

# A Man Like None Other

## Novel Chapter 2449

### Chapter 2449

Seeing David like that, Hu Mazi and the hammer master also became nervous!

"Ah..."

David let out a roar, the deafening sound shook Hu Mazi and Master Hammer so much that their eardrums ached!

Whoosh...

David let go of the bowstring, and the transparent arrow feather shot out into the air in an instant!

The swift arrow feathers tore apart the air, making a sharp piercing sound!

David collapsed and sat down on the ground, panting heavily!

"David, are you okay?"

Hu Mazi hurried forward to help David up!

David shook his head, "It's okay..."

After finishing speaking, David stared at the arrow feather tightly, his heart full of tension!

Accompanied by the arrow feather flying higher and higher, there was an explosion suddenly, the violent explosion sound could be heard clearly even hundreds of miles away!

And with the sound of the explosion, there was a twist and tremor in the void, and a black hole slowly formed!

The black hole is very small at the beginning, and the power around the black hole is also very weak!

Slowly, the black hole became bigger and bigger, and in the black hole, turbulent eddies were clearly visible!

The huge power in the black hole sucked David and the others into the black hole!

"I got through, I didn't expect to get through?"

Master Hammer looked at the black hole in front of him in disbelief!

There were tears in Master Hammer's eyes. He has been trapped in the secular world for more than ten years, but he didn't want to have a chance to return to the heavenly and human world!

"Master Hammer, let's go, I don't know how long this passage can last..."

David said to Master Hammer!

Master Hammer nodded, followed by David and the others, jumped up, and was sucked in by the black hole!

David and the others only felt their bodies rolling in the turbulent current, and they didn't know anything when their eyes went dark!

When they woke up, they found that they were already in a vast mountain range with dense forests and towering old trees!

"Where are we? Have we reached the world of heaven and man?"

Hu Mazi looked at the surrounding towering trees and asked blankly.

David also looked dazed. Although he had been to the Heavenly Human Realm, he had only killed the undead in the Death Valley, and he had never been to other places at all!

Now they can only listen to Master Hammer. After all, Master Hammer is from the world of heaven and man, so he should know something about the world of heaven and man!

I saw Master Hammer broke a few branches from the tree and stuck them on the ground, then drew a few strange figures with his hands, and then the reflections of the branches began to move slowly!

After watching carefully for a while, Master Iron Hammer frowned and said, "Damn, how come we were teleported to the realm of the Yaozu, we have to leave quickly..."

After finishing speaking, Master Iron Hammer hurriedly used his feet to draw the figure that he had drawn. Destroy it, and leave with David and Hu Mazi!

"Master Iron Hammer, what is the boundary of the monster clan? Could it be that there are monsters in this mountain forest?"

David asked puzzled.

"This world of heaven and humans is different from the world of secular people. The world of heaven and humans is divided into three major races, human race, demon race, and demon race. Each race has its own living realm."

"Although each race also has conflicts from time to time, But they will not go to war, there is an agreement between each other, so many years, the world of heaven and man has been in peace."

"But I haven't been back for more than ten years, I don't know what's new in the world of heaven and man. There is no change, our current place belongs to the territory of the Yaozu, it is better to leave as soon as possible to avoid unnecessary trouble..."

While Master Hammer explained the world of heaven and man to David, he quickly walked out of the forest!

The three of them walked for an unknown amount of time, and finally walked out of the vast jungle, and then came to the foot of a mountain!

"Master Hammer, how far are we from the Qingniu Peak you mentioned?"

David asked Master Hammer.

"It's not far away, there are still more than 30,000 miles..."

Master Hammer said!

When David and Hu Mazi heard this, they almost lost their breath!

Thirty thousand miles? Not far away?

## Chapter 2450

"Master Hammer, how big is the Heavenly Human World?" David asked.

"I don't know exactly how big it is, but it must be hundreds of times bigger than your secular world."

Master Hammer said!

Hundred times?

David and Hu Mazi were shocked again. They never expected that the world of heaven and man would be so big!

If they are rushing, even if their strength can fly against the wind, even if they are, they will waste a lot of time on the road!

Master Iron Hammer seemed to see the doubts of the two people, so he said, "In the celestial and human world, many people know the teleportation formation, so they don't really rely on walking, and there are so many masters in the celestial and human world, these people just don't use the teleportation formation." , One thought can travel thousands of miles in an instant."

"Yes, people in the world of heaven and man are almost immortals, so what is this distance?"

Hu Mazi said.

In Hu Mazi's eyes, the world of heaven and man is the world of immortals, and the people in the world of heaven and man are all immortals!

After hearing Hu Mazi's words, Master Iron Hammer smiled and said, "People in the celestial world are no different from your secular world. Not everyone in the celestial world is a master, and the celestial world is just another time and space." It's just the world, and there are no immortals in the world of heaven and humans."

"A real immortal is someone who can travel across time and space and reach any plane world at will. Don't think so well of the world of heaven and humans..."

Iron Hammer said , let David be a little confused for a moment. You have to know how many secret realm monks in the Celestial Realm are working hard to break through the void to reach the place. Finally, in the mouth of Master Hammer, the Celestial Realm is the same as the secular world. Ordinary world!

David obviously didn't believe this. After all, in David's cognition, it should be different in the Heavenly Human Realm. After all, those monsters are very powerful, and they all came from the Celestial Human Realm!

Master Iron Hammer didn't explain either, but continued on his way with David and Hu Mazi, but when the three of them were about to leave, they suddenly heard the roar of a monster!

The three looked for their reputation and found a monster rushing out of the forest. In front of the monster, a girl who was only seventeen or eighteen years old, with cold sweat on her forehead and blood on her body, was desperately fighting for the way. escape!

Judging from the aura emanating from the girl, she is only in the Nascent Soul Realm. This kind of strength is not considered a master in the secular world. David doesn't understand how there are people with such low realm strength in places like the Heavenly Human Realm. Woolen cloth?

The monster behind the girl is obviously stronger than the girl, and its speed is also much faster. It is about to catch up to the girl!

The girl looked panic-stricken, and when she saw David and the others, she was taken aback for a moment, and then shouted, "Help, help..." The

girl changed direction and ran towards David and the others!

Seeing this, David was about to rescue him, but was stopped by Master Iron Hammer, "Don't worry, in the world of heaven and man, it's best not to meddle in other people's business. People in the world of heaven and man are not as good as you imagine..."

David looked at Master Hammer in surprise, not understanding the meaning of Master Hammer's words, but just as Master Hammer stopped him, the monster had already caught up with the girl!

"Roar..."

After a roar, the monster rushed towards the girl!

Seeing that David and the others did not come to rescue, the girl could only grit her teeth, holding a scimitar that had already been damaged, and slashed at the monster fiercely!

On one side of the monster's body, it directly avoided the girl's attack, and then slapped the girl fiercely with its big paw, sending the girl flying!

Immediately afterwards, the monster leaped forward and charged at the girl, but the girl looked desperate at this moment, and could only close her eyes helplessly, waiting for death to come!

The monster beast's bloody mouth had already reached the girl, and the girl who was choked by the thick bloody smell continued to vomit!

## Chapter 2451

Seeing this, David couldn't stand it any longer, and directly ignored Master Iron Hammer's obstruction, flicked his right finger, and a golden light went straight towards the monster!

Roar...

The monster was hit by the golden light, and after a roar, it fell to the ground and died in an instant!

With David's current strength, he only needs to wave his hand to deal with monsters of this level!

The monster was dead, but the girl looked bewildered, and slowly got up in shock!

"Thank you... thank you..." The

girl timidly followed David to thank her!

But at this time, there were bursts of roars not far away, accompanied by tremors on the ground!

"It's broken, a large number of monsters are coming this way, let's go..."

Master Hammer frowned as he felt the tremor of the ground!

"Girl, run away quickly, there are a large number of monsters coming here..."

David told the girl, and after finishing speaking, he planned to leave with Master Hammer!

But the girl suddenly turned her head, and immediately grabbed the monster that had just died with both hands, and carried it on her back with all her might!

It could be seen that the girl was struggling, she gritted her teeth and carried the corpse of the monster on her back, and walked forward step by step!

Seeing this, David was very surprised. He didn't understand why the girl ran for her life and carried the corpse of the monster on her back?

"Girl, you should quickly throw away this monster's body and run for your life, or you will be overtaken by a large number of monsters."

David said to the girl!

But the girl didn't say a word, and strode forward desperately, her body was already soaked in sweat and blood!

Feeling that a large number of monsters were getting closer, David couldn't bear to watch the girl being eaten by those monsters, so he stepped forward and grabbed the girl's shoulder with one hand, then jumped, and went out hundreds of meters in an instant !

After David had escaped with the girl for tens of miles, he stopped. Master Iron Hammer looked at David with displeasure!

"You little girl, why don't you even want your own life because of this monster's corpse?"

Hu Mazi stepped forward and reprimanded the girl!

Seeing Hu Mazi's fierce look, the girl bit her lip, her eyes were full of grievances, and finally she cried!

This time, Hu Mazi was stunned for an instant, a little at a loss!

"I want this monster's corpse in order to exchange it for spirit coins. It's for my grandma to see a doctor. My grandma is sick. Otherwise, I wouldn't come to this mountain range alone to hunt monsters." The

girl cried very sadly . !

"Little girl, don't cry, where do you live, we will take you back!"

Seeing the little girl crying very sadly, David took the risk of hunting monsters to see a doctor for his grandma, so he decided to send the little girl Girls go home!

"My family lives in Dashi Village not far away!" The

little girl pointed to the west and said!

"Okay, let's go now!" After David finished speaking, he glanced at Hu Mazi and said, "Master Hu, you carry this monster's corpse on your back."

"Why should I carry it?" Hu Mazi was stunned!

"Who told you to scare people to tears, of course you recited it..."

David said with a smile!

Hu Mazi rolled his eyes, he could only reach out and pick up the corpse of the monster beast!

"Master Hammer, let's send this little girl back first, and then go to Qingniu Peak!"

David said to Master Hammer.

"Hey..." Master Hammer sighed, "I stopped you not because I was cruel, but because you know too little about the world of heaven and man."

"You know what is the most terrifying thing in the world of heaven and man? Is it?"

"The most terrifying thing in the world of heaven and man is neither the demons nor the demons. The most terrifying thing is the human heart. Many people often die not at the hands of demons or demons, but at the hands of their closest relatives. "

"You must know that in the face of absolute interests, there is nothing that cannot be betrayed. Human beings are far more terrifying than demons and monsters."

"Master Hammer, you are too alarmist, although some people are very bad , but I feel that there are still a lot of people, let's send the little girl back first." After David finished speaking, he let the little girl lead the way and went straight to Dashi Village.
