### Chapter 2517

"Brother David, the place where we were robbed is just ahead, but I don't know if Ali and the others are still there!"

"But we can't go deep into the mountains, because there are many powerful monsters inside, and their strength is very terrifying!"

"But this kind of monster is also very expensive. Beast pills and beast meat can be sold for a lot of money."

"When I practice hard and my strength is high, I will go to the depths of the mountains to hunt and kill monsters for money. When the time comes, the people of Daqing Village will be trampled underfoot."

Zhu Zi looked serious, with longing in his eyes!

He yearns for strength, yearns to become a strong one day!

"When I'm healthy, I'll take you to hunt high-level monsters!"

David touched Zhuzi's head and said!

"Brother David, I heard from people in the village that you are a very strong man, and even the stone houses in our village can't trap you. Is it true?"

Zhu Zi looked at David and asked.

David nodded, "That's right, it's true..."

"Damn, brother David, are you really so awesome? You teach me how to practice, and I want to be as strong as you." After Zhu Zi finished speaking excitedly, he was very excited. The excitement on his face quickly disappeared and he said, "You are so strong, and you were almost beaten to death. It seems that you are not the strongest yet. I want to be the strongest!"

David smiled and touched the back of the pillar. The head said, "I believe in you, you will definitely become the strongest." The

pillar is small, and maybe he doesn't even know what the strongest is!

Zhu Zi took David for a while, then looked around, and looked at a tree carefully, then frowned and said, "That's right here, why is there no one?"

"Zhu Zi, What's wrong?" David asked!

"Brother David, Brother Ali and Sister Yun'er were arrested here, but now there is no one else, I marked it on the tree."

The pillar pointed to a mark on the tree and said!

"These people may have already left, have you taken them to Daqing Village?"

David asked.

"It's possible. If they are taken to Daqing Village, it will be troublesome. We won't be able to rescue them. We must give them spirit coins!"

Zhu Zi said with a melancholy face!

"Zhuzi, do you know where Daqing Village is?"

David asked.

"Of course I know, we will arrive here after passing through here and then around the hill, but when we reach Daqing Village, it will probably be dark."

"Besides, there are only two of us, even if we reach Daqing Village, maybe the two of us will be arrested too!"

Zhuzi said!

"Is there no shortcut to Daqing Village? Is there such a long detour?" David didn't understand why he took a detour to Daqing Village!

"Of course there is a shortcut, we can go directly through this mountain range, but the monsters in the depths of this mountain range are too powerful and dangerous, no one will go!" Zhu Zi said!

"It's okay, take me there. If it takes too long, Yun'er and the others might be in danger!"

David said confidently!

Zhu Zi looked at David, then nodded, and led David to the depths of the mountains!

As it continued to deepen, the aura of monsters around became stronger and stronger. Zhu Zi held a long knife in his hand, and his nervous forehead was covered with cold sweat!

"Zhu Zi, don't be so nervous, I will protect you!"

David saw that Zhu Zi was too nervous, so he comforted him!

But just after he finished speaking, he saw a demon wolf flashing past, Zhu Zi hurriedly bent his bow and set up an arrow to shoot, but was stopped by David, because David could see that the demon wolf was not coming for the two of them , and the wolf's mouth is full of blood!

It should be that the demon wolf was full and had no interest in David and the others, so they just passed by without attacking!
