

A Man Like None Other Novel

Chapter 2535 - 2538

Chapter 2535

"This is the territory of the demon wolf clan, everyone be careful..."

Zhang Biao exhorted loudly.

Everyone didn't dare to breathe, and quietly followed behind Zhang Biao and Wu Feiyu!

At this time, Zhang Biao and Wu Feiyu also began to have nervous expressions on their faces!

As the sky gradually darkened, Zhang Biao asked everyone to set up camp, and selected a few people to take turns to watch, and David was among the sentry.

After deciding where to set up camp, Wu Feiyu took out a cloth bag, which contained some white powder, and then sprinkled it around!

"Brother David, let me keep watch for you tonight, you should rest more!"

Zhu Zi offered to help David watch, after all, he must be tired after walking such a long distance!

David smiled slightly, touched Zhuzi's head and said, "You can rest, I'm fine!"

Ali and Yun'er also wanted to help David, but David refused!

Because David still wants to take advantage of the opportunity of sentry to observe around!

Although David's strength has not recovered, and his spiritual sense is not as strong as before, he always feels that there is a monster's breath following them!

After all, David has the power of dragon and phoenix in his body, and the power of this kind of beast is very sensitive to the breath of beasts!

After the dead of night, everyone fell asleep. After all, they were tired after walking so far. David stood quietly on one side, looking at one direction in the dark night!

Slowly, a monster wolf slowly began to approach the camp. David had already felt it, but he didn't make a sound, nor did he try to stop it!

Just as the wolf was approaching the camp, it suddenly stopped, as if it had discovered something terrible, it became agitated, and then turned around and ran back!

Looking at the white powder on the ground, David knew that the white powder must have played a role, so it seems that Wu Feiyu's medicine refining skills are not bad!

Not long after the demon wolf ran away, a figure appeared behind a big tree. When David saw this figure, he frowned slightly!

Immediately afterward, he walked towards the figure without hesitation, and the figure turned around and ran away.

In this way, David chased after him, but the figure did not run in front!

But he didn't run very far, the figure stopped, and David also stood not far from the figure, and asked in a low voice, "Who are you? Why do you have the breath of a monster?"

" Seeing the figure turn around slowly, the hair on his body instantly made David understand that the man in front of him was transformed from a monster!

Being able to transform from a monster into a human form shows that the opponent's strength is not low, and David's current strength is by no means able to deal with it, but David is not nervous either!

The power of the dragon and phoenix in his body is his magic weapon to restrain monsters. Even if he can't beat the opponent, it will be difficult for the opponent to hurt himself!

"Who are you? Why do you have the aura of human beings and the aura of divine beasts on your body?" The

other party asked David back!

But David didn't answer. After all, he didn't know the intention of the other party, so how could David reveal his identity!

David and the other party are not talking, just looking at each other!

There was distrust in each other's eyes.

At this moment, there was a sudden sound, followed by a flash of the man's figure, and he disappeared into the night instantly.

However, just as the other party left, he said in a secret voice transmission method, "My name is Lang Feng, and I will be looking for you..."

David wanted to ask the other party, but the voice of the mark came from behind him. You don't guard the camp, what are you doing here? Do you want to escape?"

David glanced at the sign, and then said lightly, "I'm just making things easier!"

Chapter 2536

After David finished speaking, he walked towards the camp, and the sign reprimanded him, "I tell you, this is the territory of the demon wolf tribe. Don't try to escape. If you leave the camp, you will definitely be bitten to death by demon wolves. It's your luck that you didn't meet the demon wolf!"

David ignored Zhang Biao, and after walking back to the camp, the figure of Lang Feng always appeared in his mind, he didn't understand what this guy wanted him for?

Could it be because of the divine beast breath on his body?

Looking at David, Zhang Biao didn't even pay attention to him, and there was a murderous intent in his eyes. You must know his status, which is not something villagers like David can blaspheme!

After the night passed, Wu Feiyu glanced at the white powder he had sprinkled, and said to everyone, "Who was on duty last night?"

At this time, several people who were selected stood up, among them was David!

"Did a monster come here last night?"

Wu Feiyu looked at several people and asked.

Everyone else shook their heads, only David nodded and said, "That's right, a monster has come to the camp!"

"What kind of monster is it?"

Wu Feiyu's expression was obviously a little nervous!

"It's the demon wolf. After approaching the camp, he was suddenly frightened and ran away!"

David said truthfully!

Hearing that it was a demon wolf, Wu Feiyu's expression relaxed a lot, but David was a little strange. This is in the territory of the demon wolf clan. Are there other monsters haunting it?

"Okay, bring your stuff, we're off..."

After Wu Feiyu finished speaking, he walked straight forward!

"Let's go..."

Zhang Biao waved his hand, leading the crowd to continue to go deeper.

From time to time, there would be the howling of demon wolves, and everyone's hearts were in their throats!

But not long after everyone was marching, Wu Feiyu frowned suddenly, making everyone stop quickly!

Immediately afterwards, breaths came from not far away, and then several figures appeared!

Everyone looked at each other in surprise, they didn't expect to see human beings here, ordinary hunting villagers would not come here!

And when Wu Feiyu and Zhang Biao saw the person coming, their expressions became more dignified!

“Wu Feiyu, you seem to be a bit late...”

A man with a short beard looked at Wu Feiyu and said with a faint smile!

“Ning Can, you seem to have just arrived here, right? You’re not much faster than me!”

Wu Feiyu said with a gloomy expression!

The man named Ning Can just smiled, then glanced at the people behind Wu Feiyu, and said slightly mockingly, “If you bring these people here, it is impossible to pick Agrimony at all!”

“Can you pick them?” , I won’t bother you, you must have come here for the Agrimony, so let’s see who can get the Agrimony!”

Wu Feiyu’s eyes were slightly condensed, and his eyes were full of hostility!

“You want to compare with me?” Ning Can smiled, and then said, “Let me tell you, neither you nor I can get the Agrimony, because I learned that the spirit beast guarding the Agrimony is a bloodthirsty beast. It’s not something we can deal with.”

Ning Can’s words shocked the people who followed Wu Feiyu in an instant, they only knew to follow to gather medicine, but they didn’t know what kind of medicine to pick or what dangers they would encounter!

But now they know that what they are going to pick is fairy grass, and there are bloodthirsty beasts guarding it. With these people, wouldn’t they come to die in vain?

Everyone's body was trembling slightly, but there was nothing they could do. They had already come here, and it was impossible for them to withdraw. Even if they did, they would not be able to get out of this mountain range!

Wu Feiyu felt the panic of the people behind him, he knew that Ning Can said this on purpose, so as to confuse the hearts of these people!

"That's because you can't deal with it. As for whether I can deal with it, you will know later!"

Wu Feiyu's eyes were full of confidence, and he did it to give confidence to the people who followed him!

Chapter 2537

But Wu Feiyu did already have a way to deal with that bloodthirsty beast, but it was impossible for him to tell Ning Can about this way!

"Could it be that you have a way to deal with that bloodthirsty beast?" Ning Can asked in surprise when she saw what Wu Feiyu said!

"I've said it before, don't worry about it, if you don't have the skills, then go back and save yourself from being buried here!"

After Wu Feiyu finished speaking, she led the crowd to continue walking forward!

Seeing Wu Feiyu lead people away, Ning Can's eyes were full of anger.

"My lord, what should we do?"

At this moment, a servant behind Ning Can stepped forward and asked.

"Let's follow, I want to see how the Jade Cauldron Sect can deal with bloodthirsty beasts!"

Ning Can followed directly!

When Wu Feiyu found out that Ning Can had brought someone to follow, he frowned tightly!

"Brother, this Ning Can is like a dog skin plaster, it's stuck to us, what should we do?"

Zhang Biao said to Wu Feiyu!

"Let him follow, I'll make him look good in a while..."

After Wu Feiyu finished speaking, she quietly changed her direction!

"Hu Zhuang, do you know those people just now?" David asked Hu Zhuang!

"Yes, the person speaking is the young master of the Ning family. In this area, the Ning family is also a big family, but it seems that the relationship with the Jade Cauldron Sect is not good!"

Hu Zhuang whispered!

"We have to be careful, it looks like there might be a fierce battle soon!"

David had already discovered that Wu Feiyu had deliberately changed his route, and it must be to lure Ning Can and the others who were following behind!

After the crowd walked for about a few hours, the roars of monster wolves began to sound around them, and the roars became louder and louder!

Waves of demonic wolf breath are like waves, sweeping in wave after wave!

Feeling the aura of the monster wolf group, everyone turned pale with fright, even Zhang Biao said nervously, "Senior brother, we... have we entered the encirclement of the monster wolf group?"

Wu Feiyu clicked. Nodded, "Yes, I walked in on purpose!"

Zhang Biao looked at Wu Feiyu in disbelief, but soon Wu Feiyu took out a cloth bag and explained, "I have wolf repelling powder here, which can drive away demon wolves. They will be attacked."

"I want Ning Can to be buried among the wolves!"

Zhang Biao finished speaking, and handed the wolf-repelling powder to Zhang Biao, "Distribute it and let everyone sprinkle it on their clothes!"

Zhang Biao nodded, then distributed the wolf-repelling powder, and told everyone to sprinkle the wolf repelling powder on their bodies!

"Brother David, what is this? Why did you ask us to sprinkle these things?"

Zhu Zi asked in confusion!

David smiled lightly and said, "If my guess is right, it should be wolf-repelling powder. The monster wolf will be stimulated when it smells the wolf-repelling powder, and then turn around and run away, so that it will not attack us!"

"Hearing this, he was surprised and said, "This is a good thing, I want to sprinkle some more..."

Soon, Zhu Zi became like a white man!

"My lord, we seem to be surrounded by wolves, what should we do?"

A servant beside Ning Can be asked nervously.

And Ning Can's eyes narrowed slightly, "Damn it, this guy walked into the pack of wolves on purpose.

"The white powder sprinkled on their bodies may be used to repel wolves, so what should we do?"

asked the servant!

"If the wolves attack after a while, we will rush into the crowd. These are some villagers with low strength. As long as we get entangled together, those white powders will definitely work on us!"

Ning Can whispered!

He knew that the white powder must be used to repel wolves, so as long as the wolves attacked, they would quickly rush into the crowd, and they could use the white powder on these people to drive the wolves away!

Chapter 2538

The people brought by Ning Can were already alert, while Wu Feiyu was staring at Ning Can closely!

Hundreds of demon wolves slowly appeared, walked out of the dense jungle, and surrounded them all!

Facing hundreds of demon wolves, everyone's expressions changed slightly!

Although he has fans of repelling wolves, when Wu Feiyu saw hundreds of demon wolves appearing together, his expression became extremely dignified!

"Brother, we...we..."

Zhang Biao was a little scared, and he stuttered!

"Don't be nervous, we have wolf repelling fans. If the wolves attack, we will rush out. With wolf repelling fans, nothing will happen!"

Wu Feiyu comforted Zhang Biao, and at the same time comforted David and the others.

If they want to pick Agrimony, David and the others are of great use, so Wu Feiyu won't let them die easily!

The reason why Wu Feiyu asked Zhang Biao to find so many people to accompany him in collecting medicine was not to protect him, but to use these people to deal with bloodthirsty beasts!

Wu Feiyu already knew that the spirit beast guarding Agrimony is a bloodthirsty beast, and he also has a way to deal with it!

When Ning Can saw hundreds of monster wolves staring at him, his body began to tremble slightly!

"Rush..."

Before the demon wolf could attack, Ning Can immediately led his people towards David and the others!

Ning Can knew that if these hundreds of monster wolves were to attack, they might have no chance!

Wu Feiyu didn't expect that Ning Can led someone to rush towards him, and immediately jumped up, blocking Ning Can in an instant!

If it wasn't for David and the others being useful, Wu Feiyu wouldn't care about their lives!

"Wu Feiyu, you deliberately led us into the wolves' siege, don't think that you can refine medicine powder and avoid the attack of monster wolves."

"I'm entangled with you now, I want to see if the demon wolf will attack again!"

After Ning Can finished speaking, a long knife in his hand suddenly slashed forward!

A ray of sharp edge cut out in an instant, and the speed was extremely fast, killing a villager under the knife in an instant!

Ning Can's attack was extremely fierce, without any hesitation at all!

Seeing this, Wu Feiyu took out a pair of scissors shining with golden light, and fought with Ning Can!

Seeing this, Zhang Biao jumped up and fought with the people brought by Ning Can!

For a moment, the scene was chaotic, and a scuffle began, while David pulled the pillar and Yun'er quickly retreated.

David didn't want to participate in this kind of meaningless melee!

Seeing that David didn't move, Ali and Hu Zhuang hurriedly backed away!

A large number of demon wolves in the periphery stared at David and the others, but none of them attacked!

Soon, several of the villagers who followed Wu Feiyu and the others died, which made Wu Feiyu feel distressed!

But at this time, Wu Feiyu followed Ning Can and was fighting to the death. The two were evenly matched in strength, and there was no way to tell the winner in a short time!

"Ning Can, if we continue to fight, we will become the prey of the demon wolf. Let's stop!"

Wu Feiyu said to Ning Can.

Upon hearing this, Ning Can made a feint to get out of the battle, but Wu Feiyu didn't make a move!

Ning Can also don't want to fight with Wu Feiyu at this time, if both sides fight to the death, in the end, even one of them will not even think about or leave, hundreds of demon wolves are no joke!

"Everyone stop..."

Ning Can and Wu Feiyu yelled at the same time, and everyone in the scuffle stopped!

"Ning Can, that agrimony is guarded by bloodthirsty beasts. If you don't have a way to deal with the bloodthirsty beasts, you won't be able to get the agrimony at all. I can give you wolf-repelling powder now, so that you can get out of the wolves' siege. Go back quickly." Go!"

Wu Feiyu said to Ning Can!
