

# Chapter 145

It's so high and arrogant.

Compared with her, Lanita is just like a social flower in Fengyue place.

Arron's mind alternated between these two figures. Suzi was surrounded by many men. Although she was surrounded by many men, she herself had admitted that her motives were impure, but what appeared in Arron's mind was always the same. It was Suzi's clear and indifferent but extremely stubborn and lonely look.

Especially when she took care of the root of Huo Jianshan's life.

And, the scenes of her raising her arms to block the knife for Joan are all repeated in Arron's mind.

But what about Lanita?

Lanita was the woman who saved his life and became pregnant with his child. Even if he hates her no matter how much he does, he must take this responsibility.

This afternoon, Arron stayed in front of his mother Shanna's grave for several hours. He did not go back until night fell.

Next day

As soon as Arron finished handling the company's affairs, he received a call from Lanita. Lanita is still the coquettish voice that disgusts Arron: "Four young masters, I want to go to the bridal shop to try on wedding dresses. Are you free? No?"

Lanita's tone was not only a kind of acting like a baby, but also a kind of resentment.

This morning, Lanita made a call to the bridal shop in her spare time and asked if there were any new items. If so, let her know. The result was that the bridal shop told her that the new model arrived yesterday afternoon, and she also called Fu. Fourth master.

As a result, Fu Siye said, just leave one as you like.

Lanita was very annoyed by this. She was furious at the bridal shop on the phone: "Do you want to open the bridal shop? You call my fiancé about this kind of wedding dress, he is a man, how do you know a woman? What kind of wedding dress looks good! Shouldn't you call me? Ah!"

"Yes, yes, I'm sorry Miss Lin, I'm sorry! I'm sorry!" The people in the bridal shop naturally did not dare to offend Arron's fiancée.

"Listen to me! As long as it is a new model that arrived yesterday, even if it was sold yesterday or ordered, you will find it for me! I will wait until I have selected it before it belongs to another woman!" Lanita roared domineeringly. Bridal shop: "...". This is really unreasonable, but they dare not refuse.

Several shop assistants in the bridal shop were muttering in their hearts, the fiancée of the youngest Zhang family in the dignified family is such a low-quality and domineering woman?

It's really contemptuous.

This morning, Arron took Lanita to the bridal shop to choose styles as scheduled. As soon as Lanita entered the door, the arrogant manager of the Wen bridal shop: "Have you collected all the money you sold yesterday?"

Shop Manager: "Miss Lin, your request..."

"Which one to choose!" Arron said suddenly at this time.

The store manager followed Arron's finger and said, "Oh, which one, Siye Fu, you are still old-sighted. I remember that you ordered a similar style two

months ago. Once there were no small diamonds, and the tube top was not in place. Now this one is an improved one. It has the same style and style as the previous one, but it looks more beautiful than that.”

“I want it!” Arron said coldly.

Lanita looked intently and felt that the wedding dress was a bit familiar. After thinking about it for a while, she suddenly remembered it.

Another wedding dress similar to this one was the one worn by Suzi when Arron and Suzi were married more than two months ago.

Lanita was so jealous that she couldn't help but clenched her fists with her hands, her fingernails were all pinched into the flesh, she didn't know it.

However, on the surface, Lanita still smiled, and then asked in a charming voice: “Four young masters, the wedding dress is already optimistic, then when shall we get the marriage certificate?”

Marriage certificate?

To get the marriage certificate, you have to apply for the divorce certificate first. Arron suddenly thought that he and Suzi have not gone through the divorce procedures yet.

Three days later, Suzi was discharged from the hospital in the morning. In the afternoon, he and Arron went to the Civil Affairs Bureau to get the divorce certificate.

After leaving the Civil Affairs Bureau, Christopher, who was waiting outside, said a paper bag and handed it to Suzi: “Miss Shen, you take one hundred thousand yuan.”

## **Chapter 146**

Suzi took the heavy money bag, but he was not in a relaxed mood.

If she had something to do, she would not ask for this money. One hundred thousand yuan is not much, but it is enough to crush her dignity, but what is dignity in the face of survival? Suzi bit his lip, carried the purse, and came to the cold-faced Arron: "Thank you."

Arron: "..."

I originally wanted to give you five million, but you thought I couldn't keep my promise!

His expression became colder and colder: "No need!"

There are mixed flavors in Suzi's heart.

At the moment when she divorced and stepped out of the Civil Affairs Bureau, Suzi knew that she and Arron would no longer have anything to do with each other since then. Their marriage has not lasted for more than two months, and there have been all kinds of stumbling and friction during the period.

But somehow, at this moment, Suzi was reluctant to give up. At this moment, Suzi's lower abdomen moved, it was a small movement, like a fetus hiccup.

The fetus is only three months old and will not hiccup yet.

However, the heartbeat is there. During the previous birth check, the doctor reminded her: "After three months, you will slowly feel the heartbeat of the fetus in the abdomen. When is the first time, you should pay attention to it. Feel it."

She has been paying attention, and she has never felt it. She also asked the doctor, who said, "Wait."

However, at this moment, the baby in the womb made Suzi feel the heartbeat for the first time, as if to remind Suzi that the baby in the womb was reluctant to bear Arron.

What can't you bear with him?

He gave you short-term warmth, just for a day or two, gave you clothes, gave you your computer, but for the most part, he was coldly guarding you, scorning you, and you nostalgic for him!

Suzi, you must leave him immediately!

Arron belongs to Lanita! Thinking of this, Suzi took the money and turned and left.

"Stop!" Arron stopped her behind.

Suzi stopped, and did not look back: "Mr. Fu, what else is there?"

"What is the relationship between you and Huo Jianshan?" Arron asked.

"It doesn't matter!" Suzi said reflexively.

"It doesn't matter that he doesn't hijack others in broad daylight, but rather hijacks you who are pregnant? It doesn't matter, you stabbed him into a serious injury and will never be able to recover? Doesn't matter, my cousin will almost die because of it?" Arron simply Want to choke this woman to death.

When will she tell him the truth once?

Suzi turned back suddenly, tears on his face: "Mr. Fu, what do you want me to say?"

You want me to say that I have known Huo Jianshan a long time ago.

When I was in college, because I thought that Jarod gave me too little living expenses and I didn't have enough money, I hooked up with old men outside. I was confused with Huo Jianshan two years ago.

Even during my two years in prison, Huo Jianshan provided me with some items.

Even the children in my stomach belong to Huo Jianshan.

Right?

Mr. Fu, you still want to say that all the children in your stomach belonged to Huo Jianshan, but you were able to stab him with such a vicious hand, and even stabbed him!

Really! "

"Isn't it?" Arron asked Suzi with deep eyes.
