Chapter 4531

Then, a flash of disdain flashed in his eyes, and he looked straight at the talisman mark in the center of the Bagua formation!

“You are too naive to play talisman art with me!”

David raised the corner of his mouth, and after his palm passed, the talisman mark in the center turned into ashes in an instant!

As the talisman mark turned into ashes, the light on the other talisman marks also disappeared instantly!

The entire Xijiantan fell into darkness, and the sword puppets seemed to have lost their mania!

Although they were still attacking, they were much weaker! And

some sword puppets did not take the initiative to attack!

At this moment, everyone breathed a sigh of relief, and then looked at David together!

“Mr. Chen, are you okay?”

Jian Lao walked over with a sword and asked!

“I’m fine!” David shook his head: “Old Jian, what’s going on with this secret room? And what’s going on with the formation in this secret room?”

But who knows that Old Jian shook his head and said: “I don’t know either. I only know that there is a formation at the bottom of the Xijian Pond. As for the secret room at the bottom of the pond, I never knew it!”

“It seems that this secret room and the formation should also be done by the ancestors of the Refining Sect.”

David said!

“Why would Mr. Chen say that? If it was done by the ancestors of the Refining Sect, what’s the use?”

An elder of the Refining Sect asked puzzledly!

“This secret room and the Five Elements Bagua formation in the secret room should be the backup left by the ancestors of the Refining Sect to prevent the Xijian Pond from being destroyed.”

“If the formation at the bottom of the Xijian Pond is destroyed, the Xijian Pond will lose its function. In this way, the formation in the secret room at the bottom of the Xijian Pond will be opened.”

David explained!

“If that’s the case, why did this secret room trap us all? And there’s an evil spirit coming out of this formation!”

“It’s impossible for our Weapon Refining Sect’s ancestors to set up a formation with an evil spirit!”

Another Weapon Refining Sect elder said!

“The talisman mark in the Five Elements and Eight Diagrams formation was tampered with, so there’s an evil spirit in this formation.”

“That’s why the talisman mark in the formation is deliberately protected by a formation. I just destroyed the talisman mark, the evil spirit disappeared, and these sword puppets have become much quieter!”

David explained!

“Mr. Chen, if this is the case, wouldn’t our Xijiantan lose its function?”

Jian Lao asked a little sadly!

David nodded: “Yes, without this formation, Xijiantan will become just an ordinary pool of water.”

“Ah!”

Seeing David say this, Jian Lao could only sigh!

The reason why the Refining Sect can create magic weapons is that in addition to forging skills, it also relies on Xijiantan to wash!

Now that Xijiantan has become an ordinary pool of water, the Refining Sect may never be able to create a peerless sword again!

“Jian Lao, you don’t have to be too sad. I’m trying to restore the talisman mark to restore the Five Elements Bagua formation.”

“Maybe it can’t be restored to its original state, but it can also keep the effect of Xijiantan.”

David said hurriedly!

“Really? Thank you so much, Mr. Chen!”

Jian Lao was excited when he heard it!

“Thank you, Mr. Chen...” The hurried elders of the other Refining Sects hurriedly saluted David!

David not only saved their lives but also helped the Refining Sect restore the Sword Washing Pond!

This great favor cannot be repaid!

“Old Sword, I hope that there will be no sword puppets to disturb me when I am setting up the formation.”

David said!

“Don’t worry, Mr. Chen, we will never let a sword puppet get close even if we risk our lives!”

Old Sword promised hurriedly!

David nodded, and then his body slowly rose, and then he closed his eyes and emptied everything!

The spiritual energy in his body circulated and gathered at his fingertips!

As David’s fingers slid, golden lines appeared and then formed words.

Chapter 4532

David was carving these words based on his memory, and then he formed these words into talisman marks!

As David carved the talisman marks, the originally quiet sword puppets suddenly became manic again, and they pounced like evil tigers!

Jian Lao led several elders of the Weapon Refining Sect, all fighting with all their might!

At the same time, the long sword in Jian Lao's hand drew a barrier to prevent the sword puppets from approaching David!

Jian Lao's face flushed, and the long sword in his hand was already waving desperately!

The other elders of the Weapon Refining Sect were also trying their best to kill the sword puppets!

As more and more sword puppets died, the sword intent in the Sword Washing Pond became stronger and stronger!

Puff!

Suddenly, Jian Lao spit out a mouthful of blood, and the barrier formed by the sword light was directly broken through by countless sword puppets!

Jian Lao's eyes were scarlet, and he shouted loudly, and the long sword in his hand actually became larger, and his body burned like a flame! With

the sword of the old sword, countless sword puppets disappeared!

However, it seemed that the sword puppets could not be killed at all, and there were more and more!

Seeing that the old sword and the elders of the refining weapon sect were surrounded by sword puppets and were about to die tragically at the hands of these sword puppets!

As David carved the last stroke, the talisman mark took shape!

Buzz!

The talisman mark slowly fell to the center, and then a golden light burst out!

The earth trembled, and eight golden lights shot out from the talisman mark, and then gathered together!

The golden light shone everywhere, illuminating the entire sword washing pond!

Under the irradiation of this light, those sword puppets screamed one by one, and instantly turned into ashes and turned into sword intent!

In just a blink of an eye, all the sword puppets in the sword washing pond disappeared!

Jian Lao and several elders of the Refining Weapon Sect were all shocked when they saw the scene in front of them!

“So many sword puppets, all of them are dead?”

Jian Lao was shocked!

You should know that there were sword puppets in the Xijian Pond before. Although there was a formation at the bottom of the Xijian Pond, the sword puppets also existed.

But now, this Five Elements Bagua formation has actually destroyed all the sword puppets!

This formation looks really overbearing!

David felt the power of the formation and the countless sword intents in the Xijian Pond, and he was ecstatic!

David was sitting in the gathered light, and then desperately absorbed the sword intent in the Xijian Pond!

At the same time, the Dragon Slaying Sword also absorbed the sword intent, and whirlpools appeared around David!

The sword intent from all directions poured into David’s body, as well as the Dragon Slaying Sword!

Jian Lao and the others were all shocked to see David madly absorbing the sword intent.

“Old Sword, will Mr. Chen suffer backlash for absorbing the sword intent like this?”

asked an elder of the Weapon Refining Sect!

“It shouldn’t be. The sword energy accumulated in the Sword Washing Pond for thousands of years was also absorbed by him. Mr. Chen is fine.”

Old Sword shook his head and said!

Several people stared at David, watching David madly absorbing the sword intent!

“Master...”

At this time, a voice suddenly sounded in David’s sea of consciousness!

David hurriedly looked over and found that it was the sword spirit Zhongli!

Looking around, there was no figure of Old Sword and others!

“Master, you are in the Dragon Slaying Sword at this moment.”

Zhongli said!

“Zhongli, are you...are you completely recovered?”

David walked to Zhongli excitedly and asked softly!

Zhongli nodded: “Yeah!”

After that, Zhongli gently stroked David’s face and said: “Master, have you missed me during this time?”

“Of course I did. In order to make you recover, I came to the Weapon Refining Sect on purpose.”

David grabbed Zhongli’s hand and said!

Zhongli gently poured into David’s arms!

With a beauty in his arms, David hasn’t practiced dual cultivation for a while!

So...

Jian Lao and the others looked at David quietly. They didn’t know that David was already practicing dual cultivation at this moment!

Chapter 4533

“Master, you are so great...”

Zhongli’s face flushed with satisfaction!

David also let out a long sigh and then stretched his body!

Boom...

David just stretched his body!

Above the Sword Washing Pond, countless thunder clouds suddenly appeared, bursting out with lightning!

“Who is going through the tribulation?”

Master Tiechui and other people from the Refining Sect looked up at the thunder clouds that suddenly appeared, and were a little confused for a while!

They didn't understand, who suddenly went through the tribulation at this time?

Boom...

There was another loud noise, and a thunder tribulation actually struck straight towards the Sword Washing Pond!

Jian Lao and the others were all startled, and when they saw the thunder tribulation hit David fiercely, they were all stunned!

None of them thought that David would break through the realm at this time and start to go through the tribulation!

Thunder tribulation hit David one after another, and David's strength was growing rapidly!

“Master, can you withstand it?”

Zhongli asked worriedly!

“No problem, this thunder tribulation has no harm to me.”

David smiled indifferently!

After experiencing so many thunder tribulations, David has already mastered this thunder tribulation.

Rumble...

As soon as David finished speaking, another thunder tribulation suddenly came down!

However, this thunder tribulation was actually golden, and its power was doubled!

“What realm is this in? This thunder tribulation is too terrifying. I think our fourth-grade cultivators in the Mahayana realm have never experienced such a powerful thunder tribulation.”

An elder of the Refining Sect said!

Master Tiechui frowned slightly, his face full of doubts. He didn't know who was going through the tribulation in the Sword Washing Pond, and there would be such a powerful thunder tribulation.

In the Sword Washing Pond, Jian Lao and the elders of the Refining Sect looked at the powerful thunder tribulation hitting David, and they were all stunned!

“Old Sword, Mr. Chen is only a seventh-grade cultivator in the Tribulation Realm. How can the Tribulation Thunder be so terrifying?”

An elder of the Refining Sect asked in confusion!

“Mr. Chen's realm has been upgraded this time. It is very likely that he will be upgraded by two levels

after surviving the Thunder Tribulation.” “Only when it is upgraded by two levels, the Thunder Tribulation will become extremely powerful. If you can withstand it, your realm will be directly upgraded by two poles.”

Old Sword explained!

“Is there such a saying? I have never seen anyone who has been upgraded by two levels in a Thunder Tribulation.”

An elder of the Refining Sect said in shock!

“Not to mention the Heavenly Realm, even in the entire universe and galaxy, there are very few people who have been upgraded by two realms in a Thunder Tribulation.”

“In addition to opportunity, strength and luck, this requires real ability, otherwise this Thunder Tribulation will lose your life.”

Old Sword said!

Everyone stared at David and prayed silently for David, hoping that David could survive the Thunder Tribulation!

When this Thunder Tribulation blasted down, David's body shrank and knelt on one knee on the ground!

The whole person's face became ugly, and his brows could not help but frown!

“Master, what's wrong?”

Zhongli asked!

“Strange, why did this thunder tribulation suddenly become so powerful?”

David didn't know why this thunder tribulation suddenly became so powerful, which made him unable to adapt for a while, and he was almost knocked to the ground!

“Master, I'll help you. This is in the Dragon Slaying Sword. I can help you bear the thunder tribulation.”

Zhongli said when he saw it!

“No, you don't have to worry about me, I'll do it myself!”

David waved his hand hurriedly!

Zhongli finally recovered. If he was injured by the thunder tribulation, or his spirit body was shattered by the thunder tribulation, David would regret it for the rest of his life!

But Zhongli didn't listen to David, but pounced on him directly, and then kissed David!

David only felt a wetness, followed by the strong body fragrance!

Boom!

Another thunder tribulation came down and hit David heavily!

Chapter 4534

But David didn't react this time, but held Zhongli and endured it.

Zhongli was also suffering from the thunder tribulation, but his eyes were firm!

The two kissed deeply and forgot everything...

One thunder tribulation after another hit David, and David had no feeling!

He was completely immersed in Zhongli's expression!

I don't know how long it took, the thunder tribulation finally stopped and slowly dissipated! And

David and Zhongli were still kissing! After a long

time, David separated from Zhongli. At this moment, the aura in the bodies of the two people actually changed!

Not only did David survive the thunder tribulation and improve his realm, but even Zhongli also improved his strength!

“Zhongli, thank you, if it weren’t for you, I’m afraid it would be difficult to survive this thunder tribulation.”

David said, caressing Zhongli’s face gently!

“Master, if it weren’t for you, I wouldn’t have been able to improve my strength so much.”

“I will be satisfied if I can stay by your side forever and serve you every night.”

Zhongli smiled slightly!

“Don’t worry, I will never let you get hurt again!”

David promised with a firm look in his eyes!

Zhongli nodded, and then David left the Dragon Slaying Sword!

When David landed in front of Jian Lao and others, Jian Lao and others were stunned!

Because the aura emanating from David’s body had undergone earth-shaking changes!
It

was actually directly upgraded from the seventh level of the Tribulation Realm to the ninth level of the Tribulation Realm!

According to David’s appearance, it is just around the corner to upgrade to the Mahayana Realm!

“Mr. Chen, I didn’t expect you to be able to upgrade two realms in a row. You can actually resist this overlapping thunder tribulation, and you haven’t been injured yet.”

Jian Lao said in shock!

“Overlapping thunder tribulation? Have I upgraded two realms?”

David was stunned, and then the aura in his body burst out. With a wave of his hand, the entire Sword Washing Pond burst out with a horrified aura!

The

water in the Sword Washing Pond burst out ten thousand meters high!

Master Tiechui and the others outside were all shocked and hid far away!

They didn't know what kind of horror was in the Sword Washing Pond!

David's eyes were full of surprise. He didn't expect that he would be directly promoted to the ninth level of the Tribulation Realm!

"It seems that the sword meaning in the Sword Washing Pond really helped a lot..."

David said in his heart!

In addition to the sword meaning of the Sword Washing Pond, there is also the seven-colored elixir given by the Taoist Wuji, which is of great help to David's promotion of two realms this time!

The first time David came to the Refining Weapon Sect, he absorbed the sword energy in the Sword Washing Pond!

This time, he absorbed the sword meaning in the Sword Washing Pond again, but fortunately he helped to repair the formation!

The power of the Sword Washing Pond is still there, and the Refining Weapon Sect will not let the reputation of the refining weapon plummet because of the Sword Washing Pond!

David rushed out of the Sword Washing Pond with Jian Lao and others!

Seeing David coming out of the Sword Washing Pond, Master Tiechui and others were very happy!

Especially seeing that Master Jian and the elders of the Weapon Refining Sect who were looking for Master Jian were still alive, everyone in the Weapon Refining Sect was very excited.

"Master Jian, who was going through the tribulation in the Sword Washing Pond just now? The thunder cloud that came was too scary."

Tiechui asked Master Jian!

Master Jian looked at David, smiled slightly and didn't say anything!

Tiechui looked at David, and the breath in David's body directly shocked Master Tiechui!

The terrifying thunder tribulation just now was actually David going through the tribulation, which was something none of them had expected!

“Mr. Chen, thank you for helping to find Master Jian and rescue these elders of our Weapon Refining Sect. I hope you can stay in the Weapon Refining Sect for a while.”

“It’s also good for Master Jian to help you repair the Dragon Slaying Sword and restore the sword spirit!”

Tiechui said to David!

But David shook his head and said, “Master Tiechui’s kindness is appreciated. The Dragon Slaying Sword has absorbed a lot of sword intent and has fully recovered.”

“I still have things to deal with, so I can’t stay for long. However, if there is anything in the Refining Sect, I will definitely do my best to help.”

After David finished speaking, he immediately ordered Ji Yun to prepare the airship and left the Refining Sect.

David has always been worried about the Xiao Dynasty. If the Demon Sealing League brings people to destroy the Xiao Dynasty again, the Xiao Dynasty will find it difficult to resist.
