Chapter 2341 – 2342

Chapter 2341

If you can hunt some monsters and take out the beast pills, it will be of great help to the development of the gang!

At this time, there are three sects and six sects in the hidden world, except for the Chunyang sect, the other sects gathered together.

“Everyone, we have almost explored this secret realm now. The resources and environment here are hundreds of times stronger than those in the Hidden Realm, and there are high-level monsters everywhere on this mountain. If we can work together to hunt some monsters Beast, then our sects will be able to develop rapidly.”

“At that time, we people will be no worse than those monks in the eight great secret realms. We can also become immortals and Buddhas, ascend to the heavens, and live forever...”

Tong Haiyang said excitedly!

“Tong Gangzhu is right. There is such an entrance to a secret realm suddenly appearing in our hidden world, and it is an unowned secret realm. This proves that the heavens have given us an opportunity, and we must seize it.”

"However, facing so many high-level monsters , we must work together, as long as we work together, this secret realm will be our base camp, if anyone dares to seize our secret realm, we will never allow it!"

Leng Wudao got up and said in agreement.

"Master Tong, Master Leng, we in the Hidden Realm are going forward together, so you can just say something to do what you need to do!"

"Yes, anyway, this secret realm is big enough for our sects to survive. "

"In the future, we can practice with peace of mind and don't have to worry about resources anymore!"

Everyone echoed Tong Haiyang and Leng Wudao!

"Then what about the Pure Yang Sect?" At this moment, Bao Yukun from the Alchemy Sect spoke!

Everyone was silent. After all, Chunyangzong can be regarded as one of the three sects and six sects in the hidden world. It is a difficult problem for the sect to arrange Chunyangzong!

"I'll show the Alchemy Sect to find a place in a corner and let them settle down. If they don't want to be in the secret realm, let them get out and let them stay in the hidden world!"

Someone suggested!

"Let the Pure Yang Sect get out and return to the Hidden Realm, the resources in this secret realm cannot be distributed to them!"

Another person said!

Most of these people's suggestions were to drive the Pure Yang Sect out of the secret realm and let them return to the Hidden Realm. After all, if one of the Pure Yang Sects leaves, others will be able to get more resources!

Leng Wudao listened, then waved his hand to calm everyone down and said: "Everyone, although we have this secret realm, we must not lose the territory of the hidden world!"

"If people in the eight great secret realms know about our secret realm, , They come to snatch our secret resources, with our current strength, there is no way to deal with it."

"So we have to prepare with both hands, and we must not lose the territory of the hidden world. If people from the eight great secrets really come to rob our secret resources, we You can also retreat to the hidden world, they dare not go out of the secret realm."

"But if we drive the Chunyang sect out now and let them return to the hidden world, wouldn't all the territory in the hidden world become the pure Yang sect ?" All?"

"If we really encounter danger in the secret realm, where else can we retreat? After retreating to the hidden world, who can guarantee that the Pure Yang Sect will not retaliate against us?"

Leng Wudao carefully analyzed to everyone!

"What Chief Leng said makes sense, since that's the case, how do you say this Chunyang Sect will deal with it?"

Someone asked Leng Wudao.

Leng Wudao scanned around, then narrowed his eyes slightly, and said murderously: "Kill..." Following

Leng Wudao's killing word, everyone fell silent!

Although the three sects and six sects of the hidden world often intrigue, they fight secretly for the benefit of resources!

But if you really want to directly do the kind of thing that destroys the sect, you have never thought about it like this!

Now that Leng Wudao said that he wanted to destroy the Pure Yang Sect, everyone didn't know how to answer for a while!

Chapter 2342

"I think the method of Chief Leng is very good. Since there is a gap between Chunyangzong and us, we must get rid of it. It will be a disaster to keep it!"

"And destroy Chunyangzong After the sect, everyone can share all the resources of the Chunyang sect."

Tong Haiyang spoke up, supporting Leng Wudao's method!

Seeing that Tong Haiyang also opened his mouth, and he can evenly share the resources of Chunyangzong, so everyone is not silent!

"Kill, I don't like that Yue Buqun..."

"Destroy that Chunyang Sect and keep his female disciple, every time I see his female disciple, I can't help it! " There may be more than one female disciple of the Pure Yang Sect, and everyone will be happy..." "

Hahahaha..." Amidst the laughter, the fate of the Pure Yang Sect was drawn up by these people ! At this time, Yue Buqun and the disciples of the Chunyang Sect set up camp not far away, and he didn't even know what these people were thinking! What he was worried about at the moment was David's safety. He wondered if David had escaped! "Master, it's been so many days. If those people haven't caught Mr. Chen, it proves that Mr. Chen must have escaped. You don't have to worry!" Liu Rui comforted Yue Buqun. "Well, Mr. Chen's fate

is very hard, and he will not die easily." "We have to find a suitable place and move the Chunyangzong here. The resources in this secret realm are too rich. With these resources, the strength of all of you can increase faster!" Yue Buqun said! "Master, don't we go hunt some monsters and get the beast pills?" Liu Xing asked Yue Buqun puzzled.

"I've seen it. Those are high-level monsters with powerful strength. If you want to hunt and kill those monsters, you will have to pay a high price.

" , if that's the case, why bother to take risks!"

Yue Buqun didn't intend to hunt monsters, he just wanted to find a place to settle down in the Chunyang Sect!

"Okay, tomorrow my junior sister and I will lead someone to find a suitable place!"

Liu Xing nodded!

At this time, at the meeting place of the three sects and six sects, everyone reached an agreement to attack the Chunyang sect and destroy the Chunyang sect directly!

But just as the meeting was about to end, there was a sudden fluctuation in space, and a figure slowly appeared!

Everyone who saw this scene was stunned, and then they took up their posture as if they were facing a big enemy!

But when all the figures were revealed, everyone was shocked!

"Yao Qing, you're not dead?"

Leng Wudao looked at the figure that appeared and asked.

It turned out that this figure was Yao Qing, the leader of the Burning Heaven Sect!

The Fentian Sect is an evil cult, and it was exterminated by the alliance of the three sects and six sects, but now Yao Qing would appear!

Seeing Yao Qing's appearance, the others also became nervous, and their breaths rose!

"Everyone, don't panic, this is just Yao Qing's phantom, there is no threat."

Bao Yukun hurriedly said to appease everyone!

Among these people, only Bao Yukun knew that Yao Qing was not dead, and had been in contact with the Burning Heaven Sect!

Bao Yukun was able to deceive the resources of the Pure Yang Sect for many years because he cooperated with Yao Qing and deceived Yue Buqun!

"Yao Qing, what are you doing here?"

Leng Wudao asked Yao Qing.

"It's nothing, I just heard that you are going to destroy the Pure Yang Sect, so I came here to join in the fun, and by the way, I want to join you and go up the mountain to hunt monsters together!"

Yao Qing said with a faint smile.

"Impossible, you are an evil cultivator, how could you be with us..."

Someone loudly refused!

"If it doesn't work, then I will tell Yue Buqun about it. Besides, I am an evil cultivator, and for the sake of cultivation and resources, don't you use any

means? Otherwise, why did you destroy the Pure Yang Sect? We are just It 's just half a catty!"

"Besides, I practice magic because of a lack of resources, just to speed up my practice. Now that there are abundant resources here, and there are so many monsters, I don't need to use magic to absorb other people's strength!"

"If If you allow me to join, then I, the Fentian Sect, can take the place of the Pure Yang Sect, and I, the Fentian Sect, can also contribute to killing monsters."

Yao Qing said with a sneer.
