

## Chapter 2155

She is not a stingy person, usually when guests come to hug Yueyue, she will agree to be hugged by her family, even her daughter is cute, and she is also happy as a mother.

But now, he felt that Song Qingrui used his daughter to please other women in order to please other women. She didn't like this very much.

But if she refuses at this time, the atmosphere will become very stiff, and she will also appear to be very petty, so she had no choice but to bite the bullet and hand the child to Song Qingrui's hands.

After Song Qingrui hugged Yueyue, he immediately moved closer to Xia Wan's side. The two of them leaned together and looked

down at the child. Song Qingrui even made Yueyue laugh from time to time. After Yueyue laughed, Xia Wan also smiled very happily. .

"Qing Rui, look, she still has two dimples when she smiles, so cute."

Lin Fanyue couldn't stand the scene anymore.

She moved her eyes away and took two sips from the water glass.

Lin Wei smiled mysteriously and came close to her ear, gossiping and said, "Fan Yue, look at these two people, are they sparks? I rarely see Qing Rui being so enthusiastic about girls, I think it is hope ."

"Ok."

Facing Lin Wei's happy appearance, Lin Fanyue could only force a smile, "Xia Wan looks good, beautiful and generous."

"Yeah, I think she also likes having children. In the future, she will want children with Qingrui, and she should be a good mother." Lin Wei was full of praise.

Song Qingrui has children.

Lin Fanyue felt as if he had been pricked by a needle.

If she can, she really wants to leave here and skip this meal, but the presidential palace here, no, she can have any place she wants.

Song Nian also came back when the dishes were being served one after another.

Xia Wan was not at all afraid of Song Nian's identity, and even openly communicated

with Song Nian, and made Song Nian and Lin Wei laugh several times.

Lin Fanyue noticed that when he was eating vegetables, Song Qingrui often turned the dishes to Xia Wan in a calm manner. This is once, Xia Wan would be shy and glance at Song Qingrui, "Qingrui, how do you know that I love to eat yam."

"I have eaten with you a few times and noticed it." Song Qingrui gave her a gentle smile, but his eyes couldn't be said to be gentle.

Lin Fanyue looked down. She had thought about what Song Qingrui would like to do after the love, probably that's it.

Before there was a table, he would often turn her like to eat food around, but now there is another woman behind, he can't.

Even when Pippi shrimp came up, Song Qingrui helped Xia Wan get the skin clean.

As for herself, blood was pierced with sharp thorns on Pippi shrimp several times.

But Song Qingrui would never peel her shrimps anymore, she could only wipe clean with paper silently by herself.

A meal, there was something like never before, and even after eating, Song Qingrui invited Xia Wan to visit his place.

In the night, she saw Song Qingrui and Xia Wan disappearing side by side in the front building.

Lin Fanyue lowered her head and turned back to where she lived.

In the past, I only needed to see my daughter smiling when I came back, but even if Yueyue was by her side tonight, she

was very annoying. She was so annoyed that her chest was like a stone, and she wanted to find someone to have a drink. From time to time, I would look at the building where Song Qingrui lived.

What are he doing with Xia Wan now?

There are lone men and widows, but they don' t just sit under a lamp, read a book, chat, or at least pull their hands and kiss their mouths.

She got up and didn't want to think about it anymore. One of her mothers, she had a duty to accompany her and she had a daughter. She had to bathe Yueyue and play with her.

At nine o'clock in the evening, while she was feeding milk in the living room, she heard a voice from the nanny from the hallway.

"Master, good evening, come to see Yueyue."

Chapter 2156

"Ok."

Song Qingrui changed her shoes, and her mouth was in a good mood.

Lin Fanyue raised her head and took a faint glance, and found it an eyesore. Now that the Lin Wei and his wife are not there, she doesn't want to pretend at all.

"Yueyue, miss me."

Song Qingrui stretched out his hand to touch Yueyue's small face, and Lin Fanyue suddenly hugged Yueyue and avoided him with a hand.

"What are you doing?" Song Qingrui raised an eyebrow.

Lin Fanyue didn't look up, but the yin and yang made a speech, "Miss Xia has gone back, I thought you would stay with her tonight."

"How is it possible." Song Qingrui sat next to her, lazy with overlapping legs, "Xia Wan is a pretty lady, not a casual woman. Even if she stays, my mother will arrange for her to live in a guest room in the presidential palace. What do you think of me."

Lin Fanyue pulled her lips, "Yes, Xia Wan doesn't have a woman casually."

It was her casually, let him kiss casually several times.

Just like he said yes, don't be responsible if you kiss yourself.

Lin Fanyue thought it was nothing before, but the more I thought about it tonight, the

more I looked at Song Qingrui, it was not pleasing to my eyes.

Just when Yueyue drank the milk, Lin Fanyue put down the bottle and said, "I can see that you and Miss Xia are doing well, but I hope you don't use Yueyue as a tool to please women next time."

"What do you mean?" Song Qingrui was taken aback, and looked at her playfully, but Lin Fanyue lowered his head and didn't see any expression in his eyes.

"You know what you mean." Lin Fanyue lowered her voice, not wanting a servant in the house to hear her.

"You mean that sometimes I hug Yueyue and show it to Xia Wan?" Song Qingrui raised her eyebrows, "Do you also care about it? When did you become so stingy."

Lin Fanyue ignited like a firecracker, and became angry, "I'm stingy, you only know today."

She stood up with Yueyue in her arms, and couldn't even control her reason. "If you like children so much, you can have one with Miss Xia."

Song Qingrui lazily put his hands on the sofa, he raised Qingjun's face and frowned, "Isn't it possible that in the future, I won't even be able to hug Yueyue?"

"up to you."

After Lin Fanyue lost a word, he went straight upstairs.

Song Qingrui dropped her jet-black eyelashes until the sound of closing doors heard from the upper floor, stood up and left.

In the bedroom, Lin Fanyue leaned against the wall, annoyed that she wanted to bury herself with a quilt.

That's it, was she too impulsive just now? Will she appear stingy when she said those words? Will Song Qingrui be reluctant to hold Yueyue in the future?

It is estimated that Song Qingrui is also very angry now, after all, he seems to like Xia Wan very much.

When will it take to move out of the presidential palace?

It's so embarrassing to live here.

Because she didn't want to be embarrassed, she didn't even go to the front yard for breakfast the next day. After washing up, she drove to the company.

nine in the morning.

As soon as Jiang Qingxin entered the office, she saw a listless figure sitting inside.

"Qingqin, you are here, I want to consult with you about something." Lin Fanyue raised her head upset, "You help me analyze and analyze whether I'm too much."

"Let's talk about it." Jiang Qingxin took out a bag of coffee beans from the drawer, and his gestures exuded a woman's elegance and style.

## Chapter 2157

"Last night Song Qingrui took a blind date, and his girlfriend returned to the presidential palace. There was a woman who said Yueyue is so cute. So Song Qingrui asked me for Yueyue to please that woman." Lin Fanyue was irritated, frowning and saying "Yueyue" I don't even know that woman who is not easy to please women.

Besides the tools, children have low immunity. There are strangers who know if her body will have germs."

Jiang Qingxin was startled when she poured coffee beans into the grinder, then raised her head and glanced at Lin Fanyue, her expression stunned.

Well, she was most afraid of it, and it happened.

Lin Fanyue herself seemed unaware of it.

Of course, she may also be aware of it, but obviously she can't accept the truth at all.

Coffee, the aroma fills the air.

Lin Fanyue whispered, "I seemed to be a little impulsive when I spoke last night. It seems that I am stingy. Actually, I don't want him to hug Yueyue to play. You Yueyue usually plays with him. It's very good but I

feel If he is angry, if you ask me to apologize to him, Song Qingrui must be angry. If I don' t go to the front yard for breakfast, if I usually ask for it, he will definitely send a message to me."

"Fanyue has actually the presidential palace, but anyone can go in. You can usually go in. At least you need to undergo a physical examination. Or you have to disinfect in many ways. And you are not a stingy person. People used to take Yueyue with you. There were some relatives of Huo' s family in Huo ' s Villa, and you would never be an opinion when they hugged Yueyue."

Jiang Qingxin watched the coffee being brewed, her eyes gradually became helpless and sharp.

"what."

Lin Fanyue was as excited as he heard a joke. She stood up and said, "How could I be jealous, but I only regard Song Qingrui as a relative."

When the gaze meets Jiang Qingxin's black and sharp eyes, her throat is stagnant in her eyes, "Maybe it's okay, I might be jealous. After all, Song Qingrui had a good relationship with me before, yes, even if it was good, friends suddenly left it? It' s a bit uncomfortable for anyone to fall in love on their own."

"It's just a little unhappy, and there will be many, many, unhappy?" Jiang Qing was playful, and red lips were aroused.

Lin Fanyue ""

She is really going crazy. Why did she come here to discuss this issue with Jiang Qingxin.

"Forget it, I won't tell you. If I suddenly remembered that the laboratory is still something." Lin Fanyue lowered his head and walked to the door.

"Fan Yue doesn't have you. Didn't Fanyue have the habit of dating, some dependence, some repayment, like it, but you can't feel it." Jiang Qingxin said behind her, "Look, you have been with each other in the past few days. When I ate lunch, sometimes I was slouched and sometimes I always held my mobile phone to see that look alive, just waiting for others. WeChat used to have a relationship with Jiang Peiyuan, and that was it."

"Don't say it." Lin Fanyue was pretty, her face was pale. "I can't like Song Qingrui. What is his identity, what is mine, and what is mine?"

"You are not related by blood. There are two people living in the same place, seeing in the morning, seeing in the evening, and not seeing each other, sometimes they always chat with him and treat you so nicely, and now suddenly a strange woman appeared and you found out. He will coax goodbye, if a woman is happy, he will tease goodbye, and a woman laughs at you in the past, so all of it is given to another woman to make you feel uncomfortable and uncomfortable."

Is it like this?

Is she uncomfortable?

Is this like this?

If not, I saw him like Xia Wan last night, and when the dish was turned around, he gave Xia Wan the prawns, and when I had her, why would my heart be so uncomfortable? I even had no appetite for eating.

She is pure, not used to it or doesn't want Song Qingrui to be good to others?

Lin Fanyue found that she couldn't think about it anymore.

Oh my god, why is this happening.

"Qing Qing, a certain Song Qingrui appeared in my life recently, too frequently, maybe as long as you contact him, good men won't be like this. Hurry up and introduce one or two to me." Lin Fanyue said, crying without tears.

Chapter 2158

Jiang Qingxin smiled bitterly, "Didn't Mrs. President introduce you to three high-quality men before? Frankly speaking, those are good, unmarried, good-looking, have a bright future, have a good family background, and have a good result. Tell me

where to find a better quality man for you. It is possible to look good, but people may not be reliable, have a good personality, or may not be good-looking."

"I, are you so picky?" Lin Fanyue obviously realized this problem.

"You are not picky." Jiang Qingxin told the truth. "It's just that the pearls and jade are in front, and the wood is in the back. Do you understand? Yes, Song Qingrui's perspective will improve with you, but you say where I am going. Find a man like Song Qingrui who has a handsome and rich family background, distinguished, personable, gentle, and humorous, gentle and romantic, wise and calm, even if I give Huo Xu to you, you may not be able to admire it."

" "

Lin Fanyue was speechless for a while and the corners of her mouth twitched and said, "If Huo Xu heard what you said, she would definitely be sad."

"I'm telling the truth." Jiang Qingxin smiled while holding the coffee.

"Okay." Lin Fanyue curled his lips and said, "Your Huo Xu is too cold for me to bear."

"Yes, it doesn't work if there are cold ones." Jiang Qingxin smiled. "Then you say where I can find it for you."

"Neither did Song Qingrui, so okay." Lin Fanyue bit her lip unwillingly.

"Maybe, but it's good or not, you know the best." Jiang Qingxin pushed a cup of coffee and said, "Would you like to drink it."

"It's hard enough to live without drinking. I don't want to even have a bitter mouth." Lin Fanyue frowned and left distraught.

Jiang Qingxin sighed again after she left.

My good sister is probably more bumpy than her in love.

There was Lin Fanyue in the office holding a pile of data on the desk and reading it for a long time, but didn't read a word.

"Manager Lin has your express."

The secretary's voice suddenly came from outside the door.

Lin Fanyue's eyes suddenly lit up, and every time she quarreled with Song Qingrui in the past, he asked the courier to take the initiative to deliver the delicious food to apologize. This time it must also be "What is delicious?"

She stood up quickly.

The secretary was stunned and said, "Eat? No, there should be the phone case you bought online last time."

"Oh."

The light in Lin Fanyue's eyes dimmed.

The secretary gave her a weird look and hurriedly put things away and left.

Lin Fanyue is not in the mood to open the package on the table. She took out her mobile phone and actively sent Song Qingrui a WeChat message. Is she still angry?

Lin Fanyue I said last night, I'm sorry for being too much.

She waited, waited, and waited for an hour before Song Qingrui gave an

understatement. It didn't matter that I was no longer angry.

What an indifferent reply.

Chapter 2159

Lin Fanyue felt even more irritable, why did she respond so slowly if she wasn't angry.

Song Qingrui, I was on the phone with Xia Wan just now.

“ ”

Xia Wan's again, Xia Wan.

Lin Fanyue was almost to death.

She was so angry that she threw the phone away and didn't want to talk to him at all.

Why didn't Song Qingrui send a WeChat reply? ? ?

Lin Fanyue sneered.

She sent a WeChat message to him, but she didn't reply every hour, but he immediately ran to ask why he didn't think about how long he had been waiting.

Lin Fanyue doesn't want to interrupt your chat with Sister Xia Wan.

Song Qingrui, I'm finished talking.

Lin Fanyue, oh no wonder Young Master Song finally took care of me in a leisurely manner.

Song Qingrui, why are you so yin and yang?

Lin Fanyue, I just can't stand someone who cares about sex and despise friends.

Song Qingrui, do you think you can, me?

Lin Fanyue Haha, when I was in contact with my blind date, I gave priority to replying to those you have text messages and even

leave the blind date to go to the movie with you on Christmas Day. You are your girlfriend and forget me completely.

Song Qingrui, I have no girlfriend.

Lin Fanyue brought all of you back to see your parents soon, but I was not blinded last night. You two have a deep affection.

Five minutes later, Song Qingrui sent a message. It may not take long. You will be officially dating. You know that the negative news before has brought me a lot of influence. My parents forced me to get married. I also need a marriage. The target Xia Wan, a nice girl, if I get married next year, I will definitely give some energy to my wife and children.

Lin Fanyue stared at such a long conversation.

Song Qingrui, who she understands, is interesting. If he gets married next year, he will definitely not always go out to eat, watch movies or even walk with Yueyue like before.

She wants it again later, alone.

It's nothing to be alone.

She and Song Rongshi divorced one day, would they be prepared?

But why at this moment thought that Song Qingrui would have to accompany her in the future with a wife and children, she would be as empty as digging.

She also wanted him to accompany herself as before.

But she knew that there could not be something like Lin Fansen. If he has a brother, he will get married in the future. If

he has a family, he will have the most time in the future to share it with his wife and children.

However, Lin Fansen would be happy for her brother if she left her to start a family in the future, but Song Qingrui was not happy when Song Qingrui left her. What was flustered was still scared, unwilling, and reluctant.

What's up with her.

She, no, is crazy.

Lin Fanyue replied for a long time, oh, I know.

She won't bother him like she used to.

Chapter 2160

In the next few days, Lin Fanyue returned to the presidential palace without meeting

Song Qingrui. Sometimes when I heard Lin Wei and Song Nian talked about Song Qingrui's affairs.

"You asked Qingrui to renovate the house there." Lin Wei said happily. "If Xia Wan gets married, she might think that Qingrui's bedroom is too deserted. Girls like warm colors."

"It's okay, but it needs to be renovated over there, where does Qing Rui live?"

"It's okay to live in the guest room, or our building, the presidential palace is so big, are you afraid that there is no house to live in." Lin Wei smiled and said, "Fan Yue, you said nothing?"

"Ah, yes." Lin Fanyue lowered her head in response.

"You kid, I haven't talked very much recently, so I'm not in a bad mood." Lin Wei asked with concern.

"I'm thinking about something to do with the company's celebration this year." Lin Fanyue squeezed out a smile, "This year, the sales volume of Xinyan has entered the top three in China, and the company will hold a celebration tomorrow night. There will be more cumbersome things."

"Yes, Yue Xin's face is getting better and better now. The last time I went to a banquet, a few wives mentioned you, and they were full of praise, and I was stunned." Lin Wei said with a smile.

Lin Fanyue agreed and nodded, "By the way, godmother, our company will have an annual vacation next week. I plan to take Yueyue

back to Tongcheng for the New Year at that time."

Lin Wei thought for a while, then nodded, "Alright, I really should accompany my parents more. I will greet you in the old house of the Song family. When that time comes, I will bring Yueyue to the old man and the father and them for New Year's greetings in the new year."

"Thank you godmother."

Lin Fanyue breathed a sigh of relief.

Although Lin Wei and Song Nian have always been very kind to her, she has been repressed by the Presidential Palace recently and she is almost out of breath.

She wanted to change to another place where Song Qingrui could stay for a while.

Maybe after coming back again, the mood will be as calm and indifferent as it was when divorced.

The next day, the moon's heart was celebrated with grandeur.

As the company's brand spokesperson and shareholder, Ruan Yan not only attended the event, but also invited several popular Xiaoxianrou and Huadan.

One of the most handsome among them was a high-quality little fresh meat wearing a burgundy suit. When Fengshen appeared at the dinner party with a handsome face, Lin Fanyue had been languishing and her eyes suddenly brightened with excitement.

"Ahhhh, isn't that my male god Qin Peiming?" Lin Fanyue pulled Jiang Qingxin's skirt vigorously, "You actually invited him here, I'm not dreaming."

"Yes, you are not dreaming." Jiang Qingxin hurriedly pulled herself back from her folds and skirts, and smiled, "Pay attention to the image. After all, you have a major shareholder in our company."

"You should know that I like Qin Peiming for several years. I want to take a photo with him, but it's a bit nervous." Lin Fanyue is completely like a little fan now, excited.

"If you like, go up and say hello, don't forget, you have a host for your banquet today."

Ruan Yan took a glass of red wine from the tray, and then raised a toast to Qin Peiming.

After Qin Peiming saw it, he walked over with a charming and charming smile, "Ruan Yan, long time no see, this presumably Yuexinyan has founders Miss Lin Fanyue and Miss Jiang Qingxin, it really is not as famous

as meeting. It's better to be famous when you meet."

"Mr. Qin's too." Jiang Qingxin smiled, "I am more handsome than on TV, but I don't know much about the entertainment industry. She knows you to pay it back because Fanyue likes watching you have TV."

"So that's it." Qin Peiming smiled and cast his eyes on Lin Fanyue, "I am honored."

Lin Fanyue blushed and said, "I like watching you act in a costume drama. You are so handsome. Can I take a photo with you."

"my pleasure."

"I'll take pictures of you." Jiang Qingxin took out her phone and walked aside, taking a group photo of the two enthusiastically, "Stand closer."

After the shooting, Jiang Qingxin picked a few photos tonight, and sent a circle of friends, a good night

Inside, she had a group photo with Ruan Yan, Lin Fanyue, and several female stars. Among them was a photo of Lin Fanyue and Qin Pei Minming close to each other, and they also had a sweet smile.

Reference 2161

Since Song Qingrui wants to make Lin Fanyue jealous, she doesn't mind making Song Qingrui jealous too.

"Isn't that makeup master Cao Kai? Did we go and talk to him." Jiang Qingxin gently pulled La Ruan Yanyou and winked at her.

Ruan Yan will soon know that there is a joke towards Lin Fanyue and said, "I and Qingqin go there to say hello. You and Pei Ming will

chat here for a while to see if we can talk to fans about our brand."

"I'm doing my best." Lin Fanyue was stunned, and also nodded with a joking smile.

After Jiang Qingxin and Ruan Yan walked a distance, Ruan Yan said, "You don't want to match Qin Peiming and Fanyue, right? I admit that Qin Peiming is very handsome but a man in the entertainment industry is too complicated."

"Of course she won't just appreciate beauty occasionally. Maybe she's in a better mood." Jiang Qingxin smiled and took out her mobile phone. She sent a WeChat message to her assistant Zeng Han and waited for Fanyue and Qin Peiming to sit together. Let the live footage go to them more.

Zeng Han, don't you want to let Manager Lin and Qin Peiming fry c? Is there this thing Miss Lin knows? Qin Peiming's fans are very small and may not be acceptable.

Jiang Qing thinks too much. Is there any fry? You should do what I said.

There is smoke in the Chinese-style box.

Song Qingrui listened to a vice minister who had been drinking too much and chatted about the past.

He only felt uncomfortable with his head being smoked. After taking a sip of tea, he picked up the mobile phone on the table and casually flipped through some circles of friends.

When Lin Fanyue was hospitalized, Jiang Qingxin was there to accompany him, and he added Jiang Qingxin's WeChat account.

He usually doesn't pay much attention to Jiang Qingxin.

But twenty minutes ago, Jiang Qingxin sent six photos with them, one of which is Lin Fanyue and a young little fresh meat next to each other. There is Lin Fanyue tonight in a light pink dress with lining. When the white-snow-snow mixed-race has deep facial features, the whole person is bright and exudes exotic charm.

Song Qingrui's clear eyes narrowed sharply.

She actually laughed so sweetly with other men taking pictures and he knew this man.

It's not that I saw her in the entertainment industry, but when Lin Fanyue was recuperating at home a few days ago when he went to see her, I saw her watching a TV series performed by this male star several times.

At that time, he watched with her for a while, and he thought the plot was terribly bloody, but Lin Fanyue said that she didn't care about the plot because she liked the actor to watch it.

Every woman has the right to chase stars, but once you catch it in real life, it will be troublesome.

Song Qingrui suddenly got up and said, "I remember to pay back tonight, if there is something urgent, I will withdraw first or invite everyone to dinner another day."

Song Qingrui hurriedly left with his jacket before everyone responded.

When he went downstairs, he drank and couldn't drive, so he had to take a taxi to the reception.

He made several calls to Lin Fanyue on the way, but no one answered at all.

He had no choice but to open the official micro-broadcast of Yuexinyan. Tonight, many top-tier artists participated, and tens of millions of people watched it.

Soon after Yue Xinyan's party started, two well-known TV hosts were invited to host the show.

When he entered, there happened to be a certain popular female singer who was performing on the show and occasionally switched to the audience. He quickly saw that Lin Fanyue, Ruan Yan and Jiang Qingxin were sitting side by side in the first row. But Lin Fanyue was sitting on the other side of Qin Peiming and others were watching the show, but Lin Fanyue and Qin Peiming were whispering to each other.

Not only Song Qingrui noticed in the live comment, but many Qin Peiming fans also noticed.

Ahhhhhhhhhhhhhhhh, I saw our Xiaoming Ming, but who is the big beauty next to Ming Ming, who is so beautiful, or she looks like a fairy.

I also saw Ming Ming laugh so happily and fairies laugh happily.

Chapter 2162

Can sit in the first row is there is no ordinary people have a wealthy daughter who shouldn't.

Haha, you said that the little fairy is not the only one who is generally a rich daughter and the president who has a family is the goddaughter Lin Fanyue.

Was it Lin Fanyue who was abandoned by the Song family a few days ago? No, she is so beautiful.

People are not only beautiful and rewarding Yuexinyan is the founder, OK? Yuexinyan is the place, and she leads the team to research and develop products.

She's so beautiful, can she still do it. Is there any Song family elder who has to go outside to find a woman whose eyes are covered with shit?

She is really nice and has a good temperament. I think she is right with our Ming Ming.

Please have her divorced, okay, no matter how good they are, they are not worthy of our tea.

Upstairs, there is your tea from your family. How amazing are you making a few TV series. Is there such a status and achievement that you can compare with Lin Fanyue? No words.

Although she was divorced, she is very beautiful and talented. I still support her and Ming Ming.

I also support my bright moon fan.

Bright moon fan +1

.

Seeing that it is getting crooked, it is because there is Song Qingrui on the floor, and the face is cold, as if it is frozen. "Can the driver drive faster and why hasn't it arrived."

"Brother there is a traffic jam in front." The uncle who drove was very helpless and said,

"Tonight, what kind of company you said is that the hotel is hosting events, and there are many stars there. There are many little girls running there. I sent it several times today."

After speaking, there was another saying, "Oh, you see, there is the front, it's blocked."

Song Qingrui looked at the map. It was four kilometers away. "You can stop by the side of the road and let me share a bicycle."

After paying, he asked for a shared bicycle on the side of the road and rode it all the way.

It's just that after getting there, one of his hands has been frozen by the cold wind, and he is almost unconscious.

The security outside the hotel is very strict, but it is not difficult for him to get in.

After a phone call, the hotel manager personally took him into the banquet hall.

The performance on the stage was almost over. There were a group of celebrities and fashionistas under the stage toasting and chatting.

Lin Fanyue happened to be sitting with Qin Peiming. After everyone started chatting, she also chatted with Qin Peiming by the way.

"I used to be the chief designer of Cartier when I was working in foreign fashion circles, and I had some friendship."

"Fan Yue."

A familiar voice suddenly came from behind.

Lin Fanyue thought she had an illusion until she looked back and saw Song Qingrui strode towards her.

It doesn't matter if he comes, but the coffee-colored flight jacket on his body is very different from the elegant style of the banquet hall. It seems like a different kind, which attracts many people's attention.

Lin Fanyue was as stupefied as she was until Song Qingrui walked up to her and showed a gentle and petting smile, "I'm sorry that it's too late for me to have a banquet tonight."

Lin Fanyue "???"
