

A Man Like None Other

Novel

Chapter 2488

The demon envoy knew that if David died, he might not be able to survive. He didn't want to die!

The revival of spiritual energy is just around the corner, what he has been waiting for is this day, when they will be able to do whatever they want in the secular world, so he doesn't want to die now!

"It's okay, you go first..."

David said calmly!

Seeing this, the demon envoy could only rely on the mark of the Demon Heart Sect on his body to pass through the formation!

This time, David walked into the formation, but he didn't seem to disappear.

After David stepped into the formation, the scene in front of his eyes changed instantly!

At this moment, what David saw was actually Sonya and the others. Sonya and the others were standing quietly in front of the stone statue, everyone's expressions were very calm!

Soon, they were sucked into the body of the stone statue, and then there was thunder, lightning and thunder, and countless purple lightning bombarded the stone statue!

Seeing this scene, David became impatient and shouted at Sonya desperately...

But in the eyes of the demon envoy, David was yelling like a fool at this time, he knew that David was Bewitched by the formation, but he can't do anything, only rely on David to get out!

At the same time, in the secret realm of Dao Dao Sect, Da Neng led everyone from the Demon Heart Sect to stand neatly in front of the towering stone statues, and within these stone statues, Sonya and the others with special physiques had all been sucked in!

"Now we just need to wait for that David to arrive, and then the spirit energy recovery formation can be activated, and then the whole secular world will be ours..."

Da Neng said excitedly!

Yu Qian and his six purple-robed envoys stood behind Da Neng, not daring to speak. At this time, the six people were very anxious, wondering if David had rescued their family members!

"Da Neng, do you want me to catch that David now?"

Beside Da Neng, Ning Zhi said with a high-spirited face!

At this time, Ning Zhi has reached the peak strength of the Transformation Realm. As long as the spiritual energy recovery array is activated this time, he will be able to break through the Transformation Realm and reach the strength of the Composite Realm. At that time, he will be a real half-immortal body. Coupled with his special physique of the Flame Demon Physique...

Ning Zhi has already thought of the picture of him traveling in the fairy world. He never thought that he was once an ordinary warrior, but now he can become a god...

But what Ning Zhi didn't know was , the road to immortality is extremely difficult, even if you reach the state of integration, you have only passed half of the road to immortality, so you are called a half-immortal, and the road to immortality is the most difficult and cruelest!

After crossing the catastrophe and reaching Ascension, the resources needed for every small realm are immeasurable, whether it is a monk in a secret realm, or a cultivator in the world of heaven and man, or even a cultivator in other space worlds. More than ten million!

However, there is no one in a million who really ascends to the immortal world. Even if they reach the final ascension state, thousands of monks will die tragically on the way to ascend to the immortal world!

Ning Zhi is only at the peak of the transformation realm at this time, and it is ridiculous to think of the scene when he became a god.

Da Neng glanced at Ning Zhi, and then said lightly, "Don't catch him, I believe he will come soon, with David's character, it is impossible for him to ignore his girlfriend."

"Yes, yes Yes, then David will definitely not ignore his girlfriend, he will definitely come by himself, let's wait..."

Yu Qian quickly echoed!

At this time, they can only delay and give David enough time to save their family!

Da Neng looked back at Yu Qian, and smiled meaningfully, but there was nothing.

It was Da Neng's smile that made Yu Qian startled, and a cold sweat broke out on his body!

He saw that powerful eyes seemed to be able to see through everything, which made Yu Qian nervous!
