

# Wonder Doctor Read Online Chapter 12

“Don’t get out yet!”

Song Nuan took the opportunity to scold, and Wang Qiang was so frightened that he hurriedly got up from the ground and ran out as if running for his life, being carried by a few of his men.

Wang Xin glanced at Lin Ran and Song Nuan with a complicated gaze, then whirled and also followed them out.

.....

In a garden outside the dormitory building, Wang Xin looked at Wang Qiang angrily and stepped forward with a slap.

“Cousin uncle, it hurts!”

Wang Qiang did not dare to contradict, knowing in his heart how much trouble he had caused this time.

“You stupid bastard, don’t mess with him again!”

Wang Xin scolded angrily, and Wang Qiang said with resentment in his heart.

“But cousin uncle, can you swallow this? He caused you to lose your job, and he even beat me up like this, I can’t swallow this anger!”

“What do you want again!”

Wang Xin said gloomily, he did not want to let Wang Qiang continue to make trouble, it is possible that he could not even stay in the logistics department, directly driven back home, then everything will be finished.

“Cousin uncle, don’t worry, I know Brother Long, he’s a ruthless man, I’ll spend some money to get him to waste Lin Ran and help us take our revenge!”

Wang Qiang said with a gloomy face, Wang Xin fell into deep thought at his words and said a moment later.

“Is it reliable?”

“Absolutely reliable, Brother Long is a ruthless man, he is fierce, no one dares to provoke him in this area of the university city!”

Wang Qiang patted his chest and assured, Wang Xin reminded.

“Don’t do it at school, I can’t protect you if anything happens again!”

"Understood, cousin uncle just wait for my good news!"

Wang Qiang smiled grimly and whirled and left the school with his men.

.....

An hour later, inside the rental house in the city village, Lin Ran threw the last bag of luggage on the bed, his body already soaked through.

"If I had known I was so tired, I wouldn't have returned your favor in the first place!" Song Nuan sat limply on the bed, her body covered in fragrant sweat.

"You rest first, I'll pack myself!"

Lin Ran scratched his head in embarrassment, the weather was too hot and he had sweated a lot, but with the Xuan Yang Pill Canon, his physical strength was fine to a point.

"Where's the bathroom? I want to take a shower!"

Song Nuan got up and said, and Lin Ran gave a jolt, a little embarrassed.

"That .... Or else you go back to the dormitory to wash? Washing here .... won't be good!"

"It's too late, there's still a class at three!"

Song Nuan said, and when Lin Ran looked at his watch, it was already half past two, so he just had to point inside.

"No peeking!"

Song Nuan dropped a sentence and rushed in with a fragrant breeze.

Lin Ran rubbed his nose, shook his head helplessly and continued to pack his things.

The bathroom was separated by a floor-to-ceiling glass, and although it was simple, it was very soundproof. After Lin Ran finished packing his things and lay down on the bed to rest, he could only faintly hear the sound of water inside.

Suddenly, the glass was pushed open and Song Nuan shouted from inside.

"Is there any shower gel?"

"Yes!"

Lin Ran hurriedly jumped up and fished out the shower gel, ready to send it to him, but just as he took a step he froze.

The floor-to-ceiling glass in front of him had, at some point, actually turned transparent .....

A white shadow was standing behind the glass, and the scene in front of him was like a big mountain pressing down on Lin Ran's head, making him unable to move his eyes.

Previously, he remembered that the floor-to-ceiling glass was woolen glass could only see a vague shadow, but now .....

"Goo dong!" Lin Ran couldn't help but swallow his spit.

"Hey, have you found it yet!"

Delayed Lin Ran, Song Nuan urged, and then peeked out to see him standing there dumbfounded, can not help but also puzzled.

"What are you doing? What are you looking at?"

"Looking at the glass!"

Lin Ran subconsciously said back, then his whole body shook, and only then did he come back to his senses, hurriedly covering his eyes and sending the shower gel over, turning around and leaving the rental house.

Outside the rental house, Lin Ran's old face turned red as he hurriedly mobilised his true qi to suppress the evil fire.

Only after he had sobered up a little did it dawn on him why the glass had just turned transparent.

The surface of the glass was so uneven that the light was scattered and could not be seen, but when the glass was wet, the water flattened the hollows and the light could pass through the glass in parallel, so he could see clearly what was inside.

"Lin Ran, you bastard! Stinking rascal!"

Lin Ran had just figured it out when Song Nuan's furious voice came out, followed by the door being kicked open with a bang, and Song Nuan's face was red with shame and anger as she looked at Lin Ran.

"I was so wrong about you! You actually put up this kind of glass!"

Song Nuan said in a cold voice, Lin Ran looked impatient and hurried to explain.

"No, woolen glass is like this when it meets water, you can try it if you don't believe me."

"Try your head, rogue! I really misjudged you!"

Song Nuan's face turned red with anger and she turned around and left.

Looking at Song Nuan's back as she left, Lin Ran shook his head helplessly and sighed.

"Forget it, just let her be, she will understand later!"

Returning to his room, sniffing the lingering scent of Yi Ren in the air, Lin Ran soon fell asleep.

He was dazed and didn't know how long he had been asleep when a "thump, thump, thump" sound suddenly came from outside the door, as if someone was smashing something.

Thinking of what the landlord had said when he rented the room in the afternoon, Lin Ran frowned.

The light in the opposite room was on and the door was hidden. Through the doorway, Lin Ran saw a young man inside with a distorted face and a painful expression, his hands were conspicuously bloody and he was smashing the wall.

"Manic and violent, it really is that kind of situation!"

Lin Ran's heart flinched as he had already guessed seven or eight percent.

As his eyes continued to look, at once Lin Ran was stunned, he saw a woman standing behind him, her face covered in tears, and this woman he knew, a nurse from the Chinese Medicine Department of Temperance Hospital, he had once seen her on the hospital duty roster.

"What a coincidence, actually a future colleague!"

Lin Ran smiled and swirled over.
