

# A Man Like None Other Novel

## Chapter 2501

Seeing the old man who appeared, everyone was taken aback for a moment, none of them thought that the great power of the Demon Heart Sect would be a kind-hearted old man!

Even the Demon Envoy was surprised, he had followed Da Neng for many years, and this was the first time he saw Da Neng's appearance!

"Mr. Shi, this...what the hell is going on?"

David was completely confused. It seemed that Mr. Shi knew the great power of the Demon Heart Sect, and he could even call out his name.

Also, what Mr. Shi said was a hoax, what is going on?

"Don't you understand yet? Who set up this so-called spirit energy recovery formation?"

Mr. Shi asked David.

"It's under Wen Wen Zongbu." David replied!

"Don't you think it's strange that the great power of the Demon Heart Sect can be activated in the large formation set up by Wendao Zong?"

Mr. Shi said!

This time, David fell into a state of bewilderment, he felt that his brain was not enough!

But soon, David seemed to think of something, and instantly opened his eyes wide and looked at Wen Haotian, "He...is he the suzerain of the Daoist sect?"

David remembered the first time he came to the secret realm of the Daoist sect. Using the Wordless Heavenly Book, I saw the scene of Wendaozong!

At that time, Dao Dao Zong was peaceful, but people disappeared in the blink of an eye, but Dao Dao Zong had these stone statues, and this so-called spirit energy recovery formation!

Mr. Shi didn't answer David's words, but looked at Haotian and asked, "Is it worth it to sacrifice all the people from the sect, set up this big formation, and lay it out in the Demon Heart Sect for many years?"

"Of course it's worth it. It's my mission, you don't understand..."

Wen Haotian said!

"Mission?" Mr. Shi frowned slightly, and his face began to turn ugly. "You just let so many people be buried with you just for your mission and to save a damned person? Do you know how many people you killed?" ?"

Mr. Shi looked at the corpses on the ground, all of them died because of asking Haotian!

"You don't need to say any more, it's useless to say anything, some things will never be true, and some things you will never be able to stop!"

After Wen Haotian finished speaking, the originally clear sky instantly became extremely dark!

And in the sky, a cloud of black mist appeared, and this cloud of black mist slowly turned into a huge human face, where a pair of eyes shone with dazzling light!

When this face appeared, everyone felt an unprecedented crisis!

The big mouth of the human face opened slowly, and a copper coffin flew out of the big mouth. The moment the copper coffin appeared, the stone statues that were originally arranged on the ground began to shake violently!

Immediately afterwards, eight rays of light of different colors flew out from the eight stone statues in an instant, and then gathered in one place in the air, directly covering the copper coffin!

The colored light wrapped the copper coffin, causing the copper coffin to suspend in mid-air, and the eight stone statues slowly disappeared, and Sonya and the others all fell out of the stone statues!

“Yuqi...”

Seeing Sonya and the others fall out, David hurried forward to check!

However, Sonya and the others were not in any danger except that their breath was a little weak, which made David feel relieved.

“Mr. Shi, what...what’s going on here?”

David was puzzled, and he was in a daze right now.

Not only him, but everyone at the scene was dumbfounded!

Especially the Demon Heart Sect and Yu Qian, they all followed Da Neng after rushing to the spirit recovery formation, and those disciples of the Demon Heart Sect thought that Da Neng was their leader!

But in the end, this great power turned out to be a member of Dao Dao Sect, and all of them, members of Demon Heart Sect, were kept in the dark!

Especially the Demon Envoy, who had the most contact with Da Neng, now it seems that everything Da Neng said is false!
