

# A Man Like None Other Novel

## Chapter 2554

One must know that this is the Demon Imperial City, the territory of the orc race. Even if David was brought in as a human, he secretly came to Zangshu Pavilion in the middle of the night!

“Don’t get me wrong, I just...” When

David saw Huben, he wanted to explain to him, but before he finished speaking, Huben slashed at David with a knife!

David had no choice but to throw the book towards the tiger, and tried to escape with a flash!

“I still want to run away. If I let you run away, then my reputation as a general guard will be in vain.”

Seeing that David still wanted to run away, Huben roared angrily, and swung his knife at David again!

Huben has a prejudice against David in his heart. He doesn’t like human beings very much, and thinks that human beings are too scheming!

However, Princess Isa has a soft spot for human beings, and she always hopes that she can find a human husband!

It’s just because the beast race and the human race can’t marry, so Princess Isa restrained herself!

But today when Huben saw Princess Isa with David, the two of them were still walking side by side, talking and laughing, Huben was going to be pissed off!

So now that Huben found out that David had actually sneaked into the Library Pavilion, and looked through the books inside, he immediately found an excuse to clean up David!

Huben's attack was very ruthless as if to put David to death!

David has not fully recovered his strength now, and he is not his opponent of Huben at all. When he saw that Huben made an angry move, and it was a killer move, David could only rely on his flexible figure to keep dodging!

Swish...

Hu Ben slashed toward David's gate with a single knife, and the cold blade brought a gloomy and cold light to force David to go!

David wanted to dodge, but this time the tiger's speed was so fast that David couldn't dodge at all!

Seeing this scene, David could only grit his teeth, bursts of golden light appeared on his body, the indestructible golden body was activated, and golden scales covered David's whole body!

clang.....

David crossed his arms and directly blocked Huben's knife.

However, due to the huge force, David fell out in an instant and fell heavily on the ground. The indestructible golden body also shattered instantly, turning into a burst of golden light and dissipating!

The corner of David's mouth overflowed with blood. The difference in strength between him and that tiger was too great. Even with the non-destructive golden body protection, David was still injured!

"I didn't expect you, a small human being, to have golden armor. It seems that you are not a simple person. You must have a plan when you come to our Demon Imperial City!"

"I will kill you today, and see how you plan on us !" Demon Imperial City..."

After Huben finished speaking, he slashed at David!

David faced Hu Ben's sharp knife, and could only close his eyes helplessly, he knew that he couldn't resist this knife anymore!

But just when Hu Ben's knife was about to hit David, a ray of light suddenly flashed and hit Hu Ben's knife instantly!

Hu Ben's body shook, and he took a few steps back!

"Hu Ben, you are so brave, dare to do something to the guest I invited?"

I saw Princess Yisha came over angrily, and Elder Pei followed beside Princess Yisha!

It was Elder Pei who rescued David just now!

"David, are you okay?"

Princess Isa stepped forward and helped David up!

David gave a wry smile, then shook his head!

David felt very helpless at the moment, if it wasn't for the fact that his own strength hadn't recovered, how could he be so embarrassed by Hu Ben's subordinates!

"Princess, this kid sneaked into the Demon Emperor's library, and I caught him right away. He was sneaking through the Demon Emperor's library."

"I've said it a long time ago, human beings are insidious and cunning, and they are not trustworthy at all. This kid Peeking at the demon emperor's collection, there is definitely a plan!"

Huben said loudly to Princess Isa!

Upon hearing this, Princess Isa looked at David in surprise, her eyes full of inquiries.

"Princess Isa, I was just too bored in the room, so I came out for a walk, so I came here and read the books inside!"

"You brought me here by force, what do you think I will do?" What about the attempt?"

David could only explain to Princess Isa!

## Chapter 2555

It's just that David's explanation is a bit far-fetched, and Yisha still has a bit of disbelief on her face!

"Princess, the books in this library are all written in the language of our beast race, which humans cannot understand."

At this time, Elder Pei reminded in a low voice!

Hearing Elder Pei's words, Princess Isa came to her senses for a moment, and smiled slightly, "I believe you entered by accident, go back and rest quickly, don't walk around casually!"

"Thank you, princess!"

David nodded, and then went back up!

Huben looked at David's back, his face was full of anger.

"Princess, this guy is not a good person at first glance. Now that humans are cheating each other and doing all kinds of bad things, you can no longer be so close to humans!"

Huben said to Princess Isa!

Princess Isa frowned, her eyes narrowed slightly, "Hu Ben, are you teaching me a lesson?"

"Hu Ben dare not..." Feeling the anger on Princess Isa, Huben lowered his head!

"Pay attention to your own identity!"

Princess Isa's face was cold, "Take your people away..."

Huben didn't say anything, and left with the guards!

"Princess, although David doesn't seem to be strong, he doesn't pose any threat to our Demon Imperial City, but I still think it's better not to let him stay here for a long time!"

After Hu Ben left, Elder Pei said to Princess Isa !

"Well, the father is back, and after seeing him, I will send him away!"

"I just don't know if the father will come back tomorrow, and he left in such a hurry, is there something important?"

Princess Isa nodded and said. .

"Princess, the Demon Emperor went out of the city to invite a famous doctor for the daughter of the veteran, and he will be back tomorrow."

Elder Pei said!

Princess Isa was slightly stunned when she heard this, and then she smiled slightly and said, "Well, Elder Pei, go to rest early, and don't worry about it anymore."

"Since my father is here personally, I believe that he will be able to find a pharmacist with excellent medical skills .", heal your daughter."

Princess Isa said to Elder Pei.

"The kindness of the demon emperor and the princess to the veteran, the veteran will never forget..."

Elder Pei's eyes began to moisten!

His own daughter got a strange disease and was bedridden all the time. He also sought out many pharmacists, but none of them could be cured!

Now the Demon Emperor personally invited the pharmacist, which made Elder Pei very grateful!

Elder Pei left, but Princess Isa did not leave, but turned her head slightly to the side, and said in a slightly angry voice, "Come out, I trust you and let you leave, I didn't expect you to come back again?"

After Princess Isa finished speaking, David's figure slowly walked out from the dark corner, embarrassment was written all over David's face !

David did leave just now, but his inner curiosity about the beast race made him sneak back again!

David has read a book about the Beast Race. The things recorded in the book can be regarded as opening up some unknown things for David, but what is recorded in this book is only the tip of the iceberg of the Beast Race!

David still wanted to know more, so he came back and wanted to read a few more books again, but he was discovered by Princess Isa!

"Princess Isa, I'm just very curious about your orcs. I want to get to know you better. There is absolutely no malice."

David said sincerely!

When he was in the secular world, all David encountered were monsters that hadn't transformed yet, and there was no beast culture to speak of!

But here, the orcs have their own culture and ideas, just like humans, and have built their own cities, which makes David eager to understand the orcs!

"I don't care if you are really curious or have other plans, if I see you coming out of the room, don't blame me for being rude!"

Princess Isa began to have murderous intent in her eyes!
