, is only 25 years old today. I heard that my girlfriend started talking when he was in school. The two have been talking for four or five years, and the relationship is very good. They made a kiss last year. The wedding will be held this year. You said that Phillip is so old, why don't you know how to learn from his cousin?"

Marry Jiang was a little embarrassed to hear it, because her current identity is Phillip's girlfriend, and it feels like Liang Ya and these words are urging them to marry them.

She was still thinking how to answer, Phillip frowned and said, "Mom, don't talk about it."

Liang Yahe squinted her eyes and said angrily: "Zhedi, when I am a mother, you still say you must be wrong?"

Xiao Mingzhi touched Liang Yahe's hand and signaled that Marry was still here.

Liang Yahe also reacted, and then raised her lips: "Marry, don't worry, you and Phillip will be married in the future. Auntie will definitely treat you well. If Phillip dares to bully you, I will not spare him."

Ahem, Marry Jiang was so embarrassed, no wonder Phillip said that after the wedding came back to make it clear, it turned out that his mother was so anxious, wouldn't it be that she had already discussed the marriage with Phillip in private?

Anyway, Marry Jiang felt that after he came back, he should make it clear, and if he made it clear, she would go back for a blind date.

Isn't it just a blind date? It's no big deal either.

After thinking about it this way, facing Liang Yahe, Marry Jiang just smiled shyly and did not answer.

Liang Yahe didn't think too much, only when she was shy and still very happy.

She was really sad not looking for a girlfriend, but she didn't expect him to find such a good-looking girlfriend without saying a word, simply showing them the face of Xiao's parents. The most important thing is that Marry Jiang is not a vase, he is very good in all aspects.

The car drove for nearly two hours, and when she stopped for a meal, Marry Jiang's expression was not very good, so she got up and went to the bathroom.

She retched in the bathroom for a long time without vomiting anything.

She was actually suffering from motion sickness. After sitting for a long time, she felt a little uncomfortable. She wanted to vomit but couldn't vomit. If Liang Yahe and Xiao Mingzhi were not in the car, she would have asked Phillip to stop halfway to rest.

But when the elders were there, she was a little embarrassed, afraid that others would find her troublesome, so she endured it till now.

After retching in the bathroom for a long time, Marry Jiang wanted to wash her face to clear her face, but as soon as she turned on the faucet, she realized that she had put on makeup today. She sighed helplessly, took the powder cake to fix the makeup, and then turned around. Get out.

As soon as she walked out, she saw a long figure leaning against the door.

Phillip?

Why is he here?

Marry Jiang was puzzled, Phillip raised his head and his eyes fell on her.

"You're uncomfortable?"

Although she has put on makeup, her eyes are obviously tired and her face is not pretty.

Hearing, Marry Jiang shook her head: "It's okay."

Phillip frowned somewhat displeased: “Why didn’t you say it earlier? I have been waiting here for five minutes.”

Huh?

Have you waited for five minutes? It is estimated that I heard her retching sound just now. Since it has been seen through, then she has nothing to hide, so she smiled and said, “Your parents are here. If I say it, it would be too troublesome. Yeah.”

“What’s the trouble?” Phillip frowned, “They like you very much, you don’t know.”

“Yes, they like me, but you don’t like me...”

Marry Jiang said the latter sentence very quietly, probably only she could hear it.

Phillip didn’t hear it. He narrowed his eyes and asked her, “What did you say?”

“It’s nothing.” Marry Jiang curled her lips and said indifferently: “I mean, they like me, and I can’t be pet and spoiled. Did you hear clearly this time?”

Phillip frowned, recalling the words Marry Jiang said just now.

It always feels like she just said that they like her, but he doesn’t like her.

Although he didn’t hear the last sentence at all, he always felt it was that sentence.

But if that sentence is true, it doesn’t look like Marry Jiang’s style.

She is not such a person who can say such things.

Maybe he thinks too much?

“Speaking of uncomfortableness is not regarded as being pet and coquettish. If there is a problem, then it is regarded as being pet and coquettish.”

“Okay, what you said is correct, I am fine now, let’s go out.”

After speaking, Marry Jiang walked towards him, and when she passed him, her hand was held by him.

When the palms touched, Marry Jiang felt as if she had been electrocuted, her eyes widened suddenly: “What are you doing?”

Phillip just wanted to stop her, but he did not expect to catch her hand. When she saw it like this, she immediately retracted her hand as if being electrocuted, “Sorry.”

Marry Jiang pursed her lips, looking at her retracted hand, there seemed to be his warmth remaining in her hand.

“It’s okay, what’s the matter?”

Phillip originally wanted to say how you were weird these past few days, but when the words came to his lips, it became: “Nothing, let’s go.”

Then he took the lead in the front.

Chapter 1391

Marry Jiang looked at her figure, not knowing what she was thinking, she lowered her head and glanced at the palm of her hand, and soon followed.

When Marry Jiang went back, Liang Yahe cordially came up and shook her hand, “Marry, are you not feeling well? You have been to the bathroom for so long.”

Hearing, Marry Jiang was a little embarrassed, “Auntie, I’m fine, I just went to put on some makeup.”

Hearing that she was going to touch up makeup, Liang Ya and immediately dispelled their doubts, and laughed: “It turned out to be like this, our Marry is already very beautiful. Touching up makeup is not very important, you are tired. Are you tired? Should we take a break?”

“It’s okay.”

“It’s about an hour. If you’re tired, the wedding hasn’t started so quickly. Let’s rest here for an hour.”

“It’s okay auntie, let’s go now.”

“Do you really need to rest?”

“I don’t really need auntie, let’s go~”

“Well, if you feel uncomfortable, remember to tell your aunt and uncle, the aunt will definitely occupy you, and the wedding is not that important.”

“Well, thank you Auntie.”

In the face of Liang Yahe’s concern, Marry Jiang felt his heart warm.

If she really has something with Phillip, Liang Ya and such a mother-in-law, probably many daughter-in-laws can’t ask for it, and they will treat them well.

If every mother-in-law was like this, the mother-in-law and daughter-in-law would not have to quarrel that day.

Unfortunately...

Marry Jiang's eyes were a little sad, and she didn't continue thinking.

The group set off again and soon arrived at the wedding scene.

When they got out of the car, someone came up to greet you.

Phillip walked behind Marry Jiang and took the opportunity to lower his voice and said, "Still, if everyone asks you questions, if you find it annoying, don't answer."

Hearing that, Marry Jiang glanced at him unexpectedly: "If you don't answer, won't you offend people?"

"I will bear it for you."

His voice was low and steady, with a reassuring power. He didn't hesitate when he said this sentence, making Marry Jiang stunned for a while, then raised his lips and responded with a faint smile.

"Okay, then if I get into trouble at that time, you have to bear it for me."

"Ok."

Phillip didn't know what she said, and responded to her.

Then he seemed to be aware of something, his side eyes and Marry Jiang's eyes met, Marry Jiang was staring at him, and the two people's sights just collided, and they looked at each other for nearly seven seconds.

Marry Jiang suddenly thought of a very famous sentence.

If you look at one person for more than seven seconds, you will fall in love with each other madly without hesitation.

“I only heard about it before, but now I have a chance to verify it. She doesn’t know if she has fallen in love with Phillip.”

But her heart was beating fast at this time.

Boom!

Boom!

With sound after sound, her heart hit her chest forcefully, as if about to break out of her body.

Marry Jiang snapped her eyes away, avoiding Phillip’s sight.

Phillip pursed his thin lips and found that his original white ears were now pink, small and exquisite.

He withdrew his gaze, swallowed a bit embarrassedly, and suppressed the irritability in his heart.

“Yes, yes, Phillip is here too.”

Liang Yahe and relatives over there were about to greet each other, and then a group of people looked at them. Liang Yahe looked at Marry Jiang’s direction with satisfaction, and said with a smile: “We, Phillip, are finally happy this time. I have a girlfriend. The two have a good relationship and will get married soon, so his girlfriend came to the wedding together.”

Not far away I heard Phillip and Marry Jiang, who were about to get married:
“ ... ”

The two were a little embarrassed, and at the same time, they were thinking that they were planning a showdown after they went back, but they didn't expect Liang Yahe to tell their relatives that they were getting married.

In fact, in this situation, if Liang Yahe was too good to Marry Jiang, she would really have an aversion to such elders, but Liang Yahe's silly appearance made people think that she was not at all wicked, she It's really good to Marry Jiang.

Marry Jiang could also feel it seriously.

Thinking of this, she lowered her voice and asked Phillip, “What should I do? Your mother is so enthusiastic. After attending the wedding this time, will everyone think that you are going to get married?”

Phillip didn't speak, but his expression was a little helpless.

Marry Jiang continued: “And you think your mother is so happy. If we have a showdown with her then, will she be very sad?”

Phillip glanced at her.

Marry Jiang blinked her eyes, and said something awkwardly: “Or, do we really do the fake?”

After saying this, the two were taken aback at the same time.

Phillip didn't expect that she would say these words, so he was stunned, and Marry Jiang didn't expect that he would say such shameless words, and then look at Phillip's face that was stunned and did not know how to respond.

She felt embarrassed, but she didn't show anything on her face, instead she deliberately took Phillip's arm.

"Why? I can't even make a joke? I just talk about it, and you change your face? You don't want to think about it, would I like you?"

The heart that had just been touched a little emotionally, at this moment, it seemed as if a basin of cold water was poured down, and all the flames were extinguished.

Phillip's eyes and face returned to coldness, "You think too much."

"I want more? Don't show me a bad face. Today is the wedding of your relatives. If you put a bad face to make me sweep the floor, I won't be polite to you." Marry Jiang warned him quietly.

But Phillip didn't know what to think, so he just dealt with it.

"What about face-sweeping? Anyway, there will be a showdown when I go back, just ahead of time."

This sentence made Marry Jiang's heart cold for a while, and just as she bit her lower lip to start cursing, Liang Ya and her relatives had already walked over there.

"Oh, look at the relationship between these two people. I just walked away for a while, and they were already hugging."

Marry Jiang was speechless for a while, didn't you see what your son's face was like?

But maybe Liang Yahe ignored her son automatically, and she only saw Marry Jiang with her eyes full of heart.

Marry Jiang had no thoughts to deal with, but thinking about Liang Yahe's sincerity and passion, she finally smiled and said: "Hello, sisters, aunts, uncles and brothers."

Marry Jiang is beautiful, with a slender and tall figure. In addition, she has a good temperament in her dress today. A beautiful person is always particularly attractive. She smiled like this and immediately made many people present.

Speaking straighter, he directly pulled Liang Yahe and said, "Yahe, your future daughter-in-law is beautiful. Where can I find such a beautiful girl here, and give us a tidy one."

"I heard that Liang Yahe almost had a black face, but for the sake of her relatives, she finally suppressed her temper and said, "This feeling depends on fate. Marry and our family Phillip are fate, so they are naturally together. If your family Tianming wants to fall in love, it also depends on fate. Where can you find it if you want to?"

Chapter 1392

"This girlfriend Phillip looks really good, how old is she? What major is she studying? What are you doing now? What do parents do?"

A group of people began to inquire about Marry Jiang curiously.

There is no way, relatives get together, Sangu and Liupo just like to inquire about this, sometimes it is not malicious, simply boring and no topic, so just ask casually.

Just like they are asking Marry Jiang now.

It is not malicious to Marry Jiang, because if it is not Marry Jiang, if you change to Phillip's real girlfriend, these people will also be chased and questioned.

So Marry Jiang was not angry, and was preparing to answer every question.

Who knows that Phillip, who has been pursing his thin lips and not speaking, suddenly said, "When will the wedding begin? Are you going to enter the venue now?"

"It's coming soon, there are still twenty minutes, you guys came just right, or else go to the bar in advance for a drink."

Drink?

Marry Jiang raised her lips and smiled when she heard the word.

Wine is a good thing, she feels generous.

The topic was quickly changed. Liang Yahe looked at her son's expressionless cheeks before realizing that these people asked too much. The girls were thin-skinned, why would they be so excited to tell others?

So she hurriedly rounded the field: "Yes, don't stand stupidly here. We will delay the entry of the people behind, and we will all go in first."

So a group of people walked inside.

Marry Jiang and Phillip walked at the end. Originally, Marry Jiang was holding his arm in order to make a play. Now after everyone didn't pay attention to them, Marry Jiang released his hand and kept a distance from Phillip.

"I told you in advance that this wedding is for your relatives. It doesn't matter if you don't want a face, but I don't allow it. Even if you want to lose face, you will lose it yourself. I will not lose that face, so if you need you, it's fine. Cooperate. If you want to showdown, wait until you return."

Her voice sounded cold, there was no warmth, and Phillip glanced at her sideways and did not speak.

“Did you hear what I said?”

Marry Jiang stopped unhappily and asked him: “If you don’t agree, then don’t go in now, I’ll take a taxi and leave here.”

Phillip did not expect that she would say so decisively, and stared at her silently for a short while, “Promise, I agree, you are right, since you are here, then I won’t let you lose face. , Just go back and have a good showdown.”

“OK, it’s a deal.”

Although the two have made an appointment, because the quarrel just now and the previously agreed showdown, it is inevitable that there are lumps in their hearts. It is impossible to talk well, so after entering the field, Phillip was called away, and Marry Jiang found a place to sit down.

Phillip was a close relative of them, so he was invited to the banquet at the same table as the owner. Marry Jiang was unwilling, so he found a table to sit down alone. No matter how she could persuade her, she would not Willing to pass.

In the end, Liang Yahe was helpless, saying that they would come to her later, and told her to eat well and then left.

There were several girls of the same age as Marry Jiang on the table. Seeing Liang Yahe’s attitude towards her, they leaned in and asked her about her identity carefully.

“Sister, I heard that you are Brother Phillip’s girlfriend? Really?”

“Sister, you are so beautiful, how did you and Phillip meet?”

Marry Jiang glanced at them and saw that they were about the same age as him. It was probably because of Phillip's face that she called her sister. She smiled and responded: "You can call me Marry, I'm not his girlfriend. ."

"Huh?" Several people's expressions changed slightly: "But didn't you just say..."

"Just kidding." Marry Jiang said with a smile: "It's a girlfriend, I just lied to you. If it's not a girlfriend, why would I accompany him to the wedding?"

"That's what I said, sister Marry, what do you do?"

Marry Jiang replied, and when she saw red wine in front of him, she suddenly thought about drinking. She drank a small glass first, and then couldn't help pouring a large glass for herself.

Seeing her drinking method like this, several girls admired again: "Sister Marry usually drinks alcohol? Will this drink drunk?"

After listening to this speech, it was a girl who had never touched wine before. Marry Jiang patiently explained: "Red wine has more stamina, but it doesn't matter if you drink less. Don't drink too much for the first time."

In fact, she didn't drink much herself, but after the male god of sugar cubes often sang in bars, she was often dragged to go with her, and then she learned to drink occasionally.

"Okay, thank Sister Marry."

Several girls drank with Marry Jiang, eager to try, and soon the wine at their table was killed.

But two-thirds of Marry drank it all.

When the other elders saw it, they couldn't help but say: "You guys, don't just drink, you have to eat some food, or else you will get drunk, what should I do?"

"Yes, Sister Bai, you see that you have drunk so much, so hurry up and eat something."

Marry Jiang shook her head, feeling as if she had no discomfort.

"I'm okay, you guys eat, I want some more."

When the waiter served the dishes, Marry Jiang asked for some more wine. Most of the female guests at their table were drinking red wine.

But the main table is different. There are a lot of male guests, and most of them are elderly, so they directly ordered a high alcohol drink. Because Phillip came by car, he is not willing to drink, but where will everyone let him go.

"Today is your cousin's wedding. What would it look like if you didn't drink on such a good day? Besides, if you stay drunk, don't leave tonight. It's not too tiring to drive for a day? Your cousin drove upstairs. There are many rooms, and you will all stay and rest at that time."

Phillip originally wanted to refuse, but when the words came to his lips, he suddenly thought of Marry Jiang, who had been in the car for a day today, that was uncomfortable, but he resisted not saying that he retched into the bathroom.

It's really pitiful.

He can rush back, but where is Marry Jiang?

She is so uncomfortable, let her rest for one night and go back tomorrow.

After thinking about it, Phillip did not refuse any more. In fact, he is not good at drinking, and the amount of drink is not too good. It's just that on a day like today, everyone is drinking, if he doesn't, That's too gregarious.

They are all relatives after all.

Seeing Phillip's arrival, everyone drank happily.

His cousin brought his newly married wife to a toast with him. He bumped Phillip while drinking and whispered: "Brother, you are amazing, I saw your girlfriend, it's so beautiful."

Phillip paused for a while, then smiled faintly after a while: "Thank you."

"Come on, brother, try to marry home early and give you a chance to toast me."

Chapter 1393

The members of the Xiao family are relatively simple, and they don't have so many twists and turns. They say that if Phillip is going to work hard, it is really asking him to work hard, without mixing other things in it.

There are only a few cousins, so everyone has a good relationship.

At the end of the drink, a group of people were a little awkward, but it was a festive day after all, so everyone was still shouting and drinking.

Phillip still had some consciousness, but his head was dizzy and he could hardly stand up.

Liang Yahe came over and pinched his ears, "Son, what's wrong with you? Aren't you drunk? Marry doesn't know what's going on there, I'll go see her."

“Yeah.” Phillip nodded, then glanced at his father Xiao Mingzhi next to him.

He was already drunk, and he was lying motionless on the table.

“Brother, the room is opened upstairs. Send your uncle up to rest for a while.”

Phillip felt that it was not the same for his father to lie here, so he nodded and got up to help the person up, and then sent him to the room upstairs.

When he finished the delivery, Phillip was dizzy and dizzier when he returned to the downstairs. He stepped forward, preparing to find Marry Jiang and Liang Ya and them.

Halfway there, Liang Yahe ran towards him suddenly.

“Son!”

Phillip paused, with an unknown premonition.

“Oh, where have you been? I have looked for you for a long time and haven’t found you.”

“Dad was drunk and drove him to the room upstairs.”

“What?” When Liang Yahe heard this, her face suddenly became angry, “This dead old man is still such a good wine, and told him not to drink so much and drink so much. It really irritates me, forget it, look. For such a good day today, I don’t care about him. What’s wrong with him? Is he severely drunk? I’ll go see him.”

Phillip said a room number, Liang Yahe was about to leave when she heard it, Phillip pursed his thin lips and took his arm: “Mom, where’s Marry?”

When asked by him, Liang Yahe reacted instantly, “Oh, I’m a god, I forgot Marry in such a hurry, it’s a sin, I’m sorry for my future daughter-in-law.”

Phillip had a headache, “Mom.”

“Son, Marry is drunk, please go over and take a look, I can’t stop her a bit!”

Speaking of this, the expression on Liang Yahe’s face is a bit subtle. She didn’t expect her future daughter-in-law to be drunk like this. She waved her hand: “You hurry up and look for her, I will go up to see your dad first. “

The daughter-in-law still gives it to her son, she can’t figure it out.

Sure enough, Phillip’s vague premonition was correct. He heard Marry Jiang was drunk, and immediately remembered the way Marry Jiang was drunk last time. He held his neck all kinds of nonsense, and he didn’t say anything at all. Know who she is?

Then she now...

Thinking of this, Phillip breathed a bit hard, and walked forward without stopping.

When he found Marry Jiang, because she was too noisy, a few girls couldn’t hold her down, so they found two cousins from the Xiao family, both of whom were still minors, sixteen or seventeen. The two supported Marry Jiang.

But Marry Jiang smiled and hooked her chin, “Little friend, how old are you this year? How come you look so good? Sister, do you want to introduce a girlfriend to you?”

At the age of sixteen or seventeen, they were both at the age of their first love. Facing a beautiful sister like Marry Jiang, the two young boys were a little bit overwhelmed.

Because her skin is white and soft, her body is fragrant, her eyes are big, her lips are red, she is already very uncomfortable holding her, who knows that the drunk Marry Jiang is still talking nonsense, flirting, eyes, Although she is not really flattering. Eyes, but the eyes are softer.

So after a while, the faces of the two little boys flushed.

“Why don’t you talk? Are you afraid that the girlfriend introduced to you by your sister is not good-looking? Don’t worry. My sister has a very good vision. Then I will find you a beautiful and cute one, or you don’t like being beautiful and cute. Of? Do you like other types?”

The boy flushed and did not answer her.

“Ah, don’t you like being pretty and cute when you don’t talk? Then I will find you a royal sister? Or do you want my sister to be like me?”

The roots of both boys’ ears were red, and they were speechless.

“Oh, don’t be shy.” Marry Jiang wanted to say something more, but her wrist suddenly tightened. She turned her head subconsciously and saw Phillip’s gloomy and dark handsome face.

“Well?”

She looked at Phillip, tilted her head slightly, as if she wanted to say something.

Because of the previous experience, Phillip did not give her a chance to speak. He dragged her to her side, took off her coat and wrapped her on her lower body, and then carried her to her shoulder. .

The whole process can be said to have been done in one go, and everyone did not react, Marry Jiang had been carried by Phillip.

Obviously Marry Jiang didn't react, and she was already drunk. After such a whirl, she felt her head dizzy even more, turning around, she dizzy and slowly closed her eyes.

"Marry will talk nonsense when she is drunk. When she wakes up, she will forget everything. Please don't take it to heart. I will take people away first."

"Brother, take Sister Marry to rest, she really drank a lot."

The girls who had talked well with Marry Jiang just now spoke for Marry Jiang.

"Yes, yeah, sister Marry is drunk, we won't mind."

"Ok."

Only then did Phillip nod his head, then turned around carrying Marry Jiang.

When he left, the group of people breathed a sigh of relief.

"Oh my God, sister Marry is so drunk, she is crazy, but what's the matter with her still beautiful?"

"Yes, yes, right, especially when she is picking her little cousin's chin, she is full of charm. Fuck, I suspect that the little cousin will be tempted? Little cousin, please tell me, are you tempted by the beautiful sister?"

A few girls gathered around, and the two underage boys blushed at first. At this moment, they were completely overwhelmed by what they said, and they soon ran away together.

And here Phillip has taken Marry Jiang to the room upstairs, and put Marry Jiang on the big bed of the hotel.

When Marry Jiang lay down, the sky was so dizzy that she was lying there with her delicate facial features almost wrinkled.

Because of the behavior just now, when Marry Jiang lay down, the skirt that had only reached his knees moved up a few minutes, revealing his snow-white legs. This scene was a bit thorny and aroused Phillip, and he squeezed calmly. He pursed his lips and pulled the quilt over her legs.

“You still drink so much alcohol outside, don’t you know that your alcohol intake is poor?”

Phillip spit out, then stretched out his hand and twisted his eyebrows.

He was also instilled a lot today, and his consciousness was a little unconscious at this moment. After sighing heavily, Phillip decided to go to the next room to rest.

Chapter 1394

But when Phillip was about to get up, Marry Jiang suddenly snorted and kicked the quilt off.

Because of her movements, the skirt on her body moved up a bit.

Phillip looked at it for a moment, then retracted.

He almost lifted his foot to open it, but after thinking about it, he turned around and closed the curtains in the hotel room.

It was still daytime, and the room was bright when the curtains were not drawn.

After the curtains were closed, the hotel room was completely dark, and it was almost impossible to reach out.

If that's the case, it's all right, Phillip thought.

Phillip came back to cover her in the dark and decided not to care about her after leaving this time. Anyway, he would always stay in the room and would not run out.

Besides, he himself had drunk a lot, and now his vitality was so full that he had to take a rest.

Just as she covered her with a quilt and was about to leave, a pair of soft, boneless hands were wrapped up and directly hugged Phillip's arms.

In the darkness, he vaguely saw Marry Jiang turning over and hugging his arm, a pair of beautiful eyes gleaming, staring at him weakly and said: "Don't go."

Phillip took a breath and asked her gruffly: "What are you doing?"

She was drunk crazy again. Seeing his ferocious tone, she showed an aggrieved expression, "It's too dark, Marry is alone."

She heard that the corners of Phillip's lips twitched.

"When you carried me home from the bar alone, didn't you say that you were afraid?"

Now think about it, if she hadn't been so courageous at the beginning, maybe she and him would not have the same intersection in this life.

Thinking of this, Phillip said: "Then I will turn on the light for you?"

“Do not.”

Marry Jiang shook her head and hugged his arms tighter. She almost rested on Phillip’s body: “Marry wants you to accompany me.”

With such blunt words, Phillip’s throat rolled, “What the hell are you doing? Marry Jiang, are you going to start drinking crazy again?”

“Huh? What is going crazy? Marry is not drunk.”

Phillip squeezed her chin, and his voice became colder: “After you are done drinking and crazy, are you going to forget everything when you wake up?”

“Well, Marry didn’t forget! Marry took everything in his heart. How could Marry forget His Highness?”

Your Highness...

Hearing this word, Phillip’s eyes changed slightly, and he narrowed his eyes: “I was still the emperor last time, why, this time I was demoted directly?”

As soon as he finished speaking, Marry Jiang’s hand came up directly to cover his mouth, exclaiming: “His Royal Highness must not talk nonsense, this is a rebellion and will be decapitated.”

Phillip’s eyebrows jumped, damn it.

She is really in the play.

How could there be such a person? When you are drunk, you will act your own, completely disregarding the wishes of others, and just pinch your identity to others.

If it weren't for him to go early, did she hold onto someone else and call your Royal Highness?

Thinking of this, Phillip felt unstable for a while, and replied with a rough voice, "So what?"

After he finished speaking, he noticed that Marry's palm was still covering his mouth, and when he spoke, his lips vibrated, gently rubbing Marry Jiang's tender palm.

Perhaps it was alcohol that caused Phillip to feel that the breath he exhaled became a lot hotter.

"His Royal Highness, please don't say that. If something happens to you, Marry will be very sad."

Are you sad?

Phillip smiled softly: "Oh, how sad would you be then?"

"Marry will cry to death."

After saying that, as if afraid that he would not believe it, he watched Phillip earnestly and added, "Really."

At this moment, Phillip has adapted to the darkness, so you can clearly see the expression on Marry Jiang's face, serious and delicate, lips slightly open, and the sweet and greasy breath of a girl is exuding in the air, fermenting, he is ghostly. He lowered his head and moved closer to the girl's lips little by little.

The moment the lips pressed together, the breath of the two also entangled.

It felt as if something had exploded in Phillip's head, and it made his brain hurt. As soon as his lips touched, he reacted, drew back abruptly, and gasped in disbelief.

What is he doing?

The person in front of him is Marry Jiang. The two are fake boyfriends and girlfriends. They will have a showdown when they return. How could he do this?

Phillip cursed himself many times in his heart, and he just wanted to turn around, get out of bed and leave, but Marry Jiang took the initiative to come up in the dark. She wrapped his neck, half kneeling in front of Phillip, and took the initiative to kiss him.

Her kiss was completely different from Phillip's.

Phillip had just touched it lightly before, but Marry Jiang's kiss was rather impatient, and then went rampage, trying to pry open his mouth when he didn't agree.

Phillip was full of black lines, this woman's style is really domineering, even when she is drunk, she still maintains her nature.

His consciousness was almost eroded by the fragrance, and he closed his eyes.

Both of them drank alcohol. At this moment, the breath of alcohol was lingering. Marry Jiang kissed for a while and took the initiative to move the kiss to his ear.

She doesn't know why, she feels that there is a story in his ears in a daze, and there is even a scene in her mind that she wants to touch his ears, but he refuses to touch it, she sneaks and he blows up.

It's really like a serious lion who doesn't like to make fun of people, has been provoked and is not really angry at her, so he kissed and kissed, and Marry Jiang left several tooth marks on his ears.

Phillip's rationality and calmness, everything was destroyed by Marry Jiang's sweet kiss and the girl's fragrance.

His long arms are strong and powerful, and he embraces Marry Jiang's soft waist and pushes her close to himself.

"Ok..."

Marry Jiang hummed softly, put her arms around his neck, and took the initiative to approach him.

He rolled over and pressed her down, pinched her chin and kissed her actively.

One night passed.

When Marry Jiang woke up, she felt sore all over, her hands and legs could hardly be lifted, and most importantly, she was held in her arms.

The temperature of the people behind her was continuously transferred to her body, as well as her even and steady breathing.

Marry Jiang was dumbfounded for a long time, only to realize that he was not in sight.

She felt as if she had been hammered hard in her head, and her whole body was excited.

What happened?

Why is she here? The people behind...

Marry Jiang turned her head slowly, seeing Phillip's handsome face with closed eyes, his whole body was stunned.

Oh my god, what did she do last night? Why was it in Phillip's arms as soon as she woke up, the pain from a certain place also reminded her deeply what they did last night.

Marry Jiang had a drink yesterday, and then it seemed to be fragmented, and she didn't know what happened later.

Could it be that he attacked himself while he was drunk?

No, that's not right, Phillip is not such a person.

So, she hooked him by herself?

Chapter 1395

Thinking of this, Marry Jiang felt bad all over.

She was serious about how to deal with this matter in her head.

The two had already agreed, and after going back this time, they had a showdown with Phillip's mother. Who knew that this happened now.

Sure enough, the plan cannot keep up with the changes?

Marry Jiang thought bitterly, if Phillip found out that the two had a relationship, would he be responsible?

But is this kind of responsibility what she Marry Jiang wants?

Obviously not, Marry Jiang blinked.

Forget it, she doesn't suffer from this kind of thing anyway, she is a new age woman, isn't she just a man who has fallen asleep? Moreover, this man looks good and has a good figure, and she is not at a loss.

Thinking of this, Marry Jiang felt balanced, and decided to wait until Phillip woke up as if nothing happened.

But in this case, would Phillip want to be responsible?

Shouldn't she go quietly?

When this thought came together, it was like a tiger plugging its wings, swiftly and violently. Marry Jiang looked at Phillip's handsome face for a while, and then slowly got up.

The clothes that fell to the ground made her face blushing, and quickly went forward to pick it up and put it on, and then gathered her messy long hair, randomly moved it to the back of her head, and then pretended that nothing happened, tiptoe. Walked towards the bathroom.

When Marry Jiang came out of the bathroom again, she had already arranged her clothes. Seeing Phillip on the bed still had no reaction at all, she hurried over and took her bag and mobile phone and left quietly.

When Marry Jiang left, no one noticed or told others. After all, the incident happened suddenly, even if it was polite, she didn't want to talk to Phillip's mother. It was too embarrassing.

So she took a taxi by herself, and then left first.

By the time Phillip woke up, it was already two hours later.

And it was Liang Yahe who came to knock on the door to see how they are now. Phillip woke up. At first, he slept in a daze. He heard someone knock on the door, but just got up subconsciously and got out of bed to open the door.

After opening the quilt, Phillip realized something, bowed his head and remained silent for a while, then went back into the quilt.

The position beside him was cold, as if no one had existed before.

But there was a faint sweet scent in the quilt. Phillip was familiar with this smell. Marry Jiang had lived in his house for such a long time, the place she had stayed, and his body had this smell.

Sweet and not greasy, it feels very comfortable to smell.

Yesterday's memory was revived, and all the pictures were replayed in his mind continuously, after the memory was played back, Phillip moved his eyes, and then looked to his side.

The quilt and the location are so cold, it can be seen that Marry Jiang has been away for a long time, so how long did he sleep?

Where did she go?

It was probably because he hadn't opened the door for a long time, so the doorbell rang again, and Phillip stiffly put on his clothes. After finishing them, he sat on the bed and stretched out his hands to pinch his temples.

Why did this happen? Although he drank more yesterday, he didn't completely lose his mind, but why would he give her to...

Bastard!

Thinking of this, Phillip scolded her fiercely in his heart, he was really damned, he actually did such a thing to a girl.

Ding Dong Ding Dong——

The doorbell rang more and more rapidly, and Phillip got up to open the door.

As soon as he opened the door, Liang Yahe looked at him angrily and cursed: “What’s the matter with you? After you press the doorbell for a long time, don’t you know how to open the door? You...”

Liang Ya was halfway talking, and suddenly she saw something and fell silent, and then she stared at Phillip’s neck.

Phillip was surprised by the look in her eyes, and he reached out and touched his neck: “What’s wrong?”

“Nothing is nothing.” Liang Yahe reacted and waved her hand with a smile: “I just want to call you and Marry to go down for breakfast. Now I have called, you decide when to eat, I’ll leave first. “

After speaking, Liang Yahe turned and left. After walking a few steps, she quickly fell back and pushed Phillip back into the room, and then helped him to close the door.

Phillip looked inexplicable, after which he stood there for a while, turned around and went back to the bathroom.

When he looked up and saw the mirror, Phillip finally discovered why Liang Yahe had just looked at him with that look.

Because his neck is actually covered with red marks, tooth marks, and lipstick marks, people with a discerning eye know what happened.

Phillip couldn't help but twitched his lips, no wonder Liang Yahe let him off suddenly, dare to believe she had misunderstood something.

No, she didn't misunderstand at all.

Something did happen to Phillip and Marry Jiang last night.

It's just why he didn't see Marry Jiang when he woke up. Thinking about this, Phillip didn't think about it. He turned around and took the phone to call Marry Jiang.

After the phone rang, it was hung up.

Phillip was stunned, pursed his thin lips, and continued to fight, but changed to a cold female voice.

"Sorry, the user you dialed is turned off."

Shut down?

Phillip narrowed his eyes. Is this girl ready to ignore him?

But what Phillip can know now is that this girl should be fine, she just doesn't want to answer his phone, and she doesn't want to see him.

After Phillip looked in the room, he found that Marry Jiang's things had been taken away by her.

Now she is nowhere to be seen, and she refuses to answer his call.

Phillip sighed and started to pack things.

Liang Yahe was very happy. She even felt that she was going to be a grandmother soon. When Phillip came down for breakfast, she squeezed to his side and talked to him.

“When are you going to get married?”

Phillip heard that, his face changed slightly, and he did not answer. Liang Yahe continued: “Don’t tell your mom that you haven’t thought about it. You are a man. You must have a sense of responsibility. If you don’t plan to get married, then you don’t really say it’s my son.”

She didn’t make it clear, but to Phillip at this moment, it was already obvious what Liang Yahe meant.

What she means is that if you have no intention of marrying, then you put the girl to sleep, then you are a bastard. A man must have a sense of responsibility. If you don’t plan to marry her, don’t touch her finger. .

Originally planned to have a showdown after going back, he didn’t expect things to change like this now. Marry didn’t see him now and didn’t want to answer his phone, so he didn’t know what Marry Jiang thought at the moment.

Thinking of this, Phillip said solemnly: “I want to ask her first.”

In this matter, the person who was hurt was Marry, who was his own bastard, so he still asked her what she thought, and couldn’t make a hasty decision by himself.

Hearing, Liang Yahe couldn’t help but widen her eyes: “You bastard, you haven’t decided yet?”

Chapter 1396

“Since you haven’t thought about anything clearly, then why are you doing this? I’m really mad, Marry, this kid is so good, so I really let you...”

Liang Yahe was so angry that she gritted her teeth and said: “Phillip, I can tell you that if you don’t take this responsibility, you will not be my son of Liang Yahe in the future.”

Is this forcing him?

Phillip glanced at Liang Yahe helplessly, “Mom, Marry is gone.”

“What?”

Liang Yahe heard Marry Jiang run away, but at first she couldn’t react, and then relied on her own brain to make a connection before and after, suddenly widened her eyes and said: “Run? Why did you run? Is it because of this matter? Son? , Are you forcing them?”

Force?

Phillip recalled what happened yesterday, but his memory has not completely disappeared, because he was still sane and conscious at that time, so he knew what happened at that time, but he himself did not control it.

Although it wasn’t his forcing, but Marry was so drunk at the time. If he rounded up the calculation, he would be at risk.

Thinking of this, Phillip lowered his eyes and did not answer.

“You are so confused!”

When Liang Yahe saw Phillip’s eyes down, she knew what he was thinking. She was so angry that she slapped Phillip’s shoulder and said in an aura:

“How can I teach you such a son, although it is good to take the initiative. Things, but you can’t force others, a good girl, who is scared off by you then where can you find such a good girl?”

Phillip pursed his lips, “Mom, it’s not forced, we just...”

“Listen, you have no confidence in your words, why can’t it be considered as compulsive? I remember, Marry was drunk last night, you just took advantage of others to be drunk, right? Now they wake up, just I’m out of anger, so you still think about eating breakfast?”

Phillip reluctantly explained: “I didn’t come down for breakfast, I’m here...”

“Don’t hurry up to find Marry for me, do you still have the mind to sit here? You bastard.”

However, Liang Yahe didn’t intend to listen to him finish the sentence, and slapped him vigorously. Phillip was beaten by her so that he could only get up, “Mom, stop beating, I didn’t come down to have breakfast, I came down to talk to you. .”

“What are you talking about? What are you talking about? When are you still thinking about it? Don’t hurry up and chase Marry back for me!”

Phillip was finally beaten away, Liang Yahe sat down on the chair with anger. After the matter was over, Liang Yahe realized that everyone nearby was looking at her.

“Oops, when I was excited just now, I couldn’t help but don’t know if those people heard it?”

So she could only smile and say: “The little couple is awkward. I asked my son to find his girlfriend. I hope it doesn’t disturb everyone. Everyone will continue to eat.”

Liang Yahe and Xiao Mingzhi drank too much yesterday. After getting up this morning, her head was still stunned. He wanted to sleep a little longer, but Liang Yahe forcibly dragged him down for breakfast, but he had no intention of eating. , Sitting there mostly in a daze.

When he woke up, he saw his wife beating his son frantically, until Phillip was beaten away, he still didn't know what happened.

Marry Jiang returned to her residence and was stunned when she opened the door.

She still remembers that when she first came here, there was almost nothing here, but since she moved in, it has become more and more like her home.

During this time, she had an illusion, as if this was her residence and her belonging.

But now she found out that all this is just appearance, nothing more than her own mind.

As long as these things that belong to her are removed, this place has nothing to do with her.

Thinking about it, she couldn't help feeling a little sad, Marry Jiang stretched out her hand and wiped the crystal tears from the corner of her eyes, and her lips raised a beautiful arc.

“The moon is cloudy and clear, and people also gather and leave. It is not true at all. What makes me sad?”

After speaking, she closed the door, put her phone and bag aside, and started to pack her own things.

When bending over, her sore legs and waist kept repeatedly mentioning what happened to her last night? In fact, she hadn't expected this kind of disorder herself at all.

Knowing this would happen, she shouldn't drink those glasses of wine.

However, Phillip was so angry at the time, he didn't think much about it, and drank a few more glasses!

The wine is misleading, really!

Marry Jiang felt bitter when she thought of the first time she had lost, but then she started to comfort himself again.

"It's okay, we are women of the new era, what is this? Anyway, I feel good, just as I earned it!"

After comforting herself, Marry Jiang began to slowly pack her belongings again, while using her mobile phone to call someone from the moving company to help.

The phone restarted, and then Marry Jiang quickly found Phillip's number and pulled him into the blacklist, and then called the person from the moving company.

After the people at the moving company confirmed the price and address with Marry Jiang, they hung up and promised to come back within an hour.

Marry Jiang put down the phone, and her heart gradually became calm.

After today, the two should have nothing to do with each other, right?

She doesn't know how he will react when he wakes up? Has he now approached Liang Yahe for a showdown and made it clear that the two were pretending to be boy and girl friends?

Heh, what is she still thinking about this now? Anyway, what was decided in the first place, how can she be swayed by such a thing?

Marry Jiang shook her head vigorously, told herself that she didn't want to, and then continued to pack things.

She doesn't know when Phillip woke up. She just hope she can pack everything before Phillip comes back. When he comes back, he will see an empty shell, and she won't have to meet him anymore.

However, Tiangong was not beautiful. When Marry Jiang packed her things almost, the people from the moving company hadn't come, Marry Jiang could only call them, but the group said that the tire of the car on the road was broken and it would be delayed by half. Hours of time.

Marry Jiang was so angry that she wanted to lose her temper, but she thought that she was just a staff member. If a tire broke, it would cost money to repair it. It was not what they wanted.

It's not easy to do anything, she can only suppress her anger, "I see, then you can finish it."

"Okay, thank you Miss Jiang for your consideration."

After Marry Jiang hung up the phone, she could only sit on the sofa and wait while flipping through her cell phone. After she blocked Phillip's cell phone number, she did not receive his call.

Apart from the messages sent to her by her good sister Fang Tangtang on WeChat, she was also quiet, as if nothing happened.

Actually, what is she afraid of?

Maybe Phillip didn't take this seriously at all, it was just that he himself was nervous.

Chapter 1397

Thinking of this, Marry Jiang's whole body was ill in an instant.

The mood is really as uncomfortable as a husky.

After waiting for half an hour, Marry Jiang still did not wait for the people who moved, and was too annoyed to walk to the window to breathe, only to see a familiar car downstairs coming towards this side.

Her expression changed, it was Phillip's car!

Marry Jiang hurried back to the room, then looked around.

Why did Phillip come back so quickly? The mover hasn't arrived yet, what will she say when meeting?

Thinking about it, Marry Jiang stepped forward and carried her important things on her back, then quickly opened the door of the room and took the elevator to go up a floor.

She went to the corridor of the other person for a while, and after Phillip came up and entered the house, she would take the elevator down again to avoid meeting Phillip.

When Phillip returned home, he saw that the things in the house were almost packed, but the things hadn't been taken away yet. Marry Jiang didn't see a

figure, so Phillip went to several rooms to search, but she still couldn't find her people.

He stood there for a while, suddenly realized something, turned and ran out.

When he came up just now, he saw the elevator go up one floor. When he came, he saw that the lights in the corridor were on. He didn't have any doubts in his heart, but now think about it, Marry Jiang probably ran upstairs. .

Sure enough, when Phillip ran outside, he saw that the elevator had descended to the second floor.

He looked gloomy, turned his head and walked directly into the corridor, and went up the stairs.

Why he so stupid, this girl is is so sophisticated, if he sees himself coming back, he will definitely find a way to avoid him, and he doesn't know if he can catch up with her now.

But Phillip was relieved soon, if he hadn't guessed it, it would be fine.

But now let him guess, as long as Marry Jiang didn't get the taxi ahead of time, according to his footsteps, he could catch up with Marry Jiang soon.

After thinking about it this way, Phillip was no longer as anxious and nervous as before, but only increased his pace to catch up.

When Marry Jiang came out holding her own things, she saw that the elevator didn't go up, and she raised her lips and smiled. Maybe Phillip didn't guess it?

When the time comes, let him wait at home by himself, and she will withdraw first.

Thinking of this, Marry Jiang's feet slowed down.

Originally, Marry Jiang planned to call a car while walking, but she really took too many things in her hand, so she couldn't make room to get the phone at all. I thought of putting things down on the side of the road and calling By car.

Who knows that when walking, a tall figure stopped in front of Marry Jiang?

When Marry Jiang saw Phillip standing in front of him, she was instantly stunned.

How come?

Shouldn't he still be upstairs? Why is it so fast?

After a few seconds, Marry Jiang passed him and was about to leave. Phillip stretched out his hand to block her. Marry Jiang's complexion changed slightly. After another change, Phillip reached out to stop her.

Anyway, no matter where Marry Jiang went, Phillip could stop her.

Finally Marry Jiang glared at him angrily, "Get out of the way!"

Faced with her anger, Phillip looked helpless: "Shall we talk?"

Talk? Marry Jiang didn't need to think about what he was going to talk about. She had already thought about it, and felt that there was no need to talk about it.

Thinking of this, she said directly: "There is nothing to talk about between me and you."

Hearing, Phillip frowned and looked at her. Although he didn't speak any more, he just blocked Marry Jiang from letting her go.

Marry Jiang moved her eyes, and then said: "The movers will come over later, so I will trouble you to tell them that they will move everything to the car, and then I will call them and tell them where to send them. As for the auntie, please explain to her clearly. After all, I am not one of hers, and there are some things that I can't say easily."

Seeing that she had already arranged everything, she didn't ask her any opinion at all, and Phillip felt uncomfortable in his heart, as if being held tightly by a pair of big hands.

But also, if she wanted to do something on her own, she wouldn't pack her things and ran back. She ran away silently and didn't answer his call, which means she wanted to separate.

Thinking of this, Phillip pursed his lips, and then asked: "Are you sure this kind of treatment is what you want most?"

Hearing, Marry Jiang was taken aback.

To be honest, she actually doesn't know what kind of treatment she wants. Phillip doesn't like her, she doesn't seem to like Phillip herself, or she doesn't even know what his heart is like of.

Seeing her not talking, Phillip took two steps forward, "Give me things, go upstairs and talk."

Marry Jiang looked up at him.

"Or, if you want to talk here, it's fine."

After watching him for a long while, Marry Jiang suddenly stuffed everything into his hands, “Okay, if you want to talk about it, you can help me get that thing, and I will talk to you.”

When she stuffed it, Phillip didn’t refuse, but took it directly, and hugged it very naturally.

What Marry Jiang was holding very hard just now became extremely easy when she arrived at Phillip.

Marry Jiang turned around and left, and Phillip followed her and soon returned home.

She had a queen posture and sat on the sofa when she entered the door.

“Now I’m home, what are you going to talk to me about? Say it.”

Marry Jiang put the bracelet in front of him, staring at Phillip, but what he thought in his heart was that she definitely couldn’t lose in the aura, and she couldn’t show that she was very disadvantaged.

Phillip didn’t answer her words, but silently placed the things in his hands on the cabinet next to him, and then walked to Marry Jiang and sat down.

“Last night...”

He opened his mouth and mentioned what happened last night, Marry Jiang immediately followed his words: “You love me what happened last night, and I won’t suffer if you don’t suffer. If you feel good, I will feel good, so you don’t need to say anything. !”

Phillip was rushed to answer before he finished speaking, and he didn’t expect that she would say so harshly, and he froze in place for a long time without responding.

Seeing he stunned in place, Marry Jiang raised her lips: “Why? I was surprised to see me talking like this? I tell you Phillip, don’t give me the old style, why did we have a relationship last night, you As a man, you have to be responsible to me. If you say this, I won’t listen to a word, and you don’t need to be responsible for me because of this.”

After that, she added another sentence: “I am a girl from the new era, and I don’t feel at a disadvantage for this kind of thing, so if what you want to say has something to do with this, you don’t have to say it again.

Phillip was silenced because he wanted to say this, but Marry Jiang’s thoughts were completely different from him.

Looking at his expression, Marry Jiang knew that he was right. She looked disgusted and said: “You don’t really want to tell me, because of what happened last night, are you responsible for me?”

Chapter 1398

Phillip didn’t answer with a black face, but he was obviously hit by Marry Jiang.

“Shit.” Marry Jiang squinted at him: “Then what do you want to say? Say you want to be responsible and want to marry me? Didn’t I say, are you such a person? If you really say this, do you think Worthy of the person in your heart, worthy of me?”

If Marry Jiang didn’t mention the person in her heart, Phillip could hardly remember it.

Suddenly, he realized that his attention was completely attracted by the girl in front of him. For a while, besides shock, he was also a little bit subtle.

“Nothing to say? If there is nothing to say, I will go back first. Auntie, please go to the showdown by yourself.”

After speaking, Marry Jiang got up and prepared to leave.

The wrist tightened, Marry Jiang turned her head and found that her wrist was grabbed by Phillip, she raised her eyebrows: “What are you doing?”

“I mind.”

Phillip raised his eyes and fixedly looked at her and said.

“What?” Marry Jiang didn’t understand what he meant by such a sentence.

Phillip stood up, looked down at Marry Jiang, and said word by word: “What happened last night, you don’t mind, but I do.”

Time seemed to freeze, and the surrounding air was quiet for a moment.

After a long while, Marry Jiang looked up at Phillip’s handsome face, his eyes fixed on his eyes, “So what? Are you going to marry me?”

Phillip felt a choking in his throat. He looked at the fair-skinned girl in front of her. Her neck still had the traces she left behind from last night. Looking at the extra hooky, his heart became a little uncomfortable.

This feeling made Phillip feel extremely disrespectful. He had done a very jerk-like thing last night, and now staring at the marks on his neck again, this is too much.

So Phillip controlled himself and kept his eyes closed.

However, all this fell into Marry Jiang’s eyes, and it became other expressions.

After she saw Phillip opened his eyes, and his expression seemed a bit difficult to say, she felt ashamed. How could she ask such a question?

Does he still know if he wants to marry her?

When he first met her, he had other women in his heart, and he had been drunk for that woman. How could he replace that person?

He is really confused!

Marry Jiang sneered: "You don't need to answer me, Phillip, I tell you, even if you want to marry me, I won't marry you, you are not worthy at all!"

Her words were firm and did not hesitate, leaving no hope for Phillip.

Phillip frowned and looked at her again. The incomprehension that had been born before disappeared completely, and the force he clasped her hand increased a bit.

"Why, I am so angry? Want to break my hand?" Marry Jiang raised his hand in front of the two and sneered: "Then you break it. After breaking it, I will tell auntie that you are bullying me."

A red mark was quickly drawn out on her snow-white wrist, Phillip was taken aback, and a little flustered, withdrew his hand: "Sorry, I didn't mean it."

"Oh, you didn't mean it, you meant it."

Phillip really didn't know how to respond to what she said, because he found that Marry Jiang was too clever, and he was really helpless in front of her.

It was also last night. In the face of her innocence and self-righteous seduction, he was also powerless.

After a long while, Phillip looked at her and said: "Why do you arouse me? You know I am not such a person, it is impossible to break your hand."

Seeing him getting serious, Marry Jiang turned her head and looked away, ignoring him.

"You can't care about what happened last night or treat it as the same thing, but to me, it's extremely important. Yes, I'm willing to take responsibility, but it's entirely up to you. If you don't Yes, I don't think I deserve it, and I won't force you."

Hearingly, Marry Jiang glared at him fiercely, "Of course you are not worthy. I am innocent and solitary. I don't even have a person I like. But there is a lover in your heart, for her. Buy drunk, for her sadness, I am complete, but you are incomplete, how can you be worthy of me like this?"

Phillip: "..."

He thought that Marry Jiang was talking about his family background or her appearance did not match him. After all, Marry Jiang was beautiful and she was one of the best in figure, and how about Phillip?

If there were no scars on his face, he might not be worthy of Marry Jiang, let alone that he was injured and had that scary scar on his face.

He originally thought that Marry Jiang was not worthy of this, who knew that she actually said something else.

Suddenly, Phillip didn't know how to pick her up.

Marry Jiang felt that sooner or later she would be mad when talking to him, so she picked up her main things, "Anyway, I have finished talking about what I should say, and there is nothing else to explain, so be it yourself!"

After speaking, Marry Jiang walked outside.

Phillip looked sideways at her back, and the hands that fell on his shoulders unconsciously tightened, and then loosened it to a certain extent, lowering his eyes somewhat mockingly.

Forget it, she said so decisively, what else did he say.

As she said, she is a woman of the new era, she doesn't feel disadvantaged at all, and there is no reason for him to be responsible.

Not long after Marry Jiang left, the mover knocked on the door. When she opened the door, she saw Phillip with a black face. The complexion of several people changed slightly, and they asked carefully: "Hello, this is Miss Jiang. Home?"

Phillip pursed his thin lips and looked at them coldly.

Several people felt a chill on their backs: "Ahem, Miss Jiang asked us to move things for her."

Just when they thought they were in the wrong place, Phillip with a cold face turned sideways and let them in.

Because Phillip's face was not good, their group of workers was afraid of offending customers, so they could only move things tremblingly, while Phillip watched coldly.

Boom!

A staff member accidentally dropped the chair, and Phillip's eyebrows were jealous: "You guys, these things are all she usually cherishes carefully, what should I do if it breaks?"

“Sorry, I didn’t mean it, I’ll be careful.”

The person who accidentally fell the chair immediately apologized, “I will be very careful next.”

Seeing his dumbfounded look, Phillip couldn’t bear to get angry at him anymore, only that he felt distressed for a while.

After thinking about it, Phillip suddenly said, “Don’t move.”

The man thought that he fell the chair and made him unhappy, so he quickly apologized: “I’m sorry, I’m really not intentional, can I lose you money?”

Others who took the lead also came over: “This gentleman, my cousin is stupid. It was not intentional. I apologize to you on his behalf.”

Phillip raised his eyes and looked at him: “How much is this trip? I will pay you and the things will be treated as if you have finished moving them.”

Chapter 1399

The leader was taken aback, feeling a little confused.

It was the man who threw the chair thinking of something, and he ran over and laughed and said: “Big brother, that Miss Jiang is your girlfriend? Are you awkward? Is your girlfriend moving away? My girlfriend was angry with me before at that time, it was the same, hehe.”

As soon as he finished speaking, he was patted by the leader: “Shut up, don’t talk nonsense.”

Phillip did not deny it, but asked, “How much is it?”

“Brother, we didn’t move anything when we came, so it’s not good to collect money like this.”

“I can’t let you come here for nothing, and the money is not for you.”

“What does this big brother mean?”

Phillip looked at him with a solemn face, and after a moment: “The money is set to you. No matter what reason you want, I will tell her that I can’t move, I can’t move, and I can’t help her.”

The person who took the lead finally understood what Phillip meant, and he was probably guessed right by his little cousin. This was a quarrel with his girlfriend.

Think about it, too, that Miss Jiang’s voice sounds very young, and Phillip’s age is estimated to be a little older than her, and then the room is full of girls, and when the door is opened, the man’s face is as dark as ink, and there are no women. Yes, 80% of them really quarreled.

Finally, the people who moved took the money and left.

Marry Jiang returned home, opened the door and saw that her home was empty, with nothing, sitting on the carpet in a daze.

She has been living with Phillip during this period and moved all her belongings. In fact, thinking about it now is very ridiculous.

She and he are just a fake boyfriend and girlfriend. How did she short-circuit her mind at the time, and how did she move all her own things? To make life easier? But how can she be sure that they can live together forever?

As long as she is not with him, then he may have a girlfriend.

Thinking of this, Marry Jiang felt bored. She stretched out her hand to cover her cheek and sat there and sighed, "I would have moved a little bit less if I knew it, and I won't have nothing when I come back now. But its okay, I will move later. The people who belonged to help me move back. To blame, I can only blame Phillip, what kind of person, the place where I live is so empty, it's not that I have no money!"

The more he said, the angrier Marry Jiang was, and Phillip was completely counted.

"I don't know how long he has been talking about. Marry Jiang felt tired and fell asleep leaning on the blanket. Later, he was woken up by the ringing of the phone."

She stumbled up to answer the phone.

"Ms. Jiang, right? We are from a moving company. It's like this. Because the car had some accident on the road, it has not been repaired so far, so we can't help you move in these two days."

At first, Marry Jiang was still a little dumbfounded, so she sat up.

"What do you mean? Has your car not been repaired yet?"

"Uh, yes."

"Isn't that supposed to send someone to help me move? Your moving company is just a car?"

"I'm really sorry, Miss Jiang, our moving company sent out all the cars today. There is no space right now. If you want, we will move your order to a few days later. Do you think this will work?"

After a few days?

Marry Jiang was upset in an instant: "I made an appointment today. How did you answer me when you took the order? There are so many things, why didn't you tell me in advance? I have waited so long to give me a sentence and can't move it. Forget it? What about the time I wasted? And if you don't move things for me, where will I sleep tonight? Does your moving company still provide accommodation?"

The other party was speechless by Marry Jiang and could only apologize.

"I don't want to listen to these apologies. You are really the worst moving company I have ever seen."

Marry Jiang hung up after cursing.

After hanging up, she sat on the spot, her chest up and down with anger, it was almost!

Can't move, why didn't you say it in advance, why did you say it only now?

She's so annoying!

She doesn't have to sleep at home, where is she going to sleep now?

Is it possible to go to the hotel?

Marry Jiang thought for a while, and finally called Fangtangtang.

When Fang Tangtang came to pick her up, Marry Jiang stood on the side of the road with a black face, Fang Tangtang opened the car door, and she got in.

As soon as she sat in, Marry Jiang asked, "Have you any food?"

Sugar cubes took out a piece of chocolate from the bag: "Want?"

Marry Jiang took it and opened the package and took a bite, "I was starved to death. I was tossed all night and didn't eat anything. Am I easy for me?"

"Huh? What does it mean to be tossed all night?" Fang Tangtang heard other meanings in her words, squinted and stared at her inquiringly. When she saw the marks on her neck and behind her ears, her eyes widened. , "Marry, you!"

"Shut up!" Marry Jiang said after drinking her, "What's all the fuss about? Don't you just let the adults take a shot?"

Tangtang was speechless for a while, and she choked for a long time without finding her own language.

As for Marry Jiang, she solved the chocolate in twos or twos, and then continued to look at the sugar cubes. The sugar cubes were a little speechless by the look she expected, and she couldn't help reaching out to block her eyes.

"How hard are you tossing? You are so hungry?"

Hearing, Marry Jiang's lips twitched, and then gave her a blank look.

"Don't ask, ask seven times a night."

The driver in front of the car shook his hand when he heard the words, and Tangtang quickly pulled Marry Jiang: "Okay, you don't give me any nonsense. You are a girl, can you be careful? Will our driver be caught? You are so scared that you can't drive smoothly, but it will kill you."

Well, Marry Jiang still regrets her life. Since it will affect her personal safety, she should shut up.

“Be good, don’t yell, I’ll let the kitchen prepare food for you when I go back, and I promise to feed you full at that time.”

Marry Jiang blinked, staring at the sugar cubes.

“You told me to be careful when speaking, but why do I hear your words so dirty?”

Sugar cubes: “Where is it dirty? Where is it dirty! You smelly little white, can you be clean in your mind? I’m talking about feeding your stomach. Did you fucking stupid last night? Now your mind is full of dirty thought.”

Marry Jiang snorted, too lazy to care about her.

“But, shouldn’t you guys be together after the sex? Why did you come to me? Is it possible that you are a scumbag and you won’t admit it after sex?”

“What are you doing?” Marry Jiang picked up his words angrily: “Do I have to ask him to be responsible to me, or should I be responsible to him?”

“I didn’t say that, but what’s the matter with you two? Are you not pretending to be boy and girl friends? Why are you suddenly together?”

“It’s a long story, the wine is misleading!”

The corner of Tangtang’s mouth twitched: “You wouldn’t get drunk and give someone to that? Phillip is the one who was bullied?”
