Chapter 2524

Siena's tears rolled down immediately.

Unexpectedly, a meal made her lose her job.

In addition to being reluctant to part with this job that can sustain her, she also felt a little bit reluctant about Lucas.

Lucas was the best person to her besides her mother-in-law.

If she didn't work in Hogan's house in the future, then she probably won't have any interaction with Lucas in the future.

Just like her and her childhood best friend Lilly.

Thinking of this, she couldn't hold back her tears.

"Housekeeper Todd, take her away!" Madam Hogan didn't want to see Siena again, so she shouted to the housekeeper.

Mr. Todd immediately stepped forward, took Siena by the arm, and took Siena away.

Mr. Todd brought Siena to the back door, and said to her, "Siena, I know that Young Master Hogan treats you well, but you didn't

position yourself properly. He is the Young master, and you are a servant. How can you pretend to be equal to him? What about

your friend? You shouldn't invite him to dinner. You still owe so much debt, do you think that if you invite him to dinner, he can treat you as a friend?"

"Young Master didn't ask me to pay for it." Siena lowered her eyebrows and her nasal voice was heavy, "Uncle Todd, the young master is a good man. I won't be able to come here in the future, please take care of him."

"Do you need to say that? Go away! Don't come again." After that Mr. Todd closed the back door.

Siena returned to the auxiliary building and put her schoolbag on her back.

Before leaving, she hesitated whether to go to the bedroom to say goodbye to Lucas.

But thinking that Lucas didn't sleep all night last night, he probably slept very deeply at the moment, so she gave up.

At 3 o'clock in the afternoon, Lucas woke up.

He didn't know if it's because of the medicine on the back, but it didn't feel so painful.

Feeling a sense of hunger in his stomach, he immediately got out of bed and came out of the room.

"Young Master Hogan, you are awake! From now on, I will take care of your daily life." Mrs. Perry was originally unwilling to take

care of Lucas, but Master Hogan said that Mrs. Perry had to come over.

Lucas frowned and asked, “Where’s Siena?”

Mrs. Perry: “Isn’t Siena going to college? So she won’t be able to work in the Hogan family in the future.”

“You’re lying!” Lucas shouted angrily, “Did they drive Siena away?!”

Mrs. Perry was frightened by Lucas’s roar and quickly lowered her head: “Young Master Hogan, your trouble this time was

caused by Siena, master and madam...”

Lucas: “Who said she caused it?!”

“She said it! She admitted it. Otherwise, would the madam and the master be so angry?” Mrs. Perry timidly said, “Young Master, are you hungry? I-I made lunch at noon, and I’m going to heat it up now.”

Lucas: “I won’t eat!”

After saying this, Lucas strode away from the auxiliary building and walked towards the main building.

Master Hogan went to the hospital with his wife to visit Young master Gagnon, Austin Gagnon this morning, and apologized to him, and finally obtained his forgiveness.

The two of them returned home, their buttocks were still warm, and finally, Lucas rushed in.

“Didn’t I tell you to think about it behind closed doors?!
What are you doing here? I see you are upset!” Master
Hogan took a
deep breath and shouted at Lucas.
“Who told you to drive Siena away?!” Lucas’s voice
was louder than his father’s.
