Chapter 4641

Qiu Tu and Master Luan flew over, and in the blink of an eye they landed in front of David!

“Mr. Qiu, you are finally here. David has broken the formation and can’t trap him at all!”

Qian Yue’s eyes suddenly lit up, as if he had seen a savior!

His nervous mood also calmed down, and there was a relaxed smile on his face! The youngest sister’s brother also breathed a sigh of relief.

Now that Qiu Tu and Master Luan are here, the two of them don’t have to be afraid of David!

“Qian Yue, don’t worry, since you have surrendered to our Qiu family, we will naturally protect you.”

Qiu Tu said proudly!

He completely forgot that he was once a defeated general of David!

Now with Master Luan, he thought that the two of them could defeat David together!

“Are you David? You are quite capable of breaking my formation, but you should not think that you are qualified to shout in front of me just because you broke my formation.”

“The formation I set up is just the lowest level. Even if you broke it, there is nothing to brag about.”

Master Luan looked at David and said with disdain!

“Did I show off?” David smiled slightly: “If I were to show off, you would be dead by now...”

“How dare you talk to me like this, you are just a first-grade cultivator in the Mahayana realm?”

“Even the three beast generals have to be respectful when they see me. Who do you think you are?”

Master Luan shouted loudly!

As a high-level formation master, he has a very high status in the Beast City. The three beast generals are trying to win him over, and no one dares to provoke him!

Now David, a first-grade cultivator in the Mahayana realm, dares to talk to him like this. Master Luan is of course angry!

“Three beast generals, are you very powerful?”

David snorted coldly! Now

David has broken through to the Mahayana realm, and his strength has made a qualitative leap!

Facing the eight-grade strength of the three beast generals, David is not at all weak!

“Boy, are you a little too arrogant? Do you think that you can fight beyond your level and ignore the three beast generals?”

“Let me tell you, our Qiu Mansion is the leader of the three beast generals, and my father has reached the peak of the eighth grade of the Mahayana realm, and will soon break through to the ninth grade of the Mahayana realm.” “

And our Qiu Mansion has three sixth-grade cultivators in the Mahayana realm and more than ten fifth-grade cultivators in the Mahayana realm.” “There are dozens of cultivators below the fifth grade in the Mahayana realm. How can you, a small first-grade Mahayana realm, afford to offend such strength?”

Qiu Tu reported the power of his family with an arrogant face!

This kind of power is also one of the best in the entire Beast City!

Qiu Tu also knew that David had some strength, but the strength of one person was too small compared to his entire Qiu Mansion!

Qiu Tu looked at David with pride. He wanted to see fear in David’s eyes!

In his opinion, even if David was a genius, even if he could fight beyond his level, even if he held a spirit sword, he was only a first-grade cultivator in the Mahayana realm after all!

This kind of power in the Qiu Mansion was not something David could shake at all!

David looked at Qiu Tu without saying a word, and the scene fell into a brief silence!

Qian Yue and the youngest brother thought that David was frightened, and a smug smile appeared on their faces!

“If your Qiu family only has this little strength, I alone am enough to destroy your Qiu family...”

David said calmly!

If he was only at the ninth level of the Tribulation Realm now, David would not dare to say such big words!

But now David has broken through to the Mahayana realm, so if all means are used, it is not impossible to destroy the Qiu family!

What Mahayana realm fifth and sixth levels, David does not take it seriously at all. The only one who poses some threat to David is Qiu Wanqing of the Qiu family, the eighth level of the Mahayana realm!

It seems that this beast city has been closed off for too long, and it has no idea what the outside world is like!

More than a dozen fifth or sixth rank Mahayana cultivators dare to be so arrogant...

Chapter 4642

“Hahaha, you are too arrogant. Aren’t you afraid that the wind will blow your tongue away?”

Qiu Tu laughed!

The more rampant David was, the more Qiu Tu despised him. After all, people with real strength would not be so arrogant!

Only bluffing would dare to speak like this!

“Mr. Qiu, my hands are itching. Let me deal with him...”

Master Luan had been itching to listen to David's bragging, so he planned to take action against David!

This was also to prove to himself. After all, the formation just now was indeed broken by David!

At this time, if he couldn't subdue David, he would lose face!

"Master Luan, thank you for your trouble..."

Qiu Tu nodded!

Master Luan's eyes became sharp, his hands quickly formed seals, and he muttered something, as if he was chanting an ancient and mysterious spell.

Two huge spots of light appeared in the air, and the two huge spots of light began to rotate slowly, releasing dazzling light, forming a complex and huge array pattern, trapping David firmly in the middle.

"Hmph, kid, being able to break my array does not mean that you can break all my methods! Today, I will let you see what the true array is!"

Master Luan's voice was full of pride and disdain, as if he had foreseen that David would be helpless in this array.

However, facing the overwhelming pressure of the array, David seemed particularly calm.

His eyes were slightly closed, as if he was sensing something, and then suddenly opened, and a gleam of light flashed.

He raised his right hand, tapped the air with his fingertips, and uttered a word: "Solve!"

With this shout, the seemingly indestructible array light shield began to show tiny cracks, and then shattered like a broken mirror, turning into dots of light and dissipating in the air.

David still stood there, his clothes fluttering, his expression indifferent, as if everything that had just happened was just an insignificant disturbance.

"What?!" Master Luan's face turned pale in an instant. He looked at this scene in disbelief. The array that he was so proud of was actually cracked so easily by David!

Master Luan, unwilling to give up, once again urged his whole body's spiritual power, his hands changed quickly, trying to rearrange a more powerful formation.

But no matter how hard he tried, no matter how complex and changeable the formation was, whenever it was about to take shape, David would always find a flaw in an incredible way and easily resolve it.

“Master Luan, your formation seems to be just like this.” David raised a faint smile at the corner of his mouth, and his tone was full of confidence and calmness.

Master Luan’s face turned pale and blue, and he knew that if he continued, it would only add to the laughing stock.

In the end, he could only sigh helplessly, retract all his spiritual power, and his body trembled slightly, obviously deeply shocked by David’s strength.

“Mr. Qiu, I... can’t do anything.”

Master Luan lowered his head, with a hint of shame and frustration in his voice.

Qiu Tu looked at this scene, and his heart was also mixed.

He originally thought that with Master Luan’s strength, he could easily defeat David, but he didn’t expect the result to be so unexpected.

Qian Yue and the youngest sister’s brother were also shocked when they saw this scene. It seems that David’s array technique is indeed much more powerful than this Master Luan!

Xiong Kuo and his sister, as well as the youngest sister, were extremely happy to see David easily break Master Luan’s array!

It seems that they may be saved!

“Boy, you really have some skills!”

Qiu Tu looked at David with a frown!

“It’s ridiculous that you dare to call yourself a master with this broken array technique!”

David looked at Master Luan with disdain, and his expression was also relaxed!

But Master Luan was not angry when he heard David’s ridicule. His eyes were fixed on David, and a more complicated light flashed in his eyes.

“Boy, you’ve been fooled...”

Suddenly, a sinister smile flashed across Master Luan’s face!

Chapter 4643

Everyone looked at Master Luan, not understanding what he meant!

At this time, Master Luan reached his hand into his sleeves and then grabbed a black gourd from his sleeves!

The gourd was all black, with some carved runes on it. It looked very delicate, but it gave people a gloomy feeling!

The moment Master Luan got the gourd, he opened it directly and shouted at David: "Boy, let me show you the power of my Heaven-Swallowing Gourd!" After that

, an extremely powerful suction force burst out from the gourd!

David didn't have time to react at all. He only felt that the space around him seemed to be imprisoned in an instant, and his body was out of control for a while!

David saw that the entire space and time around him seemed to have stopped. No matter how he moved, he seemed unable to escape! Then

he felt a blackness in front of his eyes, and was directly sucked into the gourd by the huge suction force!

"David, David..."

The youngest sister saw this and shouted in shock!

"Why is he gone? Could it be that Mr. Chen was sucked into the gourd?"

Xiong Kuo said with a shocked face!

Even Qian Yue and the youngest sister's brother looked at Master Luan in disbelief, their eyes fixed on the gourd in his hand!

Such a small gourd actually subdued David, such an arrogant and powerful guy, in an instant!

This is too outrageous!

"Master Luan, this..."

Even Qiu Tu was so shocked that he couldn't speak!

Master Luan was very satisfied with the expressions of the crowd, so he proudly sealed the gourd!

Just now, he followed David to perform various magic, but it was just to confuse David, so that David would think that his array magic was not powerful, so that David would relax his vigilance!

In this way, the magic gourd can play a role!

In this way, David had no way to avoid it, and he was subdued by himself!

And the more awesome David was at the beginning, the more he could show his extraordinary qualities in the end!

This was just Master Luan's little trick!

"Mr. Qiu, this Heaven-Swallowing Gourd was created by my master who gathered dozens of formation masters."

"Don't look at this gourd as it is not big, but it contains hundreds of formation techniques, and it also contains the most mysterious formation of space and time."

"Then David was sucked into this gourd. Even if he has three heads and six arms, he can't escape. I want him to suffer the pain of the wind blade biting his body in it."

"Then he will beg for mercy and beg me to let him out!"

Master Luan proudly introduced his gourd to Qiu Tu!

Qiu Tu was stunned when he heard that. He looked at the treasure gourd in disbelief and asked, "Master Luan, can this treasure gourd really swallow up the world?"

"Of course, but it can only swallow up a hundred feet of heaven and earth. It can stop time and transform space within a hundred feet!"

Master Luan said proudly!

"Awesome, too awesome, it's simply awesome to the extreme..."

"I didn't expect that Master Luan still has such a treasure in his hand. In the future, our Qiu family will rely on Master Luan."

Qiu Tu was very respectful to Master Luan at this moment!

“Okay, okay...” Master Luan smiled slightly!

Qiu Tu looked at Qian Yue and the youngest sister’s brother, and then said, “I will send someone over right away, you continue to mine the fairy stone.”

“Then David has been caught, and these three people are useless, just kill them!”

Qiu Tu wanted to kill the youngest sister and Xiong Kuo!

When the youngest sister’s brother heard this, he panicked and stepped forward and said, “Master Qiu, let me take care of these three people. I promise to take care of them!”

Chapter 4644

Qiu Tu glanced at the youngest sister and nodded, “Okay, but don’t be soft-hearted. In front of interests, relatives are nothing. If I know that you dare to let them go, I will tear you into pieces.”

“Don’t worry, Mr. Qiu, since I have chosen to be loyal to you, I will never have two hearts.”

The youngest sister’s brother said flatteringly!

Qiu Tu waved his hand with satisfaction, and let the youngest sister brother suppress Xiong Kuo and the other two and leave!

At this time, David was sucked into the treasure gourd, surrounded by a dark void space!

Staying here, David was not afraid at all. Instead, he opened his Tianming Eyes and looked around. He was a little curious and said, “This is really a treasure gourd...”

“Bullshit, this is just an ordinary gourd, and then it uses the engraved formation to become what it is now. This is not a treasure gourd, let alone a spiritual treasure.”

“That idiot said what kind of swallowing gourd this is. It’s really boastful. If this is a swallowing gourd, what is my swallowing beast?”

The Red Cloud Demon Lord snorted coldly and said very unhappily!

Obviously, this guy doesn't want anyone to borrow the word swallowing the sky. Only his swallowing beast can be worthy of the word swallowing the sky!

"Why are you so excited? Of course I know that this gourd is condensed by the formation plus the origin of space and time."

"Otherwise I would not be sucked in by him. The origin of space in his gourd is not worth mentioning at all. The formation master who carved the formation is also very ordinary."

"If you can really turn this gourd into a world, I will admire you a little. As for the current void and chaos, it can only scare children!"

David said with a smile!

The cultivators who have mastered the true origin of time and space can open up a world.

Every blade of grass, every mountain and every stone can open up a world. As for the size of the world, it depends on the strength of the cultivator!

It is not like this, a chaotic space, there is no world at all.

Such means are still somewhat useful for cultivators who have not comprehended the origin of space or time!

However, facing David, a cultivator who has mastered the art of divine patterns and has also comprehended the origin of time, this childish trick can't trap him at all! Although

hundreds of magic arrays are carved in this small gourd, the power is not great, and David can break it at will!

Swish!

Suddenly, the void around him trembled, and David saw a series of sharp wind blades shooting towards him from all directions!

"It turns out that there is also a wind array carved here..."

David frowned slightly, and then activated the indestructible golden body and took these wind blades.

The golden light wrapped around David, and these wind blades hit David, just like tickling, and were shattered in an instant!

"Are these wind blades not produced by the array?"

David felt the diffuse of spiritual energy around him, and his brows couldn't help but frowned!

He thought these wind blades were produced by the wind array carved in the gourd. However, although he was not injured after being hit by the wind blade, the aura that burst out after the wind blade was broken obviously felt a little wrong, giving David a very strange feeling!

This is a broken wind blade, which then turned into aura, and then gathered again and attacked David!

Moreover, the attack positions of these wind blades are not fixed, but constantly looking for their own weaknesses!

In other words, these wind blades seem to have spirituality, not dead objects!

With the help of Tianming Eye, David discovered that these wind blades all came from a formation, and within this formation, there is a source of power!

This is obviously the person who carved the formation, leaving his wind origin in the formation, which makes this wind blade seem to have spirituality!

Chapter 4645

Facing these wind blades that seemed to have spirituality, David's heart moved, and he remembered the Wind-Fixing Bead that he carried.

This bead has been a treasure for controlling wind elements since ancient times. It can freeze all storms in the world and even absorb the essence of wind.

David's mind moved, and the Wind-Fixing Bead slowly rose from his body, suspended above his head, emitting a faint blue light, which formed a sharp contrast with the chaotic darkness around him.

"Let me try, can this Wind-Fixing Bead take in all these strange wind blades."

David whispered, with curiosity and expectation flashing in his eyes.

With the guidance of his mind, the blue light on the surface of the Wind-Fixing Bead became more and more dazzling, like a huge vortex, slowly rotating, attracting the surrounding wind blades.

Those wind blades that were originally cruising around and looking for attack opportunities, after encountering the suction released by the Wind-Fixing Bead, unexpectedly changed their directions at the same time, as if being pulled by an invisible rope, and flew towards the Wind-Fixing Bead.

The moment each wind blade approached the Wind-Fixing Bead, it was gently wrapped by the blue light on its surface, and then turned into strands of pure wind essence, which was slowly absorbed by the bead. This

process was both silent and full of mysterious power, which made David secretly marvel.

As time went by, the wind blades in the gourd became fewer and fewer until they disappeared completely.

The Wind-Fixing Bead became more warm and translucent, as if it had absorbed the spiritual charm of the wind between heaven and earth, and the connection between it and David became closer.

David could feel that through this process, his understanding and control of the wind element had made a qualitative leap.

“As expected, this is not just a simple wind blade attack, but also a direct display of the origin of wind.”

David suddenly realized, and a sense of enlightenment surged in his heart, “Through the medium of the Wind-Fixing Bead, I am able to glimpse the mystery of the origin of wind. This gain is far more precious than escaping from this gourd.”

After completely absorbing all the wind blades, David closed his eyes and concentrated, and began to carefully experience the wind element surging in his body.

He found that his perception of the wind had become more acute than ever before, and he could even detect the subtle changes in every wind flow in the air.

The origin of wind, the origin of the five elements, now seemed to be within reach.

In David’s origin space, the star of the wind origin slowly emitted light. Although the light was not very bright, David knew that as long as he had the opportunity to absorb the wind origin, the star would become brighter and brighter!

At this moment, Master Luan outside the gourd was proudly showing his “masterpiece” to Qiu Tu, but he didn’t know that David in the gourd was undergoing a transformation.

Inside the gourd, David slowly opened his eyes, with a confident light in his eyes.

He took a deep breath, as if he had taken the entire space inside the gourd into his chest, and then gently pushed with both hands, and saw layers of ripples in the void of the inner wall of the gourd, and a tiny crack quietly appeared and expanded rapidly.

“It’s time to go out.”

David whispered, and his figure turned into a stream of light, easily penetrating the gourd and returning to the real world.

The “Heaven-Swallowing Gourd” that was once praised by everyone now lay quietly on the ground, with cracks all over its surface, and it had obviously lost its former power.

Master Luan saw this, his face turned pale in an instant, staring at everything in front of him in disbelief.

The appearance of David was like a heavy hammer, hitting everyone’s heart hard.

Especially Qian Yue, he wanted to continue mining fairy stones, but he didn’t expect that David would come out of the so-called Heaven-Swallowing Gourd in a moment. Qian Yue’s eyes were full of fear and despair at this moment.

At this time, on the other side, the youngest sister’s brother was escorting the youngest sister and the two siblings Xiong Kuo towards the dense forest on the side!

He wanted to kill everyone in the dense forest!
