

## Chapter 706

Tom was defeated.

His strength was still a little weaker than Fausto.

However, he reacted so quickly and held Fausto's punch with both arms. Otherwise, if he was hit by Fausto, he would be seriously injured and would lose his fighting ability completely.

Fausto was also shocked. That move was already his trump card and he thought it would hurt Tom seriously, but in the end, Tom stopped it.

In this way, he became angrier and wanted to kill Tom even more.

A person like Tom was a huge threat to

LT Organization. Tom was only under 30 years old and had already achieved such an achievement. Given a few more years later, it was likely that Tom would break through to the Immortal Realm. By then, the LT Organization would be threatened.

So, he had to stay here to kill Tom!

He did not stop and immediately rushed towards Tom. At such a fast speed, there was only a shadow. He came to Tom again and attacked again.

Tom's pupils contracted deeply, and the strong sense of crisis appeared again. He knew that Fausto had already set his heart on killing him. If he did not fight against him well, then it was very likely that he would die.

Tom was still curious that wasn't God of War here and why he had not come to save him?

No matter what, he had to deal with Fausto with all his heart. No matter what, he could not die, either.

He quickly calmed down and fought with Fausto.

Fausto's sword was so lethal that it penetrated through every inch of Tom's body, and within a short while, many wounds had appeared all over his body.

However, he slowly began to adapt to Fausto's attack, not as awkward as before.

Fausto was now completely pressed against Tom who could not fight back at all.

If this continued, Tom would lose sooner or later.

Sure enough, when Fausto made that move again, Tom was already unable to resist. Feeling that he was about to be seriously injured, Tom was nervous. Wasn't God of War here?

If that was the case, then he would be killed.

As soon as he thought of this, he heard a sigh. "Fausto. Tom is from H Country. You dare to kill him?"

It was God of War--Albert.

Tom breathed a sigh of relief when he heard this voice. Fortunately, he made the right bet. God of War would not let it go.

When Fausto heard this voice, his expression changed rapidly. He gritted his teeth. He had to kill Tom before God of War arrived!

"Fausto, how dare you?!" God of War was furious.

Tom also felt a huge pressure in an instant and roared. Facing Fausto, he released all his potential.

He fought Fausto in his strongest way.

With a loud bang, the two of them collided. As a result, Tom flew out heavily, spitting out a large mouthful of

blood.

Fausto, on the other hand, was not happy. Instead, he showed disappointment and anger because he knew that he only hurt Tom.

At the same time, Albert had arrived, and his face was cold. "Fausto, how dare you!"

He was so angry, threatening all the living things in King's Landing Mountain. As for the people who were watching, they were now all scared, pale, and could not think of anything. They looked at the figure on the top of the mountain, as if they were looking at a god. Many of them knelt down directly.

Even Fausto's face was pale now. Even if he was the most powerful in the Immortal Realm, but facing Albert, he would still feel incomparable fear. After all, Albert was known as the God of War in H Country!

The moment he saw Albert, he did not dare to fight at all, just turning around to run.

As someone who had been with the Saint King for many years, Fausto knew how terrifying the Immortal Realm was! He was no match for Albert at all.

However, no matter how fast he was, he could not stop Albert. Albert just waved his hand and hit Fausto with an invisible internal force. Suddenly,

Fausto felt as if he had suffered a huge blow, flying out and falling heavily to the ground!

Fausto spat out blood, his face being very pale.

This change made everyone stunned and numb. Fausto, an invincible figure, was seriously injured by a slap. It was too scary.

Even Tom was frightened. He knew that Albert was very strong. However, he still did not expect that Albert would be so strong. Just now, Albert just waved his hand and hit someone in the air, and Fausto was severely injured!

At the foot of King's Landing

Mountain, when Redford, Shaw, and Waylon saw Albert appear, they all showed enthusiasm and awe. They knelt down and shouted loudly, "God of War!"

"God of War!"

"Your Excellency God of War!"

Others realized that the middle-aged man who looked elegant and easy-going was actually the myth of H Country, silently guarding H Country as God of War!

Soon, they knelt down and shouted at God of War.

This scene was very shocking. Albert was the only true god in King's Landing Mountain at this moment, and he was

respected by thousands of people.

Albert seemed to have gotten used to this scene. He waved his hand and motioned for them to stand up.

Tom stood up at this moment. When seeing this scene, Tom was still quite envious and yearning about Albert's detached identity in H Country.

A man should be like Albert.

One should be such a powerful man in H Country in his life.

Once upon a time, Tom was also eager to become someone that everyone admired.

Albert looked back at Tom. Seeing that Tom was fine, he nodded slightly, and

then he was going to catch Fausto.

Although Fausto was very strong, he was just nothing to Albert.

However, at this moment, another voice seemed to be coming from the sky. "Albert, you're going too far!"

## Chapter 707

When Albert heard this voice, his eyes narrowed and filled with surprise and fear, because he recognized the voice!

Fausto, who had been in despair, suddenly widened his eyes when he heard this voice, and he now had hopes and ecstasy. He knelt down and shouted to the sky, "Your highness the Saint King!!"

And his eyes were full of worship and fanaticism. Only the King of LT Organization could make Fausto be so humble.

Tom also narrowed his eyes, and his heart beat much faster. He did not know whether it was his illusion or not.

When he heard this voice, he had an indescribable sense of familiarity, as if he had heard it somewhere.

He thought about it carefully, but in vain.

However, he was still very shocked. He did not expect that this final battle between him and Reid would attract the King of LT Organization!

He spread his Spiritual Sense out and wanted to explore the position of King of LT Organization, but he could not. And his sense was blocked seemingly by a needle, which made him painful.

He was shocked because the strength of Raoul was far beyond his imagination.

As for the rest people, they were all shocked.

"Did I hear it correctly? That's King of LT Organization's voice?"

"It must be. Look, even Fausto knelt down. What else could make Fausto kneel down except the Saint King?"

"King of LT Organization, a person at his peak. I heard that even the God of War is not his match! He's terrifying."

"Yeah, and I didn't even hear where his voice came from. Why do I feel like it's everywhere? It's too weird."

"He's the legendary master of the Immortal Realm which is also known as the God Becoming Level. How can we ordinary people know him?"

Everyone present was talking with excitement. Of course they knew King of LT Organization!

Waylon, Redford, and others were so scared and their face even turned pale.

"Didn't people say that he was already dead? How could he still be here?"

"It seems to be a rumor. He is not dead yet. It seems that he is still the most powerful."

"This is too scary. Rumor has it that he has lived for nearly a hundred years."

Sunny heard that the King of LT Organization appeared, being worried. She bit her lips tightly, seemingly desperate and sad.

Tom would still have a chance to survive when facing Fausto. But now that Raoul appeared, Tom would be dead. Even Albert could not protect Tom!

Albert looked up and looked in a certain direction. It seemed that Raoul was standing in the clouds with his hands behind his back, and Albert spoke, "Raoul, you finally appeared."

Between heaven and earth, Raoul's voice came again. His voice was like God's, which was hard to forget.

"Albert, you've been looking for me all these years. For your master's sake, I didn't take you seriously. Do you really think I am afraid of you?" Raoul's voice

swept over like a tidal wave. It sounded like it was no longer a human's voice but it was the will of the god, which was deafening and shocking!

Tom, as the top master of the Major Perfection Realm of Innate Realm, was already very powerful. However, he still felt uncomfortable when hearing Raoul's voice. He was under unprecedented pressure as if he was the enemy of the whole world and that heaven and earth were pressing on him.

Even he was like this, let alone the others. More than two-thirds of the people could not bear Raoul's pressure. They fell to their knees and submitted to Raoul, not daring to raise their heads.

Obviously, Raoul was not an ordinary person, being pursued by thousands of big shots. Now they were humbly kneeling down as if they were worshiping God, not daring to say anything.

Tom was shocked to see the scene!

Originally, he thought that he had no difference from King of LT Organization, but now it seemed that he was wrong!

Albert frowned, not expecting Raoul to be so powerful, but he was not timid. Instead, he snorted heavily, as if a nuclear bomb had exploded in the air. "Raoul, you old man. Today, I'll beat Fausto to death in front of you. I want

to see what you can do!"

After saying this, he opened his fingers and grabbed Fausto from dozens of meters, as if he was trying to catch Fausto without touching him.

At this moment, Fausto immediately felt an unprecedented pressure, which made him scared.

Albert did not catch Fausto, but Fausto felt great pressure. It was as if an invisible big hand had grabbed him and wanted to crush him!

He had never experienced something like that.

"My Saint King, save me..."

Fausto called for help.

The Saint King in the sky seemed to be furious. He roared loudly, "How dare you!"

It seemed that there was really a thunder rolling, and the whole world became angry and rumbled. Then, a strong wind blew Fausto and Albert.

King of LT Organization took action, but no one could see how he appeared, not even where he was.

Albert frowned. His power to restrain Fausto was cut off, but he did not give up. Instead, he snorted, which sounded like a nuclear bomb exploding. This time, he disappeared in place and chased after King of LT Organization, leaving only a sound. "Raoul, show

your true colors and I'd like to see  
whether you're that powerful or not!"

## Chapter 708

Albert took the initiative to attack Raoul.

Tom's brows twitched violently, his heart surging with anticipation. His eyes followed, but he could not catch the two of them.

They seemed to have reached a dimension that ordinary people could not see, which was very unscientific.

As for the others, they were even more confused. They could not figure out why Albert disappeared quickly.

In the sky, there were fierce fighting sounds from all directions, but people could not find anything. This feeling

was really strange. At that moment, even Tom had a question that Albert and Raoul had become gods?

But soon, he denied it. It was impossible. It was just that their strength had reached a certain level, and their mental strength was incomparably strong. So people could not see them.

However, it had to be said that the Immortal Realm was really scary. It was no longer the same as the Innate Realm. It was even greater than the Innate Realm and ordinary people! No wonder, looking around the world, there were very few people who could achieve the level of Immortal Realm.

"Albert, I admit that you are a rare

genius in a hundred years. Unfortunately, you are still not enough to be my opponent. Just stop."

"Raoul! This is no longer your time. You have lived for a hundred years. It's time for you to leave now! You can't escape today!"

"Ha ha ha. Albert, do you think I don't know what you're doing? You think you can do anything to me? Young man, you underestimate me."

"Really? Then I want to see if you are strong!"

There was another violent explosion in the sky. The sound was so loud that it was deafening that many people could not help but cover their ears.

Even people far away heard the sound and looked over one after another, thinking that something big had happened.

Tom was shocked. Was that Immortal Realm? But why did Tom always have an indescribable sense of familiarity with Raoul?

When did he meet this mysterious Saint King?

He recalled it carefully, but in vain. He shook his head and thought it was impossible to have seen the Saint King in private.

Now it was Raoul and Albert who controlled the situation.

At this moment, Tom felt a familiar

gaze. He looked back and saw Sunny in red coming over. Biting her lips, Sunny said bluntly, "What are you still standing there for? Run!"

Tom said, "Why I need to run?"

"Albert can't be a match for the Saint King. Later, maybe you can't run away. You killed Reid. The Saint King will definitely kill you!" Sunny said worriedly.

Tom was very moved, looking at Sunny to say, "You are from the LT Organization. Aren't you afraid of being punished by the Saint King?"

Sunny looked away and said, "I grew up in the organization. The Saint King won't kill me. But you're different.

You're the son of the previous Saintess. He was going to kill you. So you'd better run!"

Tom said, "Sunny, why do you care so much about me?"

Sunny paused for a moment, reacting unnaturally. She snorted heavily, moved her face aside, and said insincerely, "Humph, don't misunderstand. I only reminded you like this for auntie's sake. What are you still standing there for? Run away! You really want to die?"

Tom shook his head and said, "I won't leave."

Sunny was so angry with him that she said bitterly, "Why are you so stupid?"

Are you really able to fight the Saint King because you defeated Reid? You have no idea how strong he is! There is no one in the world that he can't kill, including Albert!"

Tom did not doubt Sunny's words. Through the conversation between Albert and King of LT Organization, he probably guessed that Albert was not Raoul's opponent, but he still could not escape.

There was always a feeling in his heart that the Saint King would not kill him.

Moreover, most importantly, where could he escape to if the Saint King beat him? It would be better to stay.

Seeing Tom was arrogant, Sunny was

really angry. She would have slapped Tom!

She sighed and said to herself, "Anyway, I could not just watch Tom die. I would die together."

If Tom knew what she was thinking, he would definitely call her a weirdo. Unfortunately, Tom did not know.

Not long after, in the sky, a loud voice came from all directions, as if something had hit the ground heavily. "Albert, you lost."

Tom looked over and saw that Albert jumped out of the pit. Blood flowed from the corner of his mouth and wounds appeared on his body. His clothes were ragged and there was an

extra five finger mark on his chest.

Albert looked up and looked in a certain direction, his eyes full of unwillingness and fear, but he did not make a move. "Raoul, you don't have much life. I'll see how long you can live!"

Raoul did not respond. Instead, he rolled up Fausto and disappeared.

From the beginning to the end, Raoul did not attack Tom, nor did he say anything threatening Tom, as if he did not take Tom seriously.

Tom breathed a sigh of relief. It seemed that with Albert around, Raoul would not attack him. Or rather, he was nothing to Raoul at all.

However, just as he was relaxing, Raoul's voice came into his ear, "Tom, practice well. I'm looking at you."

Hearing this voice, Tom was stunned. For a moment, his expression froze and his heart beat faster. He actually felt a sense of intimacy hearing that!

## Chapter 709

Things had come to an end. Tom completely defeated and killed Reid. Now, Tom was at deep enmity with LT Organization.

Tom was supposed to be in the limelight. But in fact, the God of War, Albert, and Raoul were the ones who were in the limelight.

For a moment, the news spread and evoked worldwide repercussions. Raoul was back and had a big fight with the God of War, Albert. Besides, Raoul finally injured Albert. This was absolutely a piece of earth-shaking news!

A week had passed, and people still

kept discussing it.

In this week, Tom had heard a lot. Although most of the topics were about the shocking battle between Raoul and Albert, he found that his name, Tom, was also deeply remembered by others. From now on, no one dared to underestimate him anymore.

Even those people in Military Intelligence 2 like Waylon and Redford were now keeping a low profile. They didn't dare to show any dissatisfaction.

Ordinary people only paid attention to the shocking battle between Raoul and Albert. At most, they knew that Tom was also an absolutely powerful man, but compared to this, the news that

they cared about more was that Tom was now the person that God of War preferred. Thinking about this, they didn't dare to make enemies with Tom. Besides, Tom's strength had surpassed them.

Instead, they were praying that Tom would not pick on them.

During this week, Tom was mainly recuperating and building up strength. He often remembered what Raoul had said to him in the end. He wondered what Raoul meant. A big shot like Raoul must have a purpose in everything he said and did.

Was Raoul warning him? Or did Raoul have other ulterior motives?

Besides, Tom found Raoul's voice familiar. What was going on?

Tom had been thinking about it the whole week, but he didn't figure it out. Originally, he wanted to ask Albert. But after thinking about it carefully, he thought it was inappropriate.

Anyway, there was no need for him to worry. He shall just let nature take its course. If Raoul really wanted to pick him, then with his current strength, he would definitely not be able to resist. It would be better for him to relax and live as he wished.

When Phoebe knew that Tom had won, she breathed a sigh of relief and finally became relaxed.

Tom went back to the Scotts with Phoebe and had a meal. Now, the attitude of the people in the Scotts towards Tom had changed drastically. Even Richard, the head of the family, couldn't help but show some respect when he spoke to Tom!

Even Richard was like this, not to mention others in the Scotts members. Zack, who had humiliated Tom the most in the past, now kept flattering Tom, not daring to disregard Tom again.

"Tom, come on, let me give you a toast. I was ignorant back then and offended you a lot. Please forgive me."

As soon as Tom sat down, a man stood up voluntarily, toasted Tom, and drank

all the wine in his glass in one gulp.

Tom had an impression this cousin. In the past, Tom was bullied by him when Tom was still a useless matrilocal son-in-law. But things in the past had already happened. Now that it had been so long and so many things had happened in the middle, Tom had long forgotten things in the past. Tom smiled, drank the wine in his glass, and smiled, "I don't remember what happened in the past. Cousin, don't take it to heart."

He looked at Tom gratefully and said, "Tom is such a generous man!"

Then, others toasted Tom one after another. Even the elders were the same. Now Tom had become the

backbone of the Scotts. As the head of the family, Richard did not have any dissatisfaction. Instead, Richard was especially glad that he did not stop Tom from being a matrilocal son-in-law in the Scotts. Otherwise, the Scotts would be over long ago.

Tom was the fortune of the Scotts.

"Hey, you guys, stop. You take turns to ask Tom to drink. What if Tom gets drunk?" Tom's mother-in-law, Elizabeth, immediately said unhappily. She now regarded Tom as a treasure. Ever since Tom succeeded, she had been living a good life. She was the most glorious one when she was compared with other women around her. And this honor was brought to her by Tom.

Tom smiled and said, "It's okay. I can drink a lot. I won't get drunk."

Indeed, he was now at the Major Perfection Realm of Innate Realm. The wine meant nothing to him and it would not affect him at all.

Phoebe, who was next to him, saw this and smiled happily.

The whole family was indeed happy.

Suddenly, someone said curiously, "By the way, where are Logan and Korbyn? Where have they gone? Why haven't they arrived yet?"

When others heard this, they realized that Logan and Korbyn were not here.

"Zack, didn't you tell Logan and Korbyn that they were going to be there? Tom is here today, but they are late! How rude! Ask them to come back quickly!"

Richard said sullenly. As soon as Richard spoke, Zack became nervous. Zack said quickly, "Grandpa, it has nothing to do with me. I've already told them that they can't be late for the party today. They also agreed. Who knew it would be like this?"

Zack looked aggrieved, and at the same time, he was very angry. Today, Logan and Korbyn, the younger generation, did not show up. As their big brother, he felt a little embarrassing!

The most important thing was that

Tom had come to this party and they dared not come. It was disrespectful. If they were caught, he would have to beat them up!

"What the hell? These brats want to be beaten up, right? They even dare to be late for such an important party today. How dare they!" Richard cursed angrily, then said in a deep voice, "Call these brats now and tell them to come back as fast as possible, or they won't have to come back."

It was obvious that Richard was angry.

Phoebe frowned slightly and thought that Richard was making a big deal out of it. "Grandpa, Logan and Korbyn are still young. They might have gone out to play. Just call them and let them

know. There's no need to be so angry."

Richard looked at Tom. He wanted to know Tom's attitude. Now, Tom was the head of the Scotts. If Tom had any dissatisfaction with the Scotts, then the Scotts would be over.

Tom also felt quite speechless when he saw Richard's reaction. Ever since he became famous, the Scotts treated him like an emperor. He was really not used to it. He was still used to the kind of harmonious life he used to have.

However, after thinking about it, Tom nodded and said, "Call them to see if something happened to them."

## Chapter 710

Phoebe was shocked to hear that. "What happened? They won't be in trouble again, will they?"

Tom nodded and said, "It's possible."

Unlike the others in the Scotts, Phoebe was worried. Zack smiled, "I don't think so. They are not stupid. If they really caused trouble, they will definitely mention your name immediately. As long as the other party is not blind, they won't dare to do anything to them."

Richard nodded as well. He said calmly, "Zack is right. Now, no one in H City dares to do anything to us. Tom, we should thank you! Well, let me make a

toast to you."

As he spoke, Richard stood up. He humbled himself and toasted Tom.

Tom was quite helpless, thinking that he's better not to come back to the Scotts frequently. He found himself uncomfortable now.

Fortunately, the Scotts didn't know what Tom was thinking, or they would definitely regret it.

On this side, Zack called. After a while, he ran over in a panic. "Something goes wrong with Logan and Korbyn!"

"What?!" His mother-in-law Elizabeth immediately stood up and said nervously, "Zack, please speak clearly. What happened to them? Car

accident?!"

The other people became nervous immediately. The Scotts was truly a first-class family in H City, and their prestige directly surpassed that of the Howards. No one dared to offend them.

Besides, despite that Logan and Korbyn were naughty, they wouldn't go too far.

So the first thing that came to their mind was whether Logan and Korbyn were in a car accident!

Everyone looked at Zack nervously.

Zack swallowed and shook his head. "No, they didn't have a car accident. It was said that they offended the big

shot and are now detained!"

Richard immediately hit his crutch hard and scolded, "How dare! What kind of big shot dare to arrest our the Scotts's men!"

Zack looked over and said weakly, "Grandpa, this time, Logan and Korbyn seem to be in trouble. Just now, I heard from the phone that they seem to offend someone from Y City with high status..."

Richard's face immediately turned pale, and he trembled slightly.

As for the others, they were even more frightened.

They understood what Zack meant. The person they offended was

obviously a big shot who was not someone that a business family like the Scotts could afford to offend!

Tom also frowned slightly. In G State, he was able to smooth anything out as long as it was not murder, arson, and adultery. However, he found it was tricky as the other party was a big shot in Y City.

This time, James was a little flustered. He quickly asked, "Is Logan and Korbyn okay now? Where are they? Oh, if I had known that, I shouldn't have let him out yesterday. He keeps causing trouble for our family! Now he provoked a big shot in Y City. No matter how rich our family is, we can't afford to offend!"

As he spoke, he secretly glanced at Tom. At this time, he was the only one who could help.

Elizabeth understood this as well. She immediately echoed, "Yes! These black sheep. But we can't just stand by and do nothing. We have to save them."

Tom easily knew that his father-in-law and mother-in-law were acting. This was the trouble of successful people. As it said, one man succeeded, and all the people who had a relationship with him were benefited. With his success, his status in the family and circle was greatly improved. However, the people around him would also swell up because of his strength and cause trouble inevitably, and he would be the one to handle it.

Tom had thought about this before, and he was too busy to arrange it. Now it seemed that he had to do something.

Otherwise, he had to deal with problems one after another.

So Tom said directly, "Where are Logan and Korbyn? I'll go straight over."

Hearing his words, the Scotts breathed a sigh of relief. They believed Tom was able to smooth anything out.

Zack shook his head and said, "I don't know..."

Tom said, "Call him again."

"Okay."

Zack nodded and was about to make a call when his phone rang suddenly.

When he saw the caller ID, he immediately said to Tom, "It's Logan!"

Tom nodded and said, "Answer it. Turn on the speaker."

Zack did as he was told. After answering the phone, he turned on the speaker. Immediately, a familiar voice came from the phone. "Brother Hao, help me! They're going to cut our hands and feet off. We don't want to be crippled. Woo, woo..."

It was Logan's voice, full of panic and helplessness, and his voice was trembling. The Scotts's face changed immediately and their hearts ached

when they heard this voice.

In addition to Logan's voice, there were faint cries of a few people beside him, helpless and panicked. They were obviously Korbyn and the others.

Elizabeth panicked. She quickly walked over and said, "Son, are you okay? Don't be afraid. Your brother-in-law will save you right away!"

Logan immediately became hopeful and said excitedly, "Tom! Tom! Come and save me! They're going to chop our hands and feet and throw us into the sea to feed the fish. We don't want to die..."

He cried with tears and snot, looking especially frightened. He was

obviously frightened out of his wits.

And after he finished speaking, he was obviously kicked and gave a shrill cry. He was sobbing, like a poor puppy.

Tom frowned and his eyes flashed with anger!

He said directly, "Where are you? I'll come to you right away."

However, there was no response on the phone, only the faint sobbing of Logan and the others could be heard.

It came with the punching, and it was obvious that Logan and Korbyn were beaten up again, which made the Scotts even more worried, and Tom was also angry.

"Hello, I'm Tom. You should have heard my name. These are my brothers. Do me a favor and tell me where you are. I'll go and save them."

Finally, a voice came from the phone...

## Chapter 711

"Oh, it seems you are someone in this place." The man was teasing, "Okay, I'll give you 20 minutes to find my location. But if you exceed 20 minutes, I'll throw these losers into the river."

Then the man hung up and didn't give Tom a chance to speak.

"What?! 20 minutes! H City is so big. No one can find someone in 20 minutes!"

"What are we going to do now? That man seems going to harm Logan."

"Tom, you're the most capable one among us. Think of a way..."

Now that the entire the Scotts was

helpless, they could only count on Tom.

Tom frowned slightly. He could tell that they must be powerful as they didn't take him seriously at all.

It was challenging to find a man in H City in 20 minutes, and it was impossible to do so by labor power.

"Don't worry, guys. I'll think of something." Tom said in a low but clear voice to calm them down.

Soon, Tom called Thorn and asked him for help.

As a big organization at home, it was not hard for Military Intelligence 3 to locate the domestic mobile phone. It didn't take long in such a big data era. Tom was sure that he could locate that

man, but he worried that the man was far away from here. Even if he knew the place, it would be difficult for him to get there in time.

Thorn did not disappoint him. It only took a minute to find the place.

Tom's heart thumped when he knew the place. What he was worried about happened. That man was far from here. It would take him at least an hour for him to drive there.

In this way, he had to go by himself.

"I found the place. It's a bit far from here. It's on the east side." Tom said.

Elizabeth's face turned pale. She said sadly, "It's all over. It will take at least an hour to get there. It's impossible to

get there in 20 minutes!"

"Right. What should we do? Why don't we call the police and let them deal with it?"

"Yes, call the police. We can't let anything happen to Logan and Korbyn!"

They panicked, and even Phoebe was flustered, but she did not show her nervousness. She believed that Tom could definitely save them. She had an instinctive belief in Tom after so many times.

Tom shook his head and said, "It's useless to call the police. Those men are powerful people in Y City. Calling the police will not do anything well. I'll

go there myself. Wait here for me."

Richard asked, "But it's far from here. We haven't prepared the helicopter in advance. We can't make it there in 20 minutes!"

This was also something the other people were worried about.

Tom smiled and said, "It's not a big deal. I have my way to get there. Alright, don't waste time. I'll get there right away. Just wait for my good news."

Phoebe nodded and said to Tom deeply, "We'll do as you say. Be safe."

"I will."

After that, Tom left directly.

Three minutes passed, and he had to arrive at the destination in 17 minutes. This was unimaginable to ordinary people. The distance from here to the destination was nearly fifty kilometers in a straight line!

But it was no difficulty for Tom.

He could actually make it in less than 17 minutes.

He was the Major Perfection Realm of Innate Realm. It was a piece of cake for him.

He went straight up to the roof and started running.

In other words, parkour. Only young people with good physical quality and great courage could do this.

It was almost flying. He dived forward and jumped hundreds of meters. His speed was almost as fast as the speed of sound.

Even if people saw him, they could only see something flash by. They wouldn't see him clearly.

Tom had run like this when he was still in the fourth stage of Innate Realm. But now, his cultivation has improved greatly, and he had reached Major Perfection Realm of Innate Realm. He became even faster.

Tom was running, and a gust of wind blew past his ears. He was hundreds of meters above the ground, and it really seemed that he was flying.

He was thrilled. His martial arts had advanced by leaps and bounds in the past two years. He had reached the peak, and he still felt proud of himself even now.

Who in the world could achieve this?

Moreover, his achievements would definitely go beyond this. One day, he would break through to Immortal Realm, the legendary God Becoming Level.

How exciting that would be!

That day, the shocking battle between God of War Albert and Raoul left a deep impression on him. This was no longer a battle he could understand. He could imagine that he must have a

transformation once he reached God Becoming Level.

Time passed. Tom ran so fast, but he didn't expend much energy. It took him only 15 minutes to get to the destination.

His mind expanded, and he sensed the situation in the room.

Logan, Korbyn, and the others had been beaten up and bruised. They kneeled on the ground. There were more than a dozen people in the room, eight of whom were ordinary people. The other six were masters, including two masters of Innate Realm!

Although they couldn't hold a candle to him, they were at the third stage of

Innate Realm, which surprised Tom. Why were there so many masters of Innate Realm now? Such masters were rare two years ago.

"Mr. Watson, 20 minutes have passed. That brat's rescuer hasn't come yet. It seems that his rescuer is a nobody. Let's kill them." Said an arrogant and domineering young man. He kicked Logan hard, and Logan screamed in pain.

"You can't kill us! Our brother-in-law is Tom. He's great! He's on his way here now. If you dare to lay a finger on us, he will never let you off!" Logan gritted his teeth and said. His face was swollen, and he was in a terrible condition.

Korbyn echoed, "That's right. Our

brother-in-law is the most powerful man in G State and the chairman of the ZQ Media. You'd better let us go. Otherwise, you will be dead when he comes!"

They said so, but their bodies were trembling violently. They were scared out of their wits, and now they were struggling to hold on.

## Chapter 712

Sure enough, after they finished speaking, they were beaten up again. "You will be beaten to die soon. How dare you talk so hard?"

They could know that the young people in the middle had strong backgrounds at a glance. They were arrogant and looked down on everything. It seemed that on this piece of land in H Country, they were the overlords, and they could do whatever they wanted to do at their will.

They beat up Logan and the others. They had a great time, especially when they heard Logan and the others screaming and begging for mercy.

These days, they came to G State to travel. During the time, they were arrogant and overbearing. After all, there were two people who were at Innate Realm beside them, and no one could avenge them. They happened to meet Logan's new girlfriend and have a crush on her, so they teased her. Naturally, Logan couldn't let them go. He slapped one of them on the spot, but then he got into trouble. He and his men were beaten by these people.

Logan was now taught the worst lesson. He was bruised and trembling badly, but he still didn't beg for mercy and endured the pain.

"You, son of bitch. It's your honor that I like your girlfriend. How dare you fight

back? You want to die, right?" One of those people stepped on Logan's face and humiliated him. "Apologize, or I'll chop you up right now."

Logan was in great pain. He had never suffered such a miserable humiliation. If this happened in the past, he would have cried for mercy. But now, he was inexplicably stubborn, and there was a feeling in his mind that he should save his dignity because of Tom.

So no matter how painful it was, he didn't say anything.

Korbyn and the others were shocked to see Logan like this. This was not the Logan they knew. Korbyn said softly, "Logan, you'd better beg for mercy. Otherwise, you'll really be killed.

They're all crazy."

"He's right, Logan. We're far away from our brother-in-law. No matter how powerful he is, he can't come here in 20 minutes."

"Logan, apologize to them. You can't lose anything if you beg for mercy."

They all began to persuade Logan, but Logan was still very stubborn. He spat out a mouthful of blood and said firmly, "Bah! I won't beg for mercy! Just kill me if you have the gut."

His stubbornness made them angry. "Are you so tough? I'll see how tough you are! Break his legs first!"

Immediately, two people forcefully pressed Logan's leg down, and a man

held a long iron bar in his hand. He weighed it in his hand and looked cruel. "Are you a tough guy? I'll see if you can bear this!"

When Logan saw this, his scalp went numb and his face turned pale.

He swallowed hard, but he still kept his mouth shut and refused to give in. He had an inexplicable obsession in his heart that Tom would definitely come to save him in time. Because in his mind, Tom was omnipotent.

"If you don't beg now, then go to hell!" The man's face became ferocious. He raised the iron bar with both hands and wanted to throw it heavily on Logan's legs!

This time, Korbyn and the others were shocked.

It could be imagined that Logan would be crippled with such a knock. They couldn't bear to look anymore and closed their eyes.

However, at this moment, there was a loud sound, which resounded throughout the audience. Almost at the same time, the iron bar was bounced off by a sudden stone.

A powerful force brought the man back a few steps and he fell to the ground.

This sudden change surprised everyone present.

The two people who were at the

Innate Realm reacted the fastest. They immediately became serious and entered the state of battle. They looked around, looking for Tom's position.

Then came Tom's voice, "Who gave you the courage to bully my family?"

When Logan heard this voice, he was stunned for a moment, then burst into tears of joy and shouted excitedly, "Brother-in-law is here! He is here! Great!!!"

Korbyn and the others finally came to their senses. They were all excited and cheered. "Great! We can be saved now!"

Everyone in the room frowned and

their faces darkened when they saw Logan and the others' reaction.

"Who is it? Show yourself!"

"Don't play tricks there!"

A few of those people were shouting, and the words they said were very unpleasant. But soon, they fell to their knees and screamed. It was Tom who did it again. The coins were bounced out and hit them directly on the knees, causing them to kneel down and cry.

With Tom's current strength, it was easy to teach these brats a lesson. As for the two people who were at Innate Realm, he did not take them seriously.

The person who had just been called 'Mr. Watson' seemed to be the most

powerful person here. He frowned and stood up, exuding a strong aura. He was just an ordinary person, but because of his extraordinary background and noble status, he had a strong aura that ordinary people didn't have.

"Tom, right? It seems that you are very good. You actually come here in 20 minutes. Since you're here, don't hide yourself. Come out." Mr. Watson said in a deep voice. He narrowed his eyes and didn't look panicked at all. He was one of them, but he was much better than the others. He was obviously as calm and stable as a superior.

But after he finished speaking, Tom still didn't show up. He couldn't help but sneer and say, "You're here, but you

don't dare to show up yet? I just heard that you were the most powerful person in G State. I don't think so."

Others also began to laugh, thinking that Tom was at most just a reckless man. Such a trash! Even if his martial arts training was strong, he was still trash.

However, soon, Tom said, "I've been behind you all the time. But you don't notice it. In my opinion, all of you are trash."

Hearing this, Mr. Watson's heart skipped a beat, and he was frightened. Tom's voice seemed to come from behind him, making him nervous in an instant!

He reflexively looked back and saw a half-smiling face behind him, only three meters away.

## Chapter 713

They looked around and couldn't find him. But now Tom suddenly appeared behind him so closely, every normal person would get scared.

Soon, Mr. Watson saw the playful expression on Tom's face and immediately became angry with embarrassment. He cursed, "How dare you hide behind me and play tricks? You are asking for death! Go, my men. Catch this jerk!"

Mr. Watson waved his big hand and launched an attack at Tom. He was famous in Y City. In a small place like H City, he could swagger around. However, he actually dared to look down on him. Now Tom hurt his

subordinates and even scared him. He was humiliated! Surely he couldn't tolerate that.

It was obvious that he was in a very high position. When the thugs heard his order, they immediately attacked Tom.

However, the two masters of the Innate Realm did not act rashly. Generally speaking, with their status and superiority, they did not need to fight such a low-level battle.

They had already scanned Tom and found that he was just an ordinary martial artist. The aura on his body was not strong. So they did not pay attention to him at all. If they knew that he was a master of the Major

Perfection Realm in the Innate Realm, they would definitely tremble with fear.

Faced with this situation, Tom did not even look at it and just waved his right hand. All these aggressive thugs seemed to have been shot and flew out at an extremely fast speed. They fell heavily on the ground and spat out blood.

"Damn it..."

All of a sudden, everyone was stunned. Mr. Watson and those second-generation rich men were all completely dumbfounded. They had never seen such a battle before. It was like magic. Tom had never touched these thugs. Why did they fly out?

Were they actors?

Soon, Logan and Korbyn shouted in exhilaration.

"Ha ha ha, brother-in-law, you are invincible!"

"Brother-in-law, you are indeed strong. Those losers were utterly routed!"

"Brother-in-law, you are so mighty and domineering!"

They had strong confidence in Tom. Seeing him, they had completely relaxed. Logan, particularly, shed tears and thought that his tolerance was worth it. He did not embarrass his brother-in-law!

"Fuck, what's going on?" Mr. Watson

couldn't help but curse. He looked at the two masters of the Innate Realm.

The two masters of the Innate Realm, let alone them, were surprised by Tom's movement because they didn't even see clearly how he did it. They couldn't help but look serious. They weren't stupid and soon realized that Tom was not an ordinary person but also a master of the Innate Realm!

They looked at each other and saw the seriousness in each other's eyes. One of them stood up and said, "We have misjudged you. You are also a master of the Innate Realm. No wonder you are so arrogant."

When Mr. Watson heard this, he was stunned and then surprised. Tom

looked so young. How could he be a master of the Innate Realm?

So what if he was a master of the Innate Realm? In front of him, Tom was also a loser!

He knew how powerful his two masters were. Even among the masters of the Innate Realm, they were powerful. How could Tom alone defeat these two masters? He was so young and obviously not that good.

He was even more excited. There was nothing more satisfying than humiliating a master of the Innate Realm.

"Well, it turns out that you are a master of the Innate Realm. No

wonder you are arrogant, tsk tsk." Mr. Watson said with a half-smile. He crossed his arms and looked at Tom with disdain as if he was looking at his prey.

The others understood what Mr. Watson meant, and now they were also excited with a bad smile on their faces. These arrogant and domineering second-generation rich men were supercilious and sinful because they were from prestigious families in Y City. They, the devils incarnate, had done all kinds of evils.

They had harmed numerous people but had never humiliated the masters of the Innate Realm. They didn't expect to meet this opportunity today.

Who was Tom? How couldn't he see the thoughts of these second-generation rich men? He shook his head angrily. He knew that they must have done a lot of things like this. Today, he would do justice and teach these second-generation rich men a good lesson!

"You second-generation rich men, it seems that your parents did not educate you well. So you are arrogant and used to doing a lot of bad things. Today, I will teach you a good lesson for your parents." Tom said coldly with his hands behind his back. His aura was very strong. Though he was obviously not much older than Mr. Watson and the others, they felt an invisible pressure as if Tom was much more senior.

Mr. Watson was even more embarrassed and annoyed. Even in Y City, he was renowned. Many people flattered him. But in a small place like H City, someone actually said that he would teach him a lesson for his elders, which already irritated him. He twitched his lips twice and looked ferocious, saying fiercely, "Who do you think you are? How dare you be arrogant in front of me? You are asking for death!"

The others were also furious at Tom. As second-generation rich men, their families were very strong. They had been arrogant and domineering since they were young. They thought others were inferior to others except for the people in their circle. Even if the

masters of the Innate Realm were just their lackeys.

And now Tom dared to humiliate them like this. He was bringing ruin upon himself!

"You're doomed!"

"I've seen arrogant people. But it's the first time I've seen someone reckless like you. You are unable to escape!"

"Don't nag so much with him. Ask Uncle Fu and Uncle Chan to take him down. I'm going to pee for him!"

"I will feed him shit!"

They were all shouting and extremely angry.

At this moment, Logan and Korbyn had already run behind Tom and relaxed. Korbyn said, "Brother-in-law, we must not let them go. They went too far. They not only bullied Logan's girlfriend but also beat us up so badly. We said your name, but they didn't take you seriously!"

"Yes, brother-in-law, they are so hateful..."

They told him what had happened just now. Tom finally understood and his eyes grew colder and colder.

## Chapter 714

Before he came here, he was worried that Logan and Korbyn, with his support, became arrogant and provoked the powerful people from Y City. If that was the case, then they were in the wrong and he would not take revenge.

But now, when he heard what happened and he knew the truth. It was not Logan and Korbyn who took the initiative to cause trouble, but these playboys who were looking for trouble, with sordid methods.

If it was someone else who knew their identities, they wouldn't dare to take revenge, so they could only swallow the bitter pill in silence. But Tom was

definitely not so timid. As the Major Perfection Realm of the Innate Realm, there was no need to be so timid.

"I see. I'll give you an explanation." Tom nodded and said to Logan and Korbyn.

Mr. Watson and the others lost their patience and ordered the two masters of the Innate Realm, "Uncle Fu, Uncle Chan, it's your turn to take this kid down. I need you to pull whatever strings to make them envy the dead."

Uncle Fu and Uncle Chan nodded, and then Uncle Fu said in a deep voice, "Pal, seeing that you are also the master of the Innate Realm, please surrender. Otherwise, if we attacked you, you will suffer the physical pain."

Uncle Chan also said, "Pal, These masters are hard to deal with, and you can't offend them. Even if you are a master of the Innate Realm, you are still nobody!"

They looked arrogant and did not take Tom seriously at all.

Indeed, they were confident because they were all the masters of the third stage of the Innate Realm and they had served the powerful for so many years. Tom, on the other hand, was in his early thirties at most. No matter how talented he was, he was the first stage at most. Compared with them, it was a different story.

Tom's expression became strange. Logically, he had a great reputation

now, especially after the fight with Thunder on the King's Landing Mountain. People in this circle were supposed to know him. Why didn't these two masters of the Innate Realm know him?

"You don't know me?" Tom couldn't help but ask curiously, "I'm Tom. Haven't you heard of me?"

Indeed, Tom was curious.

However, when they heard this, they did not react at all, even frowned, thinking that Tom was playing tricks on them. They were unhappy and thought that Tom did not take them seriously.

"We don't have much patience. Don't be shameless. When we attack, it

would be much worse than being humiliated." Uncle Fu said in a cold voice. After that, he released a powerful aura suddenly, sweeping over like a tidal wave. It did not affect Tom, but ordinary people, like Logan and Korbyn, were scared, their faces turned pale, and they trembled.

Uncle Chan also said, "I'll count to three. If you don't surrender, don't say I didn't warn you."

Tom sighed. Now he was sure that these two guys really didn't know him.

"I wanted to give you a chance not to suffer physical pain. Unexpectedly, you don't know me. Since that's the case, don't blame me." Tom shook his head and said.

What he said directly infuriated Uncle Fu and Uncle Chan. Obviously, Uncle Fu had a bad temper. He snorted coldly, "It's him chose to do it the hard way." Then he attacked Tom's neck with the move of Eagle Claw, hoping to capture Tom roughly.

In his eyes, a master of the first stage of the Innate Realm was nothing but an ant.

However, he rushed to Tom. But before he could touch Tom, he suddenly felt an unprecedented strong breath, erupting from Tom's body, which made his heart beat faster. He was shocked. At this moment, he felt that his vision was blocked and he looked up by instinct. What he saw was

only a palm falling from the sky. At that moment, he felt that he was Sun Wukong, the Monkey King in "Journey to the West", facing the palm of the Buddha, who couldn't escape.

He roared and tried his best to escape, only to find that there was no place to go, and he could not even resist it. He had no way but to watch Tom hit him hard on the shoulder. The slap was so powerful like Mount Tai that he couldn't resist at all. He knelt and his knee hit hard on the floor. He hit so strong that he cracked the floor, making a cracking sound.

Even his knees sank to the ground.

Then Tom kicked him away hard and he was hit against the wall behind him,

making a hole in it.

Uncle Fu, on the other hand, lost his fighting power and spat out blood. His pupils constricted, his eyes filling with fear and disbelief.

Tom ignored him. A slap and kick had destroyed Uncle Fu's fighting power.

He looked at Uncle Chan and said faintly, "It's your turn."

From Uncle Fu's attack to Tom's crushing defeat, it took no more than one second. It could be said that it was extremely fast. Now, Uncle Chan's face turned to pale instantly as Tom glared at him. He swallowed heavily, "You, you, you."

He knew well how powerful Uncle Fu

was. As a master of the third stage of the Innate Realm, no matter how bad he was, he shouldn't be crushed like this.

There was only one possibility that Tom's cultivation was far above them.

As for Mr. Watson and the others, they were dumbfounded and completely unable to react. They could not figure out why Tom was so powerful. It didn't make any sense.

"You, who the hell are you?" Uncle Chan's lips were trembling. He realized that Tom wasn't a nobody. Seen from Tom's strength, he was at the fourth stage of the Innate Realm at least, or even higher.

And such a powerful man could not be an ordinary person, whom they couldn't offend.

"I told you, I'm Tom. I thought you would retreat when you heard my name. I didn't expect you guys to not know me. Don't blame." Tom said with a smile which made Uncle Chan even more afraid.

"What kind of Realm are you? Why do you have such terrifying fighting power?" Uncle Chan asked in disbelief. No matter how he looked at Tom, he thought Tom was young. How could a young man have strong strength?

"I'm the Major Perfection Realm of the Innate Realm." Tom said faintly.

However, when Uncle Chan heard this, his legs were limp and his body trembled violently. He almost lost his balance, "Major Perfection Realm."

His mind went blank, and now he realized how stupid he was just now. How dare he threaten a top master of Major Perfection Realm of the Innate Realm?

## Chapter 715

As an expert in the Innate Realm, Uncle Chan knew very well what the Major Perfection Realm in the Innate Realm represented. This was definitely the peak of mankind! Although he was also a superior of the Innate Realm, he was just a big ant in front of the person in Major Perfection Realm of the Innate Realm.

Seeing Tom's playful expression, he felt his scalp tingled, and he was extremely afraid and regretful. He thought he had provoked a monster.

"I've heard you're going to do something harmful to me?" Tom asked.

Uncle Chan couldn't bear the pressure

at all. He quickly shook his head, waved his hand, and said, "No, no, senior, I was just joking! You don't have to take it to heart. If I knew that you were in the Major Perfection Realm of the Innate Realm, I absolutely do not dare to offend senior!"

Uncle Chan lowered his head deeply.

Tom did not pay too much attention to him. Chen was just a lackey of the second generation, and he didn't do any harmful things.

So Tom turned his eyes on these playboys and said, "What about you?"

The playboys now knew that they had kicked the iron plate. They did not have the courage to shout. They restrained

their arrogance and got the feeling of invisible fear especially due to the surrounded atmosphere of Tom.

"You're superior? I underestimate you!" Mr. Watson snorted loudly. He straightened his back and said, "I'll give you face for what happened today. I will not blame you anymore. Let's go."

When he finished, he turned around and left, acted as if he was above others. It looks like he was the winner as he stopped arguing with Tom.

But how could Tom let him leave for nothing? Apart from his current status which made him not need to fear these playboys, he could not just leave away as they bullied Logan, Korbyn and others. He is their brother-in-law.

"Hmph!" Tom stamped his foot. The ground trembled immediately as if an electric current spread from the ground to their feet, and a crack appeared around them.

"If you want to leave, you have to ask my opinion!" Tom said in a deep voice, full of authority. His sound turned into an air bomb and exploded in their ears, making their ears buzzing and their faces paler.

Although they were rich second generation and had a strong family relationship, they were used to being arrogant since they were young, but in essence, they were still ordinary people. Facing a strong man like Tom, they instinctively feared him, as if a

mouse had seen a cat.

Their facial expressions immediately changed, revealing fear and panic. They had never seen any one as powerful as Tom.

Even Mr. Watson was scared and couldn't help swallowing.

"Mr. Watson, what should we do? This guy seems to be very powerful."

"Mr. Watson, he is a rascal. We're not easy to suppress them..."

At this moment, these playboys began to lose their minds.

"Don't be panic. We're from Y City. Can't we be afraid of the grass-root? No matter how good his martial arts

are, he is only an amateur!" Mr. Watson pretended to be calm. When the rest heard his words, they slowly calmed down.

He turned around and said, "Tom, I admit I misjudged you this time. You win. But don't be ungrateful! We are powerful people from Y City. Even in Y City, our family can do everything we want. In such a small place like H City, I can turn it upside down in a short time! There is something wrong about this affair. We don't know each other before but I'll remember you, Tom. When you're free, you can come to Y City and I can entertain you personally. Now we plan to back, you're a smart person. You know what to do."

His words were very forceful. He

dared to threaten Tom and didn't treat Tom seriously at all.

After heard this, Tom smiled and said, "It seems that none of you have realized the current situation. Since that's the case, I need to wake you up."

As soon as Tom finished, he moved forward and strode towards the group of playboys.

The playboys were shocked and quickly retreated. Although there were many people, they had no ability to fight back against Tom.

"Hey! I'm warning you not to mess around. My dad is..."

One of the playboys cursed loudly, but before he could finish his words, Tom

slapped him hard on the face and sent him flying out. Half of his face was swollen.

Others were also shocked by Tom's actions. They didn't expect Tom to be so powerful and even dare to hit them. They were someone in Y City, and they were always the one to bully others. How ridiculous that they had been beaten! But now, Tom started this.

"You! You're dead. Do you know who we are? We could do everything bad on you ..."

"Noisy." Tom snorted impatiently. He struck and slapped him again. The boy was beaten to spun twice and fell to the ground in a terribly awkward position. He was already in a daze.

Crack, crack, crack...

Then, Tom struck out and slapped these playboys one by one. In a short while, he slapped them to the ground. Even their elders had never taught them such a lesson.

In particular, Mr. Watson, who was most heavily beaten, had two teeth knocked out. His intense anger occupied his brain, making him lose control. He shouted, "I'm going to kill you!"

He picked himself up and strode towards Tom, shaking his fists with full strength. He was no longer rational. It was easier than slapping a fly for Tom to slap such a playboy. He slapped

Watson on the other side of his face. The sound was even louder than before. He threw Watson out and made him landed heavily on the ground.

Tom had no good feelings for this kind of evil-doing playboys. He could have expected that these guys had definitely bullied many people. He beat them up completely for the good of heaven.

"You, you, you, you are dead! You are dead! I tell you! I'm already angry. Just wait to die. I'll kill you after a phone call!" Mr. Watson had completely lost his demeanor. His face was ferocious, extremely red, and swollen.

Tom shook his head and said,

"Unrepentant. You disappoint me."

When he stopped, Tom went to Mr. Watson again and lifted him in one hand. He continuously slapped him in the face. The loud sound of the slap intimidated the rest, making them numb. They no longer had the arrogance before and considered Tom as the devil and completely scared.

## Chapter 716

It would be strange if they weren't afraid of him. These people had never met such a bold person. He was powerful, bad-tempered, and was not afraid of their powerful and rich statuses in Y City at all. Instead, he taught them a lesson mercilessly.

They were usually very arrogant and fearless because of their powerful backgrounds. However, when they met such a fierce person as Tom, they immediately became cowards.

Uncle Fu and Uncle Chan, two masters of the Innate Realm, also felt numb and were in awe of Tom even more. Although they were the bodyguards of these rich playboys, they did not dare

to say no now.

As for Logan and Korbyn, they were very excited. They kept calling Tom's name and applauded him for being invincible and mighty.

They were so excited. Just now, these playboys insulted them and took them as animals. So they hated them so much and were glad to see their miserable situation now.

Mr. Watson had been slapped more than a dozen times. By now, he was numb from the pain, and he felt dizzy. He wasn't arrogant at all but gave in completely, pleading tearfully, "Don't beat me, dude. Don't. I know I was wrong. Boo..."

He was really afraid of Tom now. He had never seen such a fierce person in his life. It was too scary. He had a feeling that if he didn't beg for mercy, this madman would really kill him.

But Mr. Watson cherished his life more than anyone else.

Seeing that he had surrendered, Tom did not make things difficult for him anymore. He let go of him and said coldly, "Do you give in now?"

"Yes, yes, yes." Mr. Watson nodded quickly. Now he had lost his arrogance, looking like a frightened child who did not dare to say no.

Tom snorted and said, "You think you can disdain everyone else just because

you're from Y City. Do you think that people outside of your circle are all scum?"

These playboys did not dare to refute. They lowered their heads one by one and were extremely frightened.

Tom continued, "I know what you're thinking. You don't admit defeat in your heart. You want to call your family immediately and ask them to revenge on me. Sure, you can do that. But I, Tom, have nothing to be afraid of. If you have any dissatisfaction, you can challenge me. But let me put it this way. If you dare to bully my family, I will kill you, no matter who you are !"

After saying this, Tom grabbed the railings beside him and pulled them

hard. These railings entwined together. Then he threw it in front of Mr. Watson and the others who trembled uncontrollably.

"Go away." Tom waved his big hand and let them go.

They did not dare to linger any longer and went away in dejection.

After leaving, Mr. Watson went to the hospital immediately. He was beaten the most seriously, and several of his teeth were knocked off. It hurt him badly.

"Don't tell anyone about what happened just now. Understand? I will kill the one who lets out this secret!" Mr. Watson said, gritting his teeth.

The other playboys and their bodyguards quickly nodded and immediately said that they didn't see anything just now.

What happened just now was a great humiliation to them. If it was spread Y City, they would lose face.

However, when they thought of Tom's terrifying strength just now, they couldn't help but tremble and have a lingering fear. Even if they came out now, they were too afraid to have the idea of revenge.

Logan and Korbyn were so excited that they all wanted to learn martial arts from Tom. They wanted to learn his skills so that they could be so powerful without being afraid of villains.

In this regard, Tom just smiled. He knew that they were not talented to practice martial arts, and most importantly, they did not have such perseverance.

About half an hour later, Phoebe, Richard, and the others finally arrived by car. Their faces were full of worry and panic. They were all afraid that something had happened to Logan. If something really did happen, it would be terrible!

When they arrived, they were relieved to see that Logan and Korbyn were fine.

"Mom and dad, you're too late. You missed how imposing my brother-in-

law was just now!"

"That's right, my brother-in-law is super cool. Those guys from Y City were so beaten up by him that they didn't dare to say a word, especially their boss, who had been beaten the most badly by brother-in-law!"

"Ha ha ha, super cool. I even want to marry my brother-in-law!"

The people of the Scotts, hearing what they had just experienced, were even more grateful and reverent to Tom.

Phoebe took his hand and said affectionately, "Tom, thank you. We the Scotts are lucky to have you."

"Silly girl. What are you talking about? We are a family. We should help each

other." Tom gently pinched Phoebe's delicate nose, full of affection.

Tom's prestige in the Scotts became even greater. The little guys like Logan and Korbyn wanted to learn martial arts from Tom. But soon, when Tom said that they had to get up at six o'clock, run twenty kilometers, stand on the stake, and do other basic training every day, they immediately gave in.

Korbyn said they were lucky to have Tom as their a brother-in-law. Even if they didn't practice martial arts, they wouldn't be bullied. When the others heard this, they all agreed. Anyway, with this brother-in-law around, they didn't have to live a hard life.

The next day, Tom went to Y City to meet Amelia.

Speaking of which, he hadn't seen Amelia for a while, and he felt quite guilty.

Although he and Amelia had already established an official relationship, these days, because he had something to deal with, he had no time to care for Amelia and left her alone in Y City for a long time.

However, when Tom went to Y City this time, he did not tell Amelia directly on the phone because he wanted to surprise Amelia.

He didn't even say to Rufus. He sneaked over there alone and lay low.

Because he knew that once Rufus knew it, given Rufus's character, he would definitely make a grand and exaggerated welcome. Even though Tom was now number one in G State, he was still very low-key and did not like to be so high-key.

After arriving in Y City, he didn't go straight to Amelia but waited outside the company for her to get off work.

He knew that Amelia would get off work here every day at this point.

However, when he was almost there, a red sports car suddenly drove past at a high speed. Its speed had exceeded 80 yards in the city. The car didn't slow down and rushed straight over.

There was also a rumble from the engine, and Tom immediately frowned.

He had always disliked this kind of behavior, but he didn't want to pay attention to it. At this point, he sensed the danger. A little girl came out of a corner and was frightened by the sports car bursting in. She stayed still where she was.

Tom suddenly became nervous and knew something bad might happen.

## Chapter 717

The sports car sped by. In such a short distance, it couldn't stop in time and this little girl would be hit to the ground.

At this time, Tom didn't think much. He directly darted out, scooped the little girl up, and ducked the sports car before it hit them.

With his ability, it was easy to dodge a sports car. Even if he was hit, he would be fine. The only one injured was the sports car.

Tom was very angry at what the owner of the sports car did. He snorted coldly and then made an attack. When the sports car passed by, he kicked up the

stone on the ground and shot it at the front wheel of the sports car at high speed.

His strength was terrifying when he was angry. Not to mention the sports car tires, even the iron wall would be punctured.

So with a bang, the tire blew out. The sports car lost its balance and bumped into the tree nearby as it was moving so fast. The front of the car was dented.

This sudden change stunned everyone present. They did not expect that the little girl was so lucky that someone could suddenly appear and take her away when the car was so close to her.

The sports car suddenly had a flat tire and crashed into a tree, which was too coincidental.

Of course, none of them saw what Tom did.

The little girl was completely out of her mind. She was stunned at what had happened just now. After a while, she came back to her senses and cried out.

Tom quickly comforted her, "Little girl, don't cry. It's okay. Everything is fine."

The little girl was about seven years old and was extremely cute. If Tom hadn't happened to be here today, she would have been hit by the sports car just now. The young life would die. In this regard, Tom was still angry. In this

big city, people came and went. This guy actually drove so fast. He clearly did not take other people's lives seriously!

At this moment, the door of the sports car was opened. A greasy man dressed in brand-name clothes came out. He was injured on his forehead, and blood flowed into his face, making his originally ferocious expression even uglier.

When he came out, he shouted angrily, "You're risking your neck!"

He pointed at Tom's nose and cursed.

Seeing that his sports car was crashed into rubbish, he twitched his lips. This crash, at least, cost him hundreds of

thousands dollars!

He was dressed up so handsomely today to meet a beautiful woman. However, he actually had an accident. The man was pissed off.

He strode over, pointed at Tom's nose, and scolded, "Damn! Why did you rush out just now? My car was crashed. This is McLaren, worth millions of dollars. Can you afford it?"

He cursed profusely. It was very indecent. He almost killed someone just now. But now he didn't feel ashamed. Instead, he brought suit against his victims, which was very abominable!

Tom said coldly, "You are so shameless.

You drove so fast just now and almost hit the little girl. Once you hit, the little girl will die! Is your stupid sports car worth a person's life?"

The other party had no remorse at all. That man glanced at the plainly-dressed little girl whose face was a little dirty. He thought that she was the child of a poor family and had no powerful background, so he scolded disdainfully, "She is just a child from a poor family. What if she dies from a car accident? I can use the insurance. But now that my car is damaged and the repair fee costs millions. Can you two poor people afford it?"

He cursed loudly and aggressively, thinking of himself as superior to others because he was rich. His

behaviors made people uncomfortable.

Tom's eyes were even colder. Everyone who knew him knew that he was angry.

"You said we are poor. So do you think you're rich enough to ignore other people's lives?" Tom asked.

The other party snorted and said, "A poor man's life is cheap. So what if she died? I can tell at a glance that she is a poor girl. If she is killed by me, the insurance company will pay her family a sum of money. Maybe her parents will be grateful to me!"

When Tom heard this, he was really angry. He had never ignored the lives of others even he had been in a high

position and prestigious status. In his opinion, everyone was equal. Whether rich or poor, life was equally precious.

Now, when he heard this guy's words, he was already angry.

"According to you, your life is very precious?" Tom said with a fake smile.

The other party snorted, straightened up, and looked as if he was taking it for granted. "Of course! I have a fortune of over 100 million, and my monthly expenses are comparable to the income of you poor people for ten years! Why should I tell you this? I don't think you can afford the maintenance cost. What a poor man. You are doomed to be poor for the rest of your life."

After he finished speaking, he even spat at Tom's feet. He deserved to get his teeth kicked in.

However, at this moment, Tom did not hit anyone. Instead, he picked up an iron bar on the ground and directly smashed the McLaren sports car. Soon, the car was badly damaged.

The whole car was dilapidated. It didn't need to be repaired but to be rebuilt.

"You!!" This guy glared at Tom. He pointed at Tom and trembled violently with anger.

The crowd was also frightened by Tom's behavior. They had never seen such a crazy person. This was a McLaren sports car worth millions, not

an ordinary car.

If he smashed it like this, he would have to pay for it!

The little girl was also stunned. She felt that Tom was so charming.

Tom clapped his hands as if he had just done a trivial thing and said, "Since you're so rich, smashing your car will not be a big loss."

The man was ferocious and roared angrily, "I'm going to kill you!!"

He ran over crazily to teach Tom a lesson. However, he was too weak even among ordinary people. How could he pose a threat to Tom? Before he could rush in front of Tom, he was easily kicked over by Tom.

## Chapter 718

He wasn't kicked to death by Tom, but he felt pain as if his intestines were broken. He had never suffered so much pain and kept sweating.

He was not as handsome and imposing as before. He was in a mess and his brand suit was dirty.

Tom should not be lenient to him. He should teach him a lesson directly.

Tom had a better temper as well as a worse temper. He was kind to the good people around him. But as for those bad people, he would be violent to them.

Tom was strong and beat the

handsome man. Everyone was stunned. Some of them thought he was domineering and vented the spleen. But more people thought that Tom was ignorant and reckless.

It was easy to tell that the man was rich and had a strong background so he could drive a sports car worth a few million dollars. If an ordinary person offended such a person, he would die and even implicate the whole family!

Tom didn't care about it. Not to mention the man, he would even beat the dignitaries from Y City.

"Apologize." Tom walked up to him, looked at him and said coldly. He was overwhelming. The man was pale and inexplicably scared.

However, he did not give in. He was much angrier. He didn't know who was standing in front of him and thought that Tom was just an ordinary person.

"Damn it!" He cursed, "You bastard. You will die! Do you know who I am? How dare you beat me! I can call a hundred people to kill you with one phone call!"

Tom shook his head and said, "You are unrepentant."

He stepped on the man's face and trampled it hard.

It was brutal. The man's face was soon bruised and swollen. He bled and screamed painfully.

It was a little uncomfortable for people around them to see.

The man was stunned. He never expected to meet such a bold man, who dared to insult him. Was he tired of living?

However, it really hurt. He had never been treated like this? If Tom continued, he would be disfigured.

He quickly begged for mercy, "Stop! Stop! I surrender. I surrender!"

Tom let go of him and said coldly, "Apologize."

He looked terrible. His suit was dirty. His face was dirty too and his nose was bleeding.

He was extremely angry and wanted to kill Tom, but he didn't show it. He had to hold back. He stared at Tom to remember him. He must take revenge and humiliate Tom a lot!

It's said that a wise man did not fight when the odds were against him. He could tell that Tom had learned Kungfu and had a strong fighting capacity. He was alone and couldn't win him now. He was a little regretful. If he knew it, he would have brought a few bodyguards!

Now he decided to forbear temporarily. He took a breath and said, "I apologize. I'm sorry..."

However, before he could finish speaking, he was slapped on his face by

Tom and his ears buzzed. Tom said, "You are not sincere. Speaker louder and more sincerely!"

Click, click...

The man gritted his teeth and clenched his fists. He really hated Tom!

There were so many people watching. What was the most disgusting was that someone was recording them with a cell phone. Once the video was posted online, he would lose face.

But he didn't dare to offend Tom. He could tell now that Tom was a lunatic. He was regretful. He shouldn't have driven so fast!

He took another deep breath and said, "I'm sorry just now..."

He was slapped on his face again. And his mouth was bleeding.

"You..." He was angry and subconsciously wanted to curse. But when he saw that Tom looked cold and was overwhelming, he stopped immediately. He was sure that he would definitely be beaten again if he said more.

"I'm sorry..."

Tom slapped him again.

"I..."

Tom slapped him once more.

His face was swollen and he didn't want to lose his temper anymore. His

head was buzzing and he even felt nauseous.

He was not proud and was completely afraid of Tom. He cried out with tears and snot, "I'm sorry, I'm wrong, I'm wrong. Don't beat me again, boo-hoo..."

He collapsed. He had never met such a violent person.

Seeing that he was more sincere, Tom stopped beating him. He pointed to the little girl beside him and said, "You should apologize to her. You almost bumped into her just now."

"Little sister, I'm sorry. Please forgive me. I won't drive so fast again..."

The little girl saw that he was pitiful, she took out a tissue and timidly threw

it at him. She said, "You're so pitiful. I forgive you. Wipe..."

When the man heard it, he collapsed more.

He completely lost his face here.

"I'm done apologizing. Can I leave now?" He said cautiously. He was full of reverence for Tom.

It was proper. Tom checked the time. Amelia would get off work. He waved his hand and said, "Go."

The man was relieved and turned to run away. He just wanted to go home. He didn't want to face Tom, who was definitely crazy!

Just then, the little girl's parents

appeared. They found the little girl and rushed over with relief. They picked her up, "Tuan, why are you here? We didn't see you when we turned around. We're so worried!"

The little girl said, "Dad, mom, I'm sorry. But the brother saved me. He is my savior!"

Her parents were confused. And then, they probably knew what happened from her. They were so grateful to Tom that they almost knelt down to thank him. If Tom didn't save their daughter and she had an accident, how could they live?

Tom waved his hand and said, "You are welcome. Take good care of your daughter. There are so many cars on

the road now. If your daughter has an accident, you will be sad too."

"Yes, yes, yes."

They thanked Tom a lot and wanted to give him money as a reward. But Tom didn't take it. So they deeply remembered him.

Just then, Amelia got off work and walked out of the office building. She was so beautiful that she surprised many people.

## Chapter 719

Ever since the relationship of Amelia and Tom went a step further, Amelia became a real woman and looked more charming, especially her amorous feelings, which made people have a crush on her.

Originally, Amelia was born to be charming. Now that she became a real woman, her charm couldn't be hidden anymore. Both men and women, as long as they saw her, would have thoughts of committing a crime.

Amelia was a capable person. Now that she was in charge of Tom's business in Y City, Tom believed her. She was well-organized and created a lot of value for Tom every day.

In fact, Tom felt a little guilty about Amelia because he knew that he didn't give her enough company and did not do his duty as her man.

"Wow, who is this beauty? She's so beautiful. She's prettier than any star on TV!"

"Her appearance and her figure are all perfect. I really love her."

"If I could marry such a woman, reducing ten-year life expectancy would be worth it!"

"Are you dreaming? Look at yourself. Just like you, not to mention ten years, you can't find such a beautiful woman in fifty years."

"Wash up and sleep. You even doesn't know the boss of the Howard Group, you can't call you are from Y City. He is he owner of more than ten billion dollars. He can't even take a fancy to you if he is blind."

Hearing the words "Howard Group," many people were silent. As a person from Y City, they must hear about Howard Group more or less. It was a huge consortium established in a short time. Its assets were more than 100 billion dollars. Even Rufus, the richest man in Y City, was under the boss of Howard Group.

But who was the boss of Howard Group? To ordinary people, it was a mystery.

These days, many people in Y City were discussing this mysterious boss. Some guessed that he was a big shot from Y City, and some guessed that he was a capitalist from abroad. Without exception, they all thought that this mysterious boss must be an old man. He was so rich, so he must have accumulated for a long time.

But they would never think that this mysterious boss was standing right in front of them, dressed plainly and originally.

When Amelia came out, she saw so many people standing at the door, and their eyes were full of desire. She frowned slightly and her charming face turned cold.

Ever since she became Tom's woman, she had put away her charm and became aloof. It was not that she became arrogant, but that her charm belonged only to Tom.

"Miss Castillos, you still have a banquet to attend tonight. Do you want to prepare it now?" After coming out of the building, Amelia's secretary said respectfully.

Amelia rubbed her temples and felt a little tired, not physically, but mentally, because she hadn't rested for a long time. In particular, the yearning for Tom had reached a strong point. She had not seen Tom for more than a month. Usually, she would only video with him.

She didn't go to H City to look for Tom either. It wasn't that she didn't dare, but that she didn't want Tom to be in a difficult position. She could only wait and be the woman behind Tom, as she had promised when she pursued Tom. Perhaps in the eyes of outsiders, she was very stupid. With her conditions, as long as she was at will, she could find every kind of man. But she just wanted to be Tom's woman, and she didn't like any other man.

She sighed in her heart and said, "Okay, let's go home first. I'll change into an evening dress. You prepare the material and send it to my email."

"Okay, Miss Castillos."

The secretary thought for a moment

and then said, "Miss Castillos, there's one more thing. The CEO of S&D Group wants to meet you for dinner tomorrow..."

Before the secretary finished speaking, Amelia said directly, "Reject it and tell him that I already have a boyfriend. I won't go to dinner with him. Let him not waste time."

"But he has invited you many times. Miss Castillos, you have always refused. Wouldn't it be bad? After all, our company still has deep cooperation with S&D Group." The secretary said carefully. She had been with Amelia for a while, but she had never seen Amelia get close to anyone, so she didn't believe that Amelia really had a boyfriend. It was just an excuse

for Amelia to refuse her pursuers.

When Amelia heard this, she fell silent and frowned slightly. The secretary was right. Now the Y City branch of Howard Group did have deeper cooperation with S&D Group. It would be a little bad if she offended him

"Okay, then I have dinner with him tomorrow." After careful consideration, Amelia chose to agree. Anyway, it was just a meal.

However, just then, a voice sounded behind them. "There's no need to compromise. If S&D Group dares not to cooperate, it's his loss."

When Amelia heard this voice, she was stunned and her body trembled

slightly.

She was too familiar with this voice. She had heard it many times in her dreams. It was Tom's voice!

But she couldn't believe it was true. She thought she suffered hallucination because it was not the first time she suffered.

The secretary immediately turned around. She saw a slender man standing behind her, but he was dressed very plainly. He didn't have any temperament at all. It was clear he was an ordinary people.

"Who are you? We are talking. It isn't your turn to voice your opinion." The secretary said proudly, "Bodyguard,

kick this man out so as not to affect Miss Castillos's mood."

The secretary didn't know Tom. She was new to the job. She would never think that the ordinary man in front of her was Tom, the boss of Howard Group, her immediate superior!

The two bodyguards immediately made a move and strode forward, trying to chase Tom out.

At this moment, Amelia came back to her senses. She quickly looked back and saw Tom standing behind her with a doting smile on his face.

When she met Tom's eyes, her eyes turned red and her heart was filled. She couldn't help but shout out, "Tom!"

Then, she made a move that made everyone surprised. She pounced on Tom as if she were a baby swallow. She hugged Tom tightly and breathed the smell of Tom as hard as she could. "Tom, is it really you? I miss you so much..."

## Chapter 720

Seeing Amelia throw herself into Tom's arms, the secretary widened her eyes in an instant as if she saw a ghost. She was so surprised that her mouth was widened enough to swallow an egg.

The two bodyguards who rushed over were also dumbfounded.

Although they didn't follow Amelia all day long, they also knew that Amelia was elegant and arrogant. They had never seen Amelia fall in love with any man, not even keep less than a meter away from men.

It was really unexpected for Amelia to fall into the arms of a man like this!

They even wondered if they were hallucinating. Otherwise, how could this happen?

As for the onlookers around them, they were also surprised, especially the men. They felt uncomfortable and envious. Every man desired to attract a beautiful woman like Amelia. So when they saw Amelia fall into the arms of another man, they were heartbroken.

Tom was also stunned for a moment. He knew that Amelia would miss him, but he didn't expect Amelia to miss him so much that she was about to cry.

All of a sudden, Tom felt more guilty.

He gently stroked Amelia's hair and comforted her, "I'm here."

Amelia was touched by the simple words. Sometimes, she was easily satisfied. She didn't need much. As long as Tom cared about her and came back occasionally to see her, it would be enough.

After all, she knew very well that she was not his first wife.

As the second one, she couldn't expect too much.

Tom patted Amelia on the back and said with a smile, "Okay, let me go."

"No!" Amelia hugged Tom hard and twisted her body. She didn't care about her image at all, and she gave up her indifferent aura as the president and restored her charming posture. "I'm

going to hug you. Why didn't you come to me for so long? I miss you so much."

She didn't decrease her voice, so her words reached everyone's ears. Suddenly, Tom seemed to hear a lot of heartbreaking sounds. The secretary and bodyguards, as well as some employees who had come out of the company, saw this scene, their eyes and mouths wide open in disbelief.

Was this charming and coquettish woman in the arms of a man really the cold and fierce CEO they knew?!

Tom smiled bitterly and said, "You are a CEO. How could you still be so coquettish? If your subordinates see you like this, how would you convince them?"

Amelia snorted and replied, "I don't care. I just want to stick to you. Because you did not visit me for so long."

Tom sighed in his heart and stopped persuade Amelia.

Fortunately, Amelia was very sensible. After taking a deep breath of Tom's smell and feeling satisfied, she let go of Tom. But she clasped Tom's hand tightly and nestled beside Tom.

It was strange that she suddenly turned tired and sad to relaxed because of Tom's appearance. She felt relieved, and her mood was in a state of joy.

This must be the magic of love, she

thought.

The secretary came back to her senses. She swallowed and asked carefully, "Miss Castillos, is this..."

Amelia brushed her hair and introduced Tom proudly and sweetly. "He's the chairman of the Howard Group and my immediate superior. The entire Howard Group belongs to him."

The secretary was so scared that her phone fell to the ground. Was this the chairman of the Howard Group? He, he was too young! Besides, he was the man behind Miss Castillos!

At first, the secretary was in disbelief, but soon, she realized it was true, because Miss Castillos wouldn't joke

about it.

The secretary could not help but feel nervous now. She hadn't known that Tom was the chairman of the Howard Group, and she had just ordered the bodyguards to drive him away. She offended the chairman.

She quickly apologized, "I'm sorry, boss. I didn't recognize you just now. Please forgive me for offending you."

She was so scared and uneasy.

Naturally, Tom would not blame her. He just waved his hand and said, "It's OK. After all, you didn't know me."

The secretary was relieved to hear this.

Then the two bodyguards also

apologized quickly, and some employees who came out of the building spread the news. When others heard this, they came over one after another to greet Tom and try to make a good impression on him.

When they saw that Tom was so young and kept such a good figure, they all felt it was incredible.

Even some of the female employees were attracted by him and secretly looked at Tom. However, when they saw Amelia who was beside Tom, they all stopped dreaming.

They knew themselves well. With such a beauty like Amelia around, they would definitely not have a chance to seduce Tom at all.

Amelia enjoyed staying by Tom's side and felt proud and safe when she watched Tom's calm face.

"You have a party tonight? Is it important?" Tom asked.

Amelia shook her head and said, "It's not important. It's just a boring business banquet. I didn't want to go. Now that you're back, of course, I'd love to accompany you."

When Tom saw the desire in Amelia's eyes, his heart couldn't help but burn. Being stared at by a beauty like Amelia, Tom was seduced by her.

"Eh." He coughed, avoiding Amelia's eyes. There were still people around, so they should better not show their

minds directly. "Okay, then don't attend it. Let's go for a walk together."

Amelia nodded forcefully, revealing a bright smile, captivating others in an instant. "Okay, listen to you!"

The men around them witnessed PDA, feeling jealousy and hatred. Later, they were unable to bear it, and left alone.

Soon, Rufus received the news that Tom arrived in Y City. He immediately called Tom and said he wanted to receive him. But Tom rejected Rufus. Tom never liked formalism and he used to keep a low profile.

Next, he and Amelia went to the night market in Y City hand in hand.

Speaking of which, it had been a long

time since he had been so relaxed. It cannot be denied that living a normal life as the ordinary people was quite enjoyable.

Amelia was very happy, and she kept smiling all the way.

However, just as they were leaving the night market, they encountered trouble...

In front of them, there were more than a dozen people, and the leader of them was the handsome guy driving a sports car. Tom had taught him a lesson today, and that guy was staring at Tom angrily.

## Chapter 721

Jerry was furious. He had never been insulted like this ever since!

His McLaren sports car was smashed to pieces, not to mention that he was slapped more than a dozen times, and his face was all swollen and bruised because of the beating. He must avenge.

After he left, he went to the hospital for treatment. Then he immediately used his network to call a dozen thugs. He decided to beat Tom to death. Otherwise, he would not be able to let this go.

In Y City, it was not difficult to find someone. With his resources, he could

find someone in less than two hours. He thought that Tom was just an ordinary poor man, but now, Tom was actually holding Amelia's hand. They were like a sweet couple, which really pissed him off!

Amelia was the woman he had a crush on. He dreamed of Amelia as his lover. In his opinion, Amelia was the perfect woman. Now, there was a man holding Amelia's hand. How could he stand it? All his grudges against Tom all surged up!

"I finally found you!" Jerry's eyes were wide open, filled with unprecedented hatred and anger. He was so furious that his body was trembling.

When Tom saw him, he frowned

slightly. It seemed that the lesson today was not enough for him. This guy still dared to come to him. He wasn't afraid at all. No matter how many people like Jerry came to him, they were just like ants. What made him unhappy was that they spoiled his precious opportunity to accompany Amelia.

Amelia also saw Jerry and said unhappily, "Jerry, what are you doing here? Did I offend you?"

Jerry's expression was a little twisted. He was staring fixedly at Amelia and Tom, who were holding hands. "Amelia! You bitch, I had been so good to you, but you disdained me and threw yourself into another man's arm in the blink of an eye, you bitch! I thought you

were so innocent, but you turned out to be a slut!"

He had lost his mind and cursed so badly that Amelia's expression instantly changed and her face darkened. "Jerry, what did you say? Say it again!"

Amelia straightened her back, her aura emanating, which made her quite imposing. She immediately made Jerry and the others shudder and feel awed.

No kidding. Although Amelia was a woman, and her aura couldn't be compared to that of a big shot like Tom, she was still quite a figure at least. She was still a peak master of Extrinsic Peak. When she became angry, her aura was not something that a small

guy like Jerry could withstand.

Jerry's face turned a lot paler, and he trembled a little. A person beside him reminded him, "Jerry, what are you afraid of? You have more than a dozen followers to support you."

When Jerry heard this, he immediately became arrogant again. What was more, when he came, he drank a few glasses of wine, and now he was in a state of excitement. His anger at Tom, as well as his hatred for Amelia, quickly overwhelmed his rationality. He said loudly, "I am scolding you. What's wrong? Did I say something wrong? You a bitch pretended to be innocent in front of me, but in the end, you showed your true colors in front of this guy. I used to treat you like a goddess!

Damn!"

Amelia's face turned even colder and she clenched her fists. She was in a fantastic mood when Tom came today, but now, it was ruined by this guy.

Then, Jerry stared at Tom again, his tone full of anger and threat, "And you, I have never been humiliated like this. You are dead meat today! You are good at fighting, right? Today, let's see if you can fight more than a dozen!"

As he finished speaking, a dozen of strong men behind him immediately stepped forward. One by one, they rubbed their fists and wiped their palms to get ready for the fight. Their expressions were playful and ferocious, giving out a fierce aura.

At a glance, it was obvious that they were gang members and professional thugs. Many ordinary people present would shudder when they saw them.

Seeing that Tom didn't speak, Jerry became even more arrogant. "What's wrong? Aren't you so arrogant earlier today? Why don't you speak now? Damn! Today, I will crush you!"

He didn't say anything about Tom kneeling down. He couldn't wait to teach Tom a lesson and beat up Tom first.

So with a wave of his big hand, four thugs came out immediately, all with weapons in their hands, and they strode towards Tom.

Tom was already familiar with this scene, and it was just a piece of cake for him.

But just as he was about to make a move, Amelia said, "Tom, leave it to me this time."

Tom was stunned. Then he saw that Amelia was serious with anger in her eyes. So he nodded in agreement.

In terms of the skills of Amelia, it was enough to deal with these little wimps.

Jerry saw that Tom was hiding behind Amelia, and he despised Tom even more. He did not hesitate to mock, "Hah hah hah. You trash. You're actually hiding behind a woman. Shame on you!"

The thugs shook their heads too, without concealing their disdain and sneer at Tom.

"Pretty girl, are you sure you want to fight with us? We are tough guys, and we can hurt you really bad. Please try not to cry."

"Heh heh, I've been doing this for so many years, and I haven't beat a beautiful woman yet. Tsk tsk."

"This girl has a good figure. Wait for us to hurt her with our sticks. She will hurt so bad as to scream. Hah hah."

"Beauty, don't listen to them. We will pity you. Hah hah hah."

These four thugs all laughed lewdly. They looked up and down at Amelia

and did not take her seriously at all. In their opinion, what kind of fighting power could a delicate beauty like Amelia possibly have? It would be wonderful for them to make a pass at her when they beat her.

Amelia could see through their dirty thoughts. Suddenly, her face became colder and her eyes flashed with anger.

She had been taught by Tom and had already broken through from the original Master Realm to the Extrinsic Peak. It was easy to deal with these little brats.

"You have no idea." She snorted coldly and then began to fight. She stepped forward quickly and slapped the four thugs in the face almost at the same

time. The strength was so strong that they were all stunned.

Then, Amelia didn't stop. She took advantage of the seconds and punched them in a combination of fist moves, which was fast and fierce. In less than ten seconds, she knocked the four tall and powerful fighters down, who were now groaning painfully on the ground.

She said disdainfully, "Trash, vulnerable trash."

This happened too fast, and the visual impact was very strong. It was too unreal for a delicate woman like Amelia to be able to fight so well.

Jerry, in particular, widened his eyes, as if he had seen a ghost.

Next, Amelia said to Jerry coldly, "Are you going to kneel down and apologize or wait for me to beat you?"

## Chapter 722

Jerry was dumbfounded. It took him a long time to react. He had known Amelia a long time ago, but he never knew that she was so good at fighting. It was completely beyond his imagination.

Not only him but also the people present were stunned. Ordinary people like them thought that women were weak and powerless. When they fight with men, they were doomed. How could they be so fierce like Amelia?

Most importantly, Amelia was not the kind of woman who looked big and strong. She was a delicate and beautiful woman. So they were even

more shocked.

"You, you know Kung Fu?" Jerry asked with a frown.

Amelia had no patience to argue with him and said directly, "I'll count to three. If you don't bend down and apologize, you will suffer when I make a move."

Now Amelia, looking extremely domineering, had a bit of Tom's momentum, which was quite frightening.

Jerry swallowed. When he saw her threatening gaze, he felt a little numb and scared.

However, the thugs who came with him were irascible. With weapons in

their hands, they, bad-tempered thugs, had the confidence to win. A tall bald man shouted loudly, "Boss Xu, what are you afraid of? How powerful could a woman be? If we brothers fight together, we can definitely bring her down! When she was beaten, you can do whatever you want."

Jerry's eyes lit up when he heard this. That was right. Amelia was just a woman. No matter how powerful she was, he still had more than ten strong thugs here. If they rushed up to Amelia together, they would definitely defeat her.

In particular, Amelia had a perfect figure. If he could sleep with her, he would definitely have fantastic sex.

The filthy thoughts occupied his mind. He gritted his teeth, waved his hand boldly, and said loudly, "You are right, don't be afraid of her! Brothers, if you can beat her today, I will give you 20,000 each!"

He had cost a fortune. Anyway, he had already offended Amelia. There was no hope for courting her. It was better to conquer her with a tough means.

Imaging Amelia's look in bed, he was so excited that he kept rubbing his hands.

When the thugs heard his words, their eyes widened, as if they had been injected stimulant. They all became excited, clenched their weapons, and rushed over to Amelia.

They were full of confidence. As professional hatchet men, they usually beat people up. Even those boxers who fought in competitions had to kneel down in front of them. Now, they certainly thought that it was easy to deal with a delicate little girl.

However, they were soon disillusioned.

Amelia did not seem to be in any panic at all. Instead, she sneered and her eyes shone brightly. She rushed straight up and punched them.

As a master of Extrinsic Peak and a student of Tom, she was very powerful. It was a piece of cake to deal with those people without a martial arts foundation.

Even if they had weapons, it was still very easy.

They were beaten heavily.

And they fell down one by one.

Amelia hit them so fast that they couldn't react before they were hit. Although Amelia was a woman, her strength was not small. She punched them and made them extremely painful.

Within one minute, a dozen or so thugs were beaten up by Amelia. They all fell to the ground, howling in pain and losing their strength to fight.

Jerry was stunned, completely dumbfounded, unable to react.

Many passers-by were also shocked and looked at Amelia in a different way. Some men who peeped at Amelia's body did not dare to look at her anymore, for fear of offending Amelia, the female evil.

Amelia took a breath. Although she was an Extrinsic Peak master, she was still a little weaker than a man in terms of energy. In addition, she rarely fought in real life and was not good at controlling her strength. Now she was sweating slightly.

She looked even more charming when she blushed, especially when she turned around and smiled at Tom. She was like a little girl who wanted to be praised by her elders, looking especially cute.

Tom gave her a thumbs-up without hesitation and praised her for doing well, which made her smile even brighter.

Next, she looked at Jerry. Her expression changed in a second. She walked over slowly. Her aura was so strong that Jerry's face turned pale and his feet trembled. He couldn't even run away.

"It's your turn now." Amelia said in a cold and threatening tone.

Jerry was a timid person. But he often bullied poor people because of his wealth. Now, in this situation, he was so scared that he knelt down and kept slapping himself. He begged for mercy,

crying, "Boss Taw, I don't dare anymore. Please let go of me..."

How could Amelia let him go so easily? She walked over and kicked him directly in the face that he fell to the ground with a nosebleed.

This kick was strong. The bridge of Jerry's nose was broken and he made a whimper. Amelia did not let him go so easily but kicked him a few times hard until he cried and howled.

"Jerry, I'm warning you. Next time, I'll make you impotent. Remember it!" Amelia looked down at him. and said

How dared Jerry talk back now? He was already scared of Amelia deep down. He nodded quickly and looked

like a drowned mouse.

Amelia returned to Tom's side and immediately changed into a charming posture. Her smile was exceptionally sweet. She leaned on Tom, looking completely different from her furious look just now.

"Tom, do you think I'm rude?" Amelia asked carefully.

Tom gently scratched her nose and smiled, "If you are rude, then I will be cruel."

Amelia breathed a sigh of relief, then blinked and said with a wicked smile, "I hope you will be cruel to me tonight. I really want to see your cruelty."

Tom was speechless.

How could he not understand Amelia's words? This was clearly an implication.

He quickly coughed to cover up his embarrassment.

Then, they didn't go shopping anymore. They went to eat together and then went back to Amelia's house.

Not long ago, Amelia bought a house in Y City and decorated it. So, Tom could live with her when he came to Y City.

Now, she finally got this opportunity.

## Chapter 723

Amelia's house was specially designed. One could feel a sense of romance and warmth as soon as he came in.

She kept smiling, her face always filled with sweetness and happiness. At this moment, she felt that she was the happiest person in the world.

Although Tom spent most of his time with other women, she was already very satisfied that he would occasionally come over and accompany her.

She didn't care about other things but only about being by Tom's side all the time.

Everything was so natural and exciting. Amelia gave up all her distractions and just wanted to cherish every second of being with Tom.

After making out for a while, her head on Tom's chest, Amelia said sincerely, "Tom, I feel so happy."

Tom gently stroked her beautiful hair and smiled. In the past, he felt that he was a scumbag and felt sorry for Phoebe as well as Amelia, but now he had no such thoughts.

Because this was the best outcome for the three of them. The so-called "betrayal" was what a playboy would do, making one or both sides heartbroken, but Phoebe and Amelia were not sad. Instead, they supported

him to do so. So how could it be called "betrayal"?

Moreover, in terms of human relations, there had never been a rigid rule that monogamy was the only right thing to do. Only the parties involved know whether they were happy.

The next day, Tom woke up and saw that Amelia was still asleep. He didn't wake Amelia up. He got up in silence and made breakfast for Amelia. Such a simple life was quite comfortable.

Not long after he got up, Tom heard footsteps behind him and he said with a smile, "Are you up? Go brush your teeth first. Breakfast will be ready later."

Behind him, Amelia could not help but smile when she saw Tom in an apron, looking like a family man. She was so happy.

She went over and gently hugged Tom from behind, enjoying the pleasant scent from Tom's body, "Tom, you're so nice."

Tom smiled and said, "I thought you were going to sleep for a while. Why are you up so early?"

Amelia said, "I turned around and didn't see you, so I got up."

Next, Tom stayed in Y City for a week and accompanied Amelia every day to make up for the previous time.

Then he went back to H City.

Now his Howard Group had reached a large scale, like a huge machine running.

It could be said that Tom was already a big shot in the country.

Tom went to the Military Intelligence 3 again. With his current status as a Chief Instructor, he didn't need to go to the Military Intelligence 3 regularly to clock in. Now he was in the top management.

If there was anything important that required a high-level meeting, he would go back, or if there was an important task that others could not do, he would carry it out.

Of course, Tom was not the kind of

irresponsible person. As long as he had time, he would go to the Military Intelligence 3.

After coming back from the Military Intelligence 3, Tom had arranged everything. Now it was time for him to do that.

"What?! Young master, are you going to the headquarters of LT Organization? Are you crazy! I disagree!!"

Suddenly, a man shouted excitedly with an exaggerated expression. He suddenly attracted the attention of many people around him, and they looked over in surprise.

However, Chou ignored those people

and he still looked very shocked and his reaction was unusually excited. Chou thought that Tom was so crazy that he would have such an idea!

In Tom's current status, if he went to LT Organization now, it was to court death!

Tom could not fight against Fausto and the Kings of Southern and Western Territory, not to mention the high and invincible King of LT Organization!

So the first time Chou heard Tom's words, Chou thought Tom was crazy, or else he was joking!

Tom seemed to have expected that Chou would react like this. Tom was not surprised at all. Tom nodded and

said, "I've made up my mind. Tell me the address of the headquarters of LT Organization."

During this period of time, after Tom's treatment, Chou recovered some of his hearing. Although his hearing was not as sharp as normal people's, he could at least hear some loud words. Tom used genuine qi to speak in his ears, so Chou could naturally hear him.

Chou refused without thinking. He said firmly, "I won't tell you! With your current strength, going to LT Organization is looking for death!"

Tom said calmly, "I must go there."

"Why?" Chou stared at him.

Tom didn't answer immediately.

Instead, some memories occurred to him. Yesterday, he received a message.

"Come to LT Organization quickly. There's not much time left for auntie."

This was a message from an unfamiliar number, which seemed a little strange. But when Tom saw this message, his pupils suddenly contracted and his breathing became rapid. He immediately realized that this was a message from Sunny, and the "auntie" referred to his biological mother, Anna!

Tom immediately called back, but he couldn't get through.

Soon, Tom wrote back, but there was no response. Tom realized that

something must have happened to his mother. Otherwise, Sunny would not have sent him this message and lost contact.

Originally, Tom planned to go to the headquarters of LT Organization later to look for his mother, but now, he couldn't afford to delay. He couldn't bear anything bad that might happen to his mother!

Tom showed the message directly to Chou. After Chou finished reading it, Chou was silent and his face didn't look well.

His expression was complicated. He opened his mouth and wanted to say something, but in the end, he didn't say anything. Depressed, he sighed and

said, "Young master, you should think twice. With your current cultivation, going to Raoul is no different from looking for death."

"I know." Tom nodded calmly.

"Then you..."

Tom interrupted him and said, "Then what can I do? Ignore it and refuse to save them? That's my mother, the one who gave birth to me and raised me!"

After he said this, Tom's eyes were a little red. His mother's kind and gentle appearance occurred to him.

In fact, all these years, he really missed his mother, but he never showed it in front of outsiders.

In this world, no matter how much achievement a person made and how old a person was, his parents would always be the harbor in his heart. If parents died, it meant that in this world, a person would have no reliance, but only the final destination of life.

No one could understand how much he missed his mother.

He had always thought that he was not a peerless genius. The reason why he broke through so quickly was not because of his talent, but because of the strong motivation in his heart.

## Chapter 724

Now that his mother was in trouble, no matter how hard it was, he had only one way to go, and that was to face the difficulties.

If something really happened to his mother, he would spend the rest of his life regretting it.

Chou was silent. He could feel Tom's emotions. Besides, he also had mother and could understand Tom's feelings.

"Okay, I can tell you..." Chou said softly. His eyes were filled with sadness and helplessness. Chou looked at Tom as if he was looking at a dying man. However, Chou had no way to stop it and no way to refuse him.

Tom smiled.

In fact, he knew that his trip would be full of danger, which could be said to be a near death.

But even so, he had to do it.

Because he had no choice.

Since that was the case, he could only accept it.

After knowing the address of LT Organization from Chou, Tom breathed a sigh of relief. When he saw Chou's dejected look, he smiled and said, "Why are you so dejected? You don't have confidence in me? At least I'm the master in the Major Perfection Realm of the Innate Realm. Even your

King of Southern State is not my opponent."

Chou looked at Tom and shook his head, "Young master, you don't understand. You don't know how strong Raoul is. It might be okay if you didn't kill Reid. Now that you killed Reid, you and Raoul have already formed a deep hatred that can't be solved. With your current strength, if you don't reach the God Becoming Level of the Immortal Realm, you will definitely die if you go to Raoul!"

Chou's expression was extremely solemn. When he spoke of Raoul, his eyes even showed fear and awe, as if that organization was an extremely scary monster.

Tom patted Chou on the shoulder and said casually, "Don't worry, I'll be fine."

Chou's mouth moved, trying to say something, but he didn't say it in the end. It was useless to say anything at this time. He smiled helplessly and said, "I hope so."

Tom understood Chou, but he didn't say much. Tom had confidence in himself, not because he was blindly inflated, nor because he could fight hard, but because of what King of LT Organization said to him in the King's Landing Mountain.

He always had a feeling that King of LT Organization might not be hostile to him, but a little kind somehow.

Of course, he had never seen the true face of King of LT Organization. These were all his guesses, but at least, he was not doomed to die, so it was worth oing.

After leaving the coffee shop, Tom returned home. Since he was going to do this, he couldn't hide it from Phoebe anymore.

And Amelia.

They had the right to know about this, which could also be interpreted as Tom's funeral arrangements.

However, Tom did not tell them immediately. Instead, he called Elliot, Malcolm, and Rufus first.

Looking at the puzzled faces of the

three old subordinates, Tom came straight to the point, "I'm going to LT Organization. It might be dangerous. If I can't come back, the Howard Group will be left to you."

As Tom said this, the three of them were stunned and didn't know what to say for a moment. In the end, Rufus came to his senses first and said with a awkward smile, "Chairman, are you kidding me? Why are you going to LT Organization?"

Elliot also said, "Yes. Now that Raoul doesn't go well with us, it's not appropriate for you to go to their headquarter."

Malcolm said, "Ha ha, chairman is teasing us."

However, Tom's words made their frightened. "I'm not joking. It's true. The three of you have been with me for the longest time and are the people I trust the most. If I don't contact you within a week, then I won't be back. By then, the Howard Group will be left to you to manage... Don't interrupt me, just hear me out."

Hearing Tom's words, Elliot, who wanted to interrupt, had to hold back and listen to Tom.

"But I guess if I don't show up for a long time, the people in the circle will know that something has happened to me and they will definitely take action against the Howard Group. At that time, you can sell your shares in

advance, discount them, and give my share to my family. Then you can find a place to hide and stay away from trouble."

Tom's expression was serious and he was not joking at all.

But for the three of them, after they heard this, their hearts were filled with sadness.

Even if Tom wanted to go to Lion Mountain and rob the Colorful Fruit of Essence last time, he didn't tell them these things. But this time, he said this. It was conceivable that Tom would take great risk this time. The degree of danger was even greater than last time!

But they couldn't figure it out. Tom had already reached his current position. Why did he want to take such a risk?

Wasn't it unavailing?

Seeing them be silent, Tom did not interrupt them and let them slowly digest the information.

After a while, Rufus said, "Chairman, must you go to LT Organization this time?"

"Yes."

"Is there a chance of survival?"

"Yes."

Rufus nodded hard and said firmly, "Chairman, I'll wait for you to come

back!"

Elliot and Malcolm knew that Tom had made up his mind and had to go. Although they were puzzled and unwilling, they didn't say anything more. They prayed that Tom would come back alive.

This news was too sudden for them, and they were completely unprepared. Until they walked out of the office, they were still a little stunned.

They looked at each other and sighed. It was really scary to work for such a boss.

However, Tom had always treated them well. Since Tom had made the decision, they, as subordinates, would

carry out the order.

Tom then called Amelia and told her the same thing.

After he said that, there was a long silence on the other end of the phone.

For almost two minutes, Tom did not speak and listened.

"Well, I'll say it once again. I am your woman now, and I'll still be your woman if you become a ghost. If you really can't come back, don't walk so fast. Wait for me on the way to the netherworld." Amelia's tone was firm and affectionate.

Tom's breathing quickened, and he didn't say any nonsense. He answered seriously and said, "Okay."

After hanging up the phone, Tom still said softly that he was sorry. In the end, he had to tell Phoebe about it, which was the most difficult thing for him.

In fact, he could almost guess Phoebe's reaction...

No matter how hard it was, he had to say it.

Just as he was about to call Phoebe, Phoebe happened to call him a few seconds earlier.

When he answered the phone, he immediately heard Phoebe's sweet voice. "Hey, Tom, I bought two movie tickets. Do you have time to go with me?"
