Chapter 4701

But David also knew that the stronger the body refining technique, the more severe the pain he would endure when refining his body!

Refining the body is too painful, and it also requires a lot of resources. This has caused many cultivators to give up refining the body and directly practice the realm of the technique!

“Deal, as long as I see Huo Qing, I will definitely take his life...”

David said with a smile!

“Okay, then I won’t bother you. You’d better find a suitable body refining venue. With the strength of the Xiao Dynasty, it’s probably difficult to find a suitable place for body refining.”

Yun Li said to David!

Because body refining is different from other practices, it must rely on external blows to temper one’s own body!

If you practice behind closed doors, there is no way to temper the body. This is why few people temper the body. It’s too troublesome and there is no suitable venue!

“Don’t worry about finding a venue, Brother Yun.”

David arched his hands!

After sending Yun Li away, David immediately found Xiao Yuanshan!

He wanted to ask if there was a place in the territory of the Xiao Dynasty where he could temper his body!

As soon as David went out, he saw Ji Yun and his younger sister kissing and sticking together. The relationship between the two people has heated up rapidly in the past few days!

From David’s point of view, the two people may have practiced dual cultivation!

“Mr. Chen...”

Seeing David, Ji Yun hurriedly greeted him!

“Ji Yun, even though you have a gentle place, don't forget to practice. If you still want to follow me, you must speed up your cultivation.”

David said to Ji Yun!

David's strength is getting stronger and stronger. If Ji Yun's strength does not increase and he keeps standing still, the gap between them will become larger and larger. By then, David wants to take Ji Yun with him, but he is afraid that he will be powerless!
Now

the enemies David is facing are getting stronger and stronger. Almost all of them are at the peak of the ninth rank of the Mahayana realm, and there are even cultivators in the Immortal Realm!

Facing such an enemy, if Ji Yun's strength does not increase, I am afraid that it will be difficult to protect himself at that time!

“Mr. Chen's teaching is correct. I will seize the time to practice.”

Ji Yun nodded and said

David said nothing more and went directly to Xiao Yuanshan!

When Xiao Yuanshan heard David's intention, he immediately looked embarrassed!

“Mr. Chen, although the territory of my Xiao Dynasty is large, there are really not many places for tempering the body.”

“There are some small places, I'm afraid they are not suitable for Mr. Chen at all. After all, that kind of painless attack is meaningless for tempering the body!”

Xiao Yuanshan said very embarrassedly!

“There is no need to embarrass Emperor Xiao. There is no Xiao Dynasty. I will go to other places to find it!”

David smiled slightly!

“It can only be like this, but there should not be many places in the whole Tianren world where the body can be tempered. There are too few tempering monks now.”

Xiao Yuanshan said!

“Father, I have a way to create a place for Mr. Chen to temper the body!”

At this time, Xiao Feng walked in quickly!

“What do you have in mind?” Xiao Yuanshan asked!

“Mr. Chen, I don’t know how you feel about the thunder tribulation tempering body?”

Xiao Feng asked!

“Of course it’s best to temper the body by thunder tribulation, but it’s very difficult for me to improve my realm once. It’s impossible for me to just wait until I improve my realm and pass the tribulation before tempering my body, right?”

David said in confusion!

“Of course not, there’s no need for Mr. Chen to improve his realm. There are many cultivators in our Xiao Dynasty. We just need to find some cultivators who are about to break through the realm and gather together. At that time, there will definitely be a huge change in the world, and thunder tribulation will roar.”

“Mr. Chen just needs to stand in the middle of these thunder tribulations and let the thunder tribulations temper his body, right?”

Xiao Feng followed David to explain!

When David heard this, his eyes suddenly lit up. Why didn’t he think of this?

Xiao Yuanshan also suddenly realized and praised: “This is a good idea, a good idea.” “

Feng’er, you immediately go to find the cultivators who are about to break through, gather them together, and create conditions for Mr. Chen’s thunder tribulation to temper his body!”

Xiao Yuanshan ordered Xiao Feng, Xiao Feng nodded, and did it immediately!

Chapter 4702

There are many cultivators in the Xiao Dynasty, and a large number of people are breaking through the realm every day!

Xiao Feng quickly gathered more than a hundred people. These people are in different realms, but they are all close to breaking through the realm!

Xiao Feng gathered these people on a hill, far away from the imperial city!

If one of these people can't control it well, it will be troublesome when the thunder tribulation rages!

After all, there has never been such a move in the world of heaven and man, hundreds of people triggering thunder tribulation at the same time!

"Mr. Chen, you get ready. When you are ready, I will let them break through and trigger the thunder tribulation!"

Xiao Feng said to David!

David nodded, drew a series of array patterns, and then wrapped up the whole mountain!

No matter what realm, when crossing the tribulation, it is the most vulnerable time! If an enemy appears at this time, it will be troublesome!

"Let's start..."

David said!

Xiao Feng said to the hundreds of monks: "Begin..."

As Xiao Feng's voice fell, a large dark cloud of thunder and lightning suddenly appeared in the sky!

The thunder and lightning clouds continued to accumulate, and finally the whole sky turned black, and you couldn't see your hand in front of you!

Only in the thunder and lightning clouds, lightning and lightning danced like pythons, and thunder roared through the sky.

The scene in front of them was like the end of the world, which made Xiao Feng and Xiao Yuanshan worried!

"Mr. Chen, is this... is this okay? Is it too dangerous?"

Xiao Feng asked!

"It doesn't matter, you'd better stay away..."

After David finished speaking, he instantly turned into a white light and disappeared on the spot. When he appeared again, he had already appeared under the thunder cloud!

Countless thunder and lightning began to become violent, and then the thunder and lightning thicker than a bucket bombarded David straight!

The hundreds of monks below also gathered their energy and concentrated their minds, not daring to be careless!

Although David was above to resist the thunder tribulation, if David could not resist it, such a powerful thunder tribulation would hit them, and they would probably be wiped out!

The thunder tribulation of hundreds of monks gathered together, which was too terrifying!

David faced the thunder and lightning like a bucket, and he was not worried at all. The thunder tribulation of these people was much weaker than David's own thunder tribulation!

The origin space in David's body opened, and the stars of the origin of thunder and lightning flashed with dazzling light!

A powerful force of the origin of thunder and lightning broke out from his body!

As the origin of thunder and lightning spread, David felt that his body was slowly changing!

The origin of thunder and lightning was slowly merging with the thunder tribulation in front of him, and at the same time, the power of the three tribes in David's body actually had a slight reaction!

Boom...

Countless thunder and lightning bombarded David without any pause!

A hundred miles away, Xiao Feng and Xiao Yuanshan watched this scene nervously. They didn't know if David could bear it!

At the same time, in the void thousands of miles away from the Xiao Dynasty, three figures quietly emerged. Their eyes passed through the layers of clouds and mist and looked directly at the distant Xiao Dynasty. Their faces were filled with excitement that could not be concealed.

The leader was a handsome man wearing a gorgeous brocade robe with complicated dragon and phoenix patterns embroidered on it, showing his noble status.

He had a face like a crown jade, eyes like bright stars, and a playful smile on the corner of his mouth, as if everything was under control.

On his left was a burly man holding a huge meteor hammer.

This meteor hammer weighs 10,000 jin, and it is wrapped with several chains, flashing with cold light, as if it can easily tear through space. He is muscular and powerful, and he is a powerful warrior.

On his right is a thin man with sharp eyes, holding a fiery red spear, the spear body is blood red like flames, and the tip of the spear seems to contain a raging fire that can burn everything.

Chapter 4703

“The Xiao Dynasty is ahead, and David is in it!”

the man in brocade robe said!

“Brother, what are you still hesitating about? Let’s go straight into the Xiao Dynasty, kill David, and follow the Ten Palaces to get the reward!”

said the burly man!

These people are all hidden forces from the Heavenly Realm. Everyone is extraordinary and is at the peak of the ninth grade of the Mahayana Realm!

Although they have not reached the Immortal Realm, for the Heavenly Realm, the peak of the ninth grade of the Mahayana Realm is also a heavenly existence!

And three peak ninth grade monks in the Mahayana Realm can probably sweep the entire Heavenly Realm.

Now they only need an opportunity to ascend to the Immortal Realm!

One hundred thousand immortal spirit stones are really tempting!

Especially for monks like them who are at the peak of the ninth grade of the Mahayana Realm, they urgently need immortal spirit stones to break through the Immortal Realm!

“Can you kill David?”

the man in brocade robe asked!

“Of course, David is only at the ninth level of the Tribulation Realm. I can kill him with just one finger.”

The burly man said confidently!

The man in brocade robe smiled: “Since you can kill David with just one finger, why do the people of the Ten Palaces want to take out 100,000 immortal spirit stones to kill David?” “How can

a ninth-level cultivator in the Tribulation Realm be worth 100,000 immortal spirit stones? I’m afraid it’s not even worth 100 immortal spirit stones...”

“This...” The burly man was silent!

“Brother, are you saying that this killing order is a conspiracy of the Ten Palaces?” The thin man asked!

“Yes, the people of the Ten Palaces treat everyone as fools. The ladder to heaven is about to appear. At this time, the Ten Palaces issued a killing order, obviously wanting to muddy the water and then observe all the hidden forces.”

“And that David is not as easy to kill as you said. I have investigated him. The Ten Palaces have failed many times. Even the Demon Sealing League under the Ten Palaces has used a hundred years of offerings to hunt down David, but they all failed!” The man in brocade robe smiled faintly!

“Brother, since we know it’s a conspiracy, why are we still running here? We can practice more with this time!”

The burly man said with some dissatisfaction!

“Shut up, I have my reasons for deciding things!”

The man in brocade robe said with a cold face!

The burly man was so scared that he dared not speak anymore, and bowed his head in silence!

The three people quickly approached Xiao Huangchao, and the powerful aura instantly made everyone in Xiao Huangchao feel it!

All of a sudden, everyone in Xiao Huangchao panicked and began to gather one after another!

Three Mahayana realm ninth-grade peak cultivators, that's not a joke!

At the beginning, the tenth prince had a Mahayana realm ninth-grade, which made Xiao Huangchao embarrassed. If it weren't for Mr. Shi's appearance, I'm afraid Xiao Huangchao would have ceased to exist!

But now three Mahayana realm ninth-grade peaks have appeared at once, which is simply too terrible!

Xiao Yuanshan and Xiao Feng also felt this breath at the same time, and the two flashed away in an instant!

When they appeared, they had already stood in front of the three people!

Xiao Yuanshan glanced at the three people, then stepped forward and bowed slightly, saying: "I am Xiao Yuanshan of the Xiao Dynasty. I wonder where the three of you are from?"

The man in brocade robe stepped forward and politely replied: "My three brothers are from Nanhua Peak. Today we come to see Mr. David..."

"Nanhua Peak?" Xiao Yuanshan was slightly stunned, but then he realized that these three people should be from a hidden force, so he hurriedly said: "It's really unfortunate that Mr. Chen is practicing and can't see you. Are you friends of Mr. Chen? If so, you can leave your name and I will pass it on to him after Mr. Chen finishes practicing."

"We are not his friends. He is a little cultivator in the Tribulation Realm. Is he worthy of being our friend? We are here to kill him, let him come out and die!"

The burly man snorted coldly and said to Xiao Yuanshan! As soon as

the burly man finished speaking, the face of the man in brocade robe became obviously ugly!

Xiao Yuanshan and Xiao Feng both frowned and instantly got ready!

Chapter 4704

"If you want to kill Mr. Chen, you have to destroy my Xiao Dynasty first."

As soon as Xiao Yuanshan finished speaking, hundreds of cultivators rose into the air and stood behind Xiao Yuanshan in unison!

At this moment, the atmosphere between the two sides became tense.

Yun Li was painting something in the room at this time, and Shi Lan was patting Yun Li's back from behind!

"It's so lively, there are really idiots who believe in the killing order and come to the Xiao Dynasty to kill David!"

Yun Li smiled slightly!

"Yun Li, what should we do? Do you want help? I'm afraid that the Xiao Dynasty can't stop the people coming." Shi

Lan asked!

"Don't worry, I'm a dead man now, and dead people can't do anything."

After Yun Li finished speaking, he continued to concentrate on painting!

In the air above the Xiao Dynasty, the man in brocade robes said to Xiao Yuanshan with a smile: "Xiao Huang, don't get me wrong. My brother can't speak. We have no ill intentions. We just came to see Master Chen."

"I've said that Mr. Chen is practicing and has no time..."

Xiao Yuanshan said coldly!

Now that he knew the other party's intention, Xiao Yuanshan was no longer in a good mood!

The man in brocade robes smiled and said, "It doesn't matter. Let's wait for Master Chen to come out of retreat. Please let Emperor Xiao know when the time comes!"

After that, the man in brocade robes waved his hand, and the three people retreated away from the Xiao Dynasty!

Seeing this, Xiao Yuanshan also led people back to the Xiao Dynasty!

Seeing Xiao Yuanshan leading people back to the imperial city, the burly man was very dissatisfied and said, "Brother, with the strength of the Xiao Dynasty, we..."

"Shut up, you idiot!" The man in brocade robes didn't wait for the burly man to finish speaking, and cursed directly, wishing to slap this guy twice!

The thin man at the side also said: "Did a donkey kick your brain? I have never seen a guy as stupid as you!"

The burly man was furious when he heard it, and he cursed: "It's okay for the eldest brother to scold me, but who do you think you are? After all, I am your second brother, and you talk to me like this?"

"So what if you are the second brother? You have no brains, so you are not allowed to speak?" The thin man also glared: "Don't you think about it, the strength of the Xiao Dynasty is just an ant in front of us, but why is Xiao Yuanshan not afraid of us at all, and even puts on a desperate posture?"

"He... He is ignorant and doesn't know the strength of the three of us."

The burly man explained!

"Bullshit, the three of us didn't hide our breath at all, how could Xiao Yuanshan not know, if he didn't know, how could he stop us directly?"

"The reason why Xiao Yuanshan is not afraid of us at all shows that there are masters behind the Xiao Dynasty, you stupid pig!"

The thin man cursed!

"fu** you..." The burly man was anxious and was about to take action!

"Alright!"

The man in brocade robes shouted coldly, stopping the two people from arguing, and then continued: "The third brother is right. The Ten Palaces sent people to attack the Xiao Dynasty, but they all returned in defeat. This proves that there are masters behind the Xiao Dynasty."

"I also heard that Luo Ta of the Ten Palaces was killed instantly, and then resurrected. This kind of hand is not something that ordinary cultivators can do."

"What? Resurrected?" The burly man said in disbelief!

"I just heard about it. The Ten Palaces will not take out 100,000 fairy stones for no reason and let others do something that is a piece of cake."

"We must not be careless, especially when the ladder to heaven is about to appear, we must be more cautious."

The man in brocade robes said!

The burly man frowned and said, "Brother, although that is true, you should also know that wealth and honor are sought in danger. If you are so cautious, we won't even get the dregs by then. Someone else will definitely come to find David."

“If someone else comes, we will give it to them. You must have heard of the story of the fisherman benefiting from the quarrel between the snipe and the clam, right?”

The man in brocade robe said to the burly man!

“I have heard it, I have heard it, I understand!”

The burly man nodded repeatedly!

Chapter 4705

On the other side, Xiao Yuanshan took Xiao Feng back to the imperial city and went directly to see how David was tempering his body!

At this time, Xiao Yuanshan’s face was not very good!

“Father, why did these three people want to kill Mr. Chen? Could it be that Mr. Chen has something to do with these hidden forces?”

Xiao Feng asked very puzzled! Xiao

Yuanshan also shook his head and said, “I don’t know either. In any case, we have to wait until Mr. Chen has finished tempering his body. During this period, even if we fight the entire Xiao Dynasty, we will never allow anyone to approach here!”

“I understand, I will mobilize people and horses to protect this place!”

Xiao Feng nodded!

But at this time, near the Xiao Dynasty, there were several powerful breath fluctuations, which made Xiao Yuanshan frown!

“Another master is approaching our Xiao Dynasty. Is it still those three guys?”

Xiao Feng asked!

“Not those three people, the breath is wrong.” Xiao Yuanshan said!

“What’s going on? Why are there suddenly so many masters coming to our Xiao Dynasty?”

“Are they all here for Mr. Chen?”

Xiao Feng's face was full of doubts!

Xiao Yuanshan and Xiao Feng didn't know about the Ten Palaces' order to kill David. They couldn't figure out why so many masters suddenly appeared!

"These people are all here for Brother Chen..."

At this time, Yun Li came slowly!

"How do you know?" Xiao Feng asked!

"Because the Ten Palaces used 100,000 immortal spirit stones to issue a killing order against David, so these people are here for the killing order!"

Yun Li said lightly!

"One hundred thousand immortal spirit stones?"

Xiao Yuanshan was shocked. He didn't expect the Ten Palaces to be so generous!

"Since these people are here for Mr. Chen, why didn't they take action? If the three cultivators just took action, not everyone in our Xiao Dynasty might be able to stop them!" Xiao

Feng said in confusion!

Xiao Yuanshan glanced at the sky and said thoughtfully: "Maybe these people have some concerns. Mr. Shi has increased the luck of my Xiao Dynasty for thousands of years, which proves that my Xiao Dynasty can stand for thousands of years." "If these people

take action in the Xiao Dynasty, they will definitely have some concerns. These are smart people. They must have investigated it long ago!"

"Father is right. We have Mr. Shi to protect us. Who dares to take action in the Xiao Dynasty? I think those three guys saw Mr. Chen and wanted to trick Mr. Chen out, and then take action outside the Xiao Dynasty. We just don't let Mr. Chen go out." Xiao Feng said.

"Yes, we just don't let Mr. Chen leave the Xiao Dynasty." Xiao Yuanshan also nodded in approval!

"Do you think David will stay in the Xiao Dynasty?"

Yun Li said, and turned away!

Although he had just met David, he fully understood David's character!

Xiao Yuanshan and Xiao Feng stopped talking. Looking at David who was still suffering from the tempering of the thunder tribulation, they were a little at a loss!

Boom boom boom...

Just at this moment, there was a sudden loud noise, and a series of terrifying thunder tribulations bombarded David like crazy!

Yun Li, who had already left, stopped at this moment and turned to look at David in the air!

David's body was emitting brilliant golden light!

Even the skin of his body turned golden!

"It's done so quickly?"

Yun Li said with some surprise!

This body refining scroll is the secret technique of their God Clan. The people of the God Clan are practicing it, and some have even practiced it for hundreds or thousands of years!

Yun Li himself has been practicing for many years, but he has never seen anyone who practices as fast as David!

The God Clan believes that they are gifted, but even so, no God Clan cultivator has practiced this body refining scroll so quickly!

The golden light on David's body is getting more and more dazzling. Without activating the indestructible golden body, the pure flesh can emit golden light, which is unheard of!

"Mr. Chen, you are really a god..."

Xiao Yuanshan's eyes are shining at this moment, and his face is full of admiration!

David's strength also means that their Xiao Dynasty will become more and more powerful. Xiao Yuanshan is very fortunate at this moment that he can make friends with David and bring such a great opportunity to the Xiao Dynasty!
