Chapter 4101

It's just that because their bodies were destroyed or their strength was damaged, they couldn't return to the heavens, so they all stayed in the world of heaven and man, or were sealed in the secular world!

Then, is the array demon that appeared now also a person from the heavens?

And the array demon is on par with the ancestor of the divine pattern, so is the ancestor of the divine pattern also a person from the heavens?

This confirms what the Red Cloud Demon Lord said, the ancestor of the divine pattern should be a person from the heavens!

“Brother Bai, is the master a person from the heavens? He is not a cultivator from the heavens at all.”

David asked Bai Ju!

Seeing that David had condensed the divine pattern and was considered a formal disciple, Bai Ju didn't intend to hide it and said directly: “Yes, the master is indeed a person from the heavens, and the array demon is also a person from the heavens. They are all trapped in the heavens because of the battle between gods and demons.”

“Trapped in the heavens?” David was a little confused at the moment. He didn't understand what being trapped in the heavens meant!

David didn't know that many people from the heavens were trapped in the heavens, and the entire heaven was covered with a great array of heaven and earth!

“I can't tell you these. If the master wants to tell you, he will tell you.” Bai

Ju shook his head and said!

“Brother Bai, can I leave now? I have been delayed here for several days and there are still things to do.”

David was still thinking about Gu Tianchao's affairs!

After dealing with Gu Tianchao's affairs, he still had to find Bai Qian and Huo Feng and others, and then help Huo Feng destroy the Feng family and take back Huhuang City!

"Leave?" Bai Ju was stunned, then smiled and said, "Junior brother, you think too much. I just said that after you condense your natal divine rune, you can leave the thatched cottage, but if you want to leave here, you need to learn all the divine runes."

"You are not naive to think that the divine runes are only the ones I gave you, right? Those are for you to condense the divine runes and merge with the divine runes."

"There are many divine runes on this mountain, all of which are engraved in different positions by the master. You need to learn all these magic runes."

"Each divine pattern has its own secrets. The more you learn, the more beneficial it will be to you." "Damn

..." David cursed when he heard it!

It seems that if he works hard to carve the divine pattern, he can only leave the thatched house?

He also needs to learn all the divine patterns. How long will it take?

"Brother Bai, what if I don't want to learn?" David asked!

"Then you can't leave here." Bai Ju said!

"I don't believe that there is anyone who can trap me and can't leave this place." After David finished speaking, he jumped and flew away!

If you want to trap him, you must use formations or illusions. With David's current strength, no matter it is formations or illusions, it is impossible to trap him!

David has the origin of illusion, and no illusion has any effect on him!

Bai Ju looked at David, smiled and shook his head, and did not chase him!

David used the Fire Control Step to jump in space!

Although this divine pattern is very good, it will definitely be beneficial to learn more, but David has no time!

He couldn't be trapped here and keep learning divine patterns!

And there was no such thing as accepting disciples. Isn't this equivalent to forcing?

David still had a lot of things to do!

Whoosh!

David's figure disappeared again, and then instantly appeared several miles away!

In this way, David flew for half an hour. According to his current speed, he should have reached Zi Yanmen

, a thousand miles away! But when he looked down, he found that there were still mountains, trees and rivers, and no desert areas!

“Did I fly in the wrong direction?”

David frowned!

However, when David fell towards the ground and wanted to see where he was, he suddenly found that Bai Ju was looking up at him with a playful smile on his face!

Chapter 4102

“What's going on? Why am I back again?”

David's face was full of disbelief.

He felt like he had been running for a long time and was back to the original place. David didn't feel that he had changed direction, so how could he be back!

“Brother Bai, did you change places and wait for me here on purpose?”

David always felt that Bai Ju knew the direction he was traveling and deliberately came here to wait for him so that he could feel that he was back to where he was!

“Do you think I'm faster than you?”

“Even if I'm faster than you, can I still carry that thatched house with me?”

Bai Ju pointed to the thatched house and said!Chen

Ping looked at the thatched house and felt terrible. He really was back to where he was!

“Impossible, how could this be...”

After David finished speaking, he paused and his body rushed out like a bullet again!

David deliberately changed direction, but after flying for a while, he saw Bai Ju again!

David had no choice but to open his Tianming Eye. He wanted to see if this was an illusion!

Was he trapped in an illusion?

But after looking for a long time, he found nothing unusual, and he couldn't even see the formation. But David couldn't get out! He

always returned to the original position!

“I don't believe it...”

David suddenly summoned the Dragon Slaying Sword, and flames rose on the Dragon Slaying Sword, and then he slashed forward with all his strength!

Boom!

The huge sword energy, accompanied by raging flames, began to shoot forward continuously!

The mountaintops were flattened by the sword energy, and David followed the sword energy!

If there really was an illusion or other formation, then this sword would break it open for him to get out!

This time David was full of confidence. As long as he followed the sword energy, he would not go back!

But after flying for a while, David only felt a chill on his back, followed by a dangerous breath!

“Who dares to sneak attack me...”

David was shocked, and hurriedly turned around and slapped out with his palm!

Boom!

With this palm, David slapped directly on the sword energy, and then a huge explosion occurred!

David was stunned by the scene in front of him. It turned out that this sword energy was the sword energy that he had just slashed with the Dragon Slashing Sword!

I don't know what happened, but it actually came directly behind me and almost hurt myself!

“This...what's going on?”

David was speechless, and then asked: “Senior, do you...do you know what's going on?”

“Don’t ask me, I don’t know, I don’t understand any array technique, such a complicated thing, only a fool would learn it.”

The Red Cloud Demon Lord shook his head!

David had no choice but to fall back to the ground. Seeing Bai Ju’s playful smile, David was even more embarrassed!

So much time was wasted just now!

“Brother Bai, this is equivalent to forcing me to practice the divine pattern?”

David said helplessly!

“You can say that!” Bai Ju nodded!

“Then how long do I have to practice before I can leave? Do I have to practice all the divine patterns?”

David continued to ask!

“Then I don’t know. Anyway, I haven’t fully practiced it yet, and I have never left here.”

Bai Ju said!

“What?” David was shocked: “Has Senior Brother Bai never left this place?”

“No, but I am very content. When I meet a master like Master, I just need to practice well. Why do I have to run around everywhere?”

“Don’t we want to practice to become immortals? Without the worries of worldly things, we can practice better!”

Bai Ju persuaded David!

David was speechless. Bai Ju was alone. If he didn’t leave here, no one would look for him, and it would be fine!

But David couldn’t do that. He has so many people around him now, and there are so many women. No one can leave him!

So David must leave here!

Chapter 4103

“Brother Bai, besides this method, is there no other way to leave this ghost place?”

David frowned and said!

“Of course there is!” Bai Ju said!

“What is it? Tell me quickly!” David asked happily when he heard that there were other ways!

He didn’t want to be trapped here. He didn’t know how many years it would take to finish learning these divine patterns!

“You can go to the master. As long as he agrees to let you leave, you can certainly leave.” Bai

Ju said!

When David heard this, he was like a deflated ball and said, “Except for seeing him when I came here, there has been no trace of him these days.”

“Where is he now? Brother, take me to see...”

“I don’t know where the master is. I guess he is playing chess with the array demon!” Bai Ju shook his head!

“Play chess?” David’s face was full of confusion: “Didn’t you say that Master and the Array Demon are opponents? Why are they still playing chess together?”

“Who said you can’t play chess with your opponent? They are just opponents, not enemies. There is no hatred of killing my father or taking my wife away. It’s just that the two array geniuses are jealous of each other!”

Bai Ju said!

David was speechless, but he could only accept his fate and said nothing more. Instead, he practiced the divine runes silently!

These divine runes were placed in various locations on the mountain, but David had already condensed his own divine runes, so he didn’t need to tell him that David could find the location of other divine runes!

David grabbed a jade slip that recorded the divine runes, and then began to carve according to the divine runes on it!

But soon, David was surprised to find that there was thunder power in this divine rune!

That is, the array carved by this divine rune will burst out with thunder power and attack people who enter the array!

At this moment, David became excited!

The divine runes carved at the beginning did not have any other power. They should be the most basic divine runes, and they were also used to condense the divine runes of one's own destiny. All of them are used together!

The latter divine patterns are similar to the enhanced divine patterns, which contain other powers!

David changed his place again, and found that there was wind power in the divine pattern. The power contained in each divine pattern jade slip was different!

There are even divine patterns that contain the power of illusion, which should be the divine pattern of the illusion array!

As for the fire divine pattern, the water divine pattern...

the variety of divine patterns surprised David!

He never thought that a formation divine pattern would contain so many kinds of power!

If all the divine patterns are learned, wouldn't it be possible to master many kinds of power?

Although these powers can only be used in the formation and cannot be called separately, this is enough!

What's more, David opened the origin space, and many heavy powers also realized the origin. With the addition of these powers in the divine pattern, wouldn't the power be doubled?

David didn't dare to delay at all, and began to quickly carve the divine pattern!

If you know this is the case, why did David run just now!

Seeing David concentrating on carving the divine runes, Bai Ju left with a faint smile!

David was completely devoted to carving the divine runes. David only took more than an hour to learn the thunder divine runes!

This was also related to David's mastery of the power of thunder, so when learning the divine runes, the speed was obviously much faster!

Then David began to selectively learn the fire divine runes, and he learned very quickly!

In the end, it took five hours for David to learn three kinds of divine runes!

And David has his own way of learning. Seeing that he already has the power in the divine runes, he will start to learn to carve!

If not, he will carve the divine runes once, remember it in his mind, and then look for other divine runes!

In this way, even if he leaves here, those divine runes that he has not learned are in his mind, and he can learn at any time!

Chapter 4104

In a dark cave!

Only a little candlelight the size of a mung bean was flickering, illuminating a very small space!

Under this bright light, two old men were sitting cross-legged, with a square chessboard placed between them!

One of the two old men was the God Pattern Ancestor, and the old man opposite him was wearing a black robe, hiding himself in the darkness!

“Array Demon, you make a move, this game of chess has been played for more than a hundred years, I’m really fed up with you.”

“You lock yourself up in this dark place all day, and you’re wearing a tattered black robe, pretending to be a big shot.”

The God Pattern Ancestor looked at the old man opposite and said very dissatisfiedly!

“Hahaha, brother, are you worried about the disciple you just tricked, so you’re anxious to go back and take a look?”

Array Demon laughed!

“Stop, I’ve said it so many times, you are not allowed to call me brother, we are no longer brothers, the master has expelled you.”

“You don’t take the right path, but choose the devil’s way, you and I are on different paths and cannot make plans together.”

“Hurry up and make your move, I don’t have time to accompany you in this dark and cold place.”

The ancestor of the divine pattern said impatiently!

“Hahaha, you said you won’t accompany me, but for so many years, haven’t you come as promised every time?”

“Although the master has expelled me, I have always recognized you as my brother. If it weren’t for your plea, I would have been killed by the master.”

“I have always remembered this favor!” The

formation demon laughed!

“Since you think I have done you a favor, then don’t think about being my apprentice in the future. Although this world of heaven and man is full of outstanding people, there are too few geniuses in formation. It’s not easy for me to find a disciple.”

“Also, can you admit defeat and admit that your formation skills are not as good as mine? After all, I am also your brother. It’s not shameful for a junior brother to lose to a senior brother, right?”

The ancestor of the divine pattern asked!

“That won’t do. Let’s put it this way. You’ve already said that heaven and manThere are too few geniuses in the formation art in the world, so of course I have to find a successor to my lifelong cultivation.”

“It’s not appropriate for me to run around now, but it’s okay for you. If the disciple you find can’t withstand my temptation and follows me, it will be God’s will.”

“As for the art of formation art, I’m much better than you. Don’t pretend in front of me. After so many years, your strength has declined to what extent. Don’t you know it yourself?”

“But if you admit that your formation art is not as good as mine, I can consider it and stop trying to steal your disciple.”

The Formation Demon said with a sneer!

“Bullshit, even if my strength is declining, my formation art is not comparable to that of a demon like you.”

“If you don’t accept it, let’s have a competition. I’ll beat you to tears. “

The ancestor of the divine patterns got angry, stood up, pointed at the array demon, and said!

“Let’s compete, I’m not afraid of you...”

The array demon also stood up suddenly!

Then the two of them flew out of the cave directly and began to compete!

For a moment, it was so ugly that all kinds of divine patterns flew around, like the end of the world!

In the cave, the lonely chessboard was still there!

This game of chess can be played for more than a hundred years, and that’s why!

Before a chess piece was placed, the two people started competing!

The sky was dark, the sun and the moon were dim...

I don’t know how long it took, both of them were tired, and then they gasped for breath!

But they stared at each other and couldn’t compete to see who won!

“It’s over, I don’t know when I can replenish this consumption. The fairy energy in the world of heaven and man is scarce. I’m afraid it will take a long time to recover.”

The array demon said breathlessly.

“It’s all your fault. You’re so slow in placing the pieces. Otherwise, how could we fight?”

The ancestor of the Divine Pattern also regretted it!

When can it be replenished? If it were in heaven, where there is immortal energy everywhere, it wouldn’t matter!

Chapter 4105

But this is the heavenly world, full of rich spiritual energy, which is used by cultivators for cultivation. People like them in the heavenly world must use immortal energy!

The two of them are always like this, fighting when they disagree, regretting after the fight, and then unable to replenish, and their strength continues to decline!

“Brother, don’t you still have blood jade? Give me a few!”

the array demon said!

“Get out, that’s my lifeblood, how can I give it to you!”

The God Pattern Ancestor cursed!

“If you don’t want to give it, then don’t give it. Why are you still scolding me…” The array demon gave the God Pattern Ancestor a blank look, and then said: “Brother, aren’t you concerned about your newly captured apprentice? Why don’t you go and see if he succeeded?”

“But I sent the Night Demons to tamper with the thatched cottage. Even if that kid is talented, I’m afraid he won’t be able to refine the God Pattern.”

“Humph, I knew you sent the Night Demons to make trouble a long time ago, but with my eldest apprentice here, your Night Demons’ tricks are in vain.” After the

God Pattern Ancestor finished speaking, he gently waved his palm, and a picture instantly appeared in the air!

On the picture was the area where David practiced. In fact, this area was just a small space that the God Pattern Ancestor worked hard to open up after being trapped in the Heaven and Human Realm!

Because the strength was damaged at the time, the space opened up was not very large. In this space, it was relatively safe, so the God Pattern Ancestor would put all kinds of God Patterns in it!

The reason why David couldn’t leave was that he didn’t know at all that the space he was in was not the Heaven Realm, but just a new space!

Maybe David didn’t expect that there were people in the Heaven Realm who could open up a space world. He always thought that he was still in the Heaven Realm, so he couldn’t escape no matter how hard he tried!

However, not everyone in this space world is unable to enter. The array demon can easily enter that space world!

There are also night demons raised by the array demon. These people have been raised by the array demons one by one over the years, but these people can only act at night. There is no way to move during the day!

That’s why David can only see the red eyes at night!

“Hey, has your apprentice already practiced the divine rune of his destiny?”

The formation demon saw that David had left the thatched hut and couldn't help but be surprised!

“Hahaha, you are indeed gifted. I have said it before, your little tricks are useless.”

The ancestor of the divine rune laughed, but soon closed his mouth and looked at David in surprise!

“This... what is this guy doing?”

The ancestor of the divine rune saw that David was constantly looking for the divine rune, and then he started to practice immediately!

If he could master the divine rune quickly, he would be more attentive. If he couldn't master the divine rune quickly, he would engrave it in his sea of consciousness so that he could practice it in the future!

But even so, David has already practiced four different divine runes of different powers at this time!

At this speed, it is simply rare in a thousand years!

“Damn, what is he doing? This guy just condensed the divine rune of his destiny, but he has practiced so many different divine runes at once? Isn't this too outrageous?”

The formation demon was also surprised!

Even when they were learning from the master in heaven, they had never seen such a gifted person!

“I know, he is memorizing my divine pattern. He plans to practice slowly after leaving.”

“This guy is so strong, maybe this great formation of heaven and earth can be broken by this guy.”

The face of the ancestor of the divine pattern showed excitement!

When the formation demon heard it, he was also excited: “Great, you can't delay such a talented person, I will also pass this magic pattern to him.” After the formation

demon finished speaking, his figure flashed and suddenly disappeared!

The ancestor of the divine pattern was shocked and hurriedly shouted: “If you dare to snatch my disciple, I will fight you to the death...”

After that, the ancestor of the divine pattern also quickly chased after him!
