### Chapter 2175

When he arrived at the banquet hall, Lin Fanyue handed out the red envelope, and a greasy voice came from behind him.

"Oh, isn't there a sister Fanyue? It's been a long time since I saw you."

She looked back and found that Xin Ling was intimately walking over with a gray-haired and big-bellied old man.

Although I heard He Chi's words, I saw the 70-year-old chairman of the board and Lin Fanyue was deeply complimented. At this age, he could be the grandfather of Xin Ling, and she was too embarrassed to marry.

It's fine to marry, and there is no shame on his face.

Now it is Xin Ling who is dressed up and dressed up and has luxury goods all over her body, lest others don't know that she is married to a rich man.

"Brother Lei, this is the second young lady of the Lin Group." Xin Ling Qianjiao Baimei Chong is next to Chairman Cao said, "But a few days ago, she divorced, and her husband is outside, you know that. The man derailed before the child was a hundred days old."

Chairman Cao didn't pay attention to Xin Ling at all, only his eyes lit up when he saw Lin Fanyue.

Originally, he thought that Xin Ling looked good, but compared with Lin Fanyue, he found that Xin Ling's temperament and taste were a lot worse.

"Miss Lin is good." Chairman Cao smiled and stretched out his hand.

Lin Fanyue had seen those eyes before, and she felt a nausea in her heart, but there were guests coming and going, and she didn't show it. She only smiled and said, "Hello, Grandpa Cao."

In a word, both Chairman Cao and Xin Ling's faces were stiffened.

Especially Xin Ling, who was so angry that she wanted to vomit blood. It was obvious that Lin Fanyue was one year older than herself, but he called her husband to be the grandfather. Isn't it obvious that she laughed at her when she married an old man?

Chairman Cao said with a faint smile, "Why, Miss Lin, it doesn't save face so much."

After he finished speaking, he watched himself raise the big hand.

Lin Fanyue smiled, "It's time to come out of the presidential palace. My godmother told me personally. When I return to Tongcheng, I have to pay attention to my identity. I'm sorry."

After she finished speaking, she owed her body slightly, no matter whether Chairman Cao's face was ashen, she took the lead to enter the venue.

He Chi helplessly spread his hands, "Chairman Cao, do you have any offspring? The days are too leisurely. Don't look at Miss Lin's divorce, but the presidential palace still spoils her. No, it's the Chinese New Year. I just came back from the presidential palace to accompany my parents. After all, you know that it may be the last year of the Lin family in Tongcheng, which is extraordinary."

Chairman Cao's face changed slightly, and he regretted the impulse just now. "I heard that the Lin family is going to move to the capital. Is this true?"

"Otherwise, the land has been bought, and the villa has been bought. The process is naturally a little more difficult, but everyone in the Song family has support, and Miss Lin's own company is also thriving." He Chi smiled and glanced at Xin Ling. "Chairman Cao should keep an eye on the female partner next to her, and don't let her get into trouble for a while. After all, the cooperation between He's family and Renfei Group is that I don't want to change partners halfway."

After he finished speaking elegantly, he turned and left.

Xin Ling gritted his teeth and sneered, "He Chi has a good relationship with Lin Fanyue, so they scared us. A divorced Song family should not be a woman. What kind of background? Fox fake Huawei, Lei brother, do you think there is."

Chairman Cao stared at her blankly for a while, and said, "Please pay attention to me later, don't talk nonsense in it."

After all, he is very old. Appreciating Lin Fanyue is beautiful, but he is not willing to look down on Lin Fanyue.

But you have to admit that if something really happens, your own bunch of useless descendants will really be over.

Unbelievably, Xin Ling's eyes widened, and after a while, he bit his lip and bowed his head without speaking.

If it is said that she hates people most in her life, of course Lin Fanyue must be.

She was married to Song Rongshi before, and she couldn't help it. God knows how happy she was when she heard that Song Rongshi had derailed and abandoned Lin Fanyue.

#### Chapter 2176

It's true that the Lin family is developing well now, but the Renfei Group is not bad. She doesn't believe that the divorce is true. People can protect Lin Fanyue.

In the banquet hall, Lin Fanyue felt a little better after not seeing Xin Lingcha.

Her status is not ordinary, and there are also VIPs. Naturally, He's received the VIP seat in front of her.

There were a group of older women and old men all over the VIP table. She, a young woman sitting in it, caused the people in the banquet hall to pay attention.

"Who is that woman is pretty beautiful, but I think she will not have Huang Dong's lover when she sits next to Huang Dong."

Xin Ling immediately said to his wife next to him, "If there is no lover of Dong Huang, there is Lin Fanyue."

"She has Lin Fanyue? The one who cheated on her husband just after giving birth?"

"Yes indeed."

"Oh, it turns out that there is her, but it looks so pretty. It's so miserable."

"So a woman must not rely on her pregnancy to marry a wealthy family. It's up to you to

see if you don't like it or you don't like it or you don't have a child."

"I heard that she gave birth to a daughter from the Song family, let alone."

"Oh, girls must love themselves. They can't get pregnant before marriage. Lin Fanyue has the best example."

" "

When the topic reached Lin Fanyue's ears, it had become very embarrassing, as if she was shamelessly pregnant for money and fame, and first married her into the Song family. Everyone was educating her children as a bad example.

The most fierce discussion is that there are women in the banquet hall, but she doesn't understand why everyone has a woman, and

why it' s difficult for a woman to have a woman.

And the people who criticized her and the Tongcheng people are the people who have her hometown.

She was extremely disappointed and angry.

He Chi also felt very sorry to hear that, after all, this was at the Hejia banquet, "I'll help you find out who came out."

"No need to ask." Lin Fanyue glanced at Xin Ling. The latter smiled triumphantly when she saw her, "There is no one else but her."

He Chi's help is that Chairman Cao estimated that he had to go to social gatherings and he allowed Xin Ling to talk nonsense, "I think she has a very comfortable life. I will teach you a lesson."

"It's not that I have to teach it myself." Lin Fanyue said coldly.

He Chi shuddered when he looked at her face. He heard Lao Huo say that it was Lin Fanyue and Jiang Qingxin who had studied kung fu abroad for a period of time. He wanted to teach Xin Ling. It might be a trivial thing, but he took care of it. If Cao Dong was beaten by his wife at a banquet, Cao Dong would lose face. Maybe he would trouble Lin Fanyue.

After thinking about it, he sent a message in the group that the little sister Fanyue met Xin Ling and was bullied.

This group originally, he, Song Rongshi, Ji Ziyuan, Huo Xu later Jiang Qingxin also came in, but then after Song Rongshi and Huo Xu and the others collapsed, they automatically withdrew.

Jiang Qingxin answered in seconds? ? ? It's Brother He Chi who dares to bully Fanyue, but you won't clean up for her yourself?

He Chi, I also think it's just that Xin Ling's married father is the closest to our He family. The cooperation is that sister Fanyue has decided to do it herself. I am worried that Chairman Cao will trouble her afterwards.

#### Chapter 2177

Jiang Qingxin, there are real cats and dogs who can find us Fanyue. The trouble is to let Fanyue rest assured that something went wrong. I will bear it.

Huo Xu's wife is you for goodbye. The woman is so domineering because she has considered me, feel.

Jiang Qingxin Huo Xuguai.

Huo Xujiang fell in love with my wife.

He Chi's speechless is so good, it's enough to become a show of affection, is enough, is enough to eat dog food across the screen.

One minute later it was Jiang Qingxin who posted a circle of friends. Hehe, both cats and dogs dared to find my good sisters. The trouble was that I was mad at me.

Of course it was sent out, when she shielded everyone in the room, it was only visible to Song Qingrui and Lin Fanyue.

Lin Fanyue just had a meal, and when there was nothing to do, did he immediately comment below when he brushed up the circle of friends? ? ? You said, He Chi told you if I was there?

Jiang Qingxin returned to boldness in seconds, but I will bear the consequences for you.

Lin Fanyue sent a touch, crying, with an expression.

But just after posting, I found out that Song Qingrui appeared in the comment area. Who was bullied by Fanyue?

Lin Fanyue ""

She almost forgot that it was Song Qingrui's Jia Jiang Qingxin WeChat.

Just after thinking about the phone rang, Song Qingrui called.

She judged that it was Song Qingrui's beating a few more times, and it caused other people on the table to pay attention.

On the other side, people were unwilling. She had no choice but to walk outside with her mobile phone. After the phone was connected, she started to lose her temper and said, "Song Qingrui, you quarreled me for dinner, do you know."

"Are you sure you are eating and not watching Moments?" Song Qingrui said, "Who is bullying you."

"close."

"It's about me, it's a shit." Song Qingrui knew that she was about to say those four words again with her mouth being "what's going on."

"Myself, I won't tell you anything." Lin Fanyue snorted because she didn't even notice that she was getting more and more arrogant in front of Song Qingrui.

"That's it. If you don't tell me, I have to call your parents to say that I love their baby daughter for a long time, but now that the baby daughter is being bullied by others, I feel uncomfortable if I don't vent her anger." Song Qingrui was suddenly very melancholy. Say.

"Do you dare." Lin Fanyue threatened him with nothing but "Song Qingrui is how shameless you are now."

Song Qingrui said, "There is no way to be shameless and not chasing a girlfriend is shameless and cannot protect my love, man."

"Shameless." Lin Fanyue cursed in her mouth, but couldn't help it. When it became soft, the corners of her mouth were tilted.

"I have no face."

Lin Fanyue was completely helpless and said, "I don't need you to help me, I can only handle a few small things."

"But you must be in a bad mood now. Can you tell me about it? It might be better if you share it." Song Qingrui smiled and coaxed, "I want to be you, trash can."

"I don't want you to be me, trash can." Lin Fanyue hung up after speaking.

Back on the seat, Song Qingrui sent a "Happy Baby", WeChat red envelope.

In the hustle and bustle, there were other people around the banquet hall, and Lin Fanyue's eyes suddenly felt a lot better.

#### Chapter 2178

She knew very well that it was brought to her by Song Qingrui.

But she confiscated the red envelope because she had already received one today.

Song Qingrui sent a message and clicked on it.

Lin Fanyue, do you like buying girls with money?

Song Qingrui, Mr. Lin, you said these things that shame me, you are now earning, and I have more money than me. I am just a small office worker. My goal in life is to marry a beautiful and capable, rich woman. Buy one, get one free. , It' s a pity that people have never looked down on me, I can only silently and work hard.

Lin Fanyue lowered her head and almost laughed.

After the banquet, Chairman Cao didn't rush to leave, but chatted with a few business partners.

"Let their men go and talk, let's go upstairs to find Mrs. Wu who play mahjong." A rich lady took Xin Ling by her arm.

These wives with Xin Ling's heart and soul, the circle she had long wanted to integrate into, she knew that because of the bankruptcy of the Xin family, together with her and Jiang Peiyuan, few Tongcheng wealthy circles could afford her.

She was trying to take this opportunity to get to know more people.

The wife took Xin Ling into a box upstairs, and there was no card game at all. The wife's only had Lin Fanyue sitting on a chaise longue with a smile and staring at Xin Ling.

"Ms. Lin's people brought you here and I will leave first." The wife brought the people quickly, and shut the door as she flashed out.

When Xin Ling noticed something bad and wanted to open the door to go out, he found that the outside had been locked.

"Lin Fanyue's you fooled me into trying to do what." Xin Ling said as he wanted to open the packet to get the phone.

Where did Lin Fanyue make her want to throw her bag and mobile phone in two or two, far away, then a few big slaps and bow left and right, "You don' t like me to gossip, come on, I' ll let you say enough ."

Xin Ling wanted to resist, but it was not Lin Fanyue at all. The opponent's Lin Fanyue sat on her completely unilaterally and beaten her.

"I really didn't want to trouble you, because you are too weak" Lin Fanyue screamed while beating, "Who knows that you are not so long-eyed, I rarely return to Tongcheng for a year, and you still don't know where you live and die. I really didn't pay attention to the Renfei group that was so great because you married a bad old man in front of me."

"But I've seen whether the bad old man after today can look at you."

After Lin Fanyue finished speaking, she began to tear open her clothes.

Xin Ling was frightened and wanted to struggle, but her head was instigated, and her buzzing face hurts. She regretted her death. She didn't expect that Lin Fanyue would be so crazy and even dared to retaliate at the wedding.

She was obviously not like this before. She was snatched away by her. Jiang Peiyuan did not dare to take her. Even after she married Song Rong, she did not return to Tongcheng to make trouble for herself. She thought that Lin Fanyue was very weak.

She only saw this point before daring to be unscrupulous, walking her in the banquet hall, rumors.

"It just so happens that today the new hatred and the old hatred are all together."

Lin Fanyue knocked her out, then took off her clothes and threw her on the bed. She tidied up and walked away.

After half an hour, the reporter rushed over and took pictures of Renfei Group. The chairman of the board was newly married. His wife and a hotel attendant were fighting on the bed. The fiery Cao Dong fainted on

the spot when he saw the anger of the scene with his own eyes.

Lin Fanyue only found out about this in the afternoon, and she was a little stunned. She called and asked He Chi, "They really happened? Didn't I just take some ambiguous pictures?"

He Chi said in a weird tone, "I'm also inexplicable, okay, I just wanted to help you teach Xin Ling a lesson."

"I'm sorry, the Cao family won't bother you, right" Lin Fanyue felt guilty.

"Oh, I guess I don't have time. I just received the news that Chairman Cao committed something in the early years, but it was settled with money at that time, but suddenly I heard that he was locked up in prison. Immediately after Chairman Cao woke up, he was taken away by the police

station." He Chi was mysterious and said,  
"Ms. Lin will not be yours, let's do it."
