Chapter 2529

David followed Ali and the others into the Baoan Hall. At this time, there were many people in the Baoan Hall asking for medicine. Behind a table of the Eight Immortals, a man in his thirties closed his eyes slightly, calmly Give people a pulse!

"Brother David, this person is Doctor Zhang..."

Zhu Zi whispered to David!

Looking at the miracle doctor, David was a little surprised. He didn't expect this miracle doctor to be so young, not a few years older than himself!

However, in this kind of place, he is called a miracle doctor, and his strength is probably not that strong.

Ali and the others waited in line at the back, and soon the people in front begged for medicine and left. Yun'er hurried forward and said, "Doctor Zhang, I want to ask you to heal my grandma's eyes. I have money now..."

Doctor Zhang opened her eyes. Opening his eyes, he wasn't surprised when he saw it was Yun'er. It seemed that he had seen Yun'er more than once!

"As long as you have money, not to mention healing your grandma's eyes, even if I can bring your grandma back to life, where is the money?"

Doctor Zhang asked Yun'er!

"Here..."

Yun'er hurriedly put the fifty spirit coins that she had just sold the wolf's corpse in front of Miracle Doctor Zhang!

Doctor Zhang looked at the spirit coin, but shook his head slightly and said, "Not enough money!"

"Doctor Zhang, this is fifty spirit coins. I told me that fifty spirit coins are enough."

Yun'er was full of surprise Said!

"That was the price a year ago, now at least one hundred spirit coins!"

Doctor Zhang said slowly!

When Yun'er heard this, she was dumbfounded. Someone else didn't want the fifty spirit coins, and then they made it up for her. Now it suddenly increased to one hundred spirit coins. Where would she find it?

"Doctor Zhang, you can't just keep your promises, can you? You clearly said that fifty spirit coins are enough!"

Ali said very dissatisfied!

"That was in the past, now I need one hundred spirit coins, if you don't have any money, then hurry up and don't affect my business!"

Doctor Zhang's face also became gloomy!

"Doctor Zhang, I beg you, please cure my grandma's eyes!"

Yun'er knelt down before that doctor!

Yun'er knew that if the genius doctor refused to agree this time, she didn't know when she would be able to save up to one hundred spirit coins!

But Miracle Doctor Zhang was indifferent to Yun'er's kneeling, without the slightest sympathy, maybe he has seen too many people who kneel down and beg for help!

"Yun'er, get up, this kind of pharmacist with no medical ethics is not very good, I think he is just exaggerating!"

David stepped forward to help Yun'er up, his eyes were full of disdain He glanced at the miracle doctor and said!

Seeing that David dared to say this about himself, Doctor Zhang stared at him and said, "Boy, are you here to find trouble? If you want to die, I will never let you walk out of Qingshi Town alive."

"Doctor Zhang calm down, I This friend is just talking nonsense!"

"Since the price of Miracle Doctor Zhang has risen, let's collect money!"

Seeing that Miracle Doctor Zhang was angry, Ali hurriedly explained that he knew Miracle Doctor Zhang's strength in Qingshi Town.

If Doctor Zhang said a word, they were afraid that no one would be able to get out of Qingshi Town!

"Hurry up and get out!" Doctor Zhang waved his hand!

Ali winked at David, telling David to stop talking and leave here with him!

But Yun'er didn't want to leave, she wanted to beg this genius doctor, but she was forcibly pulled out by Ali!

Everyone knows that this genius doctor regards money as his life, so how could he feel sorry for Yun'er!

But not long after David and the others left, a man walked out of a room behind Miracle Doctor Zhang, about forty years old, wearing a well-dressed suit.

After Doctor Zhang saw this person, he hurriedly got up and said, "Senior Brother, why are you here?"
