

# Let Me be Your Ex Chapter 141- 150

## Chapter 141

The knife and fork that was cutting meat in Miriam's hand suddenly slid and made a short piercing sound. She paused for two seconds, seeming to be hesitating, then raised her head and looked at the handsome silhouette of the man, her eyes full of guilt, "Sorry," Brother...what you asked me to consider, I thought about it for a long time... and there is still no way..."

She hesitated to speak and stopped, worried for herself, and apologized to him.

Xiang Dongnan's eyes darkened, and there was no irritation, and there was no gloom. Jun still had a gentle smile on his face, "You don't need to apologize to me, there is no way to force the relationship, we both have experienced a failed marriage. , So I'm very careful not to make another mistake. I'm already very happy to think about it."

"Brother, thank you for understanding." Miriam gave him a grateful look. Then, she lowered her head to feed Tian Tian a bite of meat and said sincerely: "I'm not sending a good person card, brother, based on your condition and temperament, You don't need to be wronged at all. You should find a woman you like. I believe your vision, you can see it, and she will naturally not be bad for Tian Tian."

In her heart, Xiang Dongnan asked her to think about it, because she felt that two people were more compatible, could form a family, and simply live.

But the man suddenly shook his head and smiled, seeming helplessly, and sighed in general: "Miriam, why do you think that I choose you to be a

wronged general? Or I have always been too subtle to make you feel not active enough?”

“Huh?” Miriam was dazed, looking at him dumbfounded, “isn’t it?”

Did she guess wrong?

Xiang Dongnan looked amused at her blank little expression, her dark eyes locked her hot, “Miss Lu, you always can’t see yourself, okay? If I say, I am really attracted by you. , Will you reconsider it?”

“ ... ”

Sudden confession.

Miriam opened her mouth, unable to speak for a while.

Xiang Dongnan didn’t mind, took a sip of a drink, and said in a low voice: “At my age, although it seems a bit hypocritical to talk about love, I don’t know the romance of those young people, but I can still recognize my own. heart.....”

After a pause, he raised his head and looked straight into her eyes, his voice was clear and powerful, “Miriam, I’m serious.”

Miriam was stunned, shocked and a little surprised, squatting: “Master, brother...”

How could he like her?

The two have been together for so long, thinking about if they get married, if they want to live after forming a family, but they have not thought about their relationship.

Miriam, who was already very guilty, was in a dilemma now. She was really afraid that she would hurt her peace when she turned around.

Just finished a piece of music in the restaurant, and it was short and quiet.

As if aware of her embarrassment, Xiang Dongnan laughed first, slowed his tone, and said: "Sorry, I scared you, I have no other meaning, I just don't want you to misunderstand. Of course, if you can make peace with Mr. Shao , I will also bless you very much. I can see that you really like him."

When talking about Bryan, Miriam's expression changed very quickly, and she shook her head quickly, "It has nothing to do with him."

Saying that Cao Cao was here, and there was no need for anyone to refute, the phone on the table shook, and the name on the bright screen was clearly visible.

Miriam's face flushed, her fingers stiffened and hung up, biting her lip lightly, "I can't accept others now, but I and him...probably can't go back."

What's the use of her liking him?

## **Chapter 142**

He was not clear to her from beginning to end.

In this unrequited love, she is exhausted and she has no energy to expect anything.

Looking southeast at her vaguely stunned between her eyebrows, pursing her lower lip, she suddenly smiled, "It seems that I still have a chance."

He didn't ask much, just said a half-truth, but Miriam heard that he was mostly trying to adjust the atmosphere, and he kept his emotions, and smiled, "Brother, don't joke with me, you are so good It's possible that the girl who chased down has been in a long line. Look up, too."

The man's words were mild, "You can also look up."

Miriam choked.

The topic seems to have returned to the original point.

She lowered her head and ate her meal, glanced at Tian Tian, and suddenly said: "Yes, Tian Tian's disease...Should I try? If you can rest assured, I will help you take a few more days and talk to her alone. ?"

According to the current situation, she estimated that apart from Xiang Southeast, the little girl would have kissed her. Since she does not exclude her approach, she might be able to let the little girl touch an unfamiliar environment.

Xiang Southeast was stunned, looked at her for two seconds, then his eyes fell on Tian Tian, and she frowned slightly, "Following you, of course I don't worry about her, but I don't worry about you. You are inconvenience now. You have work and home. Uncle lying on the bed, adding another child now will cause you a lot of trouble."

Miriam smiled and shook her head, "Well, I like her very much. She is also very good and doesn't run around. I hope to try every method I can think of. Besides, I think I have adjusted to life in advance. Months later, there will be more than one."

The thought of two more babies in her house in a few months is really mixed.

Of course, if it really worked, she would be able to reduce her guilt a little bit, after all, he also helped her a lot when she was most difficult.

The man stared at her for a long while, his brows loosened slowly, and his thin lips moved, "Well, well, if you are too busy, you must tell me."

The little girl has never left him, and perhaps it has caused dependence. She does not reject Miriam. If she lives in a different environment for a period of time, she may have unexpected gains.

Miriam touched Tiantian's head, "It's okay."

Looking southeast at her pretty white and delicate facial features, a rippling wave appeared in the bottom of her eyes, and then he waved to Tian Tian, "Tian Tian, come here."

The little girl raised her eyes, bit the meat that Miriam had fed, and moved her small mouth slowly to his side.

The man smiled dozingly, lifted her to her lap, gently supported her small body, lowered his head and asked: "Daddy is busy lately. Let Auntie stay with you for a few days, OK?"

The little girl was startled. Although her expression didn't react much, the chewing movement in her mouth stopped. She blinked and looked at him without responding for a long time.

The man frowned slowly, raised his eyes and looked at Miriam, then lowered his head to ask, his voice became softer, "When Daddy finishes his work, I will pick you up home. Will you be with Auntie obediently?"

I only stayed for one day before, so I suddenly left him for many days, which really makes people wonder what will happen to her.

Miriam was also a little unsure. She looked at the man, and then smiled at the little girl with a cute expression on her face, “How about following Auntie? I will go home to teach you writing, tell you stories, and accompany you. Watching cartoons?”

Tian Tian hadn't reacted yet, the man was amused by her first, “You are so full of temptation, I'm usually too busy, and I take her to run around every day, and I don't have time to do this with her.”

Miriam teased him, “Who told you not to sit in the office? If you have to be a barrister, you can't run around every day.”

The man couldn't help laughing.

## Chapter 143

After the meal, Miriam drove southeast back home to get the children's daily necessities.

Although what happened at night surprised her a bit, she made her attitude clear and relaxed a lot in her heart, and finally became calm when facing him.

The car was driving on the road, and the night was thick outside the window.

Miriam drove the car and followed the car to the southeast. The screen of the mobile phone next to her suddenly turned on, and then there was a vibration.

She was taken aback, glanced at it for two seconds, expressionless, and then continued to look forward, as if she did not intend to pick up.

But ten seconds later, she reached out and picked it up and put it in her ear.

She said slightly annoyed, “Bryan, do you still want me to block you?”

“I won’t bother you when you go to work, why don’t you pick it up after work?”  
The man’s tone was light and didn’t mean to question, but he could clearly feel his dissatisfaction.

Miriam sneered, “I don’t want to pick up, but I need to give President Shao a reason?”

He was so angry that he lost control of his emotions for a while, using the brakes as a gas pedal, she blocked his mouth first, “I’m driving, are you sure you want to continue to rip me down?”

There was silence for a few seconds, and the man’s low and gentle voice came out, “Then I’ll call back and drive carefully. However, don’t drive anymore when you go out. If you’re afraid of inconvenience, I’ll let Yan Ke pick you up and go to get off work. .”

Miriam squeezed the steering wheel, her pink lips tightened, her eyes illuminated by the front light flashed with complicated light.

Knowing the concern in his words, she still said coldly as always, “Can’t bear it, I don’t have the money to hire a 24-hour bodyguard, let alone you.”

“land.....”

“Beep...”

Miriam didn’t know what to say, and just blew the horn to stop what he was about to say.

Bryan really didn’t say any more, “Be careful, and call me when you get home.”

Miriam still didn’t speak, her lips pressed tightly until she hung up the phone.

After finishing packing things at Xiang Dongnan's house, Miriam hugged Tian Tian and went back alone. The little girl followed her home without making any noise or making trouble.

It's not too late to get home, Mother Lu saw Tian Tian and was stunned for a moment, "This?"

Miriam put down her bag, changed her shoes, and explained, "Brother busy, I will take care of him for a while."

Mother Lu didn't know what she was thinking, she raised her eyebrows and said nothing.

"Why are you still up?"

"No, chat with your dad for a while." Mother Lu stroked Fu Tiantian's little hand.

Miriam was startled when he heard the words, and blinked, "Why is he so good today?"

After recuperating for so many days, although his body is not good enough, he speaks more and more fluently, but now he talks very few, and it is rare for Miriam to see him talk like before he went to prison.

"Okay?" Mother Lu shook her head frowning, then pulled Tian Tian to the living room sofa and sat down.

Miriam's eyes flickered, and after two seconds of silence, he poured two glasses of water and walked over and asked, "Mom, what's the matter?"

Mother Lu stared at Lu's father's bedroom for a while, and slowly said, "Although he doesn't say anything, I can see that he is not in good spirits, but can't sleep, and has troubles."

Usually, during the day, I wake up from sleep and wake up. Although I don't talk much, I feel good at first glance. But today, she gave him a massage for a long time. He neither sleeps nor talks. He only stares out the window, absent-minded. of.

Miriam lowered her head to feed the child and drink water, her eyes changed slightly, she looked at her, and smiled: "Hasn't he explained everything in his heart to the court? What can be done? Isn't he staying with you every day? Maybe you think too much."

## Chapter 144

Mother Lu pursed her lower lip, her breath sinking, "Your dad and I have been married for decades. I can't tell what his mood is? The only thing I regret is that I didn't follow him to work every day, otherwise I wouldn't let him. Doing so many messes behind my back."

Miriam's heart jumped, she quickly put down her cup, and calmly said, "Don't think about the things that are past. Isn't he already punished? Going to jail is a legal sanction, and he is lying at home. That is for you. You're not wrong, he's the one who's wrong."

"Also, I'll go over and ask for a while, maybe I can ask you something, don't think too much, no matter how many things he has in his heart, he won't hide it without telling you at this time."

Mother Lu only sighed and said nothing.

After that, Miriam taught Tian Tian to write for a while in the bedroom. After the little girl fell asleep, she left the room.

Mother Lu just came out of the bathroom after washing her hair, wiping her hair, and asked, "Is the child asleep?"

Miriam walked over, took the towel and wiped her, and nodded, “Well, I actually brought her back to try to see if she can alleviate her autism symptoms. This is what my brother and I thought of.”

Mother Lu sat down, raised her eyebrows, and asked, “Then you and Xiao Xiang?”

Finished?

“I have already said it clearly, so don’t make jokes about him anymore.” Miriam smiled briskly.

Mother Lu didn’t seem to be surprised at all, so she uttered an understatement, “It seems you still can’t let go of Xiao Shao.”

Knowing daughter Mo Ruomu, this story saw the end since the kid caught up to the door, but she naturally turned to her daughter, no matter what she chose, she would not say much.

Miriam suddenly rolled her eyes and curled her lips, “Who can’t let go of him, they are not the only two men in this world.”

She hasn’t chosen yet, is she?

“But I only have one daughter. No matter what you choose, Mom will respect you.” Mother Lu said solemnly.

Miriam was taken aback, moved in a complete mess by her sudden remarks, hugged her, and said with gratitude: “Mom, you are so kind.”

“Oh, all right, don’t be numb, wash and sleep quickly.” Mother Lu gave her a disgusting push, drew the towel and wiped her hair.

Miriam closed her smile, raised her chin and pointed to the door of another bedroom, and asked, “Dad is asleep.”

Mother Lu’s expression faded, then she turned around and went back to the bathroom, leaving a sentence, “You will know if you go and see.”

Miriam shook her head and slowly pushed the door into Father Lu’s room.

The person on the bed seemed to sense the movement and closed his eyes.

Miriam didn’t see it, but approached, glanced at him, then sat down next to the bed and said lightly: “Okay, stop pretending, it’s me.”

During this time, there were only three of them in the family. Every night when Mother Lu came back, he would tell her about his mood during the day. Although she comforted Mother Lu just now, it didn’t mean she didn’t think too much.

Still nothing happened.

Miriam raised her eyebrows and smiled, “Still pretending? Okay, since you don’t want to say it, just keep holding it.”

After all, she deliberately made a move and got up.

“Wait a minute.” The person on the bed finally couldn’t hold back anymore, coughing, his voice hoarse and old.

The old man opened his eyes and looked at her, smiled awkwardly, and found himself a step down, “Miriam is back.”

Miriam immediately rolled her eyes, sat down again, and asked coolly, “It’s so late, why are you still up?”

## Chapter 145

“Oh, I’ll go to bed right away.” Father Lu said softly, and then fell silent again. I don’t know if something was brewing. Miriam didn’t say or ask, let alone get up.

Half a minute later, the old man opened his mouth and looked at her and begged: “Miriam...can you help Dad do something?”

Miriam lowered her eyes, still without any extra expressions on her face, raised her eyebrows lightly, “What else have you not explained to the court? Let me help you with the aftermath?”

“...”

Father Lu was a little embarrassed, pursed his lips, and said nonchalantly: “It’s not what you think...”

Miriam blinked, “Then why don’t you tell mom and wait for me to come back to help you?”

“I don’t want your mother to worry about it, and tell her that she can’t do anything. Her legs are inconvenient, so don’t let her toss.”

Miriam curled her lips, “Then I’m still pregnant.”

Father Lu choked immediately.

Indeed, now the family should say that the most worrying thing in the family should be her, running around with a big belly, how can they relax.

There was a trace of guilt on the old face, and he didn’t say more.

Seeing him like this, Miriam couldn't help feeling soft again, and said helplessly: "Okay, I was joking with you. I didn't say this to worry you, but just to tell you, don't think it is, hide everything in your heart. My mother can see it clearly, you can feel it without saying."

"Speak, what do you want me to do?"

"Miriam..." Father Lu was moved in his heart. He raised his skinny arm with only bones to touch her head, but he gave up halfway and said hoarsely: "I have an old friend, tomorrow Birthday, I want you to help me see her."

Miriam was startled, "Your friend? What kind of friend, he didn't come when you had an accident. You still remember his birthday."

The wall fell down and everyone pushed, not to mention that he was a corrupt official who fell from the horse. He used to have so many friends. After the accident, no one came to visit. This time he was seriously ill. Although the news is confidential, the news broadcast is also released immediately. , Still no one came over.

She saw it clearly when she borrowed the money, and now she suddenly heard him mention a friend, so she was so surprised.

Father Lu looked into the distance with turbid eyes, dazed not knowing what to think, and murmured, "She passed away..."

Miriam's expression condensed, her lips moved a few times, and her mood suddenly fell.

Birthday, not the anniversary of death, did he let her go to the grave?

No wonder he is in a bad spirit today.

Miriam was quiet for a few seconds without asking much, but her voice became softer, “I will help you to see him tomorrow and tell me his name and address.”

Father Lu’s eyes were happy, and he couldn’t help holding her hand with a touch of relief. After a few seconds, he slowly said: “She’s Mushan, you should call her aunt...”

“Wait!” Miriam’s expression changed, and she suddenly interrupted him, her eyes narrowed, “Mushan...auntie? Female?”

He talked about an old friend for a long time, and she thought it was an old buddy.

“No wonder you dare not tell my mother, it turns out that you really have romantic debts outside. You still remember it after you passed away.”

Her face gradually cooled.

The messy things between the officials and the mistress are nothing new. He can embezzle her mother behind her back. How can it be impossible to mess around outside without her mother behind?

Father Lu’s complexion changed, he panicked, propped up on the bed, half-length wanted to get up, coughing anxiously, “Miriam, no, uhhhhh, not what you think, dad swears to God that I am absolutely not sorry for your mother... ...She is just an old friend I knew a long time ago, and just passed away before I went to prison...”

As he said, his eyes gradually dimmed, and he wanted to speak again, his eyes rushing with struggle and a trace of guilt, there seemed to be something unspeakable, and finally he sighed, still not saying anything, pursing his lips and lying down again.

Miriam looked at him calmly, knowing he was disrespectful, but still laughed mockingly, “Your old friend of the opposite sex...my mother doesn't know it yet, co-authored...is a confidante? I remember that my birthday is today. If she is still there, if you are still a good judge, are you planning to carry my mother to celebrate her birthday and present her today?”

Marriage, co-authoring is just like this, right? Lie and deceive for a lifetime, pretending to be foolish, and smiling and respecting each other when facing each other.

She didn't want to deceive herself at first, so she took the initiative to end the wrong marriage with Bryan. If she continued like that, would she have to be like her mother?

“Miriam...” Father Lu's expression darkened, and his thin, old face was at a loss. He seemed to want to explain, but he didn't know where to start. After a dull day, he intermittently squeezed out an excuse, imploring. Taste: “She is not a confidante, and I and her are not the kind of relationship you think... Don't tell your mother about this, I don't want her to think too much.”

Miriam's pretty face was faint, “Even if you used to have a little bit of a little bit, I won't tell her if you don't tell her, I can't take care of you, but I can't let my mother get hurt again, you I'm sorry, except for the people, there is only her.”

“I know...” Father Lu was sad.

“Okay, tell me the address, I will visit tomorrow.” Miriam said and stood up.

“Lincheng, Hongxing District... Cypress Cemetery.”

Miriam wrinkled her brows, a little surprised, “Lincheng?”

Lincheng, this place seems to have appeared in her ear more than once recently, and it seems familiar.

There was a flash in her mind, and she remembered that Mu Ming's home seemed to be in Lincheng.

Father Lu was puzzled, "What's wrong?"

Miriam shook her head thoughtfully, "No, nothing...I know, I will be there tomorrow morning."

"Okay, well..." Father Lu loosened his eyebrows, as if he had fulfilled some wish, smiled contentedly at her, and slowly closed his eyes tiredly.

Miriam's eyes deepened, she looked down at him, stood by the bed for a while, turned off the light and left.

...

The next day, because the trip to Lincheng was too sudden, she didn't have any preparations, so she planned to go back to the company to handle some things first, and then ask for leave afterwards.

When he left the house, both Lu's father and Tian Tian were still awake. Miriam confessed to Lu's mother who was cleaning up the table, "Mom, Dad may be tired of staying in the house, doesn't he have a wheelchair? You can push him in the community. Go around, but be careful when you go downstairs."

"Annoying?" Mother Lu snorted, wiping the table heavily and cursing, "I am not annoying if I stay at home and guard him every day. If he is not sick, he is still in the small iron gate. It's locked, something I don't know to repent of."

"..."

Miriam couldn't tell the truth, so she touched her nose angrily, changed her shoes, straightened her hair, and said with a dry smile: "Mom, Tian Tian, you

have to work hard for a long time, she is very good. , Won't run around, don't forget to feed her food and drink.”

If she didn't go to Lincheng, she would definitely take the child with her.

## Chapter 146

“Understood, your mother and I have raised you so much, and still use you to teach how to raise children? You go to work, and be careful on the way.”

“...Oh, then I'm leaving, bye.”

In the elevator, Miriam walked in and habitually pressed the minus first floor, raised her eyes, her expression condensed, she lowered her head and her white fingers and clicked the next floor button.

The elevator stopped on the first floor. She was carrying a bag, with no expression on her delicate face, and without going to the parking lot, she walked straight out of the apartment building.

At the intersection outside the community, she raised her hand to check the time, and was about to stop the car. A black car passed by and stopped in front of her.

Miriam frowned, ignored it, and was about to retreat to the side when the car door suddenly opened, revealing a familiar face.

“Miss Lu.”

The woman was taken aback, looked up and saw the big tall man in front of her, her face suddenly changed, “Yan Ke? You, why are you...”

She remembered what the man said on the phone last night, her expression changed again, and she said solemnly, “He asked you to come?”

Yan Ke nodded calmly and respectfully, “Well, Mr. Shao asked me to take you to work.”

Miriam refused, “No, I can fight by myself, you can go back.”

I thought he had listened to her last night, but she was still playing the piano to the cow.

For the sake of the child, she doesn't plan to drive to work again in the future, but she wakes up early and is completely in time for the taxi or the shuttle bus. She is not dear enough to be picked up.

Yan Ke's tall and straight body blocked her way quietly, and said quietly: “Miss Lu, I was hired by Mr. Shao. This is my job. I can't listen to you. If you don't want to, you can. Let Mr. Shao tell me to go back.”

“You!” Miriam was speechless.

Clenched his fist, not wanting to waste time with him, quickly took out his mobile phone and dialed a number.

Connected after ringing for ten seconds.

“Hello, this is Secretary Lin, and Mr. Shao is in a meeting. You can tell me if you have anything or call me later.”

“...”

Meeting?

Miriam squeezed the phone, before she spoke, her pretty face went dark when Lin Shui finished speaking in one breath.

“No need.” She took a deep breath and was about to hang up.

“Wait, you are Miss Lu?” Lin Shui seemed to hear her voice and her tone changed.

Miriam’s voice faded, “It’s me. If he doesn’t have time, I’ll hang up.”

But in the next second, it was replaced by a deep, familiar male voice, “You are looking for me?”

Miriam’s face changed slightly, and her heart moved.

Isn’t he in... a meeting?

But there was no time to think about it. She was rushing to work, and her tone suddenly became cold.”Bryan, let Yan Ke go back. I don’t need someone to send it. Didn’t you understand what happened last night?”

The man’s tone sank, “Did you drive again today?”

Miriam bit her lower lip, “No.”

“Since you didn’t drive, you were taking the bus and squeezing the bus. Don’t even think about squeezing the bus. You might as well take his car and pay him back.”

“ ... ”

Miriam’s face turned black, completely unable to refute.

Taking a deep breath, she couldn't bear it, "Bryan, can you not be so naive, I'm rushing to work, I don't have time to waste with you two."

The man was still calm, without any impatience at all, "There are also a group of people waiting for me to go back to the meeting, boy, you are just riding in a car, you can treat him as if he doesn't exist."

"..."

Miriam raised her eyes and glanced at Yan Ke.

When he does not exist?

She is not blind.

## Chapter 145

"Oh, I'll go to bed right away." Father Lu said softly, and then fell silent again. I don't know if something was brewing. Miriam didn't say or ask, let alone get up.

...

The next day, because the trip to Lincheng was too sudden, she didn't have any preparations, so she planned to go back to the company to handle some things first, and then ask for leave afterwards.

When he left the house, both Lu's father and Tian Tian were still awake. Miriam confessed to Lu's mother who was cleaning up the table, "Mom, Dad may be tired of staying in the house, doesn't he have a wheelchair? You can push him in the community. Go around, but be careful when you go downstairs."

"Annoying?" Mother Lu snorted, wiping the table heavily and cursing, "I am not annoying if I stay at home and guard him every day. If he is not sick, he is still in the small iron gate. It's locked, something I don't know to repent of."

"..."

Miriam couldn't tell the truth, so she touched her nose angrily, changed her shoes, straightened her hair, and said with a dry smile: "Mom, Tian Tian, you have to work hard for a long time, she is very good. , Won't run around, don't forget to feed her food and drink."

If she didn't go to Lincheng, she would definitely take the child with her.

## Chapter 146

"Understood, your mother and I have raised you so much, and still use you to teach how to raise children? You go to work, and be careful on the way."

"...Oh, then I'm leaving, bye."

In the elevator, Miriam walked in and habitually pressed the minus first floor, raised her eyes, her expression condensed, she lowered her head and her white fingers and clicked the next floor button.

The elevator stopped on the first floor. She was carrying a bag, with no expression on her delicate face, and without going to the parking lot, she walked straight out of the apartment building.

At the intersection outside the community, she raised her hand to check the time, and was about to stop the car. A black car passed by and stopped in front of her.

Miriam frowned, ignored it, and was about to retreat to the side when the car door suddenly opened, revealing a familiar face.

“Miss Lu.”

The woman was taken aback, looked up and saw the big tall man in front of her, her face suddenly changed, “Yan Ke? You, why are you...”

She remembered what the man said on the phone last night, her expression changed again, and she said solemnly, “He asked you to come?”

Yan Ke nodded calmly and respectfully, “Well, Mr. Shao asked me to take you to work.”

Miriam refused, “No, I can fight by myself, you can go back.”

I thought he had listened to her last night, but she was still playing the piano to the cow.

For the sake of the child, she doesn't plan to drive to work again in the future, but she wakes up early and is completely in time for the taxi or the shuttle bus. She is not dear enough to be picked up.

Yan Ke's tall and straight body blocked her way quietly, and said quietly: “Miss Lu, I was hired by Mr. Shao. This is my job. I can't listen to you. If you don't want to, you can. Let Mr. Shao tell me to go back.”

“You!” Miriam was speechless.

Clenched his fist, not wanting to waste time with him, quickly took out his mobile phone and dialed a number.

Connected after ringing for ten seconds.

“Hello, this is Secretary Lin, and Mr. Shao is in a meeting. You can tell me if you have anything or call me later.”

“ ... ”

Meeting?

Miriam squeezed the phone, before she spoke, her pretty face went dark when Lin Shui finished speaking in one breath.

“No need.” She took a deep breath and was about to hang up.

“Wait, you are Miss Lu?” Lin Shui seemed to hear her voice and her tone changed.

Miriam’s voice faded, “It’s me. If he doesn’t have time, I’ll hang up.”

But in the next second, it was replaced by a deep, familiar male voice, “You are looking for me?”

Miriam’s face changed slightly, and her heart moved.

Isn’t he in... a meeting?

But there was no time to think about it. She was rushing to work, and her tone suddenly became cold.”Bryan, let Yan Ke go back. I don’t need someone to send it. Didn’t you understand what happened last night?”

The man’s tone sank, “Did you drive again today?”

Miriam bit her lower lip, “No.”

“Since you didn’t drive, you were taking the bus and squeezing the bus. Don’t even think about squeezing the bus. You might as well take his car and pay him back.”

“ ... ”

Miriam’s face turned black, completely unable to refute.

Taking a deep breath, she couldn’t bear it, “Bryan, can you not be so naive, I’m rushing to work, I don’t have time to waste with you two.”

The man was still calm, without any impatience at all, “There are also a group of people waiting for me to go back to the meeting, boy, you are just riding in a car, you can treat him as if he doesn’t exist.”

“ ... ”

Miriam raised her eyes and glanced at Yan Ke.

When he does not exist?

She is not blind.

## Chapter 147

Angrily turned back and laughed, she suddenly changed her tone, and smiled leisurely, "I first discovered that Mr. Yan is handsome...the temperament is also very good, when he does not exist, it is impossible, unless I am not a woman Let him send me to the company, it should be pretty cool."

Yan Ke, "..."

Bryan downplayed, "His girlfriend is studying abroad, so you don't have to think about it."

"..."

The smile on Miriam's face instantly froze, and the whole person is not good again. She gritted her teeth and spit out a word, "Go!"

She hung up with a beep, her pissed chest was undulating.

Yan Ke opened the rear door and reminded respectfully, "Miss Lu."

Miriam stared at the car with a cold face for a few seconds, and the scab scar on her forehead was almost torn apart. She suddenly squinted at him, "Your girlfriend is studying abroad?"

They don't look much younger than them, and it's not surprising to have a girlfriend.

Yan Ke was taken aback for the first time, and for the first time a dazed expression appeared on his serious face, but he nodded in a flash, "Yeah."

Miriam pursed her lower lip, bent over and got into the car.

Yan Ke breathed a sigh of relief in his heart, closed the door, and entered the driver's seat around the front of the car.

The car stopped not far downstairs from the company.

“Miss Lu, in order to avoid suspicion, I will not go down. I will always wait here. You can come directly after get off work.”

Miriam paused for the money, and said in astonishment: “Still off work? You won’t have to wait for a day here? Are you so idle?”

“No time, this is my daily work, even if it is to perform other tasks, most of them are waiting.”

Miriam frowned, handed over a ticket, and said coldly: “I don’t care what your job is. This is the travel expenses this time. I won’t sit anymore. You don’t want to wait.”

After speaking, she pushed the door and got out of the car, slammed the car door, and walked towards the company building without looking back.

The two young ladies at the company service desk saw her and greeted her familiarly, “Mr. Lu is early.”

“Well, early.” Miriam replied indifferently.

The two of them were startled, and said with concern: “Manager Lu, your face is not so good, are you sick?”

“It’s okay, maybe I didn’t sleep well.” Miriam smiled, carrying the bag, and walked back to the department.

It’s strange to have a stomachache early in the morning and feel good.

The wound on her forehead wasn’t completely healed, and her anger began to faintly hurt again.

In the morning, after dealing with urgent matters at hand, Miriam booked a long-distance bus ticket to Lincheng from the Internet, cleaned up, and asked Henry for a day off before leaving the company.

But she didn't forget Yan Ke, who was staring at a certain corner, but he found out that she was going to be entangled again. She went around one more circle and walked in another direction.

...

Lincheng, Hongxing District, Cypress Cemetery.

Miriam used a navigation search, and it took a long time to find the location of the cemetery, and asked the administrator to check the system before finding the owner's tomb.

Known to be an old friend, she specially wore a dark dress today. She lowered her head and placed the flower gently in front of the tomb. Looking at the name on the tablet, she smiled and murmured, "Aunt Mushan, sorry, excuse me Here you are, I am Lu Wenhai's daughter, entrusted by him..."

The breeze disturbed her long hair, and the entire cemetery was quiet. Although the sun was warm enough, there was no warmth, cold and heavy.

Miriam murmured, as if talking to herself for a while, and then left.

She didn't know who this woman was, nor did she ask about her father's relationship with her. She didn't even ask how she died. The deceased is dead, and it's from the previous generation. She really doesn't have the energy to pursue anything.

## Chapter 148

It's just that she didn't notice the black figure slowly coming out behind a row of cypress trees. She was straight and slender. The cap on her head was pressed extremely low. She stared in the direction where she was going, her falling palms clenched into fists.

The location of the cemetery was a bit remote. Miriam walked along the outer highway for a while but did not find a taxi. He stopped and stopped, looked around, and continued walking along the road.

On the wide road, there were few cars back and forth, and her slender figure slowly walked along the side of the road, making the line even thinner.

At a crossroad, she stood for a few seconds, seeing the green light on the opposite side, she walked forward carelessly.

Suddenly, a car popped up from nowhere, and the weird change of lanes accelerated towards her very quickly.

Miriam sensed that she turned her head to look over, staring at the fast gray car, her brain went blank and her limbs became stiff.

She was trying to hide in a panic. Suddenly, a black car rushed out from the side very quickly, stopped in front of her with a thunder and blocked the car.

“boom!”

With a loud noise, Miriam was awakened abruptly, staring at the scene in front of him with a pale face, stunned.

The person in the black car pushed the door and got out of the car, walked quickly in front of her, and asked unsteadily, “Miss Lu, are you okay.”

Miriam heard the voice, raised her eyes, her eyes widened for a moment, “Yan, Yan Ke?”

At this moment, the sound of the engine suddenly increased. The two of them were taken aback and looked over quickly. The gray car had already gone so fast that it was too late to stop it.

Miriam stared incredulously, "This... he just ran away?"

Hit-and-run in broad daylight, is this person so bold?

Yan Ke looked at the direction the car was leaving with a serious expression. He narrowed his eyes and asked quietly, "Miss Lu, did you see anyone in the car just now?"

Miriam frowned, "I didn't see clearly... He seems to be wearing a black suit and a hat, so he can't see anything."

And the speed was too fast, and she panicked and didn't pay attention to anything.

As if waking up, she looked at him up and down, and asked anxiously: "Are you okay just now? Did you bump into it?"

"I'm fine." Yan Ke shook his head, then turned to check the car.

Miriam also followed and walked around the front of the car, only to find that the other side of the car had been knocked out of a concave block, and her pretty face turned white again, "So serious."

There was a deep fear in my heart. If this shock force hit her just now, would she be able to go back alive today?

She looked into the car, the airbag had also been bounced out, and she couldn't help but looked at Yan Ke worriedly, "Are you really all right?"

Yan Ke twisted his sword eyebrows slightly, not knowing what he was thinking, but didn't seem to hear it.

A trace of inquiry flashed through Miriam's eyes, she raised her hand and waved in front of his eyes, and said in a deep voice, "What's the matter? Is there any problem?"

Yan Ke blinked, looked at her, and shook his head, "It's nothing, I'll call the traffic police to deal with it, Miss Lu, it may take you a while."

"This matter was caused by me. If there is any delay, you should call first." Miriam said with a faint smile after regaining her calm.

Yan Ke nodded, walked a few steps and called the police, then came back and tried to restart the car.

Miriam looked at the car that had been hit, stroked the hair around her ear, and said very apologetically: "This car belongs to your company, thank you for saving my life. Looking back, these losses and compensation are all due to you. I will bear it."

Although she is in a pinch now, they saved her one life today, no, it was three lives, and nothing she said could cause him any trouble.

Yan Ke did not refuse in person either. He squatted down while inspecting the car and explained: "This is a company car. With insurance, there will be a lot of procedures. There will be no exact numbers for a while. I will deal with it later. You contact."

Miriam readily agreed, "Okay, but I really thank you just now."

Otherwise she must have something to do today.

“Mr. Shao hired me to protect Miss Lu. Your safety is of course the most important thing. You don’t have to thank me.” Yan Ke smiled lightly.

Hearing Bryan, the smile on Miriam’s face slowly faded, “You found out when I left the company, so you followed me all the way?”

Yan Ke stood up and patted the dust on his hands, with almost no fluctuations in his expression, “Mr. Shao is worried that Miss Lu is going out alone.”

Miriam looked at the young handsome man in front of him with a calm face, and sneered slightly, “You would listen to him. If the car was faster, you would not be dead or half disabled, and you would regret doing this when you lie in the hospital. ?”

Yan Ke stunned and replied faintly, “I don’t rely on academic qualifications like Miss Lu to eat. This is my profession. Mr. Shao’s salary is enough to make me take this risk. Even if I had an accident, I think he shouldn’t. Will treat me badly.”

“Have you never thought about your girlfriend?” Miriam frowned.

Yan Ke glanced at her weirdly, then lowered his eyes and spit out a few words lightly, “She will understand.”

“ ... ”

Miriam stared at him incredibly.

If he really loves his girlfriend, will he worry about her? Will you let yourself take risks? Why don’t you understand? Not for the rest of your life?

He was not a soldier, but sacrificed for the country.

Miriam really wanted to scold her, but she also thought about how other people's private affairs had anything to do with her. Everyone had a different concept, so she had something to question.

Yan Ke probably never thought that a word he said casually directly changed the image in Miriam's heart.

Later, Miriam didn't talk to him again, standing quietly at the scene of the accident, looking around, thinking about the previous accident in her mind, but the more she looked at it, the more it felt wrong.

Located in the suburbs, on such a wide road, there are not many cars going back and forth, let alone walking people. She didn't find a single figure for a long time. The driver of that car just now was blind or too bright, so he stared at her and hit her. .

Just as she was thinking, Yan Ke looked at her suddenly, frowned and asked, "Is there anything strange happening around Miss Lu recently?"

"something weird?"

Miriam thoughtfully for two seconds, then slowly shook her head.

"Such as tracking?" Yan Ke's eyes darkened.

Miriam's expression changed, "You also see that there is a problem with the matter just now?"

Sure enough, she didn't guess wrong.

Is it her father's enemy again? Can actually follow Lincheng.

Miriam's heart was cold, and her back felt a chill. Suddenly she was a little worried. She lowered her head and hurriedly took out her mobile phone and called her mother.

After anxiously waiting for more than ten seconds, she hurriedly said, "Mom?"

"Miriam, why did you call back suddenly?"

Miriam hung a heart and asked, "Are you at home?"
