

# Let Me be Your Ex Chapter 71- 80

## Chapter 71

Bryan's brows became tighter, and he couldn't help but stretched out his hand to hold her shoulders, "Miriam, you divorced me, don't you just want to pursue what you like? You can't see that he is close to you just thinking Find a stepmother for his daughter, do you really think he really likes you?"

Miriam's face flashed with embarrassment, her expression became cold, she pulled away from his arm, and sneered, "I didn't say I like him? He wants to find a stepmother for his daughter, and I just want to find one for my child. Stepfather, he is gentle and considerate, and cares about the family. He is a good candidate for husband. I believe he will love me and my children in the future."

Looking at his condensing handsome face, she tugged at the corners of her lips and raised her small hand, as if to help him organize his clothes, caressed his chest casually, her voice softened a bit, "Furthermore, here we are At this age, how can there be any effort to talk about love? Probably only bosses like you can have a leisurely relationship to find a twenty-year-old girl to fall in love and pass the time."

Bryan's eyes dimmed, and the big palm suddenly caught her little hand, pressed it on her chest, and said in a deep voice: "I don't have so much time, and I'm not interested in looking for a little girl, even if I didn't tell you about my job before. I didn't raise any woman outside, Miriam, I am not sorry for you in the marriage."

"..."

Miriam was startled and looked at him quietly in the dark night. <p>

He didn't think she was divorced when she suspected that he was cheating?  
<p>

She sneered twice in her heart. She tilted her head and wanted to withdraw her hand. She said, "I'm not interested in knowing if you gave me a cuckold. It doesn't make sense to talk about it now. Except for children, I will You don't have to ask more about the private matter."<p>

The man did not speak, but looked down at her, but the light was so dim that no one could see her expression clearly. <p>

Miriam felt the aura around him a little cold, and pulled her little hand back, and said in a low voice: "Let go!" <p>

The man didn't move at all, but tightened as she struggled. <p>

Miriam's face changed, no matter if he could not see clearly, she stared at him with wide eyes, "Bryan, let go, I'm still going home." <p>

Before he finished his words, he was embraced by the man. <p>

"Don't let go!" <p>

The muffled voice came from the neck, causing Miriam's body to shake suddenly, and her blood was a little up, and her lips were squirming. After a while, she whispered cautiously and somewhat helplessly, "Shao, Bryan, you , Do you know what you are talking about?"<p>

When was he so awkward? Even the child's temper is playing. <p>

Miriam is not stupid, and he is an adult. She has seen all his changes in the past few days, which makes people bewildered, but can't believe it. <p>

After a while, she didn't get a response. She was a bit disappointed and thought it was another farce, but the next second she heard the man's very simple voice. <p>

"I know." <p>

"..." <p>

Miriam's face was hot, and her heartbeat started to be chaotic."You...like me?" <p>

Forget it, he is shameless anyway, what else does she want. <p>

"Um...not annoying." <p>

"..." Miriam was completely startled. <p>

I thought I was either admitted or rejected, but I didn't expect to get such an ambiguous answer. <p>

What is not hate? <p>

How many women did he hate? <p>

A mouthful of blood clogged up on her chest, Miriam's face became pale, and her strength suddenly increased, and she pulled him away from her body, and said angrily: "Bryan, you f&ck me!" <p>

The man didn't pay attention, he staggered back, looking at her with a blank expression, "I didn't play you." <p>

## Chapter 72

Miriam looked at him coldly, “Do you hate Sophia?”

The man frowned and answered truthfully, “No feeling.”

He didn’t understand why she mentioned the woman suddenly, and the mention of her inevitably reminded him of what happened after drinking. His eyes were cold.

Miriam didn’t pay attention to his subtle changes, but was choked for a while, a little confused in his mind.

no feelings?

What the hell is this answer.

“She likes you, don’t tell me you can’t tell.”

“I know now.” Bryan didn’t change much on his face, but he didn’t have many expressions, as if talking about another irrelevant matter.

“ ... ”

Miriam choked again and didn’t know what to say for a while.

He meant that he didn’t know before.

How does he know now? Did she figure it out, or did Sophia do something?

Seeing that she was silent, the man couldn’t help but approached again, and finally added, “I have transferred her from the headquarters, and she will no longer be my special assistant in the future.”

“ ... ”

Miriam blinked, stunned for a moment.

Bryan frowned slightly, shook her hand slowly, and whispered, “Miriam.”

Although there is not much tenderness and lingering in the voice, it is also a little bit different than before, with reluctance and nostalgia.

During this period of deep thought, he had to admit Miller’s words. He was not sure if he fell in love with her, but he really couldn’t let go.

Perhaps it was the three-year marriage that made him accustomed to her existence, and even to the breath of her in bed, as long as he approached, he would not leave.

He never spent too much time tangling emotional matters, except for the disgust in his heart when he was forced to marry her, and he did not reject her afterwards. If it hadn’t been for her to suddenly ask for a divorce, he would have been there for about four years. The agreement will also forget the plan to just live with her.

This is his plan to put aside the child, now that he has a child, this obsession is deeper in his heart.

Miriam’s eyes flashed, and her heart panicked, she threw away his hand, and stammered inexplicably, “You, what do you do with her to do with me? You go, I’m going back.”

Fearing that he would catch up, she hurriedly walked to the side of the road and stopped a taxi, opened the door, and quickly sat in.

When the car drove out, she clutched her beating heart and let out a sigh of relief. She glanced at the man further and further through the window. Her expression became complicated and her heart mixed.

Until she returned to the apartment, Miriam was still in a muddle-headed state, and she washed up and lay down on the bed.

It is conceivable that Bryan's ambiguous words caused her insomnia, tossing and turning, and falling asleep in a daze until dawn.

With a pair of dark circles in the morning, she hurried to the company after a quick breakfast.

“Sister Miriam, did you put on smoky makeup today?” Mu Ming smiled and joked when she saw her.

Smoke your sister!

Miriam glanced at him without a smile, “Yeah, is it pretty?”

Mu Ming's smile stiffened, and immediately said with doglegs: “Uh, pretty and beautiful, would you like me to make you a cup of coffee?”

Miriam thought about the child in her stomach for a second, but she endured it, “No, just pour me a cup of hot water.”

“Oh oh.” Mu Ming nodded obediently, and then glanced at her, curled her lips and smiled, “However, Sister Miriam, you are dressed pretty today and have a super good temperament.”

Miriam was taken aback and looked down at her clothes.

A beige windbreaker jacket, a loose white shirt, an open neckline revealing a clear collarbone, and two straight and slender legs underneath a pair of small pointed flat shoes.

Elegant and capable.

The clothes were picked by Bryan in the mall yesterday. She picked two collocations at random in the morning. She only covered her abdomen without looking carefully.

After receiving the compliment, she was naturally in a better mood, and the smile on her face deepened a little, "Thank you. However, don't forget to email me when the work is completed."

After that, she turned and went to the office.

The regular meeting was held on Monday as usual. After it was over, Miriam walked out of the meeting room with her stiff limbs. President Henry caught up and looked at her with a smile, "Xiao Lu, come to my office."

Miriam was startled and nodded, "Oh, good."

As long as Henry always smiled like this, she always felt nothing good.

In the president's office, the man placed his hands on the table with his hands folded, and looked at her cheerfully, "How are Lingtang's feet?"

"Uh, it's almost alright, I should be discharged tomorrow." Miriam pulled the corner of her lips and put on a perfect smile.

"Oh, then I can rest assured, Mr. Shang asked me yesterday."

“President Shang?” Miriam was stunned, and what Bryan had said to her appeared in her mind.

After hesitating for a second, he said, “Mr. Henry, Mr. Shang...really intend to cooperate with Yingxin?”

Long Teng’s front foot has just opened a branch in City Two, and Shang Rui also came to plug in. When has this City Two become a sweet pastry?

President Henry thought for a while and nodded, “I think he has intentions in this regard. Yesterday he asked his secretary to contact me. He said that he was very interested in the APP recently developed by our company. Headquarters approached us directly.”

Miriam frowned immediately, and whispered thoughtfully, “Is this Mr. Shang too worthy of us?”

Although City Two is only a branch of Yingxin Technology, it is still insignificant compared with the big Internet companies of Shangrui. It is seen at a glance, which makes people doubtful.

“Hey, I think so too.” Henry always shook his head with some doubts. Although he said that was a bit self-defeating, he also knew himself well.

He and Shang Zong had only met two or three times back and forth, and it was only these two days that he could really speak, and even he himself felt a little inexplicable.

There is also Mr. Shao of Longteng, these two big business circles, even if their chairman is there, they have to follow behind to make a grin, and it is really a bit Alexander to ask him to respond.

Yeah, even President Henry can’t guess, and Miriam doesn’t have to guess. She turned her eyes and said with a dry smile: “Um... President Henry, even

you can't figure it out. I think I'll take care of this. It's too risky, or you should leave it to the experienced seniors in our company."

President Henry looked at her and thought about it for a while. He also felt that this matter was indeed too important for her to cope with. He suddenly frowned and said, "But President Shang has already seen you, and I have a good impression of you. If I were Will he be unhappy if he suddenly changes over."

Miriam's expression froze, "This... shouldn't it? I think Mr. Shang has a good temper. He might be so kind to everyone, right."

They are all deep and difficult to distinguish. One Bryan is enough, she shouldn't deal with another one.

## Chapter 73

"Let this aside, I will consider it later." President Henry waved his hand and changed the topic, "This week you will arrange to take two people to Jincheng. There are several customers over there. You can visit it."

Miriam's eyes changed slightly, but he was quickly covered up, just nodding, "Okay, I'll go back and make arrangements."

President Henry sighed and looked at her, "You have been working hard recently, but rest assured, I won't be less rewarded than you."

"..."

Miriam was speechless for a second, lowered her eyebrows and smiled pleasantly, "Xie Henry."

Every time she comes to this set, she can only laugh when she can get the money.

After going out from the president, the office area was noisy.

Miriam looked eagerly, and just happened to bump into Mu Ming, and asked in confusion, "What's wrong? What happened?"

Mu Ming raised the lunch box in his hand and smiled on his delicate face, "It is the dragon from the opposite side. Send the little beauty to bring drinks and snacks."

"Got food? So kind?" Miriam raised her eyebrows, a little surprised.

Bryan is gone, so what else did he order before he left?

"No? The main thing is beautiful women, except for me, those men are almost crazy." Mu Ming raised his chin and looked at her triumphantly.

"Cut, you seem to be gay." Miriam rolled her eyes, glanced contemptuously, and then planned to turn back to the office.

"Manager Lu." I don't know who found her and shouted loudly.

Reluctantly, Miriam stopped, turned her eyes and looked over, just to meet the so-called little beauty in the middle and turn around, her expression frozen instantly.

Sophia?

But no, this little beauty who made the company men crazy is Sophia. She wore a tight and sexy knitted skirt. Her hair was wavy and she was white and beautiful. She was tall and slender, standing in a crowd of work clothes. A big star.

It turned out that Bryan said that she was transferred from her side to this branch.

She just said how could he be willing to be such a beauty.

I despised Bryan's superficiality in her heart, she walked over openly, and smiled lightly, "I heard that Long Teng sent us tea and snacks very intimately. It turned out to be true, but Secretary Fu personally delivered it. Yes, it's so polite."

Sophia's red lips curled, and Ming Yan couldn't see any abnormality on her face, "I bought a little bit more and delivered it on the way when I was so close. By the way, I even ordered a glass for Manager Lu."

As she said, she opened the packaging bag at hand, took out the cup and opened it to her intimately, "I heard that it is a new model in that store. It tastes good. Manager Lu taste it. If it tastes good, I will ask them to send more in the future. a little."

Miriam looked at her and glanced down at the paper cup in her hand.

With so many people watching, it would definitely be impossible not to pick them up, but to give her a drink personally and even make a unique one, Miriam never believed that she would be so kind.

He took it casually, and the palm of his hand was cold.

Miriam's eyes flashed coldly.

icy?

It's almost late autumn now, who still drinks ice?

What does this woman want to do?

“Mr. Lu, take a drink?” Sophia tilted her head, smiling very gently.

Miriam lowered her eyes and looked at her, feeling a little alert, then took a sip carefully.

The biting cold, Bing’s teeth trembled, and her palms almost lost consciousness.

How many ice cubes did this woman put?

“Manager Lu, how does it taste?” Sophia looked at her, her smile deepened.

She wanted to hold it in her mouth for a while, but she had to swallow it if she wanted to speak. The utter cold spreading down her throat to her stomach was uncomfortable, but Miriam remained calm, even smacked her lips pretendingly. “This one tastes good.”

After that, she looked at the woman, “Secretary Fu is really interested, and she doesn’t say any insults. How can we not make you spend money in vain.”

“Pakistan.”

“Uh, Manager Lu!” The named Mu Ming put down the paper cup and looked at her.

“I think this shop is not bad. Take a look at the LOGO, order 20 copies of this flavor, and send them to Longteng. It is said that Secretary Fu requested it.”

Sophia’s expression changed immediately, and she still smirked, “I have already ordered them, so I don’t have to be so troublesome, I can’t finish drinking too much.”

Miriam nodded, and responded simply, “Okay, then we will send it another day.”

Raising the cup in her hand, she smiled, “Thank you for the coffee, Secretary Fu, you guys talk, I still have work, so I’ll go ahead. Pastoral name, come here.”

“Oh yes.”

Miriam pushed the door into the office, and Mu Ming came in and closed the door habitually.

Putting the coffee at the corner of the table, Miriam picked up her cup and took a sip of hot water.

This movement was not hurried or slow, it seemed random, but it happened to be noticed by Mu Ming, but he just wrinkled his eyebrows, and then asked: “Sister Miriam, what are you looking for with me?”

“A chance to study, do you want it?” Miriam put down the cup and raised her eyebrows to look at him meaningfully.

To be honest, she had taken a fancy to Mu Ming’s aptitude, she had many eyes, but it was not bad, she could distinguish clearly and skillfully, and she didn’t need to let people know what to say and what to do.

Cultivating younger generations is the responsibility of every boss in the company.

But the most important thing is, of course, for her own sake. Miriam clearly knows that she will not be able to stay in the company for long, but she has no plans to leave. During the period of maternity leave and breastfeeding, she must have more than enough energy. You can only find someone who is trustworthy and not bad to help her.

For the sake of her children and her family, she must also do well in the future, and she must not lose her job.

## Chapter 74

“What opportunity to learn?” Mu Ming smiled, but did not show any excitement.

Miriam turned on the computer and said casually: “I’m going to Jincheng to visit a few customers this week. If you have time, you can arrange it and go with me and Zhang.”

“Do you still want a business card?”

“...”

Miriam raised her brows and looked at him with a smile, “Isn’t that kind of trick too easy for you?”

This kid, what happened to her last time and asked for a business card? She didn’t work harder than him when she first joined the company.

“Hey...” Mu Ming touched his head and smiled like a silly son of a landlord’s family. “I have the time. You tell me the date of departure. I’ll prepare it.”

Miriam glanced at the computer screen and whispered, “I will let Xiao Zhang tell you when I turn around. However, the premise for me to go is that you have to finish all the work you are doing.”

Of course, she didn’t doubt his ability at all.

“This must be.” He nodded solemnly, “Sister Miriam, if you’re okay, I’ll be busy?”

“Wait a minute.” Miriam glanced sideways at the coffee paper cup at hand, a coldness flashed through her eyes, and said, “I should do what I explained outside.”

Mu Ming was startled, “Huh?”

Following her gaze, she saw the cup of coffee that she hadn’t touched since she put it down, and suddenly remembered, “Order a drink for Longteng? Wouldn’t you say that you can’t order it?”

Miriam tapped his finger on the keyboard and smiled casually, “If you can’t drink it in the morning, it will be delivered in the afternoon. People have spent so much thought, we always have to give it back, otherwise it looks stingy. , I’ll pass the money back to you.”

“Oh, oh.” Mu Ming nodded blankly, turned around and was about to leave, suddenly remembering something, then came to the table again and smiled, “I look at the LOGO, and look back on the Internet.”

Turn on the camera of the phone and straighten the paper cup, but as soon as his fingers touched his face, his face changed, “Ice?”

“No, isn’t it a hot drink? Why is this cup of yours with ice?” Mu Ming couldn’t believe it, and even picked up the cup and shook it, and found some crushed ice.

Now this weather, even if it is a bit hot at noon, no one drinks cold drinks.

No wonder, she drank hot water as soon as she came in.

Miriam smiled as if he didn’t care at all, “It might be a mistake.

The corners of Mu Ming’s mouth twitched, and she was still in the mood to laugh.

Just now, Secretary Fu clearly said that the new model specially ordered for her could be mistaken?

He hesitated for a moment, and inquired curiously, "Sister Miriam, are you at odds with that Secretary Fu? Did you know each other before?"

Isn't that Long Teng just moved to the opposite side?

Miriam looked at him amusedly, "Knowing that you can speak with your mouth, I didn't expect you to be more gossip than a woman. Okay, don't explore the grievances between women, just do as I said, but, Remember, tell them that they were invited by Secretary Fu. The weather is dry and dry, and they tend to get sleepy in the afternoon. Drinking iced drinks will refresh them."

Mu Ming touched his chin and smiled playfully, "I see, sister Miriam, don't worry, I will definitely help you with this grudge."

"..."

She didn't say that she wanted revenge.

However, she didn't say much, just waved her hand to let him go.

Sophia had already left outside, and when she walked downstairs to the company, she dialed a number and went out.

The phone connected, and a smile appeared on her face immediately, and she said briskly and well: "Auntie, shall I accompany you to dinner?"

"..."

"Yeah, see you that night, bye."

After cutting the call, Sophia's smile slowly turned cold, and she looked up at Yingxin's company, her eyes filled with hatred.

...

In the afternoon, Miriam was discussing the project with his subordinates in the department office area, and the low voice of discussion was suddenly overwhelmed by a different voice outside the door.

"Hello, who is Miss Miriam Lu?"

"Wow, yes, I was looking for Sister Miriam."

"My God, who is so romantic?"

"..."

The eyes of everyone else were attracted to the past.

At this time, Miriam was looking down at the computer of his subordinates and whispering something, without paying attention.

"Sister Miriam, Sister Miriam..."

When someone pushed her excitedly, Miriam suddenly woke up and looked at her blankly, "What's the matter?"

"Are you Miss Lu?"

Before Miriam could react, she was blocked by a bunch of bright red roses.

I was stunned for a few seconds and saw the flower shop brother handing over the bill, "Miss Lu, please sign for it."

“This, what, who sent it?” Miriam was a little confused, and received roses for the first time at the company.

The little brother smiled and handed her the pen, “We don’t know, it is an anonymous customer. Please sign.”

Miriam pursed her lips, her thinking was still a little confused, she dumbly signed the words, and then stood there silly holding a large bouquet of roses.

After the little brother left, everyone’s gossiping eyes shot over.

“Sister Miriam, is this the flower my brother-in-law gave you? Isn’t it too romantic?”

Someone didn’t know that she had been divorced long ago, and looked at her with envy.

“Such a large bouquet of roses, still bright, have all been sent to the company, so they are so good at teasing.”

“Sister Miriam, is today your wedding anniversary?” She basically knows it in her birthday department.

“ ... ”

As if he didn’t hear the babbling questions around him, Miriam stared at Hua Frowning for a few seconds, then raised her eyes and smiled at everyone, “I didn’t even sign the name. It’s probably the customer. I put it here. , If you like it, just disassemble the vase and don’t make it all over the place.”

Putting the flower directly on the table next to her, she said nothing, and turned to leave.

Mu Ming in the corner looked up at her from behind the computer, without any expression on his face.

Miriam returned to the office, still searching for who would give her flowers.

But the first thing she ruled out was Bryan, and it certainly wouldn't be that man.

However, among clients, she has not had a few close contacts recently.

Who else can there be?

Sitting on the office chair and tapping the desk with his fingers, Miriam was squinting his eyes and thinking deeply. The phone suddenly vibrated.

She was startled, picked up the phone, glanced at the incoming call, it was an unfamiliar number, and swiped to answer it.

"Hello, hello."

After a dozen seconds of ringing there, it was connected, and then a quiet and gentle man's voice came out.

"Miss Lu."

Miriam's eyes changed slightly, "Ms. Shang?"

"It's me." The man smiled lowly, obviously in a good mood.

"You? Why did you call me in person?" Miriam was a little surprised.

In his identity, he is looking for President Henry, and he is basically a secretary.

“I just wanted to ask you, do you like flowers?”

Miriam’s face changed, and she smiled stiffly, “You sent the flowers?”

She can’t figure it out now, what is Shang Rui going to do?

His gentleman and politeness treat everyone like the same. Although she hasn’t seen what he is like to other women, why should he send her flowers?

“Yes, do you like it?”

Miriam’s smile became more stiff, and she still responded politely, “I like it, but... why did you suddenly send me flowers?”

“I don’t know what you like, so I ordered flowers. Did it cause you any trouble?” The man was a little embarrassed.

“Uh, no.” Miriam immediately denied, and then asked politely, “I just want to ask if you have anything to ask me?”

## Chapter 75

“It’s nothing big. I just want to ask Miss Lu if she has time tomorrow. A friend of mine has booked a cruise for a cocktail party tomorrow night. I don’t have many acquaintances here. I wonder if I can invite Miss Lu as a female companion. Join together?”

Miriam’s expression changed slightly.

Female companion?

They only met a few times, and they weren't even friends, not to mention that the status disparity was so big that he would even ask her to be a female companion.

Miriam is a little confused, but she is not stupid. People like Shang Rui have probably met more outstanding women than men she has ever met, so it's impossible for her to fall in love with her.

But his diligence is too obvious, even if he doesn't want to misunderstand.

After thinking about it for only a second or two, she quickly smiled and said calmly: "It is an honor for me to be Mr. Shang's female companion. How could I refuse, but, unfortunately, I am going to Jincheng on a business trip tomorrow. , The itinerary has been arranged, I am really sorry."

"On a business trip? That's a shame. I knew I should talk to Mr. Henry earlier." The man was not angry, and smiled lightly: "When you come back from a business trip, I will be back to Kyoto. I don't know when Goodbye, to meet such a talented person as Miss Lu, I didn't make a trip to City Two this time."

Miriam held the phone, her eyebrows jumped, and her tone was still very polite and smiled: "President Shang, you are so polite. I'm just a small person. You came to City Two and saved many sunset enterprises. How can it be white? How about running? You are also Yingxin's main customer now. I believe we will see you again soon."

After working for a few years, she didn't learn anything else, but she learned a lot of polite words, and she was dealing with big guys like them, but she really didn't like this, and she would be disgusting when she said that.

It's really tiring to deal with people in this kind of city.

"Okay, I will wait for you here in Kyoto." The man laughed, and he seemed very happy.

“Hmm, I will definitely visit you when I go to Kyoto.”

After a few more polite words, the man hangs up.

Miriam put down the phone, the expression on her face immediately became serious.

She is now affirmative, this Shang always really intends to approach herself, but what does he want?

She doesn't have any money, s3x, even though she looks pretty good and her figure is pretty good, but the secretary behind him can take her second, not to mention there are many ladies in the upper class.

Even if his tastes are somewhat different, based on his identity, there is really no need to find a second-hand one, right?

Miriam propped her arm on the table and curled her eyebrows for a while and thought for a while. If she couldn't figure it out, she didn't bother to think about it, but she suddenly remembered a worry.

The time of the business trip has not yet been decided. In order to refuse Shang Rui just now, she casually said it was tomorrow. What should I do now?

“I'll go! I knew it would be fine if I just told someone else.” She patted her forehead with a headache.

Regardless of regret, put away my heart and hurried out with the documents to arrange work.

At this time, on the other side of the mobile phone, in the luxurious hotel suite, the man put down the mobile phone, stood up slowly, and walked to the open-air balcony. Under the loose white shirt, he was tall and slender with a

wide shoulders and a thin waist, with a smile on his face. It was a bit lazy and evil.

“President Shang, there is obviously no reception, why are you trying to lie to Miss Lu, so you are not afraid that she will really agree?” The female secretary followed him out, standing behind him respectfully and asking.

The man’s slender fingers were placed on the railing, and his narrow eyes looked into the distance. Compared with the calm and moist appearance outside, the lazy breath at this time was obviously a little more cold and alienated.

“Will it be troublesome to hold a wine temporarily? If she really agrees, naturally everything is in the plan, but...”

As he said, the man slowly narrowed his eyes, his thin lips lifted up a playful smile, “She seems to be more vigilant than I thought.”

The female secretary smiled lightly, “It’s not easy for a woman who can get results in the workplace, but you are making a phone call in person and sending flowers. Most women can guess what it means?”

“If I didn’t make it more obvious, how could she think more about it? If she was an average stupid woman, it wouldn’t be worth my wasting so much time.” Shang Rui’s dark eyes flashed thickly. mood.

The female secretary frowned slightly, looked at his back, and asked inexplicably, “But your purpose is not her. She is already divorced, and it is probably not very useful. I wasted too much energy on her and may not worth it.”

Shang Rui looked into the distance and was silent for a few seconds without any expression on his face.

“Whether it’s worth it, I have a sense of measure. Follow the contact with Yingxin, and don’t stop.”

The female secretary nodded without any doubt, “Okay.”

...

In the evening, after work, Miriam drove directly to the hospital.

In the ward, in addition to Lu Mu, Xiang Southeast is also there.

Miriam was taken aback when she saw him, “Brother, why are you here.”

The man smiled, “Come and see my aunt after work.”

Tian Tian walked over, smiled and lived on her legs.

Miriam lowered her head and gently rubbed her head, and looked at Mother Lu on the bed, “Mom, are your legs better?”

Mother Lu is probably annoying to stay, for fear that she will leave her in the hospital, and hurriedly urged: “It’s all right, it’s all well long ago. Let me lie in bed every day without being disabled. I’m planning to let Xiao Xiao Go ahead and go through the discharge procedures for me. You just came here, so let’s go together.”

Miriam did not refuse this time, and said quietly: “I will do it for you tomorrow, and you will stay one night tonight.”

“No, I’m going back tonight anyway.” Mother Lu was stubborn like a child, lifting the quilt and getting out of bed, “If you don’t go, I will go by myself.”

It's really boring to stay here, and Miriam commutes to and from get off work alone, and she can't worry about being at home alone while pregnant.

Miriam was scared of her, and hurriedly walked over to hold her, and nodded, "Well, you can lie down for a while, and I will handle it for you."

Xiang Nanfang couldn't help but push Tian Tian to her side, wearing a coat next to her, and smiling: "You just arrived. Let's take a rest with my aunt here. I'll go through it."

"I'll go with you." Miriam didn't want to bother him too much.

"No, it's fine for a while, you sit down for a while." The man gave her a gentle look and walked out.

Miriam watched him leave, her heart sinking, her eyes flashed with guilt.

Stroking Fu Tiantian's soft hair, she thought that she must confess to him when she came back from Jincheng, and she couldn't say anything if this continued.

After the procedures were completed, Mother Lu couldn't wait to get out of bed to change clothes and leave. Miriam couldn't laugh or cry when she saw this. She stayed in the hospital for only three days, and this kind of high-end private hospital offered delicious food. Why is she still annoying?

## Chapter 76

It was late, and a few people ordered a table for dinner in a nearby restaurant.

"Mom, I'm going on a business trip tomorrow. You have to take good care of yourself at home these days." After eating, Miriam raised her eyes and glanced at Mother Lu.

“On a business trip?” Mother Lu’s expression changed, she raised her head and said without thinking: “Either refuse or I will go with you.”

The job is definitely more important than the daughter. If you are pregnant and run around, do you want to scare her to death?

Miriam, “...”

“Can’t refuse.”

Mother Lu ate by herself, and handed Tian Tian a piece of meat, and said coolly: “Then go back and buy my ticket together.”

Miriam raised his head with a headache, “I’m going to work, not traveling, why are you following?”

“You thought I wanted to follow, if you weren’t pregnant with Liujia, your mother, I’m going to the morning newspaper group to relax now.”

“...”

Miriam wanted to roll her eyes very much. She wanted to travel alone, and she probably wouldn’t even dare to leave City Two.

Knowing that she was uneasy, she explained: “I am not alone, but there are two assistants, but it’s a business trip for a few days without doing anything. Isn’t it OK for me to call you at any time and report my whereabouts?”

Mother Lu twisted her eyebrows, with a firm attitude, “No, your assistants don’t know about your pregnancy. They are not serious or serious. What should I do if something happens?”

Miriam tucked her hair, put down her chopsticks helplessly, drank saliva, and said, "Then I will take you on a business trip, what will the company think of the company? How can I explain to them?"

Mother Lu didn't care, "It's hard to tell, just say that I want to go to Jincheng to have fun. Take me with you by the way. I don't follow you all the time."

"..."

Miriam really didn't know what to say to refute, put her hands around the table, and stared at her depressedly.

To the southeast, he was silent for a long time and laughed suddenly.

When the dispute was gone, Miriam remembered that there was another person next to him, smiled at him, and shook his head helplessly.

Looking southeast to Mother Lu, he persuaded: "Auntie, don't worry, I can go to Jincheng to see her at any time, nothing will happen."

Mother Lu shook her head immediately, "How can you toss back and forth, you still have to work."

"No trouble, my job is to travel around, I can drop by Jincheng to see her, and I can return that night."

Mother Lu looked at him, a little shaken, "Really? Will it delay your business too much?"

The man lowered his head and wiped his daughter's mouth, raised his eyes to look at Miriam, and smiled slightly, "Why, Miriam is now three people, I am also worried, how can I stand by."

Miriam twitched the corners of her lips stiffly, lowered her head and started eating again, pretending not to hear.

Naturally, she wouldn't let Xiang Dongnan trouble, but now the main reason is to convince her mother, and she will talk about the others in private.

Mother Lu looked at Miriam hesitantly, and then nodded her head without feeling troublesome at all, "That's okay, I can rest assured if you go, anyway, as long as she is not tossing around in the field by herself, I can rest assured."

Miriam lowered her head to eat the vegetables, curled her lips when she heard the words, and muttered in her heart: As expected, she was born with her, and what others said was better than her daughter.

Xiang Nanfang gave her a fixed look, smiled and said nothing.

Miriam also gave him a grateful look.

At the end of the meal, the silence of the table was suddenly broken by the ringing of the phone on Miriam's body.

She hurriedly took out the phone and opened it, and her expression was frozen when she saw the note.

Mother Lu glanced at her obliquely, "Who is still calling at this late? Don't let people eat?"

Miriam's expression faded, "You eat first. I'll go out to answer the phone. Maybe something is wrong with the company."

Did not hear what Lu mother was nagging, she got up and walked out quickly, connecting when the ringtone was about to be heard.

“Hey, mom, uh auntie.”

The call was made by Bryan’s mother and her former mother-in-law. Because Shao’s mother didn’t contact her very much, she forgot to change her mobile phone notes.

But, how could she call over suddenly?

Is it wrong?

“Miriam?” The voice of a middle-aged woman over there asked for confirmation.

“it’s me.”

“Where are you now?” Shao’s mother couldn’t hear the joy or anger in her voice, but she was kind.

Miriam was taken aback and asked calmly, “Auntie, are you looking for me?”

“It’s something, I want to have an interview, where are you now?”

Suddenly want to see her? I’ve been divorced for so long, why do you want to see her for no reason?

Miriam’s eyes deepened, and a sharp light flashed suddenly.

Is the thing you worried about coming? Did she know something?

Bryan promised that she would not tell anyone.

She squeezed her phone, she chuckled, “Auntie, it may be inconvenient now. I’m still outside. If you have any urgent matter, please talk to me on the phone first. I still have ten minutes.”

“Outside? Why are you still outside so late?” Mother Shao seemed a little surprised, and then said very quickly: “Then where are you now, I can also find you in the past.”

Miriam interrupted her quietly, “Auntie, if you are not in a hurry, I’d better hang up first, and shall we meet for an interview another day?”

“Uh Miriam...”

Without giving her a chance to refute, Miriam hung up directly, looking down at the phone, her face slowly cooling down, her eyes dark and opaque.

Why did she suddenly want to see her? If she didn’t know something, Shao’s mother would never call her.

I want to make sure if she is really pregnant, maybe a few months.

After contemplating for a while, she quickly dialed a series of numbers, but hesitated for a few seconds when calling, and then deleted them all.

Forget it, anyway, I have to go to Jincheng tomorrow, this kind of thing is not clear on the phone.

Putting away the phone, she turned and returned to the restaurant.

## Chapter 77

On the other side of the phone, in the hospital where Miriam and his party had just come out, Mother Shao was holding the phone and gritted her teeth bitterly, “This dead girl dared to hang up my phone.”

The young woman standing on the side took her arm and said, “It’s really uneducated. How do you say it is an elder, how can she hang up?”

Shao’s mother’s face was even more ugly. She glanced at the corridors where people came and went, and a chill flashed in her eyes, “I don’t believe it, Xiaoxue, let’s go to the doctor again.”

The young woman was Sophia. She also brought Shao’s mother to this hospital. She knew that she had followed Bryan and Miriam to find it on the previous Sunday, and then asked about it.

The woman was actually pregnant, she was still twins.

Although she did not ask how many months the child was, she would never let the child become the Shao family.

“Auntie, this belongs to the patient’s privacy, and the doctor will definitely not tell you. If you insist on asking questions like this, you will definitely make a lot of trouble when you look back.” Sophia grabbed her and comforted her softly.

Mother Shao was anxious and said angrily: “Then I also need to know if this child is Achen’s. He has been mingling with that woman recently. He must have known about this a long time ago, and even kept it from me. .”

Sophia’s eyes flashed, and she pretended to be puzzled: “But why is Brother Chen hiding from you? If it’s his child, isn’t it a happy event? He will definitely tell you first, or he will say... neither Determine who this child... belongs to.”

Shao's mother's face changed immediately, she suddenly looked at her, her eyes were dark, her voice was raised, "What are you talking about? Does the woman still want Achen to take over? Be father to this unknown child?"

Sophia's face turned white, she seemed to be frightened, and cautiously said: "I, this is just my guess. Longteng has cooperation with their company. I often go to their company recently. After the divorce, Miss Lu seems to have a few people walking around. Very close man."

"..."

Her voice became smaller and smaller, and Mother Shao's expression became darker and darker. Finally, she was afraid and called out carefully, "Uncle, Auntie, are you okay?"

Mother Shao squeezed her fingers, trembling with anger, and finally gritted her teeth and spit out, "Go back!"

After that, she threw away Sophia's hand and left angrily.

This anger was of course not directed at Sophia.

The woman looked at the back of her leaving, her trembling expression completely disappeared, she looked sideways at her reflected on the glass door, and her lips were slowly curled up proudly.

Mother Shao, who was furious all the way, returned home, thinking about it, the more things went wrong. She hadn't moved for three years after marriage. How could she get pregnant as soon as she got divorced? The only thing she can understand is that her stupid son must have been caught by the woman.

Sophia had already gone back, and there was only one babysitter at home. She took out her mobile phone and made a call to Bryan.

After ringing for a few seconds, the call was connected.

The man's faint voice came, "Mom, what's the matter?"

Mother Shao swallowed her saliva and suppressed a little anger, but her tone was still not good, "Achen, today your Aunt Shen showed me many pictures of girls. They are all excellent in education and background. I want you to meet, if you... .."

"Mom, I'm very busy lately, I'll talk about these things another day." Bryan interrupted her without a trace.

Mother Shao's voice sank, "What do you want to say another day? You are already a big brother. You have been divorced for so long, so don't you think about it?"

Bryan didn't seem to want to argue with her, but still calmly said: "I am very busy. If you have nothing to do, I will hang up and call you another day."

It seems that he had expected his attitude to make Shao's mother even more angry. She couldn't help but her tone changed, "Are you still thinking about remarrying Miriam?"

There was silence on the phone for a few seconds, and Bryan didn't hide her from her, and said frankly: "I didn't even think about divorce at the beginning. If she agrees, I would naturally remarry."

"You!" Mother Shao choked, but he didn't expect him to answer that way.

The angry words started to stammer, "You, you... is it because that woman is pregnant?"

Bryan's voice suddenly sank, "Who told you?"

No one knew about this except a few people around her, who told her?

“Don’t worry about who told me, you tell me first, is the child that woman is pregnant with you?” Shao Mu interrupted him coldly.

“its mine.”

“You...” Shao’s eyes turned black, without a trace of joy.”When did you become so stupid? There were no children before the divorce. Children appeared immediately after the divorce. Isn’t this obviously a calculation for you? Why are you jumping in stupidly?”

Bryan understands the f&cking temperament, it must be someone who said something, and said in a deep voice, “Mom, is it my child? I know this better than you. No matter who I tell you, don’t provoke her. , I will explain to you when I go back.”

Mother Shao was almost out of breath by his anger, and shouted at the phone: “You, are you stupid? There are so many ambiguous men around her, who knows who this child is? There is a lot of bad things in her family now. , The purpose is to tie you, deliberately dug a hole to make you jump, can’t you see it? I tell you, you are not allowed to contact her again, otherwise I won’t let her go!”

Since her son can’t see it, then her mother can’t just sit back and watch. The woman can really do everything, even pregnancy, such a tricky trick.

After she finished speaking, she hung up without giving the other side a chance to refute.

“Mom! Mom! Mom...” Bryan’s expression changed, frowning and shouting there, but he didn’t respond for a long time.

Sitting in the office, he looked down and thought for a few seconds, with a vague worry in his heart, and quickly dialed Miriam's number.

At this time, Miriam had already returned to the apartment with Lu Mu. Seeing the phone call from him, she was taken aback, picked up her mobile phone, and went to the bedroom with water.

"Hey!"

Close the curtains, she turned back and sat on the bedside in response.

"Still in the hospital?"

"No, my mother is discharged from the hospital. At home." Miriam took off her shoes, tucked her feet into the quilt, sat on her knees and followed his call, her tone softened unconsciously.

"Have you eaten dinner?" The man's chatty tone was natural.

"I have eaten." Miriam's face was hot, she raised her head, pursed her lips unnaturally, and asked, "I'm not hungry. Are you going to call so late?"

"Something." The man's voice was low and deep, "My mother... did you look for you tonight?"

Miriam's face changed, her eyes suddenly narrowed, "You told your mother? Bryan, didn't you promise me not to tell other people?"

This bastard, she shouldn't believe him.

"No, I don't know where she heard it from, so I asked you if she had ever looked for you."

Miriam was silent, tightened her brows, and replied for a while: “She made a phone call in the evening and didn’t say it clearly. She just said she wanted to see me, but I didn’t agree.”

Apart from her mother, he and the brother knew about it. Since it wasn’t him, it was impossible for the brother, so who else knew?

For an instant, she suddenly remembered the morning ice drink that Sophia gave it.

is her?

## Chapter 78

Bryan didn’t know what she was thinking, and said warmly: “Don’t pay attention to it for now, and be careful when you go out. I will take time to go back in the past two days and I will deal with it.”

Miriam’s heart moved, and the coldness on her face softened involuntarily. After thinking for a while, she said, “If you are busy with you, I will deal with it by myself. Will I not be able to hide it if I can’t provoke it? No matter what, I won’t Care about with an old man.”

She also knows a little about Shao’s mother, and she is much stronger than her mother. If she hears any news, she won’t stop being unsure.

Fortunately, she will be away on business tomorrow, otherwise she might really go to the company to stop her.

The phone was quiet for a while, and the gentle magnetic voice of the man rang, “Sorry, I didn’t expect this. If she really ran to find you, you must tell me.”

Miriam was a little uncomfortable with his sudden concern. For a while, she didn't know how to respond. She obviously wanted to be cold, and her heart throbbed uncontrollably.

Adding lips, she hugged her knees, lowered her head, and said in a low voice: "I see, you are busy, I will hang up first."

Bryan wanted to talk a little longer. Seeing that she was not interested, he stopped the topic immediately, and only added one sentence at the end, "Well, rest early."

"Ok."

Miriam's eyelashes trembled lightly, hung up the phone, hugged her knees, put her chin on her legs, thinking.

Sophia...

The next day, Miriam did not go to the company in the morning because he was about to catch a plane for a business trip at noon, but what she had guessed last night still happened.

Mu Ming called her at the company.

"What are you talking about? A middle-aged woman came to the company to look for me?" Miriam was packing her luggage in the bedroom, her face turned a little cold after hearing this.

Sure enough, Mother Shao went.

"Yes, we all thought it was your mother at first, but she denied it herself. She only said that she had something to do with you, but she didn't identify herself, but she looked like a lady in her dress."

Miriam stopped her hand, got up and sat on the side of the bed, and asked, “Is there anyone else next to her?”

Will Sophia follow?

Mu Ming said: “Well, she is the only one.”

Then he muttered to himself, “I guess it is some kind of customer.”

Miriam thought for a second, and said, “Tell Xiaoying, next time she comes to see me, she will say that I’m not here, don’t worry, she will leave by herself.”

If she said anything more, the whole company would know about her pregnancy.

“Oh oh.” Mu Ming didn’t ask much, but suddenly remembered something. He became happy first before saying: “Oh, yes, I told you, opposite Longteng, I heard that half of the people have taken sick leave today.”

Miriam was startled slightly, “What’s the matter?”

“diarrhea.”

Miriam raised her brows instantly, curling her lips, “Because of the ice drink? It’s not too cold this day. A glass of ice drink shouldn’t cause diarrhea, right?”

“Of course not, but if you eat more messy things, it’s possible.” Mu Ming thief smiled, “I also specially ordered some hot and sour noodles and super spicy rice noodles... The one I ate yesterday afternoon should be quite exciting. Yes. Of course, I told you that Secretary Fu ordered it. I guess she was confused.”

Hot and sour noodles?

Miriam's mouth twitched fiercely, and then frowned: "You've done a little too much, I just want to embarrass her, there is no need to hurt others."

Mu Ming hesitated for a few seconds before returning to the taste: "It's a bit unrepresentative, then should I ask someone to give them some medicine?"

"..."

Miriam sighed, "Forget it, don't worry about this. I will ask Xiao Zhang to find out if it is serious, I will deal with it."

Mu Ming said dully.

Miriam was startled, and then chuckled out, "Okay, I didn't blame you. I asked you to do it. I haven't thanked you yet. If there is any responsibility, it is also my business. Just pay attention this time."

Afterwards, she looked down at the watch on her wrist and said: "It's late, you clean up and go to the airport with Xiao Zhang. We will meet there."

Mu Ming swept away the haze, and said with a smile: "Okay, Sister Miriam."

On the roof of the company, the tall and tall man slowly turned around, revealing Mu Ming's young and handsome face. He looked down at the phone, his pure and clear eyes were full of thick emotions, and the corners of his lips hooked slightly. There was a hint of mockery.

## Chapter 79

When the plane arrived in Jincheng, the dusk just came, and the three of them went directly to the hotel, put down their luggage, and went to the opposite restaurant for dinner.

Without knowing that Miriam was pregnant, Xiao Zhang and Mu Ming ordered a table of dishes according to their preferences.

Miriam silently swallowed while watching the meat and vegetable dishes in front of him.

After pregnancy, she has endured for a long time and has not eaten this kind of food. It is not that she does not like it, but for the sake of the child. She almost strictly controls her diet.

Now, this table of dishes definitely stimulates her.

“Sister Miriam, don’t drive for a while, do you want to drink?” Although Mu Ming got along with her not long ago, after knowing her temperament, she was much more courageous than the other subordinates in the department, and he was able to joke with her.

Miriam shook her head, “I have to prepare for tomorrow’s work when I go back, you two drink.”

With that said, she picked up the chopsticks and started eating eagerly, although she was drooling, but the surface was well hidden

Xiao Zhang also smiled and said, “Sister Miriam, eat more.”

Mu Ming ordered a bottle of red wine and had a drink with Xiao Zhang.

Although the movements were fairly elegant, she almost kept eating with vegetables again and again, which still made Mu Ming noticed.

“Sister Miriam, the food here suits your taste?”

Miriam was too focused on eating. He was surprised by what he said, suddenly sober, put down his chopsticks, lowered his head and drank water to cover up, and smiled dryly: “Maybe I’ve been on the plane for too long and I’m hungry, but it tastes really good.”

It’s not bad, it’s irritating, the sour and spicy taste, she has missed it for a long time.

Mu Ming licked his lips and turned the plates of meat in front of him to her, “Then you eat more and call again if you don’t have enough.”

Not enough to bid again?

Miriam glanced weirdly when he heard the words, and immediately stretched a stiff smile, “No more screaming, I have almost eaten, you two eat more, otherwise there will be leftovers when you look back.”

At the same time, I scorned myself severely in my heart, how could I forget to eat? Before having dinner with Mu Ming, she also picked out the light points and threatened to lose weight. Wouldn’t it be a slap in the face? The kid is so smart, she will see something if she continues.

Fearing that they would say anything more, she took out a napkin and wiped her mouth, got up and said, “You eat first, I’ll go to the bathroom.”

It’s just that she didn’t know the discussion from the two subordinates after she left.

Xiao Zhang smiled and said casually while eating: “Sister Miriam’s food must have been good recently. In the past two months, how do I think she has gained a lot.”

Pastoral name, “...”

He wanted to take another sentence. The gentleman saw the same thing, but he suddenly changed his words to, “She was thin before?”

Xiao Zhang knew that he had just arrived at the company not long ago, so he sipped his wine, lifted his chin, and proudly showed off to him, “Sister Miriam, but the famous beauties in the company want to have a good figure and a good face. Value, performance is also the best, and it is good for our subordinates.”

As he said, he shook his head pretending to be sorry, “Unfortunately, I came to the company too late, and they are already married.”

Mu Ming patted him on the shoulder and sneered: “Come on, you still miss her. However, she is only two or three years older than us. It’s too early to get married. Have you seen her husband?”

Xiao Zhang was taken aback, thought for two seconds, and shook his head, “Really not. I have been in the company for two years, and I have been with her as an assistant for more than a year. I have never seen her husband before, and it seems that I have never visited the company. She, only occasionally heard her answer a few private calls, but her very indifferent attitude does not seem to be towards her husband...”

“And...” After hesitating for a few seconds, he looked at the entrance to the bathroom, turned his eyes to Mu Ming and whispered: “Moreover, there have been rumors in the company that she has been divorced recently, and I’m not sure. Like Sister Miriam Such an excellent woman, I really don’t know what kind of man she would like.”

“Divorced...” Mu Ming’s eyes flashed extremely quickly, and he whispered, not knowing who he was talking to.

After dinner, the three of them returned to the hotel together and went back to their rooms.

Miriam washed herself, and sat cross-legged on the bed in her pajamas and worked with her laptop.

I don't know how long it took, and suddenly there was a knock on the door.

She was taken aback, got out of bed and walked to the door and looked out through the cat's eyes. Seeing that it was Mu Ming, she put on another coat before opening the door.

"Are you looking for something to do with me?"

"Are you free now? I have a few work questions I want to ask you."

Miriam saw him holding the notebook in his arms, smiled and nodded, letting go, "Come in."

"Sit down first, and I'll pour water."

Coming out with two glasses of water, Mu Ming sat on the sofa and turned on the computer.

"What's the problem." Miriam sat next to him, her eyes on the computer.

Mu Ming pointed the screen at her and pointed, "These few, the data has been out of alignment, I don't know what went wrong."

"Well, let me see." Miriam lowered her head, tapping on the keyboard with her fingers, carefully helping him check.

The room fell silent.

Mu Ming sat holding a water glass, his eyes seemed to be facing the laptop screen, but the corner of his eyes was completely on the charming side of the woman.

Very thick pajamas and pajamas, there is a coat on the outside, and the figure is completely invisible, but the dexterous slender fingers and the small white face are also seductive enough.

There were no waves on the face, he quickly retracted his gaze, with a casual tone, and said: "Sister Miriam, I recently heard from the company that you are divorced."

Miriam's fingers tapping the keyboard suddenly paused, and soon returned to normal. He faintly returned a word or two, "Yes."

She didn't care about other people's eyes, but when someone asked, she didn't even think about hiding it and not admitting it.

"Why?" He blinked and asked curiously and somewhat innocently: "You are such a good, good-tempered woman, and what men don't like?"

Miriam's subordinates kept saying casually: "You are a man. If you have two women in front of you, one is excellent and the other is your favorite, which one would you choose?"

"I..." Mu Ming choked.

Miriam only treated him as a younger brother who didn't understand emotions, and smiled, "Emotional matters have always been impossible to judge with objective consciousness. Whether I am good or not does not affect a man too much, so divorce It is impossible to judge who is right and who is wrong from the surface. The reason for this can only be understood by personal experience."

Mu Ming frowned, seemed very entangled, and then said puzzledly: “Then you mean, he doesn’t like you? Did he cheat? If he likes you and you are so good, how could he be willing to divorce? ?”

“ ... ”

Miriam’s movements finally stopped, turned to look at him, and explained helplessly, “He didn’t cheat, and he divorced naturally if he felt inappropriate together. Rather than spend a lifetime, it’s better to die early and super live. Is it weird? Hey, naive. My child, I think you should go out and find a girl to practice.”

## Chapter 80

Mu Ming is still very curious, “You are so young, it shouldn’t take long for you to get married, he gets tired so quickly? How can a reasonable person like you like this kind of man?”

Miriam twitched the corners of her lips and said nothing.

She only thought that he didn’t understand because he didn’t understand, so she didn’t explain much.

He may not know that in the new century, not everyone can love and marry freely. Bryan was forced to do so, so he hated her and never liked her from beginning to end.

Seeing that she stopped speaking, Mu Ming seemed to have mentioned her sad thing later, and smiled guiltily, “Sister Miriam, sorry, you shouldn’t mention these things, but I believe you will find a better one. of.”

Miriam looked at him, smiling at the corners of her lips, turned her notebook back to him, and said lightly: “Okay, I’ll help you solve it, you can take a look.”

“Huh?” Mu Ming’s attention was drawn back to work, he took a closer look at the data, and nodded, “That’s right, sure enough, I still have a lot to learn.”

“Take your time, compared with those who joined the company, your current grades are about the same as those of the elderly who have worked for a year.” Miriam encouraged.

As soon as the voice fell, her mobile phone rang.

Startled for a while, she got up and went to the bed to get her mobile phone, “Let’s see if there is any problem, I will answer the call.”

“Oh, good.”

The hotel room was not big. She wrapped her coat tightly. She picked up the phone and sat on the side of the bed. Seeing that it was an unfamiliar phone, she just pressed it to answer it.

“Hey.”

“it’s me.”

A deep and nice man’s voice.

Miriam was startled, put down the phone and checked the number carefully, then said in a low voice, “Where did you call?”

“The landline in the office.”

“Oh.” Miriam pouted.

As if dissatisfied with her tone, the man suddenly asked: “You have nothing to say to me?”

Miriam's expression flashed, she raised her head, pretending to be ignorant and said, "What? Didn't you just fight yesterday?"

Mu Ming, who was only a step away, was immersed in checking the problem. Hearing these words, he raised his eyes to look at her, and then quickly dropped.

"I spoke with President Henry today, and he said you came to Jincheng, why didn't you tell me yesterday?"

The man's tone was calm and did not question at all, but Miriam still heard a hint of displeasure.

She felt guilty, and a little unhappy, and blurted out: "Why are you going to harass President Henry? Where can I go on business trips and report to you one by one?"

It seemed that her reaction was too great. She was shocked by Mu Ming. The man raised his head and looked at her in surprise, "Sister Miriam?"

Miriam was stunned, suddenly remembering that there was another person in the room, and hung up the phone awkwardly, got up and looked at him, "Are there any questions?"

"Uh... no more." Mu Ming closed the computer and hugged her, got up, smiled, "Thank you, you took a rest early, I'm going back."

"Oh oh... good."

Miriam nodded quickly, smiling very cordially, but at the moment the door closed, her face suddenly dropped, staring at her phone, and cursing: "Asshole!"

At the same time, the phone rang again in cooperation.

Miriam answered in seconds, and said fiercely, “What are you doing?”

“Are you in a hotel room?”

“Yes, so what? Are you still doing something?” Still not angry.

Almost ashamed her just now.

“It’s so late, there are other...men in your room?” Bryan’s tone changed slightly.

“...”

When Miriam was in a daze, she suddenly became happy and raised her eyebrows, “Is it weird? I am single now, divorced, so it’s not weird to get along with men.”

I thought he would still taunt a few more words, who knows that after a few seconds of silence there, a man’s cold voice came, “Where are you now?”

Miriam’s expression changed and he hummed softly, “Even if you run to catch the rape now, it is too late, not to mention that you don’t seem to be qualified now.”

I want to care about her and don’t reflect on his current identity. Has he not changed from his previous habits, or does he really want to care about her?

“Miriam!” The man’s voice was obviously unhappy.

“You should be still in the office, keep busy, don’t disturb you, hang up.”

After speaking, she did not wait for a response, cut the call, and her expression faded.

She fell asleep in the middle of the night when she was suddenly awakened by a shock. She stretched out her little hand from the bed in a daze, but she was too sleepy to touch her phone and fell asleep again.

The vibration stopped for a few seconds and then continued to ring.

Repeatedly back and forth, Miriam was very irritated by the shock, and her consciousness became clear. She reached out her hand to turn on the light, touched the phone, and cursed in her heart, which bastard was annoying most of the night.

When she saw the familiar series of numbers, her face turned decisively dark.

After the call was connected, he opened his mouth and cursed, "Bryan, you still let people sleep? Are you annoying?"

The answer to her was the man's slightly lowered voice, "I'm at the door of your room, open the door."

"..."

Miriam suddenly opened her eyes wide, and was stunned.

Her room... the door?

When she woke up, she got up from the bed without any shoes, and quickly walked to the door.

The series of movements were too fast, causing her aura to be a little disturbed, she pressed her lips to calm down, and then slowly opened the door.

At that moment, Miriam felt very strange in her heart, like a dream, is he really behind the door?

Under the bright lights of the corridor, the man's tall body was close to his eyes, and his neat suit was as handsome and calm as ever.

Miriam's pupils shrunk slightly, and she froze for a few seconds.

Bryan looked down at her, glanced at the white and tender feet on the floor, and frowned, "Where are the shoes?"

Miriam's sanity seemed to be pulled back in an instant, and the door was about to close.

Why did she open the door for him?

How could the man do what she wanted, as if he expected her plan, pushed the door, walked straight into the house with long legs, and helped her close the door.

Miriam was angry, "Bryan, you!"

"It's cold on the ground, I'll take you to bed first." As he said, the man lazily hugged her and walked to the big bed.

Miriam, "..."

Why does this sound so... ambiguous.

Touching the bed, she immediately pushed him away and moved back, staring at him warily, "How did you find this place?"

“It’s not difficult to find two people to check it.” Bryan unbuttoned his coat and said quietly while looking at her.

Miriam bit her lip subconsciously and snorted to herself, “Indeed, it’s not a trivial matter for you.”

As soon as her attitude changed, she said angrily: “But if you break into someone else’s room in the middle of the night, even if the hotel security doesn’t care, the police don’t care? Either let me go now or wait for the police to come.”

Did she just open the door to him because she was kicked by the donkey.
