

Chapter 1281 Center Of Attention

Chad's spirits soared as he saw Caden and Christos arrive to watch the match.

Simultaneously, he steeled himself, resolved to decisively defeat Liam in their upcoming battle.

Another defeat, which would be his fourth in a row, would tarnish his reputation across the Rosefinch Galaxy.

That was an outcome Chad, with his proud nature, couldn't stand.

Meanwhile, Liam became aware that he was the focus of everyone's attention now, and his expression grew serious.

Chad had previously encouraged him to confidently display his true abilities.

Now, with all eyes on him, Liam saw the perfect chance to do just that.

Regaining his composure, Liam prepared for the fifth battle, which started promptly.

Chad was his opponent again, but this time, Liam was determined to make the first move.

He deployed his Lightning Wings in a smooth, sweeping motion and drew the sword of darkness.

Aware that Chad had analyzed his light elemental special power, Liam decided not to use that. Instead, he enhanced his sword of darkness with the Power of Five Elements,

adding a new layer of complexity to his attack.

His body shone with a multi-colored energy glow as a vast aura enveloped the sword of darkness.

The sword of darkness seemed to come alive, absorbing the radiant energy around it. With the Power of Five Elements, its blade sharpened dramatically.

Liam then launched a direct attack with the empowered sword of darkness at Chad.

Caught off guard by Liam's assertive approach, Chad reacted hastily, his movements rushed.

Gritting his teeth, Chad tried to withstand Liam's attack with his battle armor.

However, he had underestimated the destructive power of Liam's sword of darkness.

His once-prized armor, a symbol of his strength, was effortlessly shattered by the sword of darkness.

With a forceful blow, Liam struck Chad.

Boom!

The audience watched as Chad was sent flying off the stage.

Silence enveloped the entire Human Sovereign Arena.

Chad had lost again!

As he lay on the ground, his face flushed with shame and anger, Chad muttered, "Damn you, Liam! With so many distinguished figures from Rosefinch Galaxy in attendance, you just had to make a spectacle! You're trying to embarrass me on purpose!"

But Chad would not hold a grudge and seek revenge.

He was aware that these prominent figures held Liam in high regard.

Meanwhile, in the spectator stands, the expressions of the top figures were indescribable.

They had anticipated the fourth bout between Liam and Chad to be a phenomenal contest.

After all, Chad was considered a rare genius.

On the stage, Chad's strength had been four stars higher than Liam's.

Everyone had assumed that even if Liam could defeat Chad, his victory would come after a grueling battle.

Yet, none had anticipated Chad's swift defeat at Liam's hands.

Liam's prowess once again astounded the top figures!

Caden sighed, glancing at Christos beside him and rolling his eyes. He muttered, "It seems what Liam just displayed is not just the special power of five elements. There are too many other powers mixed in. This kid is truly bound for greatness!"
