

Chapter 701

Qin Ming sucked in a breath of cold air, the blood amber Chang Rui gave him was meant to harm him?

This was something he would never have thought of, when he first met Chang Rui, the two of them had a pretty good feeling, she was like a kind elder.

When Qin Ming returned to the dormitory, Zhang Quanzhen also arrived just in time, and he was accompanied by this person, Lin Yurou of the Xiangxi Lin family.

Zhang Quanzhen froze and said, "Where is that boy Song Yixing?"

Qin Ming said, "I beat up Li Xing Hong again, and this time I even injured him down there, he went to Huang Shengjiu to figure out what to do about it."

As Qin Ming said this, his eyes drifted to Lin Yurou who was at the side.

Last time Lin Yurou was persuaded to leave by him, but before she left the two had an impure relationship and Qin Ming's eyes were fixed on her stomach.

But it was actually less than a month old, so you couldn't see anything no matter how you looked.

When the three of them entered the house, Zhang Quanzhen took out that blood amber and said, "In this regard, Miss Lin is a connoisseur, let her explain."

Lin Yurou took the blood amber and said, "This thing is, indeed, a treasure, and many connoisseurs are also prone to having their eyes struck."

"How so?" With his life at stake, Qin Ming still asked in all seriousness.

Lin Yurou explained, "This kind of thing can, under general circumstances, benefit the wearer, indeed, condense the mind and calm the qi, and strengthen the body. But that is only in general, under certain specific conditions, it will turn into a murderous weapon that also kills people."

"Look, you guys, at the colour inside this blood amber, and the worm inside."

"This worm is a mutant species of water bear worm, a distant relative."

Suddenly, Zhang Quanzhen asked, "What's a water bear worm?"

Qin Ming laughed, "Old man, you're ignorant, aren't you? The water bear worm is the strongest known creature on Earth, extremely small, the largest being only 1.4mm. It can still come back to life after decades of freezing at low temperatures, and can live and survive for a good while at absolute zero, and can be called a creature that lives with the sun."

Lin Yurou smiled faintly and said, "Yes. But it is a foreign species, very rare, and not a true water bear worm, but a parasitic compulsion."

Zhang Quanzhen slapped his thigh and said, "That means that through certain conditions, it can come to life and parasitise the human body, right?"

Lin Yurou nodded and said, "It depends on the colour of the amber, the more blood-filled and big red the amber is, the more it has reached the conditions for the parasite to awaken. The blood of this amber is actually the wearer's usual poisonous blood, which spreads into the amber under years of wear to feed the sleeping compulsion

insects inside, and once it awakens, it will molt, leaving an empty shell as a cover, and the poisonous insects will then sneak into the human body while the person is asleep and poison them to death."

Qin Ming squeezed the blood-coloured amber in his hand, it was very bright red, he was going to wear it for another while, wouldn't he be parasitised?

Lin Yurou said: "This is recorded in our Lin family's insect breeding scriptures, in the past, among the imperial assassinations, also quite common, ten emperors, six died violently, basically by the hands of this kind of killing insects. This kind of amber, when first made, is a nurturing treasure, when made it is a killing treasure."

After saying this, she looked at Qin Ming with affection and said, "Fortunately you are not wearing it, otherwise the consequences would be unpredictable."

Qin Ming thanked, "Thank you, and I'm still bothering you to come here."

Lin Yurou laughed, "What? I'm not welcome?"

"Er, that's not true." Qin Ming felt that the way Lin Yurou was looking at him, why was she so enthusiastic? It made him strangely embarrassed, and what was she doing touching her stomach every now and then? Was she hungry?

Lin Yurou said, "Have someone find a pig, we'll do a test."

Qin Ming immediately ordered Ah Long to find a pig, and within a few moments, Ah Long was pulling a fat pig to be slaughtered inside the dormitory in a multi-million dollar Mercedes Maybach.

"Pfffffffffff" the big pig muttered, unaware that its death was imminent.

Lin Yurou put the blood amber on the big pig's neck, then pricked her finger with a silver needle and a drop of blood fell on the blood amber, accelerating its completion.

Then, Qin Ming and the others saw the sleeping parasite in that blood amber move, breaking out of its shell, propping up the softened blood amber and crawling towards the big pig's nose, drilling all the way in.

Lin Yurou said: "This kind of parasitic compulsion will usually look for the nearest living creature's breath to parasitize, so if there is no hole to drill, there is no way out. But all humans have mouths and noses and ears that can be drilled into."

Within five minutes after the parasite had burrowed in, the big pig started to become manic, running around the room and then suddenly fell to the ground, dead.

Seeing this scene, Qin Ming picked up that blood amber and washed it, the blood amber was basically unchanged because the compulsion insect had molted, the inside of the amber did not change in appearance, and the blood plasma on the outside had re-consolidated, people who did not know, would never take this blood amber as a murder weapon.

Qin Ming was gloomy, Chang Rui, who worshipped Buddha every day, had done such a thing.

He looked at Zhang Quanzhen and said, "Old man, your old lover doesn't seem to like me very much. Or does the Zhao family not like me? Since the other side has gone this far, I don't want to sit around and wait for death. This is a no-death situation."

Zhang Quanzhen sighed, "..... You let me think about it. Until I think about it, you try to be careful."

Qin Ming said, "I have limited time, and besides, I don't want to keep playing the game of playing Zhao Zhengyin."

Zhang Quanzhen said, "At the end of the year, it will be New Year's soon, so you'll be there until the end of the year. You've worked hard these past few months too. I'll go to Huang Shengjiu's place first and ask about the time you beat up Li Xinghong."

Qin Ming nuzzled, Zhang Quanzhen told him to hold back a little longer, and he didn't want to make things difficult for his master, after all, the relationship inside was complicated.

Secondly, he couldn't make a rash move against the Zhao family, he still had to figure out if it was Zhao Zhen's intention or Chang Rui's?

"Chang Rui" Qin Ming narrowed his eyes and thought, "I wonder if Chang Xue is familiar with it? After all, the righteous father is the younger sister. By rights, I still have to call out to an aunt, huh."

While Qin Ming was thinking about things, Chang Xue made herself at home and packed up the room.

Qin Ming froze and said, "What are you doing? Aren't you going back?"

Lin Yurou said pitifully, "Where am I going? I just got off the plane and rushed to your place. I have nowhere to go. I don't have any money on me, you're not going to kick me out, are you? I've been with you for more than one night."

Qin Ming propped his head up speechlessly and said, "Miss Lin, it's impossible between us."

Lin Yurou hummed, "I didn't say what to ask you to do, I'll let you stay with me for a day or two, I'm afraid you'll run into a similar situation later, I'm here, so I can help you."

Qin Ming said, "Fine, then you can stay with me for the time being. But I'm still in college after all, and I have to attend evening classes later, so I won't have time to greet you."

Lin Yurou smiled, "It's okay, it's not the first time I've stayed here, go ahead. If you encounter a similar situation again, you can look for me."

After saying that, Qin Ming walked out of the dormitory, he was going to look for Chang Xue, he had doubts in his heart and was always anxious if he didn't ask for clarification.
