Chapter 2479

Although David was a bit annoying, but Mr. Shi was looking for him, and David had to go!

Besides, Mr. Shi said that he himself has one month to live, and now it will be one month soon. David also wants to see Mr. Shi's situation!

Following Xing Jun to the Guardian Pavilion, David entered Mr. Shi's office, and Xing Jun left wisely!

"Sit down..."

Seeing David coming, Mr. Shi said.

David carefully looked at Mr. Shi's eyes, and found that Mr. Shi's complexion was very good, and the breath on his body was also very stable. He didn't look terminally ill, and Mr. Shi didn't look like a dying person.

"Mr. Shi, you look good and you are not injured. It will be a month soon. You should be fine, right?"

David asked Mr. Shi.

Mr. Shi smiled and said, "Who told you that I died of illness?"

"I didn't die of illness? Then how did I die? With your current skills, I am afraid that no one in the secular world is your opponent, let alone someone who can kill you." Right?"

David asked.

"Haha, no one in the secular world can kill me, but my fate should be doomed, and God will take me away at that time."

Mr. Shi laughed!

Seeing that Mr. Shi was about to die, David could still laugh, and he didn't look scared at all, so he felt very puzzled!

"Mr. Shi, since you know when you will die, can you change your fate against the sky? You won't go anywhere that day, can you?"

David asked.

Mr. Shi shook his head, "That's my destiny. If I don't die, my life will be ruined. Others will die. Sometimes our own lives cannot be controlled by ourselves."

David was speechless for a while. I can't figure it out, what is the fate that Mr. Shi said?

Why would Mr. Shi's life be ruined if Mr. Shi didn't die?

Seeing that David was silent, Mr. Shi hurriedly changed the topic. He didn't want this heavy topic to affect David's mood!

"You just came back from the world of heaven and man?"

Mr. Shi asked.

David nodded, and then asked in surprise, "How do you know that I went to the Celestial Realm?"

" It's too easy to see the strength."

Mr. Shi laughed loudly!

David looked at Mr. Shi suspiciously. The more he looked at Mr. Shi, the more frightened he became!

Mr. Shi is obviously in the secular world, even if Mr. Shi is very powerful, how can he know so many things about the world of heaven and man?

"Mr. Shi, how do you know these things about the world of heaven and man? And you even know about phosphite?"

David asked his own doubts!

Mr. Shi smiled slightly, "I am too familiar with the world of heaven and man, even every plant and tree in the world of heaven and man, I know it like the back of my hand."

Hearing Mr. Shi's words, David was stunned!

"You... Are you from the world of heaven and man? But why did you come to this secular world from the world of heaven and man?"

David asked.

At this time, Mr. Shi smiled, and did not answer David, but said, "Seven days later is the day when the spirit recovery array will start. You have to be prepared. Some things are not the time for you to know. When you can look down on the world, maybe you will be able to see things that you can't see now..."

Mr. Shi's words made David fall into deep thought. He felt that he was walking step by step, no matter who he was. No matter how hard you work, how powerful you become, but in front of Mr. Shi, you are still weak, and you still have to be under Mr. Shi's protection!

For such a long time, David never knew who Mr. Shi was, not even Mr. Shi's name!

Mr. Shi is both familiar and unfamiliar to David, but Mr. Shi's care for David is real.

After chatting with Mr. Shi for a while, David left the Guardian Pavilion and returned to Longmen!
