

A Man Like None Other Novel

Chapter 2333

"Stop bragging, I have been dumped into the sea, and turned into a pile of bones..."

David followed the old man and started bickering!

"You... You baby, you are so short-sighted. If I didn't see you with dragon veins, I wouldn't bother to talk to you." The

old man was very angry.

"Then since you know that I have dragon veins, do you know who I am? Who is my father?"

David wanted to find out about his father from the old man!

"I can tell that you have dragon veins. How can I know who your father is. If I can be resurrected, I can help you deduce the secret and know your father's identity." The

old man said!

When David heard it, he was another guy who didn't know anything, so he stopped talking and could only quicken his pace!

But just as David passed through the mountainside, two people suddenly appeared in front of him. Judging by their clothes, they should belong to a certain sect in the hidden world!

Although David had some problems with the Flying Star Sect and the Tianlei Sect, he had nothing to do with other sects and had no grudges, so after seeing these two people, David planned to go around and continue walking!

But those two people stretched out their hands and stopped David!

One of the short men looked at David with excited eyes, and said with a faint smile, "I never expected that luck would fall on us two brothers."

David looked at the short man with uneasy eyes. With a look of good intentions, he frowned and said, "Who are you two? We seem to have no grievances, right?"

"Three years of resources will take your head, so don't expect to be able to get out of here!"

"If you obediently stretch your head over, you will suffer less pain, or don't blame us for being rude..."

The short man slowly drew out his long knife, and looked at David as if seeing a treasure!

David was startled, and his body backed up involuntarily. He didn't expect that Leng Wudao would offer such a high reward in order to kill him!

From this point of view, even Yue Buqun couldn't stop it, after all, it is impossible for the Pure Yang Sect to follow all the sects in the Yin Realm as enemies!

David looked at the two men in front of him, both of whom were fifth-rank Martial Gods. If David's strength had not been suppressed, these two guys would not be put in David's eyes at all!

But now that David's strength has been suppressed, it might be impossible for him to deal with these two men!

David kept thinking, what he can use now is the Dragon Slaying Sword. The Dragon Slaying Sword already has the sword spirit and can attack independently, so it doesn't need David's control!

However, the Dragon Slaying Sword is okay against one person, but it is impossible to deal with two masters of the fifth-rank Martial God realm!

"If only the Flaming Tiger was here..."

David began to miss the Flaming Tiger. If the Flaming Tiger didn't die, he wouldn't have to be so afraid when facing these two guys!

The short man saw that David was still not moving, so he swung his knife and slashed, and a bright light burst out. This sharp blade swept across the void and roared toward David!

David gritted his teeth, desperately burst out a wave of spiritual power, and then protected his body!

Boom...

The knife slashed at David's body fiercely, and David was instantly sent flying, with a bloodstain on his tough body!

"This kid's physical body is really strong, and this knife only cut a bloodstain."
The

short man was a little surprised!

"I hope his neck isn't so hard, or else I'll make a few more cuts..."

The tall man also pulled out his knife!

The two faced David, with sneering smiles on their faces, and walked towards David step by step.

Chapter 2334

"You two get out now, I can spare your life..."

David looked at the two of them coldly and said.

The two of them were taken aback for a moment, and then they laughed loudly, "Are you crazy? With your current state, you still want to kill us? I will send you on your way with a random knife now!"

Saying that the short man stabbed at Let David cut it off!

After knowing that David was no threat, the short man became careless. In his eyes, David was like a fish on the chopping board, ready to be slaughtered at any time!

Seeing this, David put his fingers together, and suddenly waved his fingers, a burst of golden light shot out, and then the dragon-slaying sword fell from the sky, and the green edge of the sword flew down like a galaxy waterfall!

The short man was taken aback for a moment, and then he felt bursts of killing intent coming from the top of his head. The terrifying killing intent made his heart tremble immediately!

Looking up, I saw sword lights falling from the sky all over the sky. This sudden change made the short man's face change and he became flustered!

He never thought that David, who was not threatening, could emit such a terrifying killing intent!

He finally knows now that David is not as weak as he saw!

“Chop...”

With a wave of David’s palm, the dragon-slaying sword directly slashed at the short man’s head!

David knew that he wanted to take advantage of the opponent’s carelessness, make a quick decision, and kill the opponent directly!

Otherwise, even with the Dragon Slaying Sword, there is no way to deal with the two people in front of him!

Seeing this, the short man swung the long knife in his hand, trying to block the sky-filled sword light!

Swipe...

A golden glow instantly passed through the short man’s body, and the short man let out a scream!

Although his head was not severed, one arm of the short man was instantly chopped off to the ground!

The short man withdrew quickly, followed by Zhanlongjian to distance himself!

And the tall man looked at David in shock, he didn’t expect David to have the ability to control treasures. The sword directly chopped off the short man’s arm!

From this point of view, it is not that David has no strength and is being slaughtered by others!

The short man hurriedly stopped the bleeding, and then looked at David in shock, his eyes full of disbelief!

“So you’ve been pretending all this time, you’re not injured at all...” The

tall man felt cheated, David was not injured at all, and his strength was definitely above them!

"I never said that I was injured. You always think that way."

David sneered coldly, then waved his hand, and took the Dragon Slaying Sword in his hand, which exuded a terrifying aura. The point of the sword pointed at the two people and said, "Don't you want to exchange my head for resources? You can do it now, but I'm afraid that you don't have the ability..."

David pretended to be calm, looked at the two with disdain and said!

Seeing David's calm expression and the extremely terrifying sword just now, the two of them began to back away slowly!

"This is all a misunderstanding. We have no grievances and no enmity. Why bother to fight each other with death? Let's say goodbye..." After the

tall man finished speaking, he stepped forward to help the short man and turned away!

Seeing the two people leave, David breathed a sigh of relief, then turned around and left!

At this time, David's forehead was already covered with sweat. If the two of them did not retreat just now and attacked together, even with the Dragon Slaying Sword, David would definitely die!

Now that the two of them are scared away, David wants to leave here as soon as possible, maybe he will run into other people again soon!

David began to quicken his pace and started running continuously, but the two people who were one tall and one short seemed to have thought of something after turning around and leaving!

“Senior brother, that’s not right. The terrifying aura just now seemed to be emanating from the sword, not from David’s body.”

“Maybe this David was really injured and his strength was greatly reduced, but his sword should be a spirit sword. The sword spirit has formed, so he can fight independently.” The

short man analyzed.
