

Chapter 751

China, Beijing City.

With his identity restored, Qin Ming didn't go back to university, after all, that was Zhao Zhengyan's school.

But he didn't get to go back to Huan Yu's company either, because Qin Mo kept catching him.

His Rolls Royce was caught by Qin Mo everywhere he went.

Qin Ming was a little impatient and asked, "What are you following me for? There's no way I'm going back to the Zhao family with you now."

Qin Mo grabbed Qin Ming and said, "I didn't ask you to go back to the Zhao family. In the capital city, Ma also has a property. Besides, can't I see my own son? Or do you have a grievance against mum, you can say it, now. Or you want to go for a dna test, go now."

Qin Ming even rolled his eyes, what was this all about? He could never have imagined that his life would be so bloody.

But although Qin Ming's own family was poor, his father's kindness and filial piety made him unable to hold too much resentment towards such a role as his parents, not to mention that the two of them were also said by Zhao Zhen to be concealed.

If they were to be blamed, it would be for the struggle of the gentry between Zhao Zhen and Chang Hongxi, spilling over to him, the younger generation.

Qin Mo said excitedly, "I heard that that girl from the Sun family is pregnant, huh, I'm going to be a grandmother at such a young age. That girl is not bad either, if you like it, mum will definitely support you."

Song Ying, who was standing next to the scene, had a dark face and said, "Fortunately, the young master has just gone to the Sun family to appease them. This Qin Mo is really nosy, which pot is not to mention. But then again she is the young master's own mother, sigh"

Qin Mo then added, "Or this little sister behind you is not bad either. Huan Yu's newly promoted secretary general, capable and loyal, can help you a lot, and mum likes it a lot."

"That!!!" When Song Ying heard this, she instantly turned unhappy to happy again, her heart thumping faster, her chest felt like a deer in the headlights, did she still have a chance?

Qin Mo also glanced at Song Ying intentionally or unintentionally, and then looked at Qin Ming with a smile on his face.

Qin Ming said, "You"

"Call mum", Qin Mo demanded.

Qin Ming was still twisting and turning, and in the end, he didn't say it.

Qin Mo was disappointed and said again, "I heard that the girl from the Lin family in Xiangxi, is also good with you, what do you think?"

Qin Ming felt suffocated, his newly recognized mother had come up with a bunch of soul torture questions.

Qin Ming said, "Lin Yurou has nothing to do with me, I only cooperate with the Lin family at most."

Qin Mo said, "Oh, so you still like

like those two girls from the Mu and Nie families? Hey, my son is still quite amorous, unlike your father."

Hearing this, Song Ying's face turned ugly again, she knew from the start that her biggest rivals were Nie Haitang and Mu Xiaoqiao.

Qin Ming didn't want to talk about such topics anymore and said, "Alright, I'm going back with you."

Qin Mo was glad that he had finally pulled Qin Ming back by softly and firmly.

Inside an upscale residential area in Beijing, Zhao Songli and Zhao Ruoshi were both there, but that Zhao Zhengting had already packed up his things and left, unaccounted for.

"Brother" Zhao Ruoshi felt the most special towards Qin Ming.

She was originally adopted into the Zhao family clan from a side branch, with a special identity, and originally Qin Ming posed as Zhao Zhengyin, which she didn't like very much, and the relationship didn't work out, but later found out that this guy was the owner of the super enterprise Huan Yu Century, and now there is even a vague trend of the future heir of the Zhao family.

Qin Ming did not get angry with her and said, "Sister."

As soon as he heard Qin Ming call out for his sister, Zhao Songli looked like he had a chance, feeling that his son wasn't that unreasonable.

"The child." Zhao Songli looked as if his tone was long.

As a result, Qin Ming's head was full of cold water and said, "There is no need to say anything about pulling a strings or getting close. There is no emotional foundation between us. I couldn't have suddenly kissed you. If she hadn't dragged me here, I wouldn't have come."

Zhao Songli said, "Yes, we owe you too much. We will make it up to you."

Qin Ming said, "I don't care too much about compensating or not. But there is one thing you must promise me. Qin Zhiguo and Wang Xiu are my parents and have raised me for so many years, so it is impossible for me to leave them behind. And you guys should not disturb their peaceful life."

Zhao Songli nodded in understanding, "I still want to find some time to thank them for grooming him."

Qin Ming did not say anything about this, and he would not believe that this was Zhao Songli's sincere words.

Qin Ming added, "I'm used to being free, and now I'm also on my own, so I hope you won't hold me to the kind of demands Zhao Zhengyin made."

Zhao Songli and Qin Mo exchanged a glance, and they understood very well that their long-lost son was now in a higher social position than they were, and although they had reclaimed their son, I was afraid that they could not have the same kind of relationship as Zhao Zhengyan and Zhao Ruoshi if they wanted to.

But they had to draw Qin Ming in again, after all, Zhao Songli was the son and grandson of the Zhao family, and the Zhao family's large

After all, Zhao Songli is the son and grandson of the Zhao family, and the Zhao family needs someone to manage the family business, and there are still many side branches around who depend on the Zhao family for their livelihood.

If Zhao Songli didn't want it, there were many others who did, and Zhao Zhen wouldn't allow it.

"But you have to acknowledge your ancestors, don't you?" Zhao Songli said, "When the right time comes, you will have to be included in the family tree, as our Zhao family has always had this tradition."

Qin Ming nodded, "When the time is right."

Late at night, Qin Ming was in a rather melancholy mood, not about the fight for the great power of the Huan Yu Century Group, after all, many things were handled well, but since the Spring Festival was coming soon, he was going to take that sister back to Baishui Town for the New Year?

Dingdong, suddenly a message came from the phone.

Qin Ming looked at it and it was actually his former dormitory buddy, Liang Shao Yong.

"Hey, Young Yong?" Qin Ming was very surprised and said, "It's been a long time."

"Oh, busy haha." Qin Ming said, "How was your internship in the capital?"

"It's not bad." Liang Shaoyong said, "Before the school had a corporate inspection, didn't you come with them? Then you said you had something to do and left again. Brother Niu and the others couldn't say for sure, I was worried."

Qin Ming's heart was warmed, his best buddy of three years in college was always concerned about him.

Qin Ming said, "It's hard to explain this for a while, but I'm fine anyway."

Liang Shaoyong said, "It's best if you're fine, by the way, are you free tomorrow? Zhao Liniu and Sun Zhipeng are still in Beijing, they go there everyday and say that you are too busy to find them, and we four brothers haven't met for a long time, so we need to get together."

When Qin Ming heard this, he was very excited.

The friends he had made in college were always the ones Qin Ming treasured the most, as they were very pure and simple.

Qin Ming immediately said, "Sure, send me the address, I will be there tomorrow."

On the other side of the phone, Liang Shaoyong hung up the phone and turned his head to look at his girlfriend Zhao Menghua, saying, "Baby, it's a date."

Zhao Menghua immediately picked up her mobile phone and sent a voice into WeChat: "I've got a date, don't forget to attend tomorrow. If I may say so, it was not you who disliked Qin Ming in the first place."
