

Wonder Doctor Read Online Chapter 2

The young doctor, named Li De, was a physician at the Tamkang Hospital, but he was very snobbish. He had met Wang Qiang when he went to the school to collect the internship information, and he had been sneaking around since then.

This time, he had received Wang Qiang's notice and came over to see if this guy Lin Ran was dead or not.

"I'm fine and ready to leave the hospital." Lin Ran said indifferently, he was very clear about Li De's background.

"Discharged from hospital? Who approved that?" Li De's face showed disdain, while throwing a checklist onto the bed.

However, he was a little surprised in his heart, this guy had actually not died after being hit hard by the Porsche, and he seemed to be as good as fine.

"If you want to be discharged from the hospital, do all the tests on the sheet and you can leave only if you are fine!" Li De sneered, in order to befriend Wang Qiang this list he had done a lot of manipulation.

Lin Ran picked up the list and took a look, first he was stunned, then he laughed outright, only to see that the list read.

MRI test, brain patch CT test, blood draw test, brain nerve test, and even the idiotic one actually had a b-ultrasound test.

"You're really Wang Qiang's loyal lapdog!"

Lin Ran sneered, followed by throwing the list aside, got up and left, now that he was carrying the most precious Xuan Yang Pharmacopoeia, he was simply too lazy to bother talking to this kind of lapdog.

Li De's face was as gloomy as water when he heard this, and he opened his mouth and shouted coldly.

"Stop, didn't you hear my words!"

However, Lin Ran ignored him and continued to walk towards the door on his own.

Li De's face was now completely ice-cold.

Being called Wang Qiang's lapdog had already made him extremely unhappy, but now he was ignoring himself, which was undoubtedly a severe slap in his face.

Taking a step forward, Li De stepped directly in front of Lin Ran, reached out and grabbed the latter's arm, angrily scolding him.

"I'm talking about you, you hear me! If you want to be discharged from the hospital, do all the tests for me, what are you pretending to be deaf and dumb! Or do you not have the money to afford it?"

Lin Ran's face sank as he flung his hand, throwing Li De off with a stagger, and said in a cold tone.

"Get out of the way!"

Li De's face was terribly gloomy, being pushed by a tiny student made his face feel hot.

"What's the matter, your girlfriend is green and you've come to me to take it out on me!" Li De said furiously.

"Say it again!"

Lin Ran lifted his head and stared at Li De with cold eyes, as if he wanted to eat someone.

"Kid you better put that stare away, now you are losing your woman, if you look at me like that, I can still make you lose your internship job believe it or not!"

Li De felt his majesty was being provoked and coldly chided.

"Are you threatening me?"

Lin Ran stared at Li De with a teasing gaze, he was a master of the art of medicine, which hospital could he not go to and still care about such threats?

"That's right! I am threatening you, what can you do? Besides, doesn't it feel good to be green by your own girlfriend!"

Li De laughed smugly, he loved to see a school bully like Lin Ran being taken advantage of at his own whim, but unable to do anything about it.

Moreover, as long as he did a good job this time, Wang Qiang's side would definitely not be missing his benefit fee, just thinking about it made him excited.

But the next moment, "Slap!" The next moment, a crisp slap sounded, and Li De leaned against the wall with his eyes dazed and his face burning hot.

"Threatening me? In my eyes, you're nothing!"

"Also, keep your mouth clean, if you speak out of turn, I'll make your head go green too!"

Lin Ran's gaze was icy cold as he gave Li De a disdainful glance, then turned around and was about to leave.

Li De was so angry that he gritted his teeth and directly cursed angrily.

"You dare to hit me? Believe it or not, I'll send out nude photos of your girlfriend!"

Lin Ran stopped in his tracks at his words and turned his head to look at Li De, but with a smile on his face.

"Still smiling, why do you want to see it too?"

Li De sneered at this.

However, what was waiting for him was a slap on the face.

"Naked pictures!"

"Nice!"

"Threaten me!"

With three words and three slaps, Li De's face instantly swelled up as the slap hit the flesh.

Lin Ran then grabbed Li De's mobile phone and smashed it on the ground with a bang, smashing it to pieces.

"Do you still want to threaten me?"

Lin Ran looked at Li De, still with a smile on his face.

But at this time, this smile was not half amiable in Li De's eyes, there was only fear.

"No I don't dare No"

Li De stammered in fear.

"Good!"

Lin Ran slapped Li De twice on the face, followed by coming closer.

"Remember, an ex-girlfriend is also a girlfriend, if you dare to send it out, I'll get you killed! You're not a human being, Laozi is a human being!" With that, he turned around and left the clinic.

Li De's head was in a daze, he didn't know how long it took before he came back to his senses and wanted to call security, but he found that Lin Ran had disappeared, his face was ugly and he cursed angrily in a low voice.

"Good! Good for you Lin Ran, you wait for me! If I don't kick you out of the internship directory, my name is not Li!"

Jingle Bells

After the fierce words were released, Li De's phone suddenly rang.

When he glanced at the caller ID, Li De frowned slightly and his face was a bit impatient "Hey, what's up!"

"Dr. Li, a college student fell from a dance and seems to have broken a bone, he is now waiting for you in the orthopedic emergency room!"

On the other end of the phone, a female nurse said anxiously.

"Got it!"

Li De impatiently hung up the phone, rubbed his still somewhat hot face, and then left the ward.

.....

Lin Ran came to the hospital lobby, ready to go back to school, but before he could get out of the hospital, he saw a familiar figure, gasping for breath with cash in his hand, seemingly looking for the payment office again.

"Professor Song?"

Lin Ran was puzzled, Professor Song was his mentor, a professor in the Department of Traditional Chinese Medicine at Tamkang University, who usually held Lin Ran in high regard, and they had a good personal relationship as well as being friends.

"Professor, what's wrong?"

Lin Ran asked as he stepped forward.

When Professor Song saw Lin Ran, he sighed and said.

"Xiao Nuan fell on her dancing leg and it hurts badly when she touches it, so I, a professor of Chinese medicine, had no choice, so I brought her here for an examination and was just about to pay the bill."

"Professor, you go and stay with your granddaughter first, I'll go and pay the bill for you!"

Lin Ran said as he took the payment list and the money, and immediately went to the payment office.

Xiao Nuan, whose full name was Song Nuan, was Professor Song's own granddaughter, and was also the famous school flower of Temperance University.

She was the goddess of countless boys' hearts and the object of their crushes.

Lin Ran quickly paid the bill and took it to the orthopaedic emergency room, pushing the door in and seeing Song Nuan lying on the bed with a painful expression.

Turning his head to look at the attending physician, Lin Ran couldn't help but smile, it was actually Li De.

Li De was treating Song Nuan and did not notice Lin Ran, only to see him raise his head and say confidently.

"According to my years of experience in the practice of medicine, your granddaughter's leg is nine times out of ten broken and needs to be operated on and put in a cast!"

When Lin Ran heard this, he let out a "pfft" and then said.

"Even a displaced tendon can be seen as a fracture, are you blind, or are you just not smart enough to be a doctor, I'm afraid that Wang Qiang's horseshit has made his brain stupid!"
