

## A Man Like None Other Novel Chapter 4362

### Chapter 4362

Seeing that Ning Zhi was not hurt at all, all the demon cultivators were shocked!

“Mr. Ning, this.....”

The blue-clothed cultivator looked at Ning Zhi in disbelief!

“This Dead Sea is just because of the fire in the earth’s core, causing the temperature to be too high. As long as it is contaminated by this sea water, it will instantly turn into bones.”

“But people who have the origin of the fire system or have practiced fire system exercises will not be afraid of the temperature of this Dead Sea.”

“Don’t forget, I am now a member of the Flame Demon lineage, and I am best at the ultimate fire!”

Ning Zhi raised his mouth slightly and said very proudly!

At this moment, all the demon cultivators bowed their heads and said nothing, which was also regarded as seeing Ning Zhi’s true ability!

They can only be regarded as running dogs of the Demon Sealing League, but Ning Zhi is different. Ning Zhi represents the Flame Demon lineage and cooperates with the Demon Sealing League!

That’s why Ning Zhi is so strong, and these demon cultivators are respectful to Ning Zhi!

“Oh no, these demon cultivators are here...”

David looked up, through the layers of sea mist, he could sense the breath of Ning Zhi.

Although David used the formation to conceal his breath, it was indeed difficult for Ning Zhi and the others to find him, but he knew that it was definitely not a coincidence that the other party could find this place!

Especially since Ning Zhi had just entered the Dead Sea, it proved that the Dead Sea did not have any obstacles for Ning Zhi!

“These demon cultivators should not be able to find us, right? After all, we are at the bottom of the sea, and none of them would have thought of it.”

Zhu Qingxiu whispered when he heard that the demon cultivators were coming!

“Someone can think of it, we must leave now.”

David knew that Ning Zhi must have thought of hiding

at the bottom of the sea! Otherwise, Ning Zhi would not have gone deep into the Dead Sea, but in this way, David also understood that Ning Zhi also possessed the demon clan’s ultimate fire, so he was not afraid of the Dead Sea!

“Those demon cultivators are still up there, how can we leave?”

“As long as you move a little, your breath will probably be exposed.”

Zhu Qingxiu said!

Although the Dead Sea can isolate these people and make them afraid to go into the sea, it can’t isolate their breath. If they move, their breath will definitely be detected by the other party!

When they are locked by the other party’s consciousness, they still can’t escape. They can’t stay at the bottom of the sea for a lifetime!

“It’s okay, it’s for exposure. As long as Ning Zhi enters the Dead Sea, we will have a chance to rush out!”

David wanted to trick Ning Zhi into the Dead Sea, so that he could take Zhu Qingxiu out of the Dead Sea and escape!

The remaining demon cultivators had no ability to stop David!

Only Ning Zhi, this guy, was very difficult to deal with, and they were too familiar with each other!

Just when David took Zhu Qingxiu out of the formation and swam forward on the seabed, he was instantly detected by Ning Zhi and other demon cultivators!

“In the sea, they are really in the sea, I can sense their breath.”

After the blue-clothed monk sensed the breath of David and Zhu Qingxiu, he shouted excitedly!

Ning Zhi also locked onto David’s position at the first moment, and then plunged into the Dead Sea!

The remaining demon cultivators were scattered, guarding the hundreds of kilometers of the Dead Sea!

David had also been staring at Ning Zhi for a long time. The moment Ning Zhi entered the water, David pulled Zhu Qingxiu and swam quickly towards the sea!

The moment David rushed out of the sea with Zhu Qingxiu, he was immediately discovered by a demon cultivator!

“Still want to run...”

The demon cultivator shouted and ran straight to David and the others!

But David didn't care, and took Zhu Qingxiu to escape at the fastest speed!

While running away, David raised his hand and shot out a golden light, and the gold origin wrapped around his and Zhu Qingxiu's bodies! At the

same time, David's indestructible golden body was activated. He was going to resist the opponent's attack without fighting back!
