

Wonder Doctor Read Online Chapter 8

Professor Song had a class and left soon after, so Lin Ran was in a good mood with the money and went to pay this year's tuition fees first, received his diploma, and then returned to the dormitory.

He was in no hurry to report for his internship, the first thing he needed to do was to find a place to stay first.

There was an urban village near Tamkang University, and Lin Ran was walking along the street at the moment, his eyes constantly sweeping over the rental information around him.

As he was new to society and did not have much money on him, he had to choose a place like a city village to settle down.

He soon noticed that a small five-storey building had rental information on an electronic screen outside.

"Small five-storey building, only one room left, fully furnished with electricity and water, three hundred and fifty per month, electricity and water included."

"This is good!"

Lin Ran nodded his head in satisfaction and walked over, three hundred and fifty percent rent was just acceptable for him now.

The landlord was a second-generation man named Chase, his parents were always away on business and he lived alone, collecting rent and playing games on a regular basis.

"I'm telling you, if you think about it, you'll lose the house."

Chase sold the introduction, and Lin Ran did not answer, just tacked on a smile and wandered around the room.

The small room, less than forty square feet, had all the appliances, and there was a woman's fragrance in the air, so I guess the last beautiful tenant hadn't left long ago.

"Yes."

Finally Lin Ran nodded, the landlord looked happy, took the money and gave the key straight away just to go out, when Lin Ran spoke.

"I rented the house, now tell me the reason for the low rent!"

"Hey, hey, I can't really hide it from you!"

The landlord smiled awkwardly and pointed to the room opposite the house and said.

"There's a man and a woman living in there, they fight every day, and the man is big and rough and sometimes he gets into fights and makes too much noise."

"After all, people are old tenants, the money is not quite us, I can not afford to offend him for a few rent, so I rented it at a low price!"

Said the landlord, patting his chest and assuring him.

"Don't worry, as long as you don't actively provoke him, there's nothing wrong at all with living here other than being a bit noisy."

It was already noon when the house was negotiated, so Lin Ran packed the room briefly and left the room.

The room was on the third floor, and when he came downstairs, he was greeted by a young man, and Lin Ran couldn't help but look at him a few more times.

The youth was about 25 or 26 years old, his hair was short and he looked very capable, but his eyes were slightly red and there was a fierce aura between his eyebrows.

As he passed by, Lin Ran smelled a strong smell of medicine and frowned slightly.

"This smell,....."

Lin Ran's face was puzzled as he looked back, only to see that the youth had actually entered the room opposite him.

Jingle Bells

Just as Lin Ran was pondering whether or not to follow him, suddenly his phone rang.

When he looked at the caller ID, Lin Ran revealed a small smile and answered, "Beautiful school girl, where are you waiting for me?"

"In front of the school, come quickly!" On the phone, Song Nuan repeatedly urged.

Lin Ran did not care to eat and went straight to the entrance of the school.

.....

In front of the university at noon in summer, the scenery was gorgeous, with countless big white legs standing around, making people's mouths dry.

When Lin Ran arrived at the entrance of the school, he caught a glimpse of Song Nuan across the road.

This ninny was wearing a long beige dress, with a delicate figure and a sun hat on her head, sexy with a bit of playfulness.

"What took you so long to get here!" Seeing Lin Ran, Song Nuan revealed a blank stare.

"I didn't even come for lunch!" Lin Ran was helpless, while glancing at the back of Song Nuan's neck, the white jade was flawless and the scorpion mark had actually disappeared.

"Alright, alright, I'll treat you to lunch later after we're done with our business!"

Song Nuan urged, leading Lin Ran straight to the cafe.

.....

The most important thing is that it is the most upscale cafe in the vicinity of Temperance University, and all the people who go in and out of here are from distinguished families.

Lin Ran was dressed in rustic clothes and could not have entered, but Song Nuan showed a gold card and the security guard had to let him in with a smile.

On the first floor of the cafe, Luo Cheng looked at his left hand with a smile on his face, and where the middle finger of his left hand joined the palm, a lump the size of a quail's egg was unusually conspicuous.

"Born with strange bones, wealthy and invincible!"

The fortune teller's words echoed in his mind, and Luo Cheng couldn't help but smile.

The lump had appeared a week ago, at first it was only the size of a soybean, he didn't care about it, but later it grew bigger and bigger, on his way to the hospital he was stopped by a blind fortune teller who said he was "born with a strange bone, rich and invincible!"

He touched the lump and found that there was indeed a hard piece of bone inside the lump, and since the lump had grown, he had been able to secure several large deals and had treated it like a treasure ever since.

Lin Ran and Song Nuan, soon arrived at the first floor of the cafe, the latter pointed to Luo Cheng from afar and said.

“That’s him, just say he’s my boyfriend later, I’ll take care of the rest!”

Lin Ran nodded, and the two then walked over.

“Yo, Xiao Nuan you’re here!”

Seeing Song Nuan, Luo Cheng smiled and got up, then when he saw Lin Ran, his eyebrows but frowned and asked.

“Xiao Nuan this is”

Lin Ran smiled lightly without answering, and sat directly next to Song Nuan.

Luo Cheng sat down with a gloomy face, his gaze couldn’t stop glancing at Lin Ran, his face becoming increasingly ugly.

“His name is Lin Ran, he is my boyfriend, Luo Cheng, you can die now!”

Song Nuan said directly, while holding Lin Ran’s hand, looking very affectionate.

Lin Ran’s palm was grabbed by her and his body jolted, unconsciously straightening his back.
