Chapter 2478

"Who is looking for me?" David was very puzzled, who is looking for him, and there are important things.

"He said his name was Yu Qian, and he was from the secret realm of Tianmen. I asked him to leave his address so that we could find him when you came back, but he left without leaving."

Long Xingxu said!

"Yu Qian?" David was startled, he didn't expect how Yu Qian left the secret realm and came to the secular world to find him?

You must know that it is very painful for these monks to leave the secret realm and come to the secular world. They will be suppressed by the laws of heaven and earth, and in severe cases, their strength will retreat!

Moreover, Yu Qian is a member of the Purple Robe Envoy of Demon Heart Sect. David knew all about it. He couldn't understand why Yu Qian came to the secular world to find him?

And that important thing, what exactly is it?

David couldn't figure out what Yu Qian's purpose in looking for him was!

But no matter what the purpose is, since Yu Qian dared to come to him, there must be something wrong.

"Xingxu, pay attention, if Yu Qian comes again, notify me immediately!"

David urged Long Xingxu!

"I understand!" Long Xingxu nodded and left!

Just as Long Xingxu had just left, Ge Fuhai came over in a hurry. After seeing David, he said anxiously, "Mr. Chen, the old Ge clan has been looking for you. After I heard you came back, I immediately looked for you." Here you come, come with me quickly."

"The Ge clan keeps looking for me, what's the matter?" David didn't expect that so many people would look for him during the time he was away!

"I don't know either, the old Ge clan is waiting for you in the secret realm." Ge Fuhai said!

"Okay, let's go to the secret realm to find him."

After David finished speaking, he took out the 90,000-mile mountain and river map, and directly passed the 90,000-mile mountain and river map to teleport himself and Ge Fuhai to the Huomen secret realm!

After seeing Ge Cangsheng, Ge Cangsheng immediately went up to meet him, and said to David, "Mr. Chen, something big happened in the Eight Great Secret Realms."

"What's the matter? Did people from other secret realms come to attack the Huomen Secret Realm?"

David now Only the purple-robed envoys in the Fire Gate Secret Realm and Leimen Secret Realm were eliminated, and there must be purple-robed envoys from the Demon Heart Sect in the other six secret realms!

That's why David thought that these purple-robed emissaries brought people to attack the Fire Gate Secret Realm through the teleportation array!

"No, now except for our Fire Gate Secret Realm and Thunder Gate Secret Realm, there is no one in the other secret realms. They all disappeared, and I don't know where they went."

"I suspect that there will be some kind of conspiracy for these people to suddenly disappear. "

Ge Cangsheng said to David!

"What? Disappeared? All disappeared?"

David was surprised, wondering why people from other secret realms suddenly disappeared?

You must know that these people are all monks, and their strength is not low. Yu Qian, who is in the secret realm of Tianmen, may have surpassed the peak of transformation.

With so many masters, how could they disappear all at once?

Where did these people go?

"Could it have something to do with Yu Qian looking for me and disappearing from the secret realm with them?"

David frowned, muttering to himself, he felt that Yu Qian's sudden search for him must have something to do with the disappearance of several other people in the secret realm!

"Mr. Chen, did Yu Qian look for you?"

Ge Cangsheng asked in surprise.

David nodded, "He went to the secular world to look for me, but I was not there at the time, so I don't know what Yu Qian is looking for me for."

"It's so strange, so Mr. Chen should be careful in the future."

Ge Cang Sheng exhorted David!

"I see!"

David left from the secret realm of Huomen, just returned to Kyoto, and was stopped by Xing Jun before he entered Longmen!

"David, Mr. Shi invites..."

Xing Jun said to David!

David only felt that his head was getting dizzy for a while. He had just come back, and he hadn't had a formal rest for a few days, but he was being looked for one after another!
