

## Married At First Sight Chapter 3727

---

**Married At First Sight Chapter 3727** – Liberty said, “How can they compare to my cousin? Elisa has a positive attitude. When she liked Zachary, he was single. Once she found out he was married, she was sad but stopped pursuing him.”

“Many people are like Analia,” Liberty added, knowing about Analia’s actions but staying silent, trusting that Serenity and Zachary could handle it.

Even though the situation was resolved, it showed that, despite being married, some people still had improper thoughts about Zachary, wanting to take Serenity’s place.

Ultimately, they believed Serenity’s background wasn’t good enough for Zachary.

Liberty wanted to support Serenity and give her confidence. So when Audrey asked her to go to Jensburg to compete with Kathryn for the head of the family, she agreed.

If Liberty took over the Farrell family, it would show that Serenity came from a respected family, proving her background was worthy of Zachary.

Luckily, the York family never looked down on Serenity.

Serenity now has her own successful business.

Still, some people say Serenity’s company thrives because of Zachary’s influence. They claim if she weren’t part of the York family, she wouldn’t have as much capital or so many loyal customers. Even with her expanding market, she doesn’t worry about sales.

At worst, she has the support of the Yorks and Stones.

People jealous of Serenity would always find something to criticize, no matter what she did.

But Serenity didn’t let it bother her.

In her words, the more jealous people were of her, the better life she wanted to live, so they would envy and hate her even more.

Jim didn’t know what to say.

He had been with Zachary for years and knew how many people had their eyes on him, but just didn’t have the chance.

Few had the same values as Elisa, who held herself with pride because she was also exceptional.

“In short, Ms. Hunt, don’t worry about anyone replacing our eldest young lady. We know the eldest young master’s character—he is loyal to his feelings. The men in the York family are very responsible.”

Liberty smiled, “I trust Zachary. I didn’t say I didn’t. It’s just that he’s so handsome and important, it’s easy for people to be attracted to him. But the more people like him, the more it shows how happy Seren is.”

She also believed Serenity could hold onto Zachary and wouldn’t let anyone take him away.

If Zachary could be taken, Liberty was sure Serenity would cut him loose quickly.

Serenity always said, “If someone can steal it, it’s not real love.”

“Jim, what kind of girlfriend do you want? I can help find a few and introduce you.” Liberty wanted to set Jim up.

She even asked the driver if he wanted her to find him a girlfriend too.

The driver laughed and said, “Ms. Hunt, you should find one for Jim first. I’m a year younger than him. There’s no rush, I can wait another couple of years.”

“Well, I’ve met a few nice girls from the Farrell family. They come from good families, and their parents and brothers are honest people. I’ll look into it and introduce them if it works out. You’ve all worked hard to protect me these past months. I’d feel bad if I didn’t help you find girlfriends.”

Jim and the others were speechless.
