Chapter 2532

“Brother Ali, with Brother David here, we don’t have to be afraid of anything!”

Zhu Zi is not afraid at all, he has reached the point of blindly worshipping David!

“Let’s be careful, this trip will definitely be dangerous...”

David reminded!

David didn’t know why, the first time he saw Wu Feiyu, he felt that this person was a very ruthless person!

After walking for several hours, everyone entered the mountains, and the dense forest blocked the sunlight!

Although they entered the mountain range, everyone’s expressions didn’t change. After all, this is the edge of the mountain range. Even if there are monsters, they won’t be very powerful. They can handle it completely!

Along the way, Zhang Biao looked for opportunities to talk to Wu Feiyu all the time, but Wu Feiyu seemed like he didn’t answer!

“Who the hell is this guy? Miracle Doctor Zhang seems to be quite afraid of him. You must know that Miracle Doctor Zhang is also a famous figure in Qingshi Town. This guy doesn’t give face at all!”

Zhu Zi saw Zhang Biao in front of Wu Feiyu He said in a very puzzled manner with a low-spirited look!

"I haven't seen this person in Qingshi Town, his face is very raw..."

Ali looked at Wu Feiyu and said!

"This is Doctor Zhang's senior brother. Of course, Doctor Zhang is afraid of him..."

Just as Ali and the others were talking, a middle-aged man with a beard approached Ali and others and said!

Ali glanced at the middle-aged man with vigilance in his eyes. After all, he was always wary of people he didn't know in the interface of heaven and man!

The middle-aged man looked at the vigilance in Ali's eyes, and then continued, "My name is Hu Zhuang, from Jinle Village..."

"Are you from Jinle Village?" Zhu Zi stepped forward to look at Hu Zhuang and said, "Why are you here?" What about here? Didn't it mean that your Jinle Village was slaughtered by Daqing Village long ago?"

Hearing Zhuzi's words, Hu Zhuang looked sad and said, "I was slaughtered, but I escaped a catastrophe. I came back this time to take revenge."

Ali looked at Hu Zhuang in front of him, not as if he was Lying, so a trace of pity rose in my heart and said, "You are alone, how can you take revenge? I'm afraid you won't even be able to enter Daqing Village!"

"I want to take revenge even if I die. A bursting pill, I promised to accompany him to collect the medicine."

Hu Zhuang said!

Hearing Bakuhouwan, Ali and the others had a look of surprise on their faces, and David was also slightly moved!

Although Bakuhou Wan can quickly improve one's strength, it can only last for ten minutes, and then the whole person will explode like a bomb, leaving no corpses behind!

It seems that Hu Zhuang is determined to sacrifice himself for revenge!

"You just said that that person is Zhang Miracle Doctor's brother, what's going on?"

David asked Hu Zhuang.

"Yes, I haven't heard that Miracle Doctor Zhang has any senior brothers, and I haven't heard of any sects that Miracle Doctor Zhang has!"

Ali has dealt with Doctor Zhang several times, and he has not come to Qingshi Town once or twice. Never heard of it!

After Hu Zhuang looked around twice, he said in a low voice, "This man is Wu Feiyu, a member of the Jade Cauldron Sect. Dr. Zhang is a disciple of the Jade Cauldron Sect. It is Wu Feiyu who asked us to accompany us to go up the mountains to collect medicine." Doctor Zhang ordered by Yu, I heard that it is a fairy grass to be picked!"

David looked at Hu Zhuang, his face darkened slightly, and said, "How do you know this? Why did you tell us?" You

must know that some things are Secrets are not easily told to people, and in the world of heaven and man, people are unpredictable and people are suspicious of each other, how could anyone have good intentions?

Ali and the others also looked at Hu Zhuang, and unconsciously surrounded Hu Zhuang!
