

Let me go, Mr. Hill By Shallow South Chapter 1895

Today, the Snow family has become the most powerful family in Australia. As for Rodney, the Snow family had entrusted him with an important responsibility, so he had started to involve himself in the industry of alternative energy.

If Sarah could get back together with Rodney, she would be able to turn her situation around again.

At the thought of her plan, Sarah felt very satisfied. Hurting her hand was worth it.

Rodney was distracted as he drove back to the villa.

There was only the housekeeper, Aunty Cally, at home.

"Young Master Snow, Young Madam Snow and Dani have gone to the manor to have their meal."

"Mm."

Rodney nodded and went upstairs with a heavy expression.

About half an hour later, Freya came back with Dani in her arms.

Aunty Cally secretly approached her. "Young Master is back. His expression is weird. I think he has something weighing on his mind."

"Okay."

Freya nodded with a smile.

By the time she was upstairs, Rodney was already in the shower.

He only came out after she was done feeding Dani. Since the floor heating in the house was on, he wore a T-shirt and a pair of pajama pants, revealing his muscular body.

Yes, Rodney's body was muscular.

Freya only realized that recently when she was looking at his body. Rodney was pretty fit in parts that were supposed to be fit despite having a feminine face. It felt pleasant to the touch.

Remembering that she had hugged his waist last night, her blood started pumping a little.

"Didn't you say it was Young Master Wooten's birthday? You're back so early." Freya dismissed the dirty thoughts in her mind and said, "I don't expect you to come back right after dinner. It's fine as long as you return before 9:00 p.m."

"I came back after dinner. I find doing other stuff boring."

Rodney did not dare to tell Freya that he had met Sarah. Hence, he said sheepishly, "It's nothing more than going to the karaoke, the bar, or the club. It gets quite boring after a while. I'd rather come home and accompany you and the child."

Upon hearing that, Freya stared at him attentively. "Have you finally decided to concentrate on more serious things? If I remember correctly, you used to like having fun with your buddies."

"Mm, but wasn't I kicked out of the Snow family last time? All of them avoided me back then, yet now they're trying to please me. It's pretty meaningless. Not many of them are sincere." Rodney took Dani over from Freya's embrace. "Baby, did you miss Daddy?"

Dani grinned and laughed happily when she saw Rodney.

Then, Freya remembered Aunty Cally's words. She hesitated for a moment and asked, "How's your work going? I heard Carson saying there were some problems with the project at Cairns a while back..."

"The problem has been solved, and everything is going smoothly there. I may have to go over for a business trip once in a while, but don't worry. I'll come back after a day or two at most." Rodney quickly hugged Freya's waist. He felt an itch in his heart as he gazed at the stunning little face of the woman in his embrace.

However, Sarah's sad face flashed across his mind for one moment, and he felt troubled again.

"Freya, you can take a shower. I'll play with the baby."

"Mm."

After Freya got up, Rodney stared at her back and thought, 'So what even if Rory's words were true?' He already had a married life of his own anyway.

He was satisfied. Once he verified whether Sarah's words were valid or not, he would send her away immediately.

Chapter 1896

At night, Rodney tossed and turned in bed. Luckily, Sarah did not contact him.

After a few days had passed, Rodney had to go on a business trip to Cairne for two days.

The night before he left, he could not miss out on making out with Freya.

"Wifey, I'll be going for two days. Let's do it once more, okay?" Rodney pestered her by kissing her.

Freya could cry. It was already the second time, and she was utterly exhausted. "Hey, you're only going for two days, and I've already made the payment upfront. Do you know no shame?"

"No, I still have to collect the interest." Rodney kept arousing her.

Although he did not have much experience before, that did not stop him from learning more from his experiences. He could finally put them into use.

Freya was also a rookie in that area. However, since they had spent so much time together, they knew

each other's bodies to a certain extent. Rodney knew which parts she liked, so he would keep stimulating that part.

Soon, Freya could not resist anymore. Rodney was about to have his way.

Suddenly, the phone rang.

"The phone..."

"Ignore it."

Rodney was not in the mood to care about the call. Only after they were done did he turn his body and pick up the phone lazily. There were two unknown missed calls and two messages.

[Rodney, can you come to our manor? My boss found an excuse and insisted on keeping me tonight. There's only the both of us here now. He's looking at me strangely.]

[Can you come quickly? I'm hiding in the bathroom. He's waiting for me outside. I'm so scared...]

It turned out that the call just now was from Sarah. Rodney shuddered.

The last message was received ten minutes ago.

For a woman who was waiting for help, many things could have happened in that time frame.

"Wifey, you can go to sleep first. I have to go out because of an urgent matter. Don't wait for me."

Rodney quickly put on his clothes before he rushed out in a hurry without even doing his hair.

He was so fast that Freya could not even react.

She did not know what had happened to put him in such a hurry.

Could it be a company matter?

Freya felt a little uncomfortable. She felt like she was a rag that was thrown aside after its use.

Usually, Rodney would help her to take a shower and wipe her body.

She was usually not that unreasonable. Perhaps she was just too tired that day.

She did not even have the strength to get down from the bed.

Forget it. She could not be so narrow-minded. After all, anyone would have urgent matters.

Rodney sped toward the manor.

Even though he drove very quickly, it was about half an hour later when he arrived.

During that time, he called Sarah's phone, but no one picked up.

He hit the steering wheel a few times out of frustration. He should have picked up the phone call just now. Was he that hungry for s*x?

Sarah had experienced a devastating shock when she was in the US. If she were to go through it again Rodney could not imagine it.

By the time he arrived at the manor, the doors were closed. Hence, he climbed over the wall to get in. Out of the whole manor, only the dining area on the second floor had its lights on.
