

When His Eyes Opened Chapter 1430

Chapter 1430

Rebecca couldn't help but think back to the last time she met Elliot last night. She said at the time that she would go to the hospital with him to pick up Kyrie today, but Elliot did not agree.

She thought that Elliot didn't agree, and it wasn't a rejection. But she didn't expect that he didn't agree at the time, it meant rejection.

Moreover, Elliot hardly ever took the initiative to look at any part of her body, but last night he stared at Rebecca's belly.

He behaved strangely last night, but Rebecca didn't notice the abnormality in time.

It was very possible that Elliot left at night. Otherwise his bed would not be so flat.

The strength in Rebecca body seemed to be taken away, and her whole body was like a headless fly, losing her direction.

—How could Elliot do this?

—Even if Elliot want to leave, at least say goodbye to her.

Rebecca tears fell down. She didn't know how she got downstairs.

Seeing Rebecca's lost soul, the nanny immediately supported her.

"Miss, why are you crying? Isn't Mr. Foster in the room?" The nanny helped her to sit on the sofa, "I'll go up and have a look."

"He's left." Rebecca took the nanny's arm, "Elliot was last night. He didn't sleep in the room at all, when did he leave last night? Do you know?"

The nanny looked blank: "I don't know. I didn't hear anything." After a pause, the nanny said, "I'll let the security guard. Check the surveillance at the door."

After finishing speaking, the nanny walked out immediately.

Rebecca turned on the phone and looked through the address book. When she saw Lorenzo's number, a terrible thought suddenly popped into her mind.

Elliot will not disappear without any reason. But he just disappeared.

Is it possible...that the father was so angry that he was taken away?

Thinking of this, her fingers trembled, and she planned to call Lorenzo to ask.

Just then, a phone call came. Without hesitation, Rebecca answered the phone.

“Rebecca, it’s me.” There was a rough voice over the phone, “Your second master.”

Rebecca was stunned for a moment, then immediately asked: “Second master, Elliot is left. Do you know where Elliot went? I can’t get through to him.”

Second master: “Rebecca, don’t panic. I know where he is.”

Rebecca exhaled suddenly and calmed down: “Second Master, is Elliot mad at my father and want to go back to Aryadelle?”

The second master said, “No, he was kidnapped by us. I called him last night and asked him out to talk about something, and then I kidnapped him. To be precise, except for me and your fourth master.”

Rebecca was shocked: “Second master, why did you kidnap Elliot? Did Elliot offend you? Or because my dad offended you?”

“Rebecca, I’ll give you a day’s work.” the second master’s voice came coldly, “Either you go and kill your father, or I kill Elliot.”

There was a buzzing voice in Rebecca’s mind. She exclaimed: “Why?”

When His Eyes Opened Chapter 1431

Chapter 1431

“Rebecca, don’t worry, when your father is dead, Jobin Industries will still be yours, we will not hurt you or bully you. I kidnapped Elliot with your fourth master for your own good. Your Dad is full of hostility to Elliot now, and he will never delegate power to Elliot. Maybe one day he will kill Elliot. If you want to live with Elliot, your dad must die.”

“No, I can’t do it. I can’t hurt my dad. My dad is very good to me.” Rebecca cried out.

“How is your dad treating you? What are you kidding? Your dad never thought of giving you the inheritance.” The second master smiled contemptuously, “Don’t think it’s unbelievable that I let you kill your dad. Your dad has a brother, you may have never heard of it. Your dad killed his brother, and only then he got the Jobin family’s property from your grandfather and set up the Jobin Industries.”

Rebecca’s face turned pale. She couldn’t believe what she heard.

“If you don’t kill your dad, your dad may give Lorenzo some of his property. Don’t look at how much Lorenzo seems to like you. He pretends to be affectionate, but it’s just to get you and your family. When your father dies, the property of your Jobin family will become yours.”

Rebecca felt that the world in front of her had turned into pitch darkness. She was born in a greenhouse and was used to being flattered and cared for by others. Now she is suddenly asked to kill, and she will kill her own father, how can she do it?

“Rebecca, I have finished telling you what I should say. I will send someone to deliver you a poison later. If you don’t feed this poison to your father, then I will feed it to Elliot. After all, your father if he doesn’t die, everything that Elliot talked to us before will not come true. He cheated on us, we must kill him.”

...

After the nanny investigated the surveillance, she returned to the living room.

Rebecca was sitting on the sofa, her fingers tightly clutching the phone, her body trembling slightly.

“Miss, I checked the surveillance. Elliot went out at 2:00 in the morning. He answered a phone call and went straight out.” The nanny told her the information from the investigation, “I don’t know who called him. There must be something wrong with talking on the phone so late.”

Rebecca turned a deaf ear, her body motionless.

The nanny continued to comfort her: “Miss, don’t worry, his phone may be out of power when his phone is turned off. Maybe he will come back later.”

Rebecca shook her head dully: “I’m a little hungry. I’ll go get something to eat first.”

“Okay. Miss, don’t worry. I don’t think anything will happen to Mr. Foster. Even if he really wants to leave you, he will definitely make it clear to you. He is a decent person after all.”

“Stop talking, I want to be quiet.” Rebecca said in a hoarse voice, “I’m a little thirsty, pour me a glass of water.”

The nanny: “Okay.”

Rebecca ate a meal After a tasteless breakfast, She received a call from Lorenzo.

The moment the phone rang, her soul almost went out of her body. She thought that someone from the second master had arrived.

“Rebecca, when did you come? Your father mentioned you just now.” Lorenzo asked.

Rebecca quickly adjusted her mood, “Oh...I have to wait. How is my father feeling today?”

“That’s it. Because of Elliot, Your dad has not been very happy.”

“Lorenzo, don’t you like Elliot?” Rebecca asked.

Lorenzo was silent for a few seconds, and said indignantly: “Of course I don’t like him. If it weren’t for him, you would be my wife. Rebecca, how much I like you, you don’t know.”

“Lorenzo, don’t say such disgusting words. If I wasn’t Miss Jobin, would you still like me so much?”

Lorenzo: “I...”

Rebecca sighed heavily, “You won’t. If Kyrie’s daughter was an ugly woman, you would say you like her. Lorenzo, I didn’t sleep well last night. I didn’t mean to be quarrel with you. The nanny boiled the soup today, but it’s not ready yet. I’ll take some over when the soup is ready.”

“Okay. Rebecca, I know you’re not happy after marriage. If you scold me casually, I won’t be angry.” Lorenzo coaxed.

Rebecca hung up the phone.

If Elliot hadn’t been kidnapped and she hadn’t been threatened, she wouldn’t be so unhappy.

Chapter 1432

In the hospital.

Kyrie was lying on the hospital bed, infusion. This morning, he had an infusion and an examination in the afternoon. If there no no major problem, he could go home for treatment.

After Lorenzo called Rebecca, he walked towards the smoking room. After calming down, he returned to the ward.

Kyrie glanced at Lorenzo and asked, “Why hasn’t Rebecca here yet?”

“Rebecca said that he was waiting for the nanny to cook the soup, and said he would bring soup for you to drink later.” Lorenzo sat down beside the hospital bed, “She might bring Elliot here.”

Kyrie narrowed his eagle eyes, “Hmph, she sent me a message last night. That’s why I asked you if they were here.”

“I see. Maybe she waited for Elliot to come together.” Lorenzo guessed.

Kyrie snorted coldly: “Whether Elliot comes or not, I won’t give him a good face. I trust him so much better than you, I almost gave him my heart but he turned out to betray me.”

Lorenzo was distracted for some reason. He remembered the words Kyrie questioned him.

Kyrie glared at him and asked, “What are you thinking? I have no one available now, so you have to fight for me.”

Lorenzo said, “Adoptive father, I will do whatever you want me to do. It’s just you and If Elliot’s relationship continues to stalemate, Rebecca will definitely be very sad. She is pregnant now, and if she is in a bad mood, it will not be good for the child.”

Kyrie roared angrily, “You feel bad for her. Why is my relationship with Elliot not good? It’s not because she’s incompetent. If she was like Avery and held Elliot tightly, would Elliot watch others assassinate me and be indifferent?”

Lorenzo: “Adoptive father, Rebecca and Elliot just got married not long ago, so they must not fall in love so quickly. Give Rebecca a little more time. “

Kyrie said with disgust, “I think so too, so I didn’t scold her face to face? She’s not worse than Avery, but her ability and skills are far worse than Avery. If she has Avery With half of my brain, I wouldn’t want to find an outsider to be my heir.”

Lorenzo: “Adoptive father, Rebecca is still young.”

“What a small one. A person’s ability can be seen from a young age. Rebecca has no core leadership. She’s only suitable for being a doll for people to play with, just like her, if I don’t find her a capable husband, she won’t be able to keep the country I made.”

Outside the ward, Rebecca was carrying the insulation box, her body trembling uncontrollably. She didn’t expect that her father would treat her like this in her heart. Her father had never commented on her face to face before.

Every time She talk about her, She basically praise her. Compliment her sensible, praise her caring.

No wonder the second master said that her father never thought of giving her the right of inheritance. Because in her father's mind, she is just a doll for people to play with.

"Miss, come in." The nanny sent Rebecca here.

The nanny also heard what Kyrie said.

But for the nanny, no matter what Kyrie said about Rebecca, Rebecca shouldn't be angry. Because without Kyrie, there would be no Rebecca's current life.

Hearing the movement outside the ward, Lorenzo strode out.

Seeing Rebecca's sullen face, Lorenzo immediately reached out and grabbed her arm: "Rebecca, when did you come here? Why didn't you come in?"

Rebecca twitched the corner of her mouth, trying her best to regain her superficial calm: "I just came."

"Well...the adoptive father just asked why you haven't come yet." Lorenzo wanted to take the insulation box from her, but Rebecca refused.

Chapter 1433

"After you called me, I went out." Rebecca adjusted her mood and entered the ward with the insulation box, "Dad, I'm here to see you."

Kyrie responded, The expression on his face was a little uncomfortable.

Kyrie don't know if Rebecca heard what he said just now.

"Didn't you say last night that you would come with Elliot today? Why didn't he come?" Kyrie felt unhappy when he saw Rebecca coming alone.

-Is Elliot getting closer to him?

"Elliot drank too much yesterday, and has a fever today. He originally wanted to see you but I was afraid that he would pass the disease on to you, so I asked him to rest at home." Rebecca said, opening the insulation box, "Today I have stewed your favorite yam pork ribs soup, and I will serve you a bowl."

"I ate too much for breakfast, so I can't drink the soup right now." Kyrie said.

A disappointed expression appeared on Rebecca's face, and then she closed the insulation box.

Seeing her disappointment, Lorenzo immediately said, "Let me have a drink."

Rebecca's heart beat faster, her face turned red, and the fingers holding the insulation box trembled.

Seeing this, the nanny wanted to take the insulation box from her and give it to Lorenzo.

"No!" Rebecca pushed the nanny's hand away, "This is a thermal insulation box for Dad, not for Lorenzo. How can Dad drink Lorenzo's drink? There is only a bowl and a spoon in it."

Rebecca's reaction made Lorenzo embarrassed.

The nanny was also very embarrassed: "Miss, it's okay to give Lorenzo a drink. I'll wait."

"No. I won't give Lorenzo a drink. I brought it to my father." Rebecca forcibly stabilizing her emotions, "I brought it to my father myself. I only took it for my father."

Seeing her angry, Lorenzo immediately said, "I won't drink. Don't be angry."

"Why didn't you tell me earlier if you wanted to drink? I'll use two thermal insulation boxes before I can give you a drink."

Lorenzo was speechless.

Kyrie sneered: "Lorenzo, look at what you look like now. Rebecca is so petty and scared you into this? You learn from Elliot, men should focus on their careers."

Lorenzo immediately lowered his head "Adoptive father, what you said is true."

"Rebecca, did you hear what I said just now?" Kyrie looked at his daughter and continued, "I did say some unpleasant things just now, you can't be angry. If you are really capable, you can prove yourself. Instead of being petty."

"Dad, what did you say about me? Are you talking bad about me behind my back?" Rebecca looked at him curiously.

Kyrie's cheeks suddenly turned red: "Since you didn't hear it, forget it. You bring me some soup and I'll try it."

Rebecca: "Oh, good. Would you like some spare ribs? Today's spare ribs are very fresh."

"Don't eat it. I don't want to eat more soup, I'm not hungry." Kyrie said.

Rebecca took a spoon and filled a small bowl of soup, then said coquettishly, "Dad, let me feed you a drink. So that you won't get your hands dirty."

"I'm too old to move." Kyrie teased. Then he let out another breath, "But since my good daughter wants to feed me, of course I can't refuse."

A smile appeared on Rebecca's face: "I know that my father loves me the most."

A spoonful of soup was fed into Kyrie's mouth.

Kyrie drank the soup and aftertastes it for a while: "It's a bit salty."

"Really? Then I'll put less salt next time." Rebecca said, scooped another spoonful and fed it to Kyrie's mouth.

When His Eyes Opened Chapter 1434

Chapter 1434

After drinking this small bowl of soup, Kyrie lay down and closed his eyes after a while.

"You guys go out first. I want to be alone with my dad for a while." Rebecca said to Lorenzo.

Lorenzo and the nanny immediately withdrew.

The door of the ward closed, and Rebecca's tears fell. She poisoned her own father with her own hands. When she came over, she didn't actually make up her mind. She didn't have to give her father the soup in the insulation box.

It was outside the ward when she heard what her father said to her, which made her want to kill.

—In the eyes of her father, Rebecca was just a waste.

—Who would want to admit that he is a rubbish who knows nothing?

—Since her father looked down on her so much, she didn't have to be soft-hearted.

The second master received a call from Rebecca, and when he learned that Kyrie had passed away, the second master laughed.

“Rebecca, I knew you could do it for sure. Just wait, I’ll ask Elliot to find you later.” The second master hung up the phone.

“Elliot, have you heard it? Rebecca killed Kyrie.” The second master looked at Elliot who was sitting on the sofa, “Don’t look at Rebecca’s young age, she is Kyrie’s daughter after all. There is still a ruthlessness.”

Elliot was called by his second brother last night to talk about something.

As a result, it was forced to stay here. Because the second brother learned that Kyrie was discharged from the hospital today, he thought of this strategy.

Kyrie was suspicious by nature, and it was almost impossible for others to attack him. Only Rebecca was the easiest to attack him without any consequences.

“I’ll accompany you to the hospital.” The second masster saw Elliot’s cold face, so he walked over to him and spoke.

.....

In the hospital.

After Rebecca finished the phone call, she walked to the door of the ward and opened the door.

“Lorenzo, come in. I have something to tell you.” Rebecca’s eyes were red and she looked very sad.

Lorenzo was puzzled: “Isn’t adoptive father resting? Let’s talk outside.”

“Come in.” Rebecca took his arm.

Lorenzo was stunned for a moment, then entered the ward and glanced at the hospital bed.

Rebecca closed the door of the ward.

“Lorenzo, will you kill me?” Rebecca asked.

“Rebecca, how did you say such a thing? How could I hurt you?” Lorenzo looked at her in shock, “Why are you crying? What happened? Did the adoptive father tell you?”

Rebecca shook her head, told the truth with difficulty: “My dad is dead. I poisoned the soup.”

Lorenzo suddenly changed his face.

“Lorenzo, will you kill me? Answer me!” Rebecca clenched his arm tightly, “Although my dad often scolds you, he raised you and treats you much better than outsiders. You will definitely avenge him, right?”

“Are you crazy?” Lorenzo shook her hand away, “Rebecca, did Elliot ask you to do this? Did he instigate you to do this? “

No...it has nothing to do with Elliot.” Rebecca choked, “Second Master and Fourth Master kidnapped Elliot...”

“You killed your father for Elliot? Rebecca, do you really think that your second master and fourth master kidnapped Elliot? They have a good personal relationship. They are acting in a play and they are lying to you.” Lorenzo’s eyes were scarlet and his fists were tightly clenched, “I want Kill Elliot and avenge the adoptive father.”
