Chapter 2566

Avery posted Lilly's eighteenth birthday photo last time in her Facebook.

The photo was a landscape taken on a mountain.

Siena saw at a glance that it was filmed in G-Temple.

Although Siena hadn't been back for many years, Siena still vaguely remembered the temples of G-Temple and the scenery on the mountain.

She even remembered that her mother-in-law said that Avery might be a bad person.

Looking at it now, how could Avery be a bad guy?

After Lilly left with Avery, she lived so happily, and she often returned to the G-Temple, So Avery was a good person.

Siena couldn't help but like her facebook page.

Avery's facebook had more than one million fans.

Although the number of fans was not as large as that of Internet celebrities, her fans were sticky.

Under each of her facebook posts, there were countless comments and likes.

Siena looked at her facebook and started to be in a daze. The thought of going back and taking a look popped up again.

Unfortunately, she has no money. When she has more money, she must go back and have a look.

If possible, she also wanted to go back to Yonroeville to have a look.

She had no idea what Yonroeville was like. But she still remembered that her mother's name was Rebecca Jobin.

Searching for Rebecca Jobin on the Internet in Thopiavelle could only find a person named Rebecca Jobin in Thopiavelle, but not her mother.

She didn't know who the father was.

If she went to Yonroeville, she would be able to find the answer.

In the afternoon, the Teacher came over and saw that Siena was out of her mind, and asked, "What are you thinking? Are you

afraid that you won't be able to get into University of Thopiavelle?"

The Teacher knew that Siena wanted to take the University of Thopiavelle, so she encouraged her all the time.

"Teacher, I'm a little confused." Siena quickly adjusted her mood, "I'm from Yonroeville, so I should be able to go back to

Yonroeville to take the exam!”

Teacher: “Okay! But do you really want to go back to Yonroeville for the exam? Yonroeville is not as good as Thopiavelle...”

“I just think about it casually. I’m not familiar with Yonroeville, and I don’t know what to do when I go back.” Siena took out the book, and then said, “I’ll call the young master to attend the class together.”

“Didn’t he say not to quarrel with him?” The Teacher said.

“The big exam will be coming soon, and he won’t be able to take the exam if he doesn’t attend the class.”

Siena said, went to the master bedroom, knocked on the door, and walked in directly.

After a while, she pulled Lucas out.

The Teacher looked at the two of them and couldn’t help laughing.

Although Siena was the nanny of the Hogan family, Lucas still listened to her to some extent.

“Young Master, you promised me that we agreed to have classes together in the next year.” Siena pushed him into a chair and sat down.

Lucas picked up a pen from the table and spun it casually.

Siena watched him turn his pen and brush freely, like some students in the previous class who didn't like to study.

Dining hall at main building.
