Chapter 4421

David smiled helplessly and chased after him!

The two of them kept a bit of mystery around each other, which was not a bad thing. After all, they had just met and it was impossible for them to reveal their identities!

Moreover, it seemed that Lin Keting's identity was not simple, and she would not easily reveal her identity to others.

David and Lin Keting rode on the White Feather Crow, and their speed was obviously much faster, leaving everyone far behind!

"Look, what is that?"

Lin Keting suddenly pointed to the front and said.

David hurriedly looked in the direction of Lin Keting's finger, and found that not far away, a huge black vortex descended from the sky, and above the black vortex, there were dark clouds, and lightning kept falling down, and then disappeared in the black vortex!

"There must be some kind of creature in that black vortex, and the lightning looks like a robbery thunder."

Although David could not sense it with his spiritual sense, he looked from a distance and found that the lightning was not like ordinary lightning, but more like a robbery thunder! After

all, thunder tribulation is not limited to any region. Even in a private secret realm, if a person or a monster undergoes the tribulation, it will also trigger the thunder tribulation!

So it is normal for thunder tribulation to occur in this battlefield of gods and demons!

"Thunder tribulation? Could it be that someone is undergoing the tribulation?"

Lin Keting's face was full of shock!

"It shouldn't be a human tribulation. Look at the thunder tribulation that fell and disappeared. It's a bit strange!"

David frowned slightly, and his expression became very solemn!

“Could it be some kind of monster?” Lin Keting also frowned: “Master didn’t tell me that there is...”

Suddenly, Lin Keting realized that he had let the cat out of the bag, so he quickly closed his mouth.

David looked at Lin Keting and said, “What did you just say? What master?”

“No, I said it would be great if my master was here, and I wouldn’t be afraid of encountering powerful monsters.”

Lin Keting quickly changed his words!

David looked at Lin Keting. He knew that this little girl must be hiding something, but he didn’t want to ask any more questions!

The current thing is to know what is in the black vortex.

David planned to take the White Feather Crow closer to check what is in the black vortex, but the White Feather Crow was trembling all over and didn’t dare to move forward at all. Finally, it fell directly to the ground!

“Let’s go around here. Now the strength in the body is suppressed. If it is really a monster, there is no way to deal with it.”

Seeing that David still wanted to get closer, Lin Keting whispered.

“Are you scared?”

David looked at Lin Keting and asked.

“I’m not afraid...” Seeing that David looked down on her, Lin Keting immediately pretended to be fearless.

“Since you are not afraid, let’s get closer and see. Maybe you can get some treasures in this black vortex.” After

David finished speaking, he walked directly towards the black vortex.

Lin Keting looked at the rune on the palm of her hand, pinched her life-saving jade pendant, and then gritted her teeth and followed!

But just as David and his team approached, a huge force suddenly hit, directly knocking David and Lin Keting backwards!

Then, from the black vortex, a figure slowly emerged, and the figure was emitting terrifying thunder and lightning!

At this time, David and his team saw clearly that it was actually a monster!

This monster jumped out of the black vortex with only one foot, and held two thunder hammers in both hands. When the two hammers collided, thunder and lightning burst out!

“Thunder beast? This is the legendary thunder beast?”

Lin Keting shouted in shock when she saw this strange monster.

“Damn human race, disturbing my practice...”

The thunder beast spoke human words and kept approaching David and Lin Keting.

And the terrifying thunder and lightning on its body had already locked David and Lin Keting

Chapter 4422

If it was outside, David would not be afraid, after all, he already possessed the origin of thunder and lightning, and he could completely absorb and refine this little thunder and lightning!

But now, apart from exerting the physical strength of his body, he could not exert any power of martial arts.

Seeing the thunder beast approaching, Lin Keting stretched out her palm and waved it continuously at the thunder beast!

She wanted to drive away the thunder beast with the runes on her palm, but after trying several times, the runes on Lin Keting’s palm did not move at all.

Seeing the thunder beast getting closer and closer, Lin Keting was about to cry.

“Master, you are cheating people, how could this happen...”

Lin Keting cried.

David looked at Lin Keting who was crying, and at this moment he finally understood that after Lin Keting entered the battlefield of gods and demons, she had always been calm and composed, as if she had a plan in mind.

It turned out that she had someone pave the way for her. It seemed that Lin Keting's master must have entered the battlefield of gods and demons and told Lin Keting everything, so Lin Keting was so calm.

The appearance of the Thunder Beast was obviously beyond Lin Keting's expectations!

David tried to emit his dragon aura, hoping that this aura could scare the Thunder Beast and stop it!

But just as David was about to emit his dragon aura, two white lights suddenly flashed from his storage ring!

Then the little fire unicorn and the little swallowing beast appeared in front of David and Lin Keting!

The two little guys were very small, and in front of the huge thunder beast, they were like two little pugs!

But these two guys were not afraid at all, and they opened their mouths and roared!

The roars of the little fire unicorn and the little swallowing beast directly scared the Thunder Beast back again and again!

In the end, because of panic, it fell to the ground!

The lightning that spread around his body also disappeared in an instant. The Thunder Beast lay on the ground, looking at the Fire Kirin and the Sky-Swallowing Beast in horror, motionless!

The little Fire Kirin and the little Sky-Swallowing Beast walked in front of the Thunder Beast with a step that did not recognize any relatives.

Pa Pa Pa...

The two little guys, the little Fire Kirin and the little Sky-Swallowing Beast, jumped directly on the head of the Thunder Beast, followed by a few slaps!

The

Thunder Beast didn't dare to move at all!

Lin Keting was standing aside, and she was stunned!

She didn't know where these two little guys who suddenly appeared came from, and why they were so awesome?

David looked at the two little guys and was speechless.

It seems that these two guys are quite familiar with their storage ring.

Especially the little Sky-Swallowing Beast, this guy who sleeps all day, didn't expect to run out today!

After slapping the Thunder Beast a few times, the two little guys walked back with a step that did not recognize any relatives!

And they twisted their butts in front of David, as if showing off!

Then the two little guys returned to the storage ring!

“fu**...”

David was speechless for a while. He seemed to be despised by these two little guys whose hair had not yet grown!

Lin Keting watched the two little guys enter David's storage ring, and finally understood why the white-feathered crow was afraid of David.

It turned out that David had two such awesome little pets!

Lin Keting didn't know what the little fire unicorn and the little swallowing beast were, and directly regarded them as David's pets!

“Daoyou, I was reckless just now, forgive me, forgive me...”

The thunder beast stood up and kept bowing to David.

Lin Keting didn't know the fire unicorn and the swallowing beast, but the thunder beast knew them!

The person who could raise these two spirit beasts, even if he was given ten thousand courage, he would not dare to offend him again.

“It doesn't matter!” David waved his hand casually, looking indifferent. He was also scared to death just now.

“Are you going through the tribulation? Are you triggering the tribulation thunder?”

David asked the thunder beast.

Chapter 4423

“I am just using the thunderbolt to practice, not to survive the tribulation.”

The Thunder Beast answered truthfully!

At this time, the people who had been left behind came up, and when they saw the Thunder Beast in front of David and the others, their faces changed drastically!

“Thunder Beast? Thunder Beast at this time?”

The old man in the crowd recognized the Thunder Beast, and was so scared that his legs went weak, and he actually fell down directly. In

the world of heaven and man, the Thunder Beast is only a legend, and few people have seen it. Moreover, it is said that the Thunder Beast is extremely ferocious. When the two hammers touch, they can send out thousands of lightning and directly burn people!

The Thunder Beast glanced at everyone, and then looked at David!

“These are all with us...” David said!

Seeing this, the Thunder Beast quickly put away his two hammers, clasped his fists and said: “Fellow Taoists, don’t be afraid, I won’t hurt you...”

After hearing what the Thunder Beast said, everyone was relieved!

“It is rumored that this thunder beast is ferocious, but after seeing it this time, the rumors are all false.”

“It seems that this thunder beast just looks a little fierce, but it has a good personality.”

“When I go out this time, I will argue with anyone who says that the thunder beast is ferocious.”

Seeing that the thunder beast was not dangerous at all, the monks began to discuss it!

David smiled slightly. If the thunder beast had not been frightened by the little fire unicorn and the little swallowing beast, they would have died under the thunder and lightning.

“If we go forward from here, will we reach the Broken Bone Cliff?”

Lin Keting asked the thunder beast!

The thunder beast was stunned, and then nodded: "Yes, I don't know how this girl knows that there is a Broken Bone Cliff in front? Have you been here?"

Lin Keting curled her lips and hurriedly shook her head: "I haven't been here, I just heard about it..."

David glanced at Lin Keting and knew that Lin Keting had been here 100%, or had heard someone talk about it in detail!

"What is the Broken Bone Cliff?" David asked!

"The Broken Bone Cliff is just an ordinary cliff." The thunder beast said.

"Cliff? This is a snowy field. There are no mountains. Where does the cliff come from?"

David was somewhat puzzled!

"Although this is a snowfield, if you go forward, there will be a large fault. Originally, there was no Broken Bone Cliff here. It was only because many years ago, a strong man came here and fought with a demon cultivator, and finally forcibly divided this snowfield continent into two."

"There is a fault between the two continents, forming a huge cliff. At the same time, there are countless white bones under the cliff, so it is called Broken Bone Cliff."

Thunder Beast explained in detail!

"Demon cultivator? There are still demon cultivators here?" David frowned slightly!

This is the battlefield of gods and demons. After so many years, is there anyone who survived?

And who is that strong man?

"That demon cultivator is the survivor of this battlefield of gods and demons, but he was killed in the end, but a trace of the demon cultivator's residual soul is hidden in the white bones of the Broken Bone Cliff."

"The suppression of heaven and earth here is also done by that strong man, who directly suppresses the strength of the cultivators who enter here."

Thunder Beast said!

“Damn, that strong man is so awesome?” David was shocked. He thought that the suppression of heaven and earth was done by a powerful person after the formation of the battlefield of gods and demons.

Unexpectedly, it was done by a powerful person behind. There is such a powerful person in this world of heaven and man?

When the others heard that this was the battlefield of gods and demons, they were also shocked!

They thought it was a relic and came in to find some treasures. If they knew it was the battlefield of gods and demons, I'm afraid many people would not come in!

After all, the battlefield of gods and demons is very dangerous, unlike the relics!

Lin Keting listened to the thunder beast's story, and her eyes became a little evasive!

“Then how do you know so much? Didn't the strong man kill you?”

Lin Keting asked!

“I was just a snow mouse back then. Later, I was accidentally hit by the thunder caused by the battle between the strong men. I was lucky not to die and turned into a thunder beast.”

“That strong man back then didn't even look at me, so how could he kill me...”

The thunder beast explained!

After listening, Lin Keting stopped talking, but looked ahead with some solemnity!

Chapter 4424

Lin Keting was a little entangled at this time, because the development of the battlefield of gods and demons was no longer going according to the pre-conceived plan.

This sudden appearance of the thunder beast, and the demon cultivator who left a trace of residual soul.

She didn't know how many unknowns would be behind!

If she went on, there would definitely be danger!

But if she didn't go on and turned back like this, Lin Keting didn't know how to speak, after all, these people behind her were following her.

"Master, I'm really going to be killed by you. Didn't you say that you had paved the way for me a long time ago?"

Lin Keting cursed her master in her heart.

But at this time, she couldn't show too much panic, and could only pretend to be calm and said: "Fellow Taoists, it will definitely be very dangerous to continue walking ahead. If everyone doesn't want to continue taking risks, then we can return the same way." in

Keting wanted everyone to make up their minds. If they said they didn't want to take risks, she could go back with them.

Everyone was silent.

Originally thought it was a relic, but unexpectedly it was a battlefield of gods and demons!

No one knows how dangerous the front is!

And there is a remnant soul of a demon cultivator in front. It is obvious that the demon cultivator is a strong one. Even if it is a remnant soul, I don't know if they can deal with it!

If they don't go, there may be many treasures waiting for them in front!

After all, there is a broken bone cliff in front, with bones all over the ground. These bones are basically immortals and demons who died during the war between gods and demons!

Who of these immortals and demons doesn't have a few magic weapons in their hands!

People are dead, and those magic weapons must have been left in this battlefield of gods and demons.

Everyone is entangled at this time, it's not right to go, and it's not right to go back...

"Ji Yun, Miss Zhu, let's go..."

David saw through Lin Keting's thoughts, so he called Ji Yun and Zhu Qingxiu, and they walked forward alone!

"Such a battlefield of gods and demons, there must be countless magic weapons ahead, I don't know if the storage bag I brought is enough." "As the

saying goes, the brave die of overeating and the timid die of starvation. I would rather be overeating than starving to death..." David said loudly as he walked! "Daoyou, take me with you, at least I still have some strength, and my strength is not suppressed."

Seeing that David continued to move forward, the Thunder Beast immediately chased after him and said! The Thunder Beast has been here for many years, and has never dared to move forward, fearing that he would encounter any danger! Now that David is accompanying him, he is much more relieved, after all, David still has the Fire Kirin and the Sky-Swallowing Beast in his hands!

Don't look at these two little guys, they are not weak! Seeing that the Thunder Beast was also going to follow David to move forward, the people who were still hesitating immediately chased after him! "Daoyou, wait a minute, we will also go with you..." "Yes, we will go together, even if we die, we can't give up this opportunity."

"Fight, anyway, we are already here." The monks caught up with David and wanted to follow David! At this time, only Lin Keting was left standing there alone, looking at the backs of David and the others with a confused face! She wanted to scold David at this moment. What was she showing off at this time?

If it weren't for David, perhaps everyone would have returned the same way. In fact, David was also secretly looking at Lin Keting at this time! What David wanted most was to let Lin Keting follow, after all, Lin Keting had the omnipotent rune in her hand.

And Lin Keting was also familiar with this place and could help to a certain extent! As for the monks, they had suppressed their strength and became ordinary people. It was useless to follow them! It can be seen that Lin Keting did not move for a long time, and David was a little anxious in his heart! "Wait for me, since everyone is willing to move forward, I will follow too!" Lin Keting finally gritted her teeth and chased after David and the others! Seeing this, David raised the corner of his mouth slightly and laughed!

Chapter 4425

Broken Bone Cliff!

Everyone stood on the edge of the cliff, looking at the bottomless cliff, and they wanted to die!

Isn't it said that this is a cliff squeezed out by the connection of two continents?

How can there be such a big drop?

As far as the naked eye can see, it is pitch black and nothing can be seen!

It seems that the whole continent is cut straight off here!

The darkness in front seems to be the end!

“This... How to go down? It’s too deep...”Someone

complained helplessly.

Now everyone’s strength has been suppressed. They are just ordinary people. Who dares to jump directly? They will be smashed to pieces!

What’s more, no one knows what is below. It is an unknown area!

“I can take you down!”

At this time, the thunder beast spoke.

Everyone here has suppressed their strength, only the thunder beast is not suppressed!

“That’s great, then please take us down...”

said the old man among the monks!

“But taking so many people down will be very exhausting for me, so...”

The Thunder Beast frowned slightly.

“Don’t worry, we will definitely not treat you unfairly. When we find the treasure, we will share some with you.”

The old man understood what the Thunder Beast meant and said hurriedly!

The other monks also nodded in agreement!

If they didn’t let the Thunder Beast send them down, they would have to be blocked here!

“The treasure is of no use to me, but if you have spirit stones, you can give me some to replenish my physical strength.”

The Thunder Beast said directly!

It was obvious that the Thunder Beast wanted spirit stones to send everyone down.

When they heard that they wanted spirit stones, all the monks were stunned for a moment, and then looked at each other!

After all, sharing treasures is just a big deal, and unknown promises are the least valuable!

But if you want spirit stones, that's the real way to take them out.

Seeing that everyone was hesitating, the Thunder Beast said, "I won't force you. If you don't want to go down, just pretend that I didn't say anything."

"Okay, I'll take it out..."

Some cultivators decided to take spirit stones in exchange for their chance to go down!

In the end, some people were willing to take spirit stones, some were unwilling, and only half of them took out spirit stones and planned to go down to find out!

David and Lin Keting were also ready to take spirit stones, but the Thunder Beast refused.

"You two Taoist friends don't have to take them, we'll go down now!"

After the Thunder Beast finished speaking, he lightly touched his hammers!

Boom!

The world trembled, and then a thunder and lightning bombarded. This thunder and lightning turned into a ball of light in the air, and then enveloped David and the others!

The Thunder Beast controlled the ball of light and slowly descended to the bottom of the cliff, and the speed was controlled very slowly!

After all, David and the others were ordinary people at the moment. If there were some mistakes, they would definitely not survive.

Slowly, everyone was swallowed by the darkness. Because there was no spiritual consciousness, the situation around them could not be seen with the naked eye!

In this darkness, many people began to panic and their breathing became rapid!

Even Lin Keting was holding the life-saving jade pendant tightly in her hand, with a nervous expression!

"Miss Lin, don't be nervous, nothing will happen."

David comforted her affectionately!

While comforting Lin Keting, David himself looked solemn, because he always felt a little uneasy!

This kind of uneasiness is the feeling of danger coming!

David could only clench his fists, and all the strength of his body was concentrated on his fists!

And the others also looked solemn, and some people were praying secretly!

They were like lambs to be slaughtered in the dark!

Rumble...

Suddenly a flash of lightning flashed, and there was a ray of light in the darkness!

Everyone took advantage of this light and finally saw the situation below the Broken Bone Cliff. It was a white piece of snow. It was not snow, but white bones!

The thick Yin Sha Qi kept pouring in from below!
