

# A Man Like None Other

## Novel

### Chapter 2253

David can be sure that this old man is definitely not fast, but teleportation and instantly moved in front of him. This should use space magic, but he can use space magic to such an extreme, David is nervous at this time. up.

The old man looked at David, and with a slight lift of his palm, David's body began to suspend uncontrollably. In front of the old man, David found that he had no power to fight back!

He really couldn't figure out what kind of strength this old man had to be so powerful!

"You have a beautiful body, but I want to taste your fresh meat..." The

old man sneered, while David felt that his breathing was starting to become difficult!

David struggled with his hands, trying to get rid of the bondage!

But when David was struggling, the old man suddenly froze, the sneer on his face also froze, his eyes staring at the Tianlong ring in David's hand!

David glanced at the expression of the old man, and then looked at his Tianlong ring, a little surprised in his heart!

Could it be that this old man is also a member of his Heavenly Dragon Palace?

But just when David had this idea, he only felt his body loosen, suddenly got rid of the shackles, and fell to the ground!

And the old man knelt in front of David with a look of fear.

“Old slave Qu Yunchang, I don’t know if the hall master is here, sin deserves ten thousand death, sin deserves ten thousand death...” The

old man knelt in front of David, his face was terrified, and his whole body was shaking slightly!

David looked at the old man kneeling in front of him, and was a little stunned for a while. Even if he had a Tianlong ring and was the master of the Tianlong Palace, Qu Yunchang didn’t need to be so afraid of himself, right?

With David’s current ability, this Qu Yunchang can defeat David with a wave of his hand, why should he tremble with fear!

“You are also a hall of the Tianlong Temple?”

David asked Qu Yunchang tentatively.

Qu Yunchang nodded and said, “Yes, the old slave has been waiting for the hall master here for more than 20 years...”

“Get up!” David asked Qu Yunchang to get up, and then continued to ask, “Are you alone on this island? You are the only one in this hall?”

David knew that there were thirteen halls in the Tianlong Temple, but each hall was a group of people, and Qu Yunchang alone could be regarded as a hall!

“Palace Master, I’m the only one on this island, but I’m not just myself, I also have a bunch of subordinates!”

After Qu Yunchang finished speaking, a strange sound came out of his mouth!

David heard this voice in the sea, and was chased by those monsters at that time, and it was because of this sound that those monsters left!

With the voice from Qu Yunchang's mouth, a stormy sea broke out on the sea!

Immediately afterwards, monster beasts poked their heads out of the sea, and some monster beasts jumped up from the sea.

David looked at the dozens of monsters in the sea, his face full of shock, and then asked, "This... these are all your subordinates?"

"Yes, but now it should be the palace master's subordinates, these are my two men. For more than ten years, the monsters have been tamed here."

Qu Yunchang said.

This time, David's face was full of embarrassment, and he killed the monsters for a long time, and all of them were his subordinates. Didn't the goddamn flood flood the Dragon King Temple, and the family didn't recognize the family!

Qu Yunchang seemed to see David's embarrassment, so he said, "Palace Master, these monsters belong to you. If you need to cultivate, I can let them spit out all the beast pills..."

"No, no... "

David waved his hand quickly, these beasts are combined together, David knows that he can't help himself improve much!

But with such a group of monsters at the Martial God level, wouldn't it be majestic and majestic if they had to make a circle at sea!

"Palace Master, I'll pass on the method to control these monsters to you..."

With that, Qu Yunchang told David how to control the monsters!

And David couldn't wait to start the experiment, and found that those monsters were really obedient, which made David very excited!

## Chapter 2254

"Qu Yunchang, what state are you in now? If you are asked to deal with those families in the hidden world, can you be sure?"

David wanted to know what kind of strength Qu Yunchang was, so that he had no power to fight back!

Now that those guys in the hidden world are chasing him, then David will find a way to destroy them all!

"Back to the hall master, the old slave is now the eighth-rank Martial Emperor. To deal with those families in the hidden world, as long as they don't unite, the old slave will not take them seriously."

"And if those hidden world families dare to come to sea, Even if they unite, the old slave is not afraid at all!"

Qu Yunchang said to David.

When David heard this, he was immediately shocked. No wonder he couldn't take a single move in front of Qu Yunchang. It turned out that he was an eighth-rank Martial Emperor. There are more, David is only a third-rank Martial God now, but if he fights against the newly promoted Martial Emperor, he can!

But in the face of the eighth-rank Martial Emperor, David has no power to fight back!

Fortunately, this Qu Yunchang was his subordinate, otherwise he might have died here today!

"It seems that if you suddenly transform into a realm, you will become an immortal cultivator. Can you rely on the spiritual energy of heaven and earth to cultivate and generate spiritual power in your dantian!"

David asked Qu Yunchang.

But who knew that Qu Yunchang shook his head slightly and said, "The hall master doesn't know, it's not that there is spiritual power in the body, it's the immortal cultivator, and the immortal cultivator also has the distinction of refining the body and qi, but there are two kinds of talent. Cultivating at the same time!"

"The breath produced by body training is strength, and the power radiated through the muscles and joints of the body is called pure power.

"The power is stored in the dantian, and when needed, the spiritual power can be concentrated in one place and shot out."

"Just like the current martial artist and immortal cultivator, in fact, the two have the same goal, and the ultimate goal is to ascend to immortality!"

"So even if it was me who broke through the realm of transformation, and even if I ascend to immortality in the future, I don't necessarily need to rely on the spiritual energy of heaven and earth to cultivate."

"I don't know if the hall master can understand..."

Qu Yunchang followed David to explain, and David also listened in a foggy way, as if he understood, but at the same time he didn't seem to understand!

Seeing David like that, Qu Yunchang smiled slightly and said, "Palace Master, let me explain to you like this, even if the spiritual energy of heaven and earth is lacking, even if there is no spiritual energy in heaven and earth, I can still rely on cultivation to become an immortal..."

Qu Yunchang said this, David suddenly realized that it turned out that a warrior who broke through the realm of transformation would not necessarily change his cultivation method and cultivate by relying on the spiritual energy of heaven and earth.

If there is a lot of spiritual energy, it would be good to practice with the spiritual energy of heaven and earth, but if there is a lack of spiritual energy today, then it seems that this kind of cultivation method like Qu Yunchang is more suitable!

At this moment, Hu Mazi and the others came over, and they were directly blown to the other end of the island by the terrifying force just now!

Because they were worried about David, several people hurried over!

"My name is David, don't call me the hall master, just call me Mr. Chen."

Seeing Hu Mazi and the others coming, David hurriedly told Qu Yunchang.

David doesn't want people to know about the Tianlong Temple, because David himself has not figured out what kind of organization this Tianlong Temple is!

Hu Mazi and the others ran over, originally thinking that David would have a fierce battle with Qu Yunchang, but when they saw the two standing together as if they were chatting, they were all shocked!

"Master Hu, Brother Liu, let me introduce to you. This is an old song, so I don't know each other..."

David hurriedly followed Hu Mazi and others to introduce him to avoid any misunderstanding!

"I offended a lot just now, please include more..."

Qu Yunchang hurriedly followed Hu Mazi and the others to apologize!

And when a few people saw a top expert like Qu Yunchang, they even took the initiative to apologize, and they were all a little stunned.
