

A Man Like None Other

Novel

Chapter 981

"Damn, such a strong killing spirit!" Dong Jiahao wiped the blood from the corner of his mouth: "There must be good things in it, otherwise the magic circle will not be cast here, you two will destroy this magic circle and try... .."

Dong Jiahao commanded his two men to say.

The two servants of the Dong family nodded, and the breath of the seventh-grade Wuzong broke out and began to walk towards the depths of the tomb.

The two of them punched out a huge amount of energy. They wanted to destroy the magic circle with brute force. With their strong bodies, they walked directly over.

With the preparation of the two, it was obvious that they went further than Dong Jiahao, but as the two of them continued to consume a lot of energy, the killing energy in the magic circle became more and more manic.

The foreheads of the two servants of the Dong family began to sweat, and it became extremely difficult for each step forward. Soon the two of them could no longer hold on, and flew over like a kite with a broken string, and fell heavily to the ground.

The two people vomited blood and were obviously not seriously injured, but the two of them only walked a dozen meters more than Dong Jiahao.

"What the hell is this magic circle? It's too powerful. What treasure is hidden in it, protected by such a powerful magic circle!"

Dong Jiahao cursed.

"Brother Chen, I'll try it!" When Zhao Chuang heard that there was a treasure in it, he was so excited that he wanted to try it.

David grabbed Zhao Chuang and said, "Don't go. With your current strength, I'm afraid that you will be muddled by the killing aura as soon as you walk in."

When Zhao Chuang heard this, he was too frightened to try again.

Now there is a magic circle blocking the way, and they clearly know that there must be treasures inside, but no one can get through. David and the others can only sit down and rest for a while, and David's consciousness spreads out, trying to find the eye of the magic circle. , as long as the magic circle is broken.

But just as David's consciousness was dispersed, he was directly blocked back, which surprised David. This magic circle could even block his consciousness.

Seeing that David and the others had nothing to do, Long Xiao walked past David himself and looked at the empty tomb in front of him.

"Long Xingxu, go and try..."

Long Xiao said to Long Xingxu.

"Master, I..."

Long Xingxu hesitated. Just now, whether it was David or Dong Jiahao, or even the two masters of the Dong family of the seventh rank Wuzong, they were all directly knocked out by this magic circle. What is the strength of his third rank Wuzong?

“What? I can’t speak well?”

Seeing Long Xingxu’s hesitation, Long Xiao suddenly turned cold.

Long Xingxu shook his head again and again, and then burst out the breath of the whole body to wrap himself, and slowly walked towards the front.

When Long Xingxu took a step forward, a manic and powerful murderous aura attacked with overwhelming force, and it was instantly shot on Long Xingxu’s body.

Long Xingxu didn’t even have time to react, his body flew out on his own, and fell to the ground for a long time before he got up.

Looking at Long Xingxu like that, Long Xiao frowned tightly.

“If only Director Guo was here...”

Long Xiao muttered, if Guo Wei was there, with the strength of Guo Wei’s peak Wuzong, he might be able to pass here. Long Xiao believed that there must be rare treasures behind.

Long Xiao, who couldn’t stand the temptation, wanted to try it after adjusting his breathing!

But the result was the same, Long Xiao only took a few more steps and was directly knocked out.

For a time, several people were blocked here, and there was no way to move forward.

After adjusting his breath for a while, David slowly stood up. He was going to try again, but he was careless and was not prepared at all, and was directly shot out.

“Brother Chen, do you still want to try it?”

Zhao Chuang stopped David and asked.

“Well, I’m trying. Only by breaking this magic circle can we know what treasure is behind it!”

David nodded.

Chapter 982

“Brother Chen, then be careful!”

Zhao Chuang said with concern.

“David, with your current strength, try again. Isn’t that going to kill you? The strength of the seventh-rank Martial Sect was bombarded even if you couldn’t walk more than ten meters. Can you do it with your strength?”

Dong Jiahao asked.

“It’s already here, let’s try again!”

David said, his body began to slowly rise with a huge breath, golden light flickered, and pieces of scale armor began to grow on David’s body, as if wearing a layer of golden armor.

Seeing David’s changes, everyone was shocked, even that Long Xiao stared at David with wide eyes, not knowing what he was thinking.

David did not care about the shocked crowd, but walked straight towards the depths of the tomb passage.

boom!

Soon, a terrifying killing energy, like a beast, came towards David at once.

David's body was hit hard, like being hit by a high-speed train.

David's body was knocked out, and because David was prepared, he was not injured this time.

"Brother Chen, are you alright?"

Zhao Chuang asked.

David shook his head, and then continued to walk towards the tomb passage.

Just as he entered the magic circle, another sharp killing aura came. This time David raised his fist and punched a barrier.

boom!

With a loud noise, the body beside him was shaken a few times, and his entire arm was numb, but this time David's body was not bombarded.

Seeing that this method was effective, David was instantly overjoyed.

Taking a sudden breath, David moved quickly toward the depths of the tomb passage, but the further forward, the heavier the overwhelming pressure.

At this moment, David seemed to be moving with a mountain on his back, and from time to time there was a killing energy hitting David's body, and gold stars appeared one after another.

"What on earth is there, someone will set up such a powerful formation..."

David's face was solemn, but he still gritted his teeth and walked forward.

Seeing David's body getting farther and farther away, Zhao Chuang clenched his fists tightly, worried for David.

Soon, in front of David, a dazzling light shone. David seemed to be able to see that there should be a tomb not far in front of him. There was a dazzling light in the tomb, but there were treasures in it. to know.

David wanted to speed up and rushed into the tomb, but unfortunately his feet seemed to be filled with lead, and his body seemed to be pressed against a mountain, and every step he took felt extremely difficult.

The tomb was in front of him, but David couldn't walk in. He could only grit his teeth and move towards the tomb little by little like a baby learning to walk.

"Brother Chen, where are you?"

At this time, Zhao Chuang's voice came from behind David. David looked back and found that Zhao Chuang was still in his original position, but kept shouting loudly.

"I'm not far ahead, can't you see me?"

David was very puzzled.

"I can't see it, you seem to have disappeared out of thin air."

Zhao Chuang's voice came.

Only then did David know that this magic circle was still a blindfold. They had actually arrived in front of the tomb, and only through this magic circle could they see the tomb.

David ignored Zhao Chuang and continued to walk forward.

"Crack..."

A piece of golden scales on David's body actually shattered, and the huge pressure made David's feet move every step, forming a deep footprint on the ground.

Under the broken scales, blood began to flow out. This was David's blood. These scales turned out to be the same as those grown on David's body.

"what..."

David roared angrily, the golden light on his body became stronger, and the spiritual power in his dantian seemed to be free of money, desperately exuding towards David's body.

Chapter 983

The Heart Condensation Art has been brought to the extreme by David, and the Jin Dan and Longjing in David's body, at this moment, under this overloaded pressure, there are even tiny cracks.

If this continues, if the golden core is broken, David's life will end, and even if he doesn't die, he will become a crippled person.

"Crack..."

There was another cracking sound, and the scales on David's body shattered again, and blood began to stain David's body.

Slowly, the golden armor-like scales on David's body began to crack one after another, and there were continuous wounds on his body that were bleeding out.

David's eyes were also bloodshot, and the enormous pressure seemed to crush David into flesh.

Even so, David is still moving forward slowly, even if this step is only a few centimeters away, David has no way to retreat at this moment, even if he is climbing, he has to climb into the tomb.

Bang!

Soon, David's body was hit directly on the ground with tremendous pressure, and the hard bluestone ground was directly smashed.

Even though he fell to the ground, David still did not give up, using both hands and feet, slowly crawling forward.

David's teeth rattled, almost shattering.

The golden light on his body began to dim.

As the golden light dimmed, the scales on David's body slowly disappeared. At this moment, David completely exposed his body to this murderous aura.

Every killing energy is like a sharp sword, constantly passing through David's body, leaving one after another wound, dripping with blood!

David gritted his teeth and kept crawling forward, leaving a bloodstain on the ground!

The tomb was so close at hand, but David found that it was difficult for him to cross the distance.

David stretched out his hand, and he seemed to have touched the tomb, the enchantment of the magic circle, as long as David passed through here, he would enter the tomb.

But David was already scarred at the moment, and he couldn't take a step forward, and his outstretched fingers slowly crossed the barrier!

When David's hand crossed the enchantment of the magic circle, suddenly the huge pressure disappeared, and the killing energy also disappeared.

The huge pressure suddenly disappeared, causing David to spurt out a mouthful of blood.

The tomb can already be seen clearly, and David's figure also appeared in front of Zhao Chuang and them.

At this moment, David was lying on the ground, only a few dozen meters away from Zhao Chuang and the others. On the ground, there was a shocking bloodstain that made people shudder.

"Brother Chen..."

Seeing this, Zhao Chuang hurriedly led someone up to them. For them, the distance of several dozen meters was a jumping-off effort.

But David walked this distance and almost paid the price with his life!

Zhao Chuang looked at David, who was covered in scars, and hurriedly helped David up.

"David, are you okay?" Dong Jiahao also came over and looked at David with admiration.

At this moment, David was very weak, but his life was not in danger. After squeezing out a smile, he shook his head towards Dong Jiahao.

Long Xiao led his people into the tomb for the first time. On the wall of the tomb, there was a painting hanging on it. The painting was painted with landscapes, and there was a cow herding baby on the hillside. This painting was very realistic. The cow herders inside are like real people.

On the left side of the painting, there are the words Nine Thousand Miles of Mountains and Rivers written. Apart from this painting, there is nothing else in the tomb.

"Is this painting a treasure?"

After seeing the painting, Long Xiao reached out to take it off, but was stopped by Long Xingxu.

"Eldest young master, be careful there are tricks!"

Long Xingxu's words made Long Xiao withdraw his hand immediately. He knew the mechanism inside the ancient tomb, and he didn't dare to move it easily.

At this time, David was supported by Zhao Chuang, and he also walked into the tomb. When David first saw the map of 90,000 miles of mountains and rivers, he was instantly stunned.

Chapter 984

He seemed to see the plants and trees in the painting, all alive, and the herdsmen were running happily.

Moreover, the breath in the painting is exactly the breath David felt at first, and it has always attracted David. It turned out to be this painting.

"Damn it, how come it's such a broken painting if you waste so much energy?"

When Zhao Chuang saw that there was only one painting in the tomb, he immediately scolded unhappily.

"Zhao Chuang, do you see that the cow herding baby in this painting is moving?"

David asked Zhao Chuang.

"No!" Zhao Chuang frowned: "Brother Chen, are you dazzled, how could the people in this painting be moving!"

"What's so special about this painting? How could someone protect a painting with a magic circle?"

Dong Jiahao was also a little puzzled.

David frowned when he saw that no one else could see the grass and trees in the painting moving, only he could see it.

A stream of divine consciousness slowly moved towards the Nine Thousand Miles of Mountains and Rivers map, and just as it approached, suddenly a huge suction force sucked the divine consciousness into the painting.

David felt his body, as if it appeared in the world in an instant, looking at the blue sky, the green grass, and the cow herding baby not far away.

Here, David found that there is a thick spiritual energy everywhere, and the spiritual energy here is like the oxygen in the real world.

"Is this an illusion? Is this too real?"

David's eyes widened, his face full of disbelief.

Fang Niuwa saw David at this time, and even walked towards David.

"Where did you come from?" The cowboy asked David.

"I..." David was at a loss for words, he didn't know how to answer, and he didn't know where he came from.

"Kid, where is this place?"

David did not answer the cowboy, but asked the cowboy.

The cowboy looked at David strangely: "This is Penglai Island. Since you are here, why don't you know where it is?"

"Penglai Island?" David frowned. He had heard of Penglai Island. Isn't this Penglai Island a legendary fairyland?

Did you come to Wonderland?

But when David was about to continue to ask the cowboy, the cowboy jumped away and disappeared.

David was surprised for a while. When he was about to look around, he suddenly shook his body, and then Zhao Chuang appeared in front of him. The tomb was still around, and there was no Penglai Island.

"Brother Chen, what's wrong with you? I just stared at the painting without blinking, like a fool..."

Zhao Chuang asked David.

David didn't know what was going on. He just seemed to be hallucinating, but it seemed to be real, and the sound of the cow herder was still ringing in his ears.

"Penglai Island?"

David muttered softly.

But at this moment, someone suddenly shouted: "Look, this painting has changed..."

Everyone hurriedly looked around and found that the scene in the painting had completely changed, the landscape was gone, and the cow herding baby was gone. What followed was a dense forest!

There are still many animals in the woods, but these animals are alive and kicking in David's eyes.

When David saw this, a divine sense came out here, and then the whole person seemed to appear in the woods again, and animals kept watching him vigilantly.

David turned around and found that there was no one there, so he had to find a place to sit down, the Concentration Technique worked, and countless auras began to swarm into David's body.

David's dantian, which was almost dry, soon began to have spiritual energy turned into a trickle of water, flowing into David's dantian.

At this moment, Long Jing in David's body also began to frantically absorb the spiritual energy of heaven and earth.

No one noticed David's change, so everyone's eyes fell on the nine-thousand-mile map of mountains and rivers.

Chapter 985

"Long Xingxu, take the painting down for me..."

Long Xiao saw that this painting could actually change the scenery by himself, knowing that it must be a treasure, he immediately ordered to Long Xingxu.

Long Xiao was afraid of an agency, so he ordered Long Xingxu to fetch the painting!

Long Xingxu frowned, but he didn't dare not to listen, so he could only bite the bullet and walk towards the painting.

"Stop him!" Zhao Chuang hurriedly took his two martial masters to stop Long Xingxu.

"You have no shame. Brother Chen came here desperately. If it weren't for Brother Chen, none of you would be able to get in. This painting should belong to Brother Chen. If you grab it now, what's the difference between following a robber?"

Zhao Chuang questioned Long Xiao.

"Damn, the trial is based on ability, whoever gets it is whoever gets it, and you fcuking deserve to teach me a lesson?"

Long Xiao raised his brows, then looked at Xuanyuankai: "Xuanyuankai, you teach this guy a lesson. After you go out, I can't treat you badly!"

Xuanyuan Kai nodded: "Xie Long son..."

After Xuanyuan Kai finished speaking, he took the Xuanyuan family and attacked Zhao Chuang directly.

Zhao Chuang could only bring along two of his Wuzong subordinates to fight with Xuanyuan Kai.

Long Xiao winked at Long Xingxu and asked Long Xingxu to take off the painting as soon as possible.

Zhao Chuang saw Long Xingxu picking up paintings, and he was in a hurry. There was nothing he could do. To deal with Xuanyuankai's attack was enough for Zhao Chuang to have a headache.

Dong Jiahao glanced at David, and found that David was motionless, without blinking his eyes, and turned back to the way he was just now, and sighed helplessly.

Seeing that Long Xingxu was about to pick up the painting, Dong Jiahao swung his body upright, followed by a wave of his palm, a huge energy that directly knocked Long Xingxu out.

"Dong Jiahao, what are you going to do?"

Seeing this, Long Xiao's face turned cold.

"Long Xiao, don't you be ashamed, if David didn't desperately rush through the magic circle in this tomb, who could come in? Now you are taking

advantage of the danger, knowing that David was injured, and you actually started to grab the painting?"

Dong Jiahao looked at Long Xiao with contempt and said.

"Dong Jiahao, this is the trial of our Kyoto Martial Arts Alliance. It has nothing to do with you, and you are not qualified to intervene in our trial. Have you forgotten how you followed Director Guo to assure you when you came in?"

Long Xiao's eyes narrowed slightly.

"Guarantee your mother, I just can't stand it and want to stop you. What do you want?"

Dong Jiahao cursed Long Xiao with disdain on his face.

"you..."

Long Xiao was scolded full of anger, and slapped Dong Jiahao with the palm of his hand!

"If you are courting death, I will fulfill you..." Long Xiao slapped his hand in anger, containing endless enormous energy.

The strong wind howled, Dong Jiahao's face changed slightly, and his figure suddenly stepped back.

He knew that he was not Long Xiao's opponent, and if he really wanted to fight with Long Xiao, it would be no different to court death!

When Dong Jiahao's figure suddenly retreated, a Dong Jiawuzong directly blocked in front of Dong Jiahao, and followed Long Xiao with a slap in the face.

Both are seventh-rank Martial Sects, and after a palm, the two of them took a few steps back at the same time.

"Let's go together and let them go..."

The breath of Long Xiao's body erupted, and bursts of light began to appear above his palms.

"Hmph, I'm not self-sufficient..."

Dong Jiahao snorted coldly.

Behind him were two rank seven martial sects, and on Long Xiao's side, only Long Xiao was a seventh rank martial sect, and the other two descendants of the Long family were fifth rank. As for Long Xingxu, who was a third rank martial sect, it didn't matter.

For a time, the entire tomb was scuffled. Dong Jiahao, who could have the upper hand, had to take care of Zhao Chuang's side, so the two sides fought for half a catty, and the winner could not be determined in a short time.

At this moment, David was standing on one side, motionless like a wooden man, without blinking.

Chapter 986

Xuanyuan Kai, who had been fighting all the time, saw that David remained motionless like a fool, and knew that this was the best time for him to take revenge.

So after a palm of a hand to force back a Wuzong master in Wuying Mountain Villa, he rushed towards David directly.

"David, I don't think you're dead yet..."

Xuanyuan Kai slapped David with his palm, and the wind whistled.

"Brother Chen..."

Seeing this, Zhao Chuang hurriedly shouted at David.

But David didn't seem to hear it, he didn't move at all. Seeing Xuanyuankai's palm in front of him, David's eyes didn't blink.

Seeing this, Zhao Chuang pounced on his teeth and blocked David directly.

Bang!

Xuanyuan Kai slapped Zhao Chuang in the chest with a savage palm, and Zhao Chuang's body was directly knocked out.

Zhao Chuang's body hit David, and he fell to the ground with David.

Then David's body trembled slightly, and the whole person came back to his senses.

"Zhao Chuang, what's wrong with you?"

After David regained his senses, he saw Zhao Chuang beside him with a pale face, vomiting blood, his chest sunken, and several ribs were obviously broken.

"Brother Chen, that Xuanyuan Kai wanted to kill you just now..."

Zhao Chuang said with a painful expression.

It was only then that David noticed that the entire tomb had long been in chaos, fighting with each other, while Xuanyuan Kai was staring at David.

Seeing David sober and looking at himself, Xuanyuankai was so frightened that he took a few steps back, but when he thought that David was seriously injured and his strength was greatly reduced, Xuanyuankai's face regained confidence.

"David, today's revenge for the broken arm, I will definitely get it back from you..."

Xuanyuan Kai said with murderous intent.

David helped Zhao Chuang up and injected a spiritual power into Zhao Chuang's body, which made Zhao Chuang's pain much less, and then slowly looked at Xuanyuankai: "You are worthy of revenge for me? "

"Hmph, stop pretending, you are now seriously injured, and I'm afraid you can't even catch my palm." Xuanyuan Kai snorted coldly, and then slapped David with his palm.

"While your illness is killing you..." Xuanyuan Kai's body burst out with domineering energy, and this palm was intended to kill David directly.

"Unbelievable..."

The corners of David's mouth were slightly raised, and a faint golden light appeared in his palm.

Just after Xuanyuan Kai got close, David slapped it away.

Snapped!

Xuanyuan Kai's slap was so domineering that he didn't even touch the corner of David's clothes, and was directly slapped away by David.

Xuanyuankai's body slammed against the wall, his whole mouth vomited blood, and his eyes were full of horror!

"You... aren't you seriously injured?"

Xuanyuan Kai didn't understand that David, who had just exhausted his energy and was seriously injured, suddenly seemed to be a different person.

"Even if I was seriously injured, it would be easy to kill you."

David stepped out and went directly to Xuanyuan Kai.

"You...what do you want to do?"

Xuanyuan Kai looked at David, trembling all over.

"What do you think?" There was a murderous look in David's eyes.

"Don't kill me, don't kill me..." Xuanyuan Kai panicked, his body kept retreating, he wanted to protect himself from the two martial masters of Xuanyuan's family, but it was a pity that those two martial masters were killed by the two masters of Wuying Mountain Villa. Wu Zong struggled and couldn't escape at all.

"You don't want it? When you want my life, you should die..."

After David finished speaking, the breath on his body suddenly exploded, and then a terrifying spiritual force spurted out.

puff...

Xuanyuan Kai wanted to hide, but it was too late. He only felt a heavy blow to his chest. Looking down, he found that a blood hole the size of a bowl had already appeared in his chest, and all his internal organs had flowed out.

pfft...

Xuanyuan Kai stared at him and fell down unwillingly.

Chapter 987

After killing Xuanyuan Kai, David jumped away and walked towards the two martial masters of Xuanyuan's family.

The two Xuanyuan family Wuzong masters saw that their young master was killed, and David rushed over, so they turned their heads and wanted to run away.

It's a pity that they ran too late, and I saw David's palms glowing with golden light, and the terrifying spiritual power was surrounded by his hands.

The two Wu Zongs of Xuanyuan's family were directly beheaded by David in this way, without the slightest slack.

At this time, Long Xiao and Dong Jiahao were separated. Looking at Xuanyuan Kai who was beheaded, Long Xiao's face became extremely ugly.

He didn't expect that David's injury was so serious that he seemed to have fully recovered in such a short period of time.

"David, are you alright?" Dong Jiahao asked in surprise when he saw that David's seriously injured body was completely fine now.

"It's alright!" David said with a slight smile.

"That's great, this grandson wants to take this painting away while you are seriously injured, but you finally got in this tomb, how can you let this grandson pick it up cheaply!"

Dong Jiahao pointed at Long Xiao and scolded his grandson.

"Dong Jiahao, keep your fcuking mouth clean. This is a trial of our Martial Arts Alliance. It has something to do with you. The rules of our trial are like this."

Long Xiao glared at Dong Jiahao and roared loudly.

David looked at Long Xiao and said in a cold voice: "Okay, since the rules are like this, then I will take the painting away now..."

After David finished speaking, he stepped forward and took down the 90,000-mile map of mountains and rivers.

Seeing David take off the painting, Long Xiao's face became very ugly, but now their strength is obviously no match for David. Long Xiao did not expect Dong Jiahao to break the rules and directly help David.

"David, you'd better give me the painting, otherwise it will be difficult for you to get out of the ancient tomb."

Long Xiao looked at David fiercely, his eyes were full of anger.

"If you have the skills, come over and take the painting away!"

David stretched out the painting, but Long Xiao didn't dare to pick it up.

"You have a seed, you wait for me..."

After Long Xiao finished speaking, he walked out of the tomb with his own people.

"David, you have to be careful, the guys from the Kyoto Martial Arts Alliance are all careful, and they will pay for it!"

Dong Jiahao told David.

"Thank you, Brother Dong, I will pay attention to it myself!"

David smiled slightly.

"You said that such a big tomb and such a powerful magic circle, is it just for this painting? This is too strange. Will there be other tomb passages in this tomb?"

Dong Jiahao said very puzzled.

In this tomb, there is only one painting and nothing. Since it is an ancient tomb, there must be a coffin.

Dong Jiahao not only groped around the wall, but did not find any tomb passage.

David also felt that something was not right. If it was just to place this painting, why build such a large mausoleum, there must be something hidden, they didn't find it.

David also searched along the tomb, but found nothing, but when David touched a wall of the tomb, he felt a slight vibration.

David pressed his ear tightly against the wall, and listened carefully, as if he heard the sound of running water behind the wall.

"Brother Dong, can you hear the sound of running water?"

David asked.

"The sound of running water?" Dong Jiahao was stunned for a moment, and put his ear against the wall, then shook his head: "I can't hear anything!"

David frowned slightly, his hearing was different from ordinary people, and it was normal that others could not hear the sounds he heard.

Looking at the wall made of bluestone, David suddenly punched out.

Chapter 988

boom...

A big hole was blasted out of the hard wall, but there was still bluestone behind it. It seemed that the thickness of the wall was very thick.

Immediately afterwards, David clenched his fists, and the spiritual power in his dantian continued to converge on his fists!

Boom...boom...boom...

With three punches in a row, David blasted out without reservation.

After these three punches, a gap was suddenly blown out of the hard wall, and then a fresh and cold air blew in from the gap.

The sound of rushing water can be clearly heard, and there is even a faint light shining in.

"This...there is something behind this tomb?"

Dong Jiahao was overjoyed.

David took the lead to get out of the gap, and after he got out of the tomb, he found that it turned out to be a natural cave.

At the top of the cave, there are also spots of light shining in, so that the cave is not dark.

"I didn't expect to walk into the mountains unknowingly!"

Dong Jiahao looked at the huge cave and said in surprise.

"Brother Chen, look at what is there?"

At this time, Zhao Chuang hurriedly called out to David, pointing in the direction of the top of the cave.

David looked in the direction of Zhao Chuang's fingers and found that at the top of the cave, four steel cables with the thickness of the arms were hanging a copper coffin. Because of the age, both the steel cables and the copper coffin already had a layer. Thick rust.

"Could this be the emperor's coffin?" Dong Jiahao's eyes widened, looking at the copper coffin: "But why put the coffin here? Will there be treasures in the coffin?"

David did not speak, but looked at the copper coffin carefully, then glanced at the situation in the cave, and seemed to have some guesses in his heart.

The meandering underground river, passing through the bottom of the copper coffin, has been flowing for thousands of years. If you look at it from mid-air, the underground river is like a meandering dragon, constantly twisting. Body.

"I'll go up to the copper coffin to see..."

Dong Jiahao couldn't stand the temptation and wanted to go up to the copper coffin to see what happened.

David grabbed Dong Jiahao and said, "Brother Dong, we should be more cautious. I always feel that there is something strange in this cave!"

"David, are you being too careful, in such an empty cave, there is nothing but this copper coffin!"

Dong Jiahao looked around and found nothing at all.

But just when David was about to say something, a few more people suddenly emerged from the tomb behind, and it was Long Xiao who had already left.

Looking at the copper coffin above his head, Long Xiao's face showed a touch of excitement: "Sure enough, there is something behind this tomb, fortunately we didn't leave..."

Seeing Long Xiao leaving and returning, Dong Jiahao looked disdainful: "If it weren't for David, would you be able to find this place? It's all waste..."

Dong Jiahao's words made Long Xiao's expression change slightly, but instead of arguing with Dong Jiahao, Long Xiao kept his eyes fixed on the copper coffin.

It's just that with David and Dong Jiahao around, Long Xiao didn't dare to go up to the copper coffin easily to check.

Just when no one dared to act rashly, suddenly there was a sound of footsteps, and from behind a boulder in the cave, Guo Wei and people also filed out.

"Hahaha, the Hu family's guess is good, there really is something here..."

Guo Wei looked at the huge cave and laughed excitedly.

David and the others looked at Guo Wei and others, and couldn't help but laugh.

Dong Jiahao smiled unabashedly and said, "Damn it, what are you guys doing? You even took off your clothes..."

Guo Wei and these people looked a little embarrassed, their shirts were missing, and some were still scarred. It could be seen that they went through a lot of difficulties when they came here.

Chapter 989

Dong Jiahao's words made the people from the major sects and aristocratic families led by Guo Wei look here, all with anger in their eyes.

Originally, they had experienced a lot of hidden weapons when they came here, and they were very depressed for a long time. Now they are ridiculed by Dong Jiahao, so they are even more angry.

"Director Guo..."

When Long Xiao saw Guo Wei appear, his face instantly lit up with joy. With Guo Wei around, he no longer had to be afraid of David and Dong Jiahao.

"Young Master Long, I didn't expect you to find this place too. Can you find any treasures along the way?"

Guo Wei asked Long Xiao.

On the way, Guo Wei and the others came out with hidden weapons, but they couldn't find any treasures and resources. They were very depressed.

Long Xiao heard Director Guo's question, and immediately told Director Guo what happened.

When Director Guo heard that David had obtained a painting of 90,000 miles of mountains and rivers, and the content of the painting would change randomly, greed flashed in his eyes instantly.

"David, show me the painting in your hand..."

Guo Wei walked to David, and then said to David in a commanding tone.

"This is what I got, why should I show it to you?"

David directly rejected Guo Wei.

Guo Wei was stunned for a moment, he did not expect that David would dare to directly contradict him in public, and suddenly said angrily: "You dare not obey my orders, I have the final say in this trial, do you think it is yours when you get it? Others can also grab things from your hands, as long as you have the ability to protect them..."

As soon as Guo Wei's words landed, many members of the sect family all looked at David, ready to take action at any time.

With so many people looking at David, even if David's ability is high, it is difficult to resist the attack of so many people.

"As the director of the Martial Arts Alliance, you intervene in trials at will, and you deliberately say snatch remarks. Just like you, you are matched with me to give orders. Who the hell do you think you are..."

David had long seen that this Guo Wei and Long Xiao were wearing a pair of pants and were targeting him everywhere!

Guo Wei was actually scolded, everyone looked at David in shock, only Dong Jiahao laughed and said: "David, you are brave enough, these sane guys, don't listen to them."

Guo Wei's face became extremely ugly, his fists clenched, and then his eyes narrowed slightly: "Master Long, grab the painting, it belongs to your Long family."

When Long Xiao heard this, he felt a little confused: "Director Guo, that Dong Jiahao..."

"Don't worry, if anyone dares to help this David today, I will call him to pieces..."

After Guo Wei finished speaking, a terrifying aura instantly erupted from his body, shrouding everyone in it.

Dong Jiahao's expression changed slightly. The breath of Guo Wei's outburst really made him dare not help David. With his current strength, even if he brought two martial arts masters, it was not Guo Wei's at all. opponent.

Seeing Guo Wei say this, Long Xiao was overjoyed: "Director Guo, then I'll wait for you to teach David a good lesson..."

After Long Xiao finished speaking, the aura on his body exploded instantly. He wanted to return the humiliation he had just suffered in the tomb.

Long Xiao raised his palm and shot at David.

David's eyes narrowed slightly.

boom...

After a loud bang, Long Xiao's body took a few steps back, and David's body also took a few steps back to stabilize his figure.

With this palm, the two were considered to be in a tie.

"Sure enough, I have some skills, it seems that I have to use all my strength..."

As soon as Long Xiao raised his hand, Long Xingxu, who was behind him, threw a sword directly.

The sword was unsheathed, and the cold light came straight towards David.

David didn't dare to be arrogant, he stretched out his hand and appeared in his hand.

Chapter 990

clang...

The two swords collided, making a loud noise, and the splashing sparks made the whole cave a lot brighter.

With this collision, Long Xiao only felt a dull pain in his mouth, but when he looked at David, he found that David didn't seem to have anything to do.

"Come again..."

Long Xiao swung his sword up again, David showed no signs of weakness, and the two instantly fought together.

The scattered sword energy caused the entire cave to be thrown into chaos, and the two of them fought a hundred strokes before deciding the winner.

Seeing this, Guo Wei waved his hand, and a huge energy rushed towards David, and slapped David himself.

David's body fell from mid-air like a kite with a broken string, while Long Xiao took the opportunity to pick it up with his sword, and flew out the 90,000-mile landscape of mountains and rivers behind David, and then caught his own hands.

David's body fell heavily to the ground, and he threw David into a dizziness and a gold star on his head.

"Brother Chen..." Zhao Chuang hurried forward to help David up.

David glared at Guo Wei, this guy attacked him, it was so shameless.

After Long Xiao got the map of 90,000 miles of mountains and rivers, he immediately returned to Guo Wei and handed the painting to Guo Wei.

Guo Wei opened the painting, and suddenly a majestic and fresh aura hit his face, which made people feel very comfortable.

At this time, the scene in the painting has become a lotus pond, with lotus flowers blooming, and there are drops of dew on it, which is lifelike!

"Good painting, really good painting..."

Guo Wei looked at the 90,000-mile landscape of mountains and rivers in front of him, his eyes straightened.

"You despicable ba5tard, even sneaking a sneak attack from behind, you are also worthy of being the director of the Martial Arts Alliance..."

David glared at Guo Wei and cursed loudly.

The corners of Guo Wei's mouth raised slightly: "You said I attacked, who saw me attack? You ask these people, who saw it? It's because you are not as good as others, don't think that you can do whatever you want with Mr. Shi covering you. , even if I kill you here, what can Mr. Shi do to me?"

Guo Wei's words made David angry, but in this situation, David had no choice but to be patient.

Seeing that David had shut up, Guo Wei proudly put away the painting, and then said to Hu Baqi, "Patriarch Hu, can you see if there is an organ on this copper coffin?"

Hu Baqi stepped forward and looked carefully at the copper coffin above his head, because it was covered with rust and could not see anything clearly.

"Director Guo, there is nothing wrong with this copper coffin. If you want to know if there are any organs on this copper coffin, you must go up and check it."

Hu Baqi said.

"Well, you go up and check. If you can, it's best to open the copper coffin and see if there is anything good in it."

Guo Wei nodded and said.

Hu Baqi lightly, his body soared into the sky and landed firmly on the copper coffin.

Hu Baqi looked at the rust on the copper coffin, and began to sweep it off with his hands. Soon a slightly raised dragon head appeared on the copper coffin, and around the dragon head, there were many dense words, Hu Baqi. Can't understand either.

Hu Baqi grabbed the faucet with his hand and turned it carefully, he knew that this must be the opening mechanism of the copper coffin.

crunch...

With a screeching sound of friction, the copper coffin swayed slightly. Seeing this, Hu Baqi jumped down and fell back to the ground.

Everyone looked up at the copper coffin, and saw that the rust on the copper coffin had all fallen off, and the strange words on the copper coffin began to glow, and soon these words seemed to float from the copper coffin into the air, followed by a burst of A golden masterpiece!

Everyone was shocked, and soon, the golden light formed a huge net, covering the entire cave, and then an arrogant and incomparable suppressing force directly suppressed the energy of everyone.
