

Chapter 3341

At this moment, on the battlefield! Seeing Abernin's unyielding death, Wengi couldn't help but chuckle: "It's awe-inspiring, but don't forget that it was your Principality that started the war first. You captured the two cities of the New Moon Principality and are now attacked by us. It's also a report for a report." "Shut up!" Abel was very excited, his eyes red, and angrily shouted: "We follow the Principality of the Day, with the support of the Goddess of Light, and it is the will of God to unify the mainland, and your Principality of Heaven, in turn, To help New Moon Principality is to defy God's will." "You..." Hearing this, Wengi was stunned, not knowing how to refute it for a while. Um? At this moment, Darryl's heart also moved, frowning secretly. The goddess of light that Abel is talking about is an impersonation, right? You know, the true Goddess of Light is still in the Temple of Light, and I taught her the formation last night. "Abel!" Just as Darryl muttered secretly, he saw Wengi react, his face was full of sneers: "Even if it is really supported by the Goddess of Light, it is deceived by you! Not much nonsense, this day Zhaocheng , I will definitely take it today. Since I don't surrender, I will lead to death obediently." "The whole army obeys the order. If you don't keep one, let me kill." In the last sentence, Wengi almost howled. Wow! For a time, an army of tens of thousands of heavenly stars surged up like a tide. At this time, the soldiers under Abel were almost exhausted. The formation was suddenly dispersed, and many soldiers fell in a pool of blood. "Soldiers, swear to defend Amatera City to the death!" Seeing the soldiers falling down one by one, Abel instantly became blood-red and almost fell into madness, howling loudly, and rushing into the enemy crowd. Bang Bang Bang... At this time, Abel exploded with all his strength, like a tiger entering a flock of sheep. Under the swing of the big sword, enemy soldiers continued to fall down. However, there were too many people on the other side. Gradually, Abel's face became pale. , The big sword in his hand was almost unsteady, and he looked extremely weak. "Haha!" Seeing this situation, Wengi couldn't express his excitement. He laughed and sarcastically said: "Abel, your men will soon be killed by me. How long will you last? How much blood can you

shed?" When the voice fell, Wengi's holy power broke out, thinking of Abel directly. Seeing the gentle rushing, Abel looked terrified. "Hehe, my Abel is a glorious life and is highly regarded by the king. I originally wanted to help His Majesty, expand the territory and complete the great cause of reunification, but I didn't expect that I would die in the hands of someone like you. I...not reconciled!" Abel held the big sword tightly, with an expression of incomparable grief and anger, and yelled up to the sky. When the voice fell, Abel was about to rush up and make the final battle with Wengi. Hum! However, at this moment, I saw a figure burst out, blocking Abel's body. It is Darryl. At the same time, Wengi rushed forward. boom! At this moment, Darryl raised his right hand and slapped Wengi's big sword with a palm. He heard a dull sound and Wengi was shaken back a few steps. What? Seeing this scene, whether it was Wengi, Abel, and the soldiers on both sides, they were all stunned. Who is this person and where did it come from? Moreover, the gentleness was shaken away with one palm, so strong. And then, feeling the strength of Darryl, the audience was shocked again. This... this kid only has the strength of a holy king, but he shattered the gentleness of the holy realm? How can it be?

Chapter 3342

Huh(!)! Finally, Wengi took the lead in reacting, staring at Darryl closely: "Who are you? Dare to attack me, do you want to die?" The commander of his dignified army, the strength of the Holy Marshal, was attacked by a kid with the strength of the Holy King. , How not to be angry? Huh! At the same time, the tens of thousands of soldiers in the Heavenly Star Army also locked on Darryl, with killing intent flashing in their eyes. Like Wengi, these soldiers all believed that Darryl had retreated Wengi with a palm of his hand, by surprise. If there was a head-on confrontation, Commander Wengi could kill him with one move. "Who am I? You don't need to worry about it!" Darryl looked at Wengi, with a cold tone: "Anyway, I just see you not pleasing to your eyes!" The voice was not loud, but it contained deep contempt. Before Darryl was chased by the Heavenly Star Principality, he almost died. At this time, seeing the Heavenly Star Army, he naturally didn't

have a good impression. More importantly, the appearance of Abel defying death just now reminded Darryl of the days when the Apocalypse army attacked Donghai City. At that time, he and Dax, Brother Wen, were also preparing to coexist and die with Donghai City. At this time, Abel was also in the same predicament. With the same feelings, Darryl did not hesitate to help! Wow! Hearing this, the tens of thousands of heavenly stars suddenly exploded. This guy is so mad that he said it was not pleasing to our eyes? At the same time, Wengi's face turned blue and white, and he almost exploded with anger. He pointed at Darryl and howled: "What a arrogant kid, I think you are really tired of living." The voice fell, and Wengi burst into sacred power. , Holding the big sword tightly, slashed towards Darryl fiercely. With this sword, Wengi used all his strength, and the air was distorted wherever the figure passed, which was amazing. "Sir, be careful!" Seeing this scene, Abel couldn't help exclaiming, his eyes full of worry. This unfamiliar man helped himself at the crucial moment, which is very moving, but he is only the strength of the holy king, why is it a gentle opponent? At this time, Abel didn't know that Darryl was only hiding his strength, not just the Saint King realm. Hearing Abel's reminder, Darryl smiled and motioned not to worry. Hum! In the next second, Darryl's internal strength exploded, and at the same time he summoned Fang Tian to paint a halberd, directly meeting Wengi. "Boom." Heavenly the halberd and the big sword, and slammed together. With a loud noise, I saw that the big sword in Wengi's hand shattered instantly. At the same time, Wengi let out a scream and was directly shaken out. He flew a full tens of meters before landing heavily on the ground. The gentleness at this time clearly felt that his internal organs were severely traumatized. "You...!" Wengi struggled to stand up, staring at Darryl fiercely, full of shock and resentment: "What the hell are you..." Before he finished speaking, he fell down. On the ground, he died of anger. What? Suddenly, the entire battlefield was deadly silent. one move? Killed Wengi with just one move? Isn't this person's strength too terrifying? But he only has the strength of the Saint King. Especially the tens of thousands of heavenly stars, one by one was dumbfounded and inexplicably panicked. I thought that this battle could kill Abel and successfully occupy the city of Amatera, but unexpectedly, a strange man appeared suddenly and killed the commander-in-chief Wengi with one move. At this moment, Darryl put

away Heavenly halberd and looked around the audience: "Who else will die, just come up." The vigorous voice spread throughout the battlefield, shocking people.

Chapter 3343

For a time, the tens of thousands of stars looked at each other, and no one dared to respond. "Run!" In the next second, I didn't know who shouted, then turned his head and ran away, followed by the other Sky Star soldiers, desperately fleeing into the distance, like a frightened herd. Commander Wengi is dead, who would dare to stay? Have you won? Seeing this scene, no matter it was Abel or the wounded soldiers around, they were all stunned, and it was a long time. "Thank you!" Finally, after more than ten seconds, Abel reacted and gratefully said to Darryl: "Thank you for this gentleman's help." As he said, Abel endured the pain and directed towards Darrylshen. Bowed deeply. At the same time, the surrounding soldiers looked at Darryl in admiration. "You're welcome!" Darryl smiled slightly and said lightly: "I just passed by, seeing these soldiers from the Principality of Heavenly Stars are not pleasing to the eye, so I came to help. You are seriously injured, take a good rest." After saying this, Darryl turned and prepared to leave. "Mr. Stay!" However, before Darryl took two steps, Abel hurriedly shouted! "Why, do you still have something?" Darryl stopped and looked back at Abel. Abel looked sincere and said politely: "I don't know what your husband's name is? Where is he from? You saved the entire Amatera city. As the commander-in-chief, I must thank you very much." Darryl thought for a while and said: "My name is Danny, and I'm just a wanderer. As I said just now, I'm just passing by and it's not pleasing to see the Principality of Heaven, so you don't need to be particularly grateful." I used to be a royal knight in the Principality of Heavenly Star, and then he was hunted down. This matter, Er Darryl, Feng didn't want too many people to know, so he used his previous fake name. However, Abel did not give up, walked up quickly, and smiled: "Mr. Danny, your strength level is not high, but your skill is not weak. It's a rare talent. It's a pity just to be a wanderer." Now that we follow the Principality of the Day, with the support

of the Goddess of Light, we want to unify the mainland, it is the right time to hire people . How about joining us and accomplishing a career?" When he said this, Abel's eyes were full of expectation. to join you guys? Hearing this, Darryl frowned, feeling a little reluctant. Speaking of it, when he was in the mainland of World Universe, Darryl hated war the most, because once the war broke out, the people and the people would suffer. At this moment, Darryl was about to refuse, and suddenly thought of something, he asked Abel: "You just said that your Principality of the Day is supported by the Goddess of Light?" "Yes!" Abel nodded. Darryl showed a slight smile and continued to ask: "Are you sure, is that the real Goddess of Light?" Huh? Hearing this, Abel became instinctively alert: "Mr. Danny, I don't understand what you mean." Ms. Yuri faked the Goddess of Light. Only she and Your Majesty knew that Danny could not know. . "Nothing!" Darryl smiled, and said relaxedly: "I have a little friendship with the Goddess Light. I want to know if someone is impersonating her." To be honest, Darryl is not interested in these things, but what? Saying that he is also the saint of the Temple of Light, if you know that someone is faked the Goddess of Light, and you don't care about it, you will be a little bit overwhelmed. What? At this moment, Abel's heart was shocked and he was stunned. what did he say? He has a little friendship with the goddess of light? This is a lunatic. You know, for thousands of years, the Goddess of Light has only been in rumors, and no one has seen it with his own eyes. Even the temple where the Goddess of Light is located is extremely mysterious. The person in front of him has not only said that he has seen the Goddess of Light, but also Have friendship with her, what is this not a lunatic?

Chapter 3344

Seeing Abel's expression, Darryl smiled: "What? Is there any problem?" "No!" Abel reacted and shook his head: "Since Mr. Danny and the Goddess of Light know each other, wait until this is over. In a war, I will take you to see her, how about it?" No matter whether this person is brother or not, he is a rare talent who can kill gentleness in one shot, and he must be kept anyway. "Okay!" Darryl thought for a while, nodded in agreement. Yuri

didn't have any clues, and she didn't have a place to go for the time being, so it's better to stay in this storm city temporarily. Seeing his promise, Abel smiled, then greeted the surrounding soldiers and returned to Storm City. ... On the other side. Wengi led the army and the news of the fiasco in the attack on Storm City soon spread to the Principality of Stars. For a while, the whole Principality was in an uproar. You know, Wengi was the youngest commander in the Star Principality, and he died just like this. Soon, some rumors spread in the Principality of Heavenly Stars. Some said that the goddess of light supported by the Principality of the Sun, and the will of God is hard to violate, so Wengi would fail miserably. Located in the northwest of Alandis, there is a Raymond Academy. Raymond College was founded by the Principality of Tianxing, specializing in cultivating cultivators, and is the highest institution of the Principality of Tianxing. Many well-known cultivators in the Principality of Sky Star came from this Raymond Academy. Of course, including gentleness. At this time, in a courtyard of Raymond College, an old man was sitting there, meditating. It is Mr. Ray. Mr. Ray is the greatest sage of Raymond Academy, close to the strength of the Holy Spirit, and is a gentle teacher. His position is extraordinary, even if Wang Jue sees him, he must be courteous. "Teacher!" At this time, a few young men walked into the yard quickly, with complex expressions. These are all students of Mr. Ray, and the one headed by him is called Kevin. He is a burly figure with extraordinary momentum, and is the most admired disciple of Mr. Ray. Hearing footsteps, Mr. Ray slowly opened his eyes. "Teacher!" At this time, Kevin and several people arrived and said: "Wengi led the army to attack the Principality of the Sun and was killed. Do you know this?" When he said this, Kevin's eyes flashed with grief and anger. Because he is also a disciple of Mr. Ray, Kevin has the best relationship with Wengi. Now Wengi is no longer there, and it is very sad. Sigh! Mr. Ray breathed a sigh of relief and said indifferently: "I see, the two armies are fighting, and casualties are inevitable. Wengi's death may be his fate." After that, Mr. Ray sighed: "After all, this time It's too hasty for our Principality of Heaven to send troops." Mr. Ray looked indifferent when he said this. By his age, he was already indifferent to life and death. Hearing this, Kevin and some of his disciples looked at each other. In the next second, Kevin took a deep breath and

said seriously: "I've found out clearly. When Wengi attacked Storm City, he had a fierce battle with Abel. He could have broken Storm City, but a strange man appeared out of thin air. Kill Wengi." "It is said that this strange man is just the strength of the Holy King." What? Mr. Ray was stunned, and moved slightly: "The strength of the holy king?" Wengi, the strength of the holy king, was killed by a holy king. At this moment, Kevin continued: "Teacher, if Wengi died During the battle between the two armies, I would not say much, but this matter is really weird. I think we need to go to Storm City to meet this strange man." The voice fell, and the other disciples behind him , They all nodded one after another. "I also think Wengi was killed." "Yes, how could a fellow with the strength of the Saint King killed Wengi?"

Chapter 3345

"Teacher, Wengi is your most important disciple. You must be in charge of the unclear death." The voices of the disciples kept coming, and Mr. Ray secretly raised his eyebrows. "Okay!" Finally, after a few seconds, Mr. Ray settled his attention and slowly said: "You go and prepare, let's set off as soon as possible." To be honest, Raymond Academy shouldn't have participated in the war between the two countries, but gentle. He was his favorite disciple, but he died so strange, so I really need to check it out. ... On the other side, Storm City! At this time, in the main hall of the city, a sumptuous banquet was already ready. However, there were only three people at the huge dinner table. Darryl, Abel, and Tina, the lord of Storm City. Yes, the lord of Storm City is a woman, and also a very cold, arrogant and beautiful woman. At this time, Tina, wearing a gorgeous long skirt, was unspeakably sexy and mature, but sitting at the dinner table at this time, his delicate face was uninterested. If sitting with Abel, Tina would be happy, but when he saw Darryl, he was a little unhappy. During the day when Wengi led his army to attack Storm City, Tina was in the king's city to be summoned by the king, so he did not rush back in time. After returning in the evening, Tina was very happy to learn that Abel had successfully

defended Storm City. However, when he learned that Wengi had died at Darryl's hands, Tina was suddenly surprised. The person in front of him, dressed in an ordinary dress, had only the strength of a holy king, how could it be possible to kill Wengi. Tina believed that it was Wengi and Abel fighting fiercely at that time, and the saint power was almost consumed, and Darryl took advantage of it. Under this circumstance, Tina looked at Darryl more and more displeased. From time to time, there was a bit of disgust on his face. Had it not been for Abel to have a meal with Darryl, Tina would have stood up and sat at a dinner table with a person of unknown origin, which would be too shameful. Darryl didn't care about Tina's indifferent attitude, and talked and laughed with Abel. After understanding, Darryl admired Abel's character very much. After drinking for three rounds, Darryl smiled slightly, took out a healing pill from his body, and handed it to Abel's hand: "You are injured, drink less alcohol, this is my unique healing medicine, which can speed up Your injury has recovered." This healing medicine was refined by Darryl before, and it has been useless. It was given to Abel. During the day, Darryl admired Abel's unyielding performance. Unique healing medicine? At this moment, Abel took the pill, a little stunned. Is this Danny still a pharmacist? Before Abel could react, Tina, who was sitting at the side, couldn't help it. "Abel, you can't take the medicine casually!" When she said this, Tina frowned. This man named Danny, dressed so ordinary, and took out a dirty pill, must be a liar. However, Abel laughed and swallowed the pill directly, not forgetting to thank Darryl: "Thank you, Mr. Danny . Thank you, thank you." He and Danny have no grievances, how could he harm himself? ? What's more, he also killed Wengi during the day, helping himself to defend Storm City. At this moment, Tina wanted to stop him, but it was too late and he stomped his feet with anger. The origin of this wind is unknown, how could Abel believe in him so much? A few minutes later, a scene that surprised Tina appeared. I saw that after taking the pill, Abel's face was pale, his rosy recovered, and his spirit was much better than before. "Haha..." At this time, Abel was very excited, and laughed at Darryl: "This medicine is really amazing, Mr. Danny, did you refine it yourself?" Darryl smiled slightly: " Yes, I have learned some medical skills."

Chapter 3346

What? Seeing this scene, Tina's body trembled, and the whole person was stunned. This person can actually be a doctor? "I really can't see it, my sir is deeply hidden." Abel's expression was full of admiration, and he said with emotion: "Not only did he stretch out his hand, but his medical skills were so brilliant." Abel clearly felt that after taking the pill, his injuries recovered. The speed has increased significantly. Darryl smiled, with a humble expression on his face. In the next second, Abel was going to ask how Darryl made the healing medicine into the shape of a sphere, because there is no such thing as a pill in Roland Continent, so it is very novel. But before he spoke, he was interrupted. "My Lord City Lord!" A city gate guard ran in sweating profusely: "No, there is a group of people who want to forcefully break into Storm City. They claim to be from Raymond College, and one of them is Mr. Ray." What? Hearing this, both Abel and Tina were shocked. You know, Mr. Ray is a well-known figure in the Principality of Heavenly Star, and he holds a pivotal position in Raymond Academy. Many experts in the Continent of Heavenly Star are all his disciples. It's just that Mr. Ray has been teaching and preaching at Raymond Academy, and he rarely talks about the disputes between the various Mainlands. Why did he suddenly come to Storm City? Thinking about it, Abel and Tina looked at each other, and they understood something at once. Wengi was a disciple of Mr. Ray, but he was killed by Danny. Could it be because of this? "Mr. Danny!" Realizing this, Abel took the lead in reacting, and hurriedly said to Darryl: "Things are a little troublesome, I will immediately send someone to escort you out of Storm City." Darryl stunned: "Why?" Abel took a deep breath and quickly. Explain: "You killed Wengi, and Wengi was a disciple of Mr. Ray. This Mr. Ray was very terrifying. He suddenly came to Storm City because of Wengi..." It turned out to be like this. Hearing this, Darryl looked indifferent and smiled and said: "What's the matter, he will come, why should I run?" Abel suddenly became anxious: "He really wants to do it to you, I'm afraid of Storm City. Among them, no one can stop, and you are no

more than the Saint King Realm, how is his opponent?" At the same time, Tina also looked displeased. This person is not strong, but he is full of big words, which is really annoying. Darryl smiled and said: "It's okay, since they have come to the door, let's see it, if I sneak away, what kind of man would I be?" He said, he strode out of the hall. Abel looked anxious and quickly followed. Tina couldn't help but flirted, and followed out. Sigh! When he arrived outside the city gate, Darryl couldn't help taking a deep breath when he saw the scene in front of him. I saw four figures standing quietly outside the city, one by one filled with a powerful aura, and an old man headed by him, wearing a gray robe, looked kind, but not angry or pretentious. It is Mr. Ray. At this moment, feeling Mr. Ray's strength, Darryl was secretly surprised. It turned out to be close to the strength of the Holy Spirit. However, Darryl didn't care either. You must know that the twelve paladins of the Temple of Light were all the strength of the Holy Gods. Compared with them, the strength of the old man in front of him was a little worse, and it was nothing at all. Huh! At this moment, Mr. Ray and a few of his disciples suddenly focused on Darryl. Abel and Tina are both the identity of the city lord, and they naturally know it, and this stranger, whose strength is only the power of the holy king, is very consistent with the information of the investigation. It is obvious that Wengi died in his hands. Finally, Mr. Ray reacted and said to Darryl: "Wengi died in your hands?"

Chapter 3347

Fuck , so direct? Hearing this, Darryl was stunned, and then nodded: "Yes!" Hearing the answer, Mr. Ray's face showed a little dignity, and he asked each word: "You are not the strength of the saint king, how did you kill it?" His? Or, what means did you use secretly?" Darryl laughed at once, and said lightly: "What other means do I need to kill Wengi? I heard that you are his teacher? Seriously, your disciple was too much at the time. Confident, and his strength is really not very good." When saying this, Darryl looked calm, but he was a little irritable. Huh(?), I was interrupted by eating well, and I was in a bad mood for who it was! Huh! Hearing this, both Mr. Ray and the disciples behind him all looked angry. This kid is crazy. At the same

time, Abel was too anxious. I asked him to leave quietly just now, and now he challenged Mr. Ray face-to-face. Isn't this looking for death? Even if you are skilled, you are only a holy king. Sigh! At this moment, Mr. Ray took a deep breath and looked at Darryl coldly with a gloomy face: "Dare to talk to me like this, you are very courageous, what is your name?" "Danny!" Darryl said lightly. As soon as the voice fell, Kevin strode out and said angrily: "Teacher, stop talking nonsense with him, let me go over and kill him and avenge Wengi!" When he said this, Kevin glanced at Darryl coldly. Full of contempt. Only the strength of the saint king must have used despicable means to kill the gentle, this kind of person can be completely abused with one hand. Mr. Ray nodded silently: "It's okay, you try his strength!" To be honest, on the way here, Mr. Ray was still wondering if he was too reckless, but after seeing Darryl, he realized, Wengi's death is indeed full of doubts, the person in front of him is really the strength of the Saint King, fighting alone, he will never kill Wengi. Get the teacher's permission, strode East Shen, pointing to the mountain air and shouted: "?! Boy, can dare to fight me," Darryl wind chuckle loudly: "What can not?!" Said Darryl wind He said to Mr. Ray: "Mr. Ray, right? Let's say yes. You asked your apprentice to challenge me. When he loses or is killed by me, you can't hold him accountable." Mr. Ray There was no response, but frowned. "You are looking for death!" Kevin was even more furious. This kid was so arrogant that he said that he was not his opponent. In his anger, Kevin stopped talking nonsense, and he roared straight towards Darryl. Hum! At the same time, a violent sacred power burst out, forming a strong storm around Kevin, which was very shocking. Seeing this scene, Abel couldn't help but squeeze a sweat for Darryl: "This person is much stronger than Wengi, and I don't know if Mr. Danny can stop it..." The voice fell, Tina's face fell. indifferent, understatement, said: "even if not rivals, do not blame us, before you propose to let him leave, this may Danny did not listen, even to be killed, and we have nothing to do with the next and so on." in the red In Chang's eyes, Darryl only had the strength of the Saint King, and he was not Kevin's opponent at all. Sigh! At this time, Kevin had already rushed to the front, making a fist with his right hand, and smashing towards Darryl fiercely. Darryl didn't panic at all, he also threw a fist to greet him, and in an instant, the two fists violently collided, causing a dull vibration. After the

vibration disappeared, Kevin's figure was seen shaking, while Darryl was standing there, as stable as Mount Tai. What? Seeing this scene, both Abel and Tina, or Mr. Ray on the opposite side, were all taken aback. This storm actually blocked Kevin's punch? He only has the strength of the Saint King, how did he do it?

Chapter 3348

Huh(?)! At the same time, Kevin was also frightened. This guy in front of me is a bit weird as expected. With that punch just now, he exploded with five layers of sacred power, but he was so easily blocked by him. At this moment, Darryl looked relaxed, and said to Kevin, "You are not my opponent, do you want to fight?" Hearing this, Kevin's face flushed, and he only felt that he was greatly humiliated. "Boy!" In the next second, Kevin's eyes were extremely red, and he locked on Darryl tightly, and said coldly: "Don't be proud of me, I will kill you today." Om! When the voice fell, Kevin broke out completely, a violent holy power erupted from his body, and immediately after, he saw the skin on his arm showing bloody lines. Ka Ka... Immediately afterwards, I heard a burst of crisp sound from his whole body bones. Then, the figure grew bigger at the speed that the naked eye could see. In the end, it turned into a giant ten meters high, like a hill. Generally, it is shocking. hiss! Seeing this, Abel looked solemn and couldn't help taking a breath of cold air secretly. This Mr. Ray is worthy of being a rare cultivation genius in the past 100 years. Six months ago, there were rumors that Mr. Ray created a technique that can instantly increase his strength and his body shape will also become bigger. I thought it was. The rumor, I didn't expect it to be true. The Tina next to her trembled and was shocked. At the same time, he was a little sympathetic to Darryl. Kevin showed his true strength, and this wind wave, I am afraid that he will lose miserably. Sigh! At the same time, Mr. Ray on the opposite side also showed a slight smile. The other disciples behind him were even more excited. "Haha...Kevin performed his domineering stunts, and this kid is dead." "Kevin, slap him to death!" "Yes, revenge Wengi!" Hearing the

shouts of his companions, Kevin had a face. confident, playful wind directed at Darryl said: "boy, this is my real strength, you now kneel at once, and say, what means despicable plot with gentle, perhaps I will spare your life!" Darryl stood there with a look of contempt: "Is this your true strength? It's just that!" When he said this, Darryl's eyes were full of calm, without the slightest panic. You know, in "Wuji Pill", there is a kind of Bawang Pill. After taking it, it can not only increase strength, but also increase the body, just like the Kevin in front of you. This type of Bawang Pill, in the World Universe mainland, only needs Anyone who has some accomplishments in alchemy can be refined. Therefore, Darryl would naturally not take it seriously. What? When the voice fell, the two parties and others present were all stunned. Kevin's domineering stunts were so shocking, but this wind and turbulence didn't even take it seriously. This is not self-confidence, but arrogance. At this moment , Kevin was also stunned, and then his face was extremely stubborn, and he stared at Darryl coldly and said: "Good boy, you really do not live or die!" At this time, Kevin was extremely furious. The guy in front of him was so contemptuous of himself and didn't kill him, it was hard to understand the hatred in his heart. "When facing the enemy, how could you be so impetuous, how could you win?" Darryl showed a slight smile and said lightly: "Since you have taken out the stunt at the bottom of the box, I will also show you my true strength. !" Click! As the voice fell, Darryl's internal force revolved, and at the same time slowly raised his right hand. In an instant, I saw the heaven and earth aura surging, and then crazily gathered towards Darryl, and then, I saw a huge figure bursting out of the sky, floating above Darryl's head. Surprisingly, it is a huge unicorn. And this unicorn is formed entirely by internal forces, with black hair, blood red eyes, sharp teeth and claws, and it is lifelike. Darryl knew that to deal with Kevin's hegemonic stunts, he absolutely couldn't go head-to-head, he could only deal with it in this way. Um?

Seeing the unicorn above Darryl's head, everyone present was stunned. What a fierce beast, how did this man get it out? Moreover, what kind of beast is this, I have never seen it before. At this time, whether it was Abel, Tina, or Mr. Ray and others, apart from the deep shock, they were also a little confused. You should know that there is no unicorn beast in Roland mainland, and they naturally don't know them. Sigh! At this moment, Kevin was also stunned, staring blankly at the condensed unicorn. But soon, Kevin reacted and sneered: "Get a fake beast, you think I would be afraid of it?" Kevin clearly felt that the beast in front of him was transformed by Darryl, not at all. real. Since it is fake, there is nothing to be afraid of. "Kill!" In the next second, Kevin roared wildly, and the huge figure rushed over, hitting the unicorn with a fist. Seeing Kevin, who was like a small mountain, rushed over, Darryl didn't panic at all, and quickly issued instructions to the Unicorn beast. He heard the Unicorn beast roar that stunned the world, and then, a huge figure rushed forward. boom! Kevin's huge figure and Unicorn beast slammed into each other, making a roar that resounded throughout the world. Suddenly, the dust was filled with smoke. Not only that, the surrounding trees, under the violent vigor, broke and turned into powder. At this moment, whether it was Abel, Tina, or Mr. Ray and others, they all stepped back to avoid the violent aura. Ten seconds later, as the dust filled, Kevin's figure returned to normal size, pale and very weak. But Darryl still stood quietly on the spot, his expression as usual. Wow! Seeing this situation, Mr. Ray's heart was shocked and his face was full of consternation. impossible! The overlord stunt is a defensive stunt that he created after ten years of comprehension. It is extremely powerful, but at this time, he was easily defeated by this person. More importantly, he is just the strength of the Saint King. The disciples behind him were also dumbfounded. "How could this happen?" "This... is this guy really only the Holy King?" "...". In their hearts, Kevin is already the upper-stage sage, and there is no suspense at all against this wind. It was properly crushed, but never expected that it was Kevin who was crushed. This... At this moment, Abel was also stunned, staring closely at Darryl, with a strange light shining in his eyes, and his heart was extremely shocked. Completely shocked. If he played by himself, when Kevin performed his domineering stunt just now, he would have already lost. And this wind wave, there was nothing

wrong, not only that, but also beat Dong Shen back to his original form. It's incredible. Tina, who was standing on the side, was even more weak in his legs, and he couldn't stand still, staring at Darryl blankly, speechless. This...this wind is so powerful. When I heard that he killed Wengi before, I thought he was just lucky, but I didn't expect that he really had this strength. But the point is that he only has the realm of Saint King, and he can completely abuse Kevin in the realm of Saint Marshal. If you don't see it with your own eyes, who can believe it? quiet! At this moment, the audience was silent, and a needle drop could be heard clearly. "You..." Finally, Mr. Ray came back to his senses and looked at Darryl complicatedly: "Who are you on earth?"

Chapter 3350

Mr. Ray at this time has a calm expression, but there is an indescribable shock in his heart. This Danny is really a cultivating genius, Dong Shen who is only the strength of the holy king, but completely crushes the strength of the holy sovereign. Ha ha... Darryl smiled slightly: "I'm just a nameless pawn wandering around, Mr. Ray, you have also seen that your disciple is not my opponent at all, do you have anything else to say?" Uh... Hearing this, Mr. Ray was very embarrassed, and said with a wry smile: "Yes, depending on the situation, Wengi will not be wronged in your hands. He is indeed inferior to human skills." "Teacher..." "This..." "At this moment, Dong Shen and the other disciples' expressions changed. When the teacher said this, it meant that the death of gentleness would no longer be pursued. How could this be done? Especially Dong Shen, his face flushed and ugly, his own dignified sage's strength unexpectedly lost to a sacred king, this matter spread, how can he have the face to see others? Mr. Ray waved his hand and motioned them not to interrupt. Afterwards, Mr. Ray looked at Darryl earnestly: "Dare to ask, who is your teacher?" When he said this, Mr. Ray's eyes were full of curiosity. You must know that the cultivation techniques of this person in front of him are really too much.

Strange, he has lived for nearly seventy years and has never seen it before. At this time, Mr. Ray still didn't know that Darryl in front of him was not from the Roland mainland at all, but from another world. Hearing the question, Darryl smiled: "I am an unknown person, how can there be any teacher? The skills I used just now are all my own comprehensions." Since I came from another world, I can't say anything about this, I can only find a reason. Comprehend it by yourself? Hearing this, Mr. Ray's heart was shocked, and he was immediately stunned, unable to conceal his excitement. This is no longer a wizard, but a genius. "Danny!" Finally, Mr. Ray reacted with a sincere expression: "I don't know if you are willing to join our Raymond College and become my student? As long as you are willing, I will give you better resources to help you. He is known as a figure of the famous six Mainlands." To be honest, Wengi is dead, and Mr. Ray is very heartbroken, but the wind and waves in front of him have greater potential. If he can be accepted as a disciple, he will have no regrets in his life. You know, there are only a handful of people who can create their own skills in the entire Roland Continent for thousands of years. What? When the voice fell, no matter it was Dong Shen's disciples, Abel, Tina and others, they were all stunned. Mr. Ray wants to accept Danny as his disciple? "Teacher!" At this moment, Dong Shen reacted with an anxious expression: "This kid killed Wengi, how can the teacher accept him as a disciple?" Thinking of the fiasco just now in Darryl's hands, Dong Shen was even more angry. The disciples nearby also nodded one after another. Mr. Ray looked serious and said indifferently: "As the commander of the Principality of Heaven, Wengi died on the battlefield. It was his life. Moreover, we have already found out that this wind wave did not use despicable means, but was attacked by strength. Kill Wengi, what else do you have to care about?" "Furthermore, this Danny can create skills and is extremely talented. It can be called a genius. If you become your brother, you can learn a lot from him." "I always teach you not to sink into enmity, but to learn to let go and be tolerant." Huh! Hearing these words, Dong Shen and others bowed their heads and said nothing.

And at this time, Abel and Tina, who were opposite, were secretly anxious. At this moment, they didn't expect that the situation would have such a dramatic change. Originally, Mr. Ray came to Xingshi to inquire about the crime, and in a blink of an eye, he would take Danny as a disciple. Especially Abel, watching the wind and rushing closely, was too anxious. But you can't agree. You know, the Province of Sun at this time is conquering everywhere, and it is hostile to the Province of Stars, and Raymond Academy is the highest institution of Province of Stars. If Darryl joins, the Province of Sun will have one more powerful enemy. As the commander of the Principality of the Day, Abel would never allow this to happen. At this moment, Abel wanted to dissuade Darryl, but thought that he and him were just friends, and the decision to influence him was too abrupt, so he held back. "Danny!" At this moment, Mr. Ray smiled slightly and looked at Darryl: "How is it? How are you thinking about it?" Huh! In an instant, the gazes of the audience were all concentrated on Darryl, with complex expressions one by one. Darryl smiled, very relaxed: "Mister's kindness, I understand it. I am used to being free." What? The teacher took the initiative to invite him, but he was still unwilling? At this moment, several of Dong Shen's disciples were secretly angry, but because of Mr. Ray's face, they did not dare to attack. Mr. Ray was also taken aback, feeling a little lost. Abel and Tina secretly breathed a sigh of relief. At this moment, Darryl continued: "However, if I went to Alantis that day, maybe I would go back to Raymond Academy to visit Mr., then, I hope Mr. will not shut me out." When saying this, Darryl looked sincere. Although Darryl is strong and he is not afraid of anyone in this different world, it has to be said that the cultivation methods in this world also have many extraordinary features, and Mr. Ray is a great figure in Raymond Academy, and it is necessary to make friends. Moreover, Mr. Ray took the initiative to express his suspicion, and he had to give the other party a step down. Sigh! Hearing this, Mr. Ray smiled and nodded: "Okay, then I'll be waiting anytime." Although Darryl didn't agree to be his disciple, which made people feel a little disappointed, he would go to Raymond after he said that. College, I still have hope. With that said, Mr. Ray bid farewell to Darryl and left with a few disciples. Sigh!

As soon as the front foot walked away, Abel reacted and laughed and patted Darryl on the shoulder: "Haha, Mr. Danny is really a genius, so he can let Mr. Ray take him as a disciple himself." Darryl smiled. "Are you very nervous just now, afraid that I would agree?" Abel had a broad temperament and did not hide it. He smiled: "Of course, if you go to Raymond Academy, you will be opposed to me. Can I be afraid?" As he said, Abel took Darryl's hand: "Go, go, let's go back and continue drinking!" Having seen Darryl's strength again just now, Abel was also extremely excited besides being shocked. At this time, he just wanted to get along with Darryl. Make a good relationship. At this time, the Hong Shang next to him also put aside his previous cold arrogance and contempt, and said with a smile at Darryl: "The battle between Mr. Danny and that Dong Shen just now is really eye-opening. From now on, you are Our VIPs of Amatera City, the gate of Amatera City, are always open for you." When he said this, Tina's smile was like a flower, very charming. Feeling the change in Hong Shang's attitude and the sexy and hot body, Darryl couldn't help but admire it secretly, and then said with a smile, "Thank you, the city lord, for your love." With that, Darryl, Abel, and Hong Shang returned. At the banquet.

Chapter 3352

Darryl and Abel drank late, during which Tina had been with them. Early the next morning, Darryl slept soundly and was awakened by Abel. "Mr. Danny!" Abel's face was solemn: "I planned to take you to see the Goddess of Light today, but it was temporarily changed." As he said, Abel took a deep breath and continued: "The gentleman of the Principality of Heaven, lead the army. The attack on Storm City was defeated, and Wengi was killed. This matter has caused a sensation in the major Province. If I did not expect, the Province that was on the wait-and-see attitude at the beginning would definitely send troops. They will never allow the Province of the Day too. How powerful." "So, I must return to the king's city as soon as possible to meet with His Majesty the King to discuss countermeasures." Hearing

this, Darryl nodded, very understanding. I have to say that Abel has a long-term vision and is a qualified commander. The situation on the Roland Continent is indeed like this right now. Since the Principality of the Day has provoked the war, it has won successively and has not lost a battle. In this case, the other five Mainlands must be unable to sit still. At this time, Abel continued: "Then I will set off. If you are in a hurry, you can find Hong Shang, and she will do her best to help you." When the voice fell, Abel bid farewell to Darryl and brought a team of guards. Go to Wangcheng. After Abel left, some people brought breakfast. At this time, Darryl was already a distinguished guest of Hong Shang, and the servants of the entire City Lord Manor did not dare to neglect the slightest. After breakfast, Darryl went to the lobby. When he arrived in the front hall, he saw Hong Shang summoned the guard leader of Storm City and was deploying defenses. At this time, Tina, wearing a purple dress, showed her charming curves, coupled with her cold temperament, she was indescribably charming. "Mr. Danny!" Seeing Darryl coming in, Tina smiled and waved his hand to make everyone retreat. Darryl walked in slowly, smiled slightly, and said, "I have something, I would like to ask the city lord for help!" "What's the matter? Mr. Don't hesitate to say it." Tina said without even thinking about it. After the events of last night, Hong Shang's view of Darryl changed a lot, and even admired a little. Sigh! Darryl took a deep breath and took out a portrait from his body, on which was painted an extremely beautiful woman, like a fairy, exactly the portrait of Yuri. When he was in Simon City at that time, Darryl asked Doug to help find Yuri. He painted many portraits, and Darryl kept one on him. "This is a friend of mine who has been separated from me. I want to ask the city lord to help me find it." Darryl said. For so long, there has been no news of Yuri, she must be found no matter what. Sigh! At this moment, Tina took the portrait and looked at it, and suddenly her body trembled. What a beautiful woman. With emotion, Hong Shang smiled lightly: "Mr. Danny, don't worry, I will let me do it." After that, Hong Shang was very curious: "Is this woman Mr.'s wife?" I met Darryl last night. After Feng's true strength, Hong Shang became more and more interested in him. "Forget it!" Darryl nodded with a smile. When I saw Yuri for the first time in the too illusory realm, it was true that she and Yuri were married. Hearing this, Tina's eyes flashed with a strange brilliance. With such a

beautiful wife, this wind wave is definitely not an ordinary person. "Report!" At this moment, a knight in armor walked in quickly and respectfully said to Tina: "Just as news came, the five Mainlands had formed a coalition. The soldiers were divided into two groups and headed all the way towards Storm City, ready to Help New Moon Principality, regain Storm City, and another road is coming to our Amatera City! " What? Hearing this, Tina's body trembled and was furious.

Chapter 3353

The five Mainlands actually formed a coalition? At the same time, Darryl was stunned, and then smiled: "Abel really has the foresight. When saying goodbye to me in the morning, I expected the five main councils to join forces, but I didn't expect it to be so fast." At this time, Tina reacted and asked the knight: "How far is the coalition along the way to our Amatera City?" "About fifty miles away!" The knight hurriedly said. Fifty miles? It will be there in two hours. Hong Shangxiu frowned, realizing that the situation was critical, and decisively said: "Assemble all the defenders, be on guard, and immediately ask for support from Qingmu City, hurry!" Qingmu City is not far from Amatera City, if the speed is fast , Within an hour, the reinforcements of Qingmu City will be able to arrive. "Yes, Lord City Lord!" The knight quickly responded and walked out of the hall quickly. As soon as the front foot left, Tina quickly opened the map of Amatera City and began to study preparation strategies. At this moment, Darryl looked at the map and said: "How are you going to fight?" Phew! Tina took a deep breath, his delicate face was full of seriousness: "Amatera City has a special geographical location, so it's safer to keep playing." Hearing this, Darryl shook his head: "It's definitely not possible to keep playing, you see. , Amatera City is surrounded by mountains on three sides. If the enemy forces occupy the hills on three sides and form an encirclement, how you guard it will be useless. " Yeah! Hong Shang's delicate body trembled, and she suddenly became anxious: "What should we do then?" Although Hong Shang is the lord of a city, she is still young and has never fought a war.

One day ago, Wengi led his army to attack Amatera City. Fortunately, Abel arrived in time and held Amatera City. That's why Hong Shang would be very grateful to Abel. But at this time, Abel went to the Wangcheng, Tina had no experience in warfare, and he was very hopeless, so he could only ask Darryl for help. Darryl pondered, and slowly said: "If the city lord believes me, he will call all the defenders out of Amatera City, join the reinforcements of Qingmu City, and fight the opponent outside the city." This... Hong Shangjin Biting his lip, he hesitated for a while: "Is this all right?" Darryl did not respond, but showed a confident smile. Back then, in the mainland of World Universe, Darryl used soldiers like a god, and was famous all over the world. Moreover, the war in World Universe was a large-scale war of hundreds of thousands, or even nearly a million, and the total number of the six major Province of Roland. , Not more than half a million. In Darryl's eyes, it was like a child playing a house. It was nothing at all. "Okay!" After a few seconds, Tina struggled in his heart and finally nodded and said: "Just follow the sir's instructions!" When the voice fell, Tina immediately dispatched troops to the generals, and under Darryl's instructions, he sent Amatera The main force of the city was mobilized on a hillside outside the city. At this time, tens of thousands of reinforcements from Qingmu City arrived. The leader is Bill, the lord of Qingmu City. "Tina!" After arriving, Bill was completely blinded when he saw the situation in front of him: "Why did you call out all the defenders?" Bill saw that the thirty thousand defenders in Amatera, all Tina gathered on the hillside, plus the reinforcements he brought, the total amounted to no more than 70,000. How could it be possible to stop a coalition of more than 100,000 in this kind of terrain? Tina bit his lip lightly, and responded: "This is Mr. Danny's idea!" With that said, Tina glanced at Darryl next to him. At this time, Darryl was observing the surrounding environment. Mr. Danny? Bill was stunned, and looked up and down Darryl: "Who is he?"

Tina didn't conceal it, and said softly: "Bill, this is Abel's friend, Mr. Danny, before Wengi from the Principality of Stars led the army to attack Amatera City, he was killed by him?" What? Hearing this, Bill was stunned. This kid killed Wengi? But he only has the strength of the Holy King, you know, Wengi is the youngest and most outstanding commander of the Heavenly Star Principality, the strength of the Holy Lord. After a few seconds, Bill reacted and smiled softly: "I heard that Wengi and Abel fought fiercely for a long time, and the strength of both sides consumed a lot of strength. Therefore, Wengi was killed by this wind. , He just happened to catch up." In the words, there was disdain for Darryl. Feeling Bill's contempt, Darryl didn't care. Tina was a little anxious, and said: "Bill, you don't know, Mr. Danny..." However, before finishing speaking, Bill interrupted. "Tina, you are also the lord of a city anyway. How can you allow an outsider to intervene in such a major event as the two armies?" Bill frowned, a little impatient: "Hurry up with me while there is still time. Retreat to the city together." Hu Hu Hu... As soon as the voice fell, I heard the sound of footsteps in the woods under the hillside. The valley is surrounded. That's it! Seeing this scene, Bill's face was pale and furious. There is no danger around this hillside, and now it is surrounded by enemy troops, and it is impossible to go down. This battle will undoubtedly be defeated. At the same time, Tina also trembled with her delicate body, and her heart panicked. Only Darryl looked calm. Hahaha... At this moment, the coalition forces under the mountain saw the situation on the hillside, and suddenly laughed. Immediately afterwards, the coalition commander Eric shouted at Bill and Tina on the mountain: "Your news is very fast. I didn't expect the reinforcements of Qingmu City to arrive one step earlier than us. However, you only have this strength. On the hillside, are you going to disperse our formation? Haha..." The geographical environment of Amatera City is the best choice for guarding and fighting, and Tina and Bill, the two city lords, are actually on the hillside. It's ridiculous. Boom.. The voice fell, and the hundreds of thousands of coalition soldiers around burst into laughter again. Mad! Hearing Eric's ridicule, Bill's expression was extremely glaring. At the same time, he didn't forget to give Darryl a fierce look. It was this kid. If he hadn't made up his mind, he and Hong Shang would not be so passive. The Tina next to her also frowned, secretly anxious. "Don't worry!"

At this moment , Darryl smiled slightly, and said to Tina: "You now call the enemy commander and tell him to fight tomorrow morning!" When he said this, Darryl's face was light. Yun Dan, very confident. What? Hearing this, no matter it was Hong Shang, Bill, or the surrounding soldiers, they were all stunned. They are all surrounded by the mountains, the crisis is extremely high, and you have to take the initiative to fight the opponent, isn't this looking for death? "You shut up!" Bill couldn't help but yelled at Darryl: "It was you who made up your mind that made us fall into such a situation. I tell you, if this battle is defeated, I will kill you first!" Bill's face anger, Darryl wind chuckle loudly: "how you convinced that defeated?" see the atmosphere increasingly stiff, Tina quickly smooth things over: "! Bill, you first calm," said, Tina Chong Darryl asked, "Mr. Danny, what are your plans?" Hong Shang was very flustered at this time, but she believed that Darryl must have his reason for doing this. After all, even Mr. Ray from Raymond College admired him. Sigh!

Chapter 3355

Darryl breathed a sigh of relief, looked around the hillside and said: "I explained that the decisive battle in the sky is just a slow strategy. In fact, we don't have to fight them at all. The opponent will lose before dawn tomorrow." What? Hearing this, both Tina and Bill were stunned. Can the opponent be defeated without confrontation? How can this be? "Haha!" Bill reacted very quickly, unable to conceal his inner contempt: "Okay, don't talk nonsense here, I don't think you understand anything." As he said, Bill turned his head and looked red. Chang: "The most important thing for us now is to wait until dark, find a way to break through, and go back to defend Amatera City." Hong Chang bit her lips tightly, not knowing what to do for a while. At this time, Darryl pointed to the distance and slowly said: "Look, the trend of the mountain in the distance, combined with the river in the distance, looks like a bow?" Huh? Hearing this, Tina and Bill followed his gaze. As expected, they saw that the river not far away was winding like a bow. But, what does this have to do with the current war? Darryl opened his

mouth again: "Look again, the position pointed by this big bow feather arrow is exactly at the foot of this hillside. This is called anti bow shui in feng shui. Not good!" Wow! Hearing this, everyone around was in an uproar. Bill couldn't help it anymore, and shouted angrily: "Boy, what are you talking about? What kind of rebellious thing. I think you are a liar!" In the Roland Continent, there is no feng shui, so in Bill's eyes, Darryl is completely fabricated and confusing. Darryl ignored Bill's yelling, but turned his head and smiled at Tina: "Trust me, send a message to the enemy, and agree to a decisive battle tomorrow morning. We only need to wait overnight and wait for work." Hong Chang hesitated. , Then nodded: "Okay." As soon as the voice fell, Bill interrupted loudly: "Tina, do you still believe that he is talking nonsense?" In a short time, the surrounding soldiers also agreed. "Yes, what is against the bow of water, never heard of!" "I think this person is deliberately fabricated reasons, equally dark, look for opportunities to escape it!" "Yes, this person must not believe!" Listen everyone Darryl frowned secretly. Fuck!, they had already said so clearly, they didn't even believe it. But having said that, Roland Continent has no feng shui statement, and it is really difficult to convince them. At this time, Hong Shang reacted and said to Bill: "Bill, no matter whether Mr. Danny said it is feasible or not, we have no other way now. Moreover, if we make an agreement with the enemy for a decisive battle tomorrow, we can delay it for a while!" Listen At this point, Bill didn't say anything, but his eyes still stared at Darryl fiercely. "Eric!" In the next second, Tina yelled at the foot of the mountain: "Tomorrow morning, let's make a decisive battle, how about it?" At this time, Eric is deploying soldiers and forming a formation under the hillside, preparing to bring Tina and Bill. Tens of thousands of soldiers are trapped on it. What? She is going to fight tomorrow? At this moment, when he heard Tina's call, Eric was taken aback for a moment, and then couldn't help laughing. The lord of this city of Amatera is really interesting. I am already trapped on the hillside. He still has the courage to make an appointment for a decisive battle tomorrow morning. Feeling ridiculous, Eric yelled at Hong Shang: "Okay, then tomorrow morning, the decisive battle, but I remind you, if you want to delay the time and break through at night, you should give up your mind." As the commander-in-chief, Eric Not stupid, guessing that Hong Shang was delaying time by doing this. But Eric was

not afraid, because this hillside was already besieged by himself, even a mouse could not escape, let alone tens of thousands of soldiers.

Chapter 3356

"Red Dress!" Seeing this situation, Bill was anxious and angry: "You really listen to him, I'm afraid we will all be wiped out on this hillside before tomorrow morning! Now the most important thing is! , Is to find a way to break through, rather than listen to his nonsense." Hearing this, Darryl frowned, a little unbearable. Fuck!, this Bill is mentally ill. However, Darryl was too lazy to explain, and said lightly to Bill, "I have said everything that should be said. Believe it or not, if you really want to break through, you can try it! But when the time comes, you can lose your troops, don't blame me. Remind you." Ha ha... Is this kid still pretending to me? Hearing this, Bill laughed dumbly, his face was full of disdain: "Boy, do you know who you are talking to? When it comes to fighting, we have a lot of military service, let's use you to talk about it?" Darryl showed a smile: "As the commander-in-chief, so impetuous, I don't think your ability to fight is so good!" Huh(?)! Bill became angry all of a sudden and shouted angrily: "What are you talking about?" How can he bear it when he is despised by this person with no status and status as the master of his own dignified city? In anger, Bill was about to rush to Darryl, but was stopped by Hong Shang. Bill was almost furious: "Tina, this guy is a liar, why are you protecting him?" Phew! Hong Shang breathed a sigh of relief, and his delicate face was full of helplessness: "Bill, it's not that I have to protect him. I just want you to calm down. The enemy has formed a formation under the mountain. You will break through if you rashly break through. Military strength, I think it's better to listen to Mr. Danny's opinion." "Listen to him? You are crazy..." At this moment , Darryl was too lazy to talk too much, walked to a flat grass in the distance, and lay down leisurely. The opponent's commander, Eric, has already promised a decisive battle tomorrow morning. As a commander, he will make a promise and don't

have to worry about the opponent attacking when it's dark, so he just needs to wait. And Tina and Bill are still arguing. Finally, Tina couldn't help Bill, stomped his feet, and walked towards Darryl. "Mr. Danny!" When he got to the front, Tina was very anxious: "Bill insists on breaking through, and is now selecting the forward army, what should I do?" Darryl lay there leisurely, smiling slightly: "He doesn't believe in evil, so let him try. After the test, he will be honest when he suffers a loss." The opponent's hundreds of thousands of troops are guarded below, unless Bill can fly, it will never be possible to break through. While talking, Darryl couldn't help but admire Hong Shang. Have to say, this is Tina really have the temperament, this time wearing a gorgeous gown, charming temperament can not say, but from the perspective of mountain wind at this time, just to see the charming curve feel Darryl's eyes, Tina's delicate face, suddenly flushed. A few seconds later, Tina reacted and said: "But..." Before he finished speaking, Darryl interrupted. "Okay, since you can't stop it, it's better to learn from me, take a good rest while it's still early, and recharge your energy!" Darryl said with a smile, and at the same time raised Erlang's legs! At this time, Bill, who was not far away, had already selected hundreds of forwards, taking advantage of the nightfall, dived down the hillside, and prepared to break through. However, he was discovered by the enemy before he reached the bottom of the mountain. "Tsk tusk..." At this moment, Eric's ridicule resounded throughout the hillside: "Isn't this Bill? With such a small number of people, you want to break through? I don't think you guys should wait until tomorrow morning, surrender now. Haha..." Mad! The breakthrough failed, Bill was very annoyed, and returned to the hillside with hundreds of soldiers in disgrace. Haha... Seeing this scene, Darryl couldn't help laughing. This idiot had warned him, and he had to listen. The Hong Shang next to her frowned slightly, and at the same time she looked at Darryl's gaze with a strange look.

this wind wave, who is it? Faced with such a predicament, he can still be calm and calm. Unable to break through, Bill was very irritable. Seeing the night getting deeper and deeper, tens of thousands of soldiers were trapped on it, Bill was very anxious. Several hours passed in a blink of an eye. Looking at the foot of the mountain without the slightest movement, ultra-Chan finally could not resist, he took out a large sword, pointing to wind Darryl said: "Boy, are you, so we fall into despair, subject to go die." In two It will be light in more than an hour, and when that happens, tens of thousands of soldiers will be wiped out. At this time, Bill, under his anger, only wanted to kill Darryl. Stupid! Seeing Bill walking with the big sword, Darryl didn't panic at all! Tina hurried over to stop him: "Bill, don't be impulsive, Mr. Danny is Abel's friend." "What about Abel's friend? I must kill him." Boom! While Bill was arguing with Tina, suddenly, he heard a loud and deafening noise coming from a distance. Suddenly, whether it was Bill, Tina and the surrounding soldiers, their hearts were shocked. Immediately afterwards, everyone hurriedly looked over, and was stunned at this look. I saw that the river embankment several hundred meters away suddenly broke through a gap, and the rushing river water poured into the hillside in an instant. In a short time, the enemy formation below was in chaos! This... Seeing this scene, Tina's body trembled, shocked! He actually got it right? ! It was really unfavorable to garrison troops below. What Feng Shui he said before is amazing. Sigh! At the same time, Bill and the surrounding soldiers couldn't help but breathe in cold air. I saw that in the blink of an eye below the hillside, it became a vast ocean. Many enemy soldiers were swept away by the flood, and the screams, mixed with the surging river, resounded throughout the world. This wind and turbulence is really right. Before dawn, the opponent will be defeated without fighting. But... this is incredible. right! This guy is just lucky, the blind cat ran into the dead mouse, and he was right about nonsense. All Feng Shui is made up indiscriminately. Thinking about it, Bill reacted from the shock, tilted his head and glanced at Darryl, his eyes full of contempt. Ten minutes later, the river receded and there was a mess under the hillside. I saw that in the face of the sudden natural disaster, tens of thousands of allied troops led by Eric were swept away by the river, and the rest were also in chaos, all in embarrassment and defeated. Very good! Seeing this situation, Tina

couldn't say so excited and happy, looking at Darryl's gaze, it also revealed a deep admiration. This Mr. Danny is really amazing. At this time, Darryl showed a slight smile, and said to Hong Shang: "The enemy has been disintegrated, now is the time to fight back! Hurry up and give the order." Hearing this, Tina did not hesitate, and snorted: "Soldier Let's follow the order and fight back in an all-round way!" "Kill..." Hearing the order, the surrounding tens of thousands of soldiers, one by one, screaming and rushing down the hillside in an imposing manner. At this time, the coalition forces were all in the quagmire, and they still hadn't reacted. At this time, facing Hong Shang's counterattack, none of them had the strength to fight back. They let out a scream and fell into a pool of blood. Mad! Seeing the coalition soldiers falling down one by one, Eric, who had just slowed down, his eyes were blood red, his body trembled, and his heart was full of anger!

Chapter 3358

"Break through, all break through..." A roar came from Eric, revealing deep unwillingness! I thought that this time I trapped the opponent on the hillside and could easily take Amatera City, but I didn't expect that a hole in the embankment not far away suddenly broke, and hundreds of thousands of troops were flooded. At this time, Eric wanted to fight a head-on with Hong Shang, but the coalition soldiers had lost their morale, and even the formation was dispersed. Forced battles would cost even more. Wow! When the voice fell, many coalition soldiers turned around and ran away. All of a sudden, he escaped cleanly, very embarrassed. Wow. At this moment, both the people in Tina and the people in Amatera not far away suddenly cheered. Hundreds of thousands of coalition forces were defeated like this! If you don't see it with your own eyes, who can believe it? This is God helping Amatera, otherwise, the river bank is so good, how could a hole be broken? While everyone cheered, no one cared about Darryl. After all, the Feng Shui that Darryl said was a fantasy in their eyes, and it was impossible for them to exist. But Tina looked at Darryl tightly, his eyes pierced with deep shock and admiration. Others didn't understand, but

Hong Shang knew that he was able to defeat the enemy this time. "Mr. Darryl!" In his excitement, Hong Shang smiled lightly, and said to Darryl: "This time I can hold Amatera City, my husband is indispensable. When Abel comes back, I will let him report to the king. Give you some rewards." Darryl smiled upon hearing this. This time helping Tina guard Amatera City, I didn't want to see the people suffer, and I never thought of any rewards. "Tina!" However, at this time, Bill was a little unhappy, frowning and said: "This time I can defeat the enemy. It is God who helps us. What does it have to do with him? Do you really believe what Feng Shui he said? "When I saw Tina admiring Darryl so much, Bill couldn't express his disgust. Just a nameless man, how could He De get such an honor? "You..." Hong Chang stomped angrily, but didn't know how to refute it. Although Hong Shang believed in the Feng Shui that Darryl said, he didn't understand it very well, so naturally he couldn't argue with Bill. "Well!" At this time, the wind directed at Tina Darryl laughed: "! Do not argue with him, and since the ultra-Zhan Santo do not believe, I do not insist, anyway, Amatera city temporarily saved," said, Darryl slowly descended the mountain and walked towards the city. Tina gave a hum, and quickly followed. On the other side, Storm City. In the command camp in the city, Yuri was sitting there, her delicate face was a little sad. For so long, there has been no news of Darryl, didn't he come to this world? "The enemy is coming!" "A lot!" Just when Yuri was sad, suddenly, she heard a chaos outside the city, and the soldiers guarding the city gate exclaimed. Um? Yuri frowned when she heard the movement outside, and quickly walked out. Upon arriving at the city gate, Yuri was shocked when she saw the scene outside, and she was stunned! I saw that hundreds of thousands of coalition forces, like a tide, surrounded the entire Storm City group. The headed one, dressed in black armor, is majestic and majestic. It was Terry, the coalition commander in this route. There are so many people! Yuri bit her lip lightly, shocked. Half a day ago, Yuri received a secret letter from Abel saying that the five Mainlands had formed a coalition and might help the New moon Principality to regain Amatera. At that time, Yuri didn't care, but she didn't expect to come so soon.

Chapter 3359

Wow! As soon as Yuri appeared, the defenders of Storm City suddenly cheered. "The goddess is here!" "With the goddess, no matter how strong the enemy army is, don't even want to retake Storm City." "Yes!" In the eyes of the storm city defenders, Yuri appeared as if she had eaten one. Reassured. This... At the same time, the hundreds of thousands of coalition forces outside the city were stunned when they saw Yuri. Beautiful, so beautiful. And the strength is unfathomable, too strong. While shocking, the hundreds of thousands of coalition forces, one by one, lost their previous morale. With the goddess of light stationed here, can this storm city be able to conquer it? "Dear goddess bright Highness!" Finally, the coalition commander Terry react, take a deep breath, politely directed Yuri said: "? You admired by the people, why should we help the daily Province, to provoke a war," says the time, Terry looked serious, and his tone was unspeakable respectful. To be honest, as the commander-in-chief of the coalition forces, Terry holds his own identity. He doesn't want to be so inferior, but there is no way. The goddess of light in front of him, dare to be disrespectful? At this time, Terry didn't know that the goddess of light in front of him was fake. Huh! At this moment, whether it was the hundreds of thousands of coalition forces or the defenders in Storm City, all eyes were on Yuri, to see how she answered. "There is no why!" Yuri's red lips lightly opened, and she uttered a few words, without the slightest mood swing. She only wanted to find Darryl. As for the impersonation of the goddess of light, it was only an agreement with the king of the Principality of Sun, so she didn't bother to think about why the war should be launched, and she didn't want to think about it. This...the voice fell, and the hundreds of thousands of coalition forces were suddenly in an uproar. This answer is too casual. As a goddess, you should treat the six Mainlands with fairness and justice, but she answered in this way, it is clear that she is partial to the Principality of the Day. Terry also flushed, unspeakably embarrassed. In the next second, Terry smiled bitterly: "So, the goddess must help the Principality of the Sun, even if he is criticized by the world, he insists on

doing so?" "Yes!" Yuri was too lazy to talk nonsense, and looked around Theacheng. Besides, he said lightly: "With me, if you can't break Storm City, you should retreat as soon as possible." Huh! At this moment, Terry's face was blue and white, and he was unable to tell. The commander-in-chief of his dignified coalition forces of hundreds of thousands, shoulders the trust of the five Mainlands, and has already surrounded Storm City with a large army, if it is withdrawn in this way, his fame would be ruined. In the next second, Terry looked resolutely: "Since His Royal Highness insists on doing this, then don't blame us for our sins." When the voice fell, Terry waved his hand: "The whole army listens to the order and you can attack the city!" The goddess of light, so partial to the Principality of the Day, there is no need to respect. Wow! Upon hearing the order, hundreds of thousands of coalition forces broke out with a howling and launched a siege war. At the same time, Terry drew out his big sword and charged with Yuri. Seeing Terry rushing in, Yuri didn't panic at all, and said lightly: "You are not my opponent, don't be brave!" Om! As the voice fell, a powerful breath burst out from Yuri's body. In a moment, the surrounding air seemed to be stagnant! Unfathomable and powerful, the suppressed people panic! In the next second, Yuri slowly raised her jade hand and called Terry with a palm! What a fast speed! Feeling the strong pressure, Terry was shocked. At this time, Terry clearly felt that the palm sent by Yuri seemed to flutter slowly, but it was there in the blink of an eye.

Chapter 3360

At this moment, Terry didn't have time to dodge, and quickly put the big sword in front of him. Bang! In the next second, his palm slammed on Fang Tian's painting of the halberd. Terry only felt an overwhelming force coming, and the whole person was shaken out of the sky. After landing, he stepped back several tens of meters to stabilize. Live in the shadows. too strong! Worthy of being the goddess of light, just an understatement, he can't catch it. At the same time, hundreds of thousands of coalition forces were also shocked. "I said, you are not my opponent!" Yuri hovered in the air, floating

in the air, looking at Terry and said softly: "Give up!" Yuri was kind-hearted and didn't want to kill, so she just took the palm of her hand. He didn't do his best, otherwise, Terry would be dead. Sigh! Hearing this, Terry gritted his teeth secretly, his face extremely ugly. How to do? Do you really want to withdraw? Buzzing... Just when Terry was in a dilemma, suddenly, not far away, there was a wave of powerful aura fluctuations. Everyone quickly looked at it, all of them were stupid. I saw the twelve figures, like thunder and lightning, coming quickly. The twelve men, wearing uniform golden armor, glowed with golden light in the sun, as if the gods descended to the earth. It is the twelve holy knights of the Temple of Light. Hiss...At this moment, feeling the strength of the Twelve Paladins, everyone couldn't help but breathe in the air. It turned out to be.... It turned out to be the strength of the Holy Spirit. "This... this is the Twelve Paladins of the Temple of Light?" Finally, I don't know who exclaimed. In a moment, everyone in the room was shocked, and their eyes gathered on the Twelve Paladins. , Can't speak for a long time! In the entire Roland Continent, no one does not know that the Goddess of Light lives in the Temple of Light, and there are also twelve Paladins under him. These twelve Paladins are very terrifying in strength, but for thousands of years, there are very few people in the world. Appeared before. At this time, the twelve paladins appeared together, which was really shocking. However, the goddesses of light are here, and it is normal for the twelve paladins to appear. At this time everyone thought that the Twelve Paladins were summoned by Yuri. Wow! For a time, the defenders in Storm City were unspeakably excited. "Haha, the Twelve Paladins are here, and there are more than a hundred thousand people from the five Province, so I'm not afraid." "Yes..." "Long live the goddess, long live the Twelve Paladins." In excitement, many The defenders couldn't help cheering loudly. The hundreds of thousands of coalition forces outside the city were inexplicably panicked, and their hearts sank to the bottom. The twelve holy knights are here, how are you going to fight this battle? Oops! And Yuri, who was suspended in mid-air, had her eyebrows frowned, she was a little nervous in her heart as she watched the Twelve Paladins coming quickly. Are the twelve holy knights of the Temple of Light coming? It seems that I can't hide my false identity. At this time, the twelve holy knights arrived, and the golden lion headed by them stared at Yuri and said

coldly, "You are so courageous, you dare to pretend to be a goddess!"
When they said this, the golden lion couldn't hide his inner anger. . The goddess of Light is noble and can not be profaned, but the woman in front of her dared to fake it. But at the same time of anger, seeing Yuri's face like a fairy, the golden lion was a little stunned for a while. What a nice view!
