Chapter 2526

Lucas put down his phone and didn't reply.

He was lying on the bed, looking at the ceiling, in a daze.

He couldn't protect his dog, and he couldn't protect Siena.

In the Hogan family, he was just a puppet. He would never want to live such a life.

However, the Hogan family was undoubtedly a good springboard.

Now he just needed to be patient and bide his time.

.....

Aryadelle.

Tate Industries.

"Boss, have you encountered any troubles? You have been frowning all day today. Has our company encountered any crisis?"

Assistant Huot brought a cup of brewed coffee and brought it in.

Layla rubbed the space between her brows, and then took the coffee from the assistant.

"I confessed my love to someone, but I was rejected."

Layla took a sip of coffee after saying this.

How bitter!

“Ah?! Boss, who are you looking for? Who is so lucky to be in your eyes!” Assistant Huot was shocked, “Boss, do you know what our company employees talk about you? They said that you will never get married in your life. Because your father and brother are too good, it is impossible for you to look at ordinary men.”

Layla: “It is not impossible to... look at a person, not just him The ability to make money. Whether two people can be together depends mainly on whether they are happy together.”

“Boss, you are so right! But I haven’t seen any man you dated before? Who did you confess your love to?”

Assistant Huot was really curious.

In Assistant Huot eyes, Layla was the perfect female image.

This kind of perfection, aside from her own excellence and her perfect family environment, it was hard to imagine that she would have any troubles.

In the words on the Internet, Layla was a proper goddess.

The goddess would be rejected by people?

Was that man blind?

Layla finished her coffee, then picked up her phone and checked the time.

Layla: “Assistant Huot, don’t sprinkle salt on my wound.”

“Boss, I’m sorry. I didn’t mean it. I really can’t imagine what kind of man you would like.” Assistant Huot apologized, but did not forget to continue digging.

Because Layla was young and new to the workplace, although she was the boss, very friendly and kind to the employees.

This was also the reason why the assistant dared to investigate the root cause in front of her.

“Eric Santos...” After finishing speaking, Layla left the office with her bag.

Assistant Huot froze in place.

Eric Santos?

The boss liked Eric Santos?!

D*mn! The boss’s vision was really not low, but Eric Santos had been popular for a long time, and he always felt that he was not of the same era as them.

Layla took the elevator to the basement garage on the first floor.

Not long after, she drove out of the company in a car. After Eric rejected her, she thought about it carefully, but her heart still couldn’t calm down.

She had never been so frustrated and miserable.
