

## Chapter 1129 They Deserve It

Watching the Delgado brothers bait the shadow beast, Liam narrowed his eyes. He wasn't naive; he saw through their plan in an instant.

The sixth-tier shadow beast didn't faze Liam. He could take it down with ease. But revealing his full strength wasn't his style; he liked to keep his cards close to his chest.

However, the circumstances demanded he unleash his power.

With a resigned sigh, Liam decided it was time to reveal his real strength.

As the menacing shadow beast lunged at him, Liam unleashed a powerful palm strike without hesitation.

Even with his injuries, Liam managed to force the beast back a few paces!

Liam's swift palm strike sent the shadow beast reeling. The Prescott family's team was stunned by the display.

It was clear to everyone that Liam was no ordinary fighter; he had to be a sixth-tier Primogem Warrior!

Liam's moves made it obvious he was the powerhouse of the Prescott family's team, second only to Idris.

Idris couldn't help but acknowledge Liam's remarkable strength, his disdainful gaze softening. With a subtle frown, he quietly analyzed Liam's power, curious about its depth.

With the shadow beast sent packing, Liam's gaze turned icy as he glared at the Delgado brothers, who had led the shadow beast to him.

With a smirk, Liam struck again, sending the shadow beast hurtling back towards the Delgado brothers with another palm strike!

Still reeling from Liam's display of strength, the Delgado brothers realized the shadow beast was now targeting them.

Panic-stricken, they paled, scrambling to evade the charging shadow beast.

Dobbs Delgado, the older sibling, hesitated, allowing his younger brother, Slater Delgado, to flee first. He paid the price when the shadow beast, flung by Liam, hit him head-on.

He was hit with a massive force that rippled through his body. His organs seemed to tremble, and he was in great pain.

But before he could do anything, the shadow beast rose and delivered a brutal blow to his chest. Dobbs coughed up blood, his body weakening with each passing moment.

Sensing the upper hand, the shadow beast ignored Liam and focused its assault on tormenting Dobbs and Slater.

Despite being just a primogem beast, the shadow beast was far from dumb. It cunningly targeted the weakest prey, knowing it would yield the greatest results.

With a triumphant roar, the shadow beast lunged at Dobbs once more!

Its immense strength sent Dobbs soaring into the air,

where it delighted in swatting him around like a plaything.

Dobbs couldn't bear the torture. With each blow from the shadow beast, he coughed up blood. Against the creature's sheer power, Dobbs was utterly defenseless.

Liam stood nearby, watching Dobbs endure the shadow beast's torture with indifference.

He could have stopped it all.

But the Delgado brothers had caused this to themselves by luring the shadow beast to him.

Liam was naturally furious at such malice. Why would he bother to help?

As for the Delgado brothers' plight, Liam believed they deserved it.
