Chapter 1806

Star Kingdom.

The ancestral ground of the Palmore family, one of the six top forces.

Boom!

A loud noise broke the silence of this place.

Then, a carefree laugh could be heard.

“Hahaha! I, Anders Palmore, have finally broken through to partial Saint Realm, and am finally coming out. Arion, Tanner, and Rooney, I’ve finally caught up to you! I’ve also broken your record as the youngest partial Saint! I’d like to see which one of you dares to act arrogant in front of me now. Soon, you will be below my feet. Hahaha!”

The news of Anders getting to partial Saint Realm spread across Star Kingdom at lightning speed.

It was almost as popular as news of the Lightfoot family’s warrant now.

One was David, a young man less than a thousand years old, who rendered the Lightfoot family helpless such that they could only issue a warrant to find him.

And one was Anders, the heir of the Palmore family, one of the six top forces in Star Kingdom, one of the Star Kingdom Six, and also the youngest person to get to partial Saint Realm.

Each had their own loyal fans.

David emerged as a new force to be reckoned with, while Anders had always been one of the young geniuses everyone in Star Kingdom looked up to.

In the end, the news of Anders successfully breaking through to partial Saint Realm and coming out was not as popular as the Lightfoot family's warrant.

David was completely new and mysterious to Star Kingdom.

Someone said he did not have a background and was just an ordinary person. He ran into Archimedes' murder and was scared witless, so he went into hiding and did not dare to show his face anymore.

Some people also said that David was actually a young man with a very powerful background. Even the Lightfoot family could not do anything to him.

Anyway, everyone had different opinions toward David.

Some believed the rumors while some were contemptuous.

However, they all had the same wish.

They all hoped the Lightfoot family could find David as soon as possible.

They wanted to see what this young man who mysteriously appeared could do

They wanted to know if he could surprise them.

Star Kingdom had been peaceful for too long and it was like the surface of a lake with no w

It needed someone to throw a stone into the lake and cause some waves so that Star

Kingdom would be reorganized

Even if the six top forces could not be shaken, there were still chances for other forces.

Three days later, the Palmore residence was decorated with lanterns and colored banners.

The scene was very festive.

Anders was the fourth genius among the Star Kingdom Six to break through to partial Saint Realm. Furthermore, he was even younger than the first three when he did that. He was incomparable.

Naturally, the Palmore family would go all out to celebrate him.

The Star Kingdom Six were the heirs cultivated by the six top forces.

At the same time, they were the six youngsters with the most potential acknowledged by the entire Star Kingdom.

They were all at least peak Sovereign Rankers. Including Anders, there were now four partial Saints. Only the two youngest ones were still peak Sovereign Rankers.

The Six were the personal disciples of the head of The Saints Association. They consisted of Tanner Cohen, the first-in-line heir of the Bamford family, Arion Bamford, the first-in-line heir of the Ginger family, Rooney Ginger, the first-in-line of the Palmore family, Anders Pamore, the younger head of Evergreen Island, Domingo Cristobal, and the younger head of Blade Manor, Nithe

Pendragon.

The six were all under 3000 years old.

The ones above 3000 years old were not considered the younger generation anymore, so they would not be among the Star Kingdom Six.

It was very rare to have partial Saints under 3000 years old in the history of Star Kingdom.

Now, there were four at the same time.

Moreover, the other two among the Six, Domingo and Nithe, were also not far away from partial Saint Realm.

They would also have a breakthrough soon.

If there were six partial Saints under 3000 years old at the same time, this would surely be recorded in the history of Star Kingdom.
