Chapter 4396

But who would have thought that after hearing this, Tianluo burst into laughter and said, “Do you want to scare me with the name of the Wanjian Sect? The Wanjian Sect was destroyed by our Demon Sealing League a long time ago. Do you think I don’t know that?”

“You are a fish that escaped from the Wanjian Sect. I just happened to kill you today, which can be regarded as a little achievement...”

After that, Tianluo leaped and rushed straight to Zhu Qingxiu!

Zhu Qingxiu’s face changed drastically. He didn’t expect that the demon cultivator in front of him was actually a member of the Demon Sealing League!

But just when Tianluo arrived in front of Zhu Qingxiu, David’s figure appeared instantly!
suddenly punched out!

Boom!

This punch forced Tianluo to stop abruptly!

“Are you okay?”

David looked at Zhu Qingxiu and asked!

“I’m fine...” Zhu Qingxiu shook his head!

“David?” Tianluo was shocked when he saw David appear!

David looked at Tian Luo. He was not surprised that Tian Luo knew him. After all, the Demon Sealing League had been chasing him.

“Today is really my lucky day. I actually ran into you. When I capture you and bring you back to the Demon Sealing League, not only can I get a hundred years of worship, but I can also enter and leave the Demon Sealing League freely.”

Tian Luo was overjoyed, and then suddenly raised the long sword in his hand and slashed at David fiercely!

At this moment, Tian Luo had long forgotten the advice of the hunchbacked old man and wanted to catch David!

A sword light burst out instantly, and David protected Zhu Qingxiu and retreated repeatedly. The strength of the second grade of the Mahayana realm should not be underestimated!

After escorting Zhu Qingxiu to a safe place, David stabilized his body, and the Dragon Slaying Sword appeared in his hand instantly! The

dragon roared, and the sword light flashed!

Sword lights also burst out in David's hands!

Boom boom boom...

With the collision of sword lights, Tian Luo only felt a huge force rushing towards him, forcing him to retreat!

The blood-red sword in his hand was shaking violently!

“Good boy, you are only at the seventh level of the Tribulation Realm, but you are able to unleash such power. If I hadn't known your true strength in advance, I would have suffered a loss with that sword just now!”

Tianluo looked at David with his eyes slightly condensed.

David held the Dragon Slaying Sword with a solemn expression, because the guy in front of him was not easy to deal with!

Tianluo slowly raised the blood-red long sword in his hand, and the void around him suddenly began to shake! Then

the void began to crack, and red auras swarmed into the blood-red long sword from the cracks!

The next second, Tianluo's figure suddenly disappeared!

Boom!

Then a sword light seemed to shoot out from the void!

David's eyes flashed with cold light, holding the Dragon Slaying Sword with both hands, and raised it upward!

This sword, golden light shone everywhere!

Accompanied by deafening sounds, the entire void seemed to explode!

David and Tianluo's figures retreated at the same time!

But it was only a moment, and the two rushed out again, accompanied by sword light, and roaring sounds were endless!

Ji Yun and Zhu Qingxiu, who were watching the battle, were extremely nervous. They didn't know if David was this guy's opponent!

"Mr. Chen, let me help you..."

After seeing David fighting with the other party for a while, Zhu Qingxiu came up with a sword!

Although Zhu Qingxiu only had the strength of the first level of the Mahayana Realm, at this difficult time, her move could make the balance lean towards David's side!

Zhu Qingxiu turned into a sword light and rushed out. Seeing this, Ji Yun also jumped up and planned to fight three against one!

Tianluo was forced to retreat. Seeing that David and his men were outnumbered, he was not an opponent at all. He could only suddenly swing a sword beam, and then the whole person instantly disappeared into the void!

Zhu Qingxiu wanted to chase, but was stopped by David!

"Don't chase, let's go to Gelu Mountain quickly. I hope these demon cultivators are not heading for the battlefield of gods and demons."

David knew that this guy could never be alone, and he must have helpers!

If there were a few helpers of the same strength at this time, or even stronger, David would be too passive!

So David now has to find the battlefield of gods and demons and search it first!

Chapter 4397

The airship quickly headed towards Gelu Mountain!

Before reaching Gelu Mountain, David asked Ji Yun to put away the airship!

After all, riding this guy is a bit too ostentatious and easy to be targeted!

After putting away the airship, David took Ji Yun and Zhu Qingxiu and began to look for the entrance along the breath of the battlefield of gods and demons exposed on Gelu Mountain! The

entrance to the battlefield of gods and demons is easy to find. After all, the place where the breath is leaked the most must be the entrance!

On the hillside of Gelu Mountain, a huge cave appeared. The breath of the battlefield of gods and demons is constantly pouring out from this cave!

“Mr. Chen, the entrance has been found, and that cave is...”

Ji Yun was very excited to run towards the cave, but was grabbed by David!

“Don’t go over there for now. There are many secret auras around this cave. Although these people are deliberately hiding themselves, I can still detect it!”

David looked around and said!

“Is there anyone hiding? Could it be that someone else has found this place?”

Zhu Qingxiu asked in surprise!

After all, they flew here directly on an airship, so their speed must be faster than others, and many people probably don’t know that this is a battlefield of gods and demons, and they probably think it’s a relic!

If it weren’t for David, they wouldn’t have found this place so quickly, and now there are people who are faster than them!

“It is estimated that these people have been looking for the entrance a long time ago. The reason why they are hiding now is probably what they are waiting for.”

Although David didn’t know the identity of the hidden people, these people found the entrance but didn’t enter. They should be waiting for something!

“What are they waiting for?” Zhu Qingxiu asked!

David shook his head. He didn’t know what the hidden people were waiting for!

“Mr. Chen, then shall we not enter too? If we keep waiting, there will probably be more and more people behind us.”

Ji Yun said!

After David pondered for a moment, a huge divine sense enveloped the surroundings again, extending all the way to a hundred miles away, and then stopped!

David must figure out who is around him. If the other party is too strong, David must be more cautious!

However, after a careful investigation, the people hidden around him did not seem to be particularly strong, and David could handle it completely. He was relieved and walked towards the cave entrance! However,

as soon as he reached the cave entrance, David was stunned. It turned out that there was a formation seal at the entrance!

Although the formation was a little incomplete, causing the breath of the battlefield of gods and demons to begin to leak out, but in order to enter, the formation must be broken!

David finally understood now why the people around him hid and did not enter the battlefield of gods and demons. It turned out that these people could not break the formation at all!

“There is actually a formation blocking it. No wonder everyone is hiding and no one has entered.”

Zhu Qingxiu saw the formation at the entrance of the cave and understood it instantly. Then he looked at David and said, “You are a formation master, and your formation technique is very powerful. Can you break this formation?”

David took a careful look, then nodded and said, “If you break it forcibly, it won’t be a big problem, but it will consume too much of my spiritual power, and after breaking it forcibly, the people behind can enter at will!”

“Mr. Chen, if you don’t break it forcibly, what if you break this formation directly? In this way, we can go in, and others can’t go in!”

Ji Yun hurriedly said!

“I can break it, but it takes time, and someone must be by my side to protect me.”

“You two...”

Before David finished speaking, a majestic breath suddenly fell from the sky!

David’s face changed instantly, and then the whole person looked into the void not far away!

I saw the void trembling, and several figures came from far and near...

Chapter 4398

Soon, several figures came in front of him, as if they had torn through the void!

The leader was a man who looked very young, wearing a white robe, holding a jade-handled sword in his hand, and his facial features looked very delicate!

Behind the man, on both sides, followed two old men. These two old men had a common feature, that is, they both lost an eye!

The old man on the left lost his left eye, and the old man on the right lost his right eye!

These two old men also held long swords, and the aura on their bodies kept surging!

Behind the two old men, followed several monks holding sabers. These monks were obviously trained at a glance, and they were very straight in both their positions and postures!

Especially the expressionless faces, everyone exuded the aura of the eighth rank of the Tribulation Realm!

Seeing this scene, David's face changed slightly. He could bring so many men of the eighth rank of the Tribulation Realm. The man in front of him must be very powerful, and there must be a huge force behind him!

David couldn't see through the realm of the man and the two old men in front of him. He could only feel that the other party's aura was very powerful! It

is obvious that the other party has used some method to cover up his realm so that no one can detect it!

"This little girl in front of you has beautiful eyebrows and eyes. If she changes into women's clothes, she must be a fairy..."

At this time, the Red Cloud Demon Lord spoke!

"Woman?"

David was slightly stunned, and couldn't help but look at the man in front of him!

The Red Cloud Demon Lord actually said that the other party was a woman, but David didn't notice it for a while!

"It's hard to tell a man from a woman. There are so many women around you for nothing."

"Although this person uses a chest binder, it can still be seen at a glance. Whose big man has such a towering chest muscle..."

said the Red Cloud Demon Lord!

When David heard it, he couldn't help but put his eyes on the man's chest. Sure enough, the muscles on the man's chest looked a little abnormal and very uncoordinated!

If a man has this kind of body proportion, it would be too strange, but if it is a woman, it would be very normal!

Zhu Qingxiu also whispered at this time: "This is a woman dressed as a man, he is a woman..."

"You can see it too?"

David looked at Zhu Qingxiu in surprise!

"Of course, I rely on intuition. If the other party is a real man, with such a handsome face, as a woman, it is impossible not to accelerate the heartbeat."

"But when I saw this person, I didn't feel anything at all, and even felt a little repulsive. Obviously, he is a woman, and only women will repel each other."

Zhu Qingxiu explained!

David listened to Zhu Qingxiu's explanation and was speechless. How can you distinguish between men and women in this way?

The man opposite saw David staring at him, and couldn't help frowning slightly, but he didn't say anything, but went towards the cave with a cold face!

But just when he passed by David and them, the old man with a blind left eye suddenly drew his sword and stabbed David's eyes with a sword!

"Rude guy..."

The terrifying sword energy instantly enveloped David!

David frowned. He didn't expect the other party to attack suddenly without any warning!

David's indestructible golden body was activated instantly, and a faint white light flashed around his body!

Zhu Qingxiu also took action immediately, blocking the attack with the long sword in his hand!

Ding...

After a crisp sound, Zhu Qingxiu instantly stepped back a few steps, and the old man's sword energy also dissipated!

"People from the Wanjian Sect?"

The old man who was blind in his left eye frowned slightly, staring at David and the others closely, the long sword in his hand trembling slightly, and a terrifying sword intent continued to spread!

Zhu Qingxiu felt the other party's sword intent, and his face became very ugly, but David looked at the other party calmly!

Chapter 4399

Because of the hidden realm just now, David did not find out the identities of these two old men!

Now it seems that these two blind old men are also magic cultivators!

But the man in front of him did not have a trace of magic on him, and even the cultivators of the Tribulation Realm following behind him were all full of righteousness, not magic cultivators!

This made David very puzzled. What kind of force could coexist with the magic cultivators and make the magic cultivators willingly serve as servants?

"Demon Sealing League?"

The three words Demon Sealing League flashed through David's mind in an instant. Now

only the Demon Sealing League has raised a large number of magic cultivators. Could these people be members of the Demon Sealing League?

Is this guy dressed as a man in front of him a son or princess of the Demon Sealing League?

Considering that the airship was just stopped by the magic cultivators of the Demon Sealing League, and the other party also used a long sword, maybe these are all together!

Thinking of this, David was finally no longer calm!

If these people are really from the Demon Sealing League, then he has to figure out how to escape, because there is no way to enter this battlefield of gods and demons!

Just when the old man with a blind left eye was about to take action again and David was thinking about how to leave, the woman dressed as a man suddenly spoke!

“Elder Zuo Xia, you attack others innocently and make trouble. Do you want to blind your other eye too?”

The woman’s voice was cold, and there was no emotion in her eyes!

“I dare not.” The old man with a blind left eye hurriedly stepped back a few steps, then bowed slightly and said, “That guy spied on the young lady and stared at her private parts. I poked out his eyes for the young lady...”

The woman said without any appreciation, “I am now dressed as a man, so it is not excessive for him to look at me.”

“You two stared at me back then, but I was a girl at that time. My father poked out your eyes. Are you two still brooding over it now?”

“I dare not...”The

two blind old men suddenly changed their faces and knelt down in a hurry!

Seeing this, David laughed out immediately. It felt that the two old men were blind because they looked at the woman in front of them!

But he blinded his eyes with just one look. It can be seen that the father of this woman is also a very violent person!

“Miss, our lives were saved by your father. How dare we have the slightest dissatisfaction...”

said the old man with a blind right eye!

“You get up, I just said it casually.”

The woman gently supported the two old men, and they stood up instantly. Then the woman continued, “My father has told me not to be irritable when I go out, and to be kind to others. If you killed someone just now, wouldn’t it be another debt of abuse on my father’s head?”

“My father has been kind and generous for so many years. He has never treated you differently because you are a demon cultivator, so you have to change your previous bad habits!”

“Miss is right!” The two old men bowed hurriedly!

After teaching the two old men a lesson, the woman looked at David and said with a bow: “Daoyou, please forgive me for the offense...”

After that, the woman casually threw a bag of purple gold spirit coins into David’s hand!

David looked at the bag of purple gold spirit coins and couldn’t help but be amazed. It seems that this woman’s family is very rich!

But David is not rare for money, after all, David is not short of money!

But just when David was about to return the purple gold spirit coins to the other party, he saw the woman leading people to the front of the cave!

David knew that this woman brought people here, and they must have come for the battlefield of gods and demons!

But there was a formation blocking him, and he wanted to see how this woman entered the battlefield of gods and demons!

The woman slowly stretched out a hand, and there were runes carved in her palm. Obviously, someone carved it on the woman’s palm!

Chapter 4400

At the moment when the woman’s palm touched the formation at the entrance of the cave, the entire formation began to shake!

With the violent shaking of the formation, the formation that sealed the entrance of the cave began to slowly open!

This shocked David. The rune on the woman's palm was so powerful?

This formation was not broken by force, but directly cracked. Although David could also crack this formation, it would take time and not so quickly!

David was very curious about the woman's identity at this moment!

Now it seems that the other party is obviously not a member of the Demon Sealing League!

As the formation was broken, the woman retracted her palm with the rune, then looked around and said: "The formation has been broken. If you want to enter, you can show up. You don't have to sneak around!" After

that, the woman waved her palm gently, and everyone only felt a breeze blowing on their faces. Everyone who had hidden their breath and hid was instantly exposed!

Seeing that their breath was exposed, these people were no longer able to hide, so they showed up one after another, as many as dozens of people!

However, these people are obviously not from the same force. Some of them were full of surprise after meeting each other, which proves that they don't know each other's existence!

"Everyone, I guess you also want to enter this cave, but there is a formation blocking you, so you can't get in!"

"Now I have broken the formation. If any of you want to enter, you must pay 100,000 spirit stones!"

"If you don't pay, those who trespass without permission will be killed without mercy..."

The woman's voice was very light, but it was full of unquestionable murderous intent!

Everyone looked at each other, a little at a loss. After all, the East Region is a barren land. Taking out 100,000 spirit stones at once is not a small amount!

"This relic is a legacy of ancient times, not yours. Why should we pay?"

At this time, a cultivator asked with some dissatisfaction!

"Because I opened the formation, if you want to go in, open the formation yourself, I will never stop you!"

The woman counted slowly!

“I...” The monk opened his mouth, but didn’t know how to answer. After all, if he could break the formation, he wouldn’t have waited until now, he would have entered long ago!

“Even if you broke the formation, it’s 100,000 spirit stones, which is too much. Many of us can’t afford it!”

“Can you ask for less, or let us go in and wait for the treasure inside to pay the 100,000 spirit stones!”

Some people also began to speak, disliking that 100,000 spirit stones were too much!

“Those who take out 100,000 spirit stones can enter, and those who can’t take them out, just stay outside, what are you doing?”

At this time, the blind left elder said sternly!

“How can you talk like that? We don’t want to take it, but we still have to enter, and you dare to...”

Puff...

Some monks were dissatisfied and contradicted the blind left elder, but before they finished speaking, they saw a flash of cold light!

The monk’s head flew out instantly, and he couldn’t die any more!

You must know that those who can find here are not ordinary monks, most of them are the seventh or eighth level of the Tribulation Realm!

Now he was killed by the blind elder Zuo with one sword!

This frightened everyone so much that they dared not speak anymore!

The woman saw this and did not reprimand the blind elder Zuo. It seemed that she approved of the blind elder Zuo’s behavior!

After all, there were so many people. If they didn’t shock them, they would all rush into the cave. That would be troublesome!

After everyone pondered for a moment, some people turned around and left. It was unknown whether they were going to find spirit stones or leaving helplessly!

Some people gritted their teeth, paid 100,000 spirit stones, and then entered the cave smoothly!

People have to bow their heads under the eaves. After all, the other party is too strong and no one dares to resist!

It only took a moment for the woman to collect millions of spirit stones. This is really a good deal!
