

# A Man Like None Other

## Novel

### Chapter 2366

"Then what if I don't leave?" David asked.

"If you don't go, then you will die..." After the

rotting corpse finished speaking, the yin energy on his fingertips began to condense, and he turned into a ghost in an instant. The ghost with teeth and claws rushed towards David and the others!

Everyone was startled, and they put up their postures one after another. They didn't expect that the rotten corpse would do it as soon as it said it!

And those ghosts were extremely fast, and they arrived in front of them like lightning!

But when everyone waved their weapons and attacked the ghosts in front of them, they found that there was no way to harm them, and these ghosts didn't hurt anyone, they just penetrated into everyone's body at a very fast speed. Body!

In an instant, everyone became sluggish, the weapons in their hands were thrown to the ground one after another, their eyes were blank, as if they had become corpses!

And David frowned, and he could feel that the ghost began to control David's brain after penetrating his body!

David thought it was an illusion, and began to recite the Purifying Mantra, but found that the Purifying Mantra couldn't be stopped at all, and the ghost attacked desperately in David's consciousness.

"What a powerful method." David frowned slightly.

He didn't expect that this carrion would directly attack a person's consciousness. As long as the person's consciousness is controlled, it is tantamount to killing the person directly, because the controlled person will obey all orders, even if it is suicide...

Valkyrie Even a master at the Martial Emperor level was able to control his consciousness without any resistance, which shows how powerful this rotten corpse is!

Otherwise, I'm afraid there is no way to suppress a big devil like Yin Mo!

David's consciousness desperately resisted in his mind, his face was extremely pale, and his forehead was dripping with cold sweat!

David's body became stiff and he stood motionless, only his brain was running fast!

"This person's divine sense is so powerful that he has been able to resist until now?" The

rotten corpse couldn't help but feel a little surprised when he saw that David hadn't been controlled yet!

But soon, David's eyes became dull, his whole body became sluggish, and his aura also changed, like a walking dead!

Seeing this, the rotten corpse grinned: "No one can escape my attack..."

"Since you killed my skeleton soldiers, then you can serve as my soldiers and guard the gate..." After the

rotten corpse finished speaking, The figure slowly disappeared!

But Yue Buqun and the others obediently stood on both sides, even David was no exception, quietly walked to the side and stood there!

But at this moment, David was not under control, and his consciousness was still desperately resisting!

Just when David's spiritual consciousness was inextricably fighting with the ghost in his own sea of consciousness, suddenly a holy light shone!

David suddenly felt extremely warm in his body, and the ghost let out a shrill scream!

David raised his eyes and found that the light came from the Wordless Book!

The Wordless Heavenly Book, in David's sea of consciousness, radiated light at this moment, making the ghost scream incessantly!

Seeing this, David instantly let his divine sense kill that ghost.

David, who had returned to normal, felt the light of the Wordless Heavenly Book, and felt a little unbelievable in his heart. He never thought that the Wordless Heavenly Book sent by Mr. Shi would have such a purpose!

"Sect Master Yue? Master of fortune telling?"

David looked at the dull Yue Buqun and fortune teller, stepped forward and shouted twice, but they didn't respond at all!

"Liu Rui, Liu Xing?"

David looked at Liu Rui and Liu Xing. These two people were also standing blankly, their eyes unblinking, like sculptures!

No matter how David shouted, these people didn't respond at all!

"It seems that only by killing that guy can they recover..."

David frowned slightly.

Now even if David doesn't want to kill the rotting corpse, he can't just watch Yue Buqun and the others turn into puppets!

## Chapter 2367

David continued to go deep into the valley!

Soon, I saw something like an altar standing tall, and this altar exuded a faint light!

The rotting corpse was guarding the altar, and under the altar, David could clearly hear screams!

"What are you doing here? Hurry up and guard the gate..."

Seeing that David had come here, the rotten corpse ordered David sharply!

He thought David was already under his control!

"Keeping your mother..."

David suddenly became violent, and a ball of golden brilliance lit up with the Dragon Slaying Sword in his hand, and he slashed toward the rotting corpse with a bang!

The rotting corpse was taken aback for a moment, he didn't expect that David was not under his control at all!

The rotting corpse swung a fist to block it, and an arm was neatly chopped off!

But the rotten corpse didn't show any expression, as if the severed arm wasn't his!

David was taken aback when he saw this, he didn't expect to cut off an arm of the rotten corpse so easily!

From this point of view, the strength of this rotten corpse is not very strong, is it?

Just as David was stunned, the severed arm of the rotten corpse grew rapidly!

Immediately after turning the palm of the hand, the evil spirit condensed into arrow feathers, and the arrow feathers were full of runes, shining with a faint light!

Countless arrow feathers shot towards David, and the sinister air above the arrow feathers roared, making a shrill sound of piercing the air!

Seeing this, David swung the dragon-slaying sword vigorously in his hand, and a sword aura came out in front of him like a moon-slashing scimitar!

Swirling...

The sword qi was constantly spinning, and the arrow feathers shot by the rotting corpse were instantly crushed and turned into powder!

However, the rotting corpse didn't seem to care that he missed the blow. Instead, his eyebrows flickered, and a golden light instantly entered David's mind!

It turned out that the arrow feather just now was just to attract David's attention, it had no power, and the most powerful thing was this golden light!

After the golden light entered David's mind, it immediately began to control David's brain and seize David's consciousness!

But at this moment, the Wordless Heavenly Book in David's sea of knowledge emitted holy white light again, and David was bathed in this white light!

"Ah..." The

rotting corpse finally let out a scream, and fell to the ground with a painful expression!

David knew that the opportunity had come, and holding the Dragon Slaying Sword in his hand, a holy white light poured into the sword, and then he slashed out with a sword!

Swish...

This sword cut the rotten corpse in half. The rotten corpse stopped moving, and the whole body began to rot slowly, and finally disappeared slowly!

"It's too easy?"

David couldn't believe it, how could this rotten corpse be killed by himself so easily?

At this moment, David felt that the gray aura in his body had changed. After his spiritual consciousness was immersed, he found that the gray aura had now turned into a bright mark!

"Is this the Dao pattern?" David mobilized the Dao pattern, and then a huge force came out of his body in an instant!

When David saw this, his face was full of surprises. It seemed that the Yin Demon hadn't lied to him. The power of this pattern was really strong!

In addition to the spiritual power and the power of the dragon, David now has another kind of power!

David doesn't intend to use this kind of power lightly, he wants to keep it as his trump card!

At the juncture of life and death, when the spiritual power and the power of the dragon are exhausted, suddenly using the power of this pattern will have unexpected effects!

David was happy for a while and found that the shadow demon did not appear. He couldn't help but feel a little strange. He killed the carrion himself, so why didn't the shadow demon appear?

"Hurry up and save me, this guy is only strong in mental attack, and he has no strength!"

"I just asked you to save me."

At this moment, the shadow demon appeared!

## Chapter 2368

"Then what should I do? I have already killed this carrion, can't you escape?"

David asked!

"You put my skull on the altar, so that the altar will be destroyed and my soul will be saved."

Yin Mo said!

David nodded, jumped up, and landed steadily on the altar. In the center of the altar, there was a crystal clear skeleton, but this skeleton lacked a head!

David took out the skull of the storage ring, and then slowly put it on the altar!

Just as David put the skull on, the whole altar suddenly emitted a burst of dazzling light, and soon the skeleton slowly disappeared in the light!

And Yin Mo's figure gradually became a little solid, although it was still a soul, but it seemed that it was no doubt following a real person!

"Hahaha, hahaha..."

"The old man is finally free, finally free, when the old man finds out the person who framed my demon clan, finds out the person who suppressed us, I will definitely send him to the eighteenth level of hell, will never be reincarnated..."

Yin Mo laughed wildly!

David looked at Yin Mo, and was about to ask about his own life experience, and asked Yin Mo if he knew who his father was, but found that the altar under his feet was shaking violently, and it was about to collapse!

"This altar is about to collapse. Take your friends and leave here quickly. The undead under the altar are about to break free..."

"I want to return to the celestial realm to reshape my body. If there is a destiny, our celestial realm Goodbye..."

After Yin Mo finished speaking, he grabbed the void with both hands, and a space-time rift appeared, and then Yin Mo's figure disappeared in the space-time rift!

"Damn, I saved you and just left?"

"Don't you even say thank you?"

David couldn't help but swear.

But then, the altar began to collapse, and shrill screams began to come from under the altar, and it was getting closer and closer!

Seeing this, David jumped down and quickly ran towards the exit of the valley!

When David ran to the gate, Yue Buqun and the others had already regained consciousness, because they couldn't find David, the group was still in a hurry!

Seeing David running out from the depths of the valley, Yue Buqun hurried up to meet him: "Mr. Chen, are you okay? What happened just now?"

"I don't have time to explain now, let's get out of here right now, quickly..."

David said anxiously!

At this time, gusts of wind blew by, and the sound of ghosts crying and howling wolves continued to come from the valley, which startled Yue Buqun and the others!

David started to flee towards the door, Yue Buqun and others followed closely behind!

And behind them, there are countless undead!

These undead have different shapes and different strengths, chasing David and the others desperately!

But at this moment, above the abyss, Leng Wudao and the others are still guarding!

"Brother Leng, there has been no movement in this abyss for such a long time. It is estimated that Davidping will not enter it!

" If you stay inside for a long time, you will probably be disturbed by evil spirits, not to mention David and the others!"

"I don't think we should waste time here, and look elsewhere... .."

Tong Haiyang said to Leng Wudao.

Leng Wudao nodded, he felt that there was no one in this abyss, who would enter here, just like hell.

"Okay, we won't wait any longer, let's withdraw..."

After Leng Wudao finished speaking, he planned to leave.

But at this moment, there was a whistling sound of the sinister wind in the abyss, and then I saw the evil spirits that were only floating in the abyss, and started to spray out from the abyss!

## Chapter 2369

"What's going on?"

Tong Haiyang was taken aback when he saw this!

Leng Wudao didn't know what was going on, but when other people saw this scene, they also gathered around one after another!

"Look, there is a figure in the abyss..."

At this moment, someone shouted!

In the eyes of everyone, the figure was getting closer and closer, and then jumped out of the abyss!

When he saw the crowd suddenly coming out of the abyss, Leng Wudao was stunned!

"David, you really entered here?"

Leng Wudao couldn't believe it, how did David and the others stay inside for such a long time?

When David, Yue Buqun, and others saw Leng Wudao, they were also stunned. They didn't expect that Leng Wudao and others were still waiting here!

The two sides looked at each other for a while, but soon the murderous intent began to appear on everyone!

"Damn it, I've already said it. I didn't kill your son. You're waiting here..."

Seeing Leng Wudao chasing and killing him endlessly, David couldn't help cursing!

"David, it's useless to say anything now, you must die..."

Leng Wudao had a cold face, and then looked at the fortune teller: "God fortune teller, you traitor, you betrayed us all, do you want to accompany us? Will David die together?"

"Leng Wudao, I can't die, you are the ones who are going to die, don't forget what this old man is doing, I already figured out your end." The

fortune teller sneered.

"fu\*\*, you really treat yourself like a toy. If you are really a half-immortal, you don't need to stay in the hidden world."

Leng Wudao spat hard, and then said loudly: "We must not let these people in front of us let go. This time we must kill the grass and roots. All the resources here will belong to us..."

Everyone in the hidden world lit up. Unleashing their weapons, David, Yue Buqun and others also unleashed their weapons one after another, and the two sides were at war!

But in terms of strength, David and the others are too weak!

No matter in terms of numbers or strength, David and the others are at an absolute disadvantage!

"Sect Master Yue, master of a fortune teller, once the fight starts, you run away. Leng Wudao mainly wants to kill me, so you don't have to accompany me to die..."

David whispered to Yue Buqun and the fortune teller!

"Mr. Chen, I won't run away. Even if I die, let's die together..."

Yue Buqun said firmly.

"Mr. Chen, you are the chosen one. You will not die easily. I believe in my own divination skills..." The fortune

-teller knew that David was no ordinary person, and it was impossible for him to die so easily!

"Kill me..." Leng Wudao waved his hand, and everyone in the hidden world swarmed up!

But at this moment, the sound of howling ghosts and howling wolves suddenly came from within the abyss, followed by a breathtaking howling wind!

A large number of undead emerged from the abyss.

Seeing this scene, Leng Wudao and the others were dumbfounded. Facing the gust of wind and thousands of undead, no one in the hidden world dared to move!

"Run..."

David let out a loud roar, and started running with Yue Buqun and others!

Before Leng Wudao and the others could react, they were surrounded by the rushing undead, and there was no way to chase David and the others!

All of a sudden there were killing sounds, Leng Wudao and others followed the undead and began to fight!

And David and the others were also chased by some undead, and David and the others could only kill and not retreat!

Fortunately, after this undead escaped from the abyss, they could all be killed!

However, when David killed this undead, if he didn't kill a single undead, there would be a streak of power entering his body.

Just like this while killing and retreating, David and the others finally got rid of the pursuit of Undead and Leng Wudao and others!

After finding a relatively safe place, David and the others began to rest!

And Leng Wudao and the others rushed out in embarrassment, getting rid of that undead!

"Damn it, why did some of these things suddenly appear and let David run away for nothing..."

Leng Wudao cursed angrily!

## Chapter 2370

"Well, our top priority is to really get rid of these undead. I don't know where these guys come from, but they can track us all the time..."

Tong Haiyang said.

While talking, there was a burst of shouting, and then the scuffle started again!

Some undead actually chased after them, Leng Wudao and others had no choice but to run away again!

At this time, David and the others were resting on a hill. This continuous battle made everyone feel very tired!

Since entering the abyss, they haven't had a good rest, let alone practice supplements!

Now everyone's energy is almost exhausted. Although there are many resources here, they have no time to rest!

What's more, those undead, like wolf dogs, can follow the direction in which David and the others fled, and quickly catch up.

Looking at the tired crowd, David casually formed a formation, enclosing a hundred meters around here!

"Master of Divine Fortune-telling, Sect Master Yue, you can take a break here for the time being, and I will deal with those undead, otherwise these guys will stick to us like a dog's skin plaster."

David said to Divine Fortune-telling and Yue Buqun.

"Mr. Chen, those undead are very powerful. It may be very dangerous for you to deal with them alone." The

fortune teller said.

"Yes, especially the undead in battle armor. They are simply perverted. I spent a lot of effort to kill one!"

"Mr. Chen should rest with us, and when we recover, we will be together Let's go ."

Yue Buqun also echoed, hoping that David would not go alone!

"It's okay, even if I encounter danger, I have enough ability to protect myself and escape."

David smiled lightly!

In fact, David had his own plans, because he found that as long as he killed these undead, the power of the Dao pattern in his body would be stronger. If he killed more powerful undead, the power of the Dao pattern would increase even faster!

Through the continuous fighting just now, David's power of Dao pattern in his body has increased a lot. Maybe killing one or two undead, David's power of Dao pattern can reach two!

"Mr. Chen, let Xing'er and Rui'er go with you if you want to, if they are really in danger, they can resist for a while!"

Yue Buqun followed David.

David knew that Yue Buqun was afraid that he would be in danger, and he had good intentions, so he couldn't refuse, so he nodded and said: "Well, when we come back, we will bring some medicinal herbs, and then refine a few pills. It can speed up your recovery!"

Yue Buqun nodded, then looked at Liu Xing and Liu Rui and said, "Xing'er, Rui'er, you two should keep close to Mr. Chen, and don't let him be in danger. , do you know what to do?" The

two nodded: "Master, don't worry, we won't put Mr. Chen in danger. If necessary, we will blow ourselves up to buy Mr. Chen time..."

"Don't worry, absolutely not It's dangerous..."

David looked confident, and then left with Liu Xing and Liu Rui!

But Yue Buqun and Shen Suanzi were in the formation, and began to practice quickly to recover their physical strength!

"Mr. Chen, you said that those undead souls don't have inner alchemy, even if they are killed, they are useless. Why do you still look for them and insist on beheading them?"

Liu Rui asked David with some puzzlement.

David smiled: "These undead are useless to you, but they are of great use to me. Every time I kill an undead, my cultivation will increase by one point..."

Liu Xinghe When Liu Rui heard this, she was immediately surprised. It was the first time they had heard that killing the undead could improve one's cultivation!

But since David said so, it must be true, and there is no need for David to lie to them.
